

# Nothing to Give but My Heart Chapter 145-150

## Chapter 145

“Let go of me! Isn’t it ridiculous for Ben Lin to ask me this kind of question? You have been with your mistress since the day you married me, and you have children with her. She was about to give birth when we divorced Right? Are you embarrassed to question me now? See clearly!”

Ana Shen threw out the list in her hand and sneered: “I’m pregnant, and it’s a derailment in marriage.”

Ben Lin straightened his eyes and looked at her incredulously.

It seems that Ana Shen would not say such a thing!

“What?” Ana Shen sneered, her eyes quenched the chill: “Ben Lin is allowed to set fire, but I am not allowed to light up?”

“You!” Ben Lin pointed at her.

Ana Shen patted his finger away: “You pay attention to me. You are not the only one who can do this. Don’t follow me in the future.”

After Ana Shen finished speaking, she turned and left directly.

This time, Ben Lin did not follow up.

He was probably stunned, so he stayed in place for a long time before reacting.

“Damn, look for a man on my back and dare to speak such a big deal, Ana Shen, wait for me!”

Ana Shen took it and went to the company. She was late because of going to the hospital. Her complexion was also very bad when she entered the company. When she got upstairs, she boiled water and took medicine.

After thinking about it, Ana Shen went to Walter’s office and knocked on the door.

“In.”

The cold voice has no temperature.

Ana Shen opened the door and walked in. She walked to Walter hesitantly, just about to ask him for leave.

Walter spoke in advance: “It’s just right, move all these materials out to sort out.”

Phillip on the side listened and couldn’t help but stare.

Ana Shen: “...”

She also wanted to say that she was taking time off.

“That...I...”

“Is there a problem?” Walter raised his eyebrows, his whole body exuding hostility, and his eyes were still as if they were morning.

“No, no problem.” Ana Shen pursed her lips and stretched out her hand to hold the document.

There is a lot of information, and Ana Shen was holding it hard by herself. Phillip seemed to be unbearable. When he wanted to go forward to help her, Walter swept over with a cold look, so Phillip stopped in place.

Ana Shen moved all the documents out alone with her legs trembling, and she simply moved three times without finishing it.

When she finished moving all of them, she was panting.

Looking at the pile of materials on her desk, she felt uncomfortable.

Walter clearly deliberately tortured her.

In the office, Phillip couldn't help but say, "What's wrong with Mr. Walter, after seeing Ana Shen move all the materials away, all those materials are obviously..."

"Shut up." Walter interrupted him coldly: "Get out."

"But Mr. Walter..."

"idle?"

"I'll leave right away."

Phillip quickly left the office, closed the door, and then he went to Ana Shen's side to look for a while, and found that her face was not so good, so he went over and greeted a few words.

"Assistant Shen, your face is not so good, is it uncomfortable?"

Hearing Phillip's voice, Ana Shen raised her head and squeezed a smile at him reluctantly, "I'm fine, don't worry, I will sort out the information soon."

Phillip licked his lips and couldn't help but said, "Actually, you don't need to organize these materials so seriously. These are all..."

"It's okay, I will sort it out carefully."

How could she not take it seriously? As long as she is not serious in the slightest, I am afraid Walter will pick her fault, and there will be new instructions at that time.

She should do the things in front of her seriously. As for the reasons behind it, she shouldn't guess.

Seeing her insistence, Phillip didn't say anything. He just reminded her that the time for dinner was approaching, and asked her to take a lunch break during the meal. Ana Shen thanked him and waited until the meal was time to go to the cafeteria.

As soon as she arrived in the cafeteria, Xiao also Yan came up eagerly.

"What happened yesterday? Why did you stay with our vice president? Mr. Walter fell out of favor, and here is the contact again?"

Although these words were not very pleasant, Ana Shen saw her innocent eyes and knew that she was harmless, so he could only helplessly say: "Could you not think so."

"I don't want to think so, but the vice president walked up to you last night and you kicked me away. This is easy to misunderstand, okay? You don't know how everyone talks about you this morning. What they said is much worse than mine."

Hearing that, Ana Shen was startled, and subconsciously asked: "How did you discuss it?"

“That means you have good bed skills. Both brothers have crawled on the bed. But they also said, even if you climb on the bed in the cold night, you can crawl even on the disabled bed.”

Ana Shen’s face wasn’t pretty at first, but now it’s even uglier.

Jessica didn’t notice, and continued to convey it to her.

“They also said that you are only on the list now. You don’t even need your face for your status. They say that one day you will fall from the clouds into the dirt, and they will take the opportunity to crush you.”

Ana Shen: “...”

“There is more, there is uglier face of you...”

“Don’t say it.” Ana Shen interrupted her, she probably could guess what was behind, but it was nothing more than a satire of her.

No matter how much it is said, it is the same.

Jessica stopped her, and then she noticed that her expression was wrong: “What’s wrong, your expression is bad, are you angry with me? I can tell you in advance, these are not what I said, they are them Yes, you asked me what they said, and I just relayed it to you.”

Of course, Ana Shen knew that she was only conveying it on her behalf, so she didn’t say anything.

“I don’t mean to blame you, but I don’t need to say anything after you, I know what they said.”

“Really? Then is what they said is true?” Jessica asked when she approached her and looked at her.

Ana Shen: “...”

Jessica propped her chin: “Actually, I look at you, dumb, not like the kind of vixen that will seduce people. Besides, you are not as good-looking as I am. Even if the vice president of night looks at me, I won’t watch it. Go on you, right?”

Ana Shen: “...”

“Don’t think that what I said is unreasonable. I have read your information. I am younger than you and more energetic than you. I think I should be more popular, so... I don’t believe you are that kind of person for the time being. !” At this point, Jessica showed her big white teeth, and the two little tiger teeth in her mouth were very cute.

Ana Shen suddenly felt that Jessica was right. She was very energetic, and she was lovely and beautiful. This kind of girl was indeed very attractive.

And she was so lifeless, she didn’t have any vitality, she could only swallow her breath.

Who would like her?

Thinking of this, Ana Shen was a little frustrated.

“Don’t be sad. Although you don’t look as good as me, you are considered beautiful and top-notch among women. As long as I dress you up, you will be attracted to a lot of men! However, you are not allowed to follow them. Let me grab it!”

## Chapter 146

Ana Shen doesn't have time to think about these issues. What she is more worried about now is who took those photos and sent them to Walter.

When she went out for hot pot with Curtis yesterday, she paid attention to her surroundings and felt that there was no one.

But then she felt as if someone was following them.

She didn't expect her sixth sense to be okay. Someone really followed her.

But who is this person? Why did you take these photos and sent them to Walter's hands? What was the purpose?

"What are you thinking about?" Jessica blinked and looked at her innocently.

Ana Shen has known her for a while, but no one is sharing the distress at the moment. If she keeps on holding it back, she is going to make a fuss to death. She can only say: "You said, who would harm you in general?"

Hearing, Jessica rolled her eyes helplessly: "You are an idiot and mentally retarded. The first choice is definitely to be jealous of you! Or you are threatening your interests!"

Ana Shen choked.

This analysis is quite reasonable.

"Are you framed? What's the matter?" Jessica asked curiously.

"No, it's a friend of mine." Ana Shen briefly said about the incident: "It was a friend of mine who married for only two months, but she was photographed

one day when she was out with a company colleague. Then the photo was delivered to her husband. Who do you think usually took the photo?”

“Married for two months?” Jessica was lost in thought: “You said that their relationship between husband and wife is not good?”

Ana Shen nodded without hesitation.

The relationship between her and Walter is not bad, it is extremely bad, especially in the past few days, the situation is even worse.

“Well, according to my analysis, this should have two results. The first thing is that the man has a girl who likes him, so he deliberately took these photos to send to her husband to catch the wind!”

Ana Shen hurriedly interrupted her: “It’s not my husband!”

“Oh, don’t pay attention to the little details. The second is that your husband doesn’t trust you, so he specially found someone to follow you!”

Ana Shen: “...I said it wasn’t my husband anymore, why don’t you talk nonsense.”

Her ears are a little hot, and this little face is really speechless. Did she ask the wrong question herself?

Jessica approached thieflly and said with a smile: “Ana Shen, you won’t be really married, are you?”

Ana Shen: “No!”

The information that she and Walter have been married must not be disclosed to the company.

First, she and Walter are not real husband and wife, so it is better to keep an unknown relationship, anyway, she will leave in five months.

Second, if the women in the company knew that she was married to Walter, they would definitely tear her up.

However, Jessica had already determined that the woman she was talking about was herself, and it was useless for Ana to explain.

In the end, Ana Shen could only admit it.

The phone vibrated suddenly, and Ana Shen glanced at it. It was a WeChat message from Karla Han.

Karla Han {Ana, come out for dinner at night, I will tell you the result. }

Upon seeing this, Ana Shen's hand shook.

In the past two days, she has been deliberately hiding this matter, not wanting to know, and she didn't even take the initiative to find Karla Han.

But she didn't expect that in the end, she could hide from the first day of the junior high school, but not the 15th.

Ana Shen thought for a while, and still agreed to Karla Han.

Seeing that she was pressing the phone, Jessica leaned in and took a look.

"What's the result?"

Probably because of a guilty conscience, Ana Shen shook her hand and the phone fell to the ground with a clatter.

“You have a guilty conscience?” Jessica bent over and picked up the phone. After taking a look at the back phone, she returned the phone to her.

Karla Han used her own photo to make her profile picture. When Jessica first saw it, she thought this woman was pretty. At the second glance, she suddenly felt that her face was a little weird, so she snorted.

“Is this your friend? she looks weird.”

Ana Shen wiped the screen of the phone, and found that everything was normal on the phone, and she was relieved.

“Don’t talk nonsense.” Ana Shen and Karla Han have been good best friends for so many years. Karla Han has always treated her like a relative, and when Jessica said this to her, she suddenly became unhappy.

“I’m not talking nonsense, look at the corners of her eyes and the corners of her face, oh~ it looks like a treacherous villain.”

Ana Shen: “...”

Jessica: “If someone stabbed you, it might be her.”

Ana Shen didn’t expect Jessica to become a truth.

It’s just that she didn’t know anything at the moment, and she was naturally annoyed when she heard someone slander her girlfriend like this.

“Jessica, I became friend with you because you feel that although you are a little bit arrogant, but you are not bad in nature, but I didn’t expect you to say this to a person who has only seen photos. Karla is mine. My friend, I don’t want others to say that to her, do you understand?”

Jessica smashed her mouth, “Well, if you don’t like it, I just leave it alone, but she really looks like the typical white lotus... OK, I won’t say anything, eat!”

The atmosphere of this meal was not very good, and Ana Shen left after eating.

She rested for a while and then began to sort out the information.

In the middle of the journey, Curtis Ye came to Walter to report some incidents, and when he passed by her, he brought her a glass of hot milk.

Ana Shen suddenly became nervous when he saw the cup of hot milk.

Yesterday, the two of them went to eat hot pot together and were photographed. Will he be photographed when he delivered milk to himself today?

Suddenly Ana Shen thought of the two possibilities Jessica said.

In fact, it doesn’t necessarily mean that others have harmed her. Maybe Walter always thinks that she is ridiculous, and for fear that she would put a green hat on him, so someone specially found someone to follow and take pictures of her.

Thinking of this, Ana Shen swallowed.

“Big brother, I don’t need it.”

Curtis still smiled softly: “Take it with you, drink it with confidence, and no one sees it here.”

Ana Shen: “...”

“I’m going to find Walter first.”

After Curtis left, Ana Shen held the cup of milk, and the temperature of the milk passed through the cup to the palm of her hand, directly warming her heart.

The eldest brother... is really considerate.

After Ana Shen drank the milk, she felt that her abdomen was warm, and she felt much better.

After finally getting off work, Ana Shen was almost exhausted. The information was so densely packed that there were too many, and her eyes were dizzy.

When she sat in her seat and rested and prepared to leave with her bag, the office door just opened.

“The work is done?”

An icy voice came down the air.

Ana Shen took a step forward and turned to meet Walter’s eyes.

“It’s getting off work...” she replied quietly.

Walter’s eyes were indifferent, “When did the Ye clan develop the habit of leaving work without finishing the get off work?”

Ana Shen: “...”

Does this mean to make her work overtime?

Ana Shen naturally knew that he wanted to torture her. She bit her lower lip and explained in a low voice, “Can I arrive early tomorrow? I have an appointment with Karla for dinner, I...”

## Chapter 147

“When are the subordinates eligible to negotiate terms with the boss?” Walter said impatiently.

Ana Shen’s hand holding the bag tightened, and his voice was a little bit gritted: “Even if you work overtime, it won’t be finished in a short while, can I take it back to organize it at night?”

She has already made concessions.

“No.”

However, Walter did not make any concessions.

What can Ana Shen say? She thought about it, the big deal is to see Karla Han tomorrow.

Thinking of this, she didn’t say anything, but withdrew the stubborn stare at Walter, and walked towards her post without saying a word.

Overtime works overtime, she doesn’t need to be soft to anyone.

Ana Shen returned to her job and sat down, Phillip had already pushed Walter away.

After he left, Ana Shen took out her mobile phone to send a message to Karla Han, saying that she might not be able to leave, and she would make an appointment another day.

Two minutes after the news was sent, Karla Han hurriedly called her.

“What’s the matter? Isn’t it the appointment tonight? Why is it suddenly changed?”

Karla Han’s voice sounded a little worried, with a touch of anxiety.

She finally made up her mind to tell Ana Shen the answer, for fear that after today, she could not help telling the truth, but she didn’t expect Ana Shen not to go.

So Karla Han’s heart panicked.

She wondered if Ana Shen had noticed something.

Ana Shen looked at the information piled up in front of her, and felt a little headache: “I’m sorry Karla, I didn’t deliberately release your pigeons, but I have something temporary today that I can’t go to the appointment.”

Karla Han: “What about tomorrow?”

“Tomorrow... I have to watch it tomorrow.”

“What the hell are you so busy?”

Ana Shen: “I want to stay and work overtime in the company.”

There was silence on the other side for a while, and then said, “Are you alone?”

Ana Shen looked around the empty surroundings and nodded: “Yes.”

“I’ll accompany you and bring you dinner by the way. What do you want to eat?”

Hearing this, Ana Shen’s heart warmed, “I won’t pick it, but will you come and stay with me. I will delay your time?”

“What is the relationship between me and you, are you still telling me this? Wait for me, I will be there in an hour.”

After hanging up the phone, Ana Shen looked at Karla, whose profile picture was on WeChat.

Her good girlfriend, Karla Han.

She is so good to her, how could she be the kind of person Jessica said?

It’s impossible in this life.

Ana Shen put away the phone and put her thoughts into work seriously.

I don’t know how long I have been working, and the elevator suddenly opened with a ding. When Karla Han appeared in the corridor with two food boxes and shouted: “Oh, I’m dead, Ana, come and help me.” Ana Shen realized that an hour had passed unconsciously.

She quickly got up to pick up Karla Han and the bag in her hand.

Karla Han followed her to the table, looking at the pile of materials, she couldn’t even put the food box on the table.

“Damn, what’s going on? So much information?”

Ana Shen's eyes darkened, and she whispered, "It's okay, I'll clean it up later, I have a place to put it, give me ten minutes."

When Ana Shen was packing up, Karla Han was watching, glanced in the direction of the office subconsciously, and unconsciously said: "Do you have to work overtime at night?"

"No." Ana Shen shook her head: "I am probably the only person in the company to work overtime by my own choice."

Karla Han's eyes widened: "What kind of logic is this? You are the only one working overtime in the entire company? Does the company's business depend on you alone?"

"It has nothing to do with this, but I didn't finish the work myself."

"I can't do so much work for three days?" Karla grumbled angrily, "Your Company is too inhumane to you."

Ana Shen had already packed everything up, pulled a chair for Karla Han, let her sit down, and opened the food container.

"Don't you like this vegetarian food? I brought two food boxes and drove there for 20 minutes to buy them."

"Thank you, Karla."

"Why are you polite? Who of us and whom."

The two took the chopsticks and ate for a while, and Karla Han suddenly asked: "You haven't told me why the company lets you work overtime here alone? What's the matter?"

For Karla Han, Ana Shen naturally said nothing.

So she told Karla Han all the things.

After Karla Han finished listening, the expression on her face changed slightly.

“You mean, he got angry because of those photos, so he deliberately did all this work for you?”

Ana Shen smiled, and whispered: “Who knows? Maybe it was because I was not pleasing to the eye.”

Having said this, Ana Shen suddenly sighed again: “Karla, who do you think is so shameful behind me? who took those photos specially.”

Karla Han’s face turned pale, and her heart was beating frantically. She concealed the tension in her eyes, lowered her head and replied indiscriminately, “How do I know.”

She was going to pick up a piece of vegetarian meat, but the chopsticks fell to the ground probably because of tension.

Karla Han’s face changed drastically, she just wanted to bend over to pick it up, but accidentally knocked down the chair.

Ana Shen: “...Karla, what’s the matter with you? Panicked.”

When Karla Han lowered her head to pick up the chopsticks, she couldn’t help closing her eyes to cheer herself up.

Don’t panic!

“It’s nothing...” Karla Han smiled awkwardly, got up and wanted to eat with those chopsticks, but Ana Shen frowned and took the chopsticks in her hand over, “It’s dirty, I can’t eat anymore, I’ll go Let’s wash it for you.”

After speaking, she took the chopsticks and got up to wash.

After she left, Karla Han covered her heart, and her face had become pale and terrible at this time.

Unexpectedly, she would be so gaffe in front of Ana Shen.

After Ana Shen went for a while, Karla Han had adjusted her mentality.

“That Ana, I didn’t eat at noon today. I just drove a long time ago. I was too hungry and my hands were shaking. I’m sorry to trouble you.”

Hearing, Ana Shen was shocked, and looked at her moved after a moment.

“Karla, you are so kind to me.”

Karla Han twitched her lips: “No, you are just a good friend of mine! And I only have you as a good friend, and I must be good to you.”

After the two sat down again, Karla Han didn’t have any thoughts to eat anymore, and asked her in a low voice, “Ana, if you say that, you and Mr. Walter are disturbed by these photos? The relationship between you is also so bad. Is it? Or... is it because of the photo?”

Ana Shen silently looked at the food in front of her. In fact, she didn’t know if there was a moment of tranquility in the previous relationship. It seemed that they had been peaceful for a while since their relationship with Chinese medicine.

But the kind of peace is a humiliation for Ana Shen.

A man who hated him in his own life changed a lot after having a relationship with her, and she couldn't think of a good place to go.

"It should be." She nodded.

Karla Han's eyes lit up when she heard this.

It seems to be a good way to divide them with photos.

## **Chapter 148**

At this moment, Karla Han's feelings of guilt disappeared from the bottom of her heart. Instead, she felt proud of her cleverness. She curled her lips and reminded Ana Shen: "Ana, the food is getting cold soon, you eat quickly Well, I'll accompany you to tidy up after eating, and then we will get off work early."

Ana ah Ana, don't blame me for separating you from Walter.

The point is that you and Walter are not the same, you two will not be happy together.

Rather than that, it's better to let the person, and if Curtis is really nice to you and doesn't mind your identity, I will think he is more suitable for you.

"No, it's already very hard for you to bring me food, you will go back after you have eaten."

Ana Shen smiled at her.

Karla Han insisted on staying.

There was no way, Ana Shen could only ask her to help. The two of them were busy until ten o'clock at night. Karla Han looked at the empty building and suggested to Ana Shen: "It's okay to add to this point? Let's go back first. By the way, I have The car can take you back."

In the midst of her busy schedule, Ana Shen raised her eyes and glanced at the time. It was already ten o'clock. Even if she wanted to be busy for a while, she couldn't drag Karla Han to continue with herself, so she nodded and said hello and started to pack things.

It was past eleven o'clock in the night when Karla Han sent Ana Shen to the night house. Looking at the quiet night, Karla Han suddenly said: "Ana, my brother told me..."

Hearing this, Ana Shen's movements stopped, her fingers stiffened, and then said: "That..."

"Let me tell you directly, that person is actually Curtis Ye!"

Before Ana Shen opened the car door, Karla Han yelled out these words first, and after yelling... she had a thin layer of sweat on her forehead, and then squeezed the steering wheel.

After she threw these words out, Ana Shen was completely stunned and so shocked that she did not react for a long time.

She thought... she had heard it wrong.

The name Karla Han said just now is Curtis Ye?

She looked back at Karla Han, her lips trembled a little: "Karla, why did you suddenly mention Curtis Ye's name?"

Karla Han didn't speak, but looked at her firmly.

Ana Shen pursed her lips, restrained the panic from the bottom of her eyes, and whispered: "It's getting late, you go back and rest quickly."

"Ana, that suit belongs to Curtis Ye."

Just when Ana Shen raised her hand to open the car door, Karla Han's words came from behind again. At that moment, Ana Shen felt like her head was about to explode.

How could it be Curtis?

Is God kidding her?

"I know this news may tell you something...but... the other party is really Curtis Ye. At first I was hesitant to tell you or not, but after thinking about it for the past two days, I heard what you said in the afternoon. Suddenly, I felt that your eldest brother seemed good to be together any night, and I only mustered up the courage to tell you this evening."

Ana Shen didn't speak.

Karla Han didn't stop, and then said: "Of course, I know you must take time to accept..."

Ana Shen turned her head quickly, her tone a little anxious: "What are you kidding? The people that night didn't look like Curtis Ye's style!"

"Ana, there are many ways of acting alone. Of course it is different when facing different people and things. Maybe he usually looks gentle, but in fact he is..."

"Impossible!" Ana Shen interrupted her suddenly and shook her head.

Karla Han sighed: "Anyway, I have brought you the answer. There is still time. You can digest it slowly at night."

Ana Shen stared at her blankly for a moment, leaving a sentence of driving safety before getting out of the car and leaving.

It was the first time that Ana Shen came back so late after marrying at Yejia for so long. Yejia was quietly up and down. Only a few maids who watched her at the night were a little surprised when they saw her back, but they greeted her quickly.

Ana Shen was still a little lost because of what happened just now, so she nodded at them with vague consciousness and went upstairs.

When she walked to the door of the room, Ana Shen was still thinking, Walter should already be asleep.

She opened the door cautiously and tiptoed in, only to find that the lights inside were brightly lit, and Walter was still sitting in a wheelchair and reading.

Hearing the sound, his brows seemed to furrow slightly.

Unexpectedly, he hasn't slept yet. It's almost twelve o'clock now. Isn't his biological clock accurate?

Ana Shen didn't speak to him, and went to take a shower.

When taking a bath, Ana Shen kept thinking about what Karla Han said.

Can the investigation be wrong? On that dark rainy night, the man's face could not be seen clearly, but she could feel that his breath was domineering, aggressive, and wild.

But Curtis's feeling for her was restrained and gentle.

She couldn't bring these two people together anyway.

But Karla now tells her that Curtis is the owner of that suit button, and besides not believing it, Ana Shen still feels unacceptable.

Curtis——

It's Walter's eldest brother!

The more she thought about it, the more Ana Shen felt a headache, and she was a little dizzy in front of herself. She quickly turned off the shower, dried her body and put on her clothes.

When she walked out of the bathroom barefoot, Walter was still awake, still holding the book and reading there.

The book is so beautiful... As for he messed up his work and rest.

Ana Shen murmured silently in her heart.

But Walter seemed to be able to hear her inner spit, and suddenly closed the book and ordered coldly.

“come.”

The cold words hit Ana Shen's head like a stone hammer. After experiencing what happened in the morning, her current attitude towards Walter was fearful, fearful, and wanted to stay away.

Now that he opened his mouth to let himself go, Ana Shen was so nervous that she pinched the corner of her clothes and held her breath.

Walter frowned dissatisfiedly and slapped the book on the table: “Do you have any questions?”

Ana Shen: “...it’s not too late, you can rest , I won’t go there anymore!”

After speaking, Ana Shen was about to turn around and leave.

“Second married woman, do you believe me or not I will ask someone to throw your quilt out tomorrow?”

These words stopped Ana Shen’s steps, and she looked back at Walter.

After a long while, Ana Shen walked towards him and said coldly: “What’s the order?”

“Undress.”

The next second, Ana Shen raised her head like she heard something shocked, and looked at him incredulously.

Walter’s handsome face was cold and full of hostility at this moment, and his sharp eyes carried an irresistible majesty. Ana Shen couldn’t help biting her lower lip and said nothing.

Walter sneered, and suddenly grabbed her wrist and pulled her off.

“Let go of me!” Ana Shen immediately struggled like a duck falling into the water, but her neck was pinched by Walter, his voice was as cold as hell.

“I have said that I will check your body every day!”

## **Chapter 149**

After speaking, Walter's hand rudely tore off the pajamas she had just put on.

"Ah!" Ana Shen exclaimed, her petite body trembling with fear in his arms. Seeing Walter's hands start to move around her again, she thought of the dim sky in the morning. In the days of the earth, somewhere is still aching right now.

If he is the same as the morning...

"No, don't!" Ana Shen grabbed his moving big hand and almost cried: "Don't do this to me!"

If there is another fierce sprint like the morning, Ana Shen can't guarantee that her baby will be able to keep it!

Her radical reaction made Walter a little bit astonished. She increased the strength in her hand and kneaded, her eyes suddenly cold: "What? You have done something bad, so you dare not let me check it?"

Ana Shen choked her voice: "Walter, I went to the hospital for an examination in the morning!"

Hearing, Walter raised his eyebrows.

"I can't do that kind of thing with you, otherwise... I will not be able to keep the child in it."

In the end, Ana Shen said these words, hoping that Walter could let her go.

When Walter, who had a cold face, heard the words for the child, suddenly his eyes were splitting, his hands were heavier, and he gritted his teeth: "You still dare to mention the child with me? It's just a wild species, I was thinking about you. Do you think I will save him?"

Sizzle

Ana Shen's pajamas were torn off.

A look of despair appeared in Ana Shen's eyes, and she tugged Walter's sleeves, "No, you obviously promised me to keep the baby before."

Her eyes were already stained with tears. At this moment, she looked up at Walter, her eyes looked like a cool lake, but her eyes were misty and rainy, and her eyes were red.

Walter was taken aback for a moment, and his heart softened a little.

Suddenly, he lifted his lips: "Okay, please."

Ana Shen didn't speak.

Walter seduce her: "Please, I will let you and that wild species go."

Ana Shen stared at him blankly, with condensed tears still in the corner of her eyes.

"Just ask you, will you let me go?"

She didn't believe it, because Walter was moody, she was afraid that he would suddenly turn back after she asked.

But if she doesn't ask, she won't have a chance at all. The doctor has already told her very clearly, if Walter told her again tonight...

The child will definitely not be able to keep it.

"Then I'll tell you if you ask."

Really?

Walter's words were not the same as before.

Ana Shen's face became paler under the light. She held Walter's hand tightly for a few minutes, and then whispered: "Okay, then I beg you... let me go this time, let me go with the child, please!"

Walter's pupils suddenly shrank.

She actually asked him!

Because she wanted to keep that wild species, she didn't complain when he asked her to sort out so much information in the morning. She was humiliated in front of everyone in the conference room and did not resist. Now she begs him for such a wild species?

Walter sneered,

"Second married woman, should I say that you are an idiot or that you are affectionate? The marriage is divorced, and you still want to keep the child for that man? Do you want to return to him one day?"

When he said the latter sentence, Walter's tone suddenly became severe, and a touch of anger suddenly rose around him.

It is mentioning Ben Lin again.

Ana Shen wanted to shout at Walter, the child in her stomach had nothing to do with Ben Lin.

But... I thought of Karla Han's words again.

The suit is Curtis Ye!

It was Walter's eldest brother, Curtis Ye.

Could it be... Is the child in her belly from Curtis Ye?

Ana Shen lowered her eyes to think about things, but Walter thought that she had been in her mind because of her words, so she didn't reply, and the look of forbearance made him look even angrier.

"For such a man, you can actually do this, huh..."

Walter let go of her quickly, the expression on her face was disgusting, and her voice cooled down: "Seeing your face makes me disgusting. Go away."

Although these words sound piercing, Ana Shen felt relieved.

After all, he let her go. The baby in her belly is temporarily safe.

So Ana Shen staggered back a step, held the corner of the table, and then steadily walked to her place.

Behind him, Walter's gaze had been staring at her back fiercely like a falcon, like a sharp thorn, before moving away for a while.

Ana Shen hid in her own quilt, her body and lips still shaking.

It took a long time for her to calm down, and then she found that her hands and feet were cold.

Fortunately, she escaped at night.

Ana Shen closed her eyes, hoping that she could fall asleep, but the whole night was muddled, and all the dreams in her mind were the words Karla Han said to her, and Curtis Ye's face.

And the man gasped heavily on that rainy night.

Suddenly, Ana Shen woke up suddenly from her sleep, opened her eyes and saw that the surrounding area was bright.

She took a look at her phone and found that it was already morning.

It turns out that the night has passed.

Ana Shen cleared the quilt and got up. Walter was still resting. She quickly finished packing and slipped downstairs. Anyway, she couldn't sleep anymore, so it was better to go to the company first.

It's just that Ana Shen didn't expect that she would encounter Curtis Ye when she went out early.

"Sister, why is it so early?"

When Curtis saw her, he still greeted her warmly.

When Ana Shen saw Curtis Ye this time, she felt different emotions and feelings in her heart.

Before she saw Curtis, she was thinking about not getting too close to him, so as not to hurt him or something.

But now seeing Curtis Ye, Ana Shen always thought of what Karla Han said to her, and then she looked at the gentle smiling man in front of her, and couldn't unite with the man that night.

How could it be the same person???

Karla's eldest brother, could it be a mistake?

Or maybe she heard it wrong?

"Brother sister?" Curtis saw that her face was not good, and stood still looking at herself in a daze: "What's the matter? What's the matter?"

Hearing that, Ana Shen finally recovered, and quickly lowered her head to restrain her emotions.

"Sorry, brother, I didn't sleep well last night, and my mind was a little confused."

Curtis Ye nodded when he heard the words, "It turns out that I didn't sleep well. No wonder my face is not good and the dark circles are heavy."

Ana Shen smiled awkwardly.

"So, did you have breakfast?" Curtis Ye glanced inside and smiled slightly: "I woke up so early, maybe the servant hasn't had time to prepare breakfast?"

Ana Shen shook her head: "No, I am not hungry either."

"I'll take you there."

Ana Shen: "..."

"Let's go, it's near our company, where the breakfast is good."

Ana Shen originally wanted to refuse, but after thinking about her own affairs, she decided to go with Curtis Ye.

After all, Karla Han said that, she had to... test the truth.

“it is good.”

Ana Shen nodded, completely forgetting what Walter told her.

## **Chapter 150**

Breakfast shop.

Curtis seemed to come here often, and the lady boss took the initiative to greet him as soon as he walked in.

“This breakfast shop is very famous around here, because the ingredients are fresh and there is variety to eat. This is a list. You can see what you eat.”

Curtis took her to the place where he usually sits and sat down, then handed the menu to Ana Shen.

Ana Shen didn't want to eat breakfast, so she just glanced at the menu randomly and ordered a bowl of clear noodle soup.

Curtis didn't say much after seeing her look like she didn't want to stay home. After passing the menu to the waiter, he ordered a few more for Ana Shen before looking at Ana Shen.

“What's the matter? With such a bad face, you don't seem to have any appetite. Do I need to accompany you to the hospital for a checkup later?”

Hearing, Ana Shen recovered, she stared at Curtis Ye sitting in front of her in a daze.

He was wearing a clean white shirt. The collar of the shirt, including the body, was ironed very flat without any wrinkles. It can be seen that he is a very particular person.

Curtis's facial features were also beautifully born, but compared to Walter's sharp eyebrows and supernatural features, Curtis Ye's facial features were very soft.

I wonder if you have ever heard a word, a gentleman should be like the wind.

Curtis gave her this feeling, her character was gentle.

Is it really possible that will he be the person that night?

"No, I just didn't sleep well."

Curtis's eyes became more worried when he heard the words, "Sister, do you hate Big Brother?"

Ana Shen was taken aback, "Big Brother?"

"You always resist Big Brother." Curtis Ye smiled and asked softly: "Because of what? Big Brother looks terrible?"

Ana Shen then explained embarrassingly: "There is no such thing, brother, don't think too much."

"Then you don't need to resist the big brother so much, okay?"

Ana Shen: "..."

She lowered her eyes, her heart still confused.

How can she try?

After thinking for a long time, Ana Shen raised her head again and asked softly: "Brother, are your usual suits...are all custom-made?"

Although this question is a bit abrupt, Ana Shen still wants to confirm.

At first, Curtis Ye didn't understand why did she ask this question, but he didn't care about it. He just nodded slowly: "Sometimes I customize it, and when I don't have time, I buy it directly. What's wrong?"

Hearing this, Ana Shen's hand under the table tightened a bit.

If you say so, it has been customized.

Does she continue to ask? If she continue to ask more in-depth questions, and if Curtis is the man that night, then he may be aware of it!

Ana Shen wondered how to ask the next question to prevent the other party from discovering it.

After thinking for a long time, she spoke again.

"No, I usually see big brother sometimes some suits are pretty good. Brother, then you used to..."

Ana Shen asked while looking up at him, only to find that Curtis Ye's beautiful eyes were looking at him at the moment, with a smile, those jade-like eyes staring at her, seeming to understand her mind.

Ana Shen breathed abruptly, and stopped like this when he reached her mouth.

Curtis Ye looked at her, his eyes bottomless.

“You seem to have a lot of questions?”

He looked unpredictable, and Ana Shen didn't dare to ask any more questions. At this time the waiter brought up the porridge she asked for, and Ana Shen avoided Curtis Ye's gaze, and then stood up to pick it up.

But because of nervousness, she accidentally knocked over the bowl, and it was directly burnt.

Seeing this, Curtis Ye, who was sitting on the opposite side of his lips with a smile, stood up and rushed to grab Ana Shen's hand, “Thank you, give me cold water.”

The waiter was stunned, and quickly filled a bowl of cold water.

“I'm sorry for this guest, I didn't mean it.”

“It's okay, don't blame yourself.” Ana Shen shook her head, because she was not careful.

After receiving the water, Curtis soaked her hands into the bowl. Her skin was already fair. At this moment, her hands were hot and flushed. Curtis frowned while looking at her. Soak for a while, I'll buy some toothpaste nearby, you wait for me.”

When the words fell, Curtis turned around and ran out before Ana Shen recovered.

It was too late for Ana Shen to stop him, so she had no choice but to wait in place.

She originally thought that Curtis Ye would take a long time to come back, but she didn't expect Curtis Ye to take a piece of ointment and appear in front of her after only four or five minutes.

He took her hand out of the water, then used a clean paper towel to soak up the water on her hand, and then scalded her with the cream.

Put the scald cream on your fingers and leave it cold.

Ana Shen heard Curtis Ye's rapid gasping, she raised her head and saw a layer of sweat on Curtis Ye's forehead.

this is...

There were some subtle reactions in her heart. He ran so hastily to buy her burn cream.

"Why treat me so well?"

This sentence blurted out. After Ana Shen finished speaking, she would regret it. Why did she ask this question? Isn't this deliberately misunderstanding?

Thinking of this, Ana Shen immediately explained: "Sorry, big brother, I just said something wrong, I mean... big brother doesn't need to be so good to me."

After speaking, Ana Shen immediately wanted to withdraw her hand.

She didn't want Curtis Ye to clasp her wrists, and didn't let her move.

He raised his eyes, his gaze fell firmly on her face despite being gentle.

"It's not finished yet, be quiet."

His voice was gentle, but with an irresistible force, he held her hand tightly and slowly applied the scald cream on her.

Inexplicably, Ana Shen felt that the gaze around her was a little strange, she held on for a long time before Curtis Ye let go.

“Well, don’t touch the water today. Fortunately, it’s not your right hand. Why don’t you have a day off today?”

Ana Shen pulled her hand back, the temperature left by Curtis Ye still remained on her wrist.

“no need.”

Curtis got up and took his coat, “The burn cream is only for temporary use. I’ll take you to the hospital for treatment.”

Ana Shen wanted to tell him no, but Curtis Ye couldn’t help but took her out.

For the first time, Ana Shen discovered that Curtis also had a strong side.

“Ana, there are many ways of acting alone. Of course it is different when facing different people and things. Maybe he usually looks gentle, but in fact he is...”

Karla Han’s words rang in her ears again.

Could it be... Curtis Ye is really...

It can be said that Ana Shen got in the car from Shenyoutianwaidi. She wandered so far that Curtis Ye fastened his seat belt, and he called her name twice without responding.

Her mind is full of confusion.
