## Chapter 1460

After hearing this, Phillip could hear that she was caring about herself, and the corners of her lips were slightly curved, and she whispered softly: “There are more things in the company, and Mr. Walter now has no time to concentrate on family. I can only More busy.”

“Cut.”

Marry Jiang snorted disdainfully: “No matter how much you concentrate on your family, you can’t not want your own company, right? Wife slave, if the company doesn’t matter, one day the company is gone, what kind of elderly woman will he take?”

Hearing, Phillip’s expression became a little serious, probably he really believed in Mr. Walter’s strength, so he would speak for him at this time.

“Our Mr. Walter’s ability will not be what the company does not have. Even if everyone in the world can’t manage the company well, Mr. Walter can’t.”

“Listening to your tone of voice, you seem to admire you Mr. Walter?”

“Young Master Ye is really amazing, it’s not that I admire him.”

Okay, why is Marry Jiang still a little jealous while listening to him praise another person? Fortunately, he praised a man. If he praised a woman in front of her, she would have to pierce his wounds.

Putting good medicine on his back, Marry Jiang stretched out her hand and patted Phillip’s arm: “It’s done on the back, turn it over.”

Hearing the next three words, Phillip’s hand motion stopped, and the corners of his mouth twitched.

She doesn’t know why, but this sounded like a steak in a frying pan. It was almost fried and turned over.

With this thought, he slowly propped up his arms, and then sat up.

Because he had medicine on his back, it was no longer suitable to lie down. When Phillip got up, he didn’t notice that Marry was sitting so close, so he ran into her directly.

Boom!

Marry Jiang was still holding the medicine in her hand, and was about to wait for him to sit up and wipe the wound again for him. Who knew that he actually ran into it. Unexpectedly, she who was sitting on the edge of the bed fell towards the bed. He was about to land on the ground.

A pair of long arms wrapped around her waist and pulled her back, so Marry Jiang fell into Phillip's arms with the medicine bottle.

Then Marry Jiang heard a soft snort from him. She probably hit the wound by her, so she quickly retreated to check for him.

"Is it all right? Did I hit your wound?"

Marry Jiang touched him anxiously with her hands, completely unaware of how dangerous this behavior was. Although Phillip was relatively stupid at the time, he was also a normal man, and he was at a healthy age.

After the drunkenness, the two have never had any intimate behavior.

For men, it's okay not to open the meat, but once you have a start, you can't help but think about that at certain specific times.

For example, when you wake up early, such as...now.

Marry Jiang has no sense of crisis. She still presses her hand on his body, and then earnestly stares at the wound in front of him, "Is it very painful? Would you like to apply a cold compress? This injury has been so long, why hasn't it healed? what?"

Phillip saw that her eyes were full of distress, as if the wound was on her body. This recognition touched Phillip's heart.

His Adam's apple rolled up and down, his expression hoarse.

"How long is it, how can it be possible to grow well? How can it be healed all at once, you treat me as a god?"

Hearing, Marry Jiang paused for a moment, then raised her head and stared at him.

“Why are you shivering at this time? If you are injured like this, you can stay at home and recuperate. Go out to your ghost class every day. Are you someone with a girlfriend? Your youngster knows how to spend time with his wife at home. Why didn’t you learn from him and spend more time with your girlfriend at home?”

When she spoke, her small mouth was closed, and the pink color matched her fair complexion, making Phillip almost unable to look away.

In a moment, Phillip looked away, and the deepness in his eyes became thicker.

“Didn’t I come back after work? I brought you a gift.”

Hearing, Marry Jiang pursed her lips and stared at him: “Don’t you think you talked about a girlfriend who only needs a gift? Companionship is also very important. Companionship can’t be replaced by anything, because after today is over, there will be no more in the future. Even if you have time to accompany me in the future, it will not be today, and the meaning will be different!”

She spoke plausibly, saying something Phillip couldn’t understand at all. She only knew that he couldn’t control himself, and slowly moved towards her.

Until the thin lips touched the tip of her nose, Marry Jiang’s chattering mouth finally stopped, and then looked at the handsome face close at hand, so nervous that his eyelashes trembled, “Say, talk and talk, do you Why suddenly come here?”

As soon as he finished speaking, Phillip’s head tilted, and then his thin lips lightly touched her.

Marry Jiang was stunned.

Then Phillip stepped back a bit and locked her eyes tightly.

“If this is the case, will it become more meaningful today?”

Marry Jiang blinked, looking a little at a loss.

“I just asked you to accompany me more, I didn’t let you, uh.”

Phillip hadn’t retreated far, and as soon as she spoke, he leaned in and kissed again, then stepped back to see Marry Jiang’s reaction.

Seeing that she didn’t mean to refuse, he kissed again. This time he was no longer a light peck. At first, he just pressed lightly without any other movement. Later, he began to tentatively suck on her lips and held her with his hands. The cheeks, as if kissing some treasure, were extremely gentle and very careful.

Marry Jiang felt that her heart was scratched by a feather, and then it seemed that there was an electric current running along the heart toward the limbs, she couldn’t help but let out a soft cry.

This sound seemed to encourage Phillip, no longer just kissing her lightly, but prying open her teeth and attacking her own breath.

Marry Jiang was still holding the opened medicine bottle in her hand. She was holding her face and kissing him at this moment. She didn’t know where to put her hands, so she could only freeze her hands in the air.

After that, Phillip still seemed dissatisfied with this progress. His hands began to slide along her cheeks to the ears, then from the ears to the back of his head, and then pressed her into his arms. Marry Jiang’s hands and feet became soft. He can only half-hold his waist, raise his head and kiss him.

Probably since the last time, the two have been thirsty and longing for each other, so no one said directly about the next thing, and no one refused. When Phillip buttoned her clothes, she went to untie Phillip's belt. This behavior made Phillip's ears red, so she couldn't hold back anymore, she put her arms around his neck and bit his. Click on the ear.

Phillip's thin lips were almost in a straight line, and the blue veins on his forehead were beating, pulling her down, and watching what she wanted to say but did not say.

Marry Jiang blinked and raised a pair of eyes lightly, "What do you want to say? I suggest that you still say it, don't you think?"

## **Chapter 1461**

Miss you.

Of course Phillip thought, he thought when she touched her hand, and he thought when she hummed softly.

Marry Jiang seemed to want to deliberately tease him, press his hand on the button of his belt, press it lightly, and with a click, the button of the belt opened.

Phillip couldn't help humming.

"Ok..."

This call...

Marry Jiang angrily shot him: "Why are you so screaming?"

Phillip rolled over and pressed her down, with blood in his eyes: "It's not because of you."

Although the two had a relationship last time, she couldn't remember much the next day, but now... it's true.

So Marry Jiang was really a little nervous, but then she only half pushed.

Later, she was so tired that she fell asleep, and when she woke up again, Phillip was no longer by her side.

She reached out and touched, the bed was actually cold.

Hey, how long have you been away? It's ruthless to wake up after a sleep and no one is seen!

Marry Jiang turned over and faced the sunlight outside the window. Judging from Phillip's performance last night, he should have no feelings for himself.

"After all, people's words and deeds will not deceive people. If you hate someone, you won't want to approach her.

But if you like someone, you will try every means to get close to each other."

And Phillip's performance last night well showed that he wanted to be close to her.

When she was drunk, she was not awake when she woke up the next day, but both of them were very awake last night. His eyes at that time were still in her ears with a deep panting, even calling her when emotional first name.

Thinking about it, Marry Jiang blushed, and she suddenly pulled up the quilt to cover her head.

Marry Jiang, you are too lustful!

Actually lying here alone thinking about it, that dog man doesn't know how long he has been to work, and no one wants to, but you are still thinking here!

Don't think about it anymore!

After that, Marry Jiang opened the quilt and got out of bed to prepare to wash, but when she got out of bed, her legs became soft and almost fell to the ground.

Fortunately, she lay back in time.

After that, Marry Jiang took a deep breath and walked to the bathroom in a strange posture.

After she finished washing and eating breakfast to regain her energy, she received a call from her mother Du Xiaoyu.

Recently, because she has been with Phillip all the time, Du Xiaoyu has not called her for a long time, nor has she urged her to go on a blind date and get married, so Marry Jiang has a rare leisure time. .

Therefore, seeing Du Xiaoyu's call now is not as scared as before.

She picked up the phone: "Hello?"

"Oh, I received it so quickly, it seems that I am not afraid of my mother now?"

Hearing that, Marry Jiang couldn't help but spit out: "Mom, it seems you know it well."

“You were born. I don’t know what you’re thinking? You damn girl, there was no boyfriend who didn’t go home before and I was afraid that I would ask you to go on a blind date. How come you have a boyfriend or don’t go home? You forget that you have a mother after your boyfriend?”

Marry Jiang quickly denied: “Mom, how can I? You have to understand, your daughter has just been in love, and now it’s a passionate love period, okay?”

“Oh, it’s still hard to tell when you are in love? You think I can’t tell that your boyfriend was you who came to act?”

what?

Marry Jiang felt a little bit surprised, her mother could see it?

No, it may be testing her.

But even if it was a temptation, even if she saw it, she didn’t care, anyway, she and Phillip were now real boyfriend and girlfriend.

So Marry Jiang simply confessed: “Yes, I did find it to pretend at the beginning. You always find me to go on blind dates and I have no freedom at all. The point is that I and the men have no common language at all. , So I found a top one first.”

“Oh, you stinky girl movie, you are born to me. Do you think I don’t know what horrible idea you have in your heart?” Du Xiaoyu seemed to have known it in his heart, not surprising at all.

“Mom, then since you know, why didn’t you introduce me later?”

“Isn’t it that the kid looks good, so I hope my daughter can do a fake show with him, have you done it?”

Marry Jiang didn't speak.

"Mum, guess, are you living together now?"

"Mom! How did you know?"

"Smelly girl, I said you were born by me. What kind of horrible idea you made in your heart I don't know? If you didn't get along with him, you wouldn't admit that you were acting with him before, but now the two are made, so you have nothing to fear."

After listening to Du Xiaoyu's words, Marry Jiang could only curl his lips. Well, it was indeed his mother, who really understood her well, and even guessed her psychology.

"I haven't been looking for you before. I was planning to give you time. Now that it's done, should I call it back for a meal? With your dad and the other's parents."

When Du Xiaoyu mentioned the other's parents, Marry Jiang felt something was wrong in an instant.

"I am still in love with him. I'm not sure if we will get married in the future. It's not a good idea to let our parents meet now?"

"Just meet in person, what's so good? Your father and I are just you, an only child. They have to know what kind of family the other is like and what kind of character the other's parents are like? If the other is not good, then mother is not Will agree with you to continue the relationship, can't wait until you and him are deeply entrenched, and meet again?"

It seems to make sense to say that, but who does it? Both men and women are determined to be about the same before meeting their parents. After all, these two talents will stay together for a lifetime.

“Marry, you are still a girl’s house so you don’t understand it, but the character of the mother-in-law and father-in-law is also very important. Your mother and your father are reluctant to let you be wronged. Do you understand your parents?”

Du Xiaoyu talked a lot with Marry Jiang sincerely, just like washing his brain, Marry Jiang was a little tired at the end, and could only say: “Then I will wait for him to get off work, ask. .”

How long have they been together? At this time, it was not appropriate to ask both parents to meet, and the most important thing was that she broke up with Phillip not long ago.

“Even if you really want to meet, you should take Phillip to meet your parents first, and get to know something about it after a formal meal. After all, you are already familiar with Phillip’s parents.”

After making such a plan, Marry Jiang settled down, and when Phillip got off work, he immediately took the initiative to hold his hand.

“Are you free tomorrow?”

Phillip has two meetings to discuss tomorrow. After listening to Marry Jiang’s question, he was a little confused: “What’s wrong?”

“Well, it’s just that my mother wanted to... invite you to have a meal!”

## **Chapter 1462**

“Well, she called me today, that is, we talked for so long, so I want to see you with my dad.”

After Marry Jiang finished speaking, she looked at Phillip's eyes and expressions. Seeing that he didn't answer, Xiu eyebrows wrung up, "Why don't you talk? You don't want to see me?"

Hearing, Phillip recovered and pursed his thin lips.

"No, when is tomorrow?"

"If you agree, then I will call back and ask."

"Well, tell me the time."

Marry Jiang did not leave, but stared at his face: "When we meet now, don't you feel too rushed?"

After all, the two have not been dating for long, and if it weren't for the accident after being drunk that night, I'm afraid the two would not be together.

Phillip felt that this should be another proposition. In fact, he felt that it was of course unpleasant to meet at this time, but he could not answer casually, otherwise Marry would not know what to say to frustrate him.

So he thought for a moment, and then said: "No matter how fast or slow, I will depend on you anyway."

His reply made Marry Jiang quite surprised. Has this person been overshadowed by her recently? When speaking, he advances and retreats well and does not leak.

When he thought that he might carry on his mental thoughts before answering, Marry Jiang felt funny, and the corners of her lips couldn't help but smile.

“It’s all up to me? That’s my decision?”

“When is it up to you to decide?”

Marry Jiang looked at him for a long while, and suddenly said, “Okay, before going to see my parents tomorrow, let’s buy some gifts and accompany you to see your sweetheart.”

When he heard the three words sweetheart, Phillip had an obvious pause. He probably didn’t expect Marry Jiang to say this suddenly, and he didn’t realize who she was saying.

So he asked subconsciously: “My sweetheart? You said...”

Halfway through, Phillip suddenly stopped, because he reacted, so he knew who Marry Jiang was talking about.

“Why, is anyone in your heart forgotten? You don’t need me to remind you?”

Phillip pursed his thin lips and looked at the little girl in front of him with dark eyes. He clearly held his hand, and his eyes were beautiful and lovely. The two were sweet and sweet last night.

However, at this time, she could say with a smile, your sweetheart, and even said so lightly, it seemed that she didn’t care.

Inexplicably, this made Phillip’s heart frustrated, and there was a feeling that something couldn’t get out of his heart. His thin lips almost formed a line, without answering Marry Jiang’s words.

“I can’t say a word?” Marry Jiang let go of her hand, and sighed: “I saw you so nervous that day, so I told you to go and you didn’t go.”

“Is it impossible to expose this matter?” Phillip interrupted her and asked.

Hearingly, Marry Jiang glanced at him, curled her lips and said, “I didn’t say that I can’t expose it, I’ve already exposed this matter.”

Since it has been exposed, why do you keep mentioning it repeatedly?

“I’m mentioning now, not to trouble you, I just see your state of mind, so I want to help you. Haven’t you been to work every day? I must not have the opportunity to visit others? Besides, they are all married. It’s inconvenient for you to visit alone, so your girlfriend will show kindness and buy a gift to accompany you. Just look at it and know that the other person is okay, and you can rest assured, right?”

After speaking, Marry Jiang reached out and slammed Phillip: “Is your girlfriend very generous?”

The place where her elbow hit was exactly on Phillip’s heart. He was knocked back half a step, and smiled helplessly in his heart.

It seemed to be generous, but he actually hoped that she would not be so generous.

He already knew that Jessica was okay, so he hadn’t really thought of going to see her, but Marry Jiang had unexpectedly thought of it.

After Marry Jiang confirmed it, she called Du Xiaoyu and told him to be over tomorrow afternoon.

She went to visit Jessica in the morning, but before the visit, Marry Jiang hoped to have a phone call with her, so she pestered Phillip to ask for her number.

Phillip has Jessica's mobile phone number, but at this time, facing Marry Jiang's request, he suddenly didn't want to give it.

"She is taken care of, but we don't really need to look at it."

Hearing, Marry Jiang couldn't help but roll her eyes, "What are you talking about? I have arranged it, don't worry, I was angry last time because I was afraid of your accident. This time I proposed to take you to visit. , So I won't be angry."

She thought she was afraid that she would be jealous, but in fact Phillip didn't think so.

But in fact, she didn't figure out what he thought, he just didn't want her to accompany him.

Thinking of this, Phillip pursed her thin lips and remained silent, and did not give her mobile phone number.

"Give me your phone number, hurry up~"

Marry Jiang pushed him, but Phillip still didn't respond.

Marry Jiang got angry.

"Why is it so boring, you rushed into the fire to save others, it's not as vague as you are now."

No matter what Marry Jiang said, Phillip didn't give her her mobile phone number.

Marry Jiang was so angry that she sprayed him directly: "Phillip, you are still not a man!! I have said it, I...ah."

She hadn't finished her words yet. Who would have thought that Phillip, who had been silent all the time, suddenly raised her head, reached out and clasped her shoulders and pressed her back. Marry Jiang was pressed on the sofa like this, she stared in disbelief. Looking at Phillip above.

"Am I a man, didn't you know very well last night?"

Marry Jiang's mouth twitched, "I didn't mean this, I mean you..."

However, in the next second, her body rose into the air and was directly picked up by Phillip, and walked in the direction of the bedroom.

"What are you doing? Hey! Let me go down, I'll talk to you about business! What are you doing?"

Phillip said with a calm face, "Prove to you that this is the next business matter."

Damn it!

Marry Jiang really wanted to yell at him. The atmosphere was not at all at the moment, and he was talking about his sweetheart. He suddenly wanted to drive with himself, please! Is she in a good mood?

"I warn you, Phillip, you'd better put me down before I get angry, I will really get angry in the future, I will tell you."

Boom!

The bedroom door was kicked open, and then kicked again. Marry Jiang had never noticed that Phillip was so violent before. She widened her eyes and was about to scold, and the world turned around before her eyes. She was thrown on the big bed, tightly. Then a figure in front of him fell over.

“by!”

Marry Jiang was so angry that she stretched out her hand to push him and kicked him.

As a result, the person didn't kick it, and the wrist was held by someone instead.

Marry Jiang found that in this kind of things, men always have a strong and conquer nature. For example, Phillip, who is usually shy, has become so strong at this time.

## **Chapter 1463**

Marry Jiang kicked him with her foot, she grabbed it with his hand, Marry Jiang pushed him with her hand, he clasped her wrist, and then pulled it up to the top of his head.

Although there is a huge disparity in strength, Marry Jiang is still unconvinced. Although she is a girl, her character has always been strong. Even if she gets married in the future, she will be the master of the house.

To be ugly, she just wanted to be on it.

But what does Phillip mean now? He carried her into the house without any atmosphere, and when she said that woman, what did he mean?

Do you not respect yourself?

Marry Jiang struggled hard, and Phillip kissed her. Marry Jiang staggered her face. Her thin lips touched the position of his cheek. After a pause, he chased after him. Marry Jiang continued to turn his head.

So Phillip could only free up one hand to pinch her chin in place, then lowered his head and kissed it again.

Snapped...

Marry Jiang's empty hand was drawn up like this, and she slapped Phillip's face with a slap.

In the quiet room, the slap in the face was particularly loud, Phillip's face was missed, and Marry Jiang's pretty face was full of anger.

"I said, let me go before I get angry!"

Phillip turned his head and looked at her deeply.

"What do you mean?" Marry Jiang pursed her red lips and her beautiful eyes were a little red. She stared at him, "When I said that woman, you wanted to fall for me, do you know what respect is?"

Phillip saw that her eyes were red, and all the lost reason ran back. He explained in a flustered manner: "It's not what you think, I just..."

"It's just what? I can't even mention it, am I? You are angry when you mention it, and you are angry when you are angry. You still want to fuck me when you are angry? Are you a human?!"

Facing Marry Jiang's sharp teeth, he simply couldn't tell her, so he wanted another way to shut her up, but he didn't expect to annoy her.

Phillip and she looked at each other for a long while, and just when Marry Jiang thought he was retreating, Phillip suddenly lowered his head to cover her lips.

“Well.”

Marry Jiang’s eyes widened, this dog man!

He actually dared!

Marry Jiang wanted to beckon again, but this time it was not as smooth as the last time. Before she touched Phillip, she was clasped by him. Not to mention the clasped hand, her lips were also occupied.

After a while, Phillip retreated, and then his thin lips went up along the tip of her nose, and finally landed on her forehead, the top of her hair, and her eyes.

Marry Jiang was still angry at first, but later felt that her kiss seemed to have become a lot more pitiful.

When she kissed her eyes, she closed her eyes in a compelling way. Don’t look at Phillip, this man smelly and hard like a stone, but his lips are very soft.

Marry Jiang didn’t understand what he was doing.

Phillip released his hand, then turned over and lay down on her side.

“Sorry.”

“I didn’t mean to hurt you.”

No intention to hurt her? What does this mean? Marry Jiang bit the tip of his tongue hesitantly, his mouth was filled with his breath before, and it hadn’t completely dissipated even now.

Lying beside him, his breath was unstable.

Marry Jiang thought for a while and turned to face him.

“Can’t you hear her that way? Do you know that the more you are like this, the more I will pretend to you that you provoke me first.”

Marry Jiang looked at him with red eyes, “At the beginning, I prepared to ignore everything, just as if I was gnawed by a dog, but you are the one who caught up and said you are responsible. Since you are responsible, you have to be responsible. There is someone in your heart and I can wait, and I understand you. If she is not the kind of white lotus, I will not blame her, I don’t understand why you are doing this at this time.”

Her eyes blushed, and Phillip’s emotions were much more flustered than before. At this moment, she followed her sideways, stretching out her hand and slowly moving towards her cheek.

His lips were slightly open, trying to say something, but he didn’t know where to start.

What to say? I am afraid that even he himself has not sorted out his own heart.

Marry Jiang waited for a long while, and when she saw that he had nothing to say, she stopped paying attention to him and turned her back to him.

At this moment, Phillip didn’t even know what to say, looking at her back, he stopped talking.

Marry Jiang turned her back to Phillip and closed his eyes.

The two had no sleep all night.

“When I woke up the next day, both sides had dark circles under their eyes, and their moods were not very good. Although they were very sleepy, they

were not sleepy. Phillip wanted to talk to Marry Jiang, but she didn't even look at him. Go straight into the bathroom and close the door."

When she finished washing, Phillip was holding his mobile phone and hung up.

Seeing her come out, Phillip raised his phone, and then explained: "Aunty called, asking us what time will we pass today?"

Hearing, Marry Jiang had a meal and said nothing, and walked over and took her mobile phone directly.

Phillip stared at her, realizing that she seemed to be fighting back, and asked, "What's wrong?"

"It won't be over." Marry Jiang said, "Our current relationship is very unstable, so we don't want to see our parents for now."

Hearing, Phillip's eyebrows frowned fiercely, he stood up, his slender and straight legs approached Marry Jiang, and directly took her mobile phone.

"Why is it unstable? Yesterday I said I wanted to meet, so I can't break my promise. Besides, I haven't seen it before, so I just assumed it was just a casual meal this time."

He put away Marry Jiang's cell phone, his expression a little gloomy: "I said it yesterday. If you don't go today, your parents will definitely be worried."

He probably thought what he said was reasonable, so Marry Jiang didn't refute him. The two stood quietly for a while before Phillip returned her phone.

"Well, let's go over before lunch. It's still early. You go to make up your sleep first. I'll wake you up when the time is almost up."

Hearing, Marry Jiang finally raised her head and looked at him.

Neither of them slept well last night, so both sides have dark circles under the eyes. He let himself go to sleep, what about him?

“Go ahead.”

“Then why are you going?”

“I’ll go to the supermarket to buy something to take back.”

It seems that he is beginning to admit his mistake again, Marry Jiang blinked and nodded suddenly: “Okay, then you go buy it, I’ll go to sleep.”

After finishing speaking, she took off her shoes and got into the quilt without any hesitation. She covered the quilt tightly, revealing only a small head.

So far, Phillip is actually a special gentleman. After quarreling, he would take the initiative to speak to her and take the initiative to admit his mistakes, just like now, he would say he went shopping by himself, and then let her rest.

Obviously neither of them had a good rest last night.

However, this has made Marry Jiang feel a lot more comfortable, and her anger has gradually disappeared.

But she still didn’t want to talk to him so quickly. A man like Phillip had to treat him slowly, so wait a while.

Thinking of this, Marry Jiang closed her eyes comfortably and went to sleep.

## **Chapter 1464**

After washing up, Phillip changed himself to light clothes, and then drove to the nearby supermarket to buy some nutritional supplements for middle-aged and elderly people, some fresh meat, fruits, and seafood. After all, he had to go to eat early at noon.

After thinking about it, he felt that someone should prepare some gifts in the past, so Phillip bought a belt for the future old man and a silk scarf for Marry Jiang's mother.

After both gifts were prepared, Phillip received a call from his mother Liang Yahe.

"Son, do you need to go to work today? I called Marry and she didn't answer it. Are you still sleeping?"

Phillip just turned his Marry mobile phone to mute. He didn't expect to miss his mother's call, so he explained: "Well, she didn't sleep well last night, so I asked her to continue sleeping, and the phone was adjusted by me. It's muted."

"No wonder, how could this girl Marry not answer my call, it turns out that it was your kid who did it!"

Phillip: "Mom, what's the matter?"

"Why? My mother can't call my son anymore?"

It's not impossible. It's just that Phillip knows his mother's virtue too well. Every time she makes a call, there must be activities. If there is nothing to do, his mother usually won't call, basically just stocking.

So he did not answer the conversation, waiting for Liang Ya and himself to be unable to hold back the conversation.

There is no need to ask Phillip, Liang Yahe immediately tells it all by herself, "That's it. Mom and your aunts have made an appointment today to go to Dongyun Mountain to soak in hot springs. Your aunts said that hot springs are good for your skin. Okay, so in the end they all dragged their family. How could I go alone? So I wondered if Marry was not at home every day. I wanted him to go with me."

Hearing, Phillip thought about going to her house for dinner with Marry today, so he pursed his thin lips, and then said, "Today? I'm afraid not."

"Why not?" Liang Yahe was a little dissatisfied immediately: "Are you not letting me take Marry out? Phillip, do you not plan to live with Marry for a long time? I will tell you, son, you are the one I've been taken away for the first time. If you dare not be responsible, your dad and I will definitely break your leg."

Phillip's eyelids twitched, and his lips twitched.

Why did you mention this again?

"Mom, don't mention this matter casually in the future, and don't mention it casually in front of Marry."

After thinking about it, Phillip felt that he should talk about where he is today.

"As for the reason why Marry is not allowed to go today, we have other activities and cannot go."

"Other activities? What activities?"

Liang Yahe immediately became curious. If the activities of the son and the daughter-in-law are interesting, what kind of hot spring would she accompany the group of women who are dragging the family? Wouldn't it be better to accompany the son and daughter-in-law?

“Today I will go to her house with Marry to have a meal with her parents.”

Liang Yahe immediately exploded when he heard it.

“What? I’m going to see the parents at Marry’s house? Why didn’t you tell me earlier? I’m so prepared.”

“What are you going to prepare?” Phillip explained helplessly: “It’s me and Marry to go today. There is no arrangement for you and my dad.”

But Liang Yahe didn’t agree with anything, she had to prepare and follow along.

“What do you kid know? You and Marry will be together in the future, and our in-laws will meet sooner or later. Besides, you are a bad temper and let you go alone. When the time comes, Marry’s mother is not satisfied with you. Do? No, I have to go and clean up immediately, and then rush over with your dad.”

“But...”

Phillip wanted to say something more, Liang Yahe hung up, and a busy tone came from the phone.

He received his mobile phone and regretted what he told Liang Yahe just now. He should conceal it again. With Liang Yahe’s character, he might talk about marriage with Marry’s mother at the dinner table today.

Although he and Marry are now together, as Marry said, whether he wants to admit it or not, they are indeed very unstable now.

Because the two were not together from the beginning because they were in love.

He has yet to sort out his emotions, even Marry, he doesn't know whether she likes him or not.

Now if both parents meet...

Phillip quickly bought something and went home, pushed open the bedroom door, and found that Marry Jiang was still asleep, and rolled into the corner with her pillow, hands and feet not covering the quilt at all.

Phillip had to walk over, pull up the quilt for her, and sit down by the bed behind.

He knew Liang Yahe's temperament, and he would come if he wanted to, maybe he was already on his way.

So Phillip could only mute the phone, and then sent a WeChat message to Liang Yahe saying that Marry was still sleeping, and don't shout loudly after coming, let her sleep more.

Liang Yahe replied quickly, returning an OK gesture.

Then she added another article: she needs to say, my own daughter-in-law, I know how to hurt.

Marry slept well this night. How upset she was last night and how comfortable she slept in the morning. When she came over, she didn't know what time it was. The room was quiet and quiet. She found her mobile phone and looked at it. A glance at the time.

It's almost eleven o'clock? Hmm, didn't Phillip say to wake her up? Why hasn't there been any movement until now?

Could it be that this guy sneaked off to sleep by himself?

Thinking of this, Marry Jiang got up and put a coat on herself, then walked outside.

As soon as she opened the door, she ran into Phillip who was about to come in.

The two met each other and stopped each other.

“Woke up?”

Marry Jiang nodded, “It’s eleven o’clock, why don’t you wake me up earlier? Will it be too late at this time?”

“No.” Phillip shook his head, “The time is just right, and everything has been arranged over there. I’m here to pick you up.”

“Then I will change clothes.”

Marry Jiang turned around, but Phillip took her arm and coughed slightly, “That, things may have changed a little.”

“Ok?”

“My parents heard about today’s affairs, so...”

“Uh, you don’t want to say that both parents are going to meet?”

This was something Marry Jiang hadn’t expected at all. She had thought that the two parents would meet, but she didn’t expect it to be today.

“You also know my mother’s character. She heard that I was going to your house for dinner, so she thought she should book a place in the hotel and invite your parents over.”

Hearing that, Marry Jiang couldn't help but raise her brows: "So, you didn't take my parents to the hotel while I was sleeping, did you?"

Phillip didn't answer, but the expression on his face explained everything.

Marry Jiang stretched out her hand and rubbed her head. He felt dizzy. After a nap, the sky changed, oh buyer!

"Go change clothes?" Phillip pointed behind her, Marry Jiang nodded helplessly: "I'll change, wait for me."

## **Chapter 1465**

This is not the first time Marry Jiang has seen Phillip's parents, because he always chats with his mother on WeChat, and his mother is so kind to her that Marry Jiang has no strangeness at all.

So this time when the two parents met, Marry Jiang was not nervous at all.

Because for her, these people are all her own.

But Phillip is a bit different. He is not like Marry Tiantian who faces his mother every day, and he has only one or two bonds with Marry Jiang's parents. This time he officially met, although he could not tell on the surface, it was actually a bit nervous and awkward.

In the VIP box of the hotel

Both parents talked in full swing.

Du Xiaoyu and Liang Yahe have very similar personalities, they are both talkative characters, and the two women love beauty and are willing to spend money. This meeting brought each other gifts.

Du Xiaoyu took out the bracelet he had hidden for many years, and Liang Yahe also took out her ancestral jade pendant on the bottom of the box. Both sides are people who understand jade. As soon as they saw what the other took, they knew the sincerity of the other. , So it hit it off.

The two soon sat down to chat together, and the remaining two elders looked at each other.

Phillip's father, Xiao Mingzhi, touched the scum on his chin, then looked up at Jiang Yanke next to him, "Come on, drink and drink."

His father is an old drunkard. Thieves like to drink, and he, as the man's father, must greet him first, but Xiao Mingzhi is rather dumb and doesn't know what to say, so he can only greet him to drink.

Jiang Yanke usually doesn't touch alcohol too much, because his wife doesn't like him to drink, but today is a special day, so he didn't refuse, and the two quickly met.

As for men, even if they are acquainted with each other after drinking, the two of them started to chat in full swing.

But the two mothers here have already talked about marriage.

"This kid in our family is usually very stupid. He has never had a girlfriend before, and he doesn't know how to be nice to girls. You can forgive your mother-in-law. I will teach him more in the future!"

Du Xiaoyu waved her hand, with a more disgusting expression on her face than Liang Yahe's face: "Isn't this very good? Never talk about girlfriends to show that this kid pays attention to career, but our Marry has shortcomings everywhere. I know that I'm lying in front of the computer, I don't know how to go out and get to know a few more people, I'm too lazy, I don't know how she can find her boyfriend."

“Marry is so nice, beautiful and cute, and very well-behaved. If our Xiao family can marry such a daughter-in-law, it is our Xiao family ancestor who has accumulated virtue!”

Du Xiaoyu looked at Liang Yahe’s tone of voice, and she could really tell that she liked Marry in her heart, and it seemed that they were all familiar.

“Mother-in-law, what tricks do you have?”

“Ok?”

“Look at your maintenance so well and there are no wrinkles on your face, but you are actually Marry’s mother. If you say you and Marry are sisters, I won’t doubt it at all!”

“Where is it?” Du Xiaoyu laughed so happy that the corners of his eyes were wrinkled. “You still look at the young, teenage girl, your skin is not as smooth and tender as you!”

Hearing, Liang Yahe was also happy to laugh all the time.

When the two elders heard this, they couldn’t help turning their heads at the same time, watching these two women with wrinkled eyes laughing and blowing to each other.

What can be done?

Who makes his wife?

With a smile, Liang Yahe said, “Mother-in-law, we met today, so I just asked directly. When will the wedding of Marry and Phillip be better?”

At first, Du Xiaoyu thought she called her mother-in-law to get closer, but she didn't expect that she was serious. When asked about the wedding, Du Xiaoyu was a little surprised, "We're going to do a wedding? Now young people seem to advocate late marriage, so fast. Will the two children agree to the wedding? Is it too soon?"

Liang Yahe smiled very kindly, "Unhappy or unhappy, now discuss the wedding, and find another day to get married early, otherwise what should I do if Marry is pregnant?"

Hearing, Du Xiaoyu was a little stunned.

She didn't understand what was going on? How come you are pregnant?

Could it be that what happened to these two people?

Thinking of this, Du Xiaoyu's face changed and she stood up quickly.

Her action shocked the few people next to her, and their eyes fell on her, and Liang Yahe looked strange: "In-law, what's wrong?"

Du Xiaoyu came back to his senses and felt that he could not be so gloomy, so he calmed down and sat down again with a faint smile on his face.

"It's okay. Just now I suddenly thought that the gas in my house seemed to be off, but after thinking about it carefully, it seemed that I had checked when I went out. It should be off."

Liang Yahe heard this and immediately said solemnly: "Gas is no small matter. In-laws should be careful next time. Gas explosion is very dangerous."

"Thank you for your concern, I will."

Du Xiaoyu reluctantly squeezed a smile to treat her, but what he thought was, Marry, a dead girl, is the fake drama really to the point? Or is it because of this that she did the real act?

No, she will wait for her to come, she has to ask Marry what is going on!

Even if she is a mother, she really hopes that her daughter will get married, but she can't marry so confusedly. If it's not because of love, then don't marry!

However, Liang Yahe didn't know Du Xiaoyu's thoughts. She was very satisfied with her future daughter-in-law and future mother-in-law. She felt that Phillip's marriage to Marry was really a blessing for the tenth generation.

Soon, Phillip and Marry arrived.

When the two came in, the four people in the room looked at the same person, Marry Jiang.

Phillip was left in the cold.

"Marry is here." Liang Yahe got up immediately when he saw Marry, and took her hand very enthusiastically: "Come, come, be by your mother and me."

Du Xiaoyu got up too, but he also came to call Marry, but she didn't expect Liang Yahe to pull Marry over, so she stopped and looked back at Phillip.

"Like the last time I saw it in my own home, it was still the same face, and there was still that scar on the face, his face was too harsh, and his aura was quite strong."

"Hello Auntie."

Phillip nodded to Du Xiaoyu, then turned to Jiang Yanke: "Hello, uncle."

After greeting Marry Jiang's parents, Phillip looked at his parents: "Dad, mom."

"Well, sit down here."

Liang Yahe's attitude towards Phillip was completely indifferent, but to Marry she completely regarded her as a treasure.

"Marry, take a look at the menu, what would you like to eat? Tell your aunt if there is anything you don't want to eat, and ask the waiter to stop it.

## Chapter 1466

"Okay." Marry Jiang and Liang Yahe have been used to this way of getting along for a long time, so they didn't feel anything wrong, and they really picked up the menu in front of her.

"I want to eat this, this doesn't seem to be delicious, so don't take it anymore, and this and this..." Marry Jiang pointed at the menu quickly between her fingers, and Liang Yahe was hanging beside him. Looked at it with a smile.

Du Xiaoyu and Jiang Yanke couldn't help but glance at each other secretly when they saw this scene.

"How do you feel that your daughter is enjoying it for granted? Could it be that she has completely acquainted with Phillip's parents? Or else, Phillip's parents simply petted Marry as a treasure?"

"You don't know, my mother, I wanted a daughter when I was a child, but I was born as a son. I hate it too much. This girl is cute and sweet, and it feels different in my arms. Marry looks so good again, and I really like it when I look at it."

After these words, Du Xiaoyu can see that Liang Yahe probably treats Marry as a daughter.

It doesn't seem to be the first time for this kind of thing, because Marry Jiang didn't feel embarrassed at all, she was very natural and generous, so it can be determined that they did not act because of the two parents meeting, but were really good to Marry.

Everyone was paying attention to Marry, and Phillip was completely left out in the cold.

Even after she ordered the food, she didn't even ask Phillip what he wanted to eat, so she gave it to the waiter.

When Marry Jiang went to observe Phillip's face, she found that he did not feel angry or impatient because of it, guessing that he was either wood or indifferent.

But Phillip's words, it is estimated that the former is more likely.

After the dishes were served, Liang Yahe only took care of Marry. Du Xiaoyu who was next to him had no chance. Soon Marry's bowl was piled into small hills.

And Phillip still no one cares.

During Du Xiaoyu's period, he looked at this kid several times, and when he thought that this stinky kid had put his daughter so old to sleep, his teeth tickled with hatred.

But think about it again, when a daughter is raised, she always has to marry, so she doesn't hate that much, but it's certainly not that simple to give her daughter to him.

After drinking and eating, it's time to chat.

Du Xiaoyu began to question Phillip.

He was about to ask about Phillip's specific situation. Who knew that she had just spoken, and Phillip didn't have time to answer. Liang Yahe on the side took out a document and placed it directly in front of Du Xiaoyu.

"Mother-in-law, this is the resume of Phillip from my family. I will write down all the good and bad things that I have done since childhood. Look at it."

Du Xiaoyu took the resume in her hand, and several black lines crossed her forehead.

"Resume, resume?"

Why would there be such a thing when both parents meet? Isn't this thing only used when applying for a job?

Phillip obviously didn't expect Liang Yahe to prepare this thing, and his face was a bit dark for a while.

"Mom, what are you doing with that?"

Liang Yahe glared at him dissatisfied, and said fiercely: "What? You want to marry someone's beautiful daughter home. You must state all your past. Otherwise, how does your mother-in-law know that you are a good person? Still a jerk?"

"Oh, there's more." Liang Yahe also took out his family's deposit book and said with a smile: "In-law, this is our Xiao family's real estate and there are deposits."

Du Xiaoyu's hand holding the resume was a little trembling, and she didn't dare to pick up these things this time, but just said, "Well, don't you need to read these?"

“It depends on what you want to see. In the future, if Marry marries Phillip, then we will be a family, and the family will not talk about two families. Moreover, we must marry well now, although our Xiao family is not particularly good. Money, but there is no problem in petting Marry!”

Liang Ya and he were not wary, but Du Xiaoyu didn't dare to look casually.

After all, these things are very private, but Phillip's mother dared to take them out, showing sincerity.

“Mother-in-law, take a look.”

Marry Jiang also felt embarrassed and hurriedly said, “Auntie, you should put your things away first. These are privacy after all, and our family doesn't look at this.”

After hearing the last sentence, Liang Yahe realized something. She had to put her things away and explained with a smile: “Don't get me wrong, I have no other meaning. It's just that the two families are talking about marriage. Show things to Marry, if Marry is not satisfied, then you can let Phillip continue to work hard.”

Du Xiaoyu can see it. Today, the parents are rushing to get the two to get married, although she thinks that both parents look good, simple and enthusiastic, unintended and unprepared.

But after all, it was the first time I met. After we got married, we will have to get along for a long time, so we need to investigate for a while.

So Du Xiaoyu found an excuse for Marry to accompany her to the bathroom. Marry Jiang probably also guessed her mother's thoughts, so he followed.

As soon as he entered the bathroom, Du Xiaoyu grabbed Marry's shoulder and asked, “What's the matter? You slept with that stinky boy?”

Marry Jiang guessed that she had something to ask herself, but when she didn't guess it, she asked so straightforwardly. One sentence scared her to the point of being choked by her saliva.

“Cough cough...” Marry Jiang coughed for a long time before calming down, and then took a lot of effort to find his voice: “Mom, what are you talking about?”

Hearing, Du Xiaoyu sneered, squinting at her with his arms around him.

“What did you say I said? You damn girl, in order to escape my blind date, you find someone to pretend to be your boyfriend. I see you are getting along well, and I hope you will do the fake drama, but I didn't let you ruin yourself. “

Spoiled?

Marry Jiang blinked, her eyes were lingering, as clean as spring water.

“What age is it now, how can I spoil myself? Don't you just sleep with him? It's not a big deal.”

These words are definitely what Marry Jiang said in love of face.

“What are you talking about?” Du Xiaoyu's eyes widened, and he wanted to hit her when he raised his hand.

Marry Jiang hurriedly hugged her hand: “Mom, don't get excited, I will just talk, don't worry, I definitely did not spoil myself, he and I are both unmarried. If you think I am spoiling myself like this, then What about him? So I didn't ruin it. Anyway, if I suffer, he must not take advantage.”

“You stupid girl, do you still think you are not at a disadvantage? What do you think your mother is talking about? I am worried that if you become pregnant,

you will not plan to get married and have children and hurt your body, you know???"

Hearing the word pregnancy, Marry Jiang couldn't help but twitched, "Just...it's impossible to get pregnant so soon, right?"

"How is it impossible? How long has your aunt been here?"

## Chapter 1467

Aunt?

Marry Jiang bit her lower lip, and then said, "I haven't arrived at my aunt's time this month."

"After you go back, you keep a close eye on me, remember to watch your aunt's time more, and don't even know if you are pregnant."

"Mom!"

"Don't call me, you are really mad at me, and you still feel that you are not at a disadvantage. Did he give birth or you give birth?"

It was really a headache to mention this Marry Jiang. Both of them drank too much that night, dried firewood, and did the fire. When Marry Jiang woke up, he felt that he really didn't want to see him, so he packed his things. He ran away in the car, and then rushed to avoid him, without taking any other measures.

However, it was only once at that time. It shouldn't be so easy to get pregnant, right?

If you get pregnant once, isn't Phillip a marksman?

“Bad girl, what do you think?”

Du Xiaoyu’s voice pulled Marry Jiang’s sanity back, Marry Jiang pulled her lips and smiled awkwardly after returning to her senses, “It’s nothing, I mean mom, don’t worry, you will definitely not get pregnant.”

“You said you wouldn’t be pregnant if you don’t?” If pregnancy is left to the people, there won’t be so many unexpected second and third children in China!”

“Okay, mother, don’t be angry. And who said we won’t get married? You see how Phillip’s parents like me. His mother bought me a lot of gifts and spent a lot of money. Ten thousand dollars.”

Hearing, Du Xiaoyu’s face changed slightly, “So willing? That seems to be really good for you. After all, it is still not sure whether you will marry into their family in the future.”

Marry Jiang nodded vigorously, “I also think that they are sincere to me. It is easy to pretend, but it is very difficult to pretend to be perfect. Any behavior may reveal a person’s problem. , But if this person is sincere, then there will be no flaws. Now their family members give me the feeling that I can feel that they are sincere to me.”

After listening to these words, Du Xiaoyu’s impression of their family has improved a bit.

“That Phillip, what’s the scar on his face?”

“Well, I haven’t asked it yet. I think this is not easy to ask, right? What if he asks about his pain? Besides, I think his scar is pretty good-looking, more handsome! Mom, you won’t dislike it, right???”

“What do I dislike him for? My daughter is about to treat him as a baby. Do you dare to dislike me as a mother?”

“Hee hee.” Marry Jiang hugged Du Xiaoyu’s arms tightly and buried his face in his arms: “I know that my mom is good to me. Don’t worry, Marry will never wrong him. Phillip is quite good. A man, it’s just a bit of wood, but now he has almost become a three-good man under my leadership. I didn’t think about getting married before, but if I really want to get married, then I want to marry this kind of me. A man who can control.”

“The most important thing is that you like it?”

Marry Jiang didn’t speak, just smiled.

Who said no? She didn’t know when she started to care about Phillip. It might be when he faced his ears turning red, when he was quietly washing the dishes every day, or when he had a relationship with herself that night when.

She didn’t want to find out when she liked Phillip now.

Because it was not love at first sight between her and Phillip, the two didn’t feel each other at first, but the emotion that was slowly permeated in the daily relationship. Over time, Marry Jiang realized that he was getting used to him. , I like him.

“Let’s do it, my daughter has never taken the initiative to say who she likes when she grows up so big, since you like it yourself, then mom will trust your eyes.”

Seeing his daughter’s parent-child with eyes down and thinking, as her mother, Du Xiaoyu couldn’t understand how she could only indulge her.

Everyone had dinner that night, Marry was probably happy, and drank a drink again. A group of people clinked glasses happily, but Phillip was the only one on the court who was not drinking.

After the meal was over, Marry began to get drunk again, fell into Phillip's arms, stretched out his hand and pulled his tie and muttered, "Drink, drink!!"

Du Xiaoyu has a good amount of alcohol and does not drink much, so she is sober at the moment. She found that Phillip had not touched the wine. She was still very satisfied with this point, knowing that she would have to send the little girl home to stay. So I didn't drink.

This point requires extra points.

Marry Jiang staggered and wanted to get the wine bottle on the table. Phillip grabbed the bottle from her hand and put it aside.

"Well, why are you stealing my bottle? Give it back to me!" Marry Jiang said, she was about to pounce, Phillip stretched out her hand to block, she threw herself into Phillip's arms.

Phillip was actually a little embarrassed, because Marry would always play various roles when she was drunk, and it would be embarrassing for both parents to be here by then.

So the best thing he should do now is to take Marry away immediately.

But Marry's parents have not left yet, and she can't leave first.

So after Marry threw herself into his arms, he could only reach out and hold her down, then raised his head to look at Du Xiaoyu and Jiang Yanke.

"Uncle and Auntie, I arranged for the car to be downstairs, so I will take you back first."

Du Xiaoyu waved her hand, saying that she didn't need to.

"Marry drank like this, you should send her back first."

"But..."

Phillip hesitated, after all, the elders were still here.

"Drink! Drink!" Marry Jiang began to pretend again. She lay in Phillip's arms and had nothing to do. When she was bored, she stretched out her hand to rub Phillip's ears, rubbed and scratched, and gave Phillip's ears all at once. Rubbed red.

Everyone: "..."

Jiang Yanke said earnestly: "Take her back first, look at her like this, you will have to go back later and have to toss, you have worked hard tonight."

"Yeah, take it home first, let us here, we adults also have things to talk about, it is convenient for you young people to leave."

Both parents said so, and Phillip nodded, "Okay, I'll take Marry home first."

When he got up, he took Marry up by the way. Marry Jiang was so drunk that she rubbed his ears and grabbed his hair again. When Phillip picked her up, her legs were still all kinds of kicks and fights.

"Let go of me, let me go, you bastard, I still want to drink, if you don't let me go, I will expose the roof of your house!"

Du Xiaoyu on the side heard this, and several black lines flashed across his forehead.

This girl is really horrible to be drunk.

But looking at Liang Ya and his wife again, they both smiled, as if they didn't take it seriously, Du Xiaoyu was relieved.

Phillip took a lot of effort to get Marry Jiang away. After he left, Du Xiaoyu could only say awkwardly: "I'm really sorry, our Marry is really wayward. Drinking and drinking like this, really It's not justified."
