

Nothing to Give but My Heart Chapter 1520 – 1529

Chapter 1520

He impatiently held Marry Jiang's shoulder, pulled her to face him, and stared at her seriously and solemnly.

“What happened to you these past few days? Why did you say these things? Is there anything you can tell me? Don't scare me, okay, Marry?”

The two were close, and Marry Jiang saw the panic and fear in his eyes, and she couldn't help but feel happy. Didn't expect that she would be afraid because of him? Is it out of a sense of responsibility, or is it out of worry about the child in her stomach? After all, the child in her belly is the blood of their Xiao family.

Thinking of this, Marry Jiang chuckled softly: “What are you anxious for? I'm just joking.”

“That's not how you made a joke!”

“And who said I was just joking, having children can be big or small, you see my belly is so big, what if I have a difficult delivery?”

“You are not allowed to say such things!” Phillip covered her mouth, and stopped her with an iron expression. “You are not allowed to say these things in the future.”

Marry Jiang blinked and poked his palm, beckoning him to release.

After Phillip calmed down, he let go of her restraint, and Marry Jiang's lips were raised high/highly in front of him, "But seriously, if I have a dystocia, would you keep the big or the small?"

Keep big or keep small?

Phillip's pupils shrank and gritted his teeth: "Marry Jiang!"

"Oh, I'm angry!" Marry Jiang smiled and pulled down her hand, leaning toward him and grabbing his collar: "I'm really just kidding, why are you making such a big fire? Realistic questions, just answer me directly what you think in your heart."

"I won't let you have an accident." Phillip saw her approaching and hugged her tightly into his arms.

"Tap and lightly." Marry Jiang pushed him painfully: "You hurt me."

Phillip heard this and quickly let go: "I'm sorry, sorry, I was a little anxious just now, are you okay?"

"What are you in a hurry? You haven't told me the answer yet?"

It seems that she wants to ask for an answer today no matter what, Phillip stared at her earnestly and said piously: "You are the wife I married. No matter what happens, I will definitely keep you safe."

"So, it means protecting the big but not the young? Phillip, the child was born in October because of my hard work. Would you dare not try to protect him?"

"What should I do then?" Phillip stared at her with a deep expression, "Anything is fine, and I must give in for you."

What he said was so true that Marry Jiang was in his heart, and she leaned over and kissed the corner of his mouth.

“I just said casually, our mother and child will be safe. But you must promise me that no matter what accidents happen to me, you will take care of my child, and you must remember what I said before, you know?”

“Stop talking stupid.” Phillip rubbed the back of her head, “Don’t talk nonsense like this in the future, you and your child will be fine.”

He took her into his arms and did not notice Marry Jiang’s previously grinning face. When he couldn’t see it, the smile on his face faded directly.

Finally, it disappeared.

Since that night, Phillip has been thinking about Marry Jiang’s questions, and even told Liang Yahe these words.

Liang Yahe looked very serious after listening.

“Probably you are about to give birth, so your emotions have changed even more. You must focus on her in your recent words and actions, and let her know how important she is to you. I didn’t expect this Marry to look joking and mentally. The line of defense is so fragile. Phillip, you have to take good care of her. Next time she asks you this question again, don’t say anything, just tell her, keep the big, no matter what happens, just Just keep the university.”

“Mom, I know.”

Days go by, Marry Jiang has recently been frantically buying various supplies for the child who is about to be born, everything is ready, and there are still a lot of them.

But every time she used her own card to swipe, Phillip asked her to swipe her own, Marry Jiang was still unhappy.

What even said: “This is my money, I bought it for my child, why use your card?”

Phillip thought to himself, the two of them are married, where can you and me be divided? He felt that his money should be earned by Marryhua, and when Marry had a child, it would be spent on their mother and child.

“My card is yours, so it’s okay to use my card.”

Hearing, Marry Jiang paused while holding the phone, complicated emotions flashed in her eyes, and then she smiled faintly.

“You say it’s mine now, but you won’t necessarily agree that it’s mine later, so you should keep it.”

“Marry.” Phillip did not put the card away, but looked at Marry Jiang deeply: “You have been wrong these two days, do you regret it?”

“Huh? What do you regret?”

“I regret marrying me and having children for me, so I don’t want to spend my money, right?”

As soon as the voice fell, the card in Phillip’s hand was taken away by Marry Jiang, and then she directly cursed: “Is there a problem with you? You should be happy if I don’t spend your money, you are on the contrary. I’m not happy. You have to spend your money to make you happy, right?”

“Well, isn’t it just natural to spend my money?”

“Yeah, I must max out your card tonight, don’t worry.”

Marry Jiang was very serious, but Phillip didn’t think there was anything at all, because what Marry did during this period was too abnormal, and it made him feel scared.

If she really maxed out her card, perhaps she could calm Phillip’s heart a bit.

In short, Phillip himself thought so, but he didn’t know whether Marry Jiang would max out his card.

Unfortunately that night, before Marry Jiang had time to flush Phillip’s card, the amniotic fluid broke. Before entering the delivery room, Marry Jiang once again asked the question Phillip asked before.

“In case of a difficult childbirth, will you keep the big or small?”

“Protect you!” Phillip remembered his mother’s teachings, and without any hesitation, he said directly to BaoMarry Jiang. After speaking, he was afraid that she would not believe it, holding her hand and whispered: “Don’t think about it. No matter what, you are the most important thing, relax and don’t have the burden.”

Marry Jiang blinked, “Why don’t you come into the delivery room with me?”

Phillip looked at the doctor next to him, “Can we enter together?”

The doctor smiled and nodded: “Of course, there are quite a few husbands who accompany parturient women into the delivery room, but does this wife really want your husband to accompany you into the delivery room?”

“Want.”

Marry Jiang nodded quickly, she just wanted to let Phillip see how much she had paid for him.

Although she said that she had a baby, she also volunteered, but she couldn't make Phillip think that she was easy, besides... she had already made a decision about some things

Chapter 1521

Later, Phillip followed Marry Jiang into the delivery room. Both Phillip and Marry's parents waited outside anxiously. Du Xiaoyu was still a little embarrassed when he heard Phillip say that they would enter the delivery room together.

“Hey, is it appropriate for a woman to give birth to her husband?”

Liang Yahe, who was next to him, quickly answered, “It's appropriate, of course. How can we know the suffering of our women having children if we don't go in? Besides, they are husband and wife. There is nothing inappropriate, don't worry.”

Although childbirth is a path that a woman basically has to go through, Du Xiaoyu himself had experienced it before, but it was his daughter's turn, Du Xiaoyu was still anxious, and walked around.

In the end, Jiang Yanke pulled her down.

“Stop shaking, it makes me dizzy.”

“I haven't shaken it, I'm just worried about my daughter, Marry has terrible pain, alas.”

“Don’t worry, she won’t be a little girl from today, she will be a mother, she will be strong.”

“Makes sense.”

“Mother-in-law, don’t worry, Phillip is with Marry inside, and Marry’s mother and son will be safe, smooth and profitable.”

When the doctor was preparing, Phillip was with Marry Jiang’s vicinity.

Marry Jiang grabbed her hand, suddenly thought of something, and whispered to Phillip, “Let’s come over, I have something to ask you.”

Phillip was completely obedient to Marry Jiang at this moment, and he immediately leaned over, “What?”

“Who was the person you sent to the hospital at the supermarket that day?”

Hearing, Phillip’s body stiffened a bit, and looked at Marry in disbelief. Why would she ask this question at this time?

Could it be that she knew that Jessica was the one on that day?

“What are you doing? Didn’t you say that you were a stranger that day? Are you really a stranger? Not the flowers or grass you messed with outside?”

Marry Jiang joked, and her expression suddenly became painful, “I’m just such a question, don’t you want to answer me?”

Seeing her expression, Phillip was also very anxious. He wanted to tell what happened that day. In fact, he had said it once, but Marry was asleep.

So he didn’t mention it later.

After all, it's just a common thing, and again and again, Marry will definitely think about it.

After all, the relationship between him and Jessica is inherently more sensitive.

Now Marry Jiang is about to give birth, and Phillip doesn't want to have extra branches at this time, so he quickly said: "Of course not. If you ask and I will answer, I was a stranger that day. She accidentally hit me. Then I fell. I wanted to tell you, but she was anxious to go to the hospital. I couldn't stand it anymore, so I took it."

After that, Phillip squatted down and looked into her eyes: "Marry, what I said is true. This is what happened. I really didn't deliberately leave you behind that day. Later I went. The supermarket is looking for you."

"Yeah." Marry Jiang smiled slightly and nodded: "Okay, I see."

She didn't seem to be unusual, as if she had accepted his explanation, but without knowing why, Phillip still felt very uneasy.

He squeezed Marry's hand, "No matter what, you are the most important thing. Don't think too much, okay?"

"Ok."

The anxiety in Phillip's heart widened.

Until Marry Jiang had given birth to a child, Marry Jiang was afraid of pain, so she was reluctant to deliver by cesarean section, because she sweated coldly all over the thought of opening an opening in her stomach.

So this time she chose a normal delivery.

However, because the belly was too big, the delivery process was not smooth, so she chose a C-section in desperation.

When the child was born smoothly, Marry Jiang was still in a coma. The doctor held the child to Phillip. Who knew that Phillip didn't even look at him? He always held Marry Jiang's hand tightly and watched nervously she was.

She gave too much, too much.

Marry Jiang slept for a long time. During this time, her consciousness kept floating up and down, as if floating on the sea, but during this time, she felt that someone had been pulling her hand tightly.

As if afraid that she would disappear.

Until Marry Jiang woke up, Phillip was still holding her hand tightly, and when she opened her eyes, she met his eyes.

Seeing her awake, Phillip was surprised and moved, and his eyes were a little red.

"You finally woke up."

Looking at Phillip in front of her, Marry Jiang had mixed feelings and smiled slightly.

"Wake up, you won't stay here forever?"

Phillip did not answer.

Marry Jiang asked again: "Isn't you keeping this posture all the time?"

Phillip wanted to say no, but when he moved his legs, his heart was numb, and he couldn't help but snorted, and Marry Jiang showed helplessness.

"You really are. This is a hospital. If I have something, you won't have a chance to stay here. Why are you so nervous?"

Phillip didn't answer, and slowly sat on the edge of the bed with his hands on his hands. His legs were all numb, but he didn't really feel it before. After Marry Jiang mentioned it, he felt numbness and pain.

"Is it all right? You rub it."

"Well, it's okay, it's okay."

Phillip felt that this little numb pain was too insignificant compared to Marry Jiang's pain of giving birth.

Now her spirit is much better, Phillip feels that some things should be told to her at this time.

"Didn't you ask me before, who was the person you met in the supermarket?"

Marry Jiang didn't expect that he would take the initiative to bring up this matter. She thought he didn't want to say it anymore, and she breathed a little bit tightly for a while, and then she took the initiative: "Yes, but haven't you said it? So don't talk about it anymore. Got it."

She didn't want to mention it again and again.

She had already asked, but he didn't tell the truth, whether it was a guilty conscience, or everything else.

She didn't want to change the decision she made.

“No, I have to talk.” Phillip looked at her seriously and seriously, “This is a very serious question. You asked me before that I didn’t tell you because I was afraid that you would think too much. Now I think I still have to tell you.”

“I...”

Before Marry Jiang finished speaking, Phillip directly said what happened that day.

“It was Jessica that hit me that day. Victor Han had a car accident. She sprained her leg when she hit me. I wanted to go inside to look for you, but she seemed to have lost her mind and wanted to drive outside like crazy. , I was afraid of her accident, so I took her to the hospital. But I swear, there is nothing left between me and her.”

He was serious and focused, for fear that he could not make Marry Jiang angry.

Marry Jiang captured his expression and tone in his eyes.

“There is nothing between you and her?”

She has always disliked you, because you like others, love them bitterly, and go to the hotel to get drunk.

You have nothing at all.

Marry Jiang thought in her heart, but even if there was nothing, he still chose her first.

Chapter 1522

If you are important enough to him.

Maybe he won't catch up to send Jessica. After all, she had a big belly at the time, so she was not afraid of what would happen to her?

Marry Jiang knew that it was she herself who was arguing.

There have been so many things before, Marry Jiang can not care, don't care, and even proactively tell Phillip that he will wait for her.

But this time, she really couldn't lie to herself.

She didn't want to lie to herself anymore, so she generously admitted the fact that Phillip didn't like her.

People, self-deception is too long, so you have to wake up, right?

Thinking of this, Marry Jiang smiled self-deprecatingly, and said softly: "I know you don't have anything, so you don't need to explain too much to me."

Especially at this time when she had just given birth, she felt so tired and wanted to close her eyes, not thinking about anything, not listening.

Phillip saw her tired look, and he also knew that he shouldn't mention this at this time.

But he was so panic, he always felt that if he didn't say something, he would lose something.

Therefore, he must speak up.

"Marry, I actually talked about this the night I came back, but you were asleep at the time, so you didn't hear it."

Hearing, Marry Jiang had a pause, and after hearing these words, the eyes that had been closed raised his eyes and looked at him seriously.

“You said that that night?”

“I said.” Phillip nodded, “How could I hide you? I said that there is nothing between her and nothing, and your emotional ups and downs during this period are related to this matter?”

Marry Jiang smiled sadly: “Did you see it?”

Phillip’s heart tightened a bit, but he didn’t expect that it was really related to this matter, so he really had to be thankful that he had said it, otherwise he might really not be able to bear it.

His expression was a little bit painful, as if he couldn’t believe it, “Then what you said, including the things you bought for your child...”

“Yes.” Marry Jiang confessed directly and generously: “If you don’t tell me the truth, you don’t tell me twice when I ask you. I feel like a fool in this marriage, Phillip, self-made I’ll be tired after a long time.”

She took a deep breath and continued to slowly say: “So I plan to leave after giving birth. Maybe we chose to be together at the beginning. We were too impulsive/impulsive to choose to get married. It’s okay to separate from each other.”

“No.” Phillip gritted her teeth and squeezed her hand, “Don’t talk nonsense, what impulse/movement, you think you are impulsive/movement, I have never thought about it like this. Whether it is dating or marriage, I do it out of my sincerity. , There has never been a trace of joke and contempt!”

Of course Marry Jiang knew this. This was also the reason she was willing to accompany him in the first place. Of course, the more important thing was that she was moved first, so she was willing to give him time.

But when she got deeper and deeper, she realized that many things were not as good as they were at the beginning.

For example, she liked Phillip more and more, and wanted him more and more to be like herself.

How much she loves, he gets some points back.

And she also became stingy. She didn't want him to see other women, just ordinary women, but that person could not be Jessica.

Although she and Jessica are already good friends, it doesn't mean she can accept them.

"Marry, what I told you, can you listen to it?"

Marry Jiang smiled slightly and said softly: "I heard it, but I'm a little tired now, can I want to sleep?"

Phillip felt embarrassed, and a guilty conscience flashed under his eyes.

"Sorry, I didn't mean to interrupt your rest at this time."

It's just that the situation is special, and he feels he has to say it. Now that he is finished, he sees Marry's face showing fatigue, although he feels distressed, but he does not regret it, and he reaches out to touch her white forehead.

"Go to sleep now, I won't talk anymore, rest assured."

Marry Jiang closed her eyes, her heart was sour, and her body was still very tired, but there was no sleepiness at the moment.

All that came to mind in her mind were the words Phillip said to her.

The decision she had already made, under his eyes and sincere words, collapsed into a disastrous form.

She is messed up now, what should she do?

After giving birth, Marry Jiang was planning to go directly to the confinement center, but Liang Yahe thought it would be better to take care of her by herself, so after finally discussing it, Marry Jiang went home to live.

Liang Yahe did her homework when Marry Jiang was pregnant, so taking care of Marry Jiang can be said to be handy and extremely experienced.

In addition, there is Du Xiaoyu, so Marry Jiang's life is getting more comfortable day by day. The child does not need to be brought by her. She wakes up with food and sleeps when she is sleepy. This confinement is not a loss at all. .

The only thing is that her heart knot has not passed.

So most of the time, I'm gloomy.

As Marry Jiang's mother, Du Xiaoyu could naturally see that her daughter's emotions were not right, so she took advantage of Liang Yahe's absence and sat down to talk to her.

"Recently, you have been unhappy and emotionally unstable. Is it postpartum depression?"

Marry Jiang shook her head: “No.”

“Not postpartum depression? Then this problem exists before delivery?”

“Mom.” Marry Jiang looked out the window with long eyes: “When you went to tell me and Phillip before, did the fortune teller say that Phillip and I ended up badly?”

When mentioning this incident, Du Xiaoyu felt very regretful, “Marry, why do you still remember this incident? Mom told you I was sorry at the time, so don’t be angry with mom, okay? Mom did this thing. It’s not right. Besides, how can there be any fortune-telling in this world that can be calculated accurately? If a fortune-teller is truly accurate, is he still doing this?”

Marry Jiang smiled faintly, her smile didn’t reach the bottom of her eyes, and there was no warmth.

“But how do I feel that what he said is probably true?”

Hearing, Du Xiaoyu’s expression changed drastically, and she grabbed her hand in a panic.

“Marry, don’t scare your mother. You can speak such silly things?”

“Mom, what are you nervous about?” Marry Jiang reluctantly patted her hand: “I just don’t think the fortune teller is nonsense. After he collects the money, he will definitely count it. Let’s talk about the good and the bad. Who knows what is false and true? As for the sentence he said is either life or death, don’t be afraid. Phillip and I are at best life and separation, not death.”

She hasn’t thought about it that much yet.

Du Xiaoyu felt very bad after hearing it, and thinking about this period of time, she always felt extremely strange.

Generally, mothers are very happy with their children and want to hug more and see more.

However, during this period of time, Marry Jiang never hugged a child at all, and she did not even look at it. At first, Du Xiaoyu thought she was just tired or scared, but now she finally understands that she didn't hold the child much because it was because ...

Chapter 1523

Because she is afraid of holding too much, she will be reluctant to leave, right?

She actually wanted to leave a long time ago?

Du Xiaoyu was startled by her own thoughts, and immediately grabbed Marry Jiang's hand and asked, "Is it because you want to leave if you don't hold your child? Marry, promise your mother not to do stupid things? How long have you been married to Phillip? How kind to you, and his mother is so heart-warming to you. Also, the child has just been born, so I can't live without a mother."

Marry Jiang was a little moved by what she said, and her eyes were red: "But mom, this marriage was originally a joke. From the beginning to the end, I was alone in making love. I blamed me for being too conceited. I thought there was none. What I cannot do."

But life still gave her a painful blow.

"What kind of love?" Du Xiaoyu narrowed her eyes: "Silly Marry, what are you talking about? Are you and Phillip not happy? You are free to associate."

"Yes, it's because of free association."

No, it's not too free. Although love is between two people, if the two hadn't had a relationship that night, the two would not really get together.

Therefore, this is not much different from a formal marriage.

"Since it's free communication, what silly things are you talking about now? If Phillip doesn't like you, can he marry you? He is so good to you. Even the diamond rings of both of you are customized, you are stupid girl."

Is it? Phillip...Does he like her?

Marry Jiang had never thought about this problem after being together for such a long time. She didn't want to, but she dared not think about it.

She was afraid that when she thought about it seriously, she would start to be disappointed and hopeless.

Now that Du Xiaoyu personally said it, Marry Jiang had to face this problem squarely.

Does Phillip really like her?

"Mom, can I not talk about this topic?"

"Why don't you talk about it? If you don't make it clear, you still keep in this state. Are you worthy of the child? You don't even hold the child. If your mother doesn't tell you clearly, what should you do if you run away?"

Marry Jiang did not answer.

"Marry, if a man has you in his heart, the person concerned should know the most. You touch your conscience and ask, does he really like you? The day you gave birth, after the child was born, you were in a coma. After mom went

in I saw him holding your hand tightly by the side and didn't even look at the child. When my mother saw this scene, she felt that you did not marry the wrong person. At least this man knows how to love you. He knows your hard work. But knowing that distressing you is based on feelings towards you, will he care for others casually?"

Having said this, Du Xiaoyu reached out and rubbed Marry Jiang's head: "So you, don't always think too much."

After listening to her words, Marry Jiang was a little surprised. When she was in a coma that day, she woke up and saw Phillip by her side. She didn't feel much moved, probably because she made the determination to leave.

But now after listening to Du Xiaoyu's retelling, Marry Jiang can imagine the scene that day.

Maybe she really thinks too much?

Obviously, all the things that happened that day were over, but why did the person he rescued become Jessica, so she became so stingy, so unknown?

Marry Jiang closed her eyes and discarded all the messy thoughts: "Mom, I know, you go out first, I want to be alone."

"Well, then, think about things clearly, and think about what Mom said."

That night, Marry Jiang lay on the bed with her eyes closed, but did not fall asleep.

Suddenly the cry of a child came from next door.

She paused. In this silent night, the cry of the child was particularly abrupt, piercing her heart like a needle.

She didn't move because the child was taken care of.

But after a long time, the child's cry continued, and there was no sound of footsteps next door.

Marry Jiang slowly opened her eyes, wondering with some suspicion, is it possible that her mother-in-law and mother are not there? It shouldn't be, they usually hold the child the most, they should be there.

"Why do you do this?"

Soon, Marry Jiang figured out the reason. The remarks she said to Du Xiaoyu today may have already let Liang Yahe know.

So the two should deliberately ignore the child and want her to hug.

Marry Jiang continued to lie down without moving, and the child's cry continued for a few minutes without stopping.

She was more and more disturbed by the cries, and finally did not hold herself up, got out of bed barefoot, and ran out to push the door next door.

After the door was opened, the child's cry became louder. There were two cribs in the room, one pink and the other blue. Marry Jiang saw the blue crib and lay a small one. The figure and the clothes worn by the child are light blue.

These clothes were bought by Marry Jiang herself. She wanted to leave at the beginning, but she didn't know whether she was pregnant with a boy or a girl, so everything she prepared was double.

Even the crib was a boy after he was born, so he used the blue clothes and the blue crib.

These days, Marry Jiang has not paid attention.

Seeing all this now, Marry Jiang's heart was touched deeply.

Something was surging in her chest/mouth, Marry Jiang walked slowly towards the blue crib.

The crying became louder and louder, and almost got into Marry Jiang's heart, where the baby in blue clothes was lying there, shaking hands and feet.

Walking to the crib, Jessica finally saw the whole picture of the child clearly.

During the recent period, let alone hug, she didn't even look carefully.

The child lying there, with a small, soft, light blue baby suit on him, made his skin whiter.

There was fleshy cheeks, Marry Jiang couldn't hold back him for a while, stretched out her hand and squeezed it.

It feels soft and waxy, and it is also very elastic. Marry Jiang couldn't help it, and squeezed it gently.

The child was originally crying, but after being pinched by Marry Jiang two times, she unexpectedly stopped miraculously, staring at Marry Jiang curiously with two dark eyes.

At the moment her eyes met, Marry Jiang felt her heart numb.

Afterwards, her eyes were a little red, and she reached out and picked up the child. When she picked it up, she moved cautiously for fear of hurting him, and then coaxed softly.

“Mom is here, don’t cry or cry, don’t cry.”

In a room not far away, Phillip stayed with Liang Ya and Du Xiaoyu. Phillip was fidgeting and walking around in the room.

Du Xiaoyu is his mother-in-law, so she didn’t say anything about her. Liang Yahe got a headache because of him, and scolded: “Sit down for me, why do you come and walk?”

“Mom, Marry, she...”

“You are ashamed to say Marry? You bastard!”

Chapter 1524

Liang Yahe was really furious. After her mother-in-law came over to her in the afternoon and told her that Marry was wrong, the two talked for a while and learned that Marry had the idea of leaving, Liang Ya and the whole person panicked.

Then in the afternoon, she just discussed the solution with Du Xiaoyu.

The two of them finally thought of a more compromised way, that is, the children would arouse Marry Jiang’s reluctance.

At that time, Du Xiaoyu first said: “Marry is reluctant to hold the child recently. I guess she is afraid of holding too much, and is too emotional to leave.”

Hearing, Liang Yahe immediately said: “Yes, after all, she was pregnant in October, she must think so, then we might as well take care of the plan and let her accompany the child more.”

“How to accompany you? This child is too stubborn, I’m afraid she will resist even more after I say it.”

“No need to say.”

“Needless to say? What should I do?”

So there was the night method, Phillip was pulled into the room as soon as he came back, and the three people waited here.

She doesn’t know how long she have been waiting, anyway, the waiting time is always extremely long, Liang Yahe and Du Xiaoyu are still calm.

Phillip couldn’t sit still at all.

Because he didn’t know what was going on, the unknown, the unknown made him even more frightened.

Hearing Liang Yahe scolding him now, he could only ask on his own initiative: “Mom, what’s the matter? Why is this?”

“You are ashamed to ask, what did you provoke Marry to?” Liang Yahe was so angry that he directly took something at Phillip and smashed him, not treating him as his own son at all.

Du Xiaoyu still stretched out her hand to stop him.

“My family, don’t get excited, calm down, Phillip has done well enough.”

“Okay? If he does well, can this happen? Marry was forced to run away by you. Are you still here asking me what happened? You have no brains? Your wife and children will watch don’t stop, die!”

Liang Yahe is really angry, because she likes Marry very much, and now she has a child. Liang Yahe is even more satisfied with her, thinking that Marry is simply a lucky star.

But Phillip unexpectedly made her want to leave.

Sure enough, Phillip was stunned on the spot after listening to Liang Yahe's words.

“What did you say?”

Want to... run away?

Marry thought, leave him?

From the day she gave birth, Phillip's anxiety was finally broken and magnified.

He stood there in a daze, while Liang Yahe was still scolding him, but it was a pity that Phillip couldn't hear a word of what Liang Yahe said.

She probably felt that Phillip's appearance at this time looked a bit pitiful, so Du Xiaoyu stopped Liang Yahe: “Okay, don't scold him anymore, he himself is quite uncomfortable.”

Then she got up and walked in front of Phillip, and asked softly: “Our elders don't know much about the affairs between the two of you. To be honest, I don't know much about it, so I can't help you if I want to help. This is only for you. Solve it yourself.”

After knowing Marry Jiang's idea, Phillip of course wanted to solve it by himself.

Although he explained it, it seems that Marry still cares about that day.

How to do?

Obviously he has already explained it, but she is still like this, what should he do?

Suddenly, Phillip had no master and didn't know how to keep Marry Jiang.

But Marry Jiang was in the room, sitting there holding the child and coaxing gently, not knowing whether it was the telepathy between mother and child. After being picked up by her, the child stopped crying and kept watching her.

With that look, Marry felt that her heart was breaking, and her body was small, soft and warm in her arms, which made people unbearable.

But thinking of something, Marry Jiang was stunned again, then got up and put the child back in the crib.

When she turned around and was about to leave, the child seemed to have telepathy, and started crying loudly again, Marry Jiang stepped forward, ready to leave.

Suddenly, she halted because a person stood at the door.

“He cried so loudly, do you really bear it?”

Phillip?

Suddenly seeing him, Marry Jiang was a little surprised. When did he come?

Marry Jiang didn't intend to admit it directly, but said: “I don't know how to hug, I'll go to my mother to bring it.”

After speaking, she panicked and wanted to go out, but when she passed by Phillip, he held her arm, and then heard him ask herself.

“Is it true that I can’t hold it, or don’t want to hold it?”

Marry Jiang stopped, and did not respond to him for a long time. The baby’s cry continued, but neither of them moved.

After a while, Marry Jiang broke free of Phillip’s restraint, and said in a cold voice, “If you know, why bother to ask me?”

Phillip thought she would pretend to be again, but she didn’t expect her to have a direct showdown.

The words have been opened, there is no need to hide them.

Phillip turned his head and looked at her squarely.

“Why? Just because I helped Jessica, you are so upset about this matter, you can’t get rid of it, so you want to leave me, don’t even want to hug the child?”

Listen, this tone is offensive to her, right?

“Yeah, I’m just stubborn about this matter, and I can’t get rid of it, how about it? Do you think I am making troubles unreasonably? I am making troubles unreasonably, I am hypocritical, that is, glass heart, is this answer satisfactory?”

Phillip frowned fiercely. He came to Marry Jiang to make it clear, not to quarrel with her.

But seeing her determined to leave just now, Phillip really chilled for a moment, and then his tone suddenly became heavier when speaking.

Obviously, his tone became heavier, and Marry Jiang's temperament immediately confronted him.

"Marry, don't be like this." Phillip immediately softened his voice and whispered: "The child is still crying. Please calm the child down first. Let's talk about it later, okay?"

Marry Jiang wanted to refuse, but when she heard the child cry violently, she couldn't bear it, so she closed her eyes and said nothing.

Phillip acquiesced by seeing her like this, so he walked over and picked up the child.

He doesn't know if Phillip's posture to hold the child is wrong, the child continued to cry after being picked up by him.

Marry Jiang had a headache because of crying, and was very distressed, so he questioned Phillip.

"Will you hold the baby? Why is he still crying so hard?"

Phillip could only coax lightly, but there was no use for eggs. In the end, Marry Jiang could only walk over and said fiercely, "Give me the child."

Phillip was a little wronged by her fierceness, and handed her the child.

It is strange that Marry Jiang just took the child into her arms and the child stopped crying.

While Phillip felt quite surprised, he seized the opportunity to say: "The child likes you and cannot do without you."

In a word, it came directly to Marry Jiang's heart.

The child likes her and cannot do without her.

Marry Jiang's hands trembled while holding the child, her eyes were red.

"Just talk like that, okay?" Phillip stepped forward, hugged her and the child in his arms, and said dumbly against her forehead.

Chapter 1525

He wrapped her shoulders and leaned against her, breathing on her face.

The child was held in Marry Jiang's arms, with crystal tears still in the corner of his eyes. How quiet he had been crying before, now he was so quiet, staring curiously at the two people in front of him with his eyes open.

He just stared at it without crying.

Marry Jiang closed her eyes and said helplessly: "You can talk, don't hold me like this."

"Holding you to talk, I feel more at ease."

His words left Marry Jiang speechless for a moment, and throbbed for another moment.

"Recently you haven't been holding your baby, or even willing to talk to me. It's not because you are tired at all, but because you want to leave me, right?"

She did not answer.

Is this the default?

Phillip sighed deeply, and explained softly, "If it was because of that day, then you really wronged me."

Wronged?

Marry Jiang sneered in her heart, she didn't feel that she had wronged him.

"It was really a special situation that day, I just took her to the hospital, Marry, can you believe me?" When Phillip said this, his tone was humble to a certain extent.

Marry Jiang finally raised her head and looked into his eyes.

"Believe you? What do you want me to believe you? I am holding a big belly and changing clothes inside, and there are people coming and going in the supermarket, you and a man will be hit, if I get hit? Who will send me there? Hospital?"

"But after I explained it that day, you clearly said it was okay. Why, you just changed to Jessica..."

"Yes, that's right, that day is over. I don't have any problem with you saving anyone. She is the only one who can't save her. I'm so unreasonable. She is the one you put on your heart. Of course you will lose it for her Next to me, this is something I should have known long ago, and I really have nothing to be angry about."

Speaking of this, Marry Jiang laughed at him: "I am guilty of my own mischief. After all, I knew that you liked him and stayed with you. There are some positions that cannot be replaced. Now I am tired. I don't want to continue. Can I?"

In the end, Marry Jiang felt that he was unreasonable, vicious, and saving people was originally a positive thing, but she lived like a jealous woman, madly jealous of Phillip's share of Jessica. feeling.

It was unique, she couldn't even grab it.

"Well, I'm tired, go to bed after talking."

After speaking, Marry Jiang was about to retreat while holding the baby, but Phillip directly wrapped her around her waist, hugged her for a few minutes, and did not let her back.

"Don't go, the talk is not over yet." Phillip stared at her earnestly: "You can't leave unless the matter is resolved."

"Phillip!"

Marry Jiang called his name angrily, Phillip felt a pain in his heart, and then said: "Whether you are angry with me or scold me, anyway, if you want to leave, then I will be scornful and do nothing. I'm disregarding your wishes."

After speaking, Phillip moved forward a few more points, hugging her tighter.

Marry Jiang was still holding the child in her arms, and she continued to move forward, frightening her, and shouted directly; "Can you be lighter, what should you do if you crush the child?"

Phillip reacted when she yelled like this, so he took a few steps back, "I'm sorry, I didn't mean it."

Marry Jiang stared at him fiercely, then went to see the child, and found that the child was still cleverly held by her, his eyes kept falling on her face.

“The child likes you very much, he is so young, are you willing to leave him?” Phillip saw that she focused her attention on the child and decided to use the child to play emotional cards.

“Look, he stops crying if you hold him. If you leave, he will definitely not sleep well every day.”

“Stop talking.” Marry Jiang interrupted him, her breath was a little unstable: “You don’t take your children to tell me anything. If I get anxious, I will take the children away.”

Hearing, Phillip’s eyes darkened a bit, “Are you really willing?”

Marry Jiang didn’t answer his words again, just thinking in her heart, what if you can’t bear it, who makes you think about Jessica in your heart, Marry Jiang also wants a face.

“Let go.”

“Don’t let go.”

Phillip hugged her tightly, did not let go for half a minute, Marry Jiang was a little annoyed: “You can’t let it go?”

Her expression was fierce, and she was obviously angry. Phillip was also very afraid of her being angry. Under the gaze of his eyes, she slowly loosened her grip.

Marry Jiang took the child to the next door, and Phillip stood alone, his eyes a little confused and painful.

Marry still couldn’t hear a word of what he said just now.

How to do?

Is she determined to leave herself? If this is the case, then how will he live?

“I don’t know how long I have been standing in the room. Liang Yahe came in. As soon as she entered the door, she saw her stupid son standing there in a daze.”

“You brat, I asked you to figure out a solution just now, didn’t you get it right at all?”

Phillip lowered his eyes and looked a little discouraged.

“If Marry really leaves, what will you do in the future?”

Hearing, Phillip raised his head abruptly, yes, if Marry really left, what would he do in the future? He is used to the days when she is by his side. He is used to the girl shouting his name in winter with a smile, and then unexpectedly put his cold feet in his arms when he turned around, and then shouted Holding: Phillip, help me cover it quickly, I am freezing to death.

When she got used to watching TV and seeing interesting places, she suddenly hooked her fingers at him. When Phillip walked over, she hugged his neck again, kneaded and squeezed his ears, and then watched successfully. When Phillip’s ears turned red.

“I am used to the warm laughter she stays in her arms, and she is used to being coquettish, ordering, cute, everything.”

Looking back now, it was all pictures.

“That’s right, I can’t live without her.” Phillip smiled bitterly: “But if she really wants to leave, how can I stop her?”

“There are many ways to stop, anyway, just follow her closely, don’t let her go.”

Liang Yahe Yuzhong said sincerely: “You won’t take time off at home? Be with her every day. You will follow wherever she goes. Then how can she leave?”

These words gave initiation, and Phillip nodded as he felt reasonable.

After that, Marry Jiang found that Phillip was not going to work anymore, and began to stay at home all day, coming to the room from time to time to accompany her.

It’s just that Marry Jiang was sleeping most of the time. She turned her back to him as soon as he came in. She could do everything except ignore him.

After Phillip listened to Liang Yahe’s words, he cheered and talked to Marry Jiang every day, even if Marry Jiang ignored him, he had been waiting by the side.

Finally Marry Jiang couldn’t bear it.

“You won’t even stop working just to guard me?”

Hearing, Phillip laughed mockingly: “If you weren’t there, what would I have to work for?”

Chapter 1526

Marry Jiang had a meal, “What do you mean?”

“In the past, I made money to save money, but now I make money for you to spend. If you have to leave, what is the point of making money for me?”

Marry Jiang didn't expect Phillip to say something like this, and was stunned for a while, not knowing what to say for a long time.

After a long while, she snorted coldly: "Don't think you said this, I will forgive you, Phillip, it's useless to me. If you don't want to do it, then don't do it."

After that, she turned over and fell asleep again, and ignored Phillip.

Phillip didn't speak, looked down at her back, and sighed leisurely.

At night, Marry Jiang hugged the child to sleep, and Phillip was guarding beside him, probably because he was afraid that she would run away, so Phillip stayed in the same room with her.

But on the bed Marry Jiang didn't give him sleep at all, so she could only watch by the bed.

Marry Jiang woke up after a night of sleep, and when she wanted to go to the bathroom, she saw Phillip lying on the bed.

He has always been like this these days. He can't sleep well every day, and his eyes are full of scorching scum. The hair is messy, and he has scars on his face. Now he doesn't clean it up. A bit more ferocious.

Seeing the scar, Marry Jiang stretched out her hand unconsciously.

When she was about to meet Phillip, Marry Jiang's hand suddenly stopped, just about to take it back.

Snapped!

Phillip suddenly grabbed her thin wrist and opened his eyes to look at her.

This reaction made Marry Jiang's heartbeat miss a beat.

"Let go!"

She wanted to pull her hand back, Phillip used a bit of strength and sat up by the way.

"Do you hate me so much?" He asked sadly, "Don't even want to touch my face? Or do you think the scars on my face are ugly and regret marrying me?"

What? How did it get the scar on his face?

"What are you talking about? When I met you, your face was like this. If I dislike your scars, why should I be with you?"

"Then why leave me?" Phillip held her hand tightly and said in a low voice: "I can't accept such an ugly me, but you accepted it, but now because of a little misunderstanding, you have to leave me?"

"Small misunderstanding?" Marry Jiang stared at him amusedly: "Do you still think that I am making a fuss about this matter? It is not a very important matter at all if you leave me, it is just a small matter. It's just a misunderstanding, too small to be any smaller, right?"

"That was not what I meant."

"Then what do you mean?" Marry Jiang said sharply: "What do you mean by you?"

Speaking of the end, Marry Jiang's eyes were red and her nose was sour, tears almost rolled out of her eyes. At the critical moment, she turned her head abruptly and did not shed tears in front of Phillip.

However, Phillip still saw tears rolling down her face and hitting the back of her own hand.

Seeing Marry Jiang like this, Phillip was heartbroken and extremely upset.

He didn't speak much, he went forward to hug Marry Jiang's shoulders, put his chin on her head, and whispered.

"I'm sorry, I'm sorry, it's all my fault, don't cry, what I just said was not intentional."

"It's me who is not good, I am really useless, I can't keep you, but I always make you angry."

He kept apologizing to Marry Jiang, but Marry Jiang only shed tears at first, but the more and more fierce he wiped it, he cried out of control at the end.

After following Phillip for so long, Marry Jiang has not been sad, but every time she is sad, she always tells herself that there is nothing, and always coaxes herself, after coaxing, and generously expressing that everything is over.

Probably this kind of time has been going on for a long time, so now she can't get past this hurdle.

That night, Marry Jiang cried happily, and while crying, she hammered Phillip's shoulder, "I shouldn't have been with you in the first place, I should have knocked out the child directly, why should I short my head to be with you? Is it because I have a relationship with you? I am obviously a new-age woman, why would I do such a stupid thing? Isn't it good to find someone who likes me and I like it? Why should I be with you?"

When she was crying, she vented all the emotions in her heart, as well as those things that she didn't have a chance to say.

Phillip was shocked when he heard it, and was afraid that his explanation would make her hairy, so he could only hug her tightly.

Finally Marry Jiang was tired from crying and fell asleep in his arms. Phillip could only hug her back to the bed and cover her with a quilt.

After finishing sorting it out, Phillip raised his eyes and saw the child sleeping next to him, staring at everything with his big eyes. Those eyes were big, deep and very bright, as if he knew what was going on.

Phillip didn't know when he woke up, but in order to prevent him from crying suddenly and making Marry Jiang noisy, he reached out and hugged his son.

On weekdays, he cried as soon as he hugged the child, but now the child is so behaved, he was held in his arms, and he was still holding him quietly.

After closing the door, Phillip let out a heavy breath, looked at the little guy in his arms, and poked his face.

“Little guy, if you are really obedient, help your father and don't let your mommy leave.”

He really didn't know how to coax Marry.

The little guy tilted his head and stared at him curiously. Phillip smiled bitterly: “Forget it, what do you know as a kid?”

Not going to the company for several days, Ye Moshen called Phillip to inquire.

Phillip felt very sorry and explained clearly, saying that there was something to be dealt with at home recently and he could not go to the company for the time being.

Ye Moshen stayed silent for a long time, and suddenly asked: “Did you have a fight?”

Hearing, Phillip paused, and finally admitted helplessly.

“Heh.” Ye Moshen laughed at him without conscience, and then asked him: “How long will it take to resolve it?”

Phillip could only sigh thinking of Marry Jiang’s broken heart from crying last night.

“I don’t know, Mr. Walter, I’m sorry, if it doesn’t work, you think the company still...”

“Phillip, are you a man?” Ye Moshen suddenly sprayed him.

“Ok?”

“You can’t coax?”

Phillip: “...”

“Have you learned the thirty-six tricks? Will you abuse yourself if you can’t coax you? Will the bitter tricks?”

Phillip’s eyebrows jumped, as if he had heard a terrible suggestion from Ye Moshen’s mouth, “Mr. Walter, you are...”

“Why? This young master has personally tried the experience taught to you, but still not accepting it?”

Phillip didn’t expect Ye Moshen to be this kind of person. When he irritated his young grandma, he wouldn’t always go to the 36th plan, right?

Still bitter?

How do you make a bitter trick?

Chapter 1527

After hanging up the phone, Phillip sat by the bed in a daze.

Mr. Walter offered him a trick, but he didn't understand how to use this bitter trick?

Is it possible to keep Marry Jiang behind with a bitter trick?

What if it makes her even more angry?

Thinking of this, Phillip felt that he was very big head.

When everyone was eating together these few days, the dinner table was very quiet, Liang Yahe could only adjust the atmosphere as much as possible, and let Phillip put vegetables in Marry's bowl.

Because the elders were there, Marry Jiang did not act very resistant. Phillip picked up something into her bowl, and she turned her head to look at Liang Ya and said, "Thank you, mom, hurry up and eat."

"Well, you can eat a little bit more, don't be hungry, confinement is the most important thing."

Marry Jiang tilted her head for a moment, and suddenly asked, "Mom, I have been sitting in this confinement for almost half a month. I want to go out this afternoon, okay?"

When she heard that she wanted to go out, everyone at the dinner table suddenly put down their dishes and chopsticks vigilantly and looked at her nervously.

This coincident behavior made Marry Jiang a little bit dumbfounded.

“What are you doing? It’s been half a month, I think I should be able to go out? I see many celebrities return to work early, and I should have no problem.”

“It’s not like that, Marry, it was originally a confinement. It hasn’t been a month, so it’s better not to go out. How can those stars be the same as us? The body is important.” Liang Ya and immediately held Jiang nervously. Marry’s hand, “Also, what are you going out to do? Is there something missing to buy? Just let Phillip buy it for you.”

Marry Jiang smiled and said softly, “Mom, there are indeed some things that need to be bought, but Phillip can’t buy them, so I plan to go by myself, and I also want to go shopping with my friends.”

“Don’t let it go, I’ll talk about it after the confinement.” Du Xiaoyu on the side looked at Marry Jiang quietly and said, “Don’t trouble others.”

When Phillip said that Marry Jiang wanted to go out, the whole person seemed to have been tapped on the acupuncture points, sitting there staring at where Marry Jiang was.

It’s a pity that Marry Jiang never looked at him from beginning to end, as if she had completely regarded him as a transparent person.

Why did she suddenly mention the topic of going out, does she really want to leave?

Thinking of this, Phillip felt that his future life was gloomy.

No, no, Marry can't go.

Thinking of this, Phillip suddenly grabbed Marry Jiang's thin wrist and pulled her up.

Marry Jiang was about to eat, who knew that Phillip suddenly grabbed her, and without waiting for her to react, he hugged her up and walked toward the room.

The two elders were still at the dinner table. Marry Jiang didn't expect Phillip to do this. When she recovered, her face was already warm, and she slapped Phillip's shoulder vigorously.

"What are you doing? Hurry up, let me down, do you know if there are elders here watching?"

Seeing this scene, Liang Yahe was so angry that she stood up and rushed over, but was held back by Du Xiaoyu.

"Don't go. The two young people's affairs will be solved by the two young people."

"But if Phillip looks like this, will he beat Marry? No, no, I have to go and see."

Liang Yahe is still very nervous Yazi, Du Xiaoyu took a lot of effort to hold Liang Ya, and then whispered: "It's the same thing between men and women, don't mix things up, I think we'd better go out first. I'll be back later. I can see that Phillip, this child, is not the kind of man who can do things, besides, Marry's current situation is not broken."

Du Xiaoyu made a prompt decision, Liang Yahe was finally persuaded by her thoughts, and then immediately packed up and left.

On the other side, Phillip didn't care at all and led her into the room directly, and then closed the door.

Marry Jiang finally found a chance to jump down, and then she saw Phillip's eyes become cold and terrifying, and she was a little scared in her heart, but she had to act hard.

"You, what are you doing?"

Marry Jiang stood there with her chin up, staring at Phillip and said, "Phillip, you suddenly went crazy like this. Believe it or not, I divorced you?"

"Believe!" Phillip approached her step by step, holding her shoulders, his eyes gloomy: "You want to abandon your husband and your son. What is a divorce to you? What is it to me?"

The term "abandoning husband and abandoning son" was so serious that Marry Jiang frowned, but she couldn't refute it, because the decision she made before really thought so.

Thinking of this, she sneered.

"What about abandoning your husband and abandoning your son? You don't have me in your heart at all. Do you want me to live with you when I am wronged? What do you think of me as Marry Jiang? An object that fills the emptiness of your heart when you are lonely, Am I a tool person?"

"What are you talking about?" Phillip frowned, "When did I have you in my heart?"

"If you have me in your heart, you would not choose to help her and abandon me. To be honest, nothing happened that day, but if something really happened that day, would you regret it?"

Phillip paused, and the palms hanging on both sides tightened unconsciously.

“Before, I thought that as long as you give you time, you can forget her. I can slowly replace her in your heart. But what happened that day told me that some people couldn’t replace them at all. I was too naive, indulged in my own fantasy, now I don’t want to be drunk, can I wake up if I want?”

After finishing talking, Marry Jiang was about to walk outside Phillip. When she was around Phillip, she stretched out her hand to stop him, and then trapped her in his arms.

“Who said you didn’t take her place?”

Marry Jiang was taken aback, staring at him blankly.

“I don’t have her anymore in my heart!”

When the words fell, Phillip lowered his head and kissed fiercely.

“Hmm.” Marry Jiang thought he would explain it to her, who knew he would come here suddenly, and his kiss was fierce and urgent, and the tooth hit her lips, and the pain made her almost cry.

This bastard!

Marry Jiang stretched out her hand to push him, so she should not accept such a rude kiss, just like venting/venting!

Marry Jiang’s resistance made Phillip feel that she couldn’t hear what she said, and her movements followed fiercely, pressing her on the shelf next to her, pinching her chin, prying her teeth away, and then driving away. Into.

“Hmm.”

The two pushed them, the bookshelf was swayed, and the top book smashed down, and Phillip subconsciously reached out to block it.

Snapped!

After Marry Jiang was free, she raised her hand and slapped him.

“Get out of here, I never want to see you again!”

Phillip was slapped with her face, but did not move, but slowly said: “How can you believe me?”

“Believe that I really like you?”

Chapter 1528

Believe?

Marry Jiang wiped the corners of her lips, and he was bleeding from his teeth. This kiss had no beauty or emotion at all.

She is now full of anger and nothing else.

So she sneered, “I won’t believe you, and I don’t want to hear you.”

When people are angry, they are always reluctant to speak.

“Don’t listen?” Phillip looked at her mockingly: “So you don’t believe what I am doing now? Do you want me to show you my heart?”

The latter sentence made Marry Jiang upset. She glanced at him incredulously, as if she was neurotic, and then ignored him.

“Is not it?”

Phillip unwillingly grabbed her hand and asked again.

Marry Jiang wanted to shake off his hand, but he kept holding on tightly, and kept asking her: “Is it right? Do you want me to cut my heart out and show you?”

“Phillip, are you naive? Let me go!”

“Naive is naive. You want to abandon your husband and your son. How can I be worthy of myself if I don’t do anything?”

After that, Phillip really took Marry Jiang to the kitchen.

He couldn’t think of any bitter trick, but he came up with a dangerous strategy, saying that whether he was mentally disabled or impulsive/active, he already wanted to try it.

He heard Marry Jiang say that if something happened to her that day, he would regret it, Phillip would regret it.

Very regretful, he can’t lose Marry.

“Phillip, what are you doing? Let go of me, you let me go!”

Marry Jiang was dragged into the kitchen by him, and she had a very vague premonition in her heart.

He said to cut it out and show her, he wouldn’t come for real, would he?

If he comes true, Marry Jiang feels that she wants to kill him very much. She showed her courage and said angrily: "If you really dare to do such naive things, I will never forgive you in my life."

"What to do?" Phillip looked at her in confusion, and murmured, "No matter what I do or not, you don't want to be with me anymore. I can't live without you. It's better than this. Let me really cut my heart out for you to see."

Phillip actually opened the cabinet, his eyes and expressions were very hurt: "No matter what you saw last, as long as I did this, you might believe it."

Marry Jiang saw that he really opened the cabinet, his hand was about to touch the knife, so scared that his soul was gone, he firmly grasped his hand: "Stop, you stop me."

However, Phillip seemed to have not heard her words, and moved forward.

When he finally held the knife in his hand, Marry Jiang's face was already pale, but she still remained calm and said: "Phillip, if you really dare to do anything, I promise, I will do the same as you. , Do you think you are cruel?"

Hearing, Phillip's hand movement really stopped.

Effective.

"You want to cut your heart, right? Come on, then you cut mine first to see what it looks like, lest I have to do it myself after you finish it."

After speaking, Marry Jiang was about to grab the knife in her hand. Phillip saw her rushing over, panicked, and hurriedly put the knife back.

"Give me the knife!" Marry Jiang was as tough as a female thief, she wanted to snatch the knife from his hand.

Previously, Phillip wanted to use this tactic to threaten Marry. He was going to hold the knife and then ask Marry if he could leave. He really didn't expect to really make fun of his life.

Now that Marry looked so fierce, Phillip also realized that he was really too impulsive.

He closed the cabinet with a bang, and then held Marry Jiang tightly into his arms.

"Sorry, I was wrong. I shouldn't have come up with such a bad way to keep you, but Marry, tell me, what do you want me to do, you will forgive me? That is indeed what I did wrong. But I swear, I don't think about her at all."

"The only thing I think in my heart right now is you."

If he had said it earlier, Marry Jiang might really believe him, but at this time, he felt that he wanted to keep himself and forced himself to say such things.

However, she was still very emotional at the moment, so she could only take a deep breath to restrain her temper. After several rounds, she calmed down a bit, and then raised her eyes to look at Phillip.

"You said you are the only one in your heart now?"

Phillip looked at her seriously and solemnly, even raised his hand, "I swear."

After that, he put his hand down, holding her cheek and slowly approaching, "I had her in my heart before, but that was all the same. I saw her injured that day and she was still confused. I just went out. The morality between my friends sent her to the hospital, not because I love her or think she is important. And you, if something happened to you that day, it would be more painful than letting me die. Marry, Phillip has long been in love with you and has a little confidence in himself, okay?"

In the end, Phillip's tone was almost begging, almost humble to the bone.

The distance between the two was very close, and Marry Jiang clearly saw her reflection in his eyes.

She suddenly remembered a sentence.

If a person is always humble when courting, it means that this relationship will always be at a disadvantage.

Phillip's current tone made Marry Jiang suddenly remember the matter between the two.

Although she had taken the initiative before, she had always occupied a high position in front of Phillip, and had never lowered her posture.

But now Phillip was so low in front of her.

This shows what?

Marry Jiang's heart suddenly became messy, pushed her hand away, and turned her back to him.

"Let me think about it. I don't want to discuss this with you today."

"Okay." Phillip annoyed her just now, and now he really didn't dare to annoy her anymore, so he could only rely on her.

Finally after Marry Jiang returned to the room, Phillip sat alone in the living room, the slap on his cheek was still a little painful, and the things that happened before were still lingering in his mind.

"I have to say that he is really stupid today."

How could he do such a thing?

According to Marry's temperament, she probably hated his behavior, right?

Thinking of this, Phillip could only smile to himself, and then stroked his cheek.

Thinking of this, he sent a message to Ye Moshen.

"Young Master Ye, the method you taught me was useless, and you got slapped in the face."

Ye Moshen was with his wife when he received this message. After looking at the person who came to the message was Phillip, he put it back in his pocket without looking at it.

When his little wife went to the bathroom, Ye Moshen took out the phone again and responded coldly.

"That must be because you were not seriously injured. If you are dying, how could she slap you?"

Seeing this news, Phillip felt as if he had a lot of inspiration.

Chapter 1529

Dying?

Yeah, why didn't he think about it before?

If he was dying, how could Marry leave him?

But...

Phillip sent another message to Ye Moshen.

“Will this be too mean?”

“What despicable? Between husband and wife, this is called love/interest.”

After Ye Moshen finished typing this line, Stella came out, so he quickly put away the phone.

When Stella came out, seeing Ye Moshen’s move to hide his phone, she couldn’t help narrowing her eyes: “What are you doing sneaky?”

Ye Moshen naturally wouldn’t let Stella see the messages he sent to Phillip, so he spread his hands and said, “Nothing, are you hungry? Do you want them to prepare lunch?”

The dynamic look is not right, and the topic is changed.

Stella narrowed her eyes slightly and stared at him carefully: “I’m not hungry, please show me your phone.”

“Cough...”

“Bring it.” Stella reached out her hand.

“It’s really nothing, it’s just a mobile phone, what’s so good about it?”

“Ye Moshen, you have a secret to me, right? There are things in your phone that I can’t see, right? That’s okay, or I should ask you another way, do you have anything besides me? Someone else?”

The latter sentence made Ye Moshen’s eyebrows immediately frowned. He couldn’t bear this charge, so he immediately shook his head to deny it.

“How is it possible? I won’t look at other women except you, let alone look at it, I won’t even look at it at a glance.”

After finishing speaking, he handed the phone to Stella very well.

“It’s Phillip’s message, I’m giving him an idea.”

Facing Stella’s doubts, Ye Moshen explained that he was a bit like a big boy with six gods and no masters, for fear of angering his beloved girl.

“Phillip?” Stella knew his mobile phone lock screen password, which was her birthday, so she entered her birthday and asked, “What can you suggest to him? Didn’t he ask for leave recently? I heard that his wife gave birth. I haven’t seen what the child looks like. I have time to go...”

Having said that, Stella’s words suddenly paused, because she saw the dialogue message between the two.

Ye Moshen didn’t know if Stella would blame him, a little guilty.

After a while, Stella raised her head and looked at him.

“What bad idea did you give him? What is dying? Is this what a normal person should do?”

“Ah, just talk casually, how could Phillip do such a thing?”

Stella asked again: “His wife didn’t just give birth. Why did the two quarrel? No, what if you come up with this idea and do it if he doesn’t figure it out? I have to call him.”

Soon, Stella called Phillip over.

Phillip didn't wait for Ye Moshen's message, thinking that Mr. Walter didn't want to talk to him anymore, and didn't want to call directly, so he immediately answered it.

"Mr. Walter, what kind of dying is your life? Should I pretend to have a car accident? Or..."

"Phillip!"

Before he finished speaking, Stella severely interrupted him.

Phillip was still stunned when he heard that it was not Mr. Walter's voice, but a familiar female voice, and then he reacted.

"Young grandma?"

"Don't listen to the bad ideas he gave you. You must not do things like your life is dying, or pretend to have a car accident. This kind of thing can be big or small. Don't kill your own life to make a joke."

Faced with Stella's severe criticism, Phillip could only explain.

"Miss grandma, it's not what you think, I just pretended not to make fun of my life."

He has just become a father, and there are people who want to protect. How could he make fun of his life?

"What about pretending? What if something happens to you in the process?"

"No accidents will happen."

“If an accident can develop as you want, it is not an accident! In short, you are not allowed to do this kind of thing. You and Marry quarreled, right? There are many ways to solve it. Don’t make fun of your body. “

After finishing speaking, Stella gave Ye Moshen a fierce look, stretched out his hand to pinch his arm, “I blame you for making your mind.”

Walter was deeply painful, but he was helpless and had no choice but to take it alive and tell her that I was wrong.

“Well, you can tell me what is going on between you first, and let me see if I can think of a way for you.”

Young grandma find a way for him?

Women should understand women’s minds better, right?

But what he wants to say is about Jessica, is it really okay to say it directly? Phillip actually started to struggle.

Feeling his hesitation, Stella said: “Are you really going to listen to your family’s Mr. Walter’s words and make fun of your own life? I know that you are trying to make things difficult, but there are many ways to solve the problem, there is no need with this method.”

It can be said that he was educated by Stella, and finally Phillip told Stella what happened recently.

Because Stella wanted to help Phillip solve this matter, she didn’t care about the night, and even heard that she finally got up and walked to the window sill, listening carefully to Phillip’s talk about this matter.

After she heard everything, Stella couldn’t help but frowned and said to Phillip, “You really didn’t handle this matter properly.”

Hearing what Stella said, Phillip felt that the sky was about to collapse.

“I knew what I did was wrong, but the situation was urgent, I...”

What can he say? He did such a thing in that situation even more without explanation. And Stella can also set up a good experience of Marry Jiang’s idea of knowing that she was left behind, especially when she knew that the reason for her being left behind turned out to be someone her husband liked before.

At this time, no matter whether the man likes this woman or not, everything becomes unimportant.

Because everything will be replaced by subjective consciousness.

That is, he chose the former between Jessica and her, which is deadly enough in a relationship.

It’s not that it is hypocritical or hypocritical. Most people will care about this matter. It’s like a scar. You can’t ignore its existence.

Unless you pretend to be stupid, but how long can you hold on to pretend to be stupid? For a lifetime?

“Phillip, this matter has developed to the present. According to my thoughts, if Ye Moshen did the same, then no matter what he does, I don’t think he will forgive him too much. There is also the bitter trick you said, even if it is implemented. Now, let her reluctantly stay, but this matter is still unresolved, this point will always be a crack between you two.”

“Young lady, what do you mean by this?”

“In fact, the best solution at the moment should be to separate and calm down. The situation was very critical at the time, but you abandoned her and

sent Jessica to the hospital. This is an indelible fact, so it is best to stay apart for a while. .”
