

# Nothing to Give but My Heart Chapter 235-240

## Chapter 235

Ana only stayed for a moment, then nodded, and then waited for Song An to pack up and go home with her.

When she got out of the hospital, the night outside was already brightly lit. The lights of the city's Wanjia and the neon lights at the intersection were intertwined with each other. The night breeze came, and Ana actually felt a little cold, and subconsciously shrank her neck and hugged her arm.

"If it's cold, put on a suit. Wait for me here. I'll go drive."

"Good auntie." Ana now calls her auntie, calling more and more comfortably.

Waiting at the entrance of the hospital. It was autumn now, and the wind at night was really cold. After thinking about it, she finally put Walter's suit on her shoulder.

His suit is very big, draped on her like a big cloak, keeping the wind tight.

Ana lowered her head and sniffed. The suit also carried the exclusive smell of Walter, deserted, like the smell of tobacco.

Thinking of this, Ana blinked, and subconsciously tightened her suit for a few minutes. After waiting for about two minutes, Song An drove out and stopped not far away. Ana went over and sat in the car door. .

"Remember to fasten your seat belt." Song An reminded, and then drove.

As the car drove into the driveway, Ana looked at the neon lights on the street, and suddenly heard Song An ask herself: “What is going on with this injury today? What happened between you and Walter?”

Between her and Walter...

“The soundproofing in the office is not good. You shouldn’t have fallen asleep at that time, and you should have heard all our conversations.” Song An did not wait for her to answer, and added another sentence.

Hearing, after a while, Ana’s ears and face began to burn.

Unexpectedly, Song An’s insightfulness was so strong, even this counted, what about Walter? Does he know what his aunt can guess?

“Then I will ask you now, do you really want to live a good life with Walter?”

How would she answer? Ana pulled her lips with difficulty, and said in a low voice: “Auntie, I know...you are a very good person, but...feelings can’t be forced, and the relationship between me and Walter is a bit complicated. Besides... It is not me who wants to marry him.”

“Phillip told me everything about you. You married your younger sister. Because the people of the Shen family feel that Walter with disabled legs is a fire pit. Marrying their daughter to Ye family is no hope.”

This is correct, and Ana has no reason to refute, so she can only silently lower her eyes.

“I told Walter at the time that because he is disabled, you are still willing to marry. Even if you marry on behalf of you, you are a very real child, and I think your child is good to Walter. Can you give What about my sister?”

Hearing, Ana raised her eyes and looked at Song An: “What are you talking about?”

“Do you like Walter?”

Ana: “...”

Song An raised her lips and smiled, “Too blunt? Let’s put it another way, how do you think about this marriage? Although it was a transactional marriage at the beginning, most transactional marriages also have real feelings behind. , How have you been with him for a few months?”

Ana: “...I...” She still doesn’t know how to answer. Even if Karla Han comes to ask her this kind of question, she doesn’t know how to say it, let alone Song An is an elder, and Ana is even more at a loss. Measures.

“It seems that your heart is quite tangled.” Song An shook her head: “It seems that you still need time.”

Ana lowered her eyes, “Auntie, don’t say anything, Walter... he won’t like me either.”

Hearing, Song An couldn’t help laughing: “I haven’t seen it yet. You girl still guesses people’s hearts? Does he like you? If you don’t ask him yourself, you will know?”

No need to ask, Ana thought in her heart, and she asked too.

At that time Walter asked if she liked him, Ana went back and asked him if he liked her but... Walter’s eyes and expressions at the time explained...

He still hates her extremely.

Maybe the relationship between people does produce some feelings, but... if there are lumps in the heart, then this feeling is not perfect.

“A lot of things are to be asked. If you don’t ask, how do you know what the other person is thinking? Moreover, even if you ask, what the other person says may not necessarily be what the other person is thinking.” At this point, Song An curled her lips. She looked into the distance with a dazed expression: “Many things have two sides, just like when I asked you, you struggled to answer, there must be many reasons in it. You don’t like Walter, you just because there are some reasons I think you can’t like Walter by yourself, even you think... you don’t deserve him, right?”

Ana was surprised, and looked at Song An with a stunned look: “Isn’t my aunt a doctor who performs surgery? How can... also... psychology?”

She asked awkwardly, Song An glanced at her during her busy schedule, and found that her expression and eyes were dull, she couldn’t help laughing.

“Haha, you girl... you are all about to become a mother, why are you still like a child? No wonder...”

No wonder Walter has changed so much, now Walter has more flesh and blood than before, and he is worried about her feelings.

In the past, Walter was only thinking about revenge, and vowed to take Yeshi off. There was never a woman around him.

The old man Ye suddenly assigned him a marriage. Originally Song An was quite worried, but the fate of the world is not clear, but he did not expect to get together with Ana. The situation has developed into this, which Song An unexpectedly of.

Ana Shen was a little embarrassed and bit her lower lip.

Then Song An took her to the house. Song An has a small apartment of her own. The environment in the community is quiet and the apartment is very warmly dressed.

“You sit down for a while, I’ll go inside and change my clothes, and then I will call Walter and tell him that you are with me and let him come and pick you up later.”

“Thank you, auntie.”

After Song An left, Ana sat down on the sofa, and then looked at the furnishings in the house for a while. After sitting for a while, Song An came back.

“What? Are you reluctant to take off your jacket after entering the house?”

Ana’s face became hot by the words, and dryly took the sentence: “I forgot...”

Then she moved a little impatiently and stretched out her hand to take off the jacket, probably because she moved too violently. When she took it off, she heard a click, as if something had fallen on the ground.

“What’s missing?” Song An asked.

Just as Ana was about to bend down to look for it, she saw Song An stepping forward and bending down in front of her, and then picked up the small box at her feet.

“What is this?” Song An asked, and put the box in Ana Shen’s hands: “I saw it fell out of the suit pocket.”

## **Chapter 236**

Hearing that it fell out of her suit pocket, Ana knew that it was Walter's thing, and after taking it from Song An's hand, she wanted to put the small box back in her pocket.

Song An couldn't help but raised her eyebrows with such a regular behavior, and smiled: "You are not curious about what it is? You don't want to open it and take a look?"

Hearing, Ana stopped for a while, then raised her eyes and looked at each other with Song An.

open to take a look?

"I think the box is quite small and exquisite. Even if it is his thing, I think he bought it as a gift. Maybe... it was just for me. Why not open it?"

"Is this... not so good?" Ana Shen pulled her lips awkwardly. After all, she opened his things without Walter's consent, and... the most important thing is that Walter would not buy her gifts. .

Maybe... he bought it as a gift for others.

Song An directly reached out and took the box over: "If you don't open it, I will open it. I'm very curious about what Walter bought."

After speaking, Ana opened the small box directly, and it was too late for Ana to stop it.

After the small box was opened, a pair of earrings with pink ear diamonds appeared in front of her. The round pink light made both people startled at the same time. Song An exclaimed in surprise, "Sure enough, I said it was a purchase. Here to give it to you."

Staring at the pair of small and round earrings, Ana Shen's breathing paused for a moment, and she thought she had read it wrong.

This pair of ear studs...

Obviously it was the pair that Jessica picked for her the last time they were shopping. At that time...she tried it, but the price of the earrings was so high that Ana didn't buy it. Walter wanted to give it to her. he bought it, but she refused.

After that, she left, didn't expect Walter to actually buy it?

However, when did he buy it, and why didn't he give it to her after he bought it?

Thinking of his deep and sharp eyebrows, the usual Walter is always unsmiling. When he is not talking, he gives people a sense of abstinence. When he speaks, he is very poisonous. It is completely impossible to imagine him going to buy this pair of ear studs and then put them on. Putting it into his suit pocket.

"Looking at your expression, there seems to be something wrong? What's the matter?" Song An asked curiously when she saw her staring at the pink earrings.

Hearing her voice, Ana Shen recovered and shook her head: "Nothing."

She looked away, still a little strange in her heart, why did Walter buy this pair of ear studs for her? Obviously... he didn't hate her?

"You have a fair complexion, and these earrings match yours." Song An put the box in her hand and smiled slightly: "I have never seen a girl Walter buys something for."

“Auntie, you may have misunderstood, maybe this was not bought for me.” The box was stuffed into Ana Shen’s hands, and Ana suddenly felt as if she had encountered something heavy, she hurriedly held it, and then carefully closed the box, but the action was too bad.

Song An smiled calmly, feeling that she suddenly understood something, but since she was shy, she wouldn’t talk about it as an aunt.

After Song An went to cook, the two simply ate a few small dishes together. Song An’s craftsmanship was very good, and Ana ate a bowl of rice for an unprecedented time. Seeing that she had a good appetite, Song An said: “Your appetite should be Plus, it’s too skinny and it’s not good for your child.”

After finishing speaking, Song An got up and gave her a bowl of chicken soup: “It looks like you are malnourished. Don’t be told that Walter abused you at that time. You have to eat more in the future, if you think they do not suit your taste. , You can find auntie more.”

“Thank you, auntie, but...I can’t trouble you every day.”

“It’s okay.” Song An smiled slightly: “After all,your aunt is Walter’s only relative in this world.”

Hearing about Walter’s life experience again, Ana was naturally a little curious, because Curtis Ye’s mother never lived in Yejia since he was a child, and she didn’t come back until later. Gives the illusion that he is an illegitimate child.

“Is it spreading from the outside world that Walter is Ye’s illegitimate child?”

While thinking about it, Song An asked suddenly.

Ana suddenly recovered, and looked at Shang Song An in surprise.

How would she know what she was thinking?

“Actually, that’s not the truth.” Song An put down her chopsticks, took out a tissue and gently wiped the corners of her lips, she said in an elegant manner, “It was Walter’s father who was responsible for Walter’s mother. My sister.”

“My sister’s name is Song Xin. Back then, Walter’s father spent a lot of time pursuing her. My sister had always been soft-hearted. She was entangled with Walter’s father and stayed with him. Feelings will come naturally. But not long after they got married, Walter’s father had an affair.”

Speaking of this, Song An paused, and then whispered after a while: “Although my sister is soft-hearted, she is very strong. How can a strong woman tolerate her own man cheating? Not to mention her body. , Even the spirit is not good. My sister is a person who can’t tolerate sand in her heart, so...”

“So she didn’t give Walter’s father a chance and left directly, right?”

Ana answered.

Hearing, Song An looked at her with a touch of appreciation in her eyes and nodded: “Yes.”

“My elder sister was a strong person. Besides, the man said so beautifully at the beginning. Who knows that when he changed his heart, he would change his heart. So the elder sister walked very decisively and did not look back. Even if he came to beg her again later, she never looked back or replaced him. The man shed a tear. But after a while, that seemingly affectionate man actually brought the cheating object back home.”

“What?” Ana’s eyes widened in shock: “To bring the derailed subject home, then...”

“I’m surprised, but many times, a man is so fickle, maybe he still loves you in the last second, and he can love others in the next second.”

“Of course.” Song An suddenly changed the subject: “Walter is definitely not this kind of person, after all-the education his mother gave him has always been from the beginning to the end. He is very similar to my sister. So you don’t worry, he will not love other women.”

Hearing, Ana Shen shook her hand, is Walter as strong as his mother?

“I’m afraid he who is stronger... will resist this kind of marriage even more, won’t he?”

“Yeah, it’s one thing to resist, but... the heart can’t be controlled by oneself, and it’s one thing that you can’t help it, what do you think?”

“Maybe he resisted at first, but you know what he did, don’t you? I saw you a few times, what did he do? My aunt is in my eyes.”

“Ana Shen, my aunt should call you Ana. My aunt knows you are a good girl, but Walter is a sensitive person and may be very resistant, so... are you confident?”

## **Chapter 237**

Are you confident?

Song An suddenly took her hand: “It may be very hard to be with him, because of his character, but I believe he is not unsympathetic to you, but you still need time to sharpen it.”

“So Auntie tells you these words first, I hope you can be mentally prepared.”

Need time to sharpen?

She and Walter may be divorced when the time comes. How much time do they have to grind?

Ana suddenly thought of the pair of pink earrings just now, if he really wanted to buy it for her...

If... he has a trace of affection for her.

“Okay, you just need to remember what I said to you, and drink more soup.”

So Ana drank an extra bowl of soup under Song An’s urging, and when she was done, she got up to help Song An clean up the dishes. After waiting for about ten minutes, Song An’s cell phone rang. Before seeing the caller’s number, Song An gave Ana a mocking look, and then answered the phone.

“Do you still know to call me? Do you remember your wife is here with me? Yes, when will you come over after dinner? Okay, then you will come up to pick her up personally.”

After speaking, Song An hung up the phone, then turned her head to look at Ana Shen: “Look, isn’t this caring about you? So... if you like Walter, don’t give up, you know?”

She was brighter and darker today, and she had already told her several times. It is impossible for Ana Shen not to understand, she nodded.

“I know my sister, don’t worry, if I can, I will work hard.”

“That’s all right.” Song An finally relaxed, and then smiled at Ana Shen. The two waited for a while, when the doorbell outside suddenly rang, and Song An pointed to the door: “Go open the door. , He came to pick you up.”

Suddenly, Ana became a little nervous, because after realizing that he had bought the pair of ear studs for her, perhaps he had hidden affection for her, Ana Shen thought of seeing him again, and her heart suddenly accelerated.

“Go, take the suit with you. You don’t notice what happened today. Wait until he personally hand over the earrings to you, know?” Song An saw her sitting on the sofa as if nervous, and asked her A trick.

Ana Shen suddenly felt that Song An was really a good elder, got up and thanked her, then took the suit and went forward to open the door.

Taking a deep breath, after Ana opened the door, she saw Walter outside the door, and Phillip followed him, looking at her peacefully.

Ana looked at Shang Walter’s cold eyes, and suddenly realized that his eyes were on her body, and when he lowered his head, he realized that she was holding his suit.

What she thought of, quickly returned the suit to him: “Yours.”

Walter’s thin lips pressed lightly, his eyes returned to her face, and his voice was cold: “Drop it, it’s cold at night.”

“...” Ana thought for a while, and finally put the suit back in Walter’s arms, and then said: “Let’s go back first, it’s late.”

After that, she took the first step and walked forward, but after less than two steps, Walter’s wrist was held, and then she was pulled back.

“What run? Not let you wear?” He frowned angrily, raising his hand will she dragged his arms, and then the suit draped over her shoulders, separate them closer, just to see her neck wound on, the eyes look a little after dark, he would suit her body taut, fingers are not careful to draw her skin, then asked: “What hurts?”

His fingers gently, like fluff, like across, so Thriller Ana could not help a bit, then warble: "Well, a lot better."

Her voice shaking a little bit, to hear the night Walter straight frown: "? How sound has been shaking"

Ana Shen elude her eyes, Qing Ke out: "it may be ..... cold, we go back as soon as possible."

Walter night to see her eyes always avoid, may want to know why, only Minchun: "ah."

After Ana stood up, take the initiative to push him to the elevator door, Phillip Song for there to secure the door shut, we just leave the district SONG live.

So after the car, Ana to find herself a place to sit down, just stuck a perspective, in the night Walter sight.

Opened the car stable on the road, about a few minutes, Ana Walter heard the night ask yourself sink in with that dumb voice.

"Why do not you ask me gone?"

Listen to words, Ana Shen recovered, only to find the car quiet was not, think of the problem the night Walter, she naturally replied: "? You are not going to deal with Shibao Qin events yet."

Night Walter hesitated and then narrowed his eyes staring at her: "You ....."

"Do not you go?" Ana Shen Xuan ink toward the night looked in the past, with a puzzled look.

She had her eyes on the cold, the moment with her on the night Walter think of themselves just to see the complex mind, "If I said no go?"

Ana: "..... What are you doing, ah?"

Forget it!

Night Walter think, before things have not thoroughly investigated, I would first do not tell her.

Suddenly he do not speak, Ana Shen also helpless.

She just cannot figure out what else to do except Walter night it?

"I am also very busy, and not just run around for you to do."

Ana: "..... know."

She lowered her eyes, but did not feel depressed, because they are aware that for earrings, as well as Ann Song said those words to her, let her have some small proud of them, perhaps ..... should be said that it is more fun to it.

So the night Walter said these words, she was only if he did not hear well.

Tongued guy, hum, do not have the ability to buy her a diamond ear ah!

Thought of this, Ana Shen pink lips could not resist the upward pan pan, followed fundus thrown little smile.

Walter night to see her hanging his head, but he was blocked out with black hair, you simply cannot see her face.

Inexplicable, night Walter annoyance.

Suddenly, Ana looked up.

“By the way, I have forgotten to ask, how is Shi Baoqin? Is she and her child safe?”

Phillip, who was driving in front, heard it, and hurriedly replied: “Second young lady, don’t worry, neither of them is okay. They are not killed, but they are weaker and need to be hospitalized.”

Ana Shen finally breathed a sigh of relief when she heard that they were all right.

Not only because she was afraid of injuring others, but also she felt that Shi Baoqin was a poor woman, and she didn’t want her to pee twice. It was so pitiful.

“The second youngest grandma, in fact, that kind of person deserves to be in an accident. We have already checked the company’s video. It was she who came to look for an accident on purpose. Even if something really happened, the misfortune would not lead to the young grandma’s body, so don’t worry about it.”

At this point, Ana did not respond, and Walter glanced at her: “Are you worried about her? Or are you pitying her?”

## **Chapter 238**

Unexpectedly, Walter would actually see what he was thinking in his heart. Ana Shen raised her eyes and looked at him, then said warmly: “I have all the worries of the same mother, and sympathize with her for being unsuccessful.”

It’s not good to meet people.

The word became sharp in Walter's ears, and his eyes became darker when he saw Ana.

"You know now, have you met someone bad?"

Hearing, Ana's hands on his legs tightened, and she said nothing.

"If you were given another choice, would you still choose to keep the child?"

Walter's problem suddenly came, and Ana raised her head swiftly, facing his deep and bottomless black eyes, "I..."

Of course she will keep the children.

The child is innocent, and the child is not Ben Lin's.

It's just... from a stranger.

At the beginning, she never thought that she would be pregnant. During that time, she was so embarrassed every day. It was not because of the divorce from Ben Lin that she was overwhelmed. It was because she returned home without any mercy, and even forced her to marry and put her in dire strain.

After she got married to Yezhong, she found out that she was pregnant. Then she was met by Walter's people when she first went for a checkup. Anyway, everything happened too unprepared, and Ana didn't expect it.

"What? This question is difficult to answer?" Walter asked displeasably.

Ana recovered and shook her head: "No, I can tell you now, if you give me another chance to choose, even if you want to drive me out of Yejia, I will still keep him."

Speaking of this, Ana stretched out her hand to cover her belly, "Here... is also a life. I am not that cruel, and I also want a child."

Ana suddenly lowered her eyes, and a warm smile appeared between her eyebrows: "In the future, there will be one more family member."

Walter might see her pair of gentle appearance, eyes suddenly emerge out of another woman's figure, although he did not personally see, but he can also see the woman stroking her belly in the imagination, adhere to their own ideas take the time he was born.

Mother, your state of mind at that time with her, like what?

"In order to slag male, really worth it?" Night Walter involuntary sound down low, Ana notice the difference of his voice, she looked over toward the line of sight, but found the night Walter eyes looked distant deep front, it seems to be caught in the memories.

Ana shocked think of herself that evening SONG remark.

Performance ..... she just let him think of his mother it?

"Well worth it." Ana even the eyes have become gentle up, she subconsciously reached out, covered in a large pocket of the night Walter, calm voice: "As long as the hearts of the firm, it all worthwhile."

Soft hands Ice cool, covered in her hand when the night Walter directly recovered, his side eye saw her eyes, cold eyes, cold piece of cloth gentle, like the sky the stars and the moonlight venues, particularly eye-catching.

Night Walter micro narrowed his eyes, eyes slightly down fell on her hands.

This Ana aware of what he was doing when she panic and want to recover the hand of the night Walter action very quickly, made a sudden backhand holding her cold fingers, and then forced to close her fingers buckle.

Interlocking fingers...

Ana eyes widened with shock, a pair of Meimou in photo light, such as Mount Xu Xu, the night Walter suddenly have an idea.

He wants to kiss her.

He did not restrain his idea, tall body lying leaning forward, handsome face close to her.

Walter night warm breath spray to her face when suddenly recovered Ana Shen, body tilted back a short distance, nervously blinked at him.

Night Walter not happened to kiss her displeasure beneath it: "What's to hide?"

"I ....." Ana face, fever, do not know how to answer him, another night of ink Xuan hand over the probe directly fastened back of her head, then she pressed the back.

Ana Shen not wait to return to God, the night Walter has been tilted to kiss her.

"Well."

This time, Ana wanted to hide did not have to hide, because the night Walter withhold the back of her head, large palm spread out, by all five fingers in her hair fixed position, while the other hand Jinjindengen her fingers intertwined, Ana simply not struggle, he will only let two soft lips covered, then sucking on her lips.

Su Xiao car in front of course noticed the back of the movement, but he seemed to have become accustomed to, anyway, the night Walter wanted to do and never look occasions, but this time, he just put himself as a transparent person, that is, can!

When she arrived at Yejia, Ana Shen blushed and pushed Walter out of the car. Her white cheeks were pink, her lips were bright red and swollen, and her cold eyes became blurred, and she was bullied.

As for Walter, who was pushed out of the car by her, the corners of the lips on her handsome face were slightly hooked, and the dark eyes were filled with satisfaction.

This scene happened to be seen by Curtis coming out of the gate, and then his steps stood on the spot. He, who was originally gentle and courteous, could not collapse at this moment, and looked at them two with a calm face. Entering the door, gloomily staring at the pictures of the two of them, before shaking off.

After entering the room, Ana Shen quickly removed his suit and returned it to him, then went to find her own clothes and was about to go to the bathroom.

Walter stared at her back: "I forgot my aunt's advice, you can't touch water in your wound for these two days."

Hearing, Ana's steps seemed to have been told by Song An, but... how can you sleep without taking a bath?

"Endure."

As if seeing through her inner thoughts, Walter said suddenly.

Ana Shen was crying, and she could not bear it for one day, but how could she bear it for two or three days?

Unexpectedly, the injury on her body was so serious that she could not even touch the water.

“Come here to get the medicine later.” Walter answered.

“Go on, medicine?”

“What? Twice a day, don’t you know?” Walter took out the ointment Song An handed her from his pocket and held it in her hand.

Ana Shen’s whole body was hurt. If she were to take medicine, wouldn’t she have to take off her clothes in front of him?

At the thought of taking off her clothes and appearing in front of him, Ana’s face became hot, and she walked over to take the ointment: “I’ll do it myself.”

Unexpectedly, Walter took her palm and stared at her coldly: “Can you wipe your back?”

Ana: “...”

No way, in the end, Ana could only be speechless and let him wipe himself by default.

“Take it off.” Walter ordered directly.

Ana Shen: “...Or, can you find a servant to give me medicine?”

She was still struggling, she couldn’t take off her clothes in front of Walter.

Walter raised his eyebrows and sneered: “My Master gave you the medicine himself, do you still dislike it?”

Ana Shen bit her lower lip with a bitter face. She was not disgusted, she just felt embarrassed.

“Take it off quickly.” Walter saw that the facial features on her little face were crumpled, a teasing rose in his heart, and he urged teasingly.

## Chapter 239

Ana Shen was still entangled, but it seemed that he heard a trace of joking from Walter’s words, and suddenly raised her head to look at him, and she really saw a slight tick from the bottom of Walter’s eyes.

Obviously, he did it on purpose!

Ana Shen bit her lower lip and said angrily: “I don’t need you to wipe it for me, I can wipe the front by myself.”

After finishing speaking, she went straight to hold the ointment.

I don’t want Walter to stretch out his hand and pull her into his arms, and hold her waist with one hand: “What are you running? Where did I have not touched all over your body? Only then did you know you are shy?”

Ana Shen’s pupils widened, “You...”

“Hurry up, I have to take a bath after applying the medicine.” Walter urged again. Seeing that she was still unmoved, he lifted his lips and leaned close to her in a charming voice: “Or...you want me Help you take it off?”

Ana Shen glared at him angrily: “Let go of me.”

Without letting Walter let go, Ana Shen could only retreat and begged in a low voice: “You hugged my waist like this and hit my wound.”

Hearing, Walter's eyes loosened a bit, and then the range of movements around her became looser, "I know it hurts, don't hurry up, I will help you with medicine."

As soon as the voice fell, Ana Shen hadn't reacted yet, Walter had already reached out his hand impatiently and unbuttoned her clothes.

Ana Shen was wearing a blue buckled shirt today. When he reached out and unbuttoned her, she reacted and held his irregular hand: "Really I can do it myself."

After being rejected by her many times, Walter was unhappy at the moment, narrowing his eyes dangerously and staring at her: "You say it again?"

Ana: "..."

Forget it, just watch it.

Finally, Ana closed her eyes and let him put his hands on her clothes with a tragic face.

A cold in her chest, Ana Shen's clothes were untied, Walter looked at her tragic expression, even shaking her body, could not help but lift his lips.

He really wanted to give her medicine, after all, he couldn't do anything else against her who was hurt all over.

Ana Shen closed her eyes and waited for a long time, until she felt a touch of cold ointment between his fingers rubbing her wound gently, then she opened her eyes, and then saw Walter lower his head, seriously The ointment was squeezed out and stuck between her fingers, then she found the wound and applied medicine to her.

His actions were careful and extremely serious, as light as a feather when he fell on the wound, lest he might hurt her.

“Walter is not without feelings towards you...”

Suddenly, the words Song An said to her during dinner in the evening rang in her ears again, and Ana Shen looked at the black back of Walter’s head in front of him, feeling that his heart was filled at this moment.

It doesn’t matter if you don’t like her.

As long as... a little affection is enough.

The rest... just let him fill it up alone.

That’s what Ana Shen thought, and then the corners of her lips smiled unconsciously.

Walter wiped it a bit more, and found that this woman was suddenly very quiet, and she also felt a blazing line of sight, and the moment she raised her head, it happened to collide with her eyes.

Before he could see clearly, Ana Shen looked away in a panic, as if a deer in the forest had encountered a hunter, frightened and wanted to escape, but panicked.

“Are you looking at me just now?” Walter asked coldly.

Ana Shen shook her head nervously in a denial, but Walter obviously didn’t believe it. He pinched her chin and forced her to meet his own eyes: “I saw it, don’t you admit that you like me?”

“I...” Ana Shen’s lips trembled, but she didn’t say a word.

She still doesn't have the courage to admit that she likes him, will she laugh at him after she admits it?

Suppose he has a little affection for him now, but if he knows that she has such a thought for him, will he start to hate her?

Thinking of this, Ana Shen clenched her teeth, reluctant to say a word.

Walter just wanted a word from her, but every time this question was mentioned, this woman always made a gesture that I would not like you, or she kept silent.

"Never mind." He released his hand and continued to apply the medicine to her, and said coldly: "I won't like you anyway."

Ana Shen was not angry, because her heart was sweet today.

There are still several months, maybe wait... Walter will like her more!

After applying the medicine, Walter threw the ointment to her: "Okay, go to sleep."

His voice was very cold, even the look in his eyes was a little bit arrogant, Ana Shen took the ointment, oh, and then she was about to put on the clothes, but Walter held her hand and frowned. Said: "you've been wearing these clothes for a day, and you don't know how to change them? Go and change clothes before going to sleep."

Hearing, Ana's eyes were shiny, like stars shining in them.

Walter paused for a while, and then said in a nasty voice, "I don't care about you, but I don't want your wounds to deteriorate, which will affect your work at that time, understand?"

“Oh.” Ana nodded, indicating that he knew it, but her eyes were still gleaming, which made Walter feel uncomfortable.

After that, Ana Shen got up and took the ointment to change clothes, then lay down. After that, Ana Shen didn't care about what Walter was doing.

Then she had a dream at night.

Mengli Walter put a lot of little love words on her ears, and then took out the pair of pink earrings, put them on her ears by hand, and then leaned his thin lips to kiss her ears. .

“Ana Shen, you are mine.”

Walter in the dream is as affectionate as a man who has been pursuing her for many years. The cold eyebrows in the past have become deep and gentle. When Ana Shen felt that he was almost drunk to death in such a dream, her arms hurt. Up.

She came back to her senses and found that Walter had actually scratched her arm with a knife, and then blood splashed. Ana Shen exclaimed, clutching her arm, and asked him why?

Walter stared at her coldly, his voice extremely cold.

“Just a woman like you is worthy of my Walter's love?”

Then the knife slashed again, and Ana Shen screamed in surprise, opened her eyes suddenly and sat up.

The sun was full of sunlight in the eyes, and Ana Shen glanced around, only to realize that the sky was already bright, and everything that happened just now was her dreaming.

Ana Shen breathed a sigh of relief, then reached out and wiped the sweat from her forehead.

She was scared to death.

I thought it was true, but I was dreaming.

But Walter's fierce and evil appearance in the dream really frightened her, just like the real one.

Calm down, Ana got up and went to the bathroom to wash her face, then looked at herself in the mirror.

She is not beautiful enough, her appearance among women is just so-so, and she doesn't like to dress up, and her figure is not hot enough, but Walter is very handsome. That dream... is foreshadowing her. What?

## **Chapter 240**

Ana Shen looked at herself in the mirror thoughtfully.

It should be because she saw the pair of ear studs yesterday, and then she thought too much, so she had a dream.

She quickly wiped the water off her face, then turned around and walked out of the bathroom.

Walter's bed was already empty, and people had left long ago. Ana Shen glanced at the time and realized that it was already past work time. Then she...wasn't she late?

Thinking of this, Ana quickly changed her clothes and went directly to the company.

When she arrived at the company, she happened to run into Walter and Phillip about to rush to the meeting room. Ana Shen was coming out of the elevator, and they were about to enter the elevator.

Seeing Ana Shen, Walter's eyebrows frowned instantly, staring at her displeasedly and said, "If you don't have a good rest at home, what are you doing at the company?"

"Huh?" Ana Shen replied unclearly.

"You are injured." Walter stared at her clothes, his gaze fell on her neck, there were many wounds there, and he asked, "Did the medicine wipe today?"

Hearing, Ana Shen only realized something, and reached out to touch her neck, "Not yet."

"Go back to rub the medicine and rest."

Ding...

Just as the elevator was about to close, Ana Shen had to walk out quickly, and Phillip pushed in.

After Walter entered, he directly reached out and pulled Ana Shen in, "Phillip, send her back."

Phillip froze for a moment, "But the meeting..."

"I'm fine." Ana Shen interrupted him quickly: "The injuries on my body are just skin injuries, and the medicine given to me by my aunt is very effective. My injuries are almost healed and I can go to work."

Walter sneered when he heard the words, and looked at her mockingly: “No matter how effective the medicine she gave, it is not a panacea. You are injured only yesterday. You told me that today is almost better? Are you stupid or me? Stupid?”

Ana Shen: “...but...it really doesn't hurt so much anymore.”

She looked at him timidly, and there was a touch of grievances and appeals in her cold eyes, which seemed wronged and pitiful.

It's unbearable.

Walter's brows furrowed tighter, what's the matter with this woman... actually betraying him?

“Damn it, Phillip, get people away quickly.”

Phillip: “...”

“Second young lady, then I'll take you back.”

Seeing that he no longer looked at her, Ana Shen couldn't help but said: “Then I am not going to work today, I will go home later, but I want to see Jessica now, can I?”

Hearing, Walter finally raised his head to look at her: “Jessica?”

“Well, she helped me yesterday. I have to see how she is now, can I?” Ana Shen asked cautiously in the last sentence.

Walter frowned tightly, staring at her with deep eyebrows, and then he said in a deep voice.

“Go, come back to me in half an hour.”

“But you are not going to have a meeting?”

Walter’s eyes were unpredictable: “Half an hour is enough.”

“Then I’ll go see Jessica first, and come back to you later.”

The elevator door was closed and when he arrived at the meeting room, Ana Shen watched Walter go out of the elevator. Before leaving, he stared at her with his cold eyes, as if reminding her to come back for him in half an hour. .

When Ana went to find Jessica, Jessica just sat in front of the computer bored, raised her head when she heard the sound, and saw Ana Shen.

“Ana?”

She immediately got up and walked towards her. When she tried to touch her, her face changed with pain when she raised her hand.

Ana Shen’s expression changed drastically, and she stepped forward: “Is it all right?”

Jessica pulled her lips awkwardly: “It’s okay.”

“Sorry, where did you hurt?”

Jessica said indifferently, “I just twisted my arm accidentally. The doctor said it was fine, but it would hurt for a few days. I’m fine.”

“Is it really okay?” Ana Shen looked at her worriedly, “I’m sorry, I made you tired, and yesterday afternoon...”

“Did you go with Mr. Walter yesterday afternoon? I know, you don’t need to apologize to me. Phillip told me at the time that you were seriously injured.”

Yes, Ana Shen almost forgot that Phillip was at the door of the emergency room.

Curtis Ye and Jessica would definitely see him when they came back, and Jessica’s character would definitely ask.

“I’m nothing.” Jessica shrugged her shoulders indifferently, but smiled bitterly afterwards: “It’s just a painful night’s vice president. When people came back, I saw that you weren’t there. Then I saw him like that, and it seemed to be really lost. I lost my soul.”

Ana Shen: “...Don’t mention this.”

“It really feels like a very unreasonable thing, because you don’t like him, so no matter how sad he is, you are still indifferent. Even I feel distressed when I look at him. You don’t even feel it at all.”

Ana Shen lowered her head and looked at the ground thoughtfully.

“Indifferent is the best way to respond, right? I’m his younger siblings and not his girlfriend. If there is any response to his feelings, wouldn’t it hurt him?”

“That’s right, let’s find a clean place to talk, you come with me.”

Jessica pulled Ana Shen into her office, closed the door gently, and then said: “Yesterday I heard that the girl is fine, and the mother and the child are fine, is it true?”

Ana Shen nodded, “Yeah.”

“Then this matter has nothing to do with us?” Jessica is more concerned about this. Yesterday she got angry and wished she would die on the spot. After all, they hurt them like this.

But now that she calmed down, Jessica realized the seriousness of the matter.

The mother and son were okay, she thought...with so much blood, the child would definitely not be able to keep it.

Who knows...

“Well, it shouldn’t have anything to do with us. But... the other party shouldn’t give up.” Looking at Ben Lin’s appearance yesterday, he might still do things right.

“Ah? Does the other party want to do something, but the other party is fine!”

Ana smiled faintly: “Whether it will cause things is still unknown, but don’t worry about this matter, I won’t let it involve you.”

“What are you talking nonsense? I am not just for my own sake, I am also worried about you. After all, I have participated in this matter. If you are alone in the future, I will not follow it!”

“Well, don’t worry about this. I just come to see how your injury is. I have to go back later.”

Jessica went gossiping in an instant, “Go back to Mr. Walter? When he took you away yesterday, were you very happy?”

Speaking of yesterday’s affairs, Ana Shen’s face blushed a little, “Don’t talk about yesterday’s affairs, I will be going back in a while.”

“Hey, don’t leave, listen to me tell you something. Didn’t we go to the mall that day? On the day Mr. Walter went with us, the pair of ear diamonds you were looking at, I went to ask later I wanted to buy it and give it to you secretly, but do you know what the waiter said? She said it was bought by a man, who do you guess?”
