

Nothing to Give but My Heart Chapter 295-300

Chapter 295

But the little Yan putting on airs, how does not look like anything against her appearance.

“You do not hold anything against me?” In the end, Ana could not help but take the initiative to ask one.

Jessica look strangely at her: “I despise you doing?”

Ask them, she has come suddenly realized: “My God it, you will not be because I did not come out into the room for a long time so you think I hate you, so to quietly leave yourself?”

She did not answer, but she really is like that.

Jessica was angry not know what to say: “You really are quite enough, I did not want to speak you have to do this, not in the night Walter where you think so, right?”

While she was talking, she reached a small Yan took her arm, her back to the living room.

“I go back to the room because I have never come across this kind of thing, so the moment I do not know how to comfort you, I went back to the room to sort out their own ideas, and now I’m going to sort out it out with you to say, but you actually I think so! Heart hurt too, right? “

“I’m sorry I did not mean it.”

“Well, I have a lot of adults, forgive you.”

Jessica took her to sit down on the couch, “It’s something I like to see, if I heard correctly, the night Walter is known about it, right?”

Ana Shen nodded.

“That’s good to say, since he knew this thing, but also to show you love, but later also allows you to leave this child, that he is the default of this matter.”

Yan small chin thoughtfully, “As you have just said, I think it is beyond your mental self, just as I did not do anything, but you think you want to leave as annoying. Maybe in Walter night there is also this happen? Chi Chi, I told you before it, give him a chance to explain, he looks into your eyes really are sentient beings. “

“What if he is not only one person I love it?”

Small Yan: “You want to say Karla quiet?”

“There is a message I did not tell you.”

Small Yan listen to words suddenly to step back, clutching her chest: “Your message is too much of it, again a fierce I could not carry the feeling I have.”

“Karla said she was quiet she was pregnant.”

“That night the ink Xuan?” Little Yan naturally received a sentence.

Ana bit surprised: “how do you know?”

Jessica laugh loudly: “You will not believe it, right?”

Ana silent.

“I think you will be carried away by the letter of this nonsense, Karla also really quiet green tea Biao, ah, good sister’s husband also grab, actually dare shameless to tell you that she was pregnant, and you idiot actually believed it!
“

All of a sudden, Ana speechless, she believed Karla quietly.

“She should not joke in such things above.”

“Should? Do you know her? Before you think she is a woman to do such a thing? You even these are not guess, you are still pretend to think you know her? Pregnant, there is proof of the hospital open?”

These words are a little small Yan, Ana suddenly put pot gatherings, like a lot of ideas are clear and clear up, so that she was cheated it?

But night Walter said to give her a satisfactory answer, I have not given her ah.

Why he has been dragging, between him and Karla quiet is what kind of relationship?

“This matter is very complicated, but I’m sure Karla quiet is a lie, if you do not believe, then I can accompany you to investigate it.”

“Investigation? How the investigation?”

“Things are very simple, she said she is not pregnant yet? Then we would go to her to prove ah, if not to prove what she said she was pregnant and a mouth became pregnant? Chi Chi, she now determined to grab your husband that she must be ready, you do not be fooled by such a person, the night when Walter affect your feelings with the bad. “

“ ... ”

Ana a time to speak, she felt really good useless.

Originally these things she should be able to think clearly, but she was surprised to be dazzled, she said she believed what she did.

“You come to me, do not tell night Walter, right? You quickly give him a call or send a text message, you want to say here today, so come chat with me, and so he hurried over to pick you back.”

Ana still hesitating, the little Yan took her bag to get passed, then took out her cell phone, just ready to call Walter night, actually the result of cell phone rang at the same time.

They are personal house while hesitated, then looked at each other.

Yan had a small calm mature look, pick up the phone after the night Walter, immediately smiling matter with flattering tone: “less night, good evening, you are looking for Chi Chi, she is with me?”. “

Walter just one night a woman suddenly disappeared.

Of course not silly little Yan, Walter night is her boss, for example, increase salaries and bonuses, if necessary, she would be a number of flattering the boss, but the boss is not the case, and that she loved say what the.

Ana somewhat nervously holding her finger during the day when she came out of the situation is not quite right, Mr Zhu did not know there is no telling for her.

“Why? She’s a good friend to me, want me to come looking for me, ah, less nights, you now want to come and pick her up?”

“What?” Small Yan exclamation, and her face changed: “I know.”

Then she quickly hung up.

Ana Shen by her parents and children to just scared, followed became tense: “how?”

Jessica stuffed her mobile phone and said, “Mr. Walter is downstairs!”

Hearing, Ana was surprised, he actually... was downstairs? In other words, he was here before calling? Did Uncle Jin tell him that he was here? Did Uncle Jin tell him what happened today?

“Let’s go Ana, I’ll take you downstairs, and then you can go back.”

Ana Shen bit her lips and followed her up nervously, “Is it really possible?”

“What can’t you? Your trash has been dumped here. Later, when you go back with him, you will treat it as nothing happened. As for Karla Han’s pregnancy, I will take time off tomorrow and accompany you to take this Investigate everything clearly and leave it to me.”

Although Jessica looked young, she had great strength. While pulling Ana out, she opened the door and pulled her outside. She locked the door and led Ana to the elevator.

“Remember not to show your stuff, and be more confident. Mr. Walter really likes you, so don’t think about it.”

These words made Ana’s heart warm, Jessica was really kind to her.

She didn’t know what luck she had had, and she always met people who were good to her.

Ding...

The elevator door opened, and Walter appeared in the elevator.

Chapter 296

For Walter, he just came to pick up his own woman.

Because she ran out to play and didn't come back too late, so he came out to pick her up personally.

But for Ana, it was like having experienced a catastrophe. At the moment when the elevator door opened slowly, this glance was a thousand years to Ana.

Almost, she almost separated from him again.

Seeing her wearing thin clothes, Walter's brows frowned, his eyes a little unhappy.

"Young Master Ye, I also said to take Ana down, but you came up unexpectedly."

After speaking, Jessica exchanged glances with Phillip.

Seeing Jessica, Phillip's indifferent face flushed suddenly, and then he dared not meet Jessica's eyes.

"Since Mr. Walter is here to pick you up, then you should hurry back with Mr. Walter." Jessica said, pushing Ana forward gently, and said: "You don't need to come so late in the future, I will I can come and find you, and then we will take a good stroll."

Ana turned her head and glanced at her gratefully, "Then I will go back."

Jessica waved at her: "Go, Shao Ye, then you go slowly, I'll go back first."

After Ana went in, she had just walked forward two steps before she was held by Walter. Compared with him, her hand was cold, and Walter's palm exuded a scorching temperature.

"My hands are so cold, I don't know what the weather is right now?"

He frowned and scolded, then took off his suit and handed it to her: "Put it on, don't catch cold."

"Oh." Ana took that piece suit put on, before she suddenly thought of the time the suit was worn on himself, he also take it away, saying not wash clean.

But now he often put his own suit to wear, and the next day he will continue wearing that.

Before that seems to have got a little older people are not like him.

Downstairs later, Ana took the initiative to push the wheelchair got Walter night, but did not speak after the two men sat down, the car is very quiet, because what happened before, her heart is still. Ana Shen comfortable.

Although small Yan has enlighten her, but she's still in heart has been thought of Karla said that the matter quiet.

She was afraid, before she has not figure out whether the pregnancy is true. Karla Ana Shen should be no way to talk to her without a gap.

"Recently, you seem wrong?"

Ana positive thinking, suddenly silent night Walter asked one.

Listen to words, Ana hearts surprised, turned and looked at him busy.

“No.” She directly deny, after all tomorrow and she wants to find the truth Jessica, so today or not fought it.

Thought of this, Ana Shen took a deep breath, sipping thin lips and said: “? I just recently stayed at the villa sea river a little boring, so I went to a small Yan solution to relieve boredom, have any questions for me.”

What’s the problem?

Walter night as falcon-like sharp eyes staring at her, seems to be no problem, but but seems to have problems.

As for where it is, but cannot find the night Walter.

Just two days, she was putting on airs let the night Walter worry about it, he pursed his thin lips no more.

Ana also turned away, they have maintained absolute silence back to the villa, probably just busy and a bit awkward, Ana off when not to push him, but after he and other off, she slowly up behind him.

All the way to the room, Ana Shen put her bag down, “I went to take a bath.”

She said loudly they walked directly towards the wardrobe, who knows after night Walter around, he suddenly shot withhold her slender wrist.

“Something must tell me, I do not want to have a secret between us.”

Listen to words, Ana pace meal, she suddenly looked back at night Walter said the sentence: “? Even if I say everything, and really no secret between us yet.”

He said to deal with, and now is an answer no, he did not put all the things she told to him.

Even if she says her heart want what, does it really do not have a little secret between them?

Sure enough, the night Walter later heard immediately froze in place, followed by bushy eyebrows also followed frown on it, he was about to open, Ana suddenly smile: “I know, was just a joke to amuse you, how there will be a secret? I say you have been told between us, you had a good job, I do not worry about a thing. “

Although she had already said this, Walter’s eyes were still staring at her as deep as night, and the dark color under her eyes almost drowned her smile.

Ana, a start can keep a smile, but gradually, when she was going to keep her lips smile and hear the night Walter speak.

“What you said are all true?”

Ana recovered, she sip a sip red lips, nodded.

“Of course it’s true, don’t you think I’m lying to you?”

Walter stared at her silently.

Ana, a little disappointed that she does not feel like lying to her, she just felt tomorrow to go to the survey, she said that these hold her mind. there is nothing wrong today.

Thinking of this, Ana turned around and left.

“I believe you.”

His voice suddenly sounded behind him again, and Ana paused, then looked back at him with complicated eyes.

Do not know why, always feel Ana Walter night with each other has never been particularly trust her, but..... Their distance is too far away, though Karla said those words are not pleasant to the ear, but there is a word to say.

She and Walter are not in the same world.

There are originally two different lines, but what if they intersect now? After a while, they will continue to separate, and then move on.

After watching him for a long while, Ana said nothing, and then went to the bathroom to take a shower.

That night, Walter didn't sleep with her arms anymore, she shrank into the corner with the quilt on her own, far away from the hot spot, and he... also didn't cling to her face like usual.

The next day, as usual, he got up and went after Ana grooming changing clothes, then go directly to small Yen.

“How do we investigate? Ask Karla Han directly?”

“Finding her is the most straightforward way, but... I'm afraid it's not suitable for us to find her now. I suddenly felt... If she really told you that, then she would definitely be fully prepared. For the Han family Missy, you want to concoct a pregnancy explanation is a simple enough thing. “

Hearing, Ana frowned.

“According to our abilities and for your sake, we can’t openly ask Mr. Walter for help. It doesn’t matter to me, so Ana, we are afraid...we will...we will ask...Ye Vice President for help.”

Hearing this, Ana entire paused, please help, vice president of the night?

Chapter 297

Isn’t that... Curtis Ye?

To find him? Ana suddenly heard the furrowed eyebrows.

“I think this matter to find him best, however, he was less night Brother, that’s your brother, we can only ask him for help.”

“If I do not want it?” Asked Ana.

Small Yan stunned a moment, then smiled weakly: “Nothing ah, I had to guess you do not agree, if you do not want it, then we will think of ways.”

“Think of ways? You just remark made me wake up suddenly, clearly aware of the gap between me and Karla quiet. She is the eldest Han, the family forces so big, really want a fabricated Description is indeed a very easy thing to do. but we do, whether manual or see through her fake will not work. “

Small Yan: “..... this is no way ah, came no choice.”

“I do not blame my background, I was just thinking Why should I forced to stay in this world? Here, obviously not belong to my world, I will come to this world just happened to nothing.”

Listen to words, small Yan face instantly changed, and she anxiously took the hand of Gu Qing Song: “You say what do you mean you cannot easily give up ah ah, love this kind of thing is possible across time, or even gene race, what you are two worlds, as long as you like each other you can, ah! do you think so much? I say, you’re less distrust night, because the situation is different from when you get married, if you multi to trust each other a little, you would not believe those words said Karla Han! “

“Yes ah.” Ana nodded, “I also want to trust him wanted unconditionally, no matter what others say, just trust him. But the little color, I am a divorced woman, is an experienced a woman failed marriage. Marriage that period of two years, I also trust my husband, but I eventually got what? a marriage divorce papers, a small three Tingzhaoduzi came to me and told me she was pregnant a few months, finally I was kicked out. “

Hearing this, small Yan moved along, pale lips trembling. “Chi Chi I know you’ve been through a previous failed marriage hurt, but not everyone ex-husband told you the same.”

“I know, I may be wrong, can I just get out of the shadow of that period. After all, I’m not the same now as before, I was pregnant with the child is not his, Karla even if not pregnant, if I were the night Walter, I would choose to clean a net worth of a woman, but not my kind of second hand goods. “

Ana said here, put a smile on her face, but that smile is particularly bitter sarcasm: “Otherwise”

Small Yan suddenly put her hand over her mouth, stern authentic: “You Bite your tongue, think about your purpose here today, we are going to investigate, rather than doing nothing here to say discouraging words.”

“Do not look for cold winter nights, maybe we cannot do anything.”

“Do not try how do you know?” Little Yan hard and pulled her forward. “Let’s go.”

In fact, although very small Yan mind Emmanuel, what they cannot have power, there is no way to ask when are beaten back, who cares who these people do not know what was happening.

So tired of the last two, the results have nothing to ask, disgraced out from the hospital.

After two months to find a noodle shop to sit down to eat two bowls of beef noodles, small Yan hungry tears, after the big mouth and drank soup: “there is no way, then, we find vice president nightclub, vice president of the night though like you, but he has been very gentleman ah, you never had to force anything, I think “

“Jessica.” Ana interrupted her, his face solemn told her.

“Do you know this thing is very important implications, vice president of the night to find if it may”

Since the night Walter and night cold cold relationship too sensitive, they are not pro-brother Moreover, before the cold winter night and said to his remark vividly, she now still remember her saying to bring their own path remark, if this let him know, Ana really cannot guarantee he will not do anything.

“But I’ve told him.”

“What did you say?” Ana believe my ears.

Small Yan swallowed: “Taking advantage of the time you just went to pay the bill, I sent a message to the vice president of the night and told him we are here, he said that immediately came over.”

Listen to words, Ana and her face instantly changed: “What are you doing?”

“Chi Chi vice president, we do not keep up the Night Description truth ah, we just need to ask him to help look into this matter can be, and why you want something to be so complicated?”

Ana: “..... you make things too simple.”

She eventually reluctantly dropped her eyes, after all, cannot it?

Cold cold night kind of person looks on the surface of jade stones, is a gentleman, but Ana felt he had a temper is not the case, those gentle face, but he brought nothing to hide his dark side.

He told Walter night is half-brother, how likely feeling really good? Plus, Ana also think he is not so simple man.

Whenever he is honest, he would not say to you, take her away those words!

Thought of this, Ana quickly packed her things up: “Do not eat, we now get out of here.”

Listen to words, a bit small Yan face turned white: “Why do I have sent messages to tell him, ah, he immediately came over, we go now if it was not put his pigeons it??”

“Bouncing Bouncing on, I can not meet him, this thing even if I was not checked, it will not ask him for help.”

“Chi Chi, Why must you be so stubborn? For your own happiness you cannot effort a hand? I’ll let you think about anything, just believe few nights you do not listen, and now I can help you find the vice president of the night over you not happy, what are you gonna do ah? You still wish to check the truth in the end, you cowardly useless coward! “

Ana: "..."

She shocked at the little face, I did not think she actually said that he is a coward.

"How? I say something wrong to you? What are you like this is not cowardice? Because experienced a failed marriage, so you think other men like him? That Karla or your sisters good friends, you can also insert a knife, is not in your heart I'm also one of those little color, but you trust people? so I said, looking over the vice president of the night, you're not happy, because of this it? "

"Little Yan" Ana staring at her: "how do you think so?"

"Is not the fact that right? Because once experienced, so you have been afraid to come out, I said right?"

Chapter 298

Ana put words difficult to calm her heart, would not the same as the sea is not calm mind, at the moment it becomes turbulent, Ana looked at the little long, finally dropped her eyes.

"You're right, but no matter how you say, I still have to leave. If you want to stay here, then you stay and wait for him now."

After speaking, Ana turned around and left.

Jessica looked at her back, angry and shouted: "?? Ana, we are not good friends you do this tolerance"

Ana pace paused, her tired eyes closed.

Good friend? She also wants her good friend, ah, but she did not want anything to do with something to cold night.

Thought of this, Ana did not return a word to her, still stride forward to move forward, Jessica thought she would be back, who knows she is not even without looking, angry burst of pain in her chest, taking her pace to catch up.

Chasing two steps outside but saw a familiar figure came in just blocking Ana way.

Ana Shen did not expect the cold came face to face with the cold night, she froze for a moment, then pretended not to see him as she walked past him.

Cold winter night to see her reddish eyes still palpitation, and she actually did not seem to see him like went through it, that moment cold winter night feeling like his chest was severely prick.

Then he could react, quickly turned around and caught up.

“Ana!”

Cold cold night moves quickly, directly grabbed her arm, Ana face changed, and quickly draw back the hand.

“Let me go!”

Her intense action, so that cold winter night unconsciously frowned, “so do not want to see me? I’m not even here to help you not happy about it? Ana, in the end is how much you hate me? Hate now even look at me, or I help are not willing to accept? “

Ana bite the lower lip, stubborn looked at him: “Brother, you have previously helped me a lot back, I owe you a lot, I cannot owe you anymore.”

Hearing this, Curtis Ye could not help but smile: "So you know that you owe a lot to me, anyway, was already owe so much, some more what is the relationship?"

Ana: "..."

Jessica stood afar off them, though not hear what they said, but she is now stable gas also down, she just really so excited to hear that she was leaving a cold night but not cold, equal give up the action, so she said to the anxious moment irreparable words.

"Words not say so, I owe you, and I'll pay you back." Ana Shen always remember that three hundred thousand, although the practice of Shen mother made her very angry, very disappointed, after all, she is angry with her parenting her mother, she was angry and then they have served since the debt.

"Anyway, we are owed, must also, as more than a sum owed then, anyway."

Then down, take the initiative to the cold night inside: "I have come, go inside."

Ana Shen stand still refused to move the body, cold winter night to see her so stubborn and tried to direct withhold her shoulders, pulled her in.

"Cold night, let me go, let me go!"

Once again hear his name from her mouth, cold night finally the solution of the Acacia recent days.

You know she suddenly disappeared in the night at home, she cannot see the night at home, and even the company cannot see her figure, he cannot openly looking for her, finally taken shape today can see her again, and he came all the way to speed up drag racing of.

Finally he saw her standing in front of him.

Just a thought but these days she is with Walter night stay in one place, his heart like pins and needles pain, cold nights sipping cold thin lips just her back on to the position, small Yan also foolishly stood there,.

She wanted to walk away, but thought he owed her a lot of favors, which in turn lumbering pace up.

Finally, she sat down again, her face calm authentic.

“I have no need of your help.” Since I cannot go, that she does not need help cold night.

Jessica face slightly changed, look to the cold winter night: “Deputy Night, but fortunately you to come, we have a very important thing that we need your help.”

“What is it, go ahead.”

He did not seem to hear Ana and say like, direct dialogue.

Ana angrily sharpening her own teeth.

Zhang Yan small lips, was about to say, Ana Shen directly interrupted:. “I have already said, this thing’s okay with you, I do not need you to help me.”

Cold night look blankly at her, somewhat bitter tone: “? If it is not someone else besides me, who helped you, you will accept?”

Although it’ll make them feel better, but still hard-hearted Ana admitted.

“Yes. Brother, I said I owe you a lot, I have no more way also, this thing that you do not control.”

Yan small teeth split her words: “Be sure to pipes, vice president of the night regardless, we will wronged!”

Ana: “..... small Yan, you must keep me standing opposite you?”

Yan small firm eyes looked at her: “I’m sorry, even if you get angry, and I insist on this.”

Ana with her in the eye for a long while, suddenly unable to speak, she just looked at her sneer: “this issue, do you think now, that you speak to stay with him, I still have things to do. “

Then, Ana straight up and walk out.

This time the cold winter night did not stop her again, Jessica anxious to want to catch up, but was stopped by cold night.

“Do not chase, and now she wants to go, no matter how you chase useless.”

Listen to words, Jessica was anxious eyes are red: “But

“You do not know what? She’s not here, I still have to solve.”

Jessica paused, biting her lip: “Ana is not here, then vice president of the night can also help me?”

Rin cold quiet night at her face: “Of course, the first thing you told me.”

Jessica eyeball rolled, she was not stupid, of course, cannot know everything tells cold cold night, only the morning train excuse.

“You mean, Han friend fell in love with Walter, but she was pregnant, but the man has abandoned her, so she spur of the moment to commit suicide?”

Jessica nodded, she was embarrassed to death, she simply less likely to stories, do not know the story cannot be feasible, but this is one of the best she can think of.

“You say, what is truth?”

Sure enough, the cold winter night ask her sentence.

Jessica bite her lower lip: “Of course the truth, I lie vice president of the night what to do and not do any good, I just want to know she is not really pregnant, a hospital over there we do not start I want to investigate? You help me to ask to see, after all, my friend also very worried about her. “

After a moment, he nodded.

“Yes, I will help you find out.”

Chapter 299

“Really?” Jessica was very happy: “president, really thank you so much.”

“But...” Curtis’s words suddenly changed, and he stared at Jessica probingly: “Since it’s just such a simple matter, why does Ana refuse to accept my help?”

Jessica was a bit embarrassed, but she was determined not to show her stuff, she could only say: “Because she has accepted you a lot of help all the time, she also told me about the 300,000 things, night vice president, Ana is like that If you help her a little, she can keep it in her heart, and then always remind herself of the character of the love she owes someone, so she doesn’t want you to help. I think you can understand her feelings.”

Hearing, Curtis seems to make sense to think about it. Ever since he helped her give her mother 300,000, she always looks uncomfortable every time she sees him, it should be that 300,000.

“The three hundred thousand, I never thought of letting her return it to me.”

“It is precisely because of this that she is more uncomfortable.” Jessica stared at Curtis Ye earnestly, and sighed: “Although I haven’t known Ana Shen for a long time, her temperament is very simple. It belongs to that. This is a more serious, stubborn, and stubborn person. In her world, it is stubborn. You should be able to see it, because the night veteran only wants to help her wholeheartedly, which makes her more guilty.”

Curtis looked at Jessica’s gaze a little more gentle, but he didn’t expect that she would know Ana so much.

“She shouldn’t be ashamed of me, but for fear that she owes me too much and can’t pay it back.”

“Yes, actually I also know that I was embarrassed to trouble the night vice president, but... I really can’t think of others to help.”

Hearing this, Curtis smiled slightly: “It is my honor to be able to serve the two ladies.”

“Okay, that’s the end of the matter for you, I have to go to Ana to explain clearly.”

“Well, leave it to me.” Curtis Ye nodded: “I will give you a message soon.”

“Thank you, vice president.”

After Jessica left, Curtis’s slender fingers lightly clasped the tabletop, and he looked at the two bowls on the tabletop with a thoughtful face.

This thing... is wrong.

It seems that he has to check it carefully, maybe... something can be found.

Ana drove a car and went straight back to Haijiang Villa. Not long after she returned to the villa, Zhu Yun came to tell her that Jessica had come to her, and then asked her strangely: "Mother, you are not with Jessica in the morning. Did you go out? How..."

In order to avoid Zhu Yun thinking too much, Ana had no choice but to say: "Maybe she forgot to take things, you can bring her over."

Finally, Zhu Yun brought Jessica over and left. The room was quiet. Ana had gradually calmed down on the road. When Jessica saw her, she went forward and hugged her arm: "Ana, you are still angry with me? The matter has been resolved, so don't be angry, okay?"

"? The matter has been resolved," Ana bitter smile: "So in the end, you still have things to tell him yet?"

Jessica white face a little, and quickly explained to Ana: "Do not misunderstand, I made up the story, he does not know about it."

"You stupid it? No matter how your story compiled, the results still will not change."

"But..."

"Do you think someone is a fool it? That thing you said to someone else someone else will not necessarily believe, let alone a Curtis, and he was so smart people, estimates do not guess you can probably guess the number."

Listen to words, Jessica could not help staring: “? Should not it ordinary people and so how could this talent guess ah, not to mention he is a little brother of the night, you should not expect something like fishes.”

“? I cannot think, he will not find it” Ana Shen reluctantly looked at her, sighed and said: “You do not know what cold night, he is not as simple as you think.”

The main He disguised himself so well, if an outsider, then certainly do not know the cold winter night is what kind of person. Ana Shen also because Father told her remark did not know they had in intrigue. Cold night there before myself that remark, let her know that cold winter night is definitely not so soft, but he is not so simple, this Jessica told him, sure to make him aware of What, when he would go to the investigation.

“Am I wrong person?” Little Yan looked down and murmured: “? “Maybe I do not know what kind of person it but he looks at you is wrong, I only know that he does not injure you. “

Ana Shen faint smile: “Perhaps, it will be meaning but misguided Well, things are now, I do not have much to say?”

“That you will not still angry with me, right? Ana I was really just for your sake ah.”

Looked at the little face in front of Ana Shen suddenly some frustration, to be honest, small Yan is really really good for her, although she had tried to stop the process, and she did not think the result is still the same.

“Has taken place, there is nothing of the angry.” Ana Shen said softly.

She did not get angry, putting on airs more afraid to make Jessica, Yan small front steps took her hand, “Ana

“Today, time is not late, you go back.”

Jessica: "I"

"I'll find you another." The next Ana Shen say hi allows small Yan Yan opened by her smile: "You really will come to me tomorrow, you do not really mad at me for it??"

Ana Shen frustration: "I was just excited, I know you are good to me, let me take you back gold."

After Ana let Mr Zhu Yan went with a small t gold, rushing hugged Ana Shen Yan little before leaving, so she must find her tomorrow, Ana that she agreed.

After Jessica left, Ana looked at the endless night outside the window, she is afraid...she can't calm down anymore.

In fact, even if you don't find Curtis Ye, this day will come sooner or later, right?

It's just... I didn't expect it so fast.

Curtis's news was very fast, and the next day he gave Jessica news, and also made an appointment for them to go to the interview together at night.

When Jessica called Ana Shen, Ana Shen did not refuse, but directly agreed.

"Then we'll meet again at night, you don't need to come and find me during the day."

"Good." Ana nodded.

In the evening, Ana put on her clothes and was about to go out when she happened to ran into Walter who had come back from the company early.

Seeing her dress, Walter asked, "Want to go out?"

Ana was stunned, then nodded, and then asked, "Why did you get off work so early today?"

Walter glanced at her, pursed his lips, and said after a moment, "I'm going to the banquet."

When the words fell, Phillip stepped forward and handed her a box.

"This is?" Ana glanced at the box with some confusion, "What's coming?"

Chapter 300

Phillip handed the box forward, and Ana had to reach out and take it. After opening it, she discovered that it was a dress.

"Change it, and come to the banquet with me."

Ana paused, "But, I have something to go out, I have an appointment with Jessica."

Hearing, Walter frowned slightly, "You have spent enough time with her these two days, so you can't accompany me to the banquet? Give her a push?"

"But I have an appointment..." The main reason is that she has very important things tonight, but why did Walter let her go to the banquet at this time? It didn't seem very good to refuse him directly, so Ana could only make a roundabout way: "Why don't you go first, I will meet with Jessica later and then go over."

"Is it that important?" Walter, who had been silent, suddenly asked.

“What?”

“I’m asking, is Jessica more important than me?”

Ana Shen stood there, staring at Walter, what is this problem? I don’t know why, at this time, Walter’s sharp eyes like a falcon made Ana feel a little guilty, and his eyes seemed to be able to penetrate people’s hearts.

Could it be... what does he already know?

Thinking of this, Ana’s lips trembled slightly, as if she wanted to talk but stopped.

After a long time, she said: “It’s not like that, it’s just...I have already made an appointment with her.”

“Can’t stay with me once?” Walter’s eyebrows were almost knotted, and his tone was extremely depressed, which sounded very uncomfortable.

Ana thought of the person he was going to see tonight, and said cruelly: “It’s really not possible, another day, next time you have a banquet, I will definitely accompany you.”

Hearing, Walter couldn’t help but raised his lips mockingly: “Next time?”

Then there was no more to say, Walter stared at her for a long time, and suddenly said, “Go.”

Ana: “...”

Did you promise her like this? I don’t know why, Ana always finds it too simple, but after looking at the time, the time she and Jessica agreed on is approaching again.

Regardless, let's go and figure out the truth first, and then if there is time when she comes back, she will go to the party to find Walter.

"Then I will go first."

After speaking, Ana stepped forward and passed by Walter, who knew that Walter suddenly buckled her thin white wrist when she passed by, blocking her steps in place.

"Do you have to go?"

Ana lowered her head and looked at the palms held on her wrists. Walter's fingers were slender and well-knotted, and her hot palms were burning her like a soldering iron. She nodded with difficulty: "Yes, yes, I'll stay for a while...If I still have time when I come back, I'll look for you again."

As soon as the voice fell, Ana felt that he was holding his hands a little harder, but soon, he let go, and Ana Shen was free. She wanted to look down at the expression on Walter's face and what was the look in his eyes, but Walter turned his wheelchair and left, quickly.

Suddenly disappearing to the corner, Ana blinked and looked at Phillip who was standing aside.

"What's up with him?"

Phillip was a little depressed. He opened his mouth to say something, but finally shook his head: "Nothing."

Ana: "...really?"

"Young lady, Mr. Walter hopes you can join him to attend the banquet tonight."

“Sorry, I have already made an appointment with Jessica, or you can give me the address and I will rush over when I get back. When does the banquet start?”

Phillip thought for a while and told her. “The official start at eight o’clock.”

Eight o’clock? Ana took out his phone and glanced at it, “It’s less than six o’clock, I must have time to pass.”

After speaking, Ana took the box in Phillip’s hand: “I will accept the dress first, Phillip, you send the address to my mobile phone, and I will leave.”

Ana left soon. She got into Uncle Jin’s car and left Haijiang Villa. What she didn’t know was that Walter on the second floor was standing at the window, staring coldly at the car away. .

On the way to the destination, Ana looked at the time again. Curtis Ye’s appointment was really far away. It would take her more than half an hour to drive past Haijiang Villa. Although it is less than six o’clock, she is driving. In the past, it was probably past six o’clock, and this one and the other took a lot of time, and I don’t know how long the conversation will take.

“Uncle Jin, can you please hurry up.”

Thinking of this, Ana couldn’t help but urged. In fact, she didn’t want to urge it if she could. After all...safety is the most important thing on the road.

It’s just... She always felt a little restless today. This feeling has been intensifying since she met Walter and got in the car. Until now...Her eyelids have even been fluttering.

I always feel that something big is about to happen.

The phone vibrated, Phillip sent her the address, and then attached a sentence.

“My grandmother, if you can, you’d better come back now. If not, I hope my grandmother will be there tonight, because tonight is a very important day!”

Important day? Ana sent a text message back, asking Phillip what an important day was.

Soon after sending the text message, Jessica called her.

“Ana, I have arrived, are you coming soon?”

Ana didn’t know the route, so she could only ask Uncle Jin: “Uncle Jin, are we coming soon?”

Uncle Jin was silent for a while, probably estimating the time, and after a while he said: “Come on, there are about ten minutes left.”

When Jessica heard what Uncle Jin said, she nodded her head understandingly: “Well, I’ll wait for you for ten minutes, but I’m going in first. Just come in and find me later.”

“it is good.”

After hanging up the phone, Phillip hasn’t returned her text messages. Maybe he was busy?

Thinking about it, she put the phone up.

When she arrived at the destination, Ana Shen saw Jessica sitting in the corner as soon as she entered the store. There were not many people at this point. Uncle Jin walked in with her behind her.

Thinking of what he was going to say today, Ana stopped for a while, then turned around and said to Uncle Jin: "Uncle Jin, you go back today."

"But grandma, don't you still have to go to the banquet later? I know the way and can wait for the young grandma here."

"It's okay, there is still time anyway, don't worry."

"I'm mainly afraid that Uncle Jin has been waiting too long, and it's not too early now, so I'll just take a taxi there later."

Uncle Jin looked at the time and probably thought that what Ana said was reasonable, so he nodded and left.

After he left, Ana went into the store to look for Jessica.

Jessica was probably bored. She kept staring at her mobile phone. When she reached a point, she looked around, and finally saw Ana walking in. She stood up and waved her arms at Jessica, yelling: "Ana, Here!"

Ana Shen walked towards her and then sat down in front of her.

"Where is Curtis?"
