

Nothing to Give but My Heart Chapter 319-324

Chapter 319

Ye Ye was stunned for a moment, then turned his body sideways to let Curtis Ye's gaze, while quietly explaining, "Ms. Shen woke up before the night vice president. She has already drunk the porridge, and there is nothing serious about her body."

Hearing that she was okay, and seeing her sitting there again, although her complexion was still a little pale, it could be seen that her mental state was much better than when she had a high fever last night.

Curtis Ye's pale thin lips twitched, and his lips immediately dried up, "It's fine if it's okay."

"The night vice president drinks water first."

He didn't move, his eyes were just looking at Ana.

Ana was also looking at him. She originally wanted to see if there was anything wrong with him, but his scorching gaze made her very embarrassed. At this moment, the leaf was holding the water glass in front of him, but he didn't pick it up. Keep staring at her.

"Ahem..." Ana gave a lightly embarrassed cough, then lifted the quilt and got off the bed.

She walked to Ye Zi, Ye Zi smiled and passed the water glass into her hand. Ana Shen glanced at her, and it happened to meet Ye Ye's eyes. Ye Zi gave

her a kind look, and then he got up and said, "I'll buy some Things, come back soon."

After finishing speaking, she stepped on high heels and left vigorously.

After Ye Rin left, a smile flashed in Ye Rin's cold eyes. This secretary really liked him when it came to important moments.

"That big brother, you just woke up, drink some water." Ana handed the water glass to him and motioned for him to drink.

Curtis was silent, did not take the cup, just looked at her quietly.

"No, aren't you thirsty?" Ana was at a loss with her water glass.

"Lack of strength." Curtis Ye said lightly.

Hearing, Ana didn't understand what he meant at first, but then suddenly reacted, Curtis was saying that he didn't have the strength to hold the cup and asked her to feed him water?

Ana's face turned red all of a sudden. Under Curtis Ye's gaze, she was too embarrassed, and nervously put the water glass on the table.

The light in Curtis's eyes darkened a bit when he noticed her movements. After a while, his thin lips moved, but after all, he didn't say a word.

The atmosphere in the ward was too embarrassing. It was impossible for Ana to take the initiative to feed him and drink water for his relationship. At most, she brought the cup in front of him and let him drink it himself.

"Or... I'll call a nurse!"

Speaking of this, Ana seemed to have grabbed a life-saving straw, and suddenly turned around and wanted to go out to call the nurse. Curtis looked at her background and was a little bit dumbfounded. She actually thought of looking for a nurse for a glass of water. There is no one.

“Come back.” Curtis Ye cried weakly.

Her steps had to be stopped, and she looked back at him, biting her lower lip.

This looks pitiful, as if Curtis made a particularly embarrassing request, but he also knew that he was embarrassing her indeed.

Thinking of this, Curtis Ye smiled faintly: “I just made a joke with you, are you going to find a nurse?”

“I...”

“Just now I just got up for a while, so I made a joke with you, but now it won’t... sorry.”

Hearing, Ana Shen raised her eyes and looked at him. After seeing the apologize in his eyes, she lowered her eyes in embarrassment: “I should be said to be sorry. You saved me and did so much for me, but I... ...”

Not even willing to feed him a glass of water.

But... yes... she really can’t do it!

Curtis no longer embarrassed her, but got up and reached out to take the water glass on the table. Ana hurried over when she saw it, and took the cup to him.

During the period, Curtis accidentally touched her hand when receiving the cup, and Ana quickly retracted her hand back in fright. Fortunately, Curtis had already received the cup of water. He noticed Ana's movements and her eyes the light goes down.

He brought the water glass to his lips and took a few sips, and then moistened his throat before he said again: "I won't do anything to you, you don't have to be so afraid of me."

It's okay if he didn't say that, when Ana said that she was suddenly embarrassed, she didn't answer Curtis Ye's words, just stood aside.

When Curtis Ye finished drinking the water, she reached out to pick it up again. Curtis Ye said, "Go back and rest."

Ana's hand froze in the air, and took it back for a long time.

"I'm sorry..." After a long time, she apologized to Curtis Ye, and then turned around to go back to her hospital bed.

Curtis looked at her back and suddenly said, "Ana."

Hearing, Ana stopped, and she did not look back.

"Are you going back to him?"

Ana was quiet for a moment before turning around, "Have I ever left? I still have a lot of things to say to him that I haven't made clear. I have to ask clearly what happened."

"What happens after you ask? I saw the divorce contract."

Ana clenched her hands on both sides unconsciously, and she gritted her teeth.

“He already wants to divorce you. If you go to him again, don’t you want to throw your dignity under his feet and let him step on it?”

“He won’t do this for no reason. There must be some reason for this. Brother, you saved me. Take a good rest today. I won’t run around. I will look for him when I am discharged.”

After speaking, Ana returned to her seat and did not talk to Curtis Ye again.

Curtis looked at her figure, not knowing what it was like in his heart, but a bitterness in his mouth.

This feeling, I don’t know how long it will last.

Seeing the beloved woman in front of him, but he wants to send her to the man she likes, that’s all, that man does not cherish her.

This made Curtis very angry. If he could, he really wanted to take Ana away directly and forcefully, leave here, and go to any corner of the world, anywhere, as long as she doesn’t let her see that man again.

However, after all, he still had no way to ignore Ana’s feelings.

If she cried at him, showed a painful expression or looked at him, he would feel...a guilty person.

In that case, please help her.

Help her get everything she wants and see her happy, then he should be...satisfied.

Thinking of this, Curtis had already made a decision in his heart.

After staying in the hospital for two full days, Curtis Ye said that he was going to be discharged. Ana Shen was still a little surprised when she heard the news, including Ye Zi, because his injuries were still quite serious. The doctor said he needs to be hospitalized for at least five days, but now it only takes two days to include the previous days, and he is about to be discharged.

“Why are you going to be discharged so soon? I’ve already done the company’s affairs, and the night vice president can rest for a few more days.”

Ana stood by, looking at him with faint eyes: “You don’t think you have imprisoned me in hospital, so you want to be discharged early?”

Curtis smiled faintly: “Fool, thinking about it, I’m a man, these are just skin injuries, and it’s not good to be hospitalized.”

Chapter 320

“But...” Ana wanted to say something, but Curtis Ye suddenly reached out and rubbed his head: “Okay, let’s talk about it later, Ye Zi, you go and go through the discharge procedures for me, and then clean up. Just leave here.”

Ana knew that he did this for her. She would not leave if he did not leave the hospital, and he would not leave if she told him to leave her, so he could only use this method to force her to leave.

Curtis... Why are you trying so hard to reach this point?

For some reason, Ana began to feel sorry for him. She always felt that she was a big evil person. She didn’t need Curtis Ye to pay for her like this. Moreover, the two hadn’t known each other for long, even if they liked it... It should be this way.

In the end, Ye Zi finished the discharge procedures for the two of them. During the process, the doctor kept advising: "Although it doesn't seem to be a major problem now, I still recommend that you stay for two more days and observe the situation. Anyway, it's only a few days, so can't wait any longer?"

But in the end, the doctor could only say a few words before signing and letting them leave.

Ana Shen left the hospital with them. Curtis Ye had a car coming. When Curtis Ye wanted her to get in the car, Curtis Ye suddenly said: "She has another place to go, Ye Zi."

Hearing, Ye Ye was taken aback, "But... shall we not bring Miss Shen with us?"

Curtis's face was indifferent, and Ana blinked awkwardly, bit her lower lip and said: "It's okay, I do have another place to go, you should go first, I will leave by myself later."

"Vice General..." Ye Zi couldn't understand, Curtis Ye obviously liked Ana, didn't he? But why not take the opportunity to take her into the car now? Actually want to throw her at the door of the hospital, isn't this lowering her favorability?

"Come on." Curtis asked her to get in the car. The firmness in his eyes already showed his position and attitude at this time. There was no way, Ye Zi had to get in the car.

After Ana watched the car door closed, she waved at them.

She was not upset, because she knew what Curtis's true thoughts were, and she was very grateful to him.

After the car drove away, Ana looked at the distant scene, and just about to take a step, she heard a soft voice.

“Ana.”

The familiar sweet voice screamed Ana for a moment, then she turned her head and saw Jessica standing across the street, she was standing there with a bag on her back, and when she looked over, she smiled at her, hard. Waved to her.

“Here”

Ana was stunned, staring blankly at Jessica across the street.

No wonder...

No wonder Curtis can walk so freely. It turns out... he had prepared everything for her a long time ago. Her mobile phone has been out for two days, and she hasn't contacted anyone in these two days. Jessica doesn't know what happened to her. Things, now that she will appear here at this time, it means that Curtis prepared everything.

Unexpectedly... he had already thought of everything.

Ana's eyes were red. She wanted to walk over, but Jessica suddenly shouted to her: “You stand there and don't move, I'll come to you!”

Then Jessica walked around the vehicle all the way, she ran to Ana quickly, and stuffed a bag into her hand.

“Now, this is your thing.”

Ana took it over and found that the bag was her own.

“This... why is it here for you?”

“What are you talking about?” Jessica gave her a white look. “Pig, you, you are not surprised that I will be here anymore. Can’t you think of how this bag is here?”

Makes sense.

She did not expect that Ana took over the bag and was speechless for a while.

“Let’s go, after two days in the hospital, I lost a lot of weight, and my mouth was hurt... Go back to me, I will buy meat for you to make soup.”

Ana was so touched that she followed her back.

After returning home, Jessica really made soup for her. In fact, although she lived in the hospital in the last two days, the food she ate was also the food made by Ye Zi’s mother, so she was not treated badly. Instead, she experienced the feeling of home. But drinking Jessica’s soup is a different feeling.

“Your business... The night vice president has already told me.”

Jessica suddenly said, and Ana’s action of drinking soup followed.

“What do you think now? Vice President Ye is so kind to you, do you really not give him a chance? Or should you continue to return to Mr. Walter?”

Ana didn’t speak, but suddenly put down the bowl, “What if it were you? Would you just give up the person you like?”

“Of course not.” Jessica replied very quickly. After she finished speaking, she was stunned for a while, and then laughed instead: “Okay, I see, it’s not difficult to like someone in this world, but the difficulty is to agree. It’s rare that you and Mr. Walter are in agreement, but don’t separate because of a misunderstanding. Then I will accompany you to find Mr. Walter and tell him clearly.”

“Yeah.” Ana nodded: “I just don’t know if he wants to see me now... it’s been two days.”

“Yeah, two days have passed. Even if he is angry, he should be gone at this time, so you don’t have to worry so much. We will definitely see him if we go to see him today.”

“I hope so.”

After the two had eaten, they simply cleaned up, and Jessica took Ana to Haijiang Villa.

As a result, after going to Haijiang Villa, the people at the door looked at her strangely, Phillip was not there, but they still refused to let her in.

“Mr. Walter still doesn’t want to see me? Did he give you new orders?”

One of the weak ones said, “It’s down.”

“A new order? What order?”

“Uh... Mr. Walter... You are no longer our young grandmother. If you come again, let us... drive you away.”

Hearing, Ana’s face instantly turned pale, and her lips trembled a little, “You, what you said is true?”

“Of course we won’t drive you away, but don’t make us embarrassed, Mr. Walter...If you don’t want to see you, you should leave.”

“What are you talking about? These are what you said in anger, Mr. Walter, understand? If he really doesn’t care about your young grandma, how can he give you new orders over and over again? Saying this four times shows that he is still angry, and... still very angry, it may be a little difficult to see him now...” Jessica raised her chin, thinking like, and suddenly asked: ” Is Mr. Walter already inside? Or did he go out?”

Those few people felt that what Jessica said was reasonable, so they didn’t dare to offend Ana, so they nodded, “Mr. Walter left early in the morning.”

“Then it will be easy. He only ordered you not to enter the gate of Haijiang Villa, but he didn’t say not to let you go to the Yeshi Group. Let’s go directly to the company to find him!”

Chapter 321

This is a way.

Ana hadn’t expected for these two days, she just wanted to die at Haijiang Villa, waiting until Walter was finally willing to see her.

Unexpectedly, Jessica thought of it for her, and Ana nodded happily: “Okay.”

Those few people hurriedly said when they heard the words: “Mr. Walter should indeed go to the company today, then you two should go to the company to find him.”

“Thank you.”

Before Ana left, she thanked him, and then left with Jessica.

Looking at her back, the few people whispered together.

“If you want me to say that this young grandma is really good, at least he’s kind to all of us.”

“Yes, and Mr. Walter brought a woman here for the first time, I thought...”

“Shhh, let’s not talk about it. Only the client knows this kind of thing. We just need to do our own job.”

When Ana and Jessica arrived at the Yeshi Group, Walter did not order her to be prohibited from entering the company, so Ana and Jessica got on the elevator after entering the company together. Ana’s heart still thumped.

“I thought... he wouldn’t even let me in the company.” Ana said with a surviving expression, clutching his chest.

Jessica smiled a little gleefully when she heard the words, “You are lucky to be able to come in. I will accompany you directly upstairs to find Mr. Walter. You will talk about it later, don’t hold back.”

“Yeah.” Ana took a deep breath to add courage to her, “I will seize this opportunity.”

“Come on!”

The elevator went up one after another. Ana finally accumulated a lot of courage with Jessica’s encouragement. When she reached the top floor, she took a deep breath and walked out. Jessica thought for a while and suddenly said, “I’m going downstairs to the finance department. Wait for you, you will find me later when you get things done.”

Ana thought for a while and then nodded: “Okay, then you go back to the finance department first, I will find you later.”

After separating from Jessica, the elevator door closed again, and Ana took a deep breath before walking directly towards the office.

This is the place where she worked before, so she is very familiar with it. Just across the door, Walter is inside.

Just find him and speak clearly to him.

Ana smiled and walked to the office, then reached out and knocked on the door.

There was no response inside, and Ana hesitated for a while and knocked on the door again, there was still calm inside.

Just when Ana felt strange that she wanted to push the door in, the elevator door opened with a ding, Jessica ran out of it, panting and said: "I only found that Mr. Walter had gone to a meeting when I went downstairs. , He and Phillip are in the conference room now."

"Meeting room?"

"Well, the meeting is about an hour or so, and it is not suitable for you to go in now..."

"I'll wait for him in the office."

"Well, you wait here, I will send you a WeChat message when I have news."

Ana knew that there was a lounge in the office. She had stayed there before. As long as she stayed there for a while, she could tell him clearly when Walter came back.

After Jessica left, Ana pushed open the door of the office and walked in, then walked directly to the lounge.

The lounge was very wide, and it was too cruel to wait for an hour, so Ana lay down on the huge sofa.

She thought, she have to wait an hour anyway...

Or she would sleep secretly for a while, and when Walter came back, she would just wake up.

Soon, Ana fell asleep.

Originally, she just wanted to take a nap, but she didn't expect that she would overslept. When Walter returned from the meeting, Phillip followed behind him and walked in, listening to him sneer: "Curtis Ye still didn't come to the company today? Oh, it's really you and me."

The latter sentence was about who Phillip understood immediately. After a moment's silence, he explained: "Mr. Walter, the young lady may not be with him at all, maybe... something has been delayed."

"When will you excuse others?" Walter snorted coldly, not taking Phillip's words to heart.

Phillip followed up and said: "Mr. Walter, it's not that I Phillip wanted to excuse her, but that the young lady really waited outside the door that night, and..."

"Waiting all night?" Walter sneered: "I made her wait? I waited for her all night, don't you tell? And who said she waited for me all night? Why didn't I see anyone when I came out in the morning?"

Phillip rolled his eyes in his heart, isn't it because you didn't see others, they all fell down?

When Phillip came out later, he heard from the guards that he was still thinking about leaving. Mr. Walter was still angry anyway, but who knew that after he went back, Mr. Walter suddenly asked her where Ana Shen was. , Phillip didn't know the answer at once.

Walter was silent for a moment, and sneered: "Did you leave after getting the contract? So you can't wait to get a divorce?"

"Young Master Ye, things are not what you think, grandma, he..."

However, before he had time to say the latter words, he was blasted out by Walter again, and it was today in a blink of an eye.

"Didn't you say that she is no longer Yejia's second young lady? Who are you calling?"

Phillip: "I know, I won't call her anymore."

If you want to be arrogant, continue to be arrogant, anyway, it is not him who is sad and angry in the end.

He was also very tired as an intermediary. He had a lot of things to say but couldn't. When he wanted to, Walter didn't give him a chance to say it.

"I'll sort out the information for today's meeting, and I will send it over later." Phillip turned around and walked out of the office, closing the door, and sighed helplessly.

Only Walter was left in the office.

He pursed his thin lips and sat in front of the office with a cold face. The documents on the desk were neatly arranged, and these were all sorted out by Phillip.

When Ana was still his assistant, Ana was responsible for these.

But now...

Walter's eyes darkened a bit when he thought of that woman.

After a moment, his lips curled up mockingly.

Walter, when is the time, are you still thinking about that woman who is going to be in trouble?

Forget her!

From now on, she will never have anything to do with you. Anyway, she was originally a woman who married into the night house instead of her sister, and she was pregnant with a wild woman. There is nothing to be rare about.

Walter...what kind of woman does he want to find? Have to stumble on this woman?

Ridiculous!

But Walter thinks more and more annoyed, because when he wants to work, the woman's appearance will always appear in his mind, the more he wants to remove her from his mind, the more clearly the shadow of that woman becomes clearer.

Walter's thoughts, including everything, he controlled very well, but in front of Ana, all of these were defeated.

This makes him... very upset.

It's just a woman, why is he Walter?

Chapter 322

Thinking of this, Walter threw the pen in his hand aside, and then rolled the wheel toward the lounge with a cold face.

In fact, he has not been able to sleep well in the past few days. Because of the woman's affairs, his sleep quality has completely deteriorated. Every night the contours of the facial features of the woman who close her eyes will constantly and clearly appear in front of his eyes. After getting rid of her appearance, she sneaked into his dream to disturb him.

So Walter hasn't slept well in the past few days, and has been restless all day long. At this moment...the underside of his eyes has a stern look, and he just stayed up late.

After pushing open the door of the lounge, Walter's movements stopped, and the eyebrows that had not really been stretched were frowned.

A faint fragrance lingers in the air, which does not belong here.

Because for Walter, his lounge is cleaned by a special person, and this is where he rests. He also has high requirements for this place, so the smell will be particularly sensitive.

Walter noticed the faint fragrance that suddenly appeared in this space.

Not long after frowning, Walter immediately noticed that the breath was a little familiar. He stared at the surroundings, but he didn't see a familiar figure.

Finally, Walter's gaze was placed on the huge sofa with his back to him.

The sound of the wheels rolling was very light, but it still seemed abrupt in the quiet lounge. Ana Shen was sunken in the soft sofa, and she didn't hear the sound approaching him at all.

One second, two seconds...

Walter finally reached the front of the sofa, and he saw the woman lying inside.

Isn't that the woman he has been thinking about despite his irritation these few days?

At that moment when he saw Ana, Walter instantly felt the anger in his heart loosen a little over the past two days, and then he involuntarily approached Ana.

Sleeping Ana was exceptionally quiet, with three-dimensional facial features on her white face, and her long, curled eyelashes cast a fan-shaped shadow around her eyes. The curtains in the lounge were half drawn, and the faint light penetrated her. People are very beautiful.

And Ana's breathing was long, and her fair skin could be broken with a bomb. It seemed... there was a feeling of tranquility in the years.

It was this woman who took his heart away.

Since she came to Yejia, she has taken up his heart. After the two quarreled and cold war, he could not forget her for a moment.

If...she can always be like this, stay quietly beside him, don't worry about anything, don't have any contact with him, especially how good Curtis should be.

But...

Thinking of the events of the previous two days, Walter's eyes, which had been half calm, suddenly became turbulent.

It's like a calm sea, suddenly the waves roll, and you can't guess whether the next second will become even more powerful.

Ana slept very peacefully. She hadn't slept well these few days, so when she came to Walter, she actually fell asleep peacefully.

But the surrounding atmosphere seems to be something wrong, why it seems to suddenly become cold...

Ana subconsciously choked, Xiu frowned, and the whole person curled up into a ball.

Even so, the coldness of the whole body did not improve, she still felt very cold, and finally... Ana felt that something was wrong and slowly opened her eyes.

When she just woke up, her eyes were misty.

Walter was taken aback when he saw these eyes.

It's as if you have come to a world of ice and snow, but suddenly there is fog in this world of ice and snow, and the fog is hazy everywhere, making people confused.

Gradually, after Ana saw Walter in front of her, the mist in his eyes gradually dissipated, and then moved away from Yun Jianyue.

"Ye, Walter...well..."

The name was just called out, and Ana's wrist was clenched forcefully. Before she could realize what was going on, she was pulled up from the sofa and fell into hard and cold embrace.

After that, her lips were gripped severely.

Ana widened her eyes and looked at Walter's supportive face.

He didn't close his eyes, but stared at her with a pair of deep and deep eyes open, and the sharp eyes like a falcon made her panicked.

The four lips are touching, but Ana can't feel the warmth of affection. The atmosphere that surrounds the two of them is just endless cold.

She seemed to have fallen into the ice cave, and she had no strength to fight back.

The scorching pain on her lips made Ana's sanity recover a bit, she widened her eyes and tried to push Walter away.

But at this moment, Walter was like an unshakable mountain.

Her strength is small in front of him.

She doesn't know how long it took before Walter withdrew his lips and then pushed her hard.

Boom!

Ana fell onto the sofa where she had been lying before, feeling a little embarrassed.

"Women who are all around, why do you come to my lounge?"

After Walter pushed her away, he raised his hand and stretched out his index finger to wipe the blood off her lips, with an evil and arrogant smile on the corners of his lips. This look turned out to be extremely enchanting.

No... Ana Shen shook her head, now is not the time to observe this.

She came to Walter to speak clearly.

Thinking of this, Ana Shen ignored the pain on her lips and said anxiously:
“Walter, I have something to tell you.”

“You have something to tell me?” Walter sneered, looking at her with extremely cold eyes: “Why do you think that I have time to listen to you? Or do you think you are the second grandmother of the Ye Family? “

Ana: “...”

She bit her lower lip and looked at him stubbornly: “Although I have obtained the agreement, it does not mean that I have agreed to the divorce.”

“Oh, that agreement is only to inform you, not to solicit your opinions. Woman, you’d better figure out your identity and status. This game has always been my only decision.”

“Why?” Ana suddenly asked him in a loud voice, “Isn’t it okay before? Just because I didn’t go to the banquet and you waited for me all night, are you going to divorce me? Walter, when are you? Become so stingy?”

“Stingy?” Walter’s eyes suddenly turned into a huge wave, he sneered at her, and suddenly raised his hand to pinch her chin: “When I asked you to make a choice, what choice did you make? You didn’t show up for a whole night. He is so good? So good that you can’t give up. You have to stay with him all night and don’t want to come to the party to look at me?”

After hearing the words behind him, Ana’s breathing stopped, and she looked at him in astonishment.

“You...you know that I went to see Curtis Ye that night?”

“Curtis? It’s so intimate, why don’t you just remove the last name?”

Chapter 323

Ana blinked and her long eyelashes flickered. She thought for a while.

“You knew that you were going to see Curtis Ye that day, why didn’t you tell me earlier, I didn’t want to hide it from you!”

She bit her lower lip, with infinite regret in her heart.

She was still thinking about why he was so angry, and when he asked herself with a weird expression and eyes, she would always care about it, so she wanted to rush to the banquet.

Unexpectedly... so many things will happen later.

“I didn’t want to hide it from me?” Walter’s eyes fell mockingly on her face: “What a woman who can tell lies, how did you tell me before going out? Did you make an appointment with Jessica? Distrustful. He also told Phillip that you would arrive at the banquet on time, but what happened? You didn’t show up all night!”

“I went!” Ana anxiously defended herself: “I did go that night, but there was a little accident that night, so I was late. And I did go to see Jessica that night. Although I saw Curtis Ye, Jessica was there! I didn’t lie to you!”

“Then why don’t you tell me directly?”

Ana defended herself loudly, and Walter questioned it louder.

Ana Shen was stunned by his Gao Yinbei. She stared at him blankly for a long time before lowering her eyes weakly: “I am not good, I shouldn’t keep it from

you... I didn't want to keep it from you, but... ...I'm afraid you will misunderstand me after I say it."

The relationship between him and Curtis was already sensitive, so she didn't dare to mention it in front of Walter.

"It's a beautiful reason." Walter sneered, and mocked her again.

Ana raised her head and looked at him: "I didn't handle this matter properly. I apologize to you, Walter...I..."

She couldn't say the latter sentence.

Ana felt so hard, she took a deep breath and looked at him quietly.

His eyes were still cold, without a trace of temperature, almost as cold as her heart.

Facing Walter like this, Ana felt that the courage she had finally gathered up was slowly passing away. She was a little frightened. If... if she didn't say anything, wouldn't she... be even less courageous to speak in the future?

Thinking of this, Ana bit her teeth hard and said, "Walter, we..."

"Divorce."

Walter suddenly interrupted her.

All that is left is stunned.

"That contract has been given to you. Didn't you always think about it before? Now as you wish, you leave with the contract, and you will be with whomever you want to be with in the future. It has nothing to do with my Walter. "

Ana widened her eyes and froze in place.

“You, are you serious? You are not only mad at me, do you really want to divorce me?”

Walter grinned, “Do you think I am joking?”

Ana was speechless, and her throat was choked, as if something was blocking her heart.

“Let’s go, this is not for you. Ana, originally you married your sister instead? Now, you are free.”

You’re free.

This is not for you, you can go.

These words cut into Ana’s heart like a knife.

He said indifferently, but she was extremely difficult to accept.

After Walter finished speaking, he turned around and wanted to roll the wheel to leave.

Ana Shen didn’t know where the courage came from, and suddenly got up and jumped off the sofa with bare feet to stand in front of him: “You just want to drive me away, don’t you like me at all? Walter , Who said before that he wanted me to believe him, and now you are driving me away, how could I believe you?”

Walter’s eyes were cold: “It’s up to you, it has nothing to do with me.”

“It has nothing to do with you?” Ana also sneered, pointing to her bitten lips: “Then can you tell me why you kissed me just now? Since you are divorcing me, since you hate me so much, then why are you kissing me?”

Walter stared at her blankly.

Ana looked at him stubbornly, and the two looked at each other stubbornly.

After a while, Walter suddenly stretched out his hand to pull her into his arms, and the overwhelming kiss fell again.

Ana was stunned for a while, then closed her eyes obediently.

She just wanted to stretch out her hand to wrap Walter’s neck, but Walter suddenly violently pulled her away, and Ana fell onto the carpet.

“Did you see it?”

He stretched out his hand to wipe the corners of his lips, his cold eyes were wave less and did not contain any emotion.

Ana’s lips opened slightly, and it took a long time for her to lower her eyes and smile bitterly: “What do you mean? Taunt me? You are telling me that even if you hate me, you can kiss me and hug me. You treat me like a doll. Meaning, right?”

“Now that I know, get out.”

Although it feels good to kiss her, Walter hates others betraying him most.

His mother’s suffering was deeply in his eyes, and he would never follow his mother’s footsteps.

Since her disposition is so uncertain, let him finish it all by himself.

Let her go to whoever wants to go.

Ana sat on the ground and didn't react, sitting there with her eyes down and her head drooping, like a dejected rabbit, which was very special.

After a while, she slowly stood up from the ground.

"Do you know Walter, today... I originally intended to make peace with you. I know that I did something wrong that night, so I have to pay some price to pay back. Even if you are angry with me, that should be right. Because I didn't keep the contract and I came here. I am willing to accept punishment as long as...not divorce."

Walter's pupils suddenly shrank, what did this woman say?

"I really like you..." Ana trembled and said this sentence, tears filled her eyes, "It was true that there was a cause that night, and then I decided that I want to be with you. "

She raised her head and looked at Walter firmly: "So, don't drive me away, okay?"

Walter: "..."

Ana suddenly rushed forward and hugged Walter's neck with both hands. It could be said that the whole person was hung on his neck.

Walter's body has been sitting very steadily. When she was thrown into it like this, the whole person even retreated with the wheelchair, feeling her soft and weak hands wrapped around her neck, and those sobbing sounds were there. In my ears.

That cold heart was almost moved by this.

“Give me another chance, I will never see him again this time, okay?”

Ana hugged him and could no longer see her eyes, she could finally speak bravely.

As long as she worked hard, there would be no regrets.

Walter, please... give me another chance!;

Just once!! !

If you push me away again this time, I will... really have no courage to rely on you anymore.

So, don't... don't push me away.

Please.

Chapter 324

Don't push me away, please.

Ana closed her eyes and kept reciting these words in her heart.

She also hoped that Walter could have a close relationship with her at this moment.

But no...

Walter suddenly held her thin arm and wanted to pull her away. Ana Shen realized what he was going to do. She stretched out her hand in a panic and strangled his neck, unwilling to let it go.

“...” Walter frowned. When did this woman learn this set of harassing skills? He never saw her like this before, but now she actually...

Walter frowned, and said solemnly: “Let go!”

Ana Shen bit her lower lip tightly and closed her eyes with an expression of relief: “Not lose.”

Walter: “Are you lose?”

“Never loose or die. Walter, I just want to pester you. You and I have got a marriage certificate. You can’t do this to me.”

“Heh...” Walter suddenly laughed, and the laughter was full of sarcasm, “It’s really a good acting skill. If I didn’t know it in advance, I’m afraid you would really be fooled.”

Ana was stunned, the movement in her hand was a little loose.

Taking advantage of this looseness, Walter grabbed her hand and pushed her away.

Ana took two steps back to stabilize her body, she looked at Walter, he really pushed her away.

Sure enough, does he really want to divorce her?

“It seems that you will not give up if you don’t know the truth. Come with me.”

Walter turned the wheels out of the lounge, and Ana stayed there for a while before slowly following.

She followed Walter to the outside office, and saw Walter approach the desk and open the drawer, then pulled a kraft paper bag from it and threw it on the desk.

“Look, and you’ll get out after you read it.”

Such a bad tone...

Ana suddenly became frustrated.

She stood still and looked at Walter.

Walter frowned uncomfortably with his eyes, “What?”

“No matter what’s inside, it’s your reason to persuade me anyway, isn’t it?”

Walter pursed his lips and stared at her deeply.

“So...” Ana smiled, “I don’t look at it.”

“Anyway, you want me to leave for thousands of reasons. Since I beg you so humbly, you still push me away, then... just as you want.”

Ana Shen didn’t go forward to get the document, she didn’t want to know what was inside.

She has done enough today.

However, Walter did not look back.

Not at all.

What is she staying for?

Insult yourself?

“I have interrupted this time, I will disappear in front of you soon, and I will never reappear.”

After speaking, Ana tried hard to push back the tears that were about to fall, and showed a big smile to Walter.

Her smile was tearful, and although the smile on her lips was clear, her expression and eyes made people feel desperate.

Since she chose it herself, why does she show him this way now?

Walter’s lips moved, but after all, he didn’t say a word.

Ana slowly turned and left the office.

When he walked out of the office, Phillip who happened to be following him met face to face.

Seeing Ana whose face was full of tears, Phillip was stunned: “Second young lady, you...”

Ana didn’t see him, and walked by his side.

Phillip was wondering how Ana appeared here, but he quickly reacted. He rushed into the office, wanting to ask Walter before, but he directly monopolized all his questions.

“Dispose of these materials, and will not allow her to come to the Ye Family Group again in the future.”

Phillip was stunned for a long time before reacting: “Mr. Walter, you are... planning to completely wean the second youngest milk? Do you really regret it?”

Hearing, Walter raised his eyebrows, and his voice was sharp: “When is it your turn to question my decision?”

Phillip: “...but Mr. Walter, this matter...”

“Get out.”

“Young night!”

“Fuck!!!” Walter suddenly lost his temper and raised his hand to sweep away the things on the table.

Bang bang bang!

All the machines on the stage were swept to the ground by him, making huge noises, but Ana had already walked far away, and she did not hear these sounds at all.

Phillip watched this scene blankly for a long time, but finally chose to remain silent and turned around and went out.

Jessica waited anxiously in the finance department. She waited for a long time and didn't wait for Ana Shen to come back, so she was wondering whether she had reconciled with Walter, and then the two of them are together?

Jessica feels very happy when she thinks of the two people getting tired and crooked together.

If this is the case, then she won't have to worry about it in the future. After such a major incident, the two of them will definitely be able to cultivate a positive result!

So Jessica thought again that when they reconcile, she must blackmail Ana severely. After all, it is very hard for her to run up and down for Ana these days.

"Jessica, didn't you come to the company with Ana?"

I was thinking about it, suddenly a colleague asked her.

Jessica returned and nodded, "Yes, I came to the company with her, but how did you know?"

"I saw it, I happened to be downstairs when you came in, but... Didn't you ask for leave today, why did you come to the company?"

"I'm happy, I ask for leave and I will come back to the company to have fun."

"...Then you are leaving with Ana Shen?"

"Have you not seen me waiting for her?"

"But we saw Ana downstairs just now, she seems to be gone."

"What?" Jessica jumped up instantly. "She's gone? When?"

"Just..."

By!

Jessica immediately stepped forward and rushed out, halfway through and then fell back.

“Wait, when you saw her downstairs just now, did she walk alone or was someone walked with her?”

She has to ask clearly. If she doesn't ask clearly, she hurries down to find someone. What if she disturbs others?

“She must have left alone, and she seems to be in a bad mood, I'm still thinking...what's wrong?”

“I need to say? She hasn't come to the company recently, isn't it said that she went to the nightclub before? Now it seems that she was dumped by the nightclub.”

Another colleague heard it and couldn't help but gloat.

Soon someone followed suit and said, “Really, I think she was really dumped when she was crying like that. Let me just say, how can nightclubs like this kind of woman, probably because of that aspect. Okay, it's fun for a while? Now that the freshness is gone, naturally I don't want her.”

A group of people laughed.

Jessica's face changed drastically in an instant, and she shouted: “What are you talking nonsense? Ana Shen is not the kind of person you are talking about! She and Ye are always simple lovers! You think everyone is as dirty as you! Really! Dirty!”
