

# Nothing to Give but My Heart Chapter 37-42

## Chapter 37

“If you have self-knowledge, you should get out of the night house now? Don’t look at what kind of brother your Shen family is, are you embarrassed to pan Gaozhi?” The servant saw that Ana Shen didn’t speak, thinking she was afraid, so she fell in love. More and more proud.

Ana Shen lowered her eyes and stared at her clothes dampened with milk. The milk was still falling ticking down. There were debris, eggs, and milk mixed on the ground.

She looked embarrassed, just like she is now.

“What are you doing?”

A voice of doubt came.

When the domineering maid who was standing there just heard this voice, her face suddenly changed and she took a step back.

Curtis Ye was carrying a briefcase in his hand and walked up suspiciously. When he saw that Ana Shen sitting there with his head down was stained with milk, his expression changed slightly.

“Sisters?”

The maid’s face was a little flustered, and she dared not speak.

Why is it so early today? Obviously, it is always fixed at seven o’clock.

What should I do if I was bumped into by a young master?

“Master, the second grandma didn’t hold the milk tightly, and accidentally splashed it all over.” The maid was afraid that Curtis Ye would blame herself, so she quickly explained.

But Curtis didn’t look at her at all, but quickly put down the things in his hands and walked towards Ana Shen.

Ana Shen sat where she was, and Curtis Ye walked over.

“stand up.”

He stretched out his hand to Ana Shen, and Ana Shen bit her lower lip and pushed his hand away: “Brother, I’m fine.”

Curtis noticed that the clothes on her chest were damp. She was unwilling to stand up probably because of this. Curtis frowned slightly without thinking. He unbuttoned and took off his suit. Wrapped on Ana Shen’s body.

“Get up quickly and go change clothes.”

There was still warmth on the suit, and Ana Shen paused, then slowly raised her head.

Curtis looked at her with tender eyes, looking at her painfully.

This look...Ana Shen paused, then slowly stood up with his support.

“Thank you.”

“You’re welcome, go change clothes first.”

“Young Master... she really accidentally fell by herself, it has nothing to do with me!” The maid was still trying to explain her crime to cover up.

Who knows that Curtis suddenly turned around and looked at her helplessly: “I saw her with my own eyes when you bullied her last time. You are here this time? I told you before? If you really don’t like staying at Ye’s house. , You can pack your things and leave today.”

When the maid heard the words, her face suddenly turned pale: “Young and old, it’s really none of my business. I didn’t harm her.”

“Do you want to tell me that she took the milk and poured it on her clothes?”

The maid nodded.

There was a touch of disappointment in Ye Rin’s cold eyes, “You are really hopeless, you go and pack your things now, and then let the butler settle the previous salary and you can leave.”

“Young Master, don’t!” The maid quickly stepped forward and grabbed Curtis Ye’s hand: “Okay, what if I did it? The Second Young Master didn’t like her at all. What would such a person keep her in Yejia???”

Ana Shen never thought of pushing the responsibility on the maid, but she did not expect to admit it herself.

She knew that she should keep a low profile in Yejia, and she could only swallow her breath.

She always thought that as long as she was cautious in her words and deeds, she would be able to live a good life, but sometimes, there would be waves without wind.

“Whether she stays at Yejia or not, it’s up to you to decide!” Curtis Ye’s eyes were slightly cold, “You are just a servant. When can you take care of these things? Are you too careless about you? Yu has been disciplined, so I think I can bully people casually?”

Curtis has always been gentle, showing a stern appearance for the first time. The maid was directly frightened and looked at him blankly: “big, big... she just...”

“You go down first.” Curtis suddenly stretched out his hand and rubbed his eyebrows, and said with complicated eyes.

The maid glared at Ana Shen angrily, then shook her head and left.

After she left, Curtis turned around and looked at Ana Shen: “Sorry, you were wronged at Yejia. They were not like this before, this time... I’m really sorry, I will give you this matter. An explanation.”

After speaking, Curtis stopped talking to her, but stared at her for a few seconds, then stretched out his hand to hold her shoulder: “Come on, you go upstairs and change your clothes first.”

Before Ana Shen could answer, Curtis dragged her upstairs.

No way, Ana Shen’s strength was no match for him, and Curtis Ye was too gentle, she had no choice but to be dragged upstairs by him.

When he reached the corner upstairs, he happened to ran into Walter, who was coming here. He was sitting in a wheelchair and pushing the wheel by himself, when the two sides met.

Ana Shen’s steps were stopped, her eyes widened suddenly, and she pulled her hand back directly, and then kept a distance from Curtis Ye.

It's not her guilty conscience.

It was really that Walter's impression of her was too bad. If he was shown any contact between her and Curtis Ye, or standing together to say something, Walter would think she was using means to seduce Curtis Ye.

Curtis also obviously noticed Ana Shen's movements, and for some reason, when she withdrew her hand, he felt a little empty, but he reacted quickly and his lips hooked.

"Walter."

Walter's eyes were still cold, and he stopped: "Big Brother."

"Well, the younger sibling accidentally soiled her clothes downstairs just now. I told her to go back to the room and change her clothes. Since you are here, then I won't bother and go."

"I have something to do, no time." Who knows, Walter directly rejected him.

Curtis Ye was taken aback, "Walter?"

Walter didn't even look at Ana Shen, and turned his wheelchair away.

When he passed Ana Shen, Ana Shen's heart beat faster. She bit her lower lip and gathered courage and turned to Walter and said, "Are you going downstairs? I will push you?"

However, Walter didn't seem to hear her.

To be precise, he completely regarded Ana Shen as a transparent person and left directly.

I was ignored again...

Ana Shen's hands hanging down on both sides tightened silently, then pinched c2902325 to the corner of her clothes, her fingertips turned white.

"Sister, Walter's face is cold and warm, don't take it to heart."

Curtis Ye's gentle voice came from behind, and Ana Shen recovered. She shook her head, "Thank you, brother, I know."

"Go change clothes first."

"Well, brother doesn't need to send me off, I can go by myself, thank you."

After speaking, Ana Shen didn't wait for Curtis Ye to speak again, and walked over him towards the room.

But when Walter was pushing the wheelchair into the elevator, a figure rushed out and helped him press the elevator.

"The second master."

The elevator is specially set up for Walter, because he has limited mobility, but having an elevator is not the same, it is much more convenient.

The maid who jumped out was the one who bullied Ana Shen just now. After pushing Walter into the elevator, she said: "Second Young Master, I really feel sorry for you, you don't know... The young lady hugged the eldest young master, and the eldest young master didn't want to care about her, but the second young lady actually wanted to seduce him. She even pretended to pour milk on her clothes, and they all ran out..."

Hearing this, a hostile spirit rose in Walter's eyes, and he narrowed his eyes dangerously.

Thinking of passing by just now, she was wearing Curtis Ye's suit.

Oh, that damn woman.

Sure enough to seduce men whenever she has a chance?

"Second Young Master, Second Young Lady is really too much, she actually cuckold you publicly, she..."

"Get out."

Walter said suddenly.

"What?" The maid didn't understand, so she thought she had heard it wrong.

"Have you forgotten Yeja's rules? When did I allow you to approach me? Get out!"

Walter burst out with an indifferent and powerful aura: "Also, who gave you the courage to slander your master behind?"

## **Chapter 38**

The maid was startled.

"Second Young Master? What I said just now was the truth. The second youngest grandmother really seduced the youngest. You don't believe me?"

Walter stared at her in darkness: "Apart from you, is there anyone else seeing it?"

The maid thought Walter believed her, and shook her head: “I was the only one present at the time, but I swear by the Second Young Master, I really saw it.”

Hearing, Walter curled his lips mockingly: “In other words, only you see it, no one can testify for you.”

The maid realized what Walter meant, “Second Young Master, I...”

“Jealous? So fabricated?”

Walter’s eyes were black and seeping, as if penetrating, shining straight into her heart, seeing the ugliness in her heart. The maid was a little flustered as if she was seen through her mind.

“Second Young Master, I really didn’t deceive you, you must believe me.”

“Oh?” Walter sneered: “I, Walter don’t believe in his wife, but instead believe that you are a servant?”

“I...”

Seeing the bloodthirsty smile on his lips, the servant began to regret it. She had seen Walter ignore Ana Shen and ignored Ana Shen, so she dared to attack Ana Shen. She originally thought that Walter would agree with Ana Shen.

But who knows, Walter actually reacted like this.

“You got the clothes wet.” In a positive tone, not asking at all.

The servant panicked, how could this happen?

“Second Young Master, I...”

“Yeja doesn’t need a servant like you who steals the opportunity to play slippery.” Walter raised his eyes as if looking at a dead person, “If you let me hear you talking nonsense outside, you know the end.”

Ding...

At exactly this time, the elevator arrived, and Walter turned the wheels on his own to leave, his legs softened, and his whole body fell to the ground feebly.

And here, after Ana Shen went back and changed her clothes, she saw the male suit standing aside.

She thought about it and wanted to pick it up to send it back to Curtis Ye, but when she picked it up, she found that the suit had been soiled by her, and it was not suitable to go back now.

So Ana Shen had to find a bag to put it in, and prepared to return it to others when she had time to send it to the dry cleaning.

After finishing the work, Ana Shen went out.

Recently, she has been taking the bus to go to work. As usual, when she arrived at the company, Ana Shen cleaned the office first before returning to her job.

When the time was up, Walter and Phillip appeared on time. Hearing the sound, Ana Shen glanced in the direction of Walter.

The expression on his face was cold and he still ignored her.

Ana Shen retracted her gaze and subconsciously squeezed the pen in her hand.

I don't know if she feels wrong...

Walter seems to be angry with her, but why?

Was it because of what happened in the room before, or was it because of Curtis Ye?

There was a mess in her mind, and Ana Shen ignored it and concentrated on her work.

In the middle, she went to deliver documents once and coffee twice, but Walter ignored her.

When Ana Shen went to the cafeteria for dinner at noon, she heard other people talking.

"Hey, have you heard? It seems that Ye's is about to cancel the cooperation with Lu's."

"Really? Why is such an important cooperation cancelled?"

"I heard that Mr. Walter's decision was made during the morning meeting."

Hearing this, the movements in Ana Shen's hands were paused, which was set during the morning meeting? When was the meeting in the morning? Why doesn't she know?

"Mr. Walter's decision? Will Old Man Ye agree?"

“I don’t know what’s going on. Mr. Walter doesn’t usually do this. Why did he cancel the cooperation with Lu this time? It’s incredible.”

Ana Shen took a piece of green vegetable to her lips, but couldn’t eat it anyway.

She felt a little uncomfortable in her heart, remembering that Lu Zongchang was suddenly kicked down when he entangled her last night, immediately following the words Walter said.

“With such a big gift from Head Office Lu, do you want my assistant to cooperate with your company?”

“Unfortunately, even if you kneel down to beg my assistant, Ye Shi will not cooperate with a company like Lu’s indiscriminate use.”

I remember that before going to the banquet, he also asked her to contact Lu Zongchang. Obviously, he also paid attention to this project, but suddenly stopped cooperating.

Could it be...because...

Ana Shen didn’t dare to think about it anymore, but couldn’t eat anymore, she took the plate and got up, then went back upstairs.

Quietly in the office, Ana Shen knocked on the door.

“In.”

Walter’s voice was still cold and monotonous.

Ana Shen took a deep breath, then opened the door and walked in.

Walter did not lift his head, his eyes focused on the notebook.

He is still dealing with work, and the cup of coffee on the table has bottomed out, obviously he has not used lunch yet. Ana Shen thought for a while. Just when she wanted to remind him that it was time for dinner, Walter raised his eyes, raised his eyebrows when he saw that she was her, and tapped his fingertips on the tabletop, "Continue coffee."

"Oh." Ana Shen walked over, picked up the cup, turned around but couldn't help but turned her head back: "It's already time for dinner, should you go to dinner before working?"

When it's time for dinner, I don't eat anything, I still work hard here, and I have to drink coffee all the time, which is bad for my stomach.

Ana Shen said in her heart.

But Walter seemed to have not heard what she said.

"Young Master Ye,

you..."

"Continued coffee did not hear? When will it be your turn to teach me how to do it?"

Hearing, Ana Shen could only squeeze the cup in her hand tightly, and turned around to make him a cup of coffee again.

After putting down the coffee, Ana Shen still couldn't help but said slyly: "You are young, drinking coffee on an empty stomach is not good for your stomach."

The movement of Walter's hand stopped, and he squinted dangerously at Ana Shen.

Ana Shen was flustered by his sharp eyes, and she could only explain vaguely: "As...your assistant, I have the right to remind you of this."

"Sneez, pretend to care about me? Is this one of your methods?" Walter sneered at her, without a word of kindness.

This made Ana Shen very angry. She bit her lower lip and tried to refute him, but when thinking of cooperation with the Lu Group, Ana Shen felt that she still had to ask clearly.

"I heard that there was a meeting in the morning?"

Walter did not answer.

"Cooperation with Lu's..."

"Why, you don't think that I terminated the cooperation with Lu's because of you?"

Ana Shen: "I..."

"Don't think too much." Walter let out a cold voice, "People like Lu Zongyuan are very playful. This is a long-term project, and Lu Zongyuan is not qualified."

It was not because of her.

Ana Shen was finally relieved.

If this happened to her, then she might really feel guilty.

“So, what does this have to do with your little assistant?” Walter sneered, staring at her mockingly: “Do you really take yourself seriously?”

Ana Shen bit her lower lip: “I don’t have one.”

“No? You just want to talk about it since you came in, don’t you just want to talk about it?”

## **Chapter 39**

Well, let’s count her being passionate.

Ana Shen pursed her lips: “If there is nothing else, then I will go out first.”

Walter was silent, and Ana Shen stood for a while before turning around and leaving the office.

After he came out, Ana Shen found herself ridiculous.

How could she be so stupid to think that Walter was because of herself? Thinking with the cerebellum, she knew that it was impossible. She was so disgusted with herself, how could he do things for himself that would harm his own interests.

Ana Shen, Ana Shen, you really are too overwhelmed.

After get off work, Ana Shen just returned to Yejia, when the servant told her father to ask her to go to the study.

Thinking of what happened last time, Ana Shen grabbed the corner of her clothes tightly.

It is impossible not to go. Ana Shen can only nod her head to show that she knows it, and then drags to the study reluctantly.

Compared to the pressure that she felt when she came to the study before, this time Ana Shen felt that the pressure inside was like a mountain pressing on her shoulders.

“Master.” Ana Shen bit her lower lip lightly and called out.

Elder Ye sat at the desk, his pale eyes were shocked, looking at the thin and thin Ana Shen in front of him, he narrowed his eyes slightly: “I heard...Walter canceled the cooperation with Lu’s?”

really! !

When the servant told her that the old man wanted to see her, Ana Shen probably guessed his purpose of calling her.

Unexpectedly, she really guessed it. The old man didn’t go to the company, but he knew about it, indicating that he had eyes and ears in the company.

So panic is not acceptable, so Ana Shen nodded sincerely.

“Well, I just learned that too.”

Hearing, Old Man Ye was so angry that he directly swept the books on the table to the ground, making a loud noise that shocked Ana Shen, and couldn’t help taking two steps back.

“Sure enough, this nasty boy is in trouble! Lu’s such a big piece of meat is actually uncooperative?”

With such a big fire from Old Man Ye, Ana Shen can better understand the importance of this project.

“Erika Shen!”

Ana Shen stood up abruptly, she almost forgot that she was married on his behalf.

“Old man?”

“You can’t terminate the cooperation with the Lu family, you... go to Lu Zongchang and see what’s going on!”

Looking for Lu Xunchang? Ana Shen’s face changed slightly, but she didn’t dare to object, so she could only respond.

After coming out of the study, Ana Shen’s whole body was like a vented ball. They had a head-on confrontation with Lu Zongchang that night. Even if she went to find him, Lu would not agree to cooperate with Ye’s? Even if Lu agrees, Walter may not agree.

So she wants to tell Walter about this.

But after saying that, isn’t it the same as telling Walter that your grandpa is staring at you?

For a disabled person, if everyone in the family guards against him, then how much he should be injured?

It’s really hard.

Ana Shen felt that he was involved in a wealthy storm.

When she returned to the room, Ana Shen closed the door and looked at where she was, only to find that there was a small bed inside. She was so scared that she thought she was in the wrong room and was about to come out of the room. of.

How is this going?

Ana Shen stood in a daze before her little bed.

Walter, has your conscience discovered? So I specifically found someone to add it to her?

As she was thinking, there was a sound behind her, and it happened that Walter came back, and Phillip pushed him in.

Walter was expressionless at first, but when he saw her standing in front of the small bed, an unnatural look flashed across the black eyes.

“You’re back.” Ana Shen still greeted him, then pointed to the small bed inside and asked: “That bed...”

“Is there a problem?” Walter raised his eyebrows and asked displeasurately.

Hearing, Ana Shen shook her head: “No problem, just...”

“Just what? Do you think I bought the bed for you?” Walter scolded.

Phillip, who was behind him, reacted instantly and smiled and said to Ana Shen with a smile: “That Miss Shen, girls often sleep on the ground and get cold easily, so I asked someone to bring this small bed in. I wonder if Miss Shen is still satisfied?”

Ana Shen: “...”

The light in her eyes dimmed for a moment.

It turned out that he was not looking for someone to give away, but Phillip himself.

“Heh.” Walter sneered, scolding the people behind him. “Did I allow you to move her bed in? Phillip, you are becoming more and more imprecise now.”

Hearing, Phillip was a little embarrassed, but he explained: “Younger Ye, people live here for a long time. Besides, you and Ms. Shen have reached an agreement for half a year. At least you must give Ms. Shen a place to sleep. And Ms. Shen is now in the company Work, it’s very troublesome if you get sick.”

Walter did not speak any more, as he agreed with what he meant.

Ana Shen lowered her eyes and didn’t ask anything.

Phillip silently wiped a cold sweat.

He felt that he could just pick up a name, and this bed would obviously be... forget it!

He has been Walter’s assistant for many years, and there is nothing to do with carrying a pot, anyway, it is much simpler than letting him go up to the knife mountain and down the fire.

“I see, thank you.” Ana Shen finally thanked Phillip.

Walter got up uncomfortably, and pulled at his tie.

Phillip pushed Walter to the bathroom to wash, and Ana Shen returned to the small bed. When she sat down, it was no longer a hard floor, and a warm current floated from the bottom of her heart.

In fact, the feeling of being in Yejia is not so bad.

Thinking of this, Ana Shen raised her lips and smiled, then got up and moved her clothes. Ana Shen packed up her things again, but when she got one of the clothes, she heard a clear metal sound. on the ground.

Jingle

Ana Shen looked down with some doubts.

A heavy metal button fell on the ground, gleaming with a strange light under the light.

button?

Obviously not hers.

Regardless of the appearance or texture, this is a very valuable button, and it is absolutely impossible to appear on her clothes.

But why did it fall out of her clothes?

Ana Shen thought for a while, stretched out her hand and put the button out in her palm and watched it for a while.

After a while, some familiar images appeared in my mind~

On that stormy night more than a month ago, the strange man pressed her on the seat of the car. At that time, she resisted and screamed, but she couldn't

match the strength of the man. When she was finally penetrated, she reached out and grabbed the man's clothes. , Accidentally caught his button, and then Ana Shen directly tore off the other's button in pain.

But when did this button fall into her pocket? Why is she not impressed at all?

Looking at this button with golden light, Ana Shen seemed to have thought of something.

If she had this button, could it be easier for her to find the man?

Thinking of this, Ana Shen quickly took out her mobile phone to send a message to Karla Han.

Karla Han called her back within two seconds after receiving the message.

"How to say? Is there any new development?"

## **Chapter 40**

Karla Han's voice was not small, it came out through the handset of the mobile phone, and it seemed quite abrupt in the quiet room.

Probably because of a guilty conscience, Ana Shen subconsciously stretched out her hand to cover the phone, and then glanced in the direction of the bathroom. No one was seen, only the sound of water crashing.

She is talking here, shouldn't they hear her?

Thinking of this, Ana Shen coughed and put the phone back to her ear, then nodded: "Well, did you see the message I just sent you?"

"Yes, you said you found a button, maybe it's that man, right?"

“Well, have you found a clue lately?”

“No, you didn’t provide me with any clues. I am looking for someone here to find a needle in a haystack, Ana, since you have something about that man, what kind of button is that? You will take a photo and send it to me later.”

“it is good.”

Karla Han sighed over there, “How are you doing? That Walter doesn’t embarrass you anymore, right?”

“No, we have already agreed that I can stay in Yejia for half a year and leave in half a year.”

“The man’s mind is quite heavy. Your stomach will show up in half a year, but it happened to be winter. You are a thin person, and you will be able to cover it by wearing generous clothes.”

“Ok.”

“Okay, you can send the photos first.”

After hanging up the phone, Ana Shen turned on the phone camera, then placed the golden button in her white palm, and then took a photo of it. As soon as she sent the photo, there was a noise behind her.

Ana Shen was startled, and the button rolled to the ground with a flick of her hand, and then rolled to the bottom of Walter’s bed opposite.

Ana Shen could only stare straightly, watching the button roll in under her sight, but she did not dare to get up and take it at all.

She turned her head and saw that Walter was just pushed out of the bathroom by Phillip.

Ana Shen bit her lower lip, her face pale a little.

After Walter came out, he glanced at her inadvertently, and saw her sitting there pale, and holding the phone with a guilty conscience, he narrowed his eyes dangerously and stared at her with her narrow eyes.

With his dark gaze, Ana Shen was so nervous that sweat leaked from his white forehead.

She couldn't hide her thoughts at all, and all her thoughts were shown on her face, and Walter's insight was so keen, she could immediately see the clues.

It's just that I don't bother to care about her.

"Sao Ye, then I'll leave first."

"Ok."

After Phillip left, Walter rolled his wheelchair to the window, holding a financial magazine in his hand.

Ana Shen watched this scene in a daze.

Walter, who had been in the shower, wore a navy blue casual suit. The low color made him look calmer, and at the same time made him colder and inaccessible. The firm lines of his face when he lowered his head, and those tightly pressed thin lips are like those specially outlined in the painter's pen, as well as those deep black eyes.

"Does it look good?"

A cold inquiry came from the eyes of the eyes.

Ana Shen returned to her senses and saw Walter slowly raising his head, his dark and frightening eyes just hit her in the air.

It's also embarrassing for the thief to watch someone else get caught suddenly.

Ana Shen gave a light cough and blushed and removed her eyes.

After a while, she came back to her senses again. No, she shouldn't be thinking about it now. What she should be thinking about is that button, rolled under Walter's bed, how can she get it back?

Ana Shen didn't dare to take a bath, for fear that Walter would find out.

In fact, even if you find it, you are not afraid of him.

However, Ana Shen has a guilty conscience!

So Walter didn't sleep, and Ana Shen kept sitting next to him, sitting and staring at him unconsciously.

After another while, Walter was impatient with her staring, and closed the magazine in his hand with a snap, shocking Ana Shen.

She quickly looked away.

Walter rolled the wheelchair and came in her direction.

After Ana Shen heard the sound, she stood up quickly.

"I am going to take a bath."

After speaking, Ana Shen rushed into the bathroom before he came.

At this time, she didn't care about the button, only knowing that Walter's eyes were gloomy and frightening, and Ana Shen had to hide in the bathroom.

Turning on the shower depressed, Ana Shen took out the phone and took a look, and saw that Karla Han gave her an OK gesture, which meant that she was waiting for the message. Then she put the phone on a high place and began to take a shower.

Ana Shen thought, she washes slowly, and Walter happened to go to bed when she went out, and then she went under the bed to get the button back.

After the decision was made, Ana Shen concentrated on taking a bath.

But after she finished washing, Ana Shen discovered something more tragic than rolling a button under the bed.

That is... She forgot to bring her clothes in!!!

I was too eager to escape just now, so I didn't even take the clothes. The old clothes were wet and couldn't be worn at all. Ana Shen stood there crying and watched for a long time, only to find that there was a usable bath towel.

She had to take out the bath towel and surround her, but she still did not dare to go out.

Walter had a bad impression of her.

If she went out around the bath towel, he would definitely think she was seduce him again.

So Ana Shen had to stay in the bathroom and waited for nearly half an hour. When she was about to fall asleep, pinching Walter at this time should rest, she sneaked out of the bathroom.

It was quiet outside, and there was no one.

Walter, probably went to bed?

Ana Shen tiptoed forward with bare feet.

“Second married girl.”

A cold voice came from the side, and Ana Shen’s steps suddenly stopped, and her eyes widened in disbelief.

Walter...

“You, didn’t you go to bed?”

“Heh.” Walter’s thin lips curled up a mocking arc: “You have amnesia? How can I sleep if you don’t help me?”

Ana Shen: “...”

Looking at him awkwardly for a long while, Ana Shen pointed to herself: “Help you? Get on the bed?”

“What do you mean?” Walter raised his eyebrows, his eyes falling wickedly on her.

After taking a bath, her skin was fair and crystal clear, and it looked as if it was broken with water droplets. She probably had been steaming for a long time in

the bathroom, so her face was flushed, and even her beautiful eyes seemed to be soaked in water. .

The bath towel covered the part of the cover, but it became more looming and sultry.

Those slender beautiful legs stood in front of him in such a bewilderment, she probably didn't expect to run into him, or calculated it deliberately.

"Come here." Walter said.

Ana Shen swallowed subconsciously.

She didn't wear any clothes, he let her pass?

"Wait for me!" Ana Shen stepped forward to change clothes for herself, not wanting Walter but insisting on her own ideas.

"Have you come here?"

## **Chapter 41**

The sudden louder voice frightened Ana Shen, she squeezed the bath towel on her body, and then walked towards Walter slowly.

Only when she reached a place farther from Walter, Ana Shen stopped.

She bit her lower lip.

"Is there a problem?"

"Help me to bed." Walter said coldly, without any waves in his eyes.

Ana Shen breathed a sigh of relief. It turned out that he just asked her to help him to the bed, which was fine. It's just that she is wearing a bath towel now, which will fall off if she is not careful, so Ana Shen can only ask: "Can you let me change clothes before helping you? I just...forgot to bring clothes in. "

Walter was silent, just staring at her.

Ana Shen pinched a corner of the bath towel, bit her lower lip and said, "Just a while, just a while."

He still didn't speak, and Ana Shen felt that it was impossible for her to wear a bath towel to help him, so he didn't speak, she moved slowly. Seeing that Walter had no other movements, she turned around and ran to the bed and took herself. A change of clothes prepared in advance and then rushed into the bathroom.

After entering, she rushed out quickly. The skirt hung crookedly on her body. When she came out, she showed a white shoulder. Ana Shen pulled and walked towards him, waiting for Walter. Her clothes are already on.

The whole process took less than a minute.

The speed is still very fast.

It's just that the hair is messy.

Walter squinted his eyes slightly, looking at the woman in front of him, barefoot and wearing a light blue pajama skirt. The quality of the skirt was average, and it was probably some years old, so the ball was still a little white. Her fair and clear skin can be said to be completely unmatched.

I always feel that this skirt has reduced her own temperament.

Walter frowned and stared at her displeasably.

Ana Shen noticed his gaze and glanced down at the skirt, probably guessing what Walter was looking at. She felt a little embarrassed, her face was hot, she bit her lower lip for a long time before speaking with difficulty.

“I’m fine, I’ll help you to rest.”

With that, Ana Shen stepped forward and pushed Walter to the bedside.

After Walter got on the bed, his eyes fell on her ugly, and his thin lips moved slightly: “The drawer of the bedside table opens.”

“Huh?” Ana Shen could not react at first, but quickly nodded, bent down and opened the drawer of the bedside table, and asked, “What is Mr. Walter looking for?”

Because she was used to calling Walter in the company, she always referred to Walter as Mr. Walter.

The drawers are neat, with a few books, a few cards, and watches.

“The second book opened page 205, and a card was taken out.”

“Oh.”

Ana Shen didn’t have any doubts, she just did as he said, and pulled out the second book and turned to page 205. When turning it over, Ana Shen was a little surprised that he could remember so clearly.

This shows that Walter should be a very obsessive-compulsive person.

“Found it.” After seeing the card, Ana Shen took it out and handed it to Walter.

Walter did not answer, and his dark eyes stared at her motionlessly.

“Sao Ye?”

“For you.”

Hearing, Ana Shen was a little surprised and glanced at the card in his hand.

That is a bank card.

“give me?”

She originally thought what card he was looking for, but she didn't expect it to be a bank card.

But what is the bank card for her?

“Mr. Walter?” Ana Shen didn't know, so she squeezed the bank card in her hand and looked at him with questioning eyes.

The smile at the corner of Walter's lips was sneered: “As the second youngest of the Ye family, you'd better dress me decently. There is money in it, you know what I mean?”

As soon as the voice fell, Ana Shen's face instantly turned pale, and she bit her lower lip.

“Are you despising me for not wearing well?”

“What? Do you think you are well dressed?” Walter looked at the slightly whitewashed nightdress on her body, with a terrible tone.

Ana Shen was so embarrassed that her lower lip was about to be bitten and bleeding. She squeezed the bank card in her hand for a few minutes, “No

need? I'm already working in the company, as long as you pay my salary every month. I have money to buy clothes, I don't need yours at all."

After speaking, Ana Shen put the bank card back on the bedside table.

"Take it." Walter stared at her, motionless: "After all, you have no money now, don't you?"

Ana Shen finally couldn't help breaking out: "Yes! I don't have money right now, but so what? The clothes I wear weren't stolen, what's wrong with the old ones? Just because of this, you have to keep mocking. me?"

"Oh, on this basis, it is enough."

"Walter, don't go too far!"

Ana Shen clenched her fists, her beautiful eyes almost breathed fire.

As soon as she was angry, the deadly silent spring water moved, and the spirit surged, making her look very beautiful.

Walter put his hands behind his back, looking at her with a pleasant expression.

"What about being too much? Didn't I tell the truth? Although you are not a real young lady, you are my Walter's assistant anyway. Dressed like this, it is my Ye's face that is lost."

"You feel ashamed of me, go to the old man and refuse me to be your assistant."

Ana Shen's lips were white, and she still looked at Walter stubbornly.

“Shit.” Walter sneered disdainfully: “I didn’t even refuse marriage. Do you think I would refuse this?”

Hearing, Ana Shen paused.

Yes, he even accepted the woman the old man gave her, let alone just let her be his assistant, or, what does he know?

Thinking of this, Ana Shen stared at him and asked, “Are you going to agree no matter what the old man asks you to do?”

“What? You want to cover me for the old man?”

Hearing, Ana Shen’s expression changed, and she shook her head: “No.”

“Take the card and leave.” Walter’s face turned cold, and he obviously didn’t want to talk to her.

The topic returned to the original point, and Ana Shen angrily said: “I won’t ask for your money.”

After speaking, Ana Shen turned around and walked towards her bed.

Walter looked at her decisive back, and suddenly pulled his lips, “I’m afraid that there is too little money in it, so I don’t want it? Then I tell you clearly, there are ten million in it, enough for you to spend.

Ana Shen’s steps suddenly stopped.

Walter squinted his eyes slightly, did he hear all ten million tempted?

Ana turned her head, gritted her teeth and said: “It’s only ten million, how can I spend it? Just your little money, I don’t care about it!”

Walter raised his eyebrows: “Oh, isn’t it?”

“So, don’t use this kind of card to prevaricate me in the future, I don’t need it!” Ana Shen finished, this time he really ignored her, and soon returned to his cot.

It’s horrible this man.

She grabbed her clothes angrily, but a rough touch came from the palm of her hand. Ana Shen lowered her head and saw the embarrassment deepened in her heart.

Yeja is a big family, and here is the upper class. In their eyes, the people at the bottom of them are completely a joke.

## **Chapter 42**

Ana Shen lay back on her bed, took out her phone and glanced at the time.

It was almost time for Walter to fall asleep, so she waited a while.

In the end, Ana Shen was probably dizzy. She actually fell asleep while lying down. When she woke up, it was already the next morning.

When Ana Shen got up, Walter’s bed was already empty. She grabbed the phone abruptly and found that it was almost time for work.

Thinking of something, Ana Shen quickly turned over and got out of bed, and lay down beside Walter’s bed.

Fortunately, the delicate button was still lying there quietly.

Detective Ana Shen wanted to grab the button. The distance was far away. Ana Shen's fingertips just touched it, and instead of grabbing the button back, she pushed the button out instead.

Seeing the button rolling forward again, to a place further away from her, Ana Shen almost fainted.

Now this posture is her limit, and she can't get it out if she goes in again.

Ana Shen could only get up to the other side to try to get it. She didn't expect the other side to be farther.

"what are you doing?"

A cold voice suddenly sounded.

Ana Shen was so scared that she almost got out of her body.

This is Walter's voice, he... shouldn't he go to work at the company? How come back suddenly? Ana Shen lay there motionless, because she still didn't know how to react, what should I do if she is exposed?

She was lying there motionless, which was even more suspicious. Walter narrowed his eyes and turned the wheelchair under his hand toward her. When he was almost next to her, Ana Shen got up and grabbed an earring. .

"I lost my earrings, so come and look for them."

Walter looked around and saw a shiny earring in her hand.

"You seem to be nervous?"

Hearing, Ana Shen breathed, "No."

“No?” Walter raised his eyebrows, and continued to slide the wheelchair closer. The powerful masculine aura slowly moved towards her in an instant: “Then...Why are you looking around, sweating on your forehead?”

Ana Shen took a big step back and withdrew from the encirclement of Walter’s powerful aura: “I just went back and forth for my earrings. The weather is a bit hot. I have just been looking for it for a long time, so it is a bit hot.

After speaking, Ana Shen turned around and walked in the direction of the bathroom. It was time for her to wash.

The reason Walter didn’t worry was that he was sitting in a wheelchair. If no one helped him, he would never have a chance to see what was missing under the bed, so the button should be safe there.

So she can go to work with peace of mind today.

Before Ana Shen went to work, Old Man Ye called her to the study and told her to find time today to visit Lu Zongchang to talk about the cooperation. He also told her not to tell Walter this matter.

Since Ana Shen arrived at the company, she has been having a headache.

The two grandparents had different ideas, and it was really difficult for her to be caught in the middle.

She didn’t dare to disobey the order of the Yejia master.

So Ana Shen thought for a while, got up and went out, got in the car and said to the taxi driver: “Hello, please go to this address...”

Ana Shen reported the location of Lu’s company she found to the driver.

After arriving at Lu's, Ana Shen went directly to the front desk, only to realize that she hadn't made an appointment at all.

"I'm sorry this young lady, you can't see our President Lu without an appointment. What's the matter with you?" The front desk stared at her suspiciously, focusing on her dress.

Ana Shen flushed with her stare, and remembered what Walter said last night and what happened when he first went to the Ye Family Group.

It seems that she has to change some clothes.

"Then I will make an appointment and come back in the afternoon."

After speaking, Ana Shen left the Lu Family Group. She did not ask Walter for leave when she came out. For the past two days, Walter treated her as a transparent person in the company and did not need her to help. Walter couldn't let Walter know about this, so she didn't say anything.

So Ana Shen surreptitiously returned to her post and sat for a while, and nothing happened, she was relieved.

After calming down, Ana Shen called Lu's side and stated her intention and identity. Who knew that the other side actually hung up the phone. Ana Shen was stunned and had to dial again.

This time the people over there sarcastically said, "Miss, if you call to harass you again, don't blame us for being impolite."

After speaking, he hung up with a snap.

Ana Shen put down the phone reluctantly.

The other party's attitude seemed very tough, and Lu Xunchang should have explained it after he returned.

There is no way to make an appointment, and you can only wait for the evening to get off work and tell Father Ye.

Towards the end of get off work, Karla Han called Ana Shen and asked her to meet.

Ana Shen agreed.

After Ana Shen packed her things and walked to the elevator door, Phillip also pushed Walter out of the office. Seeing him, Ana Shen looked away with some guilty conscience.

He hasn't paid attention to himself lately, so he doesn't know what he went out in the morning, right?

"Assistant Shen."

Phillip's name for her had changed from Miss Shen to Assistant Shen, naturally.

In the face of Phillip, Ana Shen was grateful. Bi f63c036b actually let him move the small bed, which solved her a lot of trouble.

So Ana Shen looked at Phillip, a gentle smile naturally appeared on her face, and nodded at him.

The smile was so dazzling that Walter's eyes were uncomfortable and he frowned.

How long Phillip had been following Walter, what he wanted to do, and when he moved his finger, Phillip immediately understood. At this moment, the aura revealed on his body became a bit cold, and Phillip immediately reacted.

Mr. Walter recently... something is wrong, right?

Ding...

The elevator came, and after Ana Shen waited for Walter and Phillip to enter, she also stood still and did not move.

“Assistant Shen, won’t you come in?” Phillip couldn’t help asking.

Ana Shen came back to her senses and smiled: “I forgot that my computer seems to be off. I’ll check it again. Let’s go first.”

After finishing speaking, Ana Shen stepped forward and wanted to leave, but she didn’t want Walter to speak at this moment: “Come in.”

Ana Shen paused and looked back at him: “But Mr. Walter, my computer...”

“The computer is off.”

“how do you know?”

“I watched.”

Ana Shen: “...”

He said so, what else could she say? Can only step into it.

After entering, the elevator door slowly closed.

The small elevator was enveloped by the indifferent aura of Walter's whole body, and Ana Shen had nowhere to hide.

"Did you go out in the morning?"

Ana Shen felt a little bit in her heart.

"No, no."

She remembered what the old man had told herself that Walter couldn't let Walter know about this.

"No?" Walter raised his eyebrows, his voice clearly sharpened.

Ana Shen's eyes jumped.

"Don't tell the truth?"

"I... did go out for a while in the morning."

"What did you do?"
