

A Life Upside Down Chapter 741 – 750

Chapter 741

“This, this... is terrible...”

“Is this the strength displayed by the Great Perfection of the Innate Realm? It’s not a human being!”

“Isn’t it? We are all so far away, and we can still clearly feel the aftermath they bring. If we get closer, we will definitely be harmed by the fish!”

All of them were shocked and shocked. Even if they were a few hundred meters away, they would still be affected. Even some people who did not react so quickly were directly injured by the flying stones, which was terrifying.

Even the Northern Heavenly King and the Western Heavenly King, these two supreme powerhouses who are both the innate realm Dzogchen, they can’t help being shocked and awed now. Especially for Wayne Lin, it was completely unexpected! Before this moment, they had never thought that Wayne Lin would really have the strength to protest against Jian Rushuang. Even if Wayne Lin defeated Lei Zhen, it was far inferior to Jian Rushuang, because they knew exactly how powerful Jian Rushuang was.

The first person in the realm of Tongshen is not a joke.

Especially now that Jian Rushuang has lifted his seal, showing his peak strength, logically speaking, it is enough to crush Wayne Lin. However, the result is that Wayne Lin can actually fight Jian Rushuang to come and go. It is especially visible that Wayne Lin really has the ability to challenge Jian Rushuang!

Wayne Lin’s face was calm, he had entered a mysterious and mysterious state, and in a vague way, he had come into contact with something.

Jian Rushuang is indeed very strong, far surpassing Lei Zhen, and is also the Great Perfection of the Innate Realm, but the strength is at least three times worse! No wonder you can sit firmly in the position of the first person under the realm of God.

If before the change, Wayne Lin was definitely not an opponent, but now, Wayne Lin's strength has also risen, even if he faces the ultimate state of the sword, he will not be let down.

As long as the Holy King does not interfere, then he will have the confidence to defeat Jian Rushuang!

Boom boom boom boom...

Jian Rushuang's speed is getting faster and faster, and his fists are getting heavier and heavier. Each punch has a powerful force, even for prehistoric dinosaurs. After changing to any Innate Realm Dzogchen, he would definitely not be able to hold the punch of Jian Rushuang. However, Wayne Lin could count it all. Next, his pupils became icy white, forming a sharp contrast with the black of Jian Rushuang.

Their fighting was really fierce. They fought from the east to the west, and then from the west to the east. The huge hills were all over them, leaving all kinds of potholes on the ground.

After fighting for almost half an hour, such a big mountain actually sank five meters under their battle. How many stones and mud flew in all directions under their fists!

The movement they caused was extremely huge, not only spreading throughout the BRAGRUN headquarters, but also spreading to the green mountains and forests. Some travel companions who came to explore all heard this exaggerated movement.

They looked here, not understanding what happened, how could there be such a huge movement.

Jian Rushuang frowned deeply. In his ultimate state, he actually spent half an hour without taking Wayne Lin. This is an incomparable shame to him!

No matter how high his cultivation base is, he is still in the 60s after all. In terms of physical strength, he is still inferior to a handsome young man like Wayne Lin. Sure enough, his physical strength is now weak.

Wayne Lin caught it immediately, and the corners of his mouth raised, revealing a smile that was not a smile: "Sword Rushuang, your physical strength has declined."

Jian Rushuang's face was not very good-looking, he snorted heavily, and said, "I am so proud of myself! I want you to die!"

After speaking, he began to offer his assassin, "Shadow the sky!"

I saw his eyes widened. At such a moment, his aura changed again, as if he was a giant of hundreds of meters, directly rising by 30 meters, and

At the same time, his right hand slapped Wayne Lin heavily from a tricky angle.

This move was his assassin, the Heaven-shaking Seal, directly attacking Wayne Lin's Tianling Gai, under this palm, even the heavens would be turned over.

In such an instant, Wayne Lin felt an unprecedented crisis!

Jian Rushuang's palm is too domineering. If he hasn't escaped, he will definitely be seriously injured, and the consequence of serious injury is death!

For a master like Jian Rushuang, a single mistake is a fatal flaw.

Wayne Lin's heart jumped hard, with a thud.

At the same time, the blood in his whole body was running several times faster. The skin of the whole person was reddening. He yelled, completely instantaneously, his mouth opened and he roared at the sword Rushuang. , A huge sound wave spread out from his mouth.

If you change ordinary people and are shouted face to face by this lion roar of Wayne Lin, the whole person will fly out, the eardrum will be directly ruptured, the skin will also crack, not only the seven holes will bleed, even the internal organs will be broken!

Even a master of the innate realm would definitely not be able to resist Wayne Lin's roar of the lion. Under the third stage of cultivation, his mind would be shocked and he would fall into a short lag, and the lag would end in death.

Even in the fourth stage of the Innate Realm, they would be frightened and defeated by Wayne Lin.

But for Jian Rushuang, the impact on him was not great. He just felt that in an instant, there was a strong sound wave on his face, and his ears would lose his hearing for two seconds, and his mind would inevitably be shocked, which would affect his movements. , Also caused a slight impact.

That is, this little influence is enough.

Enough for Wayne Lin to react, and concentrate all of his strength on his arms, lift it up high, and block Jian Rushuang's move!

It's too late to say that it's fast, and after so much talk, in fact, it's nothing more than a blink of an eye.

With a loud bang, like an atomic bomb explosion, a huge sound wave radiated from their center towards the surroundings.

Wayne Lin felt the pain in his hands for an instant. Jian Rushuang's move was indeed powerful.

It can be said that he concentrated all the spirits of Jian Rushuang. If it hadn't been for his previous wave of lion roaring skills to stop Jian Rushuang's movements, then he would have been killed now.

After Jian Rushuang played this trick, he found that he was actually blocked by Wayne Lin, his face appeared astonished, and his face became paler.

He was very surprised. You know, this trick is his killer. Since his debut, he has never failed, but now, he is actually blocked by Wayne Lin.

Moreover, the move just now consumed 70% of his energy and spirit. It was originally a mortal blow, thinking that Wayne Lin would definitely fall.

"How is this possible?!" So at this moment, even with a sword-like mood, I couldn't help but scream out in disbelief.

After playing this trick, his aura immediately declined a lot.

At this moment, Wayne Lin showed a meaningful smile on his face, "The sword is like frost, and now your assassin is used, you have no chance."

At this moment, Jian Rushuang felt a huge crisis from Wayne Lin's body, and his brows jumped fiercely twice, completely retreating at the fastest speed without hesitation!

However, no matter how fast he retreats, he can't match Wayne Lin...

I saw that Wayne Lin didn't make much movement. He just took a step forward, as if directly ignoring the comfort of the space, and went straight to Jian Rushuang. Then, he made a stunned sword Rushuang, incredible. action!

Chapter 742

"Fantasy Seal!" Wayne Lin yelled these three words, so powerful that he could penetrate the sky, as if it had directly shocked the fairy in the sky, causing the sky to reverberate with a booming voice.

Wayne Lin unexpectedly played a sword-like assassin's magic, his right hand, at this moment, the blue veins violently, the arm that was originally red because of the boiling blood, suddenly turned into blue and black, strips of hideous blue veins, like The centipede attached to Wayne Lin's arm!

Full of explosive power, the same trick that turned the sky, actually looked even more terrifying than the sword Rushuang used just now.

"It's impossible!!!" Jian Rushuang saw this scene, his eyes widened, and his whole person was horrified. He had never been so frustrated. At the same time, his face was pale, his scalp was numb, and his heart was screwed up tightly. Now, he felt a sense of crisis that he had never felt before.

No, it can no longer be called a sense of crisis, but a breath of death!

Once he suffers from this trick, his head will definitely be blown to death.

But he couldn't figure out why Wayne Lin could play this trick, this is his killer.

At the moment of his death, Jian Rushuang couldn't take care of that much anymore. At this moment, his potential was forced out by the fishing ground, and he roared:
"Ahhhhhhhhh"

Immediately afterwards, his arms were also raised to protect his Tianling Gai, because he knew that in the face of the turn of the sky, he couldn't hide, so he could only raise his arms and carry it hard.

He didn't believe that Wayne Lin, a yellow-haired boy who had just broken through to the congenital realm of Dzogchen, could be so powerful. The most important thing is that the seal of the sky is not as simple as it seems, but it includes the way of luck. If the luck is not right, it will be easy to get mad in minutes and die directly!

No matter how genius Wayne Lin was, it was impossible to watch him act out once, and in such a short period of time, he could find a way of luck.

However, the reality slapped him hard.

In an instant, Wayne Lin's Skyshaking Seal had reached Jian Rushuang's forehead, and then pressed it down. In Jian Rushuang's perception, what was pressed down was not Wayne Lin's right hand, but the collapse of a heaven. , The end of the world. As a creature in the world, no matter what, he couldn't prevent the collapse of heaven and the end of the world.

Click! Click!

As soon as Jian Rushuang's arms touched Wayne Lin's sky-shaking mark, he couldn't bear it at all, and he broke directly. With all his strength, he couldn't stop Wayne Lin's move!

At the same time, his feet couldn't bear the importance, his feet sank directly into the soil, and he spewed a big mouthful of blood!

His face was as pale as paper.

His expression is wonderful, horrified, unbelievable, fearful, painful, regretful...

He was defeated, lost to Wayne Lin, this little man who had never been in his eyes, and still used his own assassin.

At this moment, he heard something shattered in his body. That was his dignity, and he had always been proud.

Wayne Lin was also panting with big mouthfuls. This move was too exhausting. After he finished this move, it consumed half of it.

He quickly adjusted his breath, looked down at the sword with half of his body in the soil, and his eyes flashed with some light, and his murderous intent was full. For a peerless powerhouse like Jian Rushuang, once he becomes an enemy, it is a big worry, and he must be resolved in the first place!

Jian Rushuang also felt his murderous intent, raised his head and stared at Wayne Lin, full of unwillingness and despair, but at this time, he had already lost the ability to fight and could not stop Wayne Lin at all.

However, at this moment, from the sky, a voice promptly appeared: "In this battle, Wayne Lin wins."

It was the voice of the Holy King BRAGRUN, Wayne Lin immediately felt a powerful gaze, staring at him, as long as he dared to move, he would be punishable.

He sighed, which is a pity. But he did not dare to violate the Holy King at this time, so he could only give up.

Jian Rushuang breathed a sigh of relief, but he was not at all happy because he was defeated, and it was completely defeated.

Wayne Lin said to Jian Rushuang, "You have lost."

"Yes, I lost." Jian Rushuang lowered his head, not knowing what it was like.

Wayne Lin ignored him again, but looked at the neon clothes under the mountain and smiled brightly at him.

Nishang was dumbfounded, staying for almost five seconds before she came back to her senses, tears streaming down her eyes, and then her body relaxed and she passed out.

Originally, her body was almost at its limit, and she only supported it with one breath. Now that she relaxes, she immediately faints.

Wayne Lin's expression changed, and he quickly went down, hugged the neon clothes, and gave the neon clothes a pulse, and found that the neon clothes was still alive, not dead, so he relaxed slightly.

The others present looked at him, full of awe and horror.

Seeing his arrival, they couldn't help retreating.

Wayne Lin raised his head and looked at the sky. Soon, the voice of the Holy King came from the sky: "Xuan, Wayne Lin will take up the post of the Southern Territory King from now on."

Wayne Lin finally relaxed when he heard this voice. Fortunately, the Saint King didn't break his promise. He finally turned the danger to a breeze and successfully saved both his mother and the neon clothes.

When her mother Qin Yuehua woke up, she was shocked a lot when she heard the news, incredible.

Finally, she was convinced that it was true from the neon clothes, tears streaming down her face, and tightly holding Wayne Lin's hand.

Wayne Lin became the King of Southern Heaven and replaced Lei Zhen's position. This was a first-class event, not only for him, but also for BRAGRUN organization.

The next day, he organized in BRAGRUN and held an appointment ceremony, which was very grand.

Except Jian Rushuang, everyone else was present.

Wayne Lin added glory to him at this moment, and there were countless people who came to cheer him up. Even his mother Qin Yuehua and Nishang's status also rose with the tide.

But Wayne Lin didn't get over it, because he knew that his position in the BRAGRUN organization was given to him by the sacred king who was aloof and the dragon sees no head. Once the holy king saw him not pleasing to his eyes, he immediately returned to the prototype.

He had a hunch that the Holy King would summon him.

He also wanted to see if this mysterious holy king had three heads and six arms.

On the third day of his tenure as the King of Southern Territories, he finally received the call of the Holy King.

Mother Qin Yuehua's expression changed when she heard the news, and she pulled Wayne Lin and said, "Wayne, you can't meet him."

"Why?" Wayne Lin was a little puzzled, could his mother still worry that the Holy King would harm him? With the cultivation base of the Saint King, there is no need to harm him at this time.

But his mother thought about him and couldn't say clearly.

Wayne Lin patted her hand and comforted her a few words. Now that the Saint King summoned him, it is impossible for him not to go as the Southern Territory King.

After he left, Qin Yuehua had a complicated expression and gritted his teeth: "This dead old man has a face to see Wayne..."

Chapter 743

Wayne Lin didn't know his mother's complaints, otherwise he would be able to guess some Ni Duan with his cleverness.

For the Saint King BRAGRUN, Wayne Lin had long wanted to meet, especially on Junlin Mountain, the battle between Cary Road and BRAGRUN, the military god, was actually lost to BRAGRUN. He vaguely felt that BRAGRUN might be the world today. On, the most powerful person.

Especially, in the end, BRAGRUN gave him a voice transmission, saying that he would always look at him, and asked him to cheer. In that tone, a touch of kindness was revealed, which made him even more curious about King BRAGRUN.

This time, he dared to come to BRAGRUN headquarters. A large part of the reason was that the words the Holy King said to him last time gave him an intuition that the Holy King would not kill him easily.

Logically speaking, he is the illegitimate son of the previous saint Qin Yuehua, who was born outside. To the saint king, he was a shameful existence. Not to mention, he killed the Southern Heavenly King Lei Zhen, as well as the previous Ye Xingchen, according to the logic of normal people, how could the Saint King not tolerate him, but in fact, the Saint King did accommodate him, and so far, It also showed the intention to cultivate him.

Wayne Lin thought about it, but didn't want to understand. The purpose of the Saint King's doing this was only to see his value or to have a relationship with him that he didn't know.

With this thought in mind, Wayne Lin followed the venerable in front and walked towards a mountain that soared into the clouds.

This is the cave house of the Holy King BRAGRUN.

Coming up from the foot of the mountain, Wayne Lin actually felt an inexplicable coercion, and it seemed that even his breath became thinner. Wayne Lin knew that this must be because of the invisible coercion of the Holy King!

“Southern King, His Royal Highness Saint King is waiting for you inside.”

The Venerable stopped and bowed respectfully to Wayne Lin. Wayne Lin waved his hand to indicate that he could withdraw.

Now towering in front of Wayne Lin is a very large-scale, particularly solemn and luxurious hall. It looks like a royal palace, but the first floor is more than ten meters high, which is particularly magnificent and majestic.

And because the top of this mountain is very high, the top of the mountain is almost on the cloud, and there are clouds and mist around it, which looks particularly immortal and misty. At this moment, Wayne Lin has an illusion that this is the palace of the gods. His mood became tense involuntarily.

Fortunately, his reaction was quick, and he was someone who had seen the big scene after all. With a deep breath, he calmed himself down and started to walk inside.

I have to say that this kind of palace of Saint King BRAGRUN is really magnificent, comparable to the fairy palace he saw in some mythological movies, and even some details are more than that. If Wayne Lin himself was not Dzogchen in the congenital realm, but an ordinary person who came to such a place, he would really think that he had broken into the fairy palace!

He became more interested in the mysterious saint king.

As soon as he stepped in, Wayne Lin clearly felt that he was stared at by a pair of eyes, like a scanner, which saw through his whole person, not even his spirit or soul. At this moment, he was naked. Yes, especially uncomfortable. It seems that all his secrets, all thoughts, are exposed at this moment.

He knew that this was the gaze of the holy king, and he tried hard to suppress his fast heartbeat.

“Wayne Lin, the heavenly king of the Southern Territory, see His Royal Highness!” Wayne Lin walked into the lobby and bowed his hand to the front, respectfully.

When the voice fell, a loud and steady voice came from the palace, “Wayne Lin.”

“The minister is here!” Wayne Lin immediately bent his waist slightly.

At this moment, Wayne Lin really has the feeling of seeing gods. The incorruptible body of the vajra, also known as the realm of the gods, is the god of the gods. Is it true that he has become a god? Wayne Lin couldn't be sure.

However, Wayne Lin is not the first time he has met a master of the gods. He didn't feel that way when he saw Cary Dao before. Could it be that Cary Dao's cultivation base is far inferior to the holy king BRAGRUN? However, if Cary Road is not as good as BRAGRUN, why dare to challenge BRAGRUN?

Wayne Lin waited for BRAGRUN's next words, only to find that BRAGRUN didn't speak any more, and for a while, the palace fell into absolute silence.

This palace is so big that even Wayne Lin's mind can't help but sway.

After a while, the holy king finally began to speak, "Do you want to become a powerhouse in the realm of God?"

what?

Hearing this, Wayne Lin was a little stunned. He didn't expect that BRAGRUN would ask him in the first sentence, what does it mean, is it to test his ambition, or deliberately cultivate him, or what trap?

At this moment, Wayne Lin's mind flashed a lot of thoughts. It was not that he was suspicious, but this situation. Facing the Holy King BRAGRUN, he must be cautious and cautious, pondering every word the Holy King said. What is the meaning.

He realized that words are like a tiger.

Seeing that he was too late to answer, the Saint King spoke again, "Are you afraid of this seat?"

Wayne Lin didn't deny it, nodded and said: "His Royal Highness, the minister is indeed afraid of you. No, I say that I am afraid. It is better to say that the minister is in awe of you and does not understand you enough."

"You can talk." There was a slight smile in the voice of the holy king, which made Wayne Lin relax a lot.

"Answer this seat's question, do you want to become a powerhouse of the God-Throughout Realm." The next sentence of the Saint King restored his majesty.

Wayne Lin gritted his teeth and said, "Yes!"

At this moment, the Saint King fell silent again, and remained silent for a long time, a full ten minutes.

Such a long silence made Wayne Lin start to be nervous again, he was not sure what the Holy King meant, could it be that he had already left? Still said to be asleep.

Finally he couldn't help it, and asked softly, "His Royal Highness?"

“Tell me about your understanding of Tongshen Realm.” The Saint King’s voice finally sounded again.

Wayne Lin thought for a while and said, “The God-Through the God Realm, also known as King Kong is not bad. The minister guessed that the life form has changed, the physical body is tougher, the spirit is stronger, and the brain development should be infinitely close to 100% development. Brain capacity...”

Wayne Lin had long thought about the difference in the God-Throughout Realm, so he answered without much hesitation, and answered very smoothly.

After speaking, he waited for the answer from the holy king.

“It seems that you did your homework and answered well.” Sheng Wang said with some appreciation in his tone.

After a pause, the Saint King said again: “But you are only half right. The Spiritual Realm is indeed another life form. The powerful body and the strong spirit are just one of the manifestations of the Spiritual Realm. The biggest difference between the realm lies in the primordial spirit. Theoretically, those who are strong in the spirit realm have unlimited lifespan...”

Hearing this, Wayne Lin’s pupils shrank suddenly, his IQ was not low, and he wanted to understand what the Holy King meant!

Even for him, his scalp numb at this moment.

Chapter 744

The biggest difference between the Tongshen Realm and the Xiantian Realm is that the primordial spirit can have an infinite life span...

The first thing Wayne Lin thought of was the word deprivation!

Because he knows that the life span of a person is limited, which is an inevitable law of nature. Even a person who maintains a good health is no match for the erosion of time. Because people are alive, they have to eat, they have to metabolize, cells will age, and body functions will gradually decline.

Even a master of Wayne Lin's level, he can feel that his body is getting old every day. In theory, his longest life span can live to two hundred years, but this is the limit!

And the holy king said that the realm of communication is immortal, what does this mean?

In addition to the Yuanshen seizing the house, Wayne Lin couldn't think of other reasons!

The known immortal creatures on the earth are jellyfish, but jellyfish are not immortal in the true sense, but after a long period of time, they will transform into new individuals.

It is said that the holy king has lived for nearly two hundred years, and in recent decades, has been in a state of seclusion, almost never born. Before the sword Rushuang went to the Lion Mountain to pick the heaven and earth spiritual fruit, it was the order of the holy king. The reason is that the spiritual fruit of heaven and earth can add to the source of human life.

At the age of the Holy King, it is obvious that he has reached the last path of life that humans can reach, and the psychic realm can also leave the soul, and now call Wayne Lin over, isn't it to take She Wayne Lin! Especially, Wayne Lin is a peerless genius with incomparable talent, and he has devoured the spirit fruit of heaven and earth... Especially when he committed such a catastrophe, the Holy King did not execute him, and he even recognized her as the King of the Southern Territories. This is absolutely abnormal. Combining many elements, Wayne Lin can't help but think about this!

So in an instant, his scalp was numb, the goose bumps all over his body were erected, his fists were secretly clenched, and his nerves tightened to the extreme!

What to do, what to do, Wayne Lin's brain was running frantically at this moment, his heartbeat was almost witty, and his body temperature rose a lot.

If the holy king really wants to take him away, what should he do and how to get out of trouble? Wayne Lin thought about it for a long time, but did not come up with a solution.

He reflexively wants to run, but his reason tells him that it is impossible to run away, and now the Saint King has not shot him, if he runs away, it might make the situation worse!

At this moment, the voice of the holy king rang again, and the voice was no longer broadcast in the palace, but appeared directly in his ear!

“You, why don’t you run?”

Hearing this sound, Wayne Lin’s brain exploded, and his whole body began to explode. His body shook fiercely. There was a strong urge to turn around and wanted to run.

But he still held back, responding to all changes without change.

“His Royal Highness, the minister did not understand what you mean.” Wayne Lin quickly calmed himself down. First of all, he can be sure that it is impossible for him to run away in this palace, and he has not yet determined, Sheng The king must seize him.

“Hahahaha...”

Suddenly, in the palace, there was a big laugh from the holy king, very hearty and heroic, shaking the whole palace.

When Wayne Lin laughed so loudly, his mind was also shaking, and there was a strong urge to kneel and submit. However, he still held back firmly.

“Wayne Lin, you are a very interesting person, yes, yes.” The Saint King admired Wayne Lin. His operation really made Wayne Lin unclear about his routine.

But he can only show his loyalty, and said: “Chen, thank you, His Royal Highness prize. “

“No wonder you can defeat Jian Rushuang, when he also faced today’s scene, his face was pale in fright, and he turned and ran away, haha.” Sheng Wang said teasingly.

After Wayne Lin heard this, he was slightly taken aback, Jian Rushuang was also so scared by the Saint King?

After a pause, the Saint King said again: “Wayne Lin, you come closer and let this seat take a good look at you.”

When Wayne Lin heard the words, he just relaxed, and he couldn't help but become nervous, because until now, he has not seen the shadow of the holy king, nor can he feel the existence of the holy king, from the beginning to the end, he has been in contact with the air. speak.

Now the Saint King asked him to come closer, but in front of him, there is nothing?

Could it be that the holy king's soul is out of his body, in fact, the holy king's soul is standing in front of him?

Wayne Lin was very upset. Although the Holy King had just expressed that he would not take him away, he had to be wary of it.

"His Royal Highness, the minister did not understand what you mean." Wayne Lin did not move forward.

The Saint King didn't speak anymore, and the huge palace fell into silence again.

Finally, after another minute, the Holy King's voice reverberated: "Wayne Lin, you look a lot like this grandson. This grandson has been out of touch with this seat for a long time. I miss you very much. he."

Hearing this, Wayne Lin felt even more weird. He looked like Shengwang's grandson? Isn't this too strange? He even wondered if the Holy King was entertaining him.

After thinking about it carefully, Wayne Lin still obeyed the holy king and took a few steps forward.

At this moment, there was a breeze blowing in front of him, and it felt like someone was touching him gently. This should have been a very strange and creepy thing. But Wayne Lin couldn't feel the slightest weirdness, and he even had a kind of indescribable kindness and enjoyment.

That feeling, it seemed that the elders were really touching his face.

"His Royal Highness, is your grandson still in the world?" Wayne Lin couldn't help but blurt out.

These words made the Saint King silent. After a while, he said: “This seat is tired, Wayne Lin, you can withdraw.”

Wayne Lin:???

He was a little stunned, this is fine, why did the Saint King want him to retire? The Saint King specially summoned him, without saying anything, it was inexplicable.

However, Wayne Lin couldn't understand the holy king's thoughts, he couldn't say anything, nodded and retired.

Leaving the palace and returning to the foot of the mountain, Wayne Lin was still very confused. This time he saw the Saint King, instead of clearing his confusion, he was even more confused.

Mother Qin Yuehua waited at the door. When she saw him coming back, she breathed a sigh of relief. When she caught him, she asked what the Saint King had said to him. Wayne Lin told the truth, and her mother murmured a few words. Wayne Lin did not hear clearly.

Next, Wayne Lin stayed at BRAGRUN headquarters for two more days, five days in total, before he left with his mother and neon clothes.

Although he is now the King of the Southern Territories, he is still not at ease to keep his mother and Nishang at BRAGRUN headquarters. After all, he has not figured out the idea of the Holy King.

After returning to Hwadrid, Wayne Lin really relaxed.

Thinking of what happened to him in the BRAGRUN organization these five days, Wayne Lin felt like he had a dream and almost couldn't come back.

“Mom, I am married, I will take you to meet your daughter-in-law now.” Wayne Lin said to his mother with a smile.

Chapter 745

This is the first time Wayne Lin brought his mother back to see his wife. He called Alma Chu in advance. When Alma Chu heard the news, she was nervous. On the phone, Wayne Lin heard Alma Chu breaking things. the sound of.

“Ah? Mother-in-law, did she come out? Why is it so sudden, I’m not ready for anything... Oh my God, what should I do?” Alma Chu said nervously and anxiously.

At first, Alma Chu heard Wayne Lin’s voice and realized that Wayne Lin was safe. She was quite relieved, but then, when Wayne Lin’s mother wanted to see her, she immediately became nervous involuntarily. .

Don’t think she and Wayne Lin have been married for so many years, but she has never seen her mother-in-law, how can she not be nervous.

Moreover, she had heard from Wayne Lin that the mother-in-law was still the saint of the BRAGRUN organization and had a prominent status. It would be strange if she was not nervous.

Wayne Lin smiled and said: “Don’t be nervous, my mother is very talkative, she just wants to see you, she has no other meaning.”

But Alma Chu didn’t listen. She said anxiously, “Don’t come back so soon. I didn’t change my clothes or make-up. Oh my god, I stayed up late last night and I still have dark circles. I look like this. Ugly to death, why do you see the mother-in-law...”

Listening to Alma Chu’s voice, she was about to cry.

Wayne Lin comforted her helplessly, saying that it was all right, but Alma Chu was still very anxious.

Fortunately, they still have a long way to go home, and there is enough time for Alma Chu to prepare.

An hour later, when she returned home, her mother Qin Yuehua finally saw Alma Chu, and immediately laughed with satisfaction, and took the initiative to hold Alma Chu’s hand, especially gentle and kind, which made Alma Chu’s nervous mood relax a lot.

Wayne Lin was on the side, watching this scene, feeling extremely contented, this is the picture that a happy family should have.

Mother Qin came back and let Wayne Lin's big stone finally relax. Fortunately, both mother and Alma Chu get along very well, and after a few days of getting along, there is no disharmony between their mother-in-law and daughter-in-law.

The father-in-law and mother-in-law are also very welcome to the mother. The family gets along very well and their lives are stable.

However, Wayne Lin discovered that Nishang lived here for a few days, and it was obvious that she was very awkward. Originally, Nishang was a person who did not like to talk. In these days, she became more silent, except for occasionally chatting with her mother. Never talked to Wayne Lin.

Wayne Lin noticed her strangeness, found an opportunity, and asked: "Nishang, are you not used to living in my house?"

After all, Nishang is a master of the fourth stage of the Innate Realm, and her physical fitness is far beyond ordinary. Although she was seriously injured at BRAGRUN headquarters, she has recovered a lot after this week of recuperation.

She avoided Wayne Lin's gaze and said lightly, "Thank you for your family's care during this period. I am now almost recovered from my injury, and it is time to leave."

Wayne Lin was taken aback, and immediately said: "Neon clothes, don't have to look at others like that. You are the adopted daughter of your mother and a family. There are enough rooms in our family. It's good for you to live here. You can live as long as you want..."

Nishang interrupted him directly and said: "I understand your kindness, I don't belong here, it's time to leave."

From the beginning to the end, Nishang's attitude was very indifferent, which was very different from what she did when she was organized by BRAGRUN. It was like a different person. Wayne Lin was extremely clever and couldn't understand her thoughts. . Did you offend her in some ways? But Wayne Lin thought about it for a long time, and didn't think of it. Where did he offend the neon clothes? I can only say that women

Heart sea needle.

Wayne Lin wanted to say a few more words, but Nishang had already turned around and went back to her room, and walked into her mother's room. After a while, she came out with her mother Qin Yuehua.

"Nishang, have you decided?" Mother Qin Yuehua frowned and asked.

Nishang nodded and said, "Well, it's decided, auntie, I will come to you when I have time."

Mother Qin Yuehua sighed, and didn't keep the neon clothes anymore, and said to Wayne Lin, "Wayne, you give away the neon clothes."

"Okay, mom." Just as Wayne Lin nodded, Nishang immediately said again: "No, I'll go by myself, don't need him to send me."

What she said was so cold that Wayne Lin was a little bit confused by Monk Zhang Er. Did she really offend the neon clothes?

However, Nishang didn't tell him, and finally left without even looking at him.

"Mom, what's wrong with Nishang, why is she going to leave gracefully?" Wayne Lin asked suspiciously.

Mother Qin Yuehua gave him a meaningful look and said something intriguing: "This is not her home, she can't live in it."

Wayne Lin is still very dazed, even if it's not her home, she doesn't have to be so cold, right? They are all old acquaintances.

In the afternoon, Alma Chu came back and found that Nishang had left. She didn't seem to be surprised. Instead, she sighed and glanced at Wayne Lin in the living room and said, "This evil spirit..."

Wayne Lin returned from BRAGRUN headquarters smoothly, and Damon Wang, Jeff Han, Jiang Liqun and others all breathed a sigh of relief, and the stone in his heart was finally released.

Everything is back on the normal track, and Wayne Lin rarely relaxes a lot. This kind of relaxation is not only spiritual, but also a state.

And after he relaxed, his cultivation level actually improved a little. One time when he was practicing, he even touched the threshold of the realm of the gods!

It was a pity that it was just a flash. When he wanted to touch it again, he couldn't touch it anymore.

Even so, it was enough to excite Wayne Lin. You must know that he broke through to the Dzogchen in the Innate Realm, and it took only three months. Now, he has touched the threshold of the God-Communication Realm again. If the speed of cultivation is spread, it will cause an uproar.

Wayne Lin knew that it was probably because he had seen Cary Dao, the god of war, and the mysterious and unfathomable Holy King BRAGRUN. Otherwise, relying on his own practice, even if he had swallowed the spiritual fruit of heaven and earth, it would definitely be impossible. In a short period of time, it touched the threshold of the God-passing Realm, even if it was just a flash!

During this period of time, Wayne Lin was not idle either. In addition to practicing, he went to the three places of Xuanyuan normally.

Now as the chief instructor of Xuanyuan No. 3, his position is not low, and for Xuanyuan No. 3, he is also an indispensable position.

Unknowingly, one month passed. During this month, Wayne Lin's cultivation level stopped and stabilized at the highest level of Dzogchen in the Innate Realm. At most, it was more diligent than when he was fighting Jian Rushuang. So a little bit.

"This global competition is chosen to be held in our country. It will be next month. In the previous few sessions, our young masters from China have all returned home in the global competition and lost their faces. This year's global competitive competition was chosen to be held in our country, and the order came down. This time we must win the championship!"

In the meeting room of Xuanyuan No. 3, Director Peng Zhuo said in a deep voice, his expression was very dignified, and after a pause, he looked at Wayne Lin, "Instructor Lin, what do you think of this?"

Chapter 746

The Global Competitive Competition, also known as the Kung Fu Cup, is a competition that Wayne Lin has only recently learned about. It is a competition co-founded by many powerful countries in the world. Its nature is similar to the World Cup.

Both are particularly important, regarding the face between nations.

The only difference is that the World Cup is global and is announced to all people, while the global competition is for warriors and is not open to ordinary people.

But its importance even exceeds the World Cup!

Moreover, it is held every five years. At that time, all countries in the world will send the top players of their own countries to participate in the competition. The duration of the competition is 40 days. Through continuous competition, the absolute champion will be achieved.

In many previous Kung Fu Cups, China has never won a championship, and the ranking is not very good, which has made China lose a lot of face in the international arena.

You must know that China is known as a Kung Fu country in the international arena. As a result, China has never won the Kung Fu Cup, which is so important. It really has no face!

Regarding the top players, there are not many countries in China. Just the Whampoa Road, a military god, is enough to be proud of the world, but the problem is that in this Kung Fu Cup, the first requirement is that all contestants must be no more than 40 years old, otherwise it is a violation.

In this way, China really does not have any masters who are too good at it, because many of the great masters in China are in their forties, even if it is Zhao Xia, they are in their early forties this year and lost. Eligibility to participate.

And most importantly, even if Zhao Xia is of this strength, there is actually no chance of winning in the Kung Fu Cup.

Suddenly, everyone in the conference room looked at Wayne Lin.

Wayne Lin thought for a while and said, "Since the above said so, then we will make every effort to win this championship."

“That said, it’s a pity that the Kung Fu Cup has a hard condition. All contestants must be no more than 40 years old. In this way, there are very few top players we can send.” Peng Zhuo sighed. , He also wants to participate, but he is 44 years old this year.

He had participated in the last Kung Fu Cup, but at that time, he was only in the third stage of the Innate Realm, and he lost to a foreign master, and he was still a very complete defeat.

Although China is a big country and has a magnificent national fortune, there are really very few top players under the age of 40.

Occasionally, that is not an official person in China, just like Lei Zhen, he is a super master, but he is not an official person, and he will not participate in the Kung Fu Cup at all.

Wayne Lin thought for a while, and said with some confusion: “There are so many masters abroad?”

Peng Zhuo nodded and said with a solemn expression: “Many, especially the beautiful country, they have the most advanced biotechnology and artificial intelligence technology in the world today, which can greatly stimulate the potential of the martial artist, and the training method is also the world’s leading. According to our simple Statistics show that there are more than two hundred masters of the Innate Realm under the age of 40. Among them, there are more than ten in the fourth stage of the Innate Realm! As for the Dzogchen in the Innate Realm, it is said that there are four of them, which is very terrifying.”

When Wayne Lin heard this data, he couldn’t help being surprised. There were more than two hundred masters of the innate realm under the age of 40. What kind of concept is this!

You know, the entire China, all the masters of innate realm, add up to only a hundred!

As a master of Innate Realm Dzogchen, he walked all the way from ordinary martial artist, master realm, and acquired pinnacle, very clear how difficult the Innate Realm is.

At the beginning, he also managed to break through to the innate realm by swallowing the Xisui Pill and experienced endless pain, and the beautiful country, with only one-fifth of the population of China, has so many innate realm masters?

This is really shocking!

Sun Liang on the side also said: "In addition to the beautiful country, there are also many innate masters in several other developed Western countries. Even the Sun Nation next door, I heard that this year, there have also been two innate masters. A great master of the Great Perfection, for this Kung Fu Cup championship, it is bound to win... It can be said that the difficulties we face in this Kung Fu Cup are greater than those in the past!"

The other high-level people in the conference room were also frowning, sighing again and again.

Wayne Lin also frowned. Through understanding, he knew the importance of this Kung Fu Cup, especially this one, which was held in China. If you still can't win the championship, you won't even get the silver medal. , That's really a shame!

In recent years, the rapid development of China has caused hostility from many developed countries. During this time, many foreign forces have come to China to cause destruction.

Wayne Lin hadn't been in Xuanyuan three places for a year, and he had performed several missions.

It's no wonder that the order was given to death, and we must win the championship.

Wayne Lin is not stupid. From what Peng Zhuo and Sun Liang said just now, he reacted. This time the Kung Fu Cup, the two leaders meant that he should also participate.

He thought for a while and asked: "Apart from me, does our country still compete in the Dzogchen Congenital Realm?"

Peng Zhuo said gravely: "At present, it is only you."

When Wayne Lin heard this, he also felt the pressure on his shoulders, which heavier a lot.

In this way, he fought alone.

However, he also has confidence that with his current strength, even Jian Rushuang is not his opponent, and the innate realm of other countries is Great Perfection. To be honest, he did not take it too seriously.

“Then I will go all out.” Wayne Lin is not a person who likes to shirk responsibility. As the saying goes, the greater the ability, the greater the responsibility. Since he is the only one, he can’t hold back.

However, Peng Zhuo shook his head and said, “No, instructor Lin, you understand it wrong. We don’t want you to participate in this Kung Fu Cup, but we want you to be the organizer of this Kung Fu Cup and maintain order. “

“Huh?” Wayne Lin was really surprised when he heard this. Since he is the only Innate Realm Dzogchen who meets the conditions, why not let him participate? Is this logic wrong?

As if he understood his doubts, Peng Zhuo began to say: “The rules of the Kung Fu Cup are different from ordinary competitive competitions. The final eight is a group battle, not a one-on-one match. At that time, you will be instructor Lin alone, then you will be besieged by seven other people...”

Hearing this, Wayne Lin indeed frowned.

He didn’t expect this game rule. If this is the case, it is indeed tricky. Although he is invincible at the same level, it is still very dangerous to have him hit seven.

Chapter 747

This meeting has been going on for a long time, not only at Xuanyuan Three, but also at Xuanyuan Two and Xuanyuan One.

It can be seen from the above that the degree of emphasis on this Kung Fu Cup.

It’s a pity that China’s disadvantages this time are still very great. Except for Wayne Lin, there are no players who can get it. The above means that Wayne Lin should not sign up. In this way, if you want to win the championship, almost It is impossible to accomplish.

However, since the above decision has been made, Wayne Lin can't say anything. I believe the above also has his own consideration. Perhaps, at that time, Hua Guo can find masters of the innate realm of Dzogchen from the people, and represent them to fight.

Coming out of the meeting room, Zhao Xia found him and invited him to a banquet together.

“Instructor Lin, there will be an important banquet tomorrow night. The person in charge from Yandu will be sent. Let's go and entertain it together. How about you?”

The task of this reception fell on Zhao Xia. Wayne Lin had also heard it at the meeting, but since Zhao Xia invited him, he was unhappy, nodded and agreed.

Zhao Xia was very happy, and said, “If you have instructor Lin, you accompany me to participate, then I can rest assured.”

Wayne Lin said with some doubts: “Instructor Zhao, is it because Yandu is here this time, and there is your enemy?”

Based on Wayne Lin's understanding of Zhao Xia, Zhao Xia would not specifically invite him to a banquet like this kind of reception, because what Zhao Xia showed just now was to let him go to the town.

Zhao Xia gave Wayne Lin a thumbs up, and said admiringly: “Instructor Lin is really eye-catching, I know I can't hide it from you.”

Then, he sighed and said: “This time I came to Yandu. It is indeed an enemy of mine... Actually, it is not an enemy. When I was young, there was friction. Now that I meet, I will inevitably...”

When he said this, he laughed twice. Wayne Lin smiled and did not continue to ask. He is not stupid. He naturally understands what Zhao Xia means. It is only that the other party is better than Zhao Xia. If Zhao Xia goes by himself, he will be Humiliation, if he went to the town, the situation would be different.

Anyway, he didn't have anything important to do tomorrow night, smiled and agreed directly.

Zhao Xia finally breathed a sigh of relief when Wayne Lin agreed.

On the next night, Wayne Lin went to a banquet according to what Zhao Xia said.

I heard that Yandu came this time, a big man, a high-ranking authority, the entire Xuanyuan three high-level officials, all behaved very serious and nervous, the reception ceremony was very grand, even the director Peng Zhuo personally went. Greeted.

Wayne Lin didn't go, because he still had to take Alma Chu off work, and after taking Alma Chu, he went to the banquet leisurely.

As soon as he arrived at the hotel, Wayne Lin heard someone complaining.

"Damn, these swallows are here, too arrogant! We turned a blind eye to Chief Peng, he really regarded him as a big man!"

"Hey, let's not say that people are big people. In terms of official positions, they are even higher than Chief Peng. Besides, whoever makes people come from Yandu, they must pretend to be a wave when they get to the place. "

"But he also pretended to be too much, especially his subordinates, who still said rudely to Instructor Zhao, just like that arrogant look, really want to beat him!"

"Isn't it an innate

The fourth stage master of the realm, what drag, in front of our instructor Lin, is scum. "

"That is, the chief instructor is a well-known Innate Realm Dzogchen, and you can slap that guy to death with one slap... By the way, didn't the chief instructor come to participate in today's banquet?"

"I don't know. We have been standing here for so long and haven't seen the chief instructor. Is it possible that the chief instructor is not here?"

"Ah? No, I'm still looking forward to it. The chief instructor will arrive and slap those Yandu people in the face!"

A long distance away, Wayne Lin heard the complaints of these soldiers. He frowned slightly. The person in charge from Yandu was so arrogant that even Chief Peng didn't pay attention to it?

"What are you muttering here?" Wayne Lin walked over and asked lightly.

The soldiers saw Wayne Lin for a moment, and then they saluted straightly and shouted in unison: "Chief instructor!"

Wayne Lin nodded, and then said: "You said just now that the people from Yandu are very arrogant, what's the matter?"

The soldiers immediately became excited, and talked about what happened just now. After Wayne Lin heard it, he knew what was going on. It turned out that Chief Peng and Zhao Xia and the others went to meet Yandu today. The group of people in charge who came, but they were dragged to death one by one, they were all very high-ranking to Director Peng, and one of them directly mocked Zhao Xia.

Their posture makes people feel uncomfortable.

"Chief instructor, they came from Yandu because they were very arrogant. They looked down on the three places of Xuanyuan. You didn't see their faces just now. It's damn! That means I don't have the skills. Otherwise, I will definitely just Go up to them."

"Don't be afraid, now there is the chief instructor, and you will be able to stun them after a while. I see them, the most powerful is only the fourth stage of the innate realm, which is far behind the chief instructor."

They obviously pin their hopes on Wayne Lin. Seeing how excited they are, Wayne Lin is also interested. He waved his hand and said, "Okay, needless to say, I will go up now and see if they are What is sacred."

"Come on, Chief Instructor!"

"The chief instructor is invincible, kill them with majesty, let them see, our three trump cards in Xuanyuan!"

Wayne Lin shook his head helplessly when he heard what they said, then went up.

As soon as he walked into the banquet hall, Wayne Lin heard movement from inside, “Director Peng, are all the three most powerful instructors in Xuanyuan here? I don’t think so! This time the Kung Fu Cup is in our place. It’s held in the country, or in Province G... I don’t understand why the above will assign such an important task to you Xuanyuan three places, but I’m here to say that if this time the Kung Fu Cup is messed up, you will lose it. For the sake of Huaguo’s face, you are afraid that you will not be able to take this responsibility!”

This sentence was very sharp, aggressive, and did not give any face, even if Wayne Lin listened to it, he would feel very uncomfortable, let alone Peng Zhuo himself.

Then, Peng Zhuo’s voice came: “General Qin, if you have opinions about us and feel that we are not capable of taking charge of this Kung Fu Cup, you can give them a report. You don’t have to be here to show us your face! You Qin The general is highly respected, but we are not vegetarian in the three places in Xuanyuan!”

At the same time, there was dissatisfaction from the other three senior officials in Xuanyuan, and they began to return.

Chapter 748

This banquet hadn’t been held for long, it was already smelling like gunpowder, so it can be seen that the other party just looked at Xuanyuan’s three places not pleasing to the eye.

Wayne Lin frowned slightly, he was a little confused, since the Kung Fu Cup is so important, why should Xuanyuan three places be responsible for it? Now that Xuanyuan Three is in charge, do you still send people who are wrong in Xuanyuan Three to collaborate? Isn’t it clear to mess up the Kung Fu Cup?

Time goes back to ten minutes ago.

During the banquet, a rough voice sounded, full of provocative meaning and said: “I heard that each of the instructors in Xuanyuan 3 are very strong and have made a lot of combat exploits. By coincidence, I am also practicing martial arts. Challenge your instructors at Xuanyuan Three.”

After a pause, he went on to say, “I wonder if you dare to fight?”

This voice is full of air, and Wayne Lin knows that his cultivation has reached at least the fourth stage of the Innate Realm, and he is still in his peak state.

The entire Xuanyuan three places, plus Peng Zhuo himself, couldn't beat this person.

After his words fell, after a while, no one dared to fight, and immediately aroused ridicule, "Hahaha, why, your three cowhides in Xuanyuan are blowing so loudly, does no one dare to fight? No, you guys. But as for the organizer of this Kung Fu Cup, with your guts, will you be able to stand up?"

Another voice sounded, "At that time, it doesn't matter if you lose the face of Xuanyuan three places, but you also lose the face of our country. Can you bear this responsibility!"

"you!"

"Don't be arrogant!"

"What kind of attitude do you have, you dare to mock the three places of Xuanyuan!"

His words aroused a lot of anger from the top three of Xuanyuan, and they all began to curse.

Just then, there was a loud voice remembering, it was Zhao Xia, "Enough, what are you guys do, don't you just want to fight! Lao Tzu should do it! However, Lao Tzu's words are here, with no sense of fist, when the time comes You were injured by Lao Tzu, Lao Tzu is irresponsible!"

"Hahaha, Zhao Xia, you guys dare to speak up? You hurt me, you dream! It's not that I despise you, I can abuse you with one hand."

Among the group of people from Yandu, a burly middle-aged man stood up, with a flat head, piercing eyes, and particularly raised temples. At first glance, he knew he was a great master. He looked at Zhao Xia very seriously. Disdain.

In disdain, he also revealed a trace of hatred. He is Zhao Xia's enemy, Li Dao.

Zhao Xia also stood up, snorted heavily, and said, "Arrogant, I want to see if you can abuse me with one hand!"

Peng Zhuo felt the power of Li Dao, he winked at Zhao Xia and motioned Zhao Xia not to be impulsive.

Zhao Xia looked firm and shook his head at Peng Zhuo, indicating that he could not bear the tone.

“Please.” Zhao Xia was lucky, and his vigor continued to rise, and his eyes flashed with astonishment. Li Dao didn’t interrupt him, but always looked at him with contempt, and didn’t put Zhao Xia in his eyes at all.

Finally, when Zhao Xia condensed his momentum to the apex, he made a bold move.

Zhao Xia was originally the strength of the third stage of the Innate Realm. During this period of time, he has accepted Wayne Lin’s guidance and has not broken through the realm, but his strength has increased a lot. It is no exaggeration to say that now he is almost standing at the top of the third stage of the innate realm, and is also the last step from the fourth stage.

&

nbEven the people in the three places of Xuanyuan were surprised when they felt Zhao Xia’s momentum. They didn’t expect that Zhao Xia’s momentum had become so strong. However, they immediately thought that it should be Wayne Lin’s contribution. After all, as the chief instructor of Xuanyuan 3rd place, Wayne Lin is so powerful that even Zhao Xia would ask Wayne Lin.

Li Dao secretly put away his contempt, and he was somewhat surprised that Zhao Xia was actually so strong.

However, what about the peak of the third stage of Innate Realm? In front of him, the same is the defeat.

Li Dao faced Zhao Xia’s attack and faced him calmly without any pressure. Zhao Xia was beaten down almost the whole time. Everyone on the scene could see that there was a mountain high in the flash, but Zhao Xia was obviously not. Li Dao’s opponent.

“Zhao Xia, this is your strength? Too weak, meaningless at all, lie down for me!”

When Li Dao's voice fell, he saw his aura suddenly changed, directly overpowering Zhao Xia, and at the same time, his speed was much faster, punching out, directly breaking through Zhao Xia's defenses, and hitting Zhao Xia hard. On the face, he beat Zhao Xia and flew out on the spot, and knocked Zhao Xia stunned. This was ko in fighting.

"Hahaha, this is too weak, I was knocked out by instructor Li in one punch, no way."

"With this strength, I still dare to be responsible for the Kung Fu Cup. I'm afraid that I will not be bullied to death by those foreign devils!"

"I think it's better to react with the above. Let's replace Xuanyuan One and Xuanyuan Two, so that we won't be ashamed."

"It's a trivial matter to lose our face. If you lose Hua Guo's face then, it will be damn!"

The people in the three places of Xuanyuan were very annoyed when they heard this. Everyone gritted their teeth. Even a calm person like Peng Zhuo could not help but clenched their fists now.

These guys from Yandu are really too much, and they don't take them seriously!

Li Dao stood there proudly, with an arrogant posture, like an invincible king, looking down at the group of losers in Xuanyuan Three, and saying wildly: "Your strength is too bad, and I am disappointed. Let's go, I too. Don't bully you, let's go together. I will single you all. If I can't defeat you within ten minutes, you will win."

When these words were said, it burned even more oil. This was no longer not giving Xuanyuan three faces, but humiliating Xuanyuan three places, including Peng Zhuo!

There was no one in the three places in Xuanyuan, which was already the consensus of many people. Even if Wayne Lin's reputation had been gained a while ago, it was only a flash in the pan. For the people in Yandu, they didn't believe it very much.

The main reason is that Wayne Lin's rise was too sudden, and it is also very outrageous, the innate realm of Dzogchen who is less than 30 years old, what is this concept?

It's no different from a three-year-old being a scientist.

Anyone who is a little bit logical would not believe it unless he saw it with his own eyes, but the problem is that, apart from the circles in Province G, not many people have seen Wayne Lin. Especially the masters on Yandu's side, he has never seen him before. For a super master like Li Dao, he would not believe it.

You know, he is 42 years old this year, and he has broken through to the fourth stage of the innate realm, which is already very awesome. Now someone suddenly tells him that some people are under 30 years old, that is, the innate realm is Dzogchen, that is not funny. Did he play.

In his understanding, this must have been propagated by Xuanyuan Three, in order to brighten his face, just like the right to hold the Kung Fu Cup this time, it is believed that Xuanyuan Three's nonsense!

This time when he came to Province G, he was going to severely break the lies made up by the three Xuanyuan places.

Chapter 749

It's not that Li Dao is arrogant, but that he has such confidence, because he has investigated the three places of Xuanyuan that is the most powerful, is their chief director Peng Zhuo, the fourth stage of the innate realm, but he has not reached the peak. And because Peng Zhuo's qualifications can only be said to be mediocre, and he is a management team, he doesn't have much time to practice, his true strength is definitely not much better.

As for the others, like Zhao Xia, Xiao Cangmang and others, they are even less worth mentioning.

This time the Kung Fu Cup is very important to China. It is very important to China. If you can stand out on it and make the Kung Fu Cup beautiful, then it will be a great achievement. Besides, this was not originally a difficult task, it was a sweet potato, and for such a fat man, it was actually assigned to three places of Xuanyuan to be responsible. Li Dao was really upset because he was from one place of Xuanyuan. .

In his opinion, this important task should be entrusted to Xuanyuan to perform.

However, this is an order directly issued from above. No matter how big his opinion is, he dare not refute it directly. What he can do is to follow General Qin, come to Province G, and humiliate Xuanyuan 3 at the reception banquet. After a meal, the many masters in Xuanyuan 3 were beaten to the ground. At that time, General Qin had reason to report to the above that Xuanyuan 3 was not able to take on this important task, so it was handed over to Xuanyuan. This is him and Qin. The general agreed.

Faced with this kind of thing, the people in Xuanyuan Three were naturally frustrated and gritted their teeth, but they were helpless because they had to admit the fact that Wayne Lin was not there, and they were indeed not Li Dao's opponents. Of course, if they go together, they will definitely defeat Li Dao. But this is meaningless, even if you win, you lose.

They regret it now, and they called Wayne Lin to come with him if they knew it, and if Wayne Lin was there, where is this guy who is on the Li Dao?

When Li Dao saw that so many of them were dumbfounded, he became even more fascinated. He snorted and said, "You Xuanyuan three places, are you just this capable? Don't even dare to go together, because you still have the face to dare to take it. The important task of holding the Kung Fu Cup!"

General Qin also came out and said, "Director Peng, this Kung Fu Cup is not trivial. It is related to the face of our country. From my point of view, since you are incapable and even instructor Li can't beat you, you don't want to swell your face. Director Peng, you are a smart person, you know, when the Kung Fu Cup is broken, you are a small Director, but you can't take this responsibility. Therefore, as a friend, I suggest you to apply for it. Let this important task be given to Xuanyuan. This will benefit everyone."

It can be said that they have not given any face at all, and other people have also fallen into trouble. On the surface, they are kindly persuading. In fact, they are disgusting and despising Xuanyuan 3 places. It suddenly makes the people in Xuanyuan 3 places look hard to see. pole!

"Li Dao, you don't want to be arrogant! In the eyes of our chief instructor, your three-legged cat kung fu is not a table top at all!"

A senior could not help cursing immediately.

Sun Liang also continued: "General Qin, you don't have to be hypocritical here! If we don't have this strength in all three of Xuanyuan, then we won't be in Xuanyuan one!"

Zhao Xia couldn't help but said loudly, "Yes, our three most powerful chief instructors at Xuanyuan have not come yet, what are you arrogant about here!"

As he said these words, other people in the three places of Xuanyuan looked at him.

Sun Liang said in a low voice, "Old Zhao, what is the situation?"

Tell Instructor Lin? "

Originally, Wayne Lin had not been notified of the reception. First, they did not expect that the people from Yandu would attack them in this way. Second, Wayne Lin was coming home. But never expected that such a thing would happen!

So they all regret it now. They knew that they would directly call Wayne Lin over and they would be able to slap Li Dao and General Qin in the face!

Zhao Xia nodded vigorously, and said in a deep voice: "Yesterday I specially invited Instructor Lin, just to beware of Li Dao's coming!"

Suddenly, Peng Zhuo, Sun Liang and others lit up, and couldn't wait to ask, "Then instructor Lin agreed?"

Zhao Xia nodded and said, "Yes, I said I will come."

"Then why instructor Lin's people haven't arrived yet?"

Zhao Xia scratched his head, he was also very depressed, Wayne Lin hadn't arrived yet.

On Li Dao's side, he seemed impatient, and didn't believe that there were any masters in Xuanyuan's third place. In his opinion, it was entirely the pretense of Zhao Xia and others.

"Humph, I still had respect for the three places of Xuanyuan before, and thought that the three places of Xuanyuan were upright and upright, but now it seems that it is nothing more than a reputation!" Li Dao immediately said with a sneer, his tone full of disdain: " I

have to admit that your Xuanyuan 3rd place was indeed on the stage five years ago, but now, your Xuanyuan 3rd place is nothing more than a depilatory phoenix.”

“You keep saying that I can’t get on the table in front of your instructor Lin. You said that instructor Lin is very powerful. Let him come out if you have a kind. Let me see if he can beat my iron fist!”

Immediately after Li Dao finished speaking, there was a big guy next to him sneered, and yin and yang said strangely: “I said Lao Li, do you really believe it? If this surnamed Lin is really that powerful, it’s not too early. It appears, as for asking the tortoise to shrink up like this? I see, it’s just a lie made up by Xuanyuan three places.”

“Haha, isn’t it? The three places in Xuanyuan are nothing more than that. They are vulnerable. When that happens, we will go back and reflect on the above. The three places in Xuanyuan are too weak to hold the Kung Fu Cup.”

The people in Yandu Fang were all there mocking them, it can be said that they didn’t give them any face, making Peng Zhuo and the others gritted their teeth, their faces gloomy and terrible.

The Kung Fu Cup this time is a rare opportunity. If it is done well, it is indeed a great achievement. When the operation is completed, it is expected to restore the glory of Xuanyuan Three! But now, facing the ridicule of Li Dao and others, they are really angry and powerless. Who makes their fists not as hard as Li Dao!

Xiao Cangmang said in a deep voice, “Call Instructor Lin, let Instructor Lin come over and kill the grandson’s spirit!”

His words were approved by others, and they all looked forward to it. Wayne Lin could rush over as soon as possible. As long as Wayne Lin came, he would definitely be able to teach Li Dao and the others a lot.

Zhao Xia nodded, he took out his cell phone and dialed Wayne Lin’s number...

But soon, he heard the alert tone on the phone, his expression paled, “Instructor Lin, his cell phone can’t get through...”

Hearing this, Peng Zhuo and others shook their bodies, revealing despair.

Chapter 750

Peng Zhuo gritted his teeth and made a decision, "Since instructor Lin has not come, then I will guard the honor of Xuanyuan three places!"

Sun Liang said immediately: "But Chief Peng, you haven't fully recovered from the injury you suffered last month. It's not appropriate to face Li Dao now!"

Last month, when Peng Zhuo performed his mission, he was indeed injured by internal injuries. He has not been fully recuperated. If Peng Zhuo played, he would definitely increase his injuries. Besides, Li Dao's original cultivation base was stronger than him. Playing, then it is no different from seeking a dead end!

Peng Zhuo smiled bitterly, and said, "Are there any other options besides me to play? None of you have reached the fourth stage of the Innate Realm."

Everyone sighed heavily and their eyes darkened. Peng Zhuo was right. Now looking at the entire Xuanyuan three places, apart from Wayne Lin this abnormality, only Peng Zhuo was the master of the fourth stage of the Innate Realm. When they went up to fight with Li Dao, they would hit the stone with pebbles.

For an instant, they all became angry and hated why they were so incompetent. After practicing for so long, they still have this cultivation level!

Peng Zhuo made a decision. He took a step and made a huge change in his aura. He was no more than Li Dao. His eyes were filled with divine light and piercing. In that moment, the entire lobby was bright. a lot of.

"I'll come!" Peng Zhuo walked up to Li Dao, fighting boldly, and did not evade Li Dao's sharpness. As the chief director of Xuanyuan Third Division, at this time, the honor of Xuanyuan Third Division should be guarded by him. !

Li Dao laughed loudly, "Well, Peng Zhuo, you are finally willing to go off the court, I want to see, you, the so-called Xuanyuan, carry the handles in three places. How many catties are you!"

After speaking, he raised his momentum and directly overwhelmed Peng Zhuo, making Peng Zhuo feel the tremendous pressure.

At this moment, everyone in the three places of Xuanyuan was extremely heavy, because they knew that Peng Zhuo was definitely not an opponent, and Peng Zhuo was just to protect the honor of the three places of Xuanyuan.

However, just at this moment, when the war was about to start, the closed door was pushed open, and a slender man walked in, "Peng Chu, deal with this kind of young man, it's not for your old man to play in person. "

What came in was a tall young man with a good-looking appearance, and he walked in without haste, full of charm. At this moment, everyone's eyes were involuntarily attracted to him.

"Instructor Lin!"

The people in the three places of Xuanyuan saw the appearance of Wayne Lin, and they were stunned for a while, and then they all got excited, clenched their fists, like a drowning person, they found the straw, and they all exclaimed.

"Great! It's Instructor Lin!"

"Hahaha, I know that instructor Lin will not abandon us. Now that instructor Lin is on the stage, what is a small sword?"

"Of course, I don't look at who instructor Lin is. A martial arts genius who is rare in a thousand years, who is less than 30 years old and has achieved great congenital realm! You can slap Li Dao to death with one slap!"

"This Li Dao is over! Hahaha..."

At the same time, the people on Yandu's side also found Wayne Lin and frowned.

Regarding Wayne Lin's appearance, they had seen the photos when they were in Yandu, but they didn't care much, because they didn't believe that there would be Dzogchen masters in the world who were less than 30 years old!

But isn't it? It's like someone said to them that a three-year-old child, who is already the world's top scientist, can win the Nobel Prize. It is a complete fantasy. In their view, it is nothing more than a lie made up by the three places of Xuanyuan to get ahead. It is the same concept as the God-making movement.

of.

Li Dao stared at Wayne Lin. At first he was a little bit jealous. After all, the excitement of Zhao Xia, Sun Liang and others just now didn't look like a joke, but when he saw Wayne Lin clearly, he was really young. It's unbelievable, and the aura on the body is not strong, and it will be the fourth stage of the innate realm if it is dead, and it is still the kind that has just entered the fourth stage.

For such strength, he can beat with three punches and two kicks.

So he was not scared at all, but instead folded his arms around his chest and stared at Wayne Lin with a smile.

The main purpose of his coming this time was to ruthlessly break the myth that Xuanyuan had boasted about in three places, so as to prove his power.

“Instructor Lin, it's great that you came.”

Seeing Wayne Lin, Peng Zhuo breathed a sigh of relief and found the backbone.

Unconsciously, Wayne Lin has become the backbone of the three places of Xuanyuan. As long as Wayne Lin is there, they will feel very at ease. Especially, after Wayne Lin personally defeated Lei Zhen on Junlin Mountain, the people in the three places of Xuanyuan had more confidence in him, and even brought awe!

Wayne Lin nodded his head. He simply looked at the atmosphere at the scene and he probably knew what happened just now.

Li Dao squinted at Wayne Lin, his tone was very frivolous, with a lofty attitude, he did not put Wayne Lin in his eyes at all, and said arrogantly: “Little baby, you are a master of Innate Realm Dzogchen who is less than 30 years old. You Xuanyuan three places will be hype, saying more than singing, I don't think you Xuanyuan three places are responsible for national security, go to the entertainment industry.”

Hearing what he said, everyone at Yandu made joking noises, haha mocking.

The third place of Xuanyuan and the others gritted their teeth again and were very annoyed. They especially expected Wayne Lin to show off his might and sternly teach these gangsters, it was too much!

Wayne Lin didn't feel anything, and the expression on his face had not changed.

"Looking at you, I think I'm very powerful, don't you pay attention to Xuanyuan three places?" Wayne Lin asked with a smile.

Li Dao sneered disdainfully, "It's not what I think, but the fact that you Xuanyuan three places have already fallen. Since they have fallen, you should be self-knowing and shrink up! How big your head is and how big your hat is, This Kung Fu Cup is so important, can you Xuanyuan three can afford this important task! Cut!"

He looked like this, really the principal and arrogant, it made people uncomfortable to see it, Wayne Lin didn't hate him at all, but now, he is starting to be upset.

Sun Liang immediately couldn't help but cursed: "Li Dao, you are so scared! Now instructor Lin is here, it is easy to teach you! I advise you to obediently apologize to our Xuanyuan three places, otherwise, wait for instructor Lin to take action. One trick can defeat you!"

Zhao Xia also said, "Yes, Li Dao! Your three-legged cat skills are not enough in front of our instructor Lin. You'd better apologize now. When Wayne Lin takes the shot, you will have no chance. Instructor Lin, One slap can knock you over."

The other people in the three places of Xuanyuan now had the courage and started to fight back. All kinds of taunts made Li Dao's face very ugly, and even the people who came with Yandu became annoyed.

"Li Dao, talk nonsense with them, just shoot, and slap this little kid!"

"Yeah, Lao Li, you shot and beat this man named Lin to cry!"

"f*ck him, instructor Li..."

Li Dao also began to get annoyed and looked at Wayne Lin coldly, "Boy, you angered me. Now, kneel down and apologize to me, I can spare your life, otherwise, there will be a dead end!"
