

A Life Upside Down Chapter 761 – 770

Chapter 761

On Wayne Lin's side, Freda Shangguan saw that Wayne Lin had not spoken, her face was stern, she held Wayne Lin's hand and said carefully: "Are you angry?"

Wayne Lin still didn't speak, and continued to walk forward. With his appearance, Freda Shangguan could not see what he was thinking.

Freda Shangguan gently shook Wayne Lin's hand, and said coquettishly: "Well, I was wrong. Don't be angry without discussing it with you in advance."

Her coquettish appearance is extremely lethal. If she were changed to another man, she would have been unable to withstand it a long time ago, and her bones would be broken.

But to Wayne Lin, it can be said that she has no feeling at all, and she even feels that she is very artificial.

After coming out of the hotel, Wayne Lin directly shook her hand away, "Tonight, for Shangfeng's sake, I don't care about it with you. In the future, you will find a chance to explain clearly to Qin Long."

After finishing speaking, Wayne Lin strode away directly. As everyone knows, his indifferent appearance completely irritated Wayne Lin, making her annoyed all of a sudden, "Hey! You stop me!"

But how could Wayne Lin pay attention to her and continue to move forward.

This performance of Wayne Lin made Freda Shangguan gritted her teeth even more. You must know that she has always been an eldest lady. Her status is more noble than Qin Long. It is not an exaggeration to call a princess. She is always embraced wherever she goes. The existence of clusters, like today, has been ignored so much.

She grew up, surrounded her by flatterers, trying to please her, for fear of angering her, there is no Wayne Lin like this, just ignore her.

However, Wayne Lin would take care of her, and walk in his own way. He didn't lie just now. If it weren't for Shangguan's stalwartness, he would have taught Freda Shangguan a long time ago because of his character. Just kidding, he would not be what he used to be. He is a worthless son-in-law, but a real big man, a rare genius in a thousand years, and within five years, he will surely step into the realm of God.

Freda Shangguan saw Wayne Lin still not putting her in his eyes, stomped her feet, and shouted directly from behind: "Wayne Lin, if you don't stop, I will tell my grandfather that you are indecent to me!"

She shouted this loudly, and immediately let the people passing by look over.

She was still wearing an evening dress, matching her appearance and makeup, she was a first-class beauty. Many men saw it, and their eyes lit up, showing stunning and coveting.

Wayne Lin frowned slightly. He didn't expect that Freda Shangguan would be so shameless and self-willed, and dare to use this to threaten him.

No matter how good his temper was, he couldn't help but feel angry now.

However, he took a deep breath and suppressed the anger, not as knowledgeable as Freda Shangguan.

However, he still underestimated the waywardness of Freda Shangguan, and Freda Shangguan shouted directly from behind: "Indecent, indecent..."

Her scream brought even greater lethality, and it immediately attracted more people's attention, and even some bold men came over to catch Wayne Lin.

Wayne Lin's footsteps stopped, and the corners of his mouth couldn't help but twitch twice, and the anger rose even more intensely.

He turned his head, looked at Freda Shangguan, and said, "You're enough.

Want a face! "

Freda Shangguan didn't panic at all, but was even more seductive, feeling that even people like Wayne Lin would be eaten to death by her.

"Aren't you leaving? Why aren't you leaving?" Freda Shangguan said with a smile, like that, especially owed.

At this moment, a few men who were righteous and brave had already walked up. They stared straight at Freda Shangguan, salivating, and on the surface they said in a just and awe-inspiring manner: "Beauty, is this guy insulting you? Unreasonable, we immediately arrested him and sent him to jail!"

Freda Shangguan nodded, looking aggrieved, and immediately aroused the desire for protection of these men, geared up, and strode over to take Wayne Lin down.

Wayne Lin was really annoyed, this Freda Shangguan was extremely willful!

Faced with the arrival of these men, Wayne Lin didn't need to make any moves. They just stared at them. They immediately stood there in shock, with big drops of cold sweat streaming down, and Wayne Lin didn't dare to move anymore. With a cold snort, "Get out!"

They pissed off all of a sudden, where they dared to stay.

Wayne Lin walked over to Freda Shangguan, stared at her, and said word by word: "What do you want?"

When Freda Shangguan saw Wayne Lin's compromise, she smiled more brilliantly, completely as a winner, and said: "I am your woman now. I am unaccompanied in Huarvell, so I can only come to you. Now Everyone in the circle knows that I was deprived of you, so don't think about being irresponsible."

She looked like she really owed it a lot. Wayne Lin almost wanted to do it. He took a deep breath again and said, "Enough, you can stop, don't push me in a hurry!"

Freda Shangguan was not scared at all. Instead, she straightened her chest and walked two steps forward. She was very close to Wayne Lin, and said in a provocative tone, "What do you dare to do to me? Yes. Just plant it, and I'm already yours anyway."

Wayne Lin: "..."

He asked himself that he had seen many types of women, but it was the first time he met someone who was shameless like Freda Shangguan.

“Don’t play with fire.” Wayne Lin looked at her deeply.

Scanning Freda Shangguan’s body deliberately, she has to admit that Freda Shangguan’s figure is still very domineering and full of femininity. If it were not for this savage and willful character, she would indeed be called a goddess.

Freda Shangguan was seen by Wayne Lin’s eyes, her heartbeat speeded up a bit, Wayne Lin’s eyes were too sharp, she only felt that she had been seen through just now, and she actually had an indescribable shame.

If you change to a normal woman and see Wayne Lin look like this, you will know that enough is enough, at least there should be shame. But Freda Shangguan didn’t, she thought it was fun, because she was sure that Wayne Lin was a paper tiger, and she absolutely didn’t dare to do anything to her. Nothing is more fulfilling than playing a genius.

So she straightened her chest even more, got closer to Wayne Lin, looked at Wayne Lin provocatively, and said, “Playing with fire? Are you fire, or am I fire?”

Wayne Lin sneered. Faced with Freda Shangguan’s provocation, he finally responded, only to see that he directly hugged Freda Shangguan’s waist, and pulled him a little harder, the two bodies pressed together. Then he turned around and pressed Freda Shangguan on the wall...

Chapter 762

His movement was too sudden, and it didn’t match his style at all. It immediately shocked Freda Shangguan, and his slack body suddenly became tight!

Freda Shangguan opened her eyes wide and looked at Wayne Lin in disbelief. She had no idea that Wayne Lin was so courageous and dare to be so frivolous. You know, her grandfather is a stalwart Shangguan, Wayne Lin’s immediate boss, and one of the best in power in the country!

Don't look at Guan Freda's frivolous and bold appearance, but in fact, she is still a virgin and has never had such close contact with any man.

Because she is a person with very high vision, because of her background and her personality, she doesn't like the men who have appeared in her. Even people like Qin Long can only be regarded as ordinary people. , But she has always maintained a perfect body.

And now, Wayne Lin dare to offend her like this... Yes, in her opinion, Wayne Lin's behavior is an offense!

Especially the strong hormonal breath passed from Wayne Lin's body, which made her more panic-stricken, and her heart and liver thumped and jumped out.

And Wayne Lin's chest was pressed against her chest, and the contact made her ashamed and flustered.

"Wayne Lin, you..." She widened her eyes and was a bit fierce, but in Wayne Lin's eyes, it was completely an expression of being strong from outside.

To be honest, Wayne Lin himself didn't want this. Freda Shangguan was too presumptuous. He didn't give a lesson anymore. Freda Shangguan could not figure out how arrogant he could be. Once Freda Shangguan went crazy and found his home Go, it will be even more troublesome.

If you say that you do have a leg with her, that's fine, it's not wrong, but the problem is that this is the second time I have seen her. It's a completely innocent relationship! Under the balance, Wayne Lin simply felt that the long-term pain was better than the short-term pain, and he turned against the general.

Looking at Freda Shangguan's reaction now, Wayne Lin secretly breathed a sigh of relief, which shows that Freda Shangguan is a paper tiger.

Doing nothing and endlessly, Wayne Lin simply acted like an evil charm, aroused Freda Shangguan's chin, and said jokingly: "Why, you are starting to be scared now? You didn't just keep saying that you want to be my woman ?"

Wayne Lin's expression was full of teasing and mockery.

“You!” Freda Shangguan, who was like a princess, had been molested like this before, her face flushed immediately, she stared at Wayne Lin, very embarrassed.

She was indeed panicking now, mainly because she didn’t expect Wayne Lin to be so bold.

“You let me go!” Freda Shangguan was a little annoyed, and couldn’t laugh anymore, said in a commanding tone.

I have to say that when she gets angry, she is indeed somewhat majestic. She is indeed the granddaughter of Shangguan’s stalwart. This kind of aura and majesty can’t be done without corresponding status.

Of course Wayne Lin wouldn’t let her go so easily. Now the rhythm is on her, and her mind must be completely destroyed.

Therefore, Wayne Lin’s hand followed Freda Shangguan’s chin, and slowly stretched it down, past Freda Shangguan’s face, neck, arms, waist...

Freda Shangguan’s face flushed. In her perception, Wayne Lin’s hands seemed to have electricity, making her body tremble uncontrollably, “You, presumptuous!”

Now Freda Shangguan is a little broken.

Wayne Lin laughed and saw that the effect was almost the same. He said, “Presumptuous? Anyway, people in your circle know that I am your man. I am asking for some interest now. It’s normal.”

Freda Shangguan see

When Wayne Lin looked like a rascal, she was helpless and wanted to resist, but how could she resist it? Wayne Lin held her hands with one hand and couldn’t move. She was so wronged wherever she was, and her eyes suddenly turned red.

Wayne Lin didn’t continue to be awkward, so he closed it as soon as he saw it. When he saw that Freda Shangguan was about to cry, he let go of Freda Shangguan, “Is this crying? Too boring.”

Freda Shangguan was let go, and he was relieved immediately, and wanted to scold Wayne Lin a few words, but at this time Wayne Lin stared at her and said: "This time, I think it's for your grandfather's sake. Let you go once, and then It's not as simple as touching your waist."

After speaking, he just disappeared.

"a*shole!" Freda Shangguan stomped fiercely, especially annoyed, breathing quickly, and his face flushed.

She looked down at herself. The feeling of Wayne Lin molesting her just now hasn't disappeared. The feeling that Wayne Lin had when he touched her still remained on her waist, which made her heartbeat still unable to calm down.

She was very shy and annoyed, but she was strange, but she didn't have that kind of anger, which even she herself felt very strange. According to her usual character, she should be furious, so she made a direct call to let Wayne Lin disappear from the world. However, she doesn't feel this at all now. Instead, her heartbeat has been fast. There is a feeling that she has never felt before. Deep in her heart, rooting and sprouting. When I think of it, her body can't stop getting hot.

"Damn Wayne Lin, this lady will never let you off easily!"

Finally, she stomped her feet vigorously, took out her phone, and started calling.

Of course, the call was not to send someone to teach Wayne Lin. First, she didn't have this idea, and secondly, she didn't have the ability. She was calling her subordinates to arrange a place to live, and she planned to stay in Hwadrid.

It's been a long time since she met such an interesting person, just like when she was a child, she found a toy she liked very much, and she had to play with it.

On the way Wayne Lin went home, his mood would not calm down for a while. What he did just now was really helpless. It was to teach Freda Shangguan and let her retreat.

However, the feeling in the middle was quite embarrassing to him. After all, Freda Shangguan was Shangfeng's granddaughter, if Shangfeng knew about it, he might decide how to treat him.

Fortunately, he took care of this matter, and I believe Shangfeng would not embarrass him too much.

When he returned home, Wayne Lin didn't dare to go directly into the room. He took a shower and washed off the smell of Freda Shangguan. Although he and Freda Shangguan were innocent, they were still not quite scented by Alma Chu. Good explanation.

Alma Chu was already asleep, Wayne Lin went in gently, without waking her up, and meditated on the ground by herself.

In the following days, Wayne Lin's life became busy again, and as the time for the Kung Fu Cup approached, he became even busier.

This time the Kung Fu Cup was held very grandly, and it happened to be able to boost the surrounding economy.

For ordinary people, they don't know the existence of the Kung Fu Cup. Many ordinary citizens are just wondering why there have been many foreigners in the past two months.

Everything has two sides. The influx of many foreigners can indeed boost the economy, but there is also the risk of disrupting public order.

As for these foreigners with special skills, ordinary police force can't control them, and Xuanyuan has to suppress them in three places.

No, it didn't take long for a few foreigners to cause chaos. Fortunately, the troubles weren't serious, and ordinary agents in Xuanyuan three places could handle it.

But on this day, a big one came.

Chapter 763

On this day, Wayne Lin received a call as soon as he came out of the house, "Hey, Instructor Lin, are you free now?"

The call was made by a special agent from the fourth group. He was particularly flustered. Wayne Lin immediately asked, "What happened?"

The other party said: "It's like this..."

After hearing what the agent said, Wayne Lin realized that it turned out that there was another foreign warrior who was rioting in Huarvell, clashed with the countrymen, and seemed to have beaten them seriously.

"What is the cultivation base of the other party?" Wayne Lin asked.

Wayne Lin was not surprised by this kind of thing. After all, the day when the Kung Fu Cup started was getting closer and closer. During this period of time, so many foreign warriors poured in, there would definitely be friction. During this time, Wayne Lin knew that he would not place ten orders.

However, most of the troubles were caused by ordinary warriors, and the troubles of the congenital realm masters had not happened.

Now that Wayne Lin received this call, he immediately realized that it must have been a congenital realm master who had also started making trouble.

To be honest, Wayne Lin is very repulsive to this kind of behavior. These foreigners, relying on their own arrogance, look down on the yellow race, and are particularly arrogant.

Like before, he had encountered this type of foreigner, but he killed them all.

If these foreigners really dare to do evil on the Chinese territory, he doesn't mind giving these foreigners a bitter lesson!

The agent on the opposite side of the phone said: "I am a master of the innate realm, with a good cultivation base. We agents are not their opponents."

Wayne Lin frowned, his expression even more ugly, "Did they dare to attack you?"

These foreigners, even if they dare to make trouble on the ground of China, they even dare to attack the agents of Xuanyuan No. 3, which shows that they are very arrogant and clearly do not see China in their eyes!

The agent hesitated and said with shame: "Chief instructor, I'm sorry, we have made Xuanyuan embarrassed."

At this time, Wayne Lin would not blame them either. This is not what a qualified leader should do. He directly said: "Where are you, I am past now."

Soon, the agent said an address, not too far away from Wayne Lin.

Time was running out, and Wayne Lin didn't drive anymore. He hurried over on foot, and arrived there in only one-fifth of the time.

When Wayne Lin looked at the scene, he immediately noticed that there had been fighting here.

"Chief instructor, you are here, great."

At the door, there were two agents waiting there. Seeing Wayne Lin coming, they all breathed a sigh of relief, found the backbone, and hurriedly greeted them, paying a military salute to Wayne Lin, full of worship.

Wayne Lin nodded, without talking nonsense, and asked directly: "What about people?"

"Inside." The agent pointed inside, and another agent said indignantly: "Chief instructor, these foreign devils are too arrogant. On our site, they still don't abide by our rules, make trouble everywhere, and dare to beat people!"

"Yes, Chief Instructor, we officially stepped in. Not only did they not compensate, they also had a particularly arrogant attitude. They didn't put our Xuanyuan three places in their eyes at all! Daniel and the others couldn't see it, they scolded them, and were taught by them. Well, the injury is not light!"

Wayne Lin nodded, his face was not good-looking, originally he had no prejudice against foreigners, but certain

Foreign devils, it's really hateful, they look down on China from the bottom of their hearts.

"Is Daniel and the others okay?" Wayne Lin asked concerned.

“They are all okay, but they are also injured, especially Juntao and Lin Bei, whose ribs have been broken a few! These guys are really horrible! It’s a pity that my skill is not enough, otherwise, I just rub them on the ground!”

They were all gnashing their teeth, their faces flushed, and they were obviously really angry.

Wayne Lin knew it in his heart. He didn’t get any more wordy, and he walked in in strides. As soon as he walked, he heard it immediately, and an arrogant voice came, “Our respectable Mr. George said, you Chinese people, if you don’t compensate ten million, don’t even think about leaving here!”

When the voice fell, an angry voice sounded, “You stooge of translator, tell these foreign devils, don’t be too much! This is the territory of our country, you foreign devils, you should abide by the rules of our country, but you dare to take the initiative to beat people, and you should be the one who compensates!”

Wayne Lin was stunned for a while when he heard this voice, feeling that it was a deep breath, as if he had heard it somewhere, but for a while, he couldn’t remember it.

Immediately afterwards, another voice came out, “You are too presumptuous! Do you really think that our country has no one to rule you! You wait, our chief instructor will be here soon, and then our chief instructor will come, and it will be delicious without you! “ask

Wayne Lin could hear this voice. It was a big cow.

Immediately there was another foreigner’s voice, speaking in English: “Hahaha, you Chinese, who are skinny like monkeys, dare to teach us? You are all rubbish, losers, I can take you with just one fist down, you can’t even get into the top eight in this Kung Fu Cup.”

Accompanied by a ridiculous voice, especially arrogant and arrogant.

Wayne Lin sullen his face and hurried over quickly.

He opened the door directly and appeared in front of everyone.

His appearance immediately drew everyone's attention. All of a sudden, they looked over. Agents such as Daniel, Juntao, etc. saw him and were overjoyed. They immediately saluted respectfully and shouted: "Chief instructor!"

At the same time, Wayne Lin also saw the situation clearly. There are more than 20 people in total, of which six are foreigners. Two of them are masters of the innate realm, and the other four are masters of the acquired peak. , The figure is very tall and burly, it looks very uncomfortable.

On the other side, there were almost twenty people, except for a few agents such as Daniel and Juntao, the rest were ordinary people, and they were also familiar faces.

Isn't it right, the people standing in front of him are all the Lin family...

Dabo Hanson Lin, cousin Vicky Lin, cousin Lin Shao-ang, and half brother Lin Zihao are all here.

"Lin, Wayne Lin?"

When he recognized the Lin family, the Lin family also recognized him, all of them opened their eyes wide, full of surprise and shock.

Especially the elder brother Lin Zihao, his pupils suddenly shrank, and he was very shocked. He never expected that the person who appeared here would be the younger brother Wayne Lin he had always looked down upon!

He had been listening to Daniel and them just now that their chief instructor was very powerful, and the cultivation base had reached the congenital realm of Great Perfection. As long as the chief instructor came over, he would definitely be able to teach these foreign devils a lesson.

However, he never thought that this mysterious and powerful chief instructor would be Wayne Lin...

Chapter 764

Wayne Lin was also surprised. Speaking of it, he has not seen the Lin family for almost two years. Although he has always been in Hwadrid, he has always deliberately avoided

the Lin family and does not want to be with the Lin family again. , Had any relationship, but I did not expect that I would meet the Lin family here.

At this moment, his mood is quite complicated.

Before, he really hated the Lin family, even hated him, because of the injustice and bullying of the Lin family.

However, two years ago, he personally went to the Lin family, slapped his face severely, and avenged his revenge, but he didn't kill Lin Zihao at that time.

Over the past two years, too much has happened, especially his status, which has improved a lot. The layout and vision are not comparable to before, so he now has no hatred for the Lin Family.

He glanced over and saw that Lin Zihao suffered serious injuries, bruised all over his body, and even his face was beaten and swollen. He looked particularly miserable.

In addition to Lin Zihao, there were Lin Shaoang, Vicky Lin and others, who were also slapped with color, and even Dabo Hanson Lin was slapped.

Now they are in a state of despair, decadence, and grief.

Wayne Lin knew right away. Obviously, it was the Lin family who clashed with this group of foreigners and was taught a lot.

It sounds a lot, but in fact, it was only a matter of one or two seconds. Those foreigners discovered that only a tall and thin young man who appeared ordinary, and immediately laughed contemptuously, and didn't stop at all. Wayne Lin looked at it.

One of the foreigners, who was 1.9 meters tall, said contemptuously: "The chief instructor you are talking about is this kid?"

His tone is incomparable contempt and disdain.

Daniel nodded vigorously, and said with a sneer: "Yes! This is our chief instructor, and he can abuse them with just one finger! You are over!"

The translator quickly translated Daniu's words, and the six foreigners even leaned forward and backward with a smile.

"Hahahaha, I really laughed at me, a monkey with no hairs is actually the chief instructor of your country of China. It seems that your country is empty, rubbish, all rubbish!"

"Originally I thought that in this Kung Fu Cup, even if you could not make it to the quarterfinals, at least you could make it to the top 16. Now it seems that your China is gone, it's all rubbish, you can't even make it to the top 16. Hahaha."

They made no secret of their ridicule. If you owe more beatings, you owe more beatings. In the end, there is a foreigner who raised his tail to everyone, raised his head, and said with contempt and disdain: "You Chinese are all sick men. ,Rubbish."

And he deliberately said in Mandarin: "You are, trash..."

His remarks immediately angered everyone, and Daniel and the others were even more angry and angry, and pointed at them.

"Hey, what are you talking about! Looking for death, you kind of say it again!"

"It is unreasonable, you foreign devils, dare to run to our country to go wild, I think you are living impatiently!"

"What are you talking about with them, just take them down and put them in custody, to see if they are still crazy or not!"

"It's so presumptuous. In front of our chief instructor, if I dare to do this, I'm looking for death!!"

big cow

They were gearing up, surrounded them, and wanted to do it again.

This group of foreigners was full of disdain, and did not put them in their eyes at all. Instead, they hooked their fingers and provoked.

At this moment, Wayne Lin spoke, "Stop it."

Daniel and the others respected Wayne Lin, stopped immediately, and said to Wayne Lin: "Chief instructor, they are too much! We must teach them a lesson, otherwise they will have to make an inch of it and don't put our country in the eyes. what!"

Others also expressed their opinions one after another, their eyes were red, and it was obvious that they were really angry.

The dozen or so Lin family members were also looking straight at Wayne Lin, but none of them spoke. For them, the appearance of Wayne Lin made them very embarrassed.

A few years ago, they drove out Wayne Lin like a dog, humiliating Wayne Lin to their heart's content. At that time, the Lin family was still the first family of Hwadrid City, with endless scenery, but Wayne Lin was just a dog who lost the family.

Unexpectedly, the feng shui took turns, and within a few years, the identity of the two parties changed drastically.

Especially Lin Zihao, his mood now is even more uncomfortable.

"You are not their opponents." Wayne Lin said lightly, immediately making Daniel and the others ashamed, and lowered their heads, "Chief instructor, we are useless and shame you."

Wayne Lin waved his hand, and then said to the foreigners: "Who gave you the courage to make trouble in China?"

He stepped out now, staring at the other side, quite a bit of a savvy man.

But those foreigners didn't know who the young man they were facing was. They thought Wayne Lin was just a silver gun and wax head, and immediately a tall foreigner said arrogantly: "I'm making trouble in your country. What can you do? We can come to China to give you face to China! You China should entertain us with the best sincerity, otherwise, our country will not come to your China to invest or give you technology to use. Back to the feudal era in an instant."

Wayne Lin squinted his eyes, he was already a little angry, "I am the chief instructor of Hua Guo Xuanyuan No. 3, since you have arrived in China, you should abide by the rules of our country, and you have not abided by the rules. , I even beat up our Chinese compatriots and dared to blackmail them on the spot. According to the laws of our

country, all of you will go to jail! However, our country has always been a country of etiquette, thinking that you are the first offenders, I can give you tolerance. You immediately apologize and pay compensation. I can go to jail without arresting you.”

As if they heard a big joke, these foreigners laughed loudly, looking at Wayne Lin’s eyes as if they were looking at a clown.

“Hahaha, I heard you right? This yellow-skinned monkey actually said he wanted to arrest us and go to jail?”

“This is a lunatic.”

“No, this is a fool, his brain is burned out.”

“It’s no wonder that China is so weak that even such a fool can become the chief instructor. There is no one in China.”

When everyone heard these words, they gritted their teeth and hated them. Those Lin family originally had hope for Wayne Lin, but now they all feel that Wayne Lin is afraid of these foreigners, bullying and fearing hardship.

Wayne Lin laughed at this moment, “I have already given you the opportunity. Since you didn’t cherish it, don’t blame me for being polite.”

When the voice fell, he shot directly...

Chapter 765

Wayne Lin’s movements were not fast, everyone present could clearly see his movements, because of his shots, the atmosphere of the audience suddenly changed. The agents of Daniel began to get excited one by one, their faces began to flush, their eyes widened, and they wanted to watch Wayne Lin severely teach these damn foreigners.

As for those Lin family members, they are not very optimistic about Wayne Lin, thinking that Wayne Lin will definitely suffer this time, because two of these foreigners are masters of innate realm, especially the blond hair. In the innate realm, they are all considered powerful. As for Wayne Lin, where is his opponent?

The foreigner looked at Wayne Lin even daring to shoot at him. He suddenly showed a cruel and disdainful sneer. He said a sentence of death in English, and then he started to move, punching Wayne Lin in the face.

Don't even think of him as the pinnacle of the day after tomorrow, but he is a professional fighting expert, and he has to participate in many competitions throughout the year. He is powerful, and even an ordinary warrior is not his opponent. Especially his fists are very heavy. He is known as the "heavy gunner" and he can knock off his opponent with one punch. Now Wayne Lin is two laps smaller than him, and he is not a heavyweight at all. Wayne Lin fainted.

The other foreigners also laughed happily, thinking that Wayne Lin must be unlucky this time.

But soon, the scene that happened shocked them all.

When Wayne Lin came to the foreigner, he slapped the opponent's fist with a slap without evasive. Then he slapped the opponent's fist with a crack. On the other's shoulder, there was another cracking fracture, which directly patted the foreigner to the ground.

With a plop, he fell heavily to the ground and let out a bleak scream.

The shock caused by Wayne Lin's palm to those present is still very huge, especially Wayne Lin's body, compared with the other party, it is really much worse, like a child, shooting a strong adult like dead.

"This....."

First of all, everyone in the Lin family opened their eyes wide and their expressions were very surprised. They all thought that Wayne Lin was about to suffer badly, but they didn't expect that Wayne Lin would defeat each other with this kind of strength. .

As a half-brother, Lin Zihao brows fiercely. Since childhood, he has been bullying Wayne Lin. Even if he lost to Wayne Lin last time, he didn't feel like he and Wayne Lin. How big the gap between them is, he will always be able to catch up with Wayne Lin one day with hardship, and he will be ashamed.

But now, the strength that Wayne Lin unconsciously showed was already beyond his imagination.

This foreigner, if it is one-on-one, he can beat, but he can never do so easily.

As for the big cows, they are not surprised, they all know Wayne Lin's strength, the great demon king of the innate realm of Dzogchen, kidding, it is not like trampling on the ants to kill a foreigner at the peak of the acquired day.

But those foreigners reacted the most, and they immediately became furious.

"Damn! You yellow-skinned monkey, you dare to hurt Jack, you are dead!"

"Despicable Chinese, you must have used some despicable means to figure out Jack! You are so bold!"

"Shameless and despicable Chinese, you

This is looking for death! "

They scolded Wayne Lin and immediately surrounded Wayne Lin, and there were two foreigners who began to attack Wayne Lin, and they still attacked Wayne Lin from behind. They attacked Wayne Lin very hard, and greeted Wayne Lin's head vigorously. It is to kill Wayne Lin.

It can be seen how arrogant and arrogant they are. As foreigners, they dare to make such unreasonable actions in a foreign country. It is no longer as simple as looking down on China.

Wayne Lin would naturally not show mercy to such a bad foreigner. He has always been a person with a clear grievance and grievances. He snorted and kicked it out with 10% effort.

Even with this strength, it is not something that the two foreigners at the peak of the acquired day can bear. I saw these two foreigners weighing more than two hundred catties, flying out directly in the air, and hitting the back wall heavily. There was a loud bang, and the whole room began to tremble.

When he fell down, he passed out directly.

Moreover, Wayne Lin used secret energy with this kick, even if they did not kill them, they would never want to spend their lives normally in the future, they would spend it forever in pain.

Wayne Lin has never been a benevolent person. Don't look at him as he usually takes care of people and things. He is gentle and easy to talk, but once he becomes ruthless, it is a devilish existence.

In just three seconds, the three tall and magnificent foreigners were resolved, and with this kind of crushing posture, the foreigners' arrogance was lost by more than half, and the pupils were obviously contracted, deep. Staring at him, the other two innate realm masters are a little better, but they put away their arrogance and contempt, full of hostility.

But the last post-acquisition peak was left, and his feet were already shaking.

In particular, he was immediately stared by Wayne Lin's eyes, and his whole body was shaken with fright, almost peeing on his pants.

It's not that he is timid, but Wayne Lin's eyes are too sharp. After staring at each other for that moment, he seems to see the death god, the cold and merciless sickle, placed on his neck, and he will be hooked away at any time. Life.

He grew up so old and had never suffered from this kind of breath, as if he was really going to die anytime.

The scene suddenly fell silent, and the dozens of Lin family members on the side looked at Wayne Lin now, not as simple as surprise, but shocking, unbelievable, and deeply unfamiliar and awe.

For a moment, they all suspected that the Wayne Lin in front of them was not the Wayne Lin they knew.

They grew up watching Wayne Lin. Although he was very talented since he was a child and learned everything quickly, he was still relatively simple and kind in character. He was definitely not as decisive and aggressive as he is now. If Wayne Lin had been this character since he was a child, they didn't care about expelling Wayne Lin from the Lin family.

Wayne Lin noticed the look in their eyes and glared at them with a smile.

And this look made them even more frightened, their faces became pale, they didn't dare to look at Wayne Lin at all, and quickly lowered their heads.

Heart and liver thumped without stopping.

Lin Zihao couldn't resist Wayne Lin's gaze and lowered his head, but he was very puzzled and unwilling. He couldn't understand how the younger brother who had been oppressed by him had grown to this point?

Chapter 766

I have to say that Wayne Lin is still quite relieved when he sees the Lin family now.

Back then, after he inherited his grandfather's fortune and made some achievements in martial arts, he indeed went back to the Lin family to take revenge, and he defeated Lin Zihao and vented his resentment.

However, it would be unrealistic to say that his hatred of the Lin Family was eliminated at once. Although the hatred was not much, it was still a little bit more or less. Now that he saw the Lin Family so shocked, he was still very happy.

But speaking of it, even if the Lin Family is shocked, he can't be touched too much, because he has grown too fast in the past two years. Unknowingly, the pattern has far surpassed the Lin Family. The Lin family now is no longer an opponent to him, just like a predecessor who was deeply loved. Years later, when I saw it again, the relationship has actually faded a lot.

Although he still had the Lin family's blood on his body, he had nothing to worry about in the Lin family anymore. The death of his grandfather completely severed the contact between him and the Lin family.

The other two foreigners finally started to face Wayne Lin. One of the white men in the second stage of the Innate Realm said: "Ask you are also an s-level supernatural power, no wonder people who dare to be so arrogant and hurt us!"

Wayne Lin looked at him and said lightly: “You have committed a crime in China and must go to jail. The remaining two of you are masters of the innate realm. I will give you a little face and catch it by myself. Otherwise, wait for me to take action. , Your fate is worse than these three wastes.”

Hearing Wayne Lin’s words, the expressions of these two foreigners were very ugly, especially the blond white man. He stared at Wayne Lin firmly, trying to see through Wayne Lin, but no matter how he looked, it was always Can’t see through Wayne Lin.

This made him very jealous of Wayne Lin.

“I count to three. You can catch them before you slap them. I’ll take them.” Wayne Lin took two handcuffs from Daniel and threw them on the ground.

These handcuffs are not ordinary handcuffs, but made of special materials. They are much tougher than ordinary steel and also have high-voltage electricity. If the person who is tortured resists, it will release high-voltage electricity. Even the masters of the innate realm would be very hurt by the electric.

Unless the cultivation base reaches the fourth stage of the Xiantian realm, that is, the 4s-level abilities referred to abroad, can it be resisted and not hurt.

The two foreigners looked at each other and laughed.

“Chinese people, I admit that I missed my eyes, I didn’t see that you are a supernatural person. But do you think you can defeat us by yourself? You are too arrogant!”

“Chinese people, you don’t know what identity we are. I am a 2s ability player. This is a 3s ability player next to me, and you are just a s-level ability player. Any one of us is Can beat you easily!”

They stared at Wayne Lin, their eyes full of threat and coldness. Even if Wayne Lin showed his hands just now, they still didn’t take Wayne Lin to heart, because what Wayne Lin showed just now was only S-level strength.

In the situation just now, if they made a move, it would take less than three seconds to solve these three foreigners.

The blond white man even licked his lips, full of enthusiasm for Wayne Lin, his eyes seemed to have found a prey, and he could have a good time.

Wayne Lin shook his head and said, "Toast and not eat or drink fine wine, since you are so innocent, you can't blame me."

Then Wayne Lin hooked his fingers to the two foreigners and said, "You guys go

Right. "

He said this sentence, not very domineering, just speaking plainly, just speaking plainly, for him, he was just doing something as simple as eating and sleeping.

But for these two foreigners, it was a strong provocation and offense, causing their brows to be fiercely provoked, and anger appeared in their eyes.

"Chinese people, you are very arrogant, you don't know who you are facing."

"Since you are so arrogant, then I will not show any mercy. I will teach you severely in front of your underlings. At that time, I will see what you can do to us in China!"

The two foreigners showed grimace on their faces, gearing their hands, and staring at Wayne Lin closely. They were clearly intent on killing Wayne Lin. Wayne Lin must be carefully concocted to relieve their hatred.

Wayne Lin naturally wouldn't put these two ants in his eyes. For him, no matter how many masters of this level came, it would be a slap.

It just so happens that he can also use these two foreigners to stand up and kill the chickens and monkeys. Otherwise, if so many foreigners come to Hwadrid City, if they commit such crimes, it will be him who will be tired.

At this moment, behind Wayne Lin, a voice came from behind, "Brother Wayne, don't underestimate the enemy! These two foreigners are masters of the innate realm, very powerful, especially the blond white man, who is the most powerful! No, you should call your superiors and let them send masters to suppress it!"

Wayne Lin looked back, and the speaker was Vicky Lin, his distant cousin. At that time, after he got his grandfather's inheritance, Vicky Lin was the first to come to him.

The whole Lin family, to say that Wayne Lin is least offended, except for the housekeeper, is this cousin.

He nodded and said, "Don't worry, I'll be fine, these two ants won't get into my eyes."

What he said is still very plain, but the content, heard in everyone's ears, is full of incomparably domineering and confident, and this kind of domineering, in their cognition, has never appeared before, at such a moment. , They felt that Wayne Lin became more and more strange.

There was even an indescribable awe that made them unable to look directly at Wayne Lin again.

Da Bo Lin Shan He moved his lips, trying to say something, but in the end he didn't say it.

When Wayne Lin was expelled from the Lin family, he did not humiliate Wayne Lin. At that time, he looked down upon Wayne Lin, thinking that Wayne Lin had died of his parents and was expelled from the Lin family. Day.

But what I never expected was that things would go in this direction later, especially now that Wayne Lin had unknowingly become an existence that absolutely made them look up.

This feeling is really uncomfortable.

Wayne Lin ignored them, because one of the foreigners had already begun to attack him.

It was the foreigner in the second stage of the Innate Realm. He shot very violently. With his huge body, I have to say that he was quite powerful.

This shot immediately caused the Lin family behind them to hold their breath. Even Lin Zihao was shocked. If it was him, he would definitely not be able to stop the opponent's punch.

Lin Zihao couldn't understand what Wayne Lin needed to receive this punch.

But what happened next directly made him stunned, hell.

Chapter 767

When Wayne Lin faced this punch, he didn't block at all, but let the opponent hit him with a bang.

Everyone in the Lin family thought that Wayne Lin was frightened and stupid, so they didn't know that he had dodged and received this punch, but he was about to be beaten into the air.

This foreigner is tall and majestic, how could Wayne Lin bear it?

When the foreigner saw Wayne Lin motionless, the corners of his mouth raised, showing a sneer. He was sure enough that this punch could beat Wayne Lin half to death!

But in fact, what they saw was that Wayne Lin didn't move at all. He didn't even move his footsteps. It was just that the floor tiles under his feet had cracked, as if he had transferred the strength of this punch to his feet.

Then Wayne Lin spoke, "This is your strength? Too weak."

"You..." The foreigner's eyes widened in an instant, incredible, he couldn't recover at all, you know, this punch has gathered 90% of the strength, let alone a person, even if it is a thick block The wall must be opened and cracked by him!

But he only felt that he had hit the iron plate, and even felt pain in his fist, and couldn't help but twitch at the corner of his mouth.

Another blonde foreigner was also very surprised, shouting the word impossible.

As for the dozen or so Lin family members behind them, they were even more dumbfounded.

You know, Wayne Lin and Vicky Lin joined forces just now, and they were also in the hands of this foreigner. They couldn't make three moves. They were defeated cleanly, not at the same level.

But now, such a master is helpless with Wayne Lin, the gap is too big, the picture is too subverted.

They all doubted seriously, is this really the Wayne Lin they knew?

What happened to Wayne Lin in the past two years?

The foreigner reacted quickly. He gritted his teeth and immediately launched a second attack on Wayne Lin.

His speed is not unpleasant. As a master of the second stage of the Innate Realm, his boxing skills are very clean and neat, and he pays attention to the most direct strike method. By using the most powerful force of the body, he can often achieve great results.

Moreover, he is considered a half-doctor, and he especially understands the weaknesses of human beings.

Now he calmed himself down immediately, and immediately straightened his fingers, thrusting heavily into Wayne Lin's neck, intending to directly hit Wayne Lin's throat.

This is one of the weaknesses of human beings, even if you are a master of the innate realm, it will definitely be extremely difficult to suffer from this kind of exposure.

And he didn't believe it, Wayne Lin dared not dodge.

Wayne Lin's eyes were fierce. He couldn't see the other party's thoughts. At the moment, there was a sneer at the corner of his mouth, and he didn't dodge, letting the foreigner's finger stick into his throat.

However, what happened next again subverted everyone's cognition, and I saw a clanging sound, like a foreigner's finger, not stuck in his throat, but on hard metal.

Accompanying it was a scream of pain.

It's not from Wayne Lin, but from the foreigner. He

I really felt that my finger was stuck on the hard steel, his fingers were bent, and there were even fractures.

When he wanted to pull it out, he found that Wayne Lin nodded and stuck his hand with his chin, unable to pull it out.

“Are you a human or a ghost?!” The foreigner no longer had the arrogance and arrogance he had just now, but was full of fear and amazement. The power that Wayne Lin showed had already subverted his cognition. He had never seen it before. Such a powerful person, even a 4s-level superpower, can't do this!

Wayne Lin nodded directly and fractured his fingers. When the other party retreated in panic, he shot, casually pinched the other party's neck, raised it with one hand, and said domineering words: “Just like you ants, you dare to spread wild on the ground of China. , I think you are living impatiently.”

He is obviously shorter than a foreigner, but now, in everyone's eyes, his image does not know how tall a foreigner is, like a god, and the foreigner in his hands is as fragile as a chicken.

The foreigner didn't actually suffer much damage, but Wayne Lin's heart was broken, his brain was flustered, and he had no idea of resisting at all, just kicking his legs in the air. Especially Wayne Lin pinched his neck, as if pinched his veins directly, making him unable to open it.

His pupils now exude a strong fear and pleading: “Help, help...”

Of course Wayne Lin wouldn't let him go so easily. The constant tightening of his right hand, the powerful force caused his neck to make a clicking sound, which sounded particularly terrifying.

The foreigner couldn't breathe anymore, his face was red. He looked at the blond foreigner next to him with difficulty, begging with his eyes: Help me, help me...

The blonde foreigner was also shocked by this scene. Before that, he had never thought that something like this would happen. In particular, he has a deep contempt for China. He has never thought that such a perverted master will appear in China. This is really beyond his expectation. It caused him to be in a cold sweat for a while. It crashed, not knowing what to do.

The Daniels and the others clenched their teeth tightly. They were so excited that their faces were flushed. It was so happy. These incredible foreigners thought they were

awesome, but in front of the chief instructor, they were like ants! The behavior of the chief instructor has greatly improved the face of China.

As for the members of the Lin family, they can no longer describe their current mood. They are always dumbfounded, completely in a state of awe and subversion. They have always wondered whether they have hallucinations, and the one in front of them is not what they know. That Wayne Lin?

Time passed bit by bit, the foreigner was in Wayne Lin's hands, already rolling his eyes, seeing that he was about to be strangled alive, finally the blonde foreigner couldn't help it. He took two steps forward, took a deep breath, and put it away. After the arrogance and the principal just now, his attitude improved a lot, and he said to Wayne Lin: "Chinese people, I admit that I underestimated you just now. I didn't expect that you are also a supernatural person. This time you win. I will give you face. Don't pursue the matter this time, please let go of my companion."

Although he had let go of his arrogant posture, he was very arrogant and refused to admit his mistake with Wayne Lin. In his tone, he still revealed that he didn't want to have the same knowledge as Wayne Lin.

Naturally, Wayne Lin wouldn't agree. He didn't pay any attention to the other party, and continued to pinch the foreigner. It seemed that he was trying to choke him alive.

Chapter 768

When the blonde foreigner saw this scene, his brows jumped fiercely twice. With his cleverness, he couldn't see it. Wayne Lin was giving him a show of power and asking him to bow his head and apologize!

To be honest, Jack really didn't want to do this. Although he admitted that Wayne Lin was indeed very strong and had already surpassed him, it was nothing more than that. His instructor was much better than Wayne Lin. Moreover, he believes to the bottom that the Chinese are a despicable race, far less noble than their whites!

He even thought at one time that the Chinese were still in the image of a monkey, and it was impossible for a noble race like him to bow his head to admit his mistakes with the Chinese.

However, if his companion died here, he could not escape responsibility.

He stared at Wayne Lin firmly, took a strong breath, and decided to bow his head to Wayne Lin. After he returned, he told the instructor to let the instructor teach this guy severely.

Therefore, he made a difficult decision, bowed his head, and said to Wayne Lin: "Dear Sir, you are a 4s-level superpower with outstanding ability and distinguished status. Please let go of Tom, and we will thank you!"

The corner of Wayne Lin's mouth raised, revealing a smile that was not a smile. It seemed that he had accepted the other party's apology and let go of the foreigner named Tom.

With a thump, he was already dying, and Tom, who was a little confused, fell to the ground, and there was a pool of water on his crotch, which turned out to be the pee that was scared by Wayne Lin just now.

The blonde foreigner Jack was very angry, but he had to bow his head under the eaves, and he did not expose this anger. Now Wayne Lin's strength is indeed stronger than him, and he can't fight it hard.

He took a deep breath, and then he was about to carry Tom on his back.

When he came over, Wayne Lin stepped forward and stepped on Tom's chest to prevent him from walking.

Jack said, "Dear Sir, what do you mean by that?"

Wayne Lin looked at him faintly and said, "You haven't apologized to my compatriots."

Wayne Lin pointed to the Lin family behind him, and the corners of Jack's mouth twitched twice again. This damned Chinese dare to humiliate him like this!

He can apologize to Wayne Lin, because Wayne Lin is indeed a super strong, but the Chinese behind them are all rubbish, none of them are powerful, and they are no different from ants. If he apologizes to these ants, the Lord will blame him. of!

So he simply refused, and said loudly: “Dear Sir, you are a 4s-level superpower, I can apologize to you, but these are all ants, waste, I, as a noble superpower, don’t May apologize to them.”

When he said these words, the faces of all the Lin family members were very ugly, and they were greatly humiliated. This humiliation was even greater than before Wayne Lin had come!

Especially Lin Zihao, he now clenched his fist firmly, his face was green, and he lowered his head. He had never felt so uncomfortable before.

He has always surpassed Wayne Lin and rode on Wayne Lin’s head. Five years ago, Wayne Lin was expelled from the Lin family and he was the one who operated the sword.

But now that Feng Shui turns, Wayne Lin has surpassed him too much, and he has become an insurmountable master. This feeling is really more uncomfortable than killing him!

Wayne Lin’s eyes were cold, staring at Jack.

The aura on his body slowly exudes, the mighty power is like prison, especially terrifying. At the beginning, Jack could still bear it, but slowly, Wayne Lin exuded the aura of Dzogchen in the Innate Realm. Jack couldn’t bear it at all. His legs were shaking uncontrollably, and his lips were trembling. Trembling, looking at Wayne Lin in horror: “You, you, you, you are not a 4s-level ability person, you are a 5s-level ability person...”

Now Jack’s mentality is finally about to collapse. The young man in front of him is actually a 5s-level superpower. You know, even his instructor is not that powerful!

Wayne Lin ignored his fear and spoke directly: “I will warn you one last time, kneel down, apologize, compensate, otherwise, I can end your life within three seconds.”

Guru!

Jack swallowed heavily. He didn’t doubt the authenticity of Wayne Lin’s words. A 5s-level superpower, that is the ultimate powerhouse that only exists in the legend! Even if it is their beautiful country, there are not many. And now, in front of him, there is

only one, and still so young, he can't describe the fear and shock in his heart at this moment.

"I..." Jack faced Wayne Lin's terrifying eyes and finally couldn't bear it. He wanted to lower his head and said: "Dear Sir, I am willing to compensate, five million U.S. dollars, please let me go. "

In contrast, he would rather pay compensation than kneel down to apologize. He is still a distinguished white man, how could he kneel down to the ants of China? If this spreads out, it will not only be the loss of Jack's face!

But will Wayne Lin agree? The answer is no. Wayne Lin shook his head, disappointed, and said, "I have given you the opportunity. Since you don't cherish it, you can't blame me."

When the voice fell, his eyes opened wide, and the terrifying aura directly pressed on Jack, making Jack at this moment, as if facing the death, his mind could not work, he blurted out: "Respected ..."

However, before he could finish his words, he was already photographed by Wayne Lin with a palm of his hand, and he was photographed on his knees. With a loud thump, the force was so powerful that the floor tiles were directly cracked. It sank a few centimeters, and Jack screamed like a pig.

At this time, his knee was directly broken.

"Apologize, otherwise I will break your neck." Wayne Lin's words were very flat, but they fell into Jack's ears, just like the voice of death, making his soul tremble, and he can't afford to resist. And at this moment, all dignity and nobleness were completely forgotten. He had only one idea, and that was to obey Wayne Lin, the great devil, or else he would lose his life.

He kowtows to everyone in the Lin family, begging in a trembling tone, "I was wrong, I shouldn't bully you, please forgive me... please let me go..."

There was endless fear and crying in his voice, as if he had been shocked.

In fact, Jack can be regarded as a person who has experienced strong winds and waves. No matter how bad he is, he will not be so greedy for life and fear of death.

However, Wayne Lin's majesty is really too great, just like a mouse meets a cat, that is to say, now his behavior has nothing to do with his thoughts, everything is done by instinct. from.

The agents such as Daniel did not have much feeling, they were used to Wayne Lin's awesomeness, but for the Lin family, it was unparalleled shock, and deep awe, and the surging river was washed away. Unable to regret it!

Chapter 769

But isn't it? Originally, Wayne Lin was the heir of their Lin family, and he showed a lot of talent when he was young, but because of their momentary mistakes, they expelled such a genius from the Lin family, and in this way, Now it would be strange if they said they didn't regret it!

In addition to regretting, they were also very scared. If Wayne Lin really wanted to avenge them, then they would be finished.

At this moment, they did not feel the pleasure of revenge at all, but shivered.

And this blonde foreigner, seeing that the Lin family did not respond and looked so frightened, he became even more frightened. Under Wayne Lin's pressure, he had lost his dignity and kowtow directly: "Please forgive us..."

He is very annoyed now, but he has no choice if he doesn't do this, because he feels that the terrifying Chinese in front of him will really kill him.

Moreover, this is on the ground of China. The Chinese really killed him, and most of it will be fine.

Wayne Lin frowned slightly. Seeing that the Lin family did not respond, he coughed twice and said, "Are you planning to forgive these foreigners?"

Hanson Lin finally reacted, shook his head quickly, and said hurriedly: "No no, Wayne, I didn't mean it, it's all up to you."

Other Lin family members also said one after another: "Yes, Wayne, everything is up to you, ha ha, ha ha ha..."

Those elders who were originally aloof, now face Wayne Lin, they dare not straighten their waists, and their speech gestures are humbled into the dust. There is no way, who makes Wayne Lin so strong, a master of innate perfection. , Or the chief instructor of Xuanyuan Third Division, with high authority, they didn't dare to offend at all. There is even a strong idea in my heart, that is to try everything possible to indulge in Wayne Lin. It is best to let Wayne Lin return to the Lin family, so that the Lin family can return to the ranks of the first family in Hwadrid every minute. !

Wayne Lin accepts as soon as he sees it. He has already taught these foreigners. If these foreigners are really killed, although it is not too much trouble, it will still cause some problems. There is no need for this. .

So he nodded, and ordered Jin Hua Da Yang to compensate Lin's family for the loss. Now Jin Jin foreigners dare not say anything, so he bought 10 million U.S. dollars.

When the Lin family saw this check, they were completely stunned, and their feelings towards Wayne Lin were even more complicated and in awe.

Now the Lin family has long lost its former glory, and the business has been falling, and has become a second-rate family in Hwadrid. This tens of millions of dollars is a lot of money for them.

However, Hanson Lin gritted his teeth and dedicated the check to Wayne Lin with both hands. He also bent over and said respectfully: "Wayne, this one million check is your credit. You should get it. You accept it. We are very grateful that you can help us out."

Now Hanson Lin completely put down his posture and desperately to please Wayne Lin. Although this ten million is very distressed, he still decided to dedicate it to Wayne Lin for the sake of the overall situation.

He still has this pattern. In itself, this ten million is Wayne Lin's credit. Without Wayne Lin, not to mention that they have received ten million in compensation, they would have to pay a large sum of money. He can still tell right from wrong.

The other Lin family's expressions are very distressed

, But it did not stop at this time.

Wayne Lin looked at Hanson Lin with a smile, and said, "Patriarch Lin, you are generous. You have 10 million U.S. dollars. You gave it to me so easily."

The shout of Patriarch Lin made Hanson Lin's heart jump, and he laughed a few times, not knowing how to answer for a while.

Wayne Lin swept his eyes across the other Lin family members and shook his head. He is too lazy to be familiar with them now. As early as five years ago, when these so-called relatives were expelled from the Lin family, he was already heartbroken. He and the Lin family It doesn't matter anymore.

He shook his head and said, "Forget it, you can take it back. To me, this ten million will be a drop in the bucket."

After saying this, he did not talk about Hanson Lin anymore, but turned around and ordered Daniel to do something, detaining these foreigners. They committed crimes in China, so naturally it is impossible to let them go so easily. .

Because of Wayne Lin's suppression, these foreigners dare not to be arrogant anymore. They are very well-behaved. After wearing handcuffs, they lose the ability to struggle.

After finishing everything, when Wayne Lin was about to leave, Hanson Lin spoke again, "Wayne, stay..."

Wayne Lin stopped, turned around, and asked with a flat expression, "Patriarch Lin, what else is there?"

Hanson Lin swallowed. He seemed to have plucked up his courage and said, "Wayne, you haven't returned to the family for a long time. Why don't you take this opportunity to visit the Lin family today?"

He was clearly Wayne Lin's elder. As the head of the Lin family, he used to be very majestic. Wayne Lin had to be a conscientious when he saw him, but now, his identity has completely changed. He is not conscientious in front of Wayne Lin, but Be cautious and frightened, for fear that Wayne Lin will be unhappy.

The other Lin family members also had similar expressions. They just wanted to try their best to please Wayne Lin and return to the Lin family so that their Lin family could regain glory.

It's just that Wayne Lin saw this idea at a glance, shook his head, and said: "I will be free when I go back. Five years ago, the Lin family and I had nothing to do."

"This..." Hanson Lin's expression was ugly, full of guilt and sadness. He slapped himself heavily, bowed long to Wayne Lin, and said pitifully, "Wayne, what happened five years ago, Uncle's fault was that he was obsessed with his heart for a while. He believed the slander and mistakenly believed that you were the murderer... Thousands of mistakes were the uncle's fault! But Wayne, you always have the blood of the Lin family in your body. It's something to deny!"

What he said was very moving, and tears were even squeezed from his eyes. With his old appearance, I have to say that it was really touching.

If you change someone else, you must be moved by him and forgive him.

But for Wayne Lin, it was obvious at a glance that Hanson Lin was just guilty of performing. In fact, Hanson Lin just saw him become a talent, and wanted to fool him back to the Lin family so that the Lin family could restore its glory.

For this, Wayne Lin's heart is very open.

Daniel and the others on the side were surprised to see this scene. They knew that Wayne Lin was awesome, but they didn't expect Wayne Lin to have such a past.

For a while, I admired Wayne Lin even more.

Chapter 770

"That's pretty good." Wayne Lin laughed.

Hanson Lin's eyes suddenly brightened, and he couldn't help but happily said, "Wayne, are you agreeing? That's great!"

The other Lin family members also became happy. As long as Wayne Lin was willing to return to the Lin family, it means that Wayne Lin still has the Lin family in his heart.

They know how powerful Wayne Lin is now, no matter if Wayne Lin's cultivation has reached the congenital realm of Great Perfection, he or she is the chief instructor of

Xuanyuan Three, the Lin Group behind Wayne Lin, which is also a behemoth. Its scale has surpassed Hwadrid Fortress, radiating to the whole province and even the whole country!

Wayne Lin sneered and said, "What did I promise? Go back to Lin's house?"

"Yes, go back to Lin's house! Wayne, don't worry, if you come back this time, the uncle will definitely notify everyone and hold you a grand prehistoric greeting!" Hanson Lin said loudly, his eyes full of sincerity and Plead.

The other Lin family members followed suit to persuade them.

"Yes, Wayne, come back. We have actually missed you all these years."

"Brother Wayne, you must come back, you are still bleeding from the Lin family."

"It is said that you will return to your roots, Wayne, you are always the Lin family, and returning to the Lin family is the right thing to do."

"Our Lin family now also needs a capable person to lead the Lin family to glory, and Wayne, you are the one who leads us to glory!"

What they said was better than singing. If Wayne Lin hadn't seen their faces, they would have believed it.

"Is it enough?" Wayne Lin sneered and interrupted them.

When they heard this, they all stopped and looked at Wayne Lin hopefully.

"If you say enough, get out of here, and stop disgusting Lao Tzu, otherwise, if you make Lao Tzu angry, you will wipe out the Lin Family from Huarvell with one order!" Wayne Lin said coldly.

He was never a benevolent person. How the Lin family treated him, he remembers clearly until now. Now he doesn't trouble the Lin family and has slowly let go of his hatred, but that doesn't mean that he has forgiven the Lin family. , Even to return to the Lin family, this is even more absurd!

As he said these words, a dozen agents suddenly stepped forward, surrounded the Lin family, staring at them.

Suddenly, all the Lin family, including Lin Zihao, became nervous and fearful, and the coercion given to them by agents like Daniel was still great.

Moreover, these were the people from the third place of Xuanyuan, if they really shot at them, then they would have no chance to resist at all.

Wayne Lin said again: "From now on don't come to think of me, otherwise I won't be as easy to talk as today!"

Their faces were much paler, but they dared not speak for a while, so they could only lower their heads.

Wayne Lin snorted and turned to leave.

At this moment, another weak voice came, "But, Brother Wayne, it will be grandfather's death soon. You haven't scanned the tomb in these two years. This year, don't you plan to sweep the tomb? Grandpa he , The person who loved most during his lifetime was you..."

The speaker was Vicky Lin. His face was still full of awe and fear, and even pale. He looked at Wayne Lin with a wince, and only after all the courage he said did he speak this sentence.

Wayne Lin stopped when he heard these words, his heart was touched.

Indeed, he did not go back to sweep his grandfather's tomb...No, to be precise, he did not formally sweep the tomb with the Lin family. He went back and visited several times, but that was all by himself.

Now it has been almost three years since Grandpa passed away.

Seeing Wayne Lin stop, all the Lin family held their breath and looked at Wayne Lin nervously.

Even Lin Zihao dare not make any movement now. Although he has always looked down on Wayne Lin and bullied Wayne Lin, but now he has to admit that the gap

between him and Wayne Lin is getting bigger and bigger. It is impossible to surpass Wayne Lin in my life...

Once there was no hope of surpassing, how could he dare to be hostile to Wayne Lin, now there was only fear and awe.

Everyone stared at Wayne Lin, and the atmosphere suddenly fell silent.

It took about ten seconds before Wayne Lin spoke, "Grandpa's death day, I will go back, now you guys get out of me."

Hearing these words, they breathed a sigh of relief. As long as Wayne Lin is willing to go back, then it shows that there is still a chance of redemption.

After the Lin family had left, Wayne Lin didn't linger either. He followed Daniel and the others back to the third place of Xuanyuan to deal with this matter.

This time, he can kill the chicken and the monkey. Of course he will not let go of this opportunity.

Sure enough, it didn't take long for many foreigners who came in from abroad to learn about this, especially when they knew that there was a chief instructor with congenital realm of Dzogchen in Xuanyuan Three, who also acted very vigorously and swiftly. They all began to converge, not daring to be so arrogant anymore.

Originally, according to Wayne Lin's intention, these foreigners, on the ground of China, were so arrogant that they would have to be detained for at least two or three years before being released.

But the incident was reported. The above meant that they were detained for a few days, and they lost money, wrote a guarantee, and almost released it. After all, China has always been a country of etiquette, and we still need to do a good job in this regard.

Wayne Lin didn't quite agree with this approach, but he didn't have his turn to decide on this kind of thing. Anyway, he would be responsible for arresting people.

A few days later, in a very high-end villa, many tall foreigners gathered here.

And in broad daylight, parties were also held. Many handsome men and beautiful women looked particularly lively here. Among them, foreigners like Jack and Tom were also here.

“Jack, I heard that you were taught a lesson by a Chinese? You lost a lot of money?”

“Huh? There is such a thing? Jack is a 3s-level superpower. Is there such a strong person in a country with backward technology like China?”

“This is true. Jack not only lost money, but also knelt down to beg for mercy from the Chinese people. Tsk tsk, Jack, you are really a shame to our beautiful country!”

Next to Jack, there are several foreigners, all masters of the innate realm, and they mock Jack mercilessly.

Jack’s face was blue and white, and he said in embarrassment: “You shut up! You have never contacted that Chinese, and you don’t know how terrifying that Chinese is! He is a 5s-level supernatural power, and his strength is comparable. Chief! You laugh at me, but when you add up to besiege, you are not the opponent of the Chinese!”

Hearing his words, the scene suddenly became quiet and looked at him in astonishment.

“This is impossible!”

“Jack, you must be bragging to cover up your incompetence.”

“Jack, damn you, dare to compare a humble Chinese man with a noble leader!”

Jack gritted his teeth and said: “This is true, I didn’t lie... the leader!!!”

Suddenly, he saw a person walking across, and immediately stood up and bowed very respectfully and enthusiastically.

Chapter 770

“That’s pretty good.” Wayne Lin laughed.

Hanson Lin's eyes suddenly brightened, and he couldn't help but happily said, "Wayne, are you agreeing? That's great!"

The other Lin family members also became happy. As long as Wayne Lin was willing to return to the Lin family, it means that Wayne Lin still has the Lin family in his heart.

They know how powerful Wayne Lin is now, no matter if Wayne Lin's cultivation has reached the congenital realm of Great Perfection, he or she is the chief instructor of Xuanyuan Three, the Lin Group behind Wayne Lin, which is also a behemoth. Its scale has surpassed Hwadrid Fortress, radiating to the whole province and even the whole country!

Wayne Lin sneered and said, "What did I promise? Go back to Lin's house?"

"Yes, go back to Lin's house! Wayne, don't worry, if you come back this time, the uncle will definitely notify everyone and hold you a grand prehistoric greeting!" Hanson Lin said loudly, his eyes full of sincerity and Plead.

The other Lin family members followed suit to persuade them.

"Yes, Wayne, come back. We have actually missed you all these years."

"Brother Wayne, you must come back, you are still bleeding from the Lin family."

"It is said that you will return to your roots, Wayne, you are always the Lin family, and returning to the Lin family is the right thing to do."

"Our Lin family now also needs a capable person to lead the Lin family to glory, and Wayne, you are the one who leads us to glory!"

What they said was better than singing. If Wayne Lin hadn't seen their faces, they would have believed it.

"Is it enough?" Wayne Lin sneered and interrupted them.

When they heard this, they all stopped and looked at Wayne Lin hopefully.

“If you say enough, get out of here, and stop disgusting Lao Tzu, otherwise, if you make Lao Tzu angry, you will wipe out the Lin Family from Huarvell with one order!” Wayne Lin said coldly.

He was never a benevolent person. How the Lin family treated him, he remembers clearly until now. Now he doesn't trouble the Lin family and has slowly let go of his hatred, but that doesn't mean that he has forgiven the Lin family. , Even to return to the Lin family, this is even more absurd!

As he said these words, a dozen agents suddenly stepped forward, surrounded the Lin family, staring at them.

Suddenly, all the Lin family, including Lin Zihao, became nervous and fearful, and the coercion given to them by agents like Daniel was still great.

Moreover, these were the people from the third place of Xuanyuan, if they really shot at them, then they would have no chance to resist at all.

Wayne Lin said again: “From now on don't come to think of me, otherwise I won't be as easy to talk as today!”

Their faces were much paler, but they dared not speak for a while, so they could only lower their heads.

Wayne Lin snorted and turned to leave.

At this moment, another weak voice came, “But, Brother Wayne, it will be grandfather's death soon. You haven't scanned the tomb in these two years. This year, don't you plan to sweep the tomb? Grandpa he , The person who loved most during his lifetime was you...”

The speaker was Vicky Lin. His face was still full of awe and fear, and even pale. He looked at Wayne Lin with a wince, and only after all the courage he said did he speak this sentence.

Wayne Lin stopped when he heard these words, his heart was touched.

Indeed, he did not go back to sweep his grandfather's tomb...No, to be precise, he did not formally sweep the tomb with the Lin family. He went back and visited several times, but that was all by himself.

Now it has been almost three years since Grandpa passed away.

Seeing Wayne Lin stop, all the Lin family held their breath and looked at Wayne Lin nervously.

Even Lin Zihao dare not make any movement now. Although he has always looked down on Wayne Lin and bullied Wayne Lin, but now he has to admit that the gap between him and Wayne Lin is getting bigger and bigger. It is impossible to surpass Wayne Lin in my life...

Once there was no hope of surpassing, how could he dare to be hostile to Wayne Lin, now there was only fear and awe.

Everyone stared at Wayne Lin, and the atmosphere suddenly fell silent.

It took about ten seconds before Wayne Lin spoke, "Grandpa's death day, I will go back, now you guys get out of me."

Hearing these words, they breathed a sigh of relief. As long as Wayne Lin is willing to go back, then it shows that there is still a chance of redemption.

After the Lin family had left, Wayne Lin didn't linger either. He followed Daniel and the others back to the third place of Xuanyuan to deal with this matter.

This time, he can kill the chicken and the monkey. Of course he will not let go of this opportunity.

Sure enough, it didn't take long for many foreigners who came in from abroad to learn about this, especially when they knew that there was a chief instructor with congenital realm of Dzogchen in Xuanyuan Three, who also acted very vigorously and swiftly. They all began to converge, not daring to be so arrogant anymore.

Originally, according to Wayne Lin's intention, these foreigners, on the ground of China, were so arrogant that they would have to be detained for at least two or three years before being released.

But the incident was reported. The above meant that they were detained for a few days, and they lost money, wrote a guarantee, and almost released it. After all, China has always been a country of etiquette, and we still need to do a good job in this regard.

Wayne Lin didn't quite agree with this approach, but he didn't have his turn to decide on this kind of thing. Anyway, he would be responsible for arresting people.

A few days later, in a very high-end villa, many tall foreigners gathered here.

And in broad daylight, parties were also held. Many handsome men and beautiful women looked particularly lively here. Among them, foreigners like Jack and Tom were also here.

“Jack, I heard that you were taught a lesson by a Chinese? You lost a lot of money?”

“Huh? There is still such a thing? Jack is a 3S-level superpower. Is there such a power in a technologically backward country like China?”

“This is true. Jack not only lost money, but also knelt down to beg for mercy from the Chinese people. Tsk tsk, Jack, you are really a shame to our beautiful country!”

Next to Jack, there are several foreigners, all masters of the innate realm, and they mock Jack mercilessly.
