

# Chapter 1213 – 1218 of Punished by His Love Novel

## Chapter 1213

“Suzi, what’s wrong with you, do you still have something to worry about? Or did you not play well with Auntie yesterday?” Rayna asked Suzi at lunch.

Galia, who had just had a bite of rice, immediately said, “Suzi, is it because that old man Shu made you unhappy?”

Suzi shook his head: “Sister Shan...I don’t know how Sister Shan is now. I am a woman who went into exile while pregnant. I know how difficult it is to live. But at that time, I had Sanford taking care of me. Me, where’s Sister Shan?”

Because he had experienced such a fate, Suzi put himself in the worry about Dalia.

The two girlfriends were silent, too.

Or Suzi laughed first: “Forget it, even if we worry about Sister Shan, it’s useless. Let’s live our lives first. Whenever Sister Shan needs our help, I believe Sister Shan will call me.”

Galia + Rayna said at the same time: “I think it’s impossible to have a personality like Sister Shan.”

Suzi shook his head: "That is the woman you have never conceived, and you are pregnant. For your own children, you will live desperately, for the children in your stomach."

Suzi said it very firmly.

She believed that Dalia would definitely live well.

Suzi really didn't guess wrong.

Dalia will live well.

She has always wanted a child, always wanted. Especially when Dalia saw that Lilly was so good to her and gave her the Beast Beast Doll, Dalia wanted a child even more.

Previously, I wanted to live with Kraig.

Even if Kraig refuses to marry her all her life, she has no regrets or regrets.

What if there is no wedding, no ring, no marriage certificate?

As long as she can guard her beloved man for a lifetime, it is enough.

However, such a dream was completely shattered a month ago.

Dalia thought, perhaps she should have suffered hardship in her life, and forcibly letting her live a life of a master, she would also have to repay it twice.

A few days ago, she almost confessed her fate.

Accept fate!

But she had a baby in her belly again.

Although she can no longer be with Kraig, she has only half of her ideal life. She has children, but that home is gone.

But Dalia was still very happy.

Having a child is her hope in the future.

She just wants to live with Collin, take care of the children, take care of the old mother, plant a few acres in the fields in the mountains, let her men work in the county or town, earn money, and save the children. It will be used for school in the future.

Even Dalia had such a scene before his eyes.

But many years later, she was fifty or sixty years old with gray hair, but she and Collin had three or four children. The children were admitted to university, had stable jobs, and they were all in a normal relationship.

They brought big bags and small bags to the house for reunion every New Year's and holidays.

How good is that?

Thinking about it, Dalia's eyes showed a happy smile.

"What are you laughing at?" Collin said.

Dalia came back to his senses: "I didn't laugh...Dashan, can we get out of this cave now and go home?"

Collin asked Dalia solemnly: "Shanshan, you tell me...what is the relationship between you and that powerful man?"

## **Chapter 1214**

He should be here to catch me.

Dalia lowered his head, his voice was very low, and his tone of voice was also very flat: "Dashan, it is him."

Collin: "..."

Two days ago, Dalia, Collin, and their old mother had already left the city in a black taxi, but when they went out for hundreds of miles, the black taxi answered the phone.

The call was from the elder brother of the taxi: "What are you doing? You should be in the city? I heard that there is a very young steward from Kyoto. His surname is Jun, Jun. His rights are very special. He's big, he's investigating the whole city and he can't get in or out. My sister is about to give birth. You can't run long distances anymore recently."

The driver of the black car stopped the car immediately and refunded all the money to Collin and Dalia: "Sorry, um...this money, I earn this money, I have to go back quickly, don't get in when it's too late. City, my wife has no one to take care of."

Dalia: "..."

The driver's phone number was pressed on the speakerphone, and she could hear clearly.

However, she couldn't believe it again. She trembled and asked, "Your relative said on the phone...what?"

The driver sighed and said, "Who knows what happened above? A very young steward with great power. He came from Kyoto and blocked every road for the whole person..."

Driver

I guessed it myself: “I guess I’m checking people. Someone must have committed a serious matter.”

To be sure, the driver said to Collin and Dalia: “I’m sorry, I’m sorry, there are very few people on the road for more than 100 miles, or you are on this road, see if you can stop a ride. Qian. , I don’t want anything, all right.”

Say yes, the man gets in the car and drove away without a word.

Dalia + Collin: “...”

Collin looked at the weak old lady, and then at Dalia, who was pregnant and couldn’t stand the toss. A straightforward man couldn’t help worrying.

However, he was just worried: “We waited here for a ride on the ride for two hours. If we can’t wait for a ride on the ride within two hours, I will carry you and my mother on my back, and we will walk slowly into the county town. When you reach the county seat, you can always get in the car.”

Collin is a man. At this time, he is naturally the backbone of the old lady and Dalia.

Dalia shook his head: “Dashan, I don’t need you to carry it. If you carry your mother, I just need to follow.”

Yubi, she has already walked forward slowly by herself.

Even so, she felt very sweet in her heart.

She has never experienced the feeling of being cared for and being one with one another.

On the way, men care about her, and mother cares about her. Let her taste this taste.

Just hard work, but also a kind of sweetness.

She walked slowly, and Collin didn't call her either. He turned around carrying his old mother and walked violently. He didn't stop even after passing Dalia, but walked forward quickly.

Dalia: "..."

She suddenly felt cold.

Tears were rolling in the circles of her eyes, but when she saw Collin fifty meters in front of her, she put the old lady down.

As soon as he turned around, Collin came to Dalia: "Look, that's it, we don't have to go too far, so that the three of us will always be together. Come, I will carry you."

Collin couldn't help but put Dalia on his back and walked forward.

The man's back is very broad and solid.

Very warm.

Dalia lay on his back, and suddenly felt that this was really his home for the rest of his life.

"Dashan." Dalia shouted on Collin's back: "We don't have to go to the county seat if we walk like this. Maybe the next county seat will be sealed.

Collin: "How do you know?"

Dalia: "..."

Collin himself laughed again: “Yes, this big man is coming from Kyoto. He wants to investigate. It’s definitely not just a simple investigation of a county. It must be a large area of thousands of miles in the northeast.”

After a pause, he said, “Hey, why are we so unlucky?”

Dalia: “I’m sorry. Dashan.”

## Chapter 1215

Collin: “Speaking of this, let’s hurry up and see if we can get to the next county in dark.”

“Dashan, listen to me.” Dalia gently said to Collin on his back: “Listen to me about Dashan, let’s hide in the mountain first. The deeper the mountain, the better.”

Collin immediately shook his head: “No, no, no, how can we hide in the mountains when you are in need of nutrition?”

Dalia smiled and said, “We used to live in the mountains in Nancheng. The air in the mountains is good, there are wild fruits, and there are pheasants. You can wander around nearby during the day. We can live.”

Collin: “...”

Talking and walking, the two people have come to the old mother, and the old mother also agrees with Dalia’s suggestion.

Just like that, the three of them hid in the mountains again.

However, the northern mountains are different from the south, the southern climate is warm, there are many wild fruits in the mountains, and the northern

mountains are bare, except for the cold big rocks, they are the small rocks of the people.

Fortunately, they actually found a cave.

This cave has just been able to accommodate.

Collin found some hay outside, laid a mat for the old lady, and threw a mat for Dalia, so that the two of them could have a rest.

And Collin went out and wandered around.

However, no matter how much he wandered around, he couldn't find anything to eat and cook for life.

The old mother and the pregnant woman can only be hungry.

That's not counting.

The three of them barely spent the night in the cave. Early the next morning, Collin planned to go down the mountain to bang on the road for luck.

As a result, as soon as he arrived on the mountain road, he saw a row of forty or fifty black cars slowly approaching.

Every time a certain distance, a person got off the car, looked around and looked around.

Collin was shocked, and he immediately returned.

See him coming back so soon. Walking and panting, looking red, Dalia snuggled him and found a SF car that he could take temporarily.

"Dashan, have you found the car?" Dalia asked joyfully.

Collin: "Those people outside may be searching for mountains."

Dalia: "You...what did you say?"

"Those people outside may be searching for mountains." Collin said again.

Dalia: "Dashan, hurry up! Hurry up and try to hide us, don't let them know about this cave."

Collin smiled and said, "You are blocked by a small cliff for takeaway from this cave. I guess you won't be able to find it, but I'm afraid you are hungry if you and your mom can't eat."

"It's okay, I'm not hungry, Dashan will come in soon." Dalia pulled Collin into the cave and hid.

The three people thought, warming each other.

Even, they dare not even speak.

Just waited quietly for a full day, it was almost dark, and the three of them did not dare to move.

Snuggling in this cave, Dalia could still fall asleep. When she woke up, she thought of her child, thought of the only one, and thought of Suzi.

Also thought of Kraig.

Dalia didn't know why Kraig pursued her like this?

Is that one million?

Didn't it follow Elma?

What the hell is he doing?

When he was immersed in his thoughts, Collin asked a question for a day: “Shanshan, is that man with boundless power really yours? The strict deployment in the previous county and here is just for searching. You?”

Dalia answered truthfully: “Yes...he should have come to arrest me.”

## Chapter 1216

Thinking of this, Dalia suddenly smiled sadly.

She felt that the fate of her and Suzi seemed to be.

Six years ago, Suzi fled from Nancheng. Hearing Suzi said that when Suzi rolled down the hillside, he almost didn't fall to his death. At that time, Suzi was also pregnant.

That kind of taste is so uncomfortable.

She used to think that Suzi had spine, neither humble nor overbearing.

Now, let her personally experience this feeling, this kind of life is more than just spine.

It takes a very strong mind to endure hardships and stand hard work to find a way to survive.

At that time, Suzi fled all the way because many people in Nancheng wanted to block her, and Arron did not actually chase Suzi.

But what about this situation now?

Dalia couldn't understand.

When she came out of Kraig's leisure villa, she didn't bring anything.

I didn't even bring a cell phone that I had used for more than a year.

She didn't even want any of those expensive clothes, except that she had a card on her body, because that card was carried with her. But that card has also been snatched by his fiancée.

Dalia couldn't figure out why Kraig hated her so much.

She couldn't tell the reason.

She even felt that the man she loved shouldn't be like this.

However, the facts have proved that he is indeed so cruel.

The woman he liked came back, and he drove her away without any hesitation without any room for maneuver or even a apology.

This is an indisputable fact.

Dalia looked up at Collin: "Dashan, I was the one who hurt you. I'm sorry, you should go down the mountain with your mother on your back. Kraig shouldn't hurt the innocent."

Collin touched Dalia's shoulder and asked, "Why is she chasing you? There is always a reason, right?"

Dalia shook his head lonely: "I don't know. I want to go. I have been with him for so many years. I haven't corrupted anything from him. There really is no corruption. The only one million I have on me has been taken by his fiancée.

After leaving, her fiancée beat me half to death. You knew Dashan the day you saved me.”

Collin nodded: “Yes, you almost died that day.”

“But why is he chasing me down? I can’t figure it out. If I have to think, maybe his fiancée can’t tolerate me. Even if I run to the end of the world, that woman might kill me, she doesn’t want it. I am alive.”

Speaking of this, Dalia looked up at Collin: “Dashan, you can go down the mountain with your mother on your back. Don’t let Kraig and Elma know that you have rescued me. They will definitely not embarrass you. You are on the way. For my care and kindness, I will pay you back in my next life.”

Collin was immediately annoyed: “

What are you talking about! To live, we all have to live! I don’t believe it. If they search the mountain and can’t find it, they can continue to search? “

Can we just stay here?

Besides, even if he was caught back by him, you should make it clear to him that we really didn’t take advantage of him for half of the money. Could it be that he still murdered? “

Dalia’s heart was relieved by Collin’s words.

He hugged Dalia in his arms again, choked and said, “Shanshan, you are a hard-failed person, and I am also a hard-failed person. My wife and I, and you, will live together in this cave to hide, just in case. It’s really dead, even if we die, don’t we have a companion?”

## Chapter 1217

Dalia snuggled in Collin's arms and cried and said, "Well, good mountain, how fate we are, there is a mountain in your name, and there is a Shan in my name. This is our fate. We are not leaving anymore. , Just hide, if we hide, we will be victorious!"

With that said, the three of them entered the cave again.

In the small cave, the three cuddled together and spent another whole night.

Dalia hasn't eaten anything for two days and nights.

Her hungry lips were dry and cracked, and her whole body was dizzy. Collin's old lady was lying on the haystack, her eyes closed and motionless.

Collin was afraid that his old lady would not have any more shortcomings, so he shouted from time to time: "Mom..."

The mother said firmly: "Mom is okay, Mom just doesn't want to waste physical energy."

Collin didn't know what it was like.

The next morning, just after daybreak, Collin only felt hungry and dazzled, but he had a good physical foundation, good quality, and a big man. He could withstand carrying it. Even if he was dizzy, he sat up and wanted to get up everywhere. Try your luck and want to see the people who searched the mountain, have they gone?

However, as soon as Collin showed up early in the morning, he saw two or three people in strong costumes not far away, looking east and west.

Collin immediately got into the mountain.

He didn't even dare to breathe and said to Dalia and his mother: "They are here, they are here, don't say anything."

In the small cave, people who come up from the mountain can't really see any cracks if they don't look carefully.

One of the Soushan people said loudly: "The Lord said, someone saw their son stopped on the road in this area, but there is no record of their itinerary in the next county, and they have been in the mountains. The experience of living in the woods, so you have to search harder, and whoever receives it first will be rewarded generously!"

One of the mountain searchers immediately asked, "Brother, what happened to the Lord this time? Why did you search for a woman so hard?"

"Someone interrupted again: "I heard that your fiancée is back? And the fiancée of the Lord has a holiday with this woman? "

"Nonsense! Two women and one man, who haven't celebrated the holidays, will they become friends and girlfriends!"

"I'm an hearsay. When I heard that this woman was driven away, he took away more than one million yuan from the Lord."

"This woman is courageous and fat! Your lord dares to roll his money!"

"I have been with the Lord for six or seven years, okay! A couple of days of grace, let alone the relationship of six or seven years? I think that the fiancée of the Lord should not come back!"

"Who said no! I've been away for so many years! I've been out in the wind and wandering, what are you doing back for! To tell the truth, I was once sent abroad by the lord to protect the lord's fiancee secretly, to be honest, then They are not ordinary works."

"In contrast, I prefer the woman next to Lord Jun."

“Hey...I just don't know, why the Lord is so cruel, he even said to drive away and drive away.”

“The wife is a tigress!”

“I guess, this time I chased that woman and even searched the mountain. It must have been the attention of the woman named Elma. Miss Dalia couldn't stand her eyes!”

“The Lord and the two women, let's stop talking about it behind our backs. Let's find the woman first and hand it over to the Lord. As for killing or killing, that's the matter between the Lord and his fiancée. .”

“Big brother is right! Let's continue to search for mountains!”

“Disperse a little, spread a little, find separately...”

The voices of these words went farther and farther in all directions.

At this moment, Dalia burst into tears when she heard the conversation outside. She threw herself into Collin's chest and muttered: “Dashan, after avoiding this disaster, we...we Just get married!”

Collin looked at Dalia's back: “Shanshan, look...who is this?”

## **Chapter 1218**

Dalia turned around and was stunned in horror.

Their small cave is full of people, standing like a tower, all dressed up, men in military boots.

The man's face was mighty and cold.

The man's height is at least 1.8 meters, and the man's body is extremely strong.

Even a man like Collin who has never practiced martial arts can see that the man in front of him is by no means kind.

"Just...that's him?" Collin subconsciously Wen Dalia.

Dalia was resolutely dumbfounded.

However, she also replied mechanically: "He... he is not Kraig, he... is Kraig's bodyguard."

Collin: "..."

No wonder, he saw the man Kong Wu had at first sight of this man, and his body was very tall and straight. This person must be very skillful.

And all three of them have been hungry for two or three days.

Even if they weren't hungry for so long, the three of them were caught by the man in front of them, they would only be caught back.

Dalia knew the man in front of her.

His name is Elden Zhu.

He is a very capable bodyguard around Kraig. Kraig doesn't use him much, but once it is used, it will definitely be a big deal.

I remember that for three years, Elden's wife gave birth to children. It is reasonable to say that the person who worked as a bodyguard, generally his family children cannot be disclosed to the society. Therefore, there are very few people who remember that Elden's wife gave birth to children. .

However, Dalia went instead.

She went alone. She told Elden and Elden's wife: "Mr. Jun asked me to come. Mr. Jun has been busy for these two days, and he has no time to come. He is also afraid of making noise, so he will be upset to your family. It's no longer a protection."

The woman spoke softly, very softly, and very mischievous.

When the story Elden and his wife were very moved.

The woman also left a lot of things for her newborn baby girl.

Naturally, small clothes and small skirts need not be mentioned.

She also brought back, rattles, bells, and all kinds of gadgets in the trunk.

She even bought the baby's diapers.

At that time, Elden's wife also said to Dalia: "Madam, why do you want to buy everything for our child? Thank you so much."

Dalia smiled and said: "I have no children myself, and I don't know. When I was passing by the mall, I saw this diaper promoting it. Many people bought it. I asked several mothers. I said you pee like this. Is the film good? Several mothers told me that it was good, and I didn't dare to buy more of this one."

"Thank you so much."

"If it is easy to use in the future, I will ask the driver to bring you a car over." As he said, Dalia went to hug the child.

The degree of her love for the child made the wife who just gave birth to want to have a relationship with Dalia: "Madam, you and Mr. Jun have a baby..."

But Dalia was startled.

Elden then glared at his wife: “Which pot can’t be opened, which pot you can lift.”

However, even so, Dalia was not angry. She stayed at home with his wife and children for a long time that day. She held the children several times, as if seeing the baby.

At that time, Elden felt that the woman next to Mr. Jun. It’s really good.

Good-minded.

Elden still thought in his heart, no wonder so many women in Kyoto wanted to be close to the Lord, but the Lord looked down upon him, but such a woman had been with the Lord for four or five years.

It turned out that the Lord really didn’t see the wrong person.

Even, for a long time, Elden thought that it was possible that the Lord would marry this fake lady.

Give her a name.

However, Elden never expected that the Lord’s fiancée returned.
