

Chapter 233

Lanita was picked up by the bodyguard brought by Mr. Shu and sent directly to the private hospital of Shu's family. She lived in the best and most private ward. The doctor naturally found out Lanita's condition and the children in her stomach. The cause of premature birth is a long time ago.

However, Father Shu just learned that his daughter was dead. This is the only granddaughter left. No matter how unbearable Lanita was before, whether Lanita deceived Arron or not, he doesn't care.

Father Shu just wants to recognize his granddaughter.

He found the best doctor to adjust Lanita's body, and when facing Arron, Elder Shu stood in the front and gave up an old face to explain to Arron.

"Qin'er, Grandpa Shu did something I'm sorry for you this time. I am looking for Darius's little aunt because of my heart. Uncle Shu found out that Darius's little aunt used to live with a man named Jarod. , I can't wait to go to the Lin's house.

Only when I got there, I found out that you have put Yueyue under house arrest.

When Yueyue heard me coming in, she thought that the person you sent over was going to treat her. She fell off the stairs inadvertently. As a result, her child was not kept.

Yueyue is still sad, because she loves you. She always thinks that having a child can hold your heart, but without a child, you would definitely not want her.

Qin'er, after all, it was my fault that caused you to lose a son.

If you want to punish, punish Grandpa Shu, give Grandpa Shu an old face, don't punish Yueyue, she is the only bloodline left by Darius's little aunt.

Grandpa Shu, please. "

Who is Mr. Shu? In Nancheng, it is the aristocratic family second only to the Fu family. Although the Shu family is not as wealthy and powerful as the Fu family, when the old man Shu was in politics and served in the army, it also left a lot of young old men and their forces. All should not be underestimated.

If only this is the case, Arron is not afraid of the power of Mr. Shu. The main thing is that Mr. Shu once saved the lives of his mother Shanna and Arron. Back then, when the entire Fu family didn't wait to see Shanna and Arron's mother and son, it was Mr. Shu who abruptly protected them. Mother and son once.

Only then could the young Arron survive.

This favor is bigger than the sky.

"Grandpa Shu." Arron said faintly: "It doesn't matter if the child is gone. In the future, Lanita's body will be well, and he can regenerate. You don't have to be sad when you grow old. This is a happy thing. You can't find a daughter for 30 years. Although it is impossible for a daughter to survive now, it is the same with a granddaughter.

The next day, I will hold a confession banquet for Lanita. "

Arron said that the clouds were light and windy, and he didn't mean to blame Lanita in the slightest. This made the Lin family weep with joy, but the Lin family has always had the character of looking at Shu.

Originally just thinking that the family can survive is lucky.

But now, with such a powerful grandfather, Arron wouldn't do anything to Lanita anyway. Moreover, with the financial resources and medical standards of the Shu family, Lanita's body can fully recover, so she is still To be the dream of marrying Arron.

Moreover, Lanita felt that she seemed more qualified to marry Arron, because she was right.

Lanita looked at Arron eagerly: "Brother Arron, what about our wedding?"

"I won't marry you!" Arron bluntly refused.

Chapter 234

At that time, Lanita's face was very shameless, she forced a smile to look at Arron: "Brother Arron, no matter how I am the woman who was pregnant with your child, I also saved your life, and now I am Grandpa has a monstrous family, am I not worthy of you?"

Arron said blankly, "No."

Lanita: "Why is that?"

Arron sneered: "Our marriage was destroyed by Suzi. In Nancheng, no one dared to make trouble at my Arron's wedding. Since Suzi did such a thing, then I must take her back alive. I won't get married until I can't catch Suzi alive!"

Lanita: "..."

He told what Arron had said to Jarod and Moira and his wife. The family of three had guessed privately that Arron might not want to capture Suzi alive and kill Suzi, but because Suzi was pregnant with a child.

Arron must have doubted Suzi's words.

He had to wait for Suzi to give birth to a child. If Suzi's child was Arron, then the Lin family would still be unable to escape death.

However, this is just a guess.

Because since then, the subordinates who followed Arron have talked around to capture Suzi alive.

If Suzi resisted, he would be killed on the spot.

From then on, the Lin family believed in Arron's determination to kill Suzi!

From that day on, Jarod and Moira frequently bought some killers who demanded money and killed Suzi everywhere.

However, for six years, every time they inquired about Suzi, they had gone to Suzi and ran away after hearing the wind.

In the past six years, Jarod spent tens of millions of money to buy cold-blooded killers.

However, she never found the shadow of Suzi.

In the end, Suzi was brought back by Arron.

In private, Jarod, Moira, and Lanita also analyzed that Arron would not let others kill Suzi, because Arron hated Suzi the most and he wanted to torture Suzi with his own hands.

However, when Arron brought Suzi and Suzi's children back, and took them to the hospital to see the sick Father Fu, and when the Lin family met Lilly outside the ward for the first time, the Lin family was stunned.

Lilly and Arron are not just like ordinary people.

But the Lin family are not worried, they are now escorted by Mr. Shu. I am not afraid of how Arron treats them.

Instead, it was Suzi. Arron brought Suzi back, and he must be tortured to death.

It's just that Lanita feels very uncomfortable. After six years, her fiancée, who is the right one, has not been able to live with Arron.

But Suzi was the first to board!

At this moment, Lanita was jealous of Suzi, wishing to dig out Suzi's face with her nails.

However, Lanita only thought about it in her heart. In fact, she didn't dare to do this.

Because she was secretly outside of Arron's home, she could not beat Suzi outside Arron's home, and she could not be known by Arron.

Lanita could only temporarily suppress her hatred, and then only thought of another way to crush Suzi.

At this moment, seeing Suzi's dazed appearance, Lanita said triumphantly and arrogantly: "Suzi, is your Sydney still thinking about it? Six years ago, my cousin Darius was also one of your admirers. What?"

Haha!

Do you know that my grandpa almost died of anger because of my cousin and you, if you show up in front of my grandpa now, do you guess what my grandpa would do to you? "

Suzi: "Lanita, no matter how powerful your grandfather is, it is your grandfather. What does it have to do with me? I don't want to provoke your cousin. What can your grandfather do to me? No matter how powerful your grandpa is, he can't break the law, right? ?
