

The Protector Novel Levi Garrison Chapter 2171 – 2172

Chapter 2171

Among them is a woman.

Nicknamed Empress.

Killed mad after he was born!

Behead the strong one after another.

Among them, there are many from the Lab of Gods...

She is just like a madman, she dares to move anyone.

Anyone dare to kill!

I don't know how many people have been shocked by the ferocious name of the Empress this year...

Everyone is timid to hear her!

The empress is not someone else, but Sarah.

In order to become stronger, to protect the one she loves, she keeps fighting and getting stronger.

Occupy a place in this era.

She is listed as one of the four fierce gods.

The rest are in Maya Industry and Kunlun Industry.

The last one is Lucifer from the Lab of the Gods.

In the same battle with Levi, not to mention that he was rescued by the terrorist doctor, his strength has greatly increased.

But become bloodthirsty and love to kill.

The Lab of the Gods also let him go out and kill.

So he also became one of the four fierce gods!

These four people have never been defeated since they were born.

There are also a series of lists sent by organizations with good deeds from all sides!

Used to redefine the strength of these powerhouses!

However, Sarah is on the list...

Sarah knew that Lucifer killed Levi, so she went to Lucifer several times.

But every time Lucifer avoided fighting.

Always avoid plum dyeing.

She even wanted to uproot the Lab of the Gods, but she also knew that she was not strong enough.

Need to continue fighting and continue to strengthen.

Now everything she did was to avenge Levi.

How did she know that Levi was locked in a dark cage by her master at this moment.

In fact, sometimes she was very close to Levi, but she just couldn't feel it.

Because the dark cage isolates everything.

...

In the dark cage on the other side.

Levi has been in retreat.

Sitting cross-legged is a whole year.

Even the Dark God was stunned.

I thought that Levi would soon be unable to hold on and surrender to him.

But who would have thought that sitting in this group would last for one year.

But Levi woke up once.

It was a punch against the wall.

This punch was the ultimate, and it punched a big hole in the wall.

But it is not enough for the wall, the damage is too small.

Levi continued to retreat...

This surprised the Dark God.

But he smiled: "It's still not enough! This is nowhere, at least ten years at your speed!"

In his opinion, Levi would not open it anyway.

It was just this time that Sarah followed him.

The power of Levi's punch just now was terrible.

This area and even the forest in front were shaking.

"Who is the master shut in here? It's terrible, right?"

Sarah is actually very curious about this dark prison.

I saw this horrible scene today.

The dark god smiled: "One of my enemies!"

"Master, your enemy?"

This time passed.

No one knows how terrifying the Dark God is better than Sarah.

It is no exaggeration to call it God.

Now his enemy appears...

unimaginable!

"Then why lock him up?"

Sarah asked curiously.

"I want him to surrender to me... soon! Do it again, he has to surrender to me..."

The dark god has determined it.

Levi only needs to come again and still can't get through.

Then he was in a hurry and surrendered to him.

...

Kunlun industry is now booming.

Relying on Kunlun Industry's technology, Common Killer has now reached a fairly strong state.

Wesley and the others have also become super strong.

On the one hand, it benefits from Levi's practice.

On the one hand is the technical support of Kunlun Industry...

Kunlun Industrial Research pure energy body also has a certain effect.

Basically, a pure energy body can be replicated.

But it is not recommended to try...

But on this day, the marshal of Tiance suddenly issued an order-requesting Kunlun Industry to belong to Tiance Mansion.

Chapter 2172

When Kunlun's industry was just developing, Tiance Mansion was not regarded as the same thing at all.

Not just them, everyone should not pay attention.

When Tiance Mansion sent pure energy bodies to Kunlun Industry, they still didn't understand.

But after the development of Kunlun industry, everyone was dumbfounded, and Tiance Mansion began to look greedy.

Especially the several advanced technologies of Kunlun Industry, even the laboratories of the gods do not have them,

In particular, it has been heard that Kunlun Industry has no real helm, and they are all under the joint control of several parties.

Tiance Mansion has long said that Kunlun Industry cannot be left alone.

Someone must control the development...

On this day, the marshal of Tiance finally started with Kunlun Industry.

Marshal Tiance went to Kunlun Industrial Headquarters in person.

Convened all the top executives of Kunlun Industry...

Several senior executives of Kunlun Industry soon gathered.

There are commoners to kill the gods, there are literary family, there are Wesley them...

After a round of glances, the Marshal Tiance said coldly: "For the stable development of Kunlun industry, for the sake of Kunlun industry being stronger and better able to protect Velador. I decided to take over Kunlun industry! Bring Kunlun industry under the command of Tiance Mansion!"

"Kunlun's industrial group has no leader, and can't be without a master for a day. With a helm, development will be better! It will be able to compete with the world's top industries soon!"

"Secondly, this is the first time that Tiance Mansion has been brought into power. It should give you enough face! From then on, you are also equivalent to a member of Tiance Mansion!"

...

The meaning of Tiance Young Master is very simple.

I'm here to be your boss, to give you face.

You should kneel down and thank you.

No one in Velador can refuse, right?

How can ordinary people have the opportunity to join Tiance Mansion?

It's impossible!

"I know that it is very troublesome for you to do things, and you have to sign contracts and agreements or something! I am ready here, I have signed them all, you only need to sign your own names!"

The Marshal Tiance waved his hand, and the people behind him immediately distributed all the contracts to the top executives.

"Sign it!"

Marshal Tiance said.

But his smile soon disappeared.

Because no one in the room moved.

Not to mention signing, there is no one who went to look through the contract.

what happened?

The Marshal Tiance was stunned.

"What's the matter with you? Look at the contract and sign it!"

Marshal Tiance urged impatiently.

Several people in Common Killer smiled: “Sorry, I can’t sign it!”

“Yes, there is no way to sign! We don’t look at it either!”

Others also expressed their opinions.

This made them even more angry.

“What are you doing? Why don’t you sign?”

He wanted to know why.

“I’m sorry, the marshal! Kunlun Industry is not like you said that there is no leader! Kunlun Industry has always had a master! And the establishment of Kunlun Industry was also operated by that person!”

The Common Killer said.

Others also followed: “Yes! Kunlun Industry has always had someone at the helm! And we only recognize him!”

“One more thing, Kunlun Industry is personal and will not be brought into any influence! We also have no obligation!”

“Disappointed the young marshal! Let you do it yourself! Please go back!”

...

Everyone gave an order to chase off the marshal of Tiance.

This made the Tiance marshal dumbfounded.

He was actually ordered to evoke a guest.

Where does this put his face?

“Who are you coaxing? Do you think I don’t understand you?”

“Where is the master of Kunlun Industry?”

Marshal Tiance sneered.

“You don’t know what the young commander knows. Kunlun Industry has many secrets you don’t know! Our master’s identity is special, let alone expose it!”

Commoner Killing God smiled and said.

Marshal Tiance’s face changed slightly, and he forced him to ask: “Okay, then who do you think your master is? I can’t tell the answer, I won’t leave!”

The Protector Novel Levi Garrison Chapter 2173 – 2174

Chapter 2173

Several people hesitated to ask this question.

Say or not?

Seeing the affection of a few people, the Marshal Tiance thought of something, and couldn’t help saying: “Could it be Levi?”

It’s actually not difficult.

It’s easy to think of.

These high-levels of Kunlun Industry in front of them all have a close relationship with Levi.

There is someone behind them, it can only be Levi.

Everything makes sense.

Hearing what Tiance Marshal said, everyone's complexion changed abruptly.

Seeing the looks of everyone, the marshal Tiance smiled.

Ye Jun is definitely here now.

“Who am I supposed to be after doing it for a long time? It turned out to be Levi! I have to say that Levi has a foresight! He actually created Kunlun Industry! It's not ordinary!”

After the Marshal Tiance praised two sentences, the conversation turned:
“Unfortunately, it has been a year since Levi has disappeared, and there is no sign at all! You know better than anyone what it means for Levi to disappear for one year, right?”

“boom!!!”

Hearing this, everyone's face changed drastically.

This sentence pierced their hearts deeply.

There is one saying, if Ye Jun is dying, everyone is not worried.

After all, every time Ye Jun dies in the past, he is actually not dead.

Has been silently protecting Da Family in secret.

He is dead, but everyone will feel more relaxed after hearing this.

But now Levi disappeared...

It's still a full year...

This is more terrifying than he is dead!

One year of disappearance is too variable.

Levi had never done this before...

Disappearing for so long, it will really be gone.

Not showing up for a year, this is not his style.

It shows that something happened to him...

Kunlun Industry has secretly sent someone to find it this year, and it has been searched almost all over the world.

There is no trace of Levi...

Although they didn't admit it, they knew from the bottom of their hearts that Levi might really not exist this time...

"Levi has disappeared...it means he doesn't exist anymore...the master of Kunlun Industry is just nameless!"

Marshal Tiance continued.

No one is going to refute!

"Since Levi has disappeared, why do you keep it? So I directly abolished Levi's identity as the helm of Kunlun Industry!"

Everyone was dissatisfied as soon as the words of Major Tiance came out.

"No! Why do you abolish Mr. Ye's identity? He created it by himself!"

"Yes! No one is qualified to abolish Mr. Ye's identity! We only recognize Mr. Ye as the head of Kunlun Industry!"

...

All senior executives spoke with a firm attitude.

Marshal Tiance smiled: “Then what if I insist?”

“The big deal is that you will all be abolished, and I will take control of Kunlun Industry!”

Marshal Tiance would not give up Kunlun Industry just because of the words of the people in front of him.

He came to negotiate only out of courtesy.

In a hurry, they directly used force to wipe down these high-levels.

Take Kunlun Industry back directly.

“We won’t agree to it! It’s a big deal!”

“Yes, who is afraid of whom?”

“No wonder your Tiance Mansion is inferior to Mr. Ye... now it seems like that!”

...

After a group of people expressed their views.

Marshal Tiance was already angry.

He sneered: “Okay, you found this yourself!”

The rattling atmosphere is on the verge.

In the end, Commoner Killing God hurriedly stood up and said, “Everyone, calm down! Don’t conflict! No matter what state Mr. Ye is in, he doesn’t want to see us fighting in the nest!”

“It’s no good for us to have a conflict! Especially we will be the ones who suffer!”

“It doesn’t matter! No matter what the Tiance Mansion is, it is Velador! No matter who we are under, we are doing things for Velador! It is not in the hands of other people!”

...

After commoner’s persuasion, everyone calmed down.

never mind.

Promise that Tiance is the marshal.

But they have conditions.

Tiance Mansion cannot be closed all the time, what do they want or do.

Marshal Tiance agreed.

His goal was achieved, and Kunlun Industry got it...

Chapter 2174

“What a villain, taking advantage of Mr. Ye’s absence! Forcibly took Kunlun Industry away!”

“Don’t be sad, everyone! If Mr. Ye is still alive! He will be back sooner or later! Then we will seize Kunlun Industry!”

...

Everyone dared not speak.

After all, in terms of strength, Tiance Marshal is too strong.

It is easy to kill these people like Commoner Killing God.

So everyone can only endure it first.

Fortunately, it's all for Velador...

But everyone found out later.

Kunlun Industry does not belong to Tiance Mansion.

It belongs to the individual of Tiance Marshal!

This involves the rules of the Tiance Mansion and Baolong clan.

This is a rule set for centuries and thousands of years.

They will never allow any forces to come in...

So everyone is fooled by the word game of the young master of Tiance.

Kunlun Industry can only go to his name, not Tiance Mansion.

In the future, it cannot be said that Kunlun Industry belongs to Tiance Mansion, it can only be said to be related to Tiance Mansion!

This made them extremely angry.

Feeling deceived.

But Tiance Marshal is already at the helm of Kunlun Industry.

There is no way.

However, after the Tiance Marshal joined, there are certain benefits.

At least resources have improved a lot.

The era of coexistence.

All parties are thinking about the enhancement of the law.

These are no exceptions in the Lab of the Gods, and they are also absorbing and annexing more forces to join.

The imperial organization and Maya industry are not vegetarians.

Crazy plunder.

Even start with some small countries.

Wars are everywhere.

The cruel war allowed ordinary people to join the ranks of martial artists one by one.

To survive, you must become stronger!

...

time flies.

Soon, another year passed.

This year.

The world has discovered earth-shaking changes.

Even more terrifying than in previous years!

It can even be said that a qualitative leap has taken place!

Basically, it can be said that everyone has become a martial artist with supernatural powers...

In addition to the previous homework, the children either practice martial arts, or practice magic skills, awakening super powers and so on.

If you don't learn this, there is no way. This is the development of the times.

If you want to survive, you must fit this era.

People's physique has been greatly improved, and diseases have been reduced a lot.

The current Institute of Medicine and Biology studies how to make people stronger.

Even changing the gene, changing the bloodline, etc...

Corresponding to various ancient martial arts schools, the Super Academy was born in response to the times.

Some ancient cultivation methods, etc. have also become popular, or they can be learned in special places.

Modern technology has also improved rapidly...

Some products that were only used in major laboratories are now popular...

...

There are also some new energy materials appearing, even comparable to the resources of Sun Stone.

Attracted everyone's berserk.

There are wars everywhere.

Chaos is everywhere...

But the most frightening thing is that some ancient ruins have been excavated.

These ancient relics are from the ancient martial arts of the East, as well as civilized and technological...

Many big powers, such as the laboratories of the gods and the Maya industry.

Too many good things have been obtained in these ruins.

There are future technology and ancient martial arts...

Velador also participated a lot.

There are gains and losses.

There are no small collisions with the laboratories of the gods, the Maya industry, and the imperial organization.

Hundreds of times.

The loss is not small, but overall there is no threat to Velador.

...

But this year more powerhouses emerged.

The mysterious dark web is even more powerful.

It is the most authoritative among the major lists.

This list is called God List.

There are a hundred people on the list.

It records all the strong players that have been shot in the past two years!

Sarah is on the list and ranks eighth!

Qilin and White Tiger are also on the list.

A forty-seventh.

A seventy-ninth.

...

There is another unexpected person...

The Protector Novel Levi Garrison Chapter 2175 – 2176

Chapter 2175

Nandi was number one in the summer.

He has already disappeared from everyone's eyes.

But it seems to be a shot in Velador Donghai.

I was listed on the dark web!

Nandi ranked fifth!

No one knows what happened in Velador Donghai's battle, let alone what Nandi did in that battle.

But no one questioned the authority of the dark web.

After all, from the previous era to the present, the dark web is showing its strength and uniqueness.

But after Nandi was on the list, Velador trembled.

No way?

Where was the Southern Emperor squeezed to...

They were all behind Levi and Common Killing God, a forgotten existence by the world.

Now it is fifth on the god list.

You must know that before the Commonwealth Killing God ranked second in the rankings, ahead of the Southern Emperor.

But now the Southern Emperor God List is fifth, and the Common Killer God has not even made the list!

This gap is too big, right?

Some people even wonder if it was a mistake.

In the end, Tiance Mansion came forward and claimed: The Southern Emperor is indeed capable of ranking fifth on the God List.

At the same time, Tianji Pavilion updated the Big Summer Ranking.

Nandi ranked first...

It seems that Tianji Pavilion has long known about Nandi.

...

On the gods list, Velador is really on the list.

Qilin and Owen finally made the list after thousands of hard work, surpassing the predecessors such as Commoner Killing God.

Even Wesley Ron is very close to this list.

Wen Lei has played, and she is also on the top of the gods.

And He Qingxue didn't know what she had experienced in the past two years, she was also on the list.

It can be seen that these two years can give people opportunities.

Let how many ordinary people get a chance to leap into a dragon.

For this era, two years are long enough.

Nothing will feel strange...

Li Chengmin from Star Country is also among them...

There are many acquaintances of Levi on this list, and of course there are also many new ones.

...

The Bible organization is here.

The dark god has been paying attention to Levi.

This year has passed.

Levi didn't even move.

Abruptly closed for a year.

It's not like before, waking up with a punch and then continuing to retreat.

This time I have been in retreat.

“Okay, very good, I want to see how long you can last...”

The dark god does not believe in this evil.

Sarah is curious about who is inside...

At this moment, Levi has been in retreat.

Last closed for one year.

He tried to integrate everything he had learned, including basic exercises and various taboo techniques, as well as his self-derived creations.

Combining everything together, playing a trick that destroys the world, the result is still useless for the wall.

It can't be penetrated at all!

So this time in retreat, he abandoned all distracting thoughts, and forgot all the taboo techniques and all kinds of miscellaneous things.

He only practices one thing.

That is the most basic exercise method!

The pursuit of the most extreme power, the pursuit of the most extreme speed...

This most basic exercise can be said to have no end, and there is no mention of the day when the practice is finished.

Only the stronger day.

Because you have practiced to the extreme, you dare not say that your strength is the strongest and the speed is the fastest...

So now Levi's retreat is pursuing this limit...

This retreat lasts for one year.

Levi didn't wake up yet.

But the dark god can afford it.

He has slowly honed Sarah into a killing machine.

Her humanity is getting weaker and weaker.

In his eyes there was nothing but hatred and killing.

Since plums came out of the mountain, almost all of them have been killing people and selling goods.

The biblical organization takes people's money and money to eliminate disasters for others.

"Ziran, your mission is here!"

"This time I went to Velador Kunlun Industry to snatch the potion! After getting the potion, everyone will be killed!"

...

Upon receiving the new task, Sarah was just in a daze.

This means that she has almost no concept of Velador.

Only bloodthirsty and killing.

Chapter 2176

It shows that the training of the Dark God is about to succeed.

Sarah is about to become a killing machine.

Hone for a while.

It is estimated that she would forget everything, only killing and bloodthirsty.

After receiving the task, Sarah immediately went to Velador.

This medicine is newly developed by Kunlun Industry and has a peculiar effect on healing and saving lives.

Now it is sent from the northern desert to the Kunlun Industrial Headquarters Case York.

The escorts are strong like Wen Lei.

Wen Lei is now the strongest of the gods.

It is naturally safe to be escorted by her.

Along the way, dozens of strong people came to grab it.

They were all beheaded by Wen Lei.

In this era, there are a lot of resources grabbing, no wonder.

Nowhere is safe.

Even if Velador Frontier does its best to defend, there are always people coming in.

The only safety is the guarantee of strong strength!

Wen Lei and the others walked out of the desert without risk.

But at this time a dangerous breath came.

A figure appeared.

“It’s the Empress!!!”

The female emperor is so famous, no one knows.

Especially the eighth of the god list.

It is even more daunting.

This time, they panicked.

It’s dangerous.

The Empress is here!

Who is not afraid?

Although Wen Lei is also the strongest of the gods, the gap is too big.

Wen Lei is ranked sixty-seventh and the Empress is eighth.

It’s incomparable.

Sarah glanced at everyone indifferently.

The task entrusted to her was to take things away and all the people were killed.

But when he saw Wen Lei and Regina, Sarah was in a daze, and his killing intent was reduced a lot.

“Ziran??”

“sister in law?”

Wen Lei and Regina also recognized that plum was dyed.

Since Sarah was taken away by mysterious forces two years ago, he has never appeared again.

They have also looked for it.

No results.

But who would have thought that the fierce empress was her?

“Where have you been, Ziran these two years?”

“How did you become the empress?”

They asked curiously.

“You are from Kunlun Industry? The medicine I want is in your hands?”

Sarah did not answer this question.

But asked indifferently.

Although she recognized Wen Lei and Regina.

Can be indifferent.

“Yes, that’s right! Ziran, we are Kunlun Industry! Not only that! Kunlun Industry was founded by Junlin!”

Wen Lei said.

Sarah denied: “Impossible!”

“When King’s Landing is dead, how can it be possible to create Kunlun Industry! He and Lucifer are dead together! Unfortunately, Lucifer is alive again, and I can’t kill him now!”

Sarah roared angrily.

Wen Lei and Regina said, “Junlin (brother) is still alive... He is actually not dead!”

“He just disappeared... he has a good chance of looking for you! I feel like my brother is still alive! He will definitely appear!”

Regina said.

It’s just that Sarah didn’t believe what the two of them said at all.

“No! King’s Landing is dead! I live now to avenge King’s Landing!”

Wen Lei and Regina were anxious: “You have to believe what we said! He really just disappeared, not dead!”

“Master told me that King’s Landing is dead, I believe in Master’s! I only believe in his! Only he can make me take revenge! Now he arranges me to do what I do...”

Plum dyeing is full of killing intent.

There was a trace of madness in his eyes.

“Ziran, wake up, you are different now! You have changed! You wake up quickly! You can’t kill anymore...”

“Correct.....”

Wen Lei and Regina hurriedly persuaded.

“Now you give me things right away, I won’t kill you!”

This is Sarah’s only benevolence since he came out of the Bible organization.

“No! This medicine is very important, and we can’t give it to you!”

“Ziran listened to our advice, don’t continue!”

...

Sarah was murderous, and said coldly: “Then I will take it myself!!!”
