

The Protector Novel Levi Garrison Chapter 2183 – 2184

Chapter 2183

Following Levi, he really couldn't get to where he is now, and this has to depend on the young commander of the sky.

The era of Levi has passed.

It can only be regarded as Qilin's belief.

"I know that Levi is your boss, and he holds a position heavier than the sky in your hearts! But at that time, Levi suppressed the Quartet and acted as the savior again and again! But you can't do anything. Don't you want to catch up with him or even surpass him? ?"

The little commander of Tiance made Qilin and the others silent again with a word.

Kirin they acquiesced.

They were the most desperate when they had nothing to do and couldn't help.

At that time, they swore to catch up with Levi and to keep up with Levi's footsteps.

Levi has always been their weather vane.

They naturally want to surpass.

It's really exceeded now.

They reached another world, a world that Levi had never reached.

“Aren’t you proving yourself now? Better than your boss! I really hope Levi will show up, knowing that you are better than him! I believe he will be very happy too!”

Marshal Tiance smiled.

But what he actually said is very simple, that is, Levi can’t do it!

But this is still very comfortable in Qilin’s ears.

First: Did not insult Levi, but recognized Levi’s position in their hearts.

Second: They also affirmed their strength.

“Do you still think I am not suitable for the helm of Kunlun Industry?”

Asked the marshal Tiance.

No one objected this time.

They even admitted Qilin.

“In addition to praising everyone this time, there is another important event to inform you!”

Hearing that, everyone cheered up.

“There will be an ancient weapon in the ancient ruins in Velador... once this ancient weapon comes out, it will attract countless people! The big foreign forces will no longer care about their faces, they will come to Velador at any cost. snatch!”

The marshal Tiance glanced at it: “This ancient weapon is too important! So we must not fall into the hands of others! Kunlun Industry must do everything possible to snatch it! I will help you in secret! This ancient weapon must remain in Kunlun Industry! Understand?”

“clear!”

Everyone nodded.

“Everyone prepare! This battle may be extremely tragic! Even the strongest battle in the past three years! You must be mentally prepared!”

The marshal Tiance exhorted a few more words.

Everyone was puzzled.

What kind of ancient weapon is it that can attract such a big movement?

Because of the unicorn and the white tiger, they each got a worthy ancient weapon.

But where is this kind of influence?

What the hell is this weapon?

“Don’t worry! We will definitely keep this weapon! Let it stay in Velador!”

“In this battle we are fighting for Velador, and in this battle we are fighting for the boss! Boss, take a good look at our strength!”

...

Kunlun Industry and Tiance Mansion are actively preparing.

The rest of Velador knew that the forces or people of this weapon were also preparing.

Not only that.

Soon the fact that Velador unearthed a peerless weapon spread all over the world, and all forces were ready to move.

the other side.

Tiance Mansion.

Several great ancestors looked at Aubrey lovingly.

“Is it time? Should you let Aubrey go down the mountain and go around?”

Someone said.

“Yeah, the time has come! Junjun should go out and have a look! They are all grown up as big girls!”

The others all smiled too.

“Hey!”

The female ancestor sighed with a look of dismay.

“I asked Aubrey to go out and go around. It just so happened. Isn't that sword coming out? Junjun go to meet the world and join in the fun!”

Said the female ancestor.

The others nodded: “Yes! This is a great opportunity!”

Aubrey also looked excited.

She can finally go out and find her parents.

Chapter 2184

Aubrey packed up and left Tiance Mansion with his grandma.

This is almost the busiest day in Tiance Mansion.

Everyone is looking forward to this little ancestor coming out of the mountain.

However, at the same time, Tiance Mansion blocked the news of Aubrey's emergence.

Except for internal personnel, no one knows about it.

However, the female ancestor couldn't stand it for only one hour after Aubrey left.

She has no children in her life.

Suddenly a Aubrey emerged from the lonely life, and he became splendid.

Now that Aubrey is gone, she can't stand it at all.

"No! I have to follow Aubrey!"

The female ancestor couldn't help it anymore, she was about to follow.

Another male ancestor from the Baolong clan said earnestly: "You are not like this, can you protect Aubrey forever? You can't let her become a flower in a greenhouse!"

The other ancestors glared at him: "Okay, then don't go, we will all go!"

It turns out that everyone else, just like the female ancestor, is crazy.

For a few hours after Aubrey left, they scratched their heads and went crazy.

Now I am waiting for someone to come forward and find Aubrey.

When the female ancestor brought it up, she naturally responded.

The female ancestor looked at each other with the other ancestors and left immediately, disappearing instantly.

“I.....”

The ancestor of the Baolong clan was directly dumbfounded.

“Hey, hey, wait for me! I’ll just say that! I miss you more than you!”

This ancestor also immediately followed.

Everyone in Tiance Mansion: “...”.

When will these ancestors leave Tiance Mansion?

This was absolutely impossible before!

Several great ancestors immediately caught up with Aubrey, and after seeing Aubrey, everyone breathed a sigh of relief and smiled.

But they just follow from a distance, as long as there is Aubrey in their eyes.

“Isn’t this all right? We follow from a distance, not to appear in front of Aubrey, and not to disturb her future life!”

“Yeah! We don’t interfere with everything about Aubrey! Once there is a danger, Junjun will solve it by herself. If she can’t solve it or if she encounters life danger, we will take action! In this way, the purpose of Aubrey’s experience is achieved, and we can protect she!”

I heard the female ancestor say so.

The others nodded.

This method is good.

“You guys just don’t know how to work! I stayed for too long and my brain is rusty! I asked, are we doing any harm to Aubrey’s experience like this?”

The female ancestor said domineeringly.

“No! It really has no effect at all!”

Several ancestors smiled like children.

They would be satisfied if they could see Aubrey.

Aubrey not only can experience, but they can take action at any time when it is dangerous.

He didn't know that Aubrey was in danger, but in Tiance Mansion, he couldn't make a move because of the distance.

“What's more, we can also travel through great rivers and mountains. We haven't come out for a long time, okay?”

The female ancestor's words are justified and well-founded, and others have no reason to refute it.

...

Under the invisible protection of several ancestors, Aubrey started his experience.

These are definitely the strongest bodyguards...

After Aubrey left Tiance Mansion, he first went to see his grandpa and grandma.

I learned that my father had disappeared for three years, and there was no news at all.

Even the uncles like Qilin have no news at all.

Even more terrifying is that his mother became Velador's public enemy, the world's murderer.

This made Aubrey almost collapsed.

“Mom, why did you become like this???”

“And where are you, dad? Come back soon!!!”

Aubrey shouted.

...

In the dark cage of the old lair of the Bible organization thousands of miles away.

Huoyun Cthulhu sat on the ground in despair, but at this moment he seemed to see Levi move?

I don't know if it is an illusion or true.

“Sir, are you awake?”

Huo Yun Cthulhu asked quickly.

The Protector Novel Levi Garrison Chapter 2185 – 2186

Chapter 2185

Huoyun Cthulhu was going to despair.

But seeing Ye Jun moving in a daze, he instantly ignited hope.

He hurriedly called Levi.

But Levi remained motionless.

He kept calling Levi without any response.

Did you read it wrong?

Is it wrong?

I.....

The Fire Cloud Cthulhu is really going crazy!

This is equivalent to breaking a pot of cold water for the Huoyun Cthulhu.

It directly extinguished his hope.

This is also the most tormenting.

The hope is ignited, and it is instantly extinguished.

The evil god Huoyun lay on the ground again, giving up everything...

His brain is blank, completely emptying himself...

But he was right.

Levi did move just now.

But Levi is still in a state of retreat...

Haven't woken up yet.

But it doesn't matter to the Huoyun Cthulhu.

He is dying here...

...

The news of Divine Sword spread all over the world, and all parties felt the pressure.

Especially the pressure of Velador's forces doubled.

After all, the unearthed divine sword was in Velador, and they would definitely fight for it.

But now there are too many competitors, and the big foreign powers are also rushing in madly.

At this moment, it is located in the Ye Clan's villa in Beijing.

The first family of this once era was extremely devastated after being swept by Levi.

Especially Lawrence was banished to a small town in the north, and he would never take a step forward.

Patriarch Edgar was devastated and sickened.

When the times change and opportunities come, the Ye Clan is still in despair.

He was even humiliated and bullied by a lot of people. He was directly removed from the big clan in Beijing and became the object of scolding.

But no one thought...

In the third year, the ancient Ye clan emerged.

It turned out that the Ye clan scattered everywhere in Velador came from the inheritance of the Ye clan.

It's just the difference between thick and light blood.

However, the Jinvale Ye Clan is the most orthodox line of the Ye clan's ancient clan, and even said they are the descendants of the Ye clan's exile.

The ancient Ye clan is super super strong!

The legend is comparable to the Baolong clan!

As old as the Baolong clan!

There are even rumors that the ancient Ye clan almost became one of the Baolong clan back then!

It was just because of many reasons that the ancient Ye clan failed the election and did not become one of the Baolong clan...

There is a saying: The ancient Ye clan is not afraid of the Baolong clan of Tiance Mansion!

The emergence of the ancient Ye clan made Da Family tremble, and the whole world was shocked.

After the ancient Ye clan came out of the mountain, they went to the Jinvale clan as soon as possible.

When they saw the desolation and decline of the Beijing clan, they almost died of anger.

Their descendants turned out to be such a waste...

As a result, members of the ancient Ye clan who came out of the mountain revived the Ye clan in Beijing.

They swept the enemies of the Ye Clan in Beijing, plundering resources and status.

They also gathered all the Ye clan scattered all over Velador.

The ancient Ye clan wants to build the No. 1 power in Great Family!

For example, Lawrence, his father, who was exiled by Levi, was also summoned back to the capital.

Originally Lawrence was timid, but Levi had disappeared for three years, and the ancient Ye clan was super strong.

So Lawrence resolutely left the confinement city and returned directly to the capital.

Ye Tianlin of the Ye Clan in Beijing and Edgar, the nominal grandfather of Levi, had their stubborn illnesses cured one by one.

The ancient Ye clan transformed everyone's physique and bloodline, taught them the supreme techniques of the ancient Ye clan, and quickly created the ultimate powerhouse.

Especially Lawrence all turned into strong people.

Those young geniuses who used to be in the Garrison got the opportunity even more fiercely.

The Ye Clan, which has been declining for a while, has become a super giant, not to mention adapting to this era, it has become the top existence.

The horror of the ancient Ye clan is not in their own strength, but in control of everything!

They arbitrarily make the Ye Clan the top existence.

But in fact, what the ancient Ye clan came out of this time was only the tip of the iceberg...

Chapter 2186

The core and inner details of the ancient Ye clan have never come out of the mountain.

This time the ancient Ye clan came out to lead the team by Ye Wudao, known as the first genius in the clan.

To put it bluntly, a young man brought a team of young people out of the mountain.

Although they are ancient races, these young people are all in their teens and twenties.

In this way, a group of young people from the ancient Ye clan created the top position of the Ye clan.

Who can imagine the true background of the ancient Ye clan?

That was the ancient race that almost became the Baolong clan back then. God knows how powerful it is.

There are even rumors that there is a peerless existence in the ancient Ye clan!

The existence that the Baolong clan of Tiance Mansion must be afraid of!

The portrait of this existence is hung in the ancestral hall of the Ye Clan in Jinvale.

In fact, there are many portraits hung in the ancestral halls of the Ye ethnic group in Beijing.

Even Edgar and Ye Tianlin don't know who they are...

These portraits are so old, some have fallen off, and they can't be seen clearly.

But it keeps hanging here...

Until now they finally understand that this is the ancestors of the ancient Ye clan.

These portraits are all theirs.

These portraits are their family heritage, but they don't know it.

After Ye Wudao and others arrived, they pushed Ye Clan to the top position of Velador in one fell swoop.

Lawrence also showed off his wrist, assisting Ye Wudao to expand his territory a little bit...make Ye Clan more and more powerful.

Lawrence regained his former demeanor and became a hero of the generation!

The same is true for Edgar!

came back!

Everything about the Ye Clan is back!

This is much stronger than before!

The Ye Clan now ignores everything and develops horizontally.

Ye Wudao even said: No fear of Tiance Mansion and Baolong clan.

Even if something really happened, he could settle it.

Not to mention the true background of the ancient Ye clan, Ye Wudao alone is an open existence.

After coming out of the mountain, sweep all opponents.

There are eight or nine masters on the list of gods killed by him.

He is the one who made the biggest change in the god list!

Because he killed a strong leader, a new leader must join, and the leader must be updated.

Ye Wudao is now the top three in the gods list!

Ye Wudao was too arrogant, no one looked at him, no one was afraid.

Who do you see!

Also had a slap with the marshal Tiance!

He is very ambitious.

He threatened to wait for his father's ancestors to push all the forces horizontally before they came out of the mountain, pushing the Ye Clan to the first place.

The meaning is simple, he wants the Ye Clan to be invincible in the world.

Everyone can only open one eye to Ye Wudao's arrogance.

It's too strong after all!

Not only Ye Wudao is strong, but the other young people of the ancient Ye clan he brought out are also strong.

No one can do anything with him!

The Ye Clan's expansion plan is still frantically continuing.

Achieve significant results.

The Ye people held a celebration banquet.

Lawrence was still showing Edgar and the others his strength. He laughed and said: "It is not an exaggeration to say! Even if the peak Ye Jun is in front of me, I can punch him to death!"

That's right, Ye Wudao gave Lawrence a great opportunity.

Lawrence is also a super strong now.

Hearing this, Ye Wudao not only asked: "I haven't asked a question all the time. What about Ye Chen? In fact, his father's generation has noticed him a long time ago! It is a rare seedling! he?"

How strong are the seedlings that can be valued by the ancient Ye clan?

But after hearing this question, Lawrence and others trembled fiercely, and the smiles on their faces disappeared.

"Chen'er... he died early..."

Lawrence said sadly.

"Huh? What's the matter?"

Ye Wudao looked surprised.

"He was killed by my other son, Levi!"

Ye Wudao's face changed wildly: "Is that Levi who drove the Ye Clan into hell?"

He knew Levi.

"Yes, it's Levi!!!"

The Protector Novel Levi Garrison Chapter 2187 – 2188

Chapter 2187

Edgar and others gritted their teeth.

What Levi brought to them was destruction.

It was he who drove the Ye Clan into hell with one hand...

Without Levi, their Ye Clan would not decay, and would not become a rat crossing the street that everyone yelled at.

During that time, they not only failed to reflect on what they had done to Levi and Ollie.

On the contrary, the hatred towards Levi is getting deeper and deeper!

Especially Lawrence, who had been confined to a small town for a lifetime.

They are now stronger, their first idea is to find Levi's revenge!

But Levi has disappeared for three years.

Is gone.

They can't get revenge!

So everyone has never mentioned Levi.

Today Lawrence mentioned by chance that he felt that he was stronger than Levi at the time.

Now all Ye people thought of Levi.

The hatred deep in their hearts was all aroused.

At the mention of Levi, each of them blushed and his neck was thick and murderous.

“How dare he kill his own people?”

Ye Wudao’s expression was extremely gloomy.

“How dare he? How did he do this kind of deception and annihilation of the ancestors and massacre of the same race?”

Ye Wudao looked savage, and the flesh on his face was trembling crazily.

For this ancient tribe, family rules are the most important.

Especially within the clan must not kill each other!

This violated the strictest family rules!

“Not only that! He also forced Ling Tian’s wife Mona to death, and single-handedly shut Ling Tian in the northern border forever, and threw us Ye Clan into hell...”

Edgar and others began to count all Levi’s crimes, a dozen of them.

But nothing about everything they did before...

“How can such a scum be worthy of my Garrison? How can they be worthy of the Garrison name? Kill, kill, kill!!!”

“Damn it! It’s so damn! Where is Levi? I have always heard that he is a man of the past few years! Where has he gone?”

Ye Wudao was completely angered.

I can’t wait to kill Levi immediately.

Lawrence said immediately: “Little ancestor, I have checked that Levi, the evil child, has disappeared for three years! Most likely he is dead! He has never disappeared for so long!”

That's right.

Ye Wudao's seniority is very high.

Edgar also called Xiaozu.

"What about people related to Levi?"

"According to the family rules, others will be responsible for the mistakes made by Levi!"

Ye Wudao revealed a ruthless touch.

"Levi's daughter Aubrey and his mother are said to be in Tiance Mansion!"

Ye Wudao nodded, "Is that the one with the highest talent in Tiance Mansion?"

"Correct!"

"This can't be moved, Tiance Mansion is fully protecting it! Other people can't move it!"

Lawrence was humane.

"Who said that the Baolong clan of Tiance Mansion cannot move?"

As soon as Ye Wudao's domineering words came out, everyone in the Ye Clan was excited.

Does the ancient Ye clan really have the ability to break the wrist with the Baolong clan of Tiance Mansion?

Lawrence was very smart, and immediately saw the clues from Ye Wudao's face.

Ye Wudao said that just to not lose face.

But it's actually not the same thing...

It just has the strength to attack Tiance Mansion and Baolong clan.

It's not completely crushed.

Ye Wudao was nothing more than mouth-heavy.

Lawrence said immediately: "Little ancestor, it is impossible to get into conflict with Tiance Mansion for a child! We will not move this child for the time being! But we can move Levi's wife!"

"Who is his wife?"

Ye Wudao asked.

"Sarah! But she is a murderous madman now! She is even Velador's public enemy! Tiance Mansion ordered her to step into Velador forever, violate and kill it!"

"Sarah is now eighth on the gods list!"

Lawrence immediately introduced plum dye.

Ye Wudao nodded: "Well, I know her! That's good! Levi violated the family rules, and all punishments to his family will be the responsibility!"

Chapter 2188

Soon, the Ye clan sent a message that Levi and his family would be punished with the clan rules of the ancient Ye clan.

And list the top ten crimes committed by Levi!

After the news came out, it caused an uproar.

Levi, the former man of the world, was pulled out.

Enter everyone's eyes again.

“Haha, let me just say it! The Garrison won't let Levi go! It was Levi who abolished Ye Clan in the first place!”

“But Levi has disappeared for three years! Even if he reappears, he is only a medium powerhouse! Appearing is a dead end!”

“Hehe, I am afraid that Levi will not even dare to come out after hearing the news from the Garrison!”

...

Many people think that the reason for Levi's disappearance is actually hiding.

Because he knows that this era has changed, he is no longer the top powerhouse in this world, he is only middle, even lower.

You must know that Levi had set up too many enemies before, and countless people wanted to get rid of them quickly.

If he appears now, I don't know how many people will come to kill him.

It can be said that as long as he appears, he will definitely die.

Therefore, many people think that Levi is actually hiding and dare not come out at all.

Many people agree with this statement.

After all, Levi is also a human, knowing that he will die when he comes out, so why come out?

These people think that this time Ye Clan sends such a piece of news, Levi will even hide.

Just as if he died himself.

“I think so too! In fact, Levi was not dead at all, but when he figured it out, he found that the world had changed! He is dead! He can only hide!”

Marshal Tiance thinks so too.

“Yes, even Levi has come out! But before anyone recognizes it, he hides again!”

Young Master Tiance smiled: “I hope Ye Wudao and the others can find Levi! Let Levi suffer the whiplash of this era!”

“Yes, I also saw how the former kings survived in this era?”

Others have met.

There are many people who have this idea.

Those who have been suppressed by Levi or robbed the limelight by Levi strongly want to see how Levi survives in this era?

Was he hacked to death as soon as he came out, or was he hunted and killed all the way to escape?

It's fun anyway!

They really don't want Ye Jun to die, they really want him to appear alive.

...

The Dark God heard Ye Clan issue a warrant to look for Levi, he couldn't help sneer.

Levi can't get out in this life.

It's useless to tell Ye Wudao where Levi is.

Ye Wudao couldn't open the dark cage either.

"God of darkness, the Ye Clan should be dyed against Li Zi next! She is the first to bear the brunt of Levi's absence!"

Underworld God said.

The dark god said: "Plum dye is no longer worthwhile to me! She has done everything that should be done in the past three years! Everything we get now is actually done by her! In the past three years, our Bible organization other No one has ever done anything! She did it all alone!"

Hearing this, they all laughed.

All they have now and the migration of the old lair by the biblical organization are the credit of Sarah.

"After we get the divine sword, Sarah will be completely useless!"

The dark god sneered.

"God of darkness, say, Ye Wudao dare not move Levi's child?"

Underworld God asked.

Others said one after another, "Of course not! Although the Ye Clan almost became the Baolong clan back then, the strength is terrifying! There are legends about the superpower that can make the Tiance Mansion fearful! But because of this incident, it fell with the Tiance Mansion? impossible!"

The Dark God suddenly changed his words: "No! He dares this lunatic!"

“And he can move Levi’s child with a reasonable reason!”

“What reason?”
