

The Protector Novel Levi Garrison Chapter 2207 – 2208

Chapter 2207

Shoot a bloody dart!

Sarah was pierced by the sky sword.

This time she didn't have any obstacles, letting the sky sword pierce in.

But the right shoulder was pierced, blood gurgling.

“boom!”

Suddenly, Sarah's eyes burst out with two rays of light, and he shot the Marshal Tiance out with a palm.

“puff!”

Marshal Tiance was beaten to vomit blood.

He was shocked.

Sarah, who was dying, suddenly broke out of this kind of strength?

This is too scary!

The others present were also stunned.

Sarah's fighting power exploded and was shocked.

“Too enchanting! The family is so strong! It used to be Levi! Now it's his wife and children's turn!”

“If Levi is still alive! I guess he will be ashamed to kill him? After all, he is too weak in this era! He must be protected by two women!”

“But now Sarah is about to die, and Levi’s backing is gone...”

“One thing to say! If nothing happened and Levi would come back, he would be able to live well in this era! Such a powerful wife and children can protect him! He has no worries in his life!”

...

This is everyone’s evaluation of Levi’s family.

Even several ancestors think so.

If Ye Jun were here, this home would be Aubrey and Sarah.

He is the protected role.

They saw the power of Aubrey, but now Aubrey is facing the attack of thousands of powerful people.

Among them, there is no lack of super powers like Ye Wudao, and she has suffered too much pressure.

Worried!

nervous!

If Aubrey has something good or bad, several ancestors are afraid that they will not forgive themselves in this life.

They stared carefully, for fear that Aubrey would be hurt a little bit.

Everyone was so nervous that they sweated, their fists clenched tightly.

If Aubrey's life is in danger, they have to take action at any time.

As for Sarah, they ignored it.

Life or death has nothing to do with them.

...

When Aubrey saw his mother injured, he roared to get away from the people in front of him.

But after all, there are too many strong people, she is helpless.

Aubrey is crying, while fighting...

Sarah exploded with terrible fighting power at the last moment, and he even had to fight back.

However, this also angered the Marshal Tiance completely. He held the Heavenly Sword and shot with great power, killing Sarah.

Soon Sarah couldn't stand it.

There was a sword in the body, but it was not pierced.

"This...this is...I recognize it! This is the platinum armor that was excavated from the Dead Sea ruins in the Western Continent last year! It is the invincible armor of the ancient Western race emperor, nothing can be worn!"

"It's really scary! It didn't even tear the edge of the sky sword!"

...

Seeing Sarah's platinum armor, everyone was stunned.

This platinum battle armor is a defensive artifact.

Countless people competed last year, but they did not expect it to be in the hands of Sarah.

This is an artifact that has been ranked top in the past three years!

Amazing defense!

The battle armor known as the number one defense!

There is still no weapon that can break this armor!

Now that the Heavenly Sword is facing the most defensive artifact, everyone is looking forward to the sparks that will come out of each other.

Even the attention of several old ancestors came a little.

They were also shocked by this defensive artifact.

“Yes?”

The marshal Tiance sneered.

The sky sword in his hand continued to swing.

“Clang!”

“Clang!”

...

The Heavenly Sword and the Emperor’s Armor collided fiercely.

After three times.

“Crack!”

“Crack!”

“Crack!”

...

Cracks appeared in the emperor’s armor!

“boom!”

Finally, under the bombardment of the heavenly sword, the emperor’s armor was completely shattered.

Sarah flew out completely.

This time she couldn’t stop it anymore.

He vomited blood and was seriously injured...

“Is this the Heavenly Sword? The defensive artifact is also broken!”

“I must get the heavenly sword! The heavenly sword is too terrifying! I must get it!”

Chapter 2208

crazy!

Completely crazy!

It can be said that these people are all the same as being in a demon.

Was stunned by the terrifying strength of the Heavenly Sword.

All eyes revealed madness!

There are even a lot of people who are determined to die!

Even if you die, you have to get a heavenly sword!

To put it bluntly, almost everyone is now bewildered by the Heavenly Sword.

Heavenly Sword is also good and evil.

But now in this situation, the Heavenly Sword has enchanted everyone.

How to get the sky sword?

That must be to capture Aubrey and force Tiance Mansion to surrender the Heavenly Sword.

This group of people attacked Aubrey more frantically.

One by one was confused.

Can't stop it.

Sarah was also shocked.

She actually wanted to counterattack just now, killing the Marshal Tiance and fleeing.

This emperor's battle armor is her secret trump card and will not be used until the last moment.

In her expectation, the Heavenly Sword would not be able to split the Emperor's armor for a while, or even unable to split it.

But I didn't expect the power of the sky sword to be so terrifying!

Her plan was shattered.

In fact, this dark god has known for a long time.

He dyed the Emperor's Armor for Li Zi, and he knew the Heavenly Sword. He withdrew, obviously the Emperor's Armor could not stop the Heavenly Sword.

The terrifying power of the Heavenly Sword is frightening.

Not only was it bewildered to everyone present, but even several ancestors couldn't help but sigh: "If it weren't for the Son of God, I would like to participate! This Heavenly Sword is too terrifying!"

The female ancestor sighed: "Actually, none of you have felt the true power of the Heavenly Sword! Once in the hands of that person, the gods really blocked and killed the gods, and the Buddha blocked and killed the Buddha!"

"Really scary!"

On the surrounding mountain peaks, there were also the powerful people watching the battle in the dark, all shocked by the power of the heavenly sword.

Especially a genius from Toshima, a smile appeared on the corner of his mouth: "Well, I can be the opponent of Demon Blade Muramasa!"

These powers do not participate in the competition.

Either he has a comparable artifact in his hand, or he is afraid of showing up.

The horror of the Heavenly Sword greatly increased the confidence of the Young Master Tiance.

After he wanted to kill Li Zi, he immediately went to help Aubrey.

Can't let the plans of Ye Wudao succeed!

"Sarah, how do I see you hiding this time?"

Marshal Tiance stabbed.

Sarah grabbed the sky sword.

But the Heavenly Sword was piercing her body bit by bit.

Sarah watched Tianjian's edge approaching him.

She was helpless.

This time there is really no post-recruitment.

“Mother!!!”

Aubrey roared at this time.

“puff!”

At the risk of serious injury, she abruptly opened a hole.

After a few tricks behind him, he vomited blood.

She is injured! ! !

For a long time, everyone wanted to capture her, so they didn't use their full strength, so Aubrey was not seriously injured.

But this time, in order to save Sarah, she gave it up.

Although Aubrey was seriously injured, she finally rushed to Sarah and saved her life.

“daughter!!!”

Sarah's frozen heart seemed to have a heartbeat when he saw Aubrey was injured.

In addition to revenge, she has other feelings.

Seeing Aubrey hurt, her heart hurts...

“Junjun!!!”

Seeing Aubrey was injured, the female ancestor almost rushed out.

“Wait! Wait a minute! Aubrey is in danger of life, we will shoot again! Now it is actually the best experience for Aubrey!”

Several other ancestors Limara lived with her.

Of course others are also very anxious.

“Furthermore, these people dare not kill Aubrey! They want to capture Aubrey for the Heavenly Sword! We basically don't need to make a move!”

There is an ancestral way.

The great ancestors began to look worriedly.

“Take it!!!”

Everyone is crazy now.

Only Aubrey in the eyes!

Nothing else!

“Kill! Kill!”

A group of people rushed up.

Ye Wudao wanted to make a living.

In order to capture Aubrey, he deliberately killed Sarah.

I want to attract Aubrey to catch her...

Thousands of people acted together, and the scene was chaotic.

“roll!!!”

Suddenly there was a roar in the air.

The Protector Novel Levi Garrison Chapter 2209 – 2210

Chapter 2209

“Buzzing...”

This sound was like thunder, and there was a trembling sound in the air, as if the whole world was trembling.

“boom!”

There is also a terrifying force, like a Taishan palm pushing the ten thousand strong on the court away from Sarah’s mother and daughter.

Including Ye Wudao and Tiance Marshal, as well as the four great blood ancestors, were all pushed away for at least a hundred meters.

Incredible! ! !

Everyone in the audience looked incredible!

What kind of existence can push back tens of thousands of superpowers invisibly?

What kind of amazing combat power is this?

unimaginable!

At this moment, not only the parties concerned were shocked.

Even the various powerhouses who observe in the dark are dumbfounded.

Including the genius from Higashishima who is holding a demon sword, Murata...

And the super powers who haven't shown up in the dark are all shocked.

"This...what's the situation? When did the strong come out?"

"When did it appear? Where? Why don't I know?"

...

Everyone made such surprises.

I only saw everyone being pushed away, but I didn't see where the shot was...

Except for them, even the ancestors who were observing secretly were completely stunned.

When Aubrey was in extreme danger, and they were hesitant to make a move, someone made a move.

But this person doesn't even know where the ancestors are, let alone see how to do this...

"hiss!!!"

They sucked in cold air one after another.

fear!

so horrible!

They couldn't judge the strength of this person for a while.

They asked themselves if they could push back the tens of thousands of powerhouses in an instant when they went up.

I can't do it!

...

Junjun and Sarah were stunned.

I thought it was a mortal situation, but I didn't expect someone to come out to save them?

who is it?

“boom!”

At this time, a figure fell from the sky, and a great earthquake trembled.

Everyone looked over.

It's just that he wears a mask.

He couldn't see his face at all.

The person, of course, is Levi.

He wanted to come out to save people directly!

It's just that Huoyun evil god handed him a mask for him to wear.

The reason is simple-now that the times have changed, Levi's sudden high-profile announcement is not necessarily a good thing.

Secondly, he came out directly, the Dark God and his former enemies (because of the use of taboo techniques).

There is another one-Sarah is the public enemy of Velador and even the world. Levi will show up directly to save him. The problem is not easy to handle!

Therefore, wearing a mask can avoid a lot of troubles.

Seeing people wearing masks, everyone understood.

This strong man is unwilling to show up!

Junjun and Sarah are both dumbfounded.

They don't know who is in front of them?

From his body, he could not feel a trace of the temperament of King's Landing at all.

After all, after three years of retreat, Levi completely transformed into another person.

The previous breath is gone.

Now I feel an ethereal feeling all over my body...

As if he didn't exist, and as if he was everything in the world.

"Who are you? Why stop us?"

Ye Wudao was not afraid at all and questioned Levi.

Levi did not answer. He swept around and saw many acquaintances-Lawrence, Edgar and so on.

In this era, they all came out and acted again?

“I’m talking to you, didn’t you hear me?”

Ye Wudao yelled frantically.

The Young Master Tiance also said: “Senior, I don’t know where you are? But now we are killing a big demon! I hope you don’t interfere, please let me go!”

Although he didn’t know who was in front of him, it gave him a feeling of peerless superiority.

“Get away! Get away quickly!”

“We will not only kill this woman, but also catch this child to exchange for the Heavenly Sword!”

“Yes, rush for the Heavenly Sword everyone!”

“Who stopped and died!”

...

These people are as crazy as they are.

Chapter 2210

Everyone stared at Levi with scarlet eyes.

No matter who he is?

As long as he blocks the way.

Then kill without mercy!

Heavenly Sword!

For the Heavenly Sword!

Everyone has a heavenly sword in their minds.

Marshal Tiance was silent.

What he has to do now is to kill Sarah Baojun.

Indirectly is to protect the Heavenly Sword!

...

Ye Wudao even urged everyone: "Attention everyone, if you want to get the Heaven Sword, you must get rid of the person in front of you!"

"Kill kill kill!!!!"

...

Everyone is crazy, shouting together.

Enchanted!

They are crazy!

Everyone is lost...

Although the heavenly sword is the sword of the sun!

But at this time, it is evil!

It confuses everyone's minds, drives everyone crazy, makes the world flow into rivers, bones into mountains...

What is this not evil thing?

If the Heavenly Sword is not unearthed, these problems will not exist.

"Heavenly Sword! Heavenly Sword! You are all crazy for the Heavenly Sword!"

Levi shouted dissatisfied.

"boom!"

As soon as the voice fell, he turned into a flash of lightning and appeared in front of Major Tiance.

Levi grabbed the Heavenly Sword.

The marshal Tiance reacted and wanted to block Levi.

But he was empty.

His hands were even more empty, and the Heaven Sword was gone.

speed!

Levi's speed was unexpected, he transcended a limit, and was beyond the cognition of the young master of Tiance.

Obviously it seems slow, he can react, he can block it.

But it happened to be half a beat slow.

This is the peerless expert.

The most terrifying thing is-this place can be controlled by the marshal of Tiance.

In the place where he retreats, everyone is restricted, and he can't display his full strength.

All aspects are greatly discounted, even Ye Wudao and his ilk are no exception.

But after encountering Levi, nothing worked.

Levi ignored everything, and easily grabbed something from the marshal Tiance.

With such a flash of effort, the Heavenly Sword was in Levi's hands.

“Buzzing...”

After the Heavenly Sword reached Levi's hands, it began to tremble, becoming more and more intense, making a sound.

“boom!”

“boom!”

“boom!”

...

The terrifying aura of the Heavenly Sword seemed to have been completely released, and the aura of silence began to gush out.

Everyone felt a killing intent of destruction!

That is the fear from the depths of the soul!

Everyone was forced to retreat.

Everyone has a feeling: If the Heavenly Sword at this moment releases its sword energy, it is estimated that everyone will be beheaded.

Correct!

That's right!

Everyone present!

Including Ye Wudao and his ilk could not stop the horror of this sword!

The real power of the Heavenly Sword was urged!

“This.....”

Everyone was shocked.

“I.....”

Ye Wudao swallowed fiercely as he retreated.

The current Heavenly Sword was when the murderous aura was the heaviest, and he also felt a little scared.

Young Master Tiance was even more dumbfounded.

Why did the Heavenly Sword get into Levi's hands, it was completely aroused, and it truly showed horror.

The sky sword in front, although terrifying, felt that everyone present could control it.

But after the terrifying power of the current Heavenly Sword came out.

I feel that no one can control it!

Including Tiance Marshal and Ye Wudao.

The breath of the sword can hurt them!

...

A group of strong men in the dark also said one after another: “Sure enough, the Heavenly Sword can be used by the Great God! Only then can it exert its true power!”

The ancestors are also discussing.

“Did you see it? The sky sword in the hands of a real strong man is like this! I saw that person use it back then, it was so terrifying!”

Said the female ancestor.

“Do you think this person is just for the heavenly sword?”

An ancestor said.

“Yes! He might not be here to save people! He is for the Heavenly Sword! Only the Heavenly Sword can exert its greatest power in his hands!”

Everyone reacted immediately.

But they all misunderstood Levi.

Levi got the Heaven Sword not to get it, but to...

Destroy it!

The Protector Novel Levi Garrison Chapter 2211 – 2212

Chapter 2211

“It turns out that he didn’t save people! He came for the Heavenly Sword!”

At this moment, everyone thinks so.

Even Aubrey and Sarah think so.

I thought it was to save them.

Now it looks like it’s here to snatch the Heavenly Sword...

Young Master Tiance and Ye Wudao were also dumbfounded.

Came to grab the Heavenly Sword?

Now that the Heavenly Sword is exerting its true power in his hands, this is definitely to grab the Heavenly Sword!

Everyone thinks so.

And Levi was too invincible.

Now that he has the Heavenly Sword, he is even more invincible. How can other people fight?

...

“Buzzing...”

The trembling of the Heavenly Sword became more and more intense.

The breath is getting more and more terrifying, covering the sky and the sun, covering every corner.

excited!

In the eyes of everyone, the Heavenly Sword was in Levi's hands, feeling the strength of the strong, it was excited.

This is equivalent to a resonance!

The Heavenly Sword is just like a human being, and it truly reaches the hands of someone who can control it.

Can you not be excited?

But how do you know that Heavenly Sword is not excited, it is scared.

Because it felt a kind of suppression!

...

"Since the Heavenly Sword makes blood flow into a river, and the souls are charred! Return the artifact? It is an evil thing! What do you keep this evil thing for?"

Levi shouted.

Holding the sky sword in his left hand!

His right hand stretched out two fingers and tapped on the body of the sky sword.

"Ding!"

With a sound, everyone lost their ears and their brains went blank!

It seems that everyone is deaf, and the brain is shattered.

"Om!"

A mushroom cloud that can only be formed by the explosion of a super weapon rises in the air.

A terrible shock wave dispersed.

Destroy everything protruding around instantly...

fear!

Terrible!

But the most frightening thing was that everyone saw that the Heavenly Sword instantly shattered under the knock of Levi's two fingers, and cracks appeared.

“Crack!!!”

In the end, the Heavenly Sword fell apart and broke into dregs...

Gone!

The Heaven Sword is gone like this!

The Heavenly Sword was knocked off by Levi's two fingers...

crazy! ! !

Everyone is crazy at this moment! ! !

This!

It is definitely the most shocking and terrifying thing they have seen in their entire life!

none of them!

Someone actually smashed the world's most powerful artifact, the Heavenly Sword, with two fingers...

This this this...

Horrible!

Unspeakably powerful!

This is completely beyond everyone's cognitive concept.

When everyone was still thinking about how to snatch the heavenly sword and let the heavenly sword exert greater power.

Someone can destroy the Heavenly Sword...

This is unimaginable!

What kind of strength does this have?

The first person in history, right?

Sarah's mother and daughter were dumbfounded,

Ye Wudao was dumbfounded.

Marshal Tiance was dumbfounded.

...

Everyone is going crazy.

Everyone who was observing in the dark also had numb scalp, which was about to split.

hiss!

This.....

This is not a question of whether it is strong or not.

This is a question of a higher latitude! ! !

Is he not a human? ? ?

No matter how the current times change, how many ancient races have emerged, and to what extent has modern technology and gene technology developed.

But this level has never been seen before.

Various organizations have made evaluations, and at present, the Heaven Sword is the number one artifact.

Unstoppable!

The Heavenly Sword in the front also showed a terrifying side, easily tearing Sarah's body's first defensive artifact, the Emperor's Battle Armor.

But now the Heavenly Sword was broken with two fingers.

If everyone hadn't witnessed the whole process of the birth of the Heavenly Sword, they would have thought it was a fake just now.

How could the Heavenly Sword be knocked off by two fingers?

Not to mention that no one believed it, that is, no one believed everything that was there and witnessed.

dream!

Everything is so dreamy!

Everyone is like dreaming...

Not true!

Everything is too unreal!

Don't talk about these people, the Huoyun Cthulhu who knew Levi's strength was going crazy.

"Fuck???? Is this the fuck???"

This Heavenly Sword is more fragile than the dark cage...

Chapter 2212

But in fact, it is not a question of who is fragile with the Dark Cage and the Heavenly Sword!

It is because of Ye Junlinqiang!

Terribly strong!

"Grumbling..."

The ancestors in the dark swallowed wildly and were shocked by the scene before them.

At first they felt that Levi still had the power to fight.

But after the sword of the day was broken, they shut themselves down.

They understand that no matter how powerful they are, it is impossible to break the heavenly sword.

The comparison between them and the sky sword is complementary.

The Heavenly Sword can almost exert its greatest power in their hands.

To put it bluntly, Tianjian is equal to them.

But the person in front of him was directly above the sky sword, so he could break the sky sword.

Not one latitude!

...

silence!

Everyone present was silent.

All the strong, including those in the dark, were silent.

What kind of existence did they encounter?

Smash the first artifact Heavenly Sword with bare hands with two fingers!

This is definitely the first person!

What god list?

As soon as this one appeared, he was above the gods' list.

He can slaughter the gods with a single shot.

Let me put it this way!

Putting this person on the list of gods is the biggest insult to him!

Because Shenbang can't describe his power at all!

The so-called god list means that the strong on the list are close to gods, or describe like gods.

But this one in front of you is "God"!

Above all else!

Fortunately, they thought that Levi was here to grab the Heavenly Sword...

Now think about it, I am too ignorant...

How could something like Heaven Sword be worthy of him?

After breaking the Heavenly Sword into pieces, Levi smiled and said, "You can't fight if I ruined it!"

The Heavenly Sword was ruined.

But no one feels sorry or otherwise.

Because facing this level of existence, there is nothing else in my mind!

Even the ancestors of Tiance Mansion have no idea...

Too fucking strong!

The thought in many people's hearts is: Mom, I saw God today!

In front of Levi, the sense of superiority of Ye Wudao and Young Master Tiance, the invincible and unconvinced aura was gone.

The person in front of them is so strong that they tremble!

"I took the man away! Do you have any objections?"

Levi wanted to take Aubrey and Sarah away, and asked specifically.

silence!

Long silence!

How can anyone dare to object?

Who dares to say no word?

Isn't this looking for death?

Who dares to stop him?

These tens of thousands of people are not well-connected to kill!

“Okay, no objection, then I will take people away!”

With all eyes in full view, Levi left with Sarah and Aubrey.

Tens of thousands of people automatically give way...

Even if Levi took the three of them away for a long time.

Everyone present was silent.

Dumbfounded!

Everyone is a walking dead!

Empty body!

But no soul!

Ye Wudao's expression was frozen, his eyes were hollow, and he didn't know what he was thinking.

Marshal Tiance was standing, his mind seemed to be the scene of Levi snatching the Heavenly Sword from him...

Wesley and Qilin were short of breath, their eyes were full of madness.

I thought they were strong enough in this era, and they belonged to the top group of people.

But today I really saw the sky and the earth.

They are really small like ants.

What they didn't expect was that this person was Levi! ! !

Their boss!

...

Several ancestors were also silent for a long time.

"No, what about Aubrey? Where did Aubrey go?"

Only then did the female ancestor react.

Aubrey is gone.

Other ancestors also reacted.

They left immediately and went to find Aubrey.

But Levi took the two of them and didn't go far, they were nearby.

Levi glanced at where they were hiding.

This surprised several ancestors.

Obviously the other party found them.

Levi discovered it.

But knowing that it was a few ancestors, he did not move.

“Thank you, senior! Dare to ask who is senior?”

Aubrey asked respectfully.
