

The Protector Novel Levi Garrison Chapter 2231 – 2232

Chapter 2231

Anyway!

Let's talk about actual results!

Since Tiance Marshal took charge of Kunlun Industry, Kunlun Industry has indeed taken off.

Without him, there would be absolutely no Kunlun Industry today.

If anyone is in charge, Kunlun Industry will not be as strong as it is now.

Be able to become the world's top power, with the same reputation as Maya Industry and so on.

The main reason is that Tiance's young commander has strong ability, hard wrists, big background and high status...

No one will have this effect...

Therefore, everyone in Kunlun Industry is convinced by Tiance Marshal!

Convinced!

Even if the thorns of the unicorns were unwilling at first, they were not easy to be sent under the fence.

Later, they were all convinced by the marshal of Tiance.

This man is really scary!

Even the unicorns can grow to where they are now, and the marshal of Tiance accounts for half of the credit.

Marshal Tiance has never been stingy, giving Qilin their top-notch exercises and all the highest medicines.

Will not mind the previous contradiction.

Until now, everyone believes that the boss of Kunlun Industry is the young commander of Tiance.

And Levi is just the founder.

The two have absolutely different concepts.

“Yes, the boss has one thing to say, Kunlun Industry can now become the world’s top power, it depends on the young commander of the sky!”

Everyone said together.

Levi sneered: “So now Kunlun Industry is the young master of Tiance?”

As soon as these words came out, the atmosphere in the court suddenly became cold.

Everyone was silent all at once.

I dare not say one more word.

The Common Killer didn’t speak anymore.

silence!

A long silence.

But Levi had already got the answer.

Silence is the answer.

“It’s okay, everyone doesn’t need to be so serious! I just want to ask!”

Levi smiled and said, “I will ask you one more question-the marshal of Tiance is in charge of Kunlun Industry! Do you serve it? Tell the truth! I don’t want to see your silence!”

“This.....”

When Levi’s problem came up, everyone looked at each other.

The Common Killer came out first.

“Sir, I am convinced of him! I am convinced!”

Soon, Qilin and Wesley stood up one by one.

“I also take it!”

“Me too!”

...

Wen Lei also stood up: “It can be said that Velador had you in the past, but now Velador has a young strategy! We are convinced by him!”

...

Everyone was convinced of the young master of Tiance.

“Well, if you are convinced, it’s fine! I’m still worried that you don’t accept him, and then work under him again, that’s how aggrieved!”

Levi smiled.

Kunlun's industry is developing well, and he is also happy.

It's no problem for Tiance Marshal to take charge.

After all, it was Velador's power.

The stronger, the better for Velador.

He would not care, but would clap his hands in applause.

But his question fell in the ears of everyone but it changed.

Everyone felt that Levi lost his position as the helm of Kunlun Industry and was angry, but he was powerless.

After all, it is impossible to fight back from the hands of the young master of Tiance.

“Sir, in fact, as long as Kunlun's industry develops well, it doesn't matter who is the owner! It is said that the owner of Kunlun industry is the entire Velador!”

Commoner Killing God also took the initiative to comfort.

“Yes, boss, you have always been tired, it's time to rest!”

Everyone didn't want to see Levi work so hard again.

“I heard someone wants to take Kunlun Industry back?”

At this moment, a shout came.

Next second.

The figure of Marshal Tiance appeared on the court.

Behind them are the capable officers of the young commander of Tiance, and the four great gods will come personally.

Qilin and the others immediately explained: “Young marshal, the boss didn’t mean that, he just asked!”

They were afraid of a conflict between Tiance Marshal and Levi.

After all, there has been before.

“Really? I don’t feel like it? Does anyone want to take it back?”

Chapter 2232

Marshal Tiance walked up to Levi, staring straight at him.

“You say so? Levi?”

Everyone could tell that the Young Master Tiance was deliberate, or even provoking him.

The atmosphere in the court is fiery, and the atmosphere of tension is on the verge of triggering.

Levi accepted the scorching gaze of Tiance Marshal, and said faintly: “As long as it is for the sake of the great summer, it doesn’t matter who sits at the helm! Even cats and dogs are fine!”

“boom!!!”

As soon as these words came out, there was a frying pan in the field.

“You insinuate? Who are the cats and dogs?”

The subordinates of Major Tiance did not agree.

They pointed to Levi and shouted.

Many masters stared at Levi fiercely, murderously overflowing.

Qilin they sighed.

I have a headache.

They know Levi's character too well.

Always be strong!

No one cares about it.

It's an out-and-out thorn!

But the marshal of Tiance is also stinging!

When these two thorns are together, the matter is big.

No one will obey anyone!

But if it were three years ago, Levi could compete with the marshal of Tiance.

But now two people are not of the same magnitude, not of the same world.

If this fights, Levi will suffer.

Levi smiled and said, "Why are you sitting in a seat? I didn't say anything about you!"

"Is Levi relying on playing tricks now? You used to have a hard mouth and strength, but now you only have a hard mouth!"

Marshal Tiance sneered.

“Hahaha... Yes, now you only have a hard mouth! What about the strength, hehe, vulnerable!”

“Once Levi, you really wanted to be the savior. You have been in the forefront again and again, taking all the credits! Finally, you pretend to give the credit to the Tiance Mansion!”

“Hypocrisy! You are so hypocritical! My dignified Tiance Mansion needs you to give credit?”

...

Everyone in Tiance said one after another.

“Levi, go now! We will let you do all the things of being a savior! We are determined not to grab it!”

“Haha, now Levi is afraid that he won’t be able to do anything! With his strength, he might be killed if he goes out of Velador!”

“Yes, he still wants to be the savior with his strength right now?”

The four great gods will speak of Levi without concealment.

But none of Levi’s apprentice brothers who were present to refute.

This is indeed the case.

In terms of Levi’s current medium strength, being out of Velador would be tantamount to death.

No one is protecting, absolutely not!

Young Master Tiance smiled: “Levi, even if I give you the position of the helm of Kunlun Industry, I’m afraid I won’t convince the crowd!”

Marshal Tiance glanced at Qilin and them: “I guess they won’t be convinced! The position of the man at the helm of Kunlun Industry is very important now, and it is directly related to the future of Velador. They definitely want capable people to sit!”

This time they were silent.

This is indeed the case.

Even if it was Alton and the others, the hundreds of thousands of Kunlun Industry would not agree.

“I’m not interested in this! You just take it seriously! I can rest assured if I leave it to you!”

Levi said.

“Hahaha... did you hear that? Levi is looking for a step for himself! I really laugh at me!”

“Once the world’s top powerhouse, Velador’s Kunlun God of War, will there be such a humble time as the king of the word side by side?”

...

Everyone thought that Levi was afraid, so he compromised.

The Tiger Head of the Four Great Generals will stare at Levi more firmly: “We met in Tiance Mansion three years ago! Remember?”

“I want to continue our unfinished battle! But I don’t want others to say I bully you!”

The corner of Levi’s mouth raised: “Let’s all go together! Don’t talk nonsense!”

As soon as this word came out, the tiger head became angry.

“Levi, you asked for it! Let me try you!”

The Protector Novel Levi Garrison Chapter 2233 – 2234

Chapter 2233

Three years ago, the Tiger Head God General sighed and taught Levi a lesson.

How could he let go of this opportunity now.

It was made clear to bully Levi.

Especially, Levi is still so arrogant now.

No one will stop it.

As for Qilin, they wanted to help Levi, but they were stopped by the eyes of the young commander Tiance.

At this time, Huo Yun Cthulhu laughed.

Looking at the tiger head, the god will ridicule presumptuously: “Stupid! Too stupid! Fight with your husband? You are too weak! Don’t save your grandpa! All of you, including your Tiance Marshal, come together!”

“Let Mr. slap you! Don’t waste time!”

The battle between Tiance Mansion and Levi was what Huoyun Cthulhu wanted to see most.

He is still fanning the flames, burning the flames of war to the greatest extent.

Besides, he knew Levi’s strength better than anyone else.

When Tiance Mansion meets him, it is no different from hitting a stone with a pebble.

He really wanted Levi to avenge him and embarrass Tiance Mansion.

It's not a matter of killing.

Just let Tiance Mansion lose face...

Sure enough, Huo Yun Cthulhu said that, everyone in Tiance Mansion was angered.

"I don't know the heights of the two wastes! I killed them together!"

The tiger head god will be intolerable, and is about to do it.

"Hold on!!!"

At this moment, a shout like thunder came.

The terrible coercion directly calmed the anger of the tiger head god general, and his aura was directly shattered.

A large number of people appeared immediately.

The Ye Clan is here.

The leader was Ye Wudao, followed by Lawrence, Edgar and his ilk.

aggressive!

One is more arrogant than the other!

The head of the top ten forces!

They have arrogant capital!

“Senior Tiger Head, now is not the time to do it! Nowadays, there are not a few people in the world who want to fight him!”

“If you beat me to death, wouldn’t the other people be lonely! Everyone must be happy, right?”

Ye Wudao said with a smile.

The tiger head god general and everyone in Tiance Mansion all smiled after hearing this.

“Hahaha, it makes sense! There are too many people who want to kill Levi! I can’t beat him to death with one punch!”

Even the marshal Tiance cast approving glances at Ye Wudao.

“Although we have been at odds, I will stand with you on this matter!”

The marshal of Tiance made a statement.

They know the killing order under the Ye Clan.

Obviously, if Levi was in danger, Tiance Mansion would never interfere.

At this time, Levi and Lawrence’s eyes met.

Levi said coldly: “Do you dare to come out? I have done my best to you!”

Lawrence laughed: “Why didn’t you dare to come out? It wasn’t three years ago! Three years ago, you were the top power in this world. To be honest, I really didn’t dare!”

“But it’s different now! I have the ancestors of the ancient Ye clan behind me. What am I afraid to come out? What’s more, I am better than you now! Even if I don’t rely on the Ye clan, I can kill you alone!”

Lawrence was very confident in his own strength.

He even longed to be one-on-one with Levi one day, frustrating him fiercely and humiliating him!

Release the anger held in my mind.

Regarding this, everyone else was silent.

Even for sure.

Lawrence is extremely talented, and he is also an out-and-out lunatic.

In order to improve, the kind that can desperately work hard.

His current strength is the strength of the quasi god list.

If the new god list is released, he is the strength of the god list.

This is the top strength in the world.

Definitely better than Levi!

This is the truth!

“Punch! Another one I think is strong!”

Huo Yun Cthulhu couldn't help laughing out loud.

Looking at these people is like watching clowns.

Too confident too?

Is the individual better than Levi?

Isn't this a big joke?

In the ice field where the Heavenly Sword was born, why did you quietly make no sound at all?

Chapter 2234

That person is also Levi!

Are you better than him as an individual?

How come tens of thousands of people were slapped and pushed away by others?

Everyone didn't take Huoyun Cthulhu seriously.

Levi smiled and said, "I'll give you another chance to go back to that place by myself! Don't force me to catch you back by myself!"

Edgar waited for the Garrison members to stare at Levi: "Levi, you are too presumptuous!!!"

"Do you think it was three years ago? Did you take over my Ye Clan? Our Ye Clan originated from the Ye Clan's ancient clan! Now the top ten powers! What qualifications do you have to control the Ye Clan?"

"It's the end of your own good days! If you violate the ancient house rules of the Ye clan, you will undoubtedly die!"

...

The Ye Clan really hates Levi.

One by one, my eyes are splitting!

The eyes can kill people!

Lawrence sneered: “Levi, you want to keep me for a lifetime, you have to have that ability too? Hahaha...”

Immediately, Lawrence said to Ye Wudao: “Little Ancestor, this is Levi, the monstrous sinner of the Ye Clan!”

Ye Wudao smiled, and his eyes fell on Levi’s body: “You are Levi! Although you have been missing for three years, your legend has always been there. I often hear people say about you!”

“But I heard that you are doing some utterly conscientious things! Killed your own brother and banned your father for life! Throwing your family into hell again! You are deceiving your master and destroying your ancestors and destroying your humanity!”

“According to the house rules of the Ye clan! You should be put to death by Ling Chi! You can only wash away your sins after a thousand swordsmanship!”

Ye Wudao’s face changed abruptly, and he sternly scolded.

“Hahaha.....”

Levi laughed suddenly.

“Then did they talk about how to mutilate my mother and me back then?”

Levi asked rhetorically.

Lawrence’s face changed slightly.

Everyone at the scene also looked strange.

Everyone basically knows this.

According to the Garrison’s cruelty to Levi’s mother and son, Levi’s punishment has been exhausted.

In the final analysis, the Ye Clan is to blame.

...

But Ye Wudao nodded, "Well, I know."

"But what's the specific result? Are you dead? No! Neither did your mother! Not even lack of arms or legs! To put it bluntly, the Ye Clan has done so much, and your mother and child have not suffered any substantial harm!

But what about the Garrison? Killed Ye Chen, banned his father, and sent the former first family to hell..."

"Levi, this is the truth! What's more, I tell you that the Ye Clan treats you mother and child so much to experience you! Since childhood, I have given you the strongest environment! Isn't this, have you grown up?"

"puff!"

Levi was vomiting blood.

This Ye Wudao's ability to reverse right and wrong is a match for his adoptive father's family!

Obviously persecuting babies, but they are said to be family experience!

Shameless!

What a shame!

"Levi, you don't understand the good intentions of your elders, but you bite Lu Dongbin and don't know good people! Levi I won't let you go today! Thousands of Ye Clan children won't let you go!"

"Yes! Severe punishment for Levi!"

“Punish Levi severely!”

...

Everyone in the Ye Clan shouted together.

Ye Wudao waved his hand to signal everyone to be quiet.

“According to the family rules, I should immediately execute Levi! However, the most important thing at the moment is to kill the devil Sarah! My family affairs of the Garrison can be solved later!”

Ye Wudao’s high-sounding way.

“Ye Shao really has an overall view!”

“I will admire it!”

...

“Plums are dyed! Plums are dyed!”

Everyone started shouting.

More and more forces are also coming.

The villa of Levi was tightly enclosed.

There are three floors inside and three floors outside, all of which are people.

You must know that hundreds of thousands of people came here...

The Protector Novel Levi Garrison Chapter 2235 – 2236

Chapter 2235

The whole world's anger towards Sarah has reached its maximum!

The whole Case York was filled with the sound of crusade against Sarah.

Before the birth of Tianjian, he took Sarah and killed him.

But this time it was all dyed from plums...

Even Levi frowned.

I don't expect things to evolve to such a degree...

It's getting harder and harder to handle!

Can't watch Sarah die, right?

impossible!

"Kill all of Sarah's family! Killed all her children!"

"Killing pays for fate is justified! Sarah killed so many people! Everyone related to Sarah should come to pay for their lives!"

"Yes! It's all here to pay for life!"

...

The louder and louder the voice, the more people open.

Ye Wudao helplessly spread his hands: “Look, we don’t need to do it! Everyone’s spit stars can drown them!”

The evil god Huoyun glanced at everyone and sneered: “There is a gentleman! Who can kill Miss Li? It’s just wishful thinking!”

“Hahaha, let’s wait and see!”

“Daddy, come here!”

Aubrey ran over at this time and called Levi to a remote place.

“What’s wrong with Aubrey?”

Levi asked.

“Dad will get messed up for a while, maybe I won’t have a chance to say it! Dad, I have already made a decision!”

Aubrey said.

The hearts of the ancestors in the dark followed.

But they are still very confident.

Aubrey will definitely choose them.

Levi looked at Aubrey lovingly and smiled: “Let’s talk!”

“Dad, Aubrey has decided, I gave up what you taught me!”

Upon hearing this, several ancestors cheered and laughed out loud.

But the next moment, their smiles disappeared.

“But I don’t use what the masters taught me!”

The words came out.

Several ancestors were dumbfounded.

“Um?”

what’s the situation?

Is a bowl of water flat?

Levi seemed to understand something. He smiled and said, “So you have to go your own way? Create something by yourself?”

Junjun nodded fiercely: “Yes, Junjun will abandon everything next! Go your own way! Create your own exercises, create everything by yourself! I have a direction now!”

“Well, no matter what you decide, Dad will support you!”

Levi touched Aubrey’s head.

With such a high talent, such a good foundation, coupled with a broad vision and rich insights, Levi believes that she can go out of her own way.

After hearing this, several ancestors had the same idea.

“Yes! Junjun should go his own way! We restrict her too much, but will limit her upper limit! She is the most suitable for creating everything!”

“This kid is too smart! Finding a direction that suits him didn’t hurt his father and us!”

...

Several ancestors were very pleased.

“Junjun, your masters are over there! Go and see them!”

At this moment, Levi pointed at a distance and said to Aubrey.

“what?”

Aubrey looked shocked.

She didn't find out by herself, how did dad find out?

The ancestors in the dark were surprised.

“It seems that Levi knew that he and Sarah could not leave here alive today. He deliberately exposed us and took Aubrey away so that she would not be in danger and would not let her see the scene of the death of her parents!”

Several ancestors analyzed.

In fact, they were half right.

Levi just doesn't want Aubrey to participate...

Since Levi has said it all.

Several ancestors did not deliberately conceal it.

They took the initiative to come out.

“Master...”

Aubrey ran over immediately.

“It turns out that you have been by Aubrey's side all the time!”

Aubrey asked curiously: “By the way, how did Dad find you? Is it possible that Dad's strength is comparable to that of several masters?”

Aubrey began to look forward to it.

Chapter 2236

If my father's strength can rival several masters, how good would it be?

Dad will not be made fun of, and will not be embarrassed by the enemy.

But after hearing this question, several ancestors all laughed.

“No! Your father's strength is not comparable to ours, nor is he discovering us! We took the initiative to see him!”

The female ancestor explained what happened.

They only appeared because Levi asked Aubrey to give up their practice.

“Oh I got it!”

Aubrey's face quickly faded.

Her hopes were dashed.

She thought that Levi's strength was comparable to that of several masters.

“Junjun, let's leave!”

After several masters looked at each other, they decided to “help” Ye Jun to take him away.

“Ah? Junjun is still with mom and dad, mom and dad are in danger, Junjun wants to protect them!”

Aubrey's face is full of determination.

“No, you want to leave! You can't participate!”

Several ancestors couldn't help but say that they forcibly took Aubrey away.

At this moment, Case York has gathered hundreds of thousands of strong people, and the number is still increasing.

Levi's villa became the focus.

There are people all around, densely packed with no gaps at all.

The old people before Levi appeared one by one.

The top ten forces of Velador came first.

Levi saw many familiar faces, Fan Shengnan, Asura God of War, Seven Kills and so on.

They are all overlords of one party.

When the god of war saw Levi, his expression was complicated.

But he held his head high.

He had failed miserably against Shang Levi before, and he has been living in the shadow of Levi.

But now he is completely reborn.

Facing Levi, he could finally raise his head and chest.

In fact, his heart is very refreshing!

He worked hard for several years, just waiting for this moment, just to prove that he was better than Levi.

Now he just glanced at Levi and he understood.

Levi's strength stood still.

And he was already soaring.

There is no need to compare!

Comfortable!

I finally proved myself!

The god of war is breathing fast, his eyes are fiery at this moment.

Levi glanced at him and said with a smile: "Not bad!"

Compared to Xiao Feng, Qilin and the others, Levi admired the Shura God of War.

Because the strength in his body is pure!

Although it is also a quick method, it can be adjusted later.

The God of War Shura looked at Levi with a complicated expression: "I could have waited for you to catch up! But you are sad today! I hope you can get through it!"

He actually hopes that Levi will be alive today, and then strive to chase after him...

Fan Shengnan and the others also simply communicated with Levi.

All of them were secretly refreshed in their hearts.

They all stood up in front of Levi.

The hostile forces or Levi once defeated even more.

They all came to see how Levi was doing.

“Haha, I heard that the Kunlun God of War has been trapped for three years, and his strength has remained the same three years ago!”

“What’s wrong with Levi? The whole world is improving, why have you stopped moving forward?”

“You can beat you by anyone now!”

“Now there is the technology of simulating battles! We have all simulated fighting against you, and you have lost terribly!”

...

These old opponents and enemies were so excited to die when they saw Levi now.

“To be honest, you can’t be our opponent at Levi now! You are too weak! It’s too boring to pick you as your opponent!”

...

Everyone ridiculed Levi crazy.

How ruthless Levi was oppressed at the beginning, now how crazy he is to vent.

“Hey! The world is like this! When you are at the peak, everyone is afraid of you! But when you are down, those people once stepped on it!”

Someone tells a fact.

Facing the ridicule of hundreds of thousands of people, Levi said faintly: “I have only one opponent from beginning to end-the laboratory of the gods. You are not worthy!”
