

The Protector Novel Levi Garrison Chapter 2237 – 2238

Chapter 2237

Levi added: “I didn’t mean anyone, I was talking about everyone present! In my eyes, it’s all rubbish!”

As soon as Levi said this, the whole audience exploded.

mad!

Too arrogant!

Levi has reached this level!

So arrogant!

Pointing to hundreds of thousands of people and saying it’s all garbage!

For the sake of face, the kings of the past had no choice but to be hard-headed.

To be honest, Levi said that everyone is not worthy of being his opponent as rubbish, and everyone is not angry.

Because everyone understands that this is Levi’s incompetent barking!

What can I do if I have to be too hard?

In the face of the ridicule of everyone, unable to fight back, only to come back by verbal scolding.

Could it be that Levi would still kneel on the ground and beg everyone to let it go?

For his character, he would rather die than surrender.

Even if he killed him, his mouth remained hard.

Seeing Levi's mouth hard, many people feel that Levi is a bit pitiful.

Especially the people from Levi's side.

Almost with tears in her eyes, she didn't dare to look at it.

They feel sorry for Levi.

If three years ago, encountering this kind of ridicule, Levi would have slapped him back.

But now he is not strong enough, even said he is far from enough.

There is nothing we can do about this situation.

Can only be stiff.

But for Levi, the Dark God is not afraid, nor is the ancestor of Tiance Mansion.

The only thing that made him feel threatened was the Lab of the Gods.

They disappear mysteriously, there is absolutely a problem.

When they reappear, they are afraid that it will be a shocking moment in the world.

Only they can be Levi's opponent.

"Hahaha... are you still talking about the Lab of the Gods? The Lab of the Gods is gone!"

“Levi, it is normal that you have been imprisoned for three years! We tell you that the Lab of the Gods has actually been destroyed! It was annihilated in one fell swoop!

“Yes, your wife is also involved in this matter! It was the Dark God who destroyed it!”

...

Everyone laughed when they heard Levi talk about the Lab of the Gods.

The dark god has obviously destroyed the gods' laboratory.

The top forces such as Maya Industry and the Emperor Organization have also confirmed them, and are still participating in it.

As a result, now Levi pulled it out again.

Marshal Tiance smiled and said: “Three years ago, no one denied that it was the era of you and the Lab of the Gods! But your era is over! You can't do it! The Lab of the Gods is over! Being relaxed! It's gone!”

Levi smiled and said: “Actually, you are all deceived! This is the deception of the Dark God! Can it be destroyed by him? Impossible!

The Lab of the Gods actually still exists, they are only temporarily hidden, and a huge conspiracy is brewing! It is even said that they are controlling the earth-shattering changes in the world over the past three years!

You will understand when they come out again! “

“Hahaha.....”

Hearing Levi's explanation, everyone laughed.

“Levi, are you an idiot? The destruction of the Lab of the Gods is something the whole world knows!

But you want to say that a laboratory of the gods still exists! The changes in the past three years are all controlled by them! Do they have that ability? “

“After all, he doesn’t understand the current era at all. He thought that three years ago, the Lab of the Gods could control everything! It seems that Levi has to be beaten by this world a lot!”

...

Everyone laughed instead of anger.

Looking at Levi like an idiot.

“I know you won’t believe it! But you remember, the Lab of the Gods will return sooner or later! Then you will understand that you are just a pawn!”

Levi smiled.

He now feels more and more that the changes in these three years have sprung up the strong.

This is definitely a problem!

He just glanced at it, and there are various power elements intertwined in each person’s body.

It’s all exactly the same.

Obviously there is a problem.

The first suspect is the laboratory of the gods.

Chapter 2238

How could there be such a coincidence...

Various ancient relics and ancient civilizations have been excavated, and modern technology has developed like a rocket.

The strong are quick.

This obviously has a problem.

Levi felt more and more that it was a ghost in the Lab of the Gods.

However, according to the current situation, even if he broke the sky, no one would believe it.

...

“I see! It’s time for Levi and Huoyun Cthulhu to know the cruelty of this era!”

“Yes, only by beatings can they clearly understand how weak they are in this era?”

...

Everyone wants to do it.

Suddenly, a powerful breath came.

They stood in front of Levi one after another.

“If you want to move the evil god, pass our level first!”

Everyone shouted.

It turned out to be the seven evil gods under the leadership of Levi and Huoyun.

Sword evil god, poison evil god and them.

They have also jumped into superpowers, even more obvious than most of the people present.

Because what they originally practiced is “evil ways and crooked ways”, to put it bluntly, what they practice is extremely quick.

Now this era suits them too well.

However, Levi was very pleased that they stood on his side when they were enemies all over the world.

What does it mean to be a universal enemy?

die!

Once they choose their side, they will face death.

It's nice to have these brothers.

Levi smiled at the corner of his mouth.

Of course, Qilin Wesley and Xiao Feng are actually on this side.

It's just that they will quietly open a way for Levi and Sarah to escape later.

It will not show up on the surface.

“Cthulhu! Don't worry! Unless we step on our corpses, don't want to touch your hair!”

The sword spirit of the sword evil spirit swept the audience.

“Let's see, what is called a gang of anger? Things gather together? There is a devil's wife, and now a group of crooked hands are coming down...”

“But it's too easy to kill you! Let's blame Sarah and his family first!”

Ye Wudao suggested.

The marshal Tiance also nodded: “Yes! Deal with Sarah first! I am here to speak on behalf of Tiance Mansion! Sarah has nothing to do with Tiance Mansion! She is her, and the child is a child!”

“Yes, if Tiance Mansion doesn’t care, we can rest assured! Kill this devil first!”

...

Ye Wudao and Young Master Tiance said these words, they responded.

Hundreds of thousands of people shouted together to punish Sarah.

The terrible sound was like a thunder rumbling on top of the sky.

“Dear brothers, please give me a lesson!!!”

A voice sounded.

I saw everyone from Li and Zhao’s family came.

Mike these pure energy bodies also came tremblingly.

“Everyone, let me say this-anything that Sarah does has nothing to do with our Li and Mann! She disappeared three years ago! Never returned to the family again!”

“None of us knew she became like this! We really didn’t know! We sympathize with the victims and their families!”

...

They want to have a clear relationship with Sarah.

“We can prove this! Sarah really has nothing to do with the family!”

Young Master Tiance said.

Seeing Aubrey's face, he didn't want to kill him.

Ye Wudao suddenly stared at Mike and the others: "Okay, even if you know the relationship! So how do you think Sarah is punished?"

The words came out.

Li and Zhao's family were dumbfounded.

How do they deal with it?

After all, Sarah is also a family member.

Is it going to be killed directly?

"Didn't you say it has nothing to do with her? Give you a chance to prove your innocence!"

Ye Wudao seemed to want to see this kind of scene of family killing each other.

Deliberately leave the problem to them!

"Kill her!"

A voice came from the crowd of Li Zhao's family.

The Protector Novel Levi Garrison Chapter

2239 – 2240

Chapter 2239

“Yes, kill her!”

“Plum dyes this great demon and kills people like hemp! Treats human life like weeds! Damn it!”

...

If one person yells, the second person yells.

Except for some elders, Mike and his like are all shouting.

They are scared!

Although they are pure energy bodies with super powers, they feel more fragile than ordinary bodies.

They are more afraid of death.

It's the same as paper.

Life-saving is important at this time, what is Sarah?

“That's our granddaughter, how can we force her to die?”

The old ladies are naturally unwilling.

“Parents, if you don't want to, our whole family will suffer!”

Mike tried their best to persuade them.

Ye Wudao looked at the scene before him with a smile.

“Sarah hasn't come out yet, please force her out!”

Ye Wudao shouted.

Mike, Nick and the others rushed to the front and shouted.

“Sarah, don’t you come out to face it? This is all your catastrophe!”

“Do you still want to hurt us? You are so selfish!”

...

Under the persecution of everyone, Sarah walked out slowly.

The eyes of her enemies burst into anger.

“Kill! Kill! Kill!”

...

Everyone is crazy.

These days of incitement, the whole world’s hatred for Sarah is deeply rooted.

Everyone can’t wait to be cramped!

Seeing Sarah, they felt as if they had fallen into a demon.

This is the anger of the whole world!

Now let Sarah bear it alone!

It shows that the incitement of the Dark God is successful.

At this moment, the Dark God and the Bible organization have been observing the situation here.

To test Levi’s strength, come with the biggest wave.

Drive him into the most dangerous situation-against the entire world.

Only in this way can he measure his true strength.

...

Once the plum was dyed, everyone finally understood what the anger in the world was like.

Faced with the condemnation of hundreds of thousands of people, Sarah was scared.

But seeing Levi here, anger shot into her eyes.

“Want to kill me? Come on! Show your true ability to kill me!”

Li Zi dyed and stared at everyone.

“Have you seen it? This is the devil! The murderous aura is so heavy at this time!”

Ye Wudao sneered.

“Kill her! Kill her!”

Everyone’s emotions were mobilized, and they shouted one after another.

The planned unicorns were sweating all over, holding hands tightly, and their legs trembling a little.

This time, they secretly opened a way for Levi and them.

Let them go.

“Ziran, come here!”

Levi pulled Sarah in front of him.

He looked at the people and said, "I'm here to declare one thing to everyone! First of all, I admit the killing karma created by my wife!

But the actual situation is-my wife was used by the dark god of the Bible organization! The people she killed over the years were arranged by the Dark God alone! My wife is now like this, all because of the dark god! "

"absurd!!!"

"Levi clearly killed your wife. What does it have to do with other people?"

"Don't worry about who plans it, I'll just ask you, is it a man who was killed by Li Zi?"

...

Under questioning, Levi was silent.

Regardless of the conspiracy behind it or who planned it, it was indeed Li Zi who killed it.

"Look! You don't believe what you said! You didn't believe that the Dark God destroyed the Lab of the Gods! Now you are talking about the secrets of the Dark God! It's hilarious!"

"Levi can't quell this matter with just one mouth!"

Ye Wudao they all smiled.

"Levi today Sarah can't escape death! As long as you let go, you can save your life! Choose for yourself!"

Upon hearing this, Sarah looked at Levi.

Levi smiled: "Of course I choose to be with my wife!"

Chapter 2240

After seeing this, the dark God who is always paying attention to the dynamics is vaguely looking forward to it.

The dark god wants Levi to sweep hundreds of thousands of people!

I also hope that he is average...

Dark God this is a tangled entanglement.

The most critical moment is coming.

If Levi really opened the dark cage by himself.

Not to mention these hundreds of thousands, there will be a few million more people who can do nothing about him.

...

Hundreds of thousands of people in the field were all staring at Levi.

“Levi seems that you are determined to die? That’s good! You and Sarah will die together!”

“Yes! Kill him and Sarah! Only by quelling the anger!”

“Kill them!!!”

...

But at this time Ye Wudao said: “It seems to kill Levi directly. It’s meaningless. I always feel that there are shortcomings. It’s not refreshing enough!”

Lawrence immediately agreed: “Yes! That’s right! Even if Levi was put to death with a thousand swords and a thousand swords, it didn’t seem to be enough! It almost meant it!”

“Yes, yes, yes...Anyway, letting Levi die directly, it’s really refreshing!”

...

When the two of them said this, everyone agreed.

They all feel that it is really uncomfortable to get rid of Levi directly. It took so long for everyone to see Levi and let him die like this?

Especially the opponents and enemies who had had a feast with Levi felt even more unhappy.

They waited for three years, and they waited for Levi to appear, defeat him fiercely, to wash away the shame of the past, let Levi understand how weak he is in this era.

But if you kill him directly now, it really doesn’t mean much.

Not good at all!

He died when he saw him, as if he had never appeared before.

Thousands of people want to humiliate Levi severely...

“Given that Levi and Huoyun Cthulhu are so mad, ignore this era! I think it’s better not to kill them all at once!

We keep him, and slowly let him know the cruelty of this era! Let him know his strength, very weak in this world! Let everyone have a chance to vent! “

Ye Wudao made this suggestion.

Get a strong response from everyone.

Everyone had the same idea and would not let Levi die easily.

To humiliate and torture him slowly, everyone will do their best.

Let Levi kneel on the ground to admit defeat is everyone's ultimate goal.

Like Ye Wudao, a strong man at the level of Young Marshal Tiance didn't want Levi to be alive.

They were more like seeing Levi's embarrassment.

They want to completely destroy the pride of this former king!

Some people were psychologically distorted and wanted Levi to kneel in front of him and beg to let him go.

...

The vast majority of people have the same purpose and quickly reached an agreement.

"But what about Sarah? She must die! This demon can't live for a moment!"

Everyone's eyes were locked on her.

Murderous.

"Then do it!"

Ye Wudao waved his hand.

Many masters in the field pressed on.

A big battle is on the horizon.

But at this time, Levi suddenly shouted: "Slow down!"

"what are you up to?"

"Let me just say a few words! My wife was indeed used by the Dark God! All this was arranged by the Dark God! But I admit the mistakes my wife committed! There is no escape!"

"So I want to implore you to change the punishment on me, just let my wife go! Let her live!"

Levi said.

In fact, with his strength, once he fights, he can naturally kill hundreds of thousands of people.

No one is left.

But he is responsible.

To do it wrong is to do it wrong.

Sarah did kill a lot of people.

undeniable fact.

You must bear the consequences!

You can't put your own mistakes on others.

So Levi chose a new solution.

"no!"

Everyone immediately shook their heads.

“Wait!”

Someone shouted.

The Protector Novel Levi Garrison Chapter 2241 – 2242

Chapter 2241

Ye Wudao and others stared at Levi: “Levi, you mean the punishment for Sarah will be put on you?”

“Yes! As long as I don’t let my wife die, I will accept any punishment!”

Levi nodded.

“no!”

Qilin and the others as well as the Evil Sword God all stood up.

Don’t agree to this!

They all want to kill with their own power.

Qilin and the others add the sword evil god, they should unite inside and outside, and it is not a problem to make a way out.

At least temporarily let them escape.

But if they accept punishment, these people will not let Levi go.

Even the Huoyun Cthulhu looked different.

But he reacted quickly.

He had already felt Levi's whole person.

“Retreat! All listen to me!”

Levi shouted.

Qilin and the others can only stand aside, but they are ready to take action at any time.

“Okay, did you hear that?”

“Levi said, as long as Sarah is spared, he is willing to accept all punishments!”

“What do you think?”

Ye Wudao shouted at hundreds of thousands.

At this moment, everyone felt that killing Sarah was not that important.

The anger in front was clearly raging, but now I feel that killing Sarah is meaningless...

This is the psychology of most people, just a momentary feeling.

It seemed to be between punishing Levi and killing Sarah, the latter had no meaning at all.

What does it matter whether it is killed or not?

But to punish and torture Levi, everyone felt full of interest.

The main killing of Sarah was incited by the dark god.

Many people say it bluntly that others are doing what they are doing, and what they say is what they are doing.

It's just being used.

In fact, does he really want to kill Sarah?

Do not!

It has nothing to do with him!

...

So after Ye Wudao's proposal came out, everyone was silent.

"Yes! But, there is a condition-in order to prevent Sarah from continuing to harm people, she must be abolished by force! Let her become an ordinary person!"

Someone put forward a condition.

"Well, this condition must be present!"

Ye Wudao and others said one after another.

Levi covered Sarah's mouth and nodded: "Yes! As long as you don't kill my wife!"

"Can you accept any punishment?"

Someone stared at Levi and asked.

"Accept! This is an explanation!"

Levi nodded.

"Think everyone! How to punish him?"

Ye Wudao shouted.

Everyone began to discuss.

The dark god who was watching the dynamic breathed a long sigh of relief.

“The test came out! This is definitely not the dark cage that Levi opened by himself! Otherwise, he will never compromise! I beg others to give a chance to let Sarah go!”

Said the dark god.

“Well, that’s right! According to Levi’s character, if he really had a terrorist force, he would have driven these people home long ago! He has no strength now, so he compromised!”

“Hahaha... scared me to death, I thought he really opened the dark cage!”

The others also breathed a sigh of relief.

“Then someone else should help him open the dark prison... but as long as it’s not Levi!”

The Dark God sighed.

They analyzed everything.

But he didn’t analyze Levi’s behavior, he is a character who dares to behave.

Wrong is wrong.

Have to bear the consequences.

It doesn’t matter how strong you are.

...

What Sarah wanted to say, was covered by Levi's mouth.

"Leave everything to me! Let them come!"

...

Everyone came up with one method after another, but they all felt that it was almost something.

Either the punishment wasn't enough, or it would kill Levi directly.

They wanted Levi to live, and they had to torture and humiliate Levi.

At this moment, Ye Wudao smiled suddenly: "Everyone, I think of a way to punish! Absolutely!"

"Ye Shao, what is it?"

Everyone looked over.

Chapter 2242

"It's very simple! Levi, stab yourself a hundred times!"

Ye Wudao sneered.

"hiss!"

Hearing this, everyone gasped.

Stabbed yourself a hundred knives?

Unimaginable pain!

It hurts people to death!

This is an extremely painful torture...

“Your wife killed so many people, a hundred dollars is considered light!”

Ye Wudao smiled.

After Qilin and the others heard about it, they were about to stop, but Levi agreed: “Okay, no problem!”

“What do you guys say? A hundred dollars is enough? I think he can bear it with his physique!”

Ye Wudao asked.

“Can!”

“agree!”

...

Everyone didn't want to kill Levi all at once.

Want to torture him, see if he can stand it?

If he can't bear it and is about to die, he can still be rescued and continue to torment.

Anyway, it was to make Levi feel the extreme pain!

All those present agreed to come down.

Levi was also determined, and no one could stop it.

“Okay, let's start!”

Someone shouted.

“Wait! The knife has to be chosen! This knife should be the most suitable! This is a weapon produced by Maya Industries! It incorporates terrible elements!

The biggest feature is that one blow will not kill you! But this knife will leave some substances in your body, which will slowly corrode your body! Until completely festered!

No matter how strong you are! Even if a strong man in the gods list is stabbed by this knife, his body will slowly be corroded! It's just that the body festers for a longer time! “

A masked person suggested, and took out a short blade that shone with gloom.

“hiss!”

When it comes to this knife, everyone present feels cold.

Obviously they were all scared by this knife.

That's right.

In the past, this weapon of Maya Industry has become an invincible artifact.

Let many powers and strong men exchange treasures for them.

Many killer organizations of this era are equipped with Maya Industries' weapons.

As long as it is stabbed by this weapon and the special element material invades the body, it will be over.

There is no solution yet.

Kunlun Industry also tried to develop antidote...

But little progress has been made.

It is estimated that it will take several years...

This weapon of Maya Industry is very insidious, shameless by many people, but also fearful.

There is a saying-as long as you are injured by the weapons of Maya Industry, God can't save it.

"Hahaha, good! Just use this knife!"

Ye Wudao they all smiled.

Levi survived even after stabbing a hundred knives.

But special elements invaded the body, and his body would corrode a little bit until it festered.

But it won't let him die directly.

Let him be tortured slowly and humiliated before dying.

This is completely in line with everyone's psychology.

Therefore, everyone agrees.

The masked person threw the knife to Levi.

Looking at his eyes, Levi felt that this person was a bit familiar, but he didn't know who it was.

Now I don't bother to think about other things.

Qilin, they are nervous.

This knife pierced the body, which meant that Ye Jun was over.

The gods can't be saved!

But Levi kept all of them still and could only watch.

The only relaxed person in the field was the Fire Cloud Cthulhu.

He was doing nothing, even yawning.

“I will do what you say! But you must let my wife go as agreed!”

“Otherwise I won't let you go!”

What Levi said is true.

If this group of people turn back, he will take action.

“Don't worry! Tiance Mansion guarantees this!”

The marshal Tiance said.

As for Levi's threat, no one was at ease.

“let's start!”

Hundreds of thousands of people stared at Levi.

“Well, today I will wash my wife's sins! I stabbed myself a hundred knives!”

“Puff!”

The voice just fell.

Levi pierced his chest with a knife! ! !
