

# The Protector Novel Levi Garrison Chapter 2279 – 2280

## Chapter 2279

“Levi!”

When the name came out in the Tianji Pavilion, Tiance Marshal trembled.

“Is it impossible? How could he be Levi?”

Marshal Tiance naturally didn’t believe it was Levi.

“We said it was just like! Because the only person who loved the Lab of the Gods was Levi!”

Said the old man in the Tianji Pavilion.

Young Master Tiance understood what he couldn’t help but said: “So which senior came to inquire about the Lab of the Gods just now?”

“Correct!”

“It’s definitely not Levi! Then I’m relieved! It is estimated that this senior has a heart for Da Family! He thinks ahead and is thinking about Da Family’s future! Didn’t it just teach us on the ice sheet before?”

Marshal Tiance said.

“Although our Tianji Pavilion must not intervene in the affairs of Tiance Mansion, since we have caught up, let us remind... the disaster is coming, and everyone can’t hide it! Prepare early!”

The old senior of Tianji Pavilion said.

Young Master Tiance looked confident: “Don’t worry, I will be there, it will be fine! Everyone has seen my ability! Kunlun Industry is my answer sheet! I will control the situation in Velador!”

“There are also powerful people like Ye Wudao and I will not be hostile to them! I now lower my posture and take the initiative to unite with them! In case of difficulty! I can basically use the top ten powers of Velador!”

...

Marshal Tiance began to outline his grand blueprint.

It’s just that all the seniors in the Tianji Pavilion are silent

I don’t even know if it’s there anymore.

After Levi left, he did not return to Case York directly, but came to Kunlun Industrial Headquarters.

Levi was stopped by the head office.

“Scan failed!!!”

It turns out that Kunlun Industry has a biological scanning device. Everyone who enters will scan it. People who are not inside Kunlun Industry will not be allowed to enter.

“Dididi...”

The sirens sounded in bursts.

The purple and red lines all fell on Levi’s body.

That is clearly the aiming device of the weapon.

Once Levi has any changes, I am afraid that many weapons will disassemble Levi on the spot.

“Who?”

Several people surrounded Levi.

“The founder of Kunlun Industry!”

Levi said lightly.

When this word came out, everyone was taken aback.

“Founder???”

“Isn’t that the young master of Tiance? There is only one owner and founder of Kunlun Industry!”

“What the hell are you?”

...

Everyone looked at Levi with disdain.

“Grab him!”

“Dare to impersonate the founder of Kunlun Industry?”

...

Everyone wanted to arrest Levi.

At this time, a group of people came out.

“What are you doing? Brother? Why are you?”

A surprised voice sounded.

It turned out to be Regina.

“Leader Zhou? Do you know him?”

Everyone asked.

“This is my brother!”

Regina pulled Levi: “Brother, what are you doing here?”

“I have something to do, I need you!”

Levi said.

Seeing Levi and the other two leave, these guards said.

“Yes, I seem to have heard it. It is indeed the founder! But Kunlun Industry was brought up by the Young Master Tiance. What does it have to do with him?”

“Running here now? Say it is the founder of Kunlun Industry? Who will admit it!”

“Levi has been eliminated by the times, now I guess I want to find Kunlun Industry as a backer!”

...

Everyone talked a lot.

After Levi’s arrival, the senior officials of Kunlun Industry were stunned.

However, due to Levi’s identity, everyone stood up.

“Sir, why are you here?”

The Common Killer also greeted him.

“Yes, why are you here?”

Everyone’s complexion changed.

I am very curious why Levi came here.

“Do you want to know the progress of solving the special materials of Maya industrial weapons? Is there a physical problem?”

Someone asked.

“No, I need your help!”

Ye Jun approached.

“What’s busy?”

## Chapter 2280

Everyone looked at him more and more puzzled.

“At present, the science and technology of Kunlun Industry can basically monitor most parts of the world, right?”

Levi asked.

The team leader in charge of science and technology nodded: “No problem! Kunlun Industry can monitor 73% of the world! Ninety% of the area can be accurately monitored...”

“what are you up to?”

Levi stepped forward and controlled it by himself: “Just leave everything to me!”

His purpose is simple-to check whether there are any abnormalities all over the world.

Mainly want to capture the movements of the Gods Lab.

Although they disappeared, there is no reason not to do something.

Now that you have done something, there will definitely be clues left, it is impossible to have no trace at all.

“This.....”

Other senior executives looked embarrassed.

“Let him do it himself!”

“We are all out!”

The Common Killer drove everyone else out.

Leave Levi alone in the main control room.

Levi began to manipulate, looking for clues.

Levi was investigating for an entire hour.

But it really made him find some clues.

In particular, it made Levi notice that there was movement on Velador’s side...

This base still belongs to Kunlun Industry...

At least Levi knew a lot of things he wanted to know.

The senior officials of Kunlun Industry waited outside anxiously.

Someone secretly told the marshal of Tiance.

“Da da da.....”

In the corridor, there were waves of footsteps.

Marshal Tiance is here!

Aggressively brought many strong people to come.

“Marshal, are you here?”

Seeing him, many people greeted him.

The Common Killer also greeted him.

“You put Levi in?”

Marshal Tiance asked coldly.

“I.....”

“boom!”

The marshal Tiance couldn't help but said, blasting out with a punch, smashing the Common Killer into the air.

“puff!”

The Common Killer fell heavily to the ground, vomiting blood.

“boom!”

Marshal Tiance blasted open the door of the main control room again.

“Levi, what are you doing here?”

Marshal Tiance scolded.

Inside, Levi was still looking for clues, just as he hadn't heard the sound, he ignored the young master Tiance.

“Stop!!!”

“Hurry up and stop for me!!!”

Marshal Tiance stepped forward angrily and stopped Levi.

But it just so happened that Levi also checked.

The arrival of the Marshal Tiance didn't affect him.

Marshal Tiance scolded angrily: “Do you all know what you have done? This is the most important place in Kunlun Industry! There is no one!”

“You are equivalent to opening the brains of Kunlun Industry to others!!!”

“Do you know what Levi is looking at? My Kunlun Industry's most secret thing! Look at it for yourself! These data, the detailed parameters of the location of these bases...and these most advanced technology, genetic technology... Confidential things...”

“Let's see for yourself!”

...

Everyone sees that Levi is really checking these materials.

At this look, everyone was frightened.

There was a thump in my heart.

“Snapped!”

“Snapped!”

“Snapped!”

...

Major Tiance’s subordinates stepped forward and slapped the faces of several senior executives in Kunlun Industry.

“Levi, you are really good! Use these relationships to go to Kunlun Industry to peek at the most confidential things!”

Marshal Tiance sneered.

“I think Levi wants to improve his strength, right? He came to Kunlun Industry deliberately to steal the most secret techniques and techniques, and even steal medicine!”

“Levi really didn’t expect it! Are you in the business of stealing? Want to secretly learn my Kunlun industry’s strongest exercises and techniques?”

“You helped him steal! All are guilty!!!”

...

The marshals of Tiance accused Levi of stealing.

## The Protector Novel Levi Garrison Chapter 2281 – 2282

### Chapter 2281

“Yes! Levi came to steal the exercise potion!”

“Yes! He already understands what this era is like, knowing that he has been eliminated!

The former kings are definitely not reconciled! Want to return to the top again!

The best way is to get the strongest promotion method of this era! Improve your strength to the highest level in a short time! “

“So Levi, you just started to make the idea of Kunlun Industry, just steal it?”

...

Everyone is targeting Levi.

Hammering Levi is here to steal...

When the senior officials of Kunlun Industry heard this, they all felt reasonable.

Just now, Levi's behavior was abnormal, and he stayed alone in Kunlun Industry's most secret main control room for a full hour.

It has to be doubted what he is doing.

After listening to the analysis by Tiance Marshal, they all understood.

Levi is here to steal a way to improve his strength...

At this time, when everyone saw the box of medicine Regina was holding, they instantly understood.

Inside and outside...

But how did they know that the medicine Regina took was used to suppress the special elements in Levi's body.

But at this moment, everyone regarded it as a potion given to Levi to improve his strength...

But Commoner Killing God did not agree.

He knew Levi well.

The Lord who would rather stand dead than live on his knees!

Even if he was down, he would never be able to steal.

What's more, he is so arrogant that it is impossible to practice even if someone else gives him it, let alone steal it.

Hearing this, Levi just sneered: "Is this rubbish in my eyes?"

"Ha ha ha ha....."

Most of the people present laughed.

The marshals of Tiance laughed especially exaggeratedly.

"Junk stuff? Kunlun Industrial's stuff is not the top in the world! But it is easily ranked in the top five! Do you think this is rubbish? It really laughs at me..."

Marshal Tiance sneered.

The others also looked angry.

Levi said that everyone couldn't bear it.

This is an insult to Kunlun Industry, but also an insult to them!

"Speaking of Kunlun Industrial's garbage, don't take a picture of yourself with soaking urine? Don't you know how many catties you are? Levi, you are the most unqualified person to say this!"

“The rubbish in your mouth, haven’t you come to steal it?”

...

“I’m stealing these things? It’s nonsense! I’m looking at others...”

Levi dismissed it.

Marshal Tiance looked at Levi and shook his head helplessly.

Not long ago, the predecessors of Tianji Pavilion also said that the great power of the sky is a bit like Levi...

Pooh!

Where does it look like?

Levi, who is stealing now, is a bit superior?

Goodbye!

What a shame!

“Remember that you are the person who proposed the establishment of Kunlun Industry. With so many people familiar with you, I will give you a face and will not be held accountable! But let’s not take it as an example! If there is a next time, I will never be merciless!”

Young Master Tiance said coldly.

“The marshal is generous! This can let Levi a horse!”

“Levi, you just have fun, right? Don’t you thank the marshal?”

...

Everyone praised.

The Marshal Tiance glanced at the audience again: “If anyone brings irrelevant characters in the future, he will violate the regulations! Severe punishments!”

At this time, when Levi saw Commoner Killing God’s face frustrated, the corners of his mouth were full of blood.

He stepped forward and asked, “Who did it?”

“I... it’s okay... I accidentally hurt myself by practicing...”

Commoner was panicked and naturally did not dare to tell the truth.

But Levi’s gaze fell on the young marshal Tiance: “He did it, right?”

“I hit it! He put you in, broke the rules, I hit it, what’s wrong?”

Marshal Tiance admitted directly.

“boom!!!”

The two looked at each other, and the atmosphere of tension was on the verge of breaking out.

## Chapter 2282

Levi stared at the young marshal Tiance, and said coldly: “What’s the matter? Of course it is to fight back!”

He said this.

The atmosphere in the field became more and more tense.

The people here laughed.

Levi is clearly looking for death!

Dare to call back?

“Come on! I want to see how you call it back?”

Marshal Tiance himself does not believe in this evil.

Just as Levi was about to do it, Common Killer stepped forward to hug him, and Regina also grabbed him.

“Sir (brother) don’t!!!”

They stubbornly prevented Levi from staying.

Because they understood that once Levi started with the marshal of Tiance, he would definitely die.

There is no way to survive!

“Marshal, what happened today counts me as my sole responsibility. You can punish me whatever you want!”

While talking, the Common Killer pulled Levi away abruptly.

“Marshal, don’t be angry! Levi is just stubborn now!”

Others persuaded.

Marshal Tiance sneered: “Heh, Levi has no right to make me angry now!”

“Yes, it’s ants! How could it make you angry!”

...

Coming outside, Commoner Killing God persuaded: “Sir, I know they misunderstood you, but this is not the time to compete! There is no need!”

“Besides, it’s okay for me to be beaten...After all, it is indeed a violation of Kunlun Industry’s regulations!”

“Ok!”

Commoner Killing God said so, and Levi was no longer good at saying anything.

“Brother! These medicines to slow your physical condition were originally going to be delivered to you personally! Take them! Sister Tylera and they are developing more powerful medicines! I will deliver them to you in a few days!”

Regina handed the medicine to Levi.

He also explained why Wesley and Qilin were not there because they were running around for him, looking for a solution.

“Actually you don’t need to work, I’m really fine...”

Levi said helplessly.

“Brother, don’t be angry! It’s about this time, let’s work hard together! Don’t worry, we will surely save you!”

Levi laughed bitterly.

He knew it would be useless to say anything else.

“That’s right! I found that Kunlun Industry has a base in the north! The code is Xuelong! Stop all the movements of the base immediately! And list it as a forbidden place, it’s best to be imprisoned! Otherwise, something will happen!”

Levi instructed.

Commoner Killing God and Regina looked at each other and nodded.

When the two went back, they told the marshal of Tiance about all this.

Marshal Tiance sneered: “You also believe what Levi said? It’s nonsense! Don’t bother! Let me see what can happen?”

Kunlun Industry doesn’t care about this at all.

Xuelong base Levi thought it was okay, but what he didn’t expect was that this base was actually one of the bases where the Gods Laboratory excavated solar energy in Velador.

It was also the only base that was not discovered at the time, and it remains today.

After leaving Kunlun Industry, Levi did gain a lot.

But it is still a bit regrettable.

Although the Bible organization secretly controls one-third of the power!

But super powers, such as Kunlun Industry, are not in control.

Otherwise he can get more...

After returning to Case York.

Sarah looked calm.

Levi asked curiously: “Aren’t you worried about me?”

“Master has been here and said that you are fine and will be back soon.”

Sarah explained.

Levi was surprised: “Do you trust your master so much?”

“Of course! Apart from my family, the one I trust most is Master!”

Plum dyed.

“I still said that, she lied to you! She is using you!”

“Impossible! Master will not lie to me!!!”

Sarah shook his head immediately.

Levi no longer struggled with this issue.

Because he sensed that someone was coming and was approaching here.

Trouble coming...

## The Protector Novel Levi Garrison Chapter 2283 – 2284

### Chapter 2283

Levi didn't say anything.

But Sarah continued to argue with Levi.

“Trust me! Master is absolutely fine!”

“Why don't you believe me? If it weren't for Master, I might have died early!”

Levi looked helpless.

He had no choice but to say: “God of Darkness, is she a woman?”

The language is not surprising and endless.

When Levi said this, she was dumbfounded.

“how do you know?”

Sarah’s face was astonished, astonished.

Looking at Levi incredulously.

Before Levi said all kinds of things, she wouldn’t believe it.

But now that Levi said this, she was shocked.

Because Levi’s really got the point.

The dark god is female!

She has seen her looks!

This is something that no one else in the Bible organization knows about.

It’s a secret among secrets.

How did Levi know?

“Trust me now?”

Levi smiled.

“No...no, how did you know that she was a woman? This is confidential, and logically, no one knows it!”

“Quickly tell me how did you know?”

...

Sarah is still urging.

At this time a group of people appeared in the yard.

These people have different skin colors, but Levi has seen some faces.

Previous opponents.

There are those from the war eagle country and the east island country...

In the past, Levi had been suppressed by Levi, hitting him in a situation where he didn't dare to go out at all.

But in three years, they have received various opportunities and their strength has been greatly improved.

I wanted to find Levi early and tortured and humiliated him.

Today, they came quietly.

“Da da da.....”

Another sound of footsteps sounded, and another group of people came.

There are hundreds of masters.

“Sarah, you must die today!”

A humming sound exploded like a sky thunder.

Come to take revenge! !!

The two waves of people looked at each other and laughed one after another: “A small place has gathered a total of six strong gods and 23 strong quasi gods!”

“Leave Levi to you, and Sarah to us! Hahaha...”

In the eyes of the two groups, Levi and Sarah were already prey.

“I have a news, don't you know! This time the new god list is released! Accompanied by the quasi god list, a total of 10,000 people are on the list! Levi is also there, and he is ranked 8765! “

“Ah? I really don't know! But this ranking is okay! Levi is also ranked in the upper middle! At least he is the top eleven strong!”

“But I heard that this ranking is based on the fact that Levi has strengthened a lot on the basis of three years! So the various structures actually overestimate Levi's strength!”

“I don't know if I, who is more than 3,000 on the quasi god list, can beat him? Hahaha...”

“Can I try more than nine hundred on the god list?”

Seeing two waves of masters coming, Sarah panicked.

She subconsciously moved, but she had just been scrapped, and she had used many extreme methods, but she hadn't recovered yet.

This action actually hurt himself.

“Hahaha.....”

Upon seeing this, everyone laughed.

“Only you are left, Levi! Let us understand what kind of strength the king was three years ago?”

Everyone is eager to try, wanting to use Levi as the cornerstone.

Want to use him to become famous.

For a time, everyone couldn't pick out who to fight with Levi.

Because I want to go!

"Come on! Let's go together!"

Levi hooked his fingers.

He turned and looked at Sarah and said, "Don't you ask me how I know your master is a woman? Because I saw her true face, I killed her!"

Levi is about to show his true power.

"Go! Destroy him first!"

The powerhouses were irritated.

Determined to let Levi know how terrifying the powerhouse of the gods is now.

## Chapter 2284

A person ranked more than 8,000 on the quasi god list dare to be so arrogant?

The ranking is still overestimated!

Basically, he is floating on the quasi god list 10,000...

How to fight them?

It's ridiculous!

"boom!"

"boom!"

...

Six strong people on the gods list and more than 20 quasi gods on the list are earth-shattering.

“Has Levi seen it? This is the strong man on the list of gods!”

...

Everyone sneered.

Levi stood still, as if he was frightened and dumbfounded.

In everyone’s eyes, Levi saw the power of the modern gods, realized his gap, and shut himself down.

Cool! ! !

Levi’s former enemies were really laughing.

Finally let Levi know his gap, and finally saw him dumbfounded...

He is no longer arrogant!

He is autistic!

But how did they know that in Levi’s eyes, they couldn’t even compare to an ant.

Even the first in the gods list!

He can easily kill it!

What’s more, there are more than nine hundred on the God List! ! !

Just as Levi was about to make a move, a rebuke came: “Dare to move my master! Kill without mercy!!!”

Xiao Feng appeared!

One punch!

A shock wave was overwhelming.

Directly knock out all the 30 or so people who did it! ! !

“puff!”

“puff!”

...

Even the more than nine hundred strong men on the god list couldn't bear it, all of them vomiting blood.

The face is incredible!

“It's Xiao Feng!!!”

“The forty-fifth strong man on the God List! One of the top existences in this world!”

...

These people recognized Xiao Feng at a glance.

Every face comes with fear.

That is deep fear and fear from the depths of the soul!

Who is the scariest in this era?

The strong on the god list!

The higher the ranking, the more terrifying!

Xiao Feng is one of them!

“Master Xiao Feng, we were wrong...we have no eyes...”

The crowd knelt on the ground begging for mercy.

Don't dare to speak more.

Xiao Feng looked smug, enjoying the pleasure brought by this kind of strength and status.

In fact, it is not his turn to take action now, as long as this face is shown, the opponent will be frightened and all knelt on the ground begging for mercy.

Where is it necessary for him to act in person?

After possessing such a position, Xiao Feng looked at Levi for the first time.

Some juniors show off their achievements to their elders, and want to be praised...

“Master, am I pretty good now?”

Xiao Feng asked with a smile.

Levi nodded: “Well, yes!”

“Master is different from before! The current god list and quasi god list are too authoritative! At present, there has not been the slightest error in targeting the strong on the list!”

“Basically the rankings are true! No fake! And it's still for the whole world!”

“I don't need to do things now! Just show my status as a god! Everyone immediately surrenders to me!”

Xiao Feng explained.

The meaning is very simple.

As long as he brushes this face, the whole world has to make way for him.

“Yes, yes, yes... Master Xiao Feng is right! It is true! Seeing Master Xiao Feng, we are scared! Where can we dare to do it?”

“Today this matter counts for us! Master Xiao Feng, we must take the treasure to compensate! I just ask you to bypass us!”

...

Xiao Feng enjoyed the flattery brought by this status.

It is simply not too cool to have this effect in front of the master!

After the advent of the new era, he wanted to tell Levi all the time—Master, I am better than blue because of blue.

Now finally has a chance.

How can he not get excited?

“Who is bullying my master? Looking for death!!!”

Another strong man came.

“This is Yuan Hanwen who is one hundred and twenty-seventh of the God List!”

“Zhai Xiaokong, one hundred and eighty-eight of the gods!”

“This is the 287 of God List...”

“This is the six hundred fifty-four of the gods...”

...

Levi's apprentices came one by one.
