

The Protector Novel Levi Garrison Chapter 2285 – 2286

Chapter 2285

The people who came to humiliate Levi and kill Sarah were frightened.

It turns out that Levi's apprentices were so terrible back then?

The per capita ranking is strong! ! !

Almost all apprentices are in the forefront of the god list or quasi god list!

To be honest, according to the current results, Levi has been upbeat.

But Levi is not happy!

what's the function?

It's a quick fix!

The most important thing is that the brothers and apprentices of Levi work hard and earnestly.

Cultivation is never ambiguous, and I do it desperately.

But this will be deceived instead.

Obviously it was the quick success of exercise potions that allowed them to improve in a short period of time, and it was easy for them to mistake them for their hard work.

So they will not have any doubts about it.

Just treat it as hard work by yourself!

“There are still us!!!”

...

Voices came one after another.

Qilin and Wesley appeared one by one.

There are sword evil gods and them!

Today is their agreed day!

Let's check Levi's current physical condition together, and then summarize the methods and so on.

“The thirty-nine unicorn of the gods list!”

“The White Tiger of the Forty-three God List!”

...

The appearance of these people frightened everyone even more.

This time, all those who appeared on the god list were strong, and they were all ranked high.

At least ranked in the top five hundred! ! !

fear!

so horrible!

Originally thought that Levi had been abandoned in this era.

But where I can think of it, this group of people maintained Levi in such a way.

With them, who would dare to move Levi a finger again.

horrible!

too terrifying!

These people all knelt on the ground, shaking, and urinating in terror.

Xiao Feng was scared and urinated.

This time, so many strong people on the list of gods, their souls are all scared.

“roll!!!”

“Whoever dares to run to move my master and kill Wushe! After chasing to the end of the world, Xiao Feng will definitely kill him!”

“There are us!!!”

The strong people of the major gods expressed their opinions, which frightened these people.

One by one was so scared that he didn't dare to come again.

Sarah said with lingering fear: “Fortunately you are here, otherwise we are really in danger.”

“With me, what is the danger?”

Levi said disdainfully.

He is ready to shoot.

As a result, the apprentice brothers all came.

Disrupt again.

“You... don't you know that there were just six strong people on the god list? Can you deal with it?”

Sarah glared at Levi.

“Master can't say that! Master is still very strong!”

Xiao Feng turned his head and looked at Levi and said, “After the new list of gods is released, I see you are on the list too! Master! More than 8,000 on the list of quasi gods!”

Others said one after another: “Yes! This is already a good ranking! It is already above the middle level!”

Qilin several people immediately interrupted: “What are you talking about? For the boss, more than 8,000 on the quasi god list is not bad?”

“You are too small boss! Even if the boss is in this ranking now! But soon he will move forward step by step!”

...

Xiao Feng looked at Levi and said: “Master, I believe you will adapt to this era soon! Your strength will gradually improve! I hope you will cross the quasi-sacred list as soon as possible and enter the list of gods!”

Qilin said humanely: “Yes, that's right! With the boss's qualifications, if you get good resources, your strength will increase very quickly! It's not impossible to surpass us!”

Levi shook his head: “No! I don't need to be on the shit god list! It's useless if you are on it!”

The dark god who was number one in the god list was easily killed by him.

This kind of weak chicken list also matches?

“Don’t say anything, let’s check the physical condition of the boss, right?”

Tylera suggested.

Soon everyone began to check Levi’s physical condition to see if Maya Industry’s weapons had attacked.

“Huh? Something is wrong!”

Chapter 2286

“How to say?”

As soon as Tylera said this, everyone surrounded him.

I’m nervous.

Thought something happened.

Tylera frowned and said in amazement: “Impossible! How could this be?”

“What’s wrong??”

Everyone became more nervous.

“The boss’s body isn’t in any condition at all, okay! It’s okay at all! It’s like Maya Industries’ weapons have failed!”

Tylera said in surprise.

She scanned Levi’s body with an instrument and found that any place was good.

No special elements were found.

This is against common sense.

“Ah? What’s going on? Impossible!”

“Once injured by the weapons of Maya Industry, special elements will inevitably occur in the body and corrode a little bit. No one can hide it! Even the dark god who is the number one in the gods is no exception!”

“No matter how great the boss is, it is impossible to hide it!”

...

This made everyone embarrassed.

They are all analyzing and guessing what is going on.

“Now I think it should be Kunlun Industry’s inhibitory agent that has worked! For the time being, it suppressed the reaction of the special element!”

“For Kunlun Industry’s inhibitory agents, we have been working on it for a long time! There is still a certain guarantee in terms of effect! I am sure of this!”

Tylera said.

At this point in the analysis, everyone showed joyful expressions.

“that is really good!”

“If this drug has an inhibitory effect, it can give us enough time to solve the problem from the root cause!”

“Yeah, that’s great! We can have plenty of time to find the ultimate solution!”

“If you don’t look for it, I don’t know, there are many forces that are studying ways to eradicate! Many have achieved good results! I believe that if there is enough time, a solution will be found!”

“So boss, don’t worry, we will definitely keep you alive!”

...

Levi smiled helplessly: “Actually, you don’t have to worry about me, you waste time for me. I have nothing to do! Isn’t that special element poison if it is plain? This kind of poison can’t hurt me!”

Xiao Feng immediately said: “Master, you are all right now! It is because Kunlun Industry’s inhibitory potions are working! Sooner or later this element will be immune to potions, and the potions will not be able to stop them!”

“Yes, it’s because of taking medicine! So it’s okay! You just listen to us!”

...

Levi was helpless.

How to explain, they won’t listen.

And he didn’t take any medicine at all.

“Boss, I think taking advantage of this time! You can improve your own strength to see, I think the suppression of special elements is also useful!”

Wesley said.

As soon as the words came out, they immediately got the support of others.

“This method is not bad! Kill two birds with one stone! Not only will the boss’s strength be improved, it will also allow the boss to restrain the special elements by himself!”

...

Wesley glanced at everyone and said, "So, now is the time for everyone to play together..."

"Um?"

Everyone was taken aback.

I don't know what Wesley means.

I saw Wesley took out a few books and handed them to Levi: "Boss, this is the exercise and auxiliary method that I practiced! I also brought the medicine and so on! You should be quick to practice! I don't understand. You can also ask me!"

Everyone understands.

It turned out that Wesley took out his own stunts and handed them to Levi to improve his strength.

Seeing all this, everyone was stunned.

Wesley did not reserve anything, and took everything out.

"I can too!"

Alton expressed his stance and took out his own stunts.

"And I....."

Xiao Feng also took everything out.

...

Everyone took them out one by one, without reservation.

If this were to be known to outsiders, it would be shocked to explode.

This is the unspoken secret of a group of strong people in the gods, it is their stunt.

In the end, it was all for Levi.

The Protector Novel Levi Garrison Chapter 2287 – 2288

Chapter 2287

These are the secrets of the stunts of the strong men on the list!

Priceless!

It can even be said to be priceless!

I don't know how many people want it!

It is estimated that if one of these books is spread, it will attract tens of thousands of people to fight for it!

Now Ye Jun has the stunts of dozens of powerhouses in the gods list before he arrives!

The exercises, auxiliary methods, some modern techniques, medicines, and artifacts add up to a thousand pieces.

This group of brothers and apprentices really had no reservations about Levi.

Everything is taken out.

“Boss, you take these things too! You can save your life at critical moments! Or increase your combat effectiveness!”

“Yes, sometimes we can’t be by your side in time! We have to rely on these to save our lives! Otherwise, it will be dangerous!”

They took out some life-saving things.

Now they are really worried about Levi.

I was willing to take out everything.

Try every means to ensure the safety of Levi and make him stronger.

“The boss has so many skills and skills, there is always something suitable for you! We believe that with your qualifications and hard work. You will soon be on the list of gods! We are waiting for you to surpass us!”

Everyone looked at Levi expectantly.

Although the god list is what a weak list!

Levi is already strong enough to override everything.

But he really felt the hearts of his brothers and apprentices...

In any case, they are all on their side.

It’s great to have them! ! !

“But I really can’t use it!”

Levi said helplessly.

He didn’t want to hurt the hearts of these brothers.

But he really doesn’t need it.

Don't watch these things spread out casually, it will cause a sensation in the world.

But here in Levi, it's really no different from garbage.

At this time Sarah's voice sounded: "Don't give it away! He doesn't like it! He won't practice these! What he practiced is what he did three years ago! He also asked me to practice! It is the best exercise! There is no one!"

Hearing this, everyone was taken aback.

Everyone knew what Sarah said.

After all, three years ago, everyone was the beneficiary of this exercise.

At the beginning, Levi gave everything to them and taught them everything without reservation.

They all got a lot of benefits.

Especially Wesley Qilin and the others jumped into powerhouses, keeping up with Levi's footsteps.

But in this era, it is really unnecessary to mention that exercise.

That's obviously for laying the foundation!

Especially after each of them has laid the foundation, then practice this basic exercise, it is useless at all.

The effect is very slow!

Not even effective!

In this era where everyone has the opportunity to become a peerless master, practicing this kind of exercise again is simply waiting to be eliminated.

The classic saying: stagnation is regress!

In this era, progress is a little slower, that is, regress!

“Boss, we have to tell you the fact-that exercise is enough to lay the foundation! But it is indeed eliminated! In this era, it will not work at all!”

“Moreover, this kind of basic method can now find tens of thousands of ways, and it is more scientific and reasonable!”

...

Qilin is humane.

Xiao Feng also looked at Levi eagerly: “Yeah, Master! Things from three years ago have indeed been eliminated! You should look forward! You can no longer guard the things of the past! One of these exercises is just one of them. Thousands of times stronger than yours! Choose one to practice!”

“Yeah! You choose one to practice! We guarantee that your strength will improve! Don’t play virtual! Strength can’t be improved, you come to us!”

...

Everyone persuaded.

“Forget it, I will accept it for him! I will slowly persuade him to practice! It is impossible to convince him for a while! He has a stubborn temper and a good face!”

The plum made a sound and accepted everything.

Chapter 2288

“Well! Sister-in-law, we will also find a way for you to recover! I hope you will recover your strength as soon as possible! You should also persuade the boss to let him use it quickly!”

Everyone breathed a sigh of relief.

As long as the plum dye accepts it.

In their opinion, Levi would definitely use it.

He couldn't save face in front of their brothers and disciples...

“That's right! Sister-in-law, someone will come to avenge personal revenge in the future. If we are away, you can just report our identity!”

“Let's keep some tokens to prove our identity! Now there are too many people who don't know that I have a relationship with the boss! As long as we see the tokens that prove our identity, they probably won't move!”

...

Qilin and the others left a bunch of tokens that could prove their identity.

Now they are the strongest of the gods!

In this era, the list of gods is above everyone.

As long as the gods are mentioned, who is not afraid?

“OK, alright!”

Sarah took all the tokens to prove his identity.

“Well, in this case, we can rest assured! Everyone will continue to find a solution according to the division of labor!”

Wesley everyone left again.

Everyone is going to keep busy, looking for a solution for Levi.

...

After they left, Sarah seriously said to Levi.

“I know you are proud of your temperament, especially now that your apprentice teaches you techniques or something, you definitely can't accept it!”

“But don't let them down! Let's do this! Don't learn their exercises alone! You can integrate everything they have! Take the best and get rid of the dross! Take your own path Come!”

“I believe you have this ability! You can do it!”

...

Sarah's suggestion is very sincere.

Not only did they live up to Qilin's good intentions, and did not embarrass Levi, but also improved his strength.

Three birds with one stone! ! !

If it had been in the past, Levi might actually do this.

Combine various exercises together.

He did this before, evolving many of his own stunts through taboo techniques.

Even in the dark cage, he integrated the taboo technique and other things he had practiced.

But finally found that this road can be super powerful.

Can't become the strongest!

It's the same now.

If Levi went to combine all these skills and skills, he would create something powerful and his strength would rise to a terrifying level.

But it can't be the strongest! ! !

Sarah looked at Levi and smiled: "Try it, you can accept my method! It's nothing shameful! If you create it, it will be your own thing!"

"no need!"

"I don't need these!"

Levi refused directly.

Sarah asked, "Should you continue to practice what you did three years ago?"

Levi nodded: "Yes, that's right. Just practice my own way! Practice miscellaneous is not necessarily a good thing!"

Sarah shook his head helplessly: "Well, I respect your choice! I hope you can achieve results! Although the hope is slim..."

"When the master met, she still wanted me to practice your exercises... But she also respects my choice... Let me choose! I still choose my own method! So I also respect your choice!"

Levi smiled: "Well, good."

"By the way, did you see the true face of Master? It must be because she is in my face! Only she will show her true face! It is also because I didn't embarrass you!"

Thinking about it now, she quickly figured out Levi's knowledge of the true face of the Dark God.

It's because of her.

After Sarah confessed some things, he ran to recover.

Levi just wanted to check, but received a message from the Underworld God and the others.

problem occurs.....

The Protector Novel Levi Garrison Chapter 2289 – 2290

Chapter 2289

Someone challenged the dark god!

After the announcement of the new god list, the Dark God still ranks first!

And because Levi's punch made a huge movement in the Western Continent, the Dark God was aloof.

But after all, some people still can't bear it!

Feel the list is unfair!

Challenge the Dark God directly!

Come to compete for the first position in the gods list!

There are four people who are going to challenge the Dark God this time!

God's list is ninth, God's list is seventh, God's list is fifth, and God's list is fourth...

They went to the Bible organization to challenge.

But today's god of darkness is Levi.

The Underworld Gods were helpless, they could only tell Levi everything and asked him what he meant.

"Okay, very good! Promise them to fight! Then send a notice to the world, and find me to challenge together!"

Ye Jun approached.

"clear!"

Subsequently, the Bible organization issued a message in the name of the Dark God-all those who would challenge him will come in three days!

At present, there are already four top ten powerhouses in the gods' list to challenge...

As soon as the news came out, the world became a sensation!

It is very likely that a new pattern will appear...

If there is any hidden master who defeats the God of Darkness, it will be a new history...

However, in the eyes of 99% of people, the God of Darkness, the number one on the list, is invincible.

After Sarah learned the news, she sneered: "No one knows how terrifying Master is than I do! No one can beat her! No one! No. 1 on the God List is No. 1 on the God List! The evaluation of major institutions will not give a single point. Incorrect!"

Levi shook his head helplessly.

unbeatable?

Why was he beaten to death with a punch?

But what she said was true.

Now I am the God of Darkness.

It is indeed invincible.

Levi didn't take all this seriously, so many people were fine.

Anyway, it's a punch...

"What? You don't believe it?"

Hearing Levi sneer.

Sarah couldn't help but stared at him and asked.

"I...I believe..."

Levi nodded helplessly.

The Dark God is him now, how can he not believe it?

Sarah looked proud: "Master will have no opponents you can't beat! You wait to hear the news!"

Levi: "...".

He still spends his thoughts on practicing basic exercises and finding traces of the gods' laboratories...

But the outside world is already frying.

For the dark god, everyone has never seen a shot.

This is the first time...

Levi didn't even look at the techniques left by Xiao Feng and others...

But if he doesn't watch it, it doesn't mean other people don't watch it.

People from Li and Zhao's family came secretly, and they were already in the room starting to choose their skills.

This is the strongest of the gods!

It's like a peerless baby...

Can meet but not ask for...

There are thousands of pieces in front of me now, all of this is crazy.

"This is mine! I fancy it first!"

"I want this one, you go pick other..."

...

Li and Zhao's family are all crazy, robbing magical artifacts and so on.

All of them are exposed...

"Do you think Levi is mentally disabled? Don't use the top exercises? Practice the broken stuff three years ago?"

"Absolutely! Just sick! These are the best! What does he pretend to be? Think his own things are better than these?"

“Hehe, it’s ridiculous! Pick one out of it, which is hundreds of times stronger than his technique...”

...

At this moment, Sarah came.

She stared at the crowd angrily: “What are you doing? Put it down! This is what they left for King’s Landing! You can’t take it away!”

She stopped everyone.

“Ziran! Levi is not a fool to practice! Let it go for nothing, isn’t it a waste? It’s better to give it to us!”

Chapter 2290

Others also echoed: “Yes! He doesn’t practice! Such good things can’t be left for nothing!”

These rubbish that Levi doesn’t want.

Respected by them as a holy thing!

The top stuff!

After seeing it, all eyes were shining, just like crazy.

This is mainly because these things are considered treasures in this era.

Can it be crazy?

“What’s more, we are all a family! Who practices is not the same?”

“It’s only Levi, a fool who doesn’t know the goods! Don’t want this top-notch thing?”

...

While everyone was mocking Levi, they divided up these good things.

“Zi Ran, don’t you want Levi to practice? How about this! Give these things to us and let us practice! We quickly become strong, and Levi will practice after knowing the effect!”

“Yes, yes, that’s the truth! Besides, good things should be shared together!”

“If we are strong, we can also protect you! Otherwise, we are too weak, and it is always cumbersome and bad!”

...

When everyone said this, Sarah felt reasonable.

A strong family does have many benefits.

Besides, if she wanted to stop, she couldn’t stop it.

After the group of people was divided up, they ran away.

Sarah can’t go back one by one.

And now Sarah’s strength hasn’t recovered, and he won’t be forced to come.

Can only watch.

Sarah told Levi about the things being divided up.

“Hey! It doesn’t matter! I don’t practice anyway! But I failed Xiao Feng and the others! I will compensate them in the future!”

Ye Jun approached.

Levi's compensation is absolutely beyond their imagination.

Compared to the things they gave, it was simply the difference between the sky and the underground.

Sarah nodded: "Well, I won't tell Qilin about this!"

"okay!"

...

Soon three days passed.

Levi left with an excuse.

In fact, he ran to fight as the dark god.

At this time, Xiao Feng and a few people appeared.

On the one hand, they wanted to see Levi's situation, but the most important thing was to see if Levi was practicing what they left behind.

They secretly searched for a circle, but they didn't find the techniques and skills they left behind.

In addition to the excuse that Levi left, everyone thought that Levi went to retreat to practice.

"Hahaha, Master chose our practice after all!"

"This is a good thing! Hahaha..."

Xiao Feng and they all laughed.

"Actually, Master has a good grasp of the situation and everything in this era, as well as his own knowledge! But after all, he still can't help it!"

“But just think about it! Whose master, in turn, wants to follow his disciple to practice, and asks his disciple to give something to the practice?”

“Isn’t it! It’s really hard to pull the bottom! Neither you nor I can do it!”

“But we are fortunate that Master is still cultivating! I heard from Master that Master is very likely to take a path-to integrate various exercises to form his own system and things...”

“Well, I am looking forward to it! I am very optimistic about Master! I will try to see him surpass you and me on the gods list as soon as possible!”

...

This group of apprentices are very happy.

Xiao Feng quickly told Qilin Wesley the news.

Others are also very happy to hear.

After all, they are all for Levi now.

Levi is good, everyone is happy.

Everyone began to sigh: “Soon, I am afraid that there will be one more past name on the list of gods!”

...

They look forward to Levi’s ranking.

However, at this moment, Levi, who is the number one in the god list, came to the Bible organization and accepted the challenge of many people.

In addition to thirteen strong men on the god list, twenty-eight strong men who were not on the god list and quasi god list also came to challenge.

They are the most powerful people who have never appeared in the public eye...

A big battle is on the horizon.
