

The Protector Novel Levi Garrison Chapter 2327 – 2328

Chapter 2327

But after entering this time.

Everyone feels that it is different from the previous challenge.

It used to be a targeted special challenge.

It is offensive and defensive and so on.

You can improve your weaknesses.

But this time after entering the primitive deep forest, everything seems to be random.

No matter what you are here to challenge, the challenges and crises you may encounter are the same.

The weak and the strong may encounter similar situations.

This is the random challenge!

Everyone has the same probability of encountering danger.

This is not controllable by man!

Think about it too.

With such a large virgin forest, how can Maya Industry control every detail?

It may not matter to the strong!

The higher the difficulty they face, the better!

But for a slightly weaker person, that would be cruel.

It is very likely that they will not be able to get out.

This is not Levi's feeling, this is the intuitive feeling of everyone after entering the primeval forest.

This challenge is definitely different from the past!

Levi was observing and thinking.

For the time being, he must not reveal his strength.

What if Maya Industry is the laboratory of the gods?

In that case, Levi was exposed in advance, and it was absolutely impossible.

You have to be cautious.

"Are you sure? Where is Levi?"

"OK! It's 70 kilometers southeast of us!"

"Okay, we don't care! Go straight through and kill Levi!"

"It is said that Levi's fate is hard, but I want to see how he escaped this time?"

...

There are more than seven or eight hundred strong people in this group.

They were all defeated men of Levi before.

Outside the primeval forest, they were discussing how to get rid of Levi.

After entering the forest, the first thing they had to do was to get rid of Levi.

“Quick, quick! Go!!!!”

“At that time, Levi must be protected! Half of us will haunt them, and half will kill Levi!”

These powerhouses rushed in the direction of Levi like crazy.

But Levi had noticed it as early as when they had changed.

He smiled.

There are so many people who are causing trouble.

When this group of people approached, Sarah Wesley and they also noticed it.

But they wanted to deliberately create a dangerous situation for Levi, so they kept one eye open.

Instead of getting in the way, he let the way and stayed away.

As long as Levi is under their control.

Sarah looked into the distance and sighed: “I hope you are strong enough to bring him a desperate situation and wake him up!”

Soon the seven or eight hundred powerhouses passed easily from the road that Sarah allowed them to make way.

Within a few minutes, they surrounded Levi round and round.

“Levi, Levi, finally let us catch you? How can you run away this time?”

When these people saw Levi, it was like seeing a prey.

“Give you a chance, get out! Don’t bother me!”

Levi said coldly.

“Damn! Looking for death!!! Let’s go together! Kill him!”

Levi’s words angered everyone.

Everyone’s crazy shock.

Levi’s eyes flashed and his momentum changed.

“boom!”

He slammed a punch.

The foremost strong man who ranked more than 800 on the god list was blasted into pieces!

Then he showed no mercy at all.

To the enemy of the past, kill the killer!

“boom!”

“boom!”

...

There was a terrible punch after punch.

These people fell one by one.

The screams of killing pigs echoed in the virgin forest.

This group of enemies is going crazy.

Who can think that Levi is so strong?

If you knew it, who would be asking for trouble?

“No, something happened! Let’s hurry over!”

Sarah felt tight and rushed out immediately.

The same is true for others.

Chapter 2328

Because this posture is too big!

The desperation is probably caused by Levi.

But the danger is also instantaneous.

If they rescued a little later, Levi might be in danger.

So now that there is such a big movement, Sarah and others are desperate to go.

For fear of being a little late, it would be completely over.

Levi is really killing him now.

Regardless of.

None of the enemies in front of you will let go!

This group of people were dumbfounded.

There is no chance to beg for mercy.

Ye Jun approached the killer, but he didn’t give it a chance.

Of course, Levi had checked it a long time ago, and there was no one around him to monitor, nor did the instruments exist.

Therefore, he can display his strength unscrupulously.

“Puff!”

As the last person fell, a total of seven or eight hundred enemies died.

None of them are alive.

“Da da da.....”

At this time, there were waves of footsteps.

A group of people appeared in front of Levi.

But it wasn't plum that dyed them.

But Li Dazhong of Orion Group and hundreds of people!

This group of people are dusty, ragged, and their faces are covered with blood.

Apparently, just experienced a terrible battle.

It is estimated that they have encountered challenges in the primeval forest.

If there should be any information, I will inform myself as soon as possible.

“Mr. I...”

Just as Li Dazhong was about to say it, he froze when the words came to his lips.

They came because of plum dyeing.

Wesley and others are also really fast.

In the shortest time, all came.

“Boss (Master) you... are you okay?”

Everyone asked anxiously.

Levi smiled: “It’s okay, they are all dead!”

Everyone looked at the corpses on the ground.

It was the people they had deliberately let through just now.

Looking at the blood on Levi’s body, it was obvious that he had just experienced a battle.

But in the end everyone’s eyes rested on Li Dazhong and others.

They are also ragged and bloodstained.

Obviously after a great battle.

Look at the corpses all over the ground.

Everyone would think that these people were killed by Li Dazhong and the others.

Levi’s luck is too good, right?

How come there are people coming to rescue!

It happened to have a good relationship with the Orion Group, and Li Dazhong, such as the powerhouse of the gods, came to rescue him when he encountered danger.

But they completely misunderstood.

The blood and battle marks on Li Dazhong and them are in another place.

Sarah's face changed a little.

He deliberately created a desperate situation for Levi to wake him up, but he did not expect Li Dazhong to accidentally rescue him and destroy it.

It's really hard!

How did Levi save so many people?

Fortunately, he has already dismissed Aubrey.

Otherwise, Aubrey must be the first to rush out to save the old father.

"Mr. Li Dazhong, can you say a few words to you..."

Sarah said.

"Ok....."

Li Dazhong looked around, and after getting permission from Levi, he followed Sarah to the side.

Sarah told Li Dazhong of the plan.

"puff!"

Li Dazhong almost spat out blood.

"Protect him??"

Li Dazhong asked in shock.

How dare you?

How dare he protect Levi with his broken strength?

Crazy!

I have witnessed the scene where he slaughtered thousands of variants of the living dead alone.

Li Dazhong couldn't even think of Levi's strength.

I can only say that, the first person in all ages!

“Yes! I ask Mr. Li Dazhong that you can no longer protect him from this moment! Help him! Don't do it even if you watch him die! I beg you! If he doesn't pass this level, it's better to be alive than to die. That's it...”

Sarah said sincerely.

“Protect him? How dare I? Miss Li, don't you know his strength?”

Li Dazhong asked rhetorically.

The Protector Novel Levi Garrison Chapter 2329 – 2330

Chapter 2329

“Clear! He is my husband, of course, I know his strength! A little bit stronger than three years ago! But it is only more than 6,000 on the quasi god list!”

Sarah said.

Li Dazhong was just about to say that the corpses all over the ground were actually killed by Levi alone.

But Sarah said directly: "Please!"

"okay!"

Li Dazhong was also anxious to tell Levi about the matter, so he could only agree to Li Zi's dye first.

Sarah went back again.

You can see Levi's relaxed look.

It didn't create a desperate situation for him just now.

Blame this Li Dazhong!

"Okay, let's continue to act alone!"

Sarah said.

"Miss Li, I will leave with a few words to Mr. Ye!"

After Sarah and the others left, Li Dazhong leaned forward.

Said to Levi: "Mr. Ye, we met a mutant living dead..."

"Sure enough! As expected! But this group of mutant living dead should be controlled by Maya Industries, right?"

Levi asked.

"I don't know at the moment. But the strange thing is that these mutant living dead are wearing battle armor and helmets. If we didn't know in advance that they were mutant living dead, we really wouldn't be able to find them!"

Li Dazhong said.

Others echoed: "It is certain that this group of mutant living dead is still strong! Not necessarily weaker than what we have encountered! Do not rule out the possibility of control!"

Levi glanced at them.

From the injury, it can be judged that they all suffered just now.

"It seems that Maya Industry really challenged the mutant living dead! But they put on battle armor again, which is obviously not to let others know!"

Levi touched his chin and pondered.

This group of guys must have no deep meaning.

"Is it possible that the armor they wear can have a controlling effect?"

Levi asked.

"It's possible!"

Li Dazhong nodded.

"Okay, go ahead! If you have any new news next, you don't need to come to me directly if you contact the communicator!"

After Levi's instructions were over, Li Dazhong and other strong men all left.

Levi set foot on the road again.

He asked Li Chengmin, the underworld god and their observations, while looking for traces of mutant living dead.

After a while.

Wesley, who was a hundred miles away from Levi, suddenly changed his face.

Several mutant living dead in battle armor appeared in front of him.

These guys rushed up as soon as they saw Wesley.

“Is this the challenge?”

Wesley rushed up happily.

But a few minutes later.

Wesley was already retreating backwards.

There were scars all over his body.

This group of mutant living dead is too powerful, Wesley can't kill at all.

Besides, there are several.

Wesley had just gone through life and death, almost dying.

The Qilin people who came from the surroundings immediately joined the battle group.

As soon as they played against each other, they felt the power of these “battle armors”.

Although they are strong in the gods list, they have nothing to do with the strong in the armor for a time.

“This... what is this?”

What's more frightening is that more and more variants of the living dead gather.

It was just seven or eight, and there were hundreds of them in a blink of an eye.

It continues to increase.

Although Qilin and the others are all gathered, they are all strong on the list of gods, but they have suffered a lot from these mutant living dead.

All injured.

Not only that.

The strong who entered the range of experience have encountered the “battle armor”.

Same as Levi expected.

This experience is exactly this group of mutant living dead!

For a time, the strong were killed and injured countless.

Even the strong on the god list are injured, let alone the strong on the quasi god list.

Just ran to die as cannon fodder!

Next.

Xiao Feng and the others met.

They also encountered the sword evil god.

Sarah also met a group...

Chapter 2330

Almost the strong who entered the virgin forest encountered mutant living dead.

The challenge for Maya Industry this time is to throw a group of people into the virgin forest and fight against the mutant living dead!

The strong people in the god list disagree, but get excited.

But a simple fight, the strong of the gods are dumbfounded.

These men in battle armor are too strong.

Can't beat...

Many people were injured in front of these things.

Even if it is Xiao Feng, Sarah and other top powerhouses.

If you are besieged, you will also be injured.

Everyone ran into trouble for a while.

This time the challenge came by surprise.

Totally invincible!

If this were to kill a bloody road abruptly, the strength would definitely be greatly improved!

But everyone noticed something abnormal.

The challenge this time seems to be different.

There seems to be a conspiracy...

Where did Maya Industries find so many powerful people?

Even the strong of the gods have nothing to do!

Doesn't it mean that Maya Industry is going to be above the gods' list?

Everyone has no time to think, and hastened a desperate struggle with these “battle armors”.

Soon, the powerhouses of the god list discovered that these powerhouses in battle armor just couldn't kill...

No matter what kind of attack, they are useless!

But the good news is that this group of mutant living dead have limited attack methods.

For the strong of the gods, if it is not for a large number of siege, it is difficult to get them injured.

But it is also very difficult for them to kill!

What Levi worried about happened...

Everyone around is in danger.

Fortunately, if everyone is close to him, he can save him.

Levi felt it for a while.

Wesley's injuries were not small, but now they have all arrived at Qilin.

Several people fought together, and their lives were not in danger for the time being.

Although other people have also encountered mutant living dead, they are not life-threatening for the time being.

Sarah, the sword evil god and the others are fighting to the death.

Levi did not choose to intervene for the time being.

This kind of actual combat is the fastest for them to improve...

If they can overcome this level of difficulty on their own, they will definitely improve rapidly.

However, Levi didn't know how many of them had been killed because of this difficulty that others seemed to be unable to overcome.

Faced with this hard-won challenge, Sarah and the others are doing all they can to fight.

In order to improve in the limit.

"not good!"

But suddenly they thought of a question-Levi!

Everyone is in danger now.

What about Levi?

He will definitely encounter such an undead super power!

This is far more terrifying than the desperation they had predicted in advance.

It is a desperate situation beyond their control!

Once Levi really encountered this kind of undead monster, then it was death.

"Quick! Everyone, save King's Landing!"

Sarah immediately wanted to get rid of these mutant living dead and rescue Levi.

Other people also reacted.

They ran to rescue Levi...

But these mutant living dead seem to deliberately block their direction.

This adds a lot of difficulty to them.

Everyone went crazy to rescue Levi.

Levi was strolling, but several variants of living dead in battle armor did appear in front of him.

A familiar breath came.

Levi smiled.

“It’s not the first time I have killed anyone like you, I have killed tens of thousands!”

This group of mutant living dead rushed over crazy when they saw Levi.

Levi was about to move.

The voices of the evil gods and theirs came from the communicator.

“Master, don’t move! This group of variants of the living dead have a communication device! They can scan everything back to the system! There is even an analysis system! Perform combat evaluation and analysis on you!”

Levi smiled: “Then what should I do? Stand still?”

“Well, we are thinking of a way! Wait a minute!”

The evil gods said in a hurry.

“It’s okay, take your time!”

The Protector Novel Levi Garrison Chapter 2331 – 2332

Chapter 2331

Levi smiled: "I'm fine after a few strokes!"

Today's Levi has a terrifying combat power, destroying the world with one punch.

However, to withstand the power of this attack, his body was also indestructible.

While practicing the ultimate speed and ultimate strength, he creates the strongest physique invisibly.

At least Levi believed that at present, there should be nothing that could hurt him.

Even the previous divine weapon, Heavenly Sword and Earthly Sword, could not penetrate his body.

Not to mention other things.

Let these guys hit a few punches, what's wrong?

The mutant living dead came and attacked Levi one after another.

Levi resisted appropriately a few times.

Then suffered a crit from the mutant living dead.

The terrible attacks all fell on Levi's body, trying to tear him apart.

"I said you are not okay? I can't hold it anymore!"

Levi urged.

For Levi, the attack of the mutant living dead didn't cause any substantial harm.

Can't even talk about tickles!

But he couldn't hold it back.

I wanted to tear up this group of monsters a long time ago.

It was exactly what Levi expected.

Maya Industry cannot monitor every corner of the virgin forest.

They can only make a fuss about the mutant living dead and the strong who participate in the challenge.

Now, as long as he kills the mutant monster, Maya Industry must know right away.

“Wait! We are trying!”

Underworld God said to them.

It is still difficult to interfere with the devices on these variants of the living dead.

After all, Levi's true strength cannot be exposed!

“Boom boom...”

The mutant living dead people gathered more and more, and they couldn't attack for a long time. Seeing that Levi was fine, all of them were angry.

Attacks become more frequent and brutal!

Levi was really angry.

Give a face?

Anxious, Lao Tzu tore all of you to pieces in this virgin forest, torn as many as you come!

“are you done!”

Levi's tone was already extremely angry.

The Underworld God and the others haven't returned the news yet, and there is sparse movement around.

They are here with plum dyeing.

Wesley and others, Sword Evil God and others, Xiao Feng and others also rushed from all directions for the first time.

They just arrived, and the first glance was that mutant monsters were besieging Levi. Dozens of monsters gathered together to rip and eat Levi.

“boom!”

Everyone's brains buzzed, and Levi was in extreme danger as expected.

If everyone comes back later.

I'm afraid that even Levi's complete body will not be seen.

Just fought against this group of mutant monsters, they all know how powerful they are.

So many besieged Levi together.

Where can he survive?

Anxious!

Everyone is in a hurry!

“Junlin!!!”

“Master!!!”

“Boss!!!”

...

Sarah immediately rushed forward.

“boom!”

“boom!”

“boom!”

...

Everyone showed their best efforts, abruptly blasting all the living dead who besieged Levi's variants.

Rescue Levi!

Levi was about to cry.

The idiots of the evil gods are too inefficient.

Hurry up, Sarah and the others ran to save themselves.

Let them mistakenly think that they are being bullied by the mutant living dead, let them mistakenly think that they saved themselves.

Seeing Levi's ragged clothes, Sarah cried.

Fortunately, they responded promptly and rescued quickly!

Otherwise, Levi will definitely die!

They were negligent.

Did not give Levi enough protection!

“Evacuate! Take the boss to evacuate here first!”

Wesley ordered.

Fortunately, the primeval forest area is large enough.

Soon everyone fled to safety.

Everyone cheer for each other.

“We saved Master (the boss) again!”

Everyone seemed very excited.

Levi shook his head speechlessly.

Chapter 2332

This is even more inexplicable.

After all, let them see with their own eyes that they were almost torn apart by the mutant living dead.

He must have been bullied because he thought he was inadequate.

They are all to blame for the evil gods!

If it was resolved earlier, I would shoot all these things to death. How could there be such a thing?

Levi looked upset.

If the evil gods were in front of him, Levi would have to kick them.

Levi's annoyed look fell in the eyes of everyone, changing his meaning.

It made everyone think that this was the reality that Levi deeply realized that his current strength was very weak and inadequate. He had no choice but to resign himself to danger and desperation.

After all, the former king slaughtered the Quartet, he has always been the savior!

But now that he is in danger, there is no way to solve it, and all his best efforts are not effective.

In the end, it was rescued by someone!

People can only wake up in this kind of adversity!

Only then can you abandon the past and cultivate the present.

Although Ye Jun was in danger just now.

But Sarah achieved their goals.

Let Levi truly feel the life and death, he will wake up!

Cruel facts are always more convincing than preaching!

"We are all responsible for this matter! We didn't do a good job of guaranteeing it! Almost put you in danger..."

Sarah blamed himself.

But with a smile on her face, she changed her conversation: "Do you now understand the difference between the past and the present, Junlin?"

Levi nodded: "There is indeed a gap! Give me a few like this before, it will destroy the world!"

Levi meant that there was no such experiment before.

There must be a few before, enough to kill everything.

But in everyone's ears, it meant that Levi had already admitted the gap between the past and the present.

He began to slowly accept and this era.

Aware of my shortcomings, I have to give up everything before.

Sarah smiled: "So, after you go back, you will have to practice modern techniques! Realizing the gap, you must work hard!"

Xiao Feng smiled and said, "Yes! Master! Look at the undead monsters just now, you can't solve it at all! We are okay, we can barely handle it! It's not nice to say that Master was saved by an apprentice! You improve as soon as possible! !"

They are expounding a fact!

When encountering a strong man of this level, Levi was completely unsuccessful, and could only be beaten and abused.

But they can solve the problem and highlight the heavy siege.

This is the obvious gap!

If Levi wants face, he will practice hard when he goes back to improve his strength as much as possible.

Instead of being saved by apprentice brothers like this!

Anyone can't hold back their face!

This is still a great realization, it is impossible.

What disciple's practice, what brother's practice...

These are not ashamed.

It is the most embarrassing to be solved by the apprentices again and again!

Seeing Levi, Sarah smiled with satisfaction.

I feel that the plan has been completed.

Levi had already awakened.

"Since our goal has been achieved! Then, King's Landing will not be able to act alone!"

Sarah said.

"Ah? Sister-in-law, what should we do? We can't everyone around the boss alone, right?"

Qilin asked.

This time everyone has two goals in the primeval forest.

One has been reached.

Next, everyone wants to experience it.

It is impossible to go around Levi alone...

After all, this opportunity is too rare!

Sarah smiled: "I thought about it before I came here!"

“How to say?”

“Let’s take turns! All of us are in groups, in groups of three! Each group will be with King’s Landing for about half a day! One group will take turns! Except for one group to protect King’s Landing, everyone else is free to exercise and experience! Wait until your group Converge in time!”

Others said one after another: “Understood!”

“No, I want to act alone!”
