

Chapter 591 I'm Afraid It's Not up to You

Yin Hong was both enraged and bitter at the same time. Her entire family were citizens who behaved themselves and abided by the law. They had never done anything illegal nor harmed anyone. What was happening to them right then was utterly unacceptable.

Yet, not only did Lu Fan not sympathize with them, he even let out a hearty laugh and said, "Hahaha, Yin Hong, I'm warning you not to talk nonsense. When did I ever make your lives hard? It's your father's business after all, and he's the one who took the initiative to get a loan from me. What's more, he even signed the IOU voluntarily. Later on, his business suffered losses and he started having difficulty with his cash flow. That was why he gave me the properties and factory as collateral for the loan. Right from the beginning, he did everything of his own accord. But now, you are saying that I'm the one who's making your lives hard?"

Staring at Yin Hong unflinchingly, Lu Fan approached her step by step with a menacing look.

In response to his aggression, Yin Hong started retreating backward as she started panicking. Soon, she was backed up against the wall and could no longer move. Clenching her fists tightly, she glared at Lu Fan stubbornly and yelled, "Lu Fan, don't you do anything rash! There are CCTV cameras installed all over my house!"

Flirtatiously, Lu Fan lifted Yin Hong's chin with his finger and said, "Yin Hong, the entire Feng City is

Chapter 591 I'm Afraid It's Not up to You

under my control. What can you do even if I did anything improper to you? To be honest, I purposely set this trap up for your father, and he has fallen in it simply because he is too dumb. Right now, the fate of your family's assets is in my hands. If all of you don't do as I say, I will make all of you homeless!"

Gritting her teeth, Yin Hong was shaking with fury. She glared at Lin Fan unflinchingly and cursed at him, failing to contain her emotions. "Lu Fan, you have no shame!"

Lu Fan reacted as though he had just heard a joke, thereafter he burst out laughing. "That's right, I am shameless. But, what can you do about that? Yin Hong, let me put it this way. This is the consequence of you rejecting me back then! Right now, the fate of your family is in my hands, and whether all of you will live or die is completely up to me. *Although*, Yin Hong, there is one way to rescue your family—sleep with me for a month. If you serve me well, I may—"

A loud smack rang out.

Even with her mild temper, Yin Hong could no longer tolerate Lu Fan's disgusting behavior. She landed a slap on his face, thereupon he staggered back several steps because of the impact. Blood then started trickling from the corner of his mouth.

"Lu Fan, you scumbag! I will not allow you to get what you want!" Yin Hong reproached angrily.

Chapter 591 I'm Afraid It's Not up to You

Although she relished giving him that slap a great deal, it had indeed made things worse.

Lu Fan's face darkened right away and he looked incensed. In the next moment, several burly guys who had been standing behind him gathered around her at once, looking menacing and savage.

"I think you're trying to get yourself killed!" Lu Fan snarled through gritted teeth as he lunged at Yin Hong, preparing to teach her a lesson.

At that moment, however, a teenage boy dashed over and shoved Lu Fan away. He bellowed, "B*stard, don't bully my sister!"

He was Yin Hong's brother, Yin Jun.

"Damn it, you're looking to die too!" Lu Fan's anger hit the roof. Since he nearly fell to the ground from the impact of Yin Jun's push, he was extremely embarrassed. He then charged toward Yin Jun right away and landed a heavy slap on his face before giving him a vicious kick.

Being just a junior high school student, Yin Jun's body had yet to fully develop. Unable to withstand the impact of Lu Fan's kick, he fell down and was hurled several meters away. He burst into tears of pain as he crashed into the wall behind him.

The entire Yin Family was thrown into chaos as they immediately darted over to protect Yin Jun.

"Oh my God, what an inhumane guy he is! He even hit such a small kid!"

Chapter 591 I'm Afraid It's Not up to You

“My poor Jun...”

When Yin Hong saw that, she was so angry that she felt that she was going to explode any minute, and her entire body was shaking. Lu Fan was too loathsome a person, and she had never come across such a terrible person like him before!

On the other hand, Lu Fan did not feel the least bit guilty at what he did. On the contrary, a bizarre and pleasant sensation surged through him when he hit that kid, thereupon the grin on his face grew even more wicked.

“This is what happens when people defy me!” Lu Fan shouted at the top of his lungs. From where he was standing, he felt like he was the only king of the entire world and he had the whole Yin Family wrapped around his fingers.

As for Yin Hong, she was his prey.

Prior to that, his mood had been exceptionally foul. Ever since he was humiliated at the Tao Family's place, he had been on a bad luck streak for a long period of time. Only recently did he slowly start to cheer up.

He still remembered vividly how he had been taught a lesson by that guy with the surname Lin in front of the Tao Family. It was the first time he had been bullied so severely by someone in his entire life. Moreover, all he could do was watch while the woman he fancied, Tao Sanniang, threw herself into another man's arms. To him, that was the ultimate humiliation!

Chapter 591 I'm Afraid It's Not up to You

Countless times he had thought of seeking revenge but he dared not harbor such an intention. After all, after that incident, his mayor uncle told him that the Lin guy was a devil and a huge bigshot. Even Jiang Liqun, a very reputable figure in Feng City, was only one of his lackeys. As someone who was only flaunting around just because of his uncle's influence, he did not have the guts to offend him.

But though he could not afford to offend the Lin guy, he was still a very powerful figure in Feng City, and especially so in front of ordinary citizens. As such, he lorded over them like a king, rattling them with the stomp of his feet.

He savored the feeling of having control over the life and death of those nobodies as it gave him a sense of accomplishment.

“All of you, shut up!”

As Lu Fan's mood was substantially affected by the wailings and cryings of the Yin Family, he suddenly let out a roar with a domineering aura.

All at once, the entire Yin Family was silenced and all of them kept their mouth shut, looking flustered and frightened.

Lu Fan nodded his head in satisfaction in response to their meekness.

Though Yin Hong was very afraid of Lin Fan as well, she gritted her teeth and challenged, “Lu Fan, what on earth do you want?”

Chapter 591 I'm Afraid It's Not up to You

"It's simple. Just like what I said earlier—sleep with me for a month. If you serve me well, I will return all the properties that belong to your family," Lu Fan said gleefully, behaving like a winner. Right then, he was a tyrant who held the fate of the Yin Family in his hands.

Yin Hong paused to ponder over it. She turned to look at her family only to see that each and everyone of them looked sad and terrified; a few of the younger ones had even burst into tears and were trembling in fear.

At that sight, she felt extremely awful deep down inside and was overwhelmed by a sense of helplessness and despair she had never before experienced; she knew what would be awaiting her if she acceded to Lu Fan's condition.

She knew Lu Fan's personality well. Once he got hold of her, she would end up very miserable. On top of that, it was possible that her whole life would be ruined just like that.

But did she even have a choice? No, she did not.

Her entire family was standing right behind her. If she did not sacrifice herself, her family would be doomed, and so she could not afford to be so selfish.

After hesitating for several seconds, she lifted her head to glare at Lu Fan. Painfully, she agreed, "Fine. I will do it!"

Lu Fan was ecstatic and the way he stared at Yin

Chapter 591 I'm Afraid It's Not up to You

Hong became more passionate and possessive; he could not wait to wrap his arms around her waist.

Once again, Yin Hong twisted her body and avoided him. Quickly, she added, "However, I have one condition! I will only sleep with you after you return the deeds of our property!"

With a frown, Lu Fan snapped, "Are you trying to haggle with me?"

Yin Hong was not about to cave in. "This is my bottom line!"

After staring at her for a good while, Lu Fan suddenly broke into a grin and said, "Well, since I am such an easy going person, I will allow it for your sake. But, I have a request too. I want to have a taste of you in your room right now, hehehe..."

His request was too outrageous, and Yin Hong's expression took a drastic change the moment she heard him. "No way!"

With a crafty smile, Lu Fan snapped back, "I'm afraid it's not up to you."

As he was talking, he grabbed Yin Hong's hand and tried to haul her to a room. He wanted to do it with her in front of her whole family. What a freak!

Zhong Yiran, who stood at a corner, was about to run over and rescue Yin Hong, but she was stopped by a glare from Lu Fan.

Chapter 591 I'm Afraid It's Not up to You

Letting out a jovial laugh, he sneered, "Yin Hong, you're mine. Even the gods will not be able to save you today!"

However, just as he finished speaking, another voice came from the door. "Is that so? I can't wait to see if you have the guts to mistreat Miss Yin in front of me."

The voice rang out of the blue and it drew the attention of everyone in the living room.

Immediately, they saw that a man had appeared at the door out of nowhere. Dressed very casually, the man stared at Lu Fan idly.

Chapter 592 You're Too Weak

Who could it be other than Lin Wenjing?

At the carpark, Lin Wenjing had spread his awareness widely. Although he was not there, he could vividly sense everything that was happening, including their emotions. Therefore, he rushed over as soon as he sensed that things were going wrong.

At once, everyone in the room looked at Lin Wenjing with mixed expressions.

Yin Hong was stunned for a while before she was overwhelmed with anxiety and rage. She had repeatedly warned Lin Wenjing to stay in the car and not come out without her permission. Therefore, she was infuriated that not only did he not listen to her orders, he even tried to put on a show.

She was already in a bad situation. With Lin Wenjing joined in, the situation would get even worse if he offended Lu Fan.

Even Zhong Yiran was grinding her teeth as she got even more annoyed at the sight of Lin Wenjing. If it wasn't for Lu Fan being in the same room, she would've already gone over to kick Lin Wenjing brutally.

On the other hand, the Yin Family was staring at Lin Wenjing with shock and doubt, unable to figure out who he was.

Meanwhile, Lu Fan frowned as he stared at Lin Wenjing; he felt that he looked rather familiar as if

Chapter 592 You're Too Weak

he had met him somewhere before this, yet he couldn't place him.

Quickly, he noticed the shabby clothes Lin Wenjing wore, and there were even blood stains on it. With his tanned face, along with his tall and sturdy build, he looked like a laborer. Therefore, Lu Fan immediately classified him as someone from the lower class of society—an insignificant nonentity who was not worth mentioning.

Although Lu Fan didn't recognize him, Lin Wenjing recognized him at first sight and realized that he was the person he met not long ago when he went back to Feng City with Tao Sanniang. Back then, he had taught Lu Fan a bitter lesson. However, he didn't expect that such a coincidence would happen and he would meet him again. Indeed, fate did throw enemies together.

Lin Wenjing was fascinated at meeting him again. Involuntarily, his lips curved upward in a profound smile.

Instantly, a burly man with a height of 1.9 meters came forward and pointed at Lin Wenjing while yelling, "Who do you think you are? How dare you try to show off here? Do you know who General Manager Lu is? F*ck off!"

With a tall and sturdy build, that man was half a foot taller than Lin Wenjing. He was staring at Lin Wenjing with an intimidating gaze, looking very much like a ruffian. Any commoner would be terrified should they meet him, and they would never dare to mess with them.

Chapter 592 You're Too Weak

Lu Fan waved his hand dismissively as if he was just chasing a fly away. "Throw this guy out."

That burly man nodded reverently at Lu Fan immediately. Then, he turned back and threw Lin Wenjing a ferocious and ruthless smile, seeming like he was itching to go at him. "Brat, you're doomed."

With that, he grabbed Lin Wenjing's left hand, trying to trap him in a wrestling hold before tossing him out.

His face was beaming with a confident smile. After all, with Lin Wenjing's physique, wasn't it as easy as falling off the log to drive him out? But soon, his expression stiffened because he realized that no matter how much force he exerted, Lin Wenjing remained still. In fact, the latter was looking at him amusingly as if he was looking at an ant.

"Impossible," the sturdy man said, perplexed. He tried to exert more force, but still failed to move Lin Wenjing even an inch.

As such, a few sturdy men beside him mocked, "Yo, Steel Ox. Are you sure you can do it?"

"Steel Ox, were you drained by the women last night? You can't even deal with a commoner. How useless!"

"Hahaha! Steel Ox, with your lousy ability, aren't you ashamed to claim that you're good at fighting?"

Chapter 592 You're Too Weak

His friends' insults added fuel to his rage, causing him to shout angrily, "F*ck! All of you shut up! I was just playing around, but I'm serious now. Brat, you've completely angered me, so don't blame me for being merciless. Get up now!"

He used both his hands to break Lin Wenjing's left hand with all his might. Even though he had mustered all of his strength, Lin Wenjing still remained perfectly motionless. He even yawned and mocked in a listless tone, "You're too weak."

Steel Ox's face was already flushed red, yet he still couldn't make Lin Wenjing budge an inch. That scene was so bizarre that everyone in the room thought that he was just acting. Otherwise, how could he fail to move Lin Wenjing with his tall and sturdy physique? Wouldn't that be a joke?

Lin Wenjing seemed to have lost his patience. With just a casual push, the sturdy man screamed shrilly and staggered backward. If Lu Fan hadn't reacted swiftly, he would've been hit by him. In a hasty dodge, Lu Fan lost his composure, making him so annoyed that he roared, "Steel Ox, how dare you play pretend in front of me?!"

Steel Ox anxiously explained, "Mr. Lu, I did no such thing! No matter how daring I am, I would never dare to defy you. But this guy is rather strange! He's like a block of steel. No matter how hard I tried, I couldn't move him! That guy must be a laborer who transports bricks; he's unbelievably strong!"

Lu Fan felt that his pride was hurt. After all, he had

Chapter 592 You're Too Weak

casually commanded Lin Wenjing to be thrown out just now, yet his underlings had failed him in the end.

Upon witnessing that scene, Yin Hong and Zhong Yiran were stunned at how unbelievable it was. Hadn't Lin Wenjing just been discharged from the hospital? He was still a patient, so how could he have such a great strength?

After glaring fiercely at Steel Ox, Lu Fan impatiently ordered his remaining underlings, "All of you, throw this laborer out. I don't want to see him again!"

"Yes, Mr. Lu!"

The remaining men started to get impatient and they cracked their knuckles while glowering at Lin Wenjing in hostility. Then, they surrounded Lin Wenjing and displayed malignant smiles before launching their attacks, preparing to throw him out violently.

When Yin Hong saw that scene, her eyes widened in terror. Clenching her teeth, she shouted just before Lu Fan's underlings attacked, "Wait!"

The men instinctively stopped their actions and looked at Lu Fan.

Meanwhile, Lu Fan stared at Yin Hong with a smirk. "What's the matter? Do you have anything else to say?"

Yin Hong clenched her fists and grinded her teeth

Chapter 592 You're Too Weak

as she replied, "He's innocent. If you let him go, I'll agree to your request!"

The moment she said that, she closed her eyes. The humiliation and despair she felt was unprecedented, and she felt that her life was ruined. Her pride, dignity and happiness had completely left her.

Lu Fan burst into laughter at that. "Hahaha! Yin Hong, everyone says that you're pure and noble, and that you always preserve your dignity. I never knew that your preference would be so odd as to having feelings for this kind of laborer from the lower class of society. *Pfft!*"

Yin Hong opened her eyes and refuted, "He's not my lover. He's just a stranger I rescued for no reason, and he has nothing to do with the Yin Family. I will bear the responsibility of my actions. After all, the schemes that you plotted, isn't it just my body that you're after? You can do whatever you want with me as you please now. You've won!"

As soon as she finished her sentence, tears of humiliation dribbled down from the corner of her eyes.

Chapter 593 I-I-It's You?

She didn't have that kind of affection toward Lin Wenjing, but she didn't have a good impression of him either. Even then, she didn't want to get him into trouble.

That was her personality, and many others might think her foolish.

Lin Wenjing stared deeply at her. To be honest, he admired Yin Hong's personality, and he saw a shadow of Chu Ling in her.

Walking toward Yin Hong, Lu Fan raised her chin and said in a bantering manner, "Yin Hong, do you think I'm an idiot? Do you expect me to believe your lie which is full of flaws? A stranger? *Pfft!*"

Right after that, his expression changed instantly and he commanded his hatchet men, "I've changed my mind. Since this laborer is our great beauty Yin Hong's lover, I'll have to take special care of him. Pin him to the ground and break both his legs!"

Flustered, Yin Hong chided angrily, "Are you crazy, Lu Fan? I said that he's not my lover. He's just a stranger who I rescued two days ago at Seven Ridge. I only sent him to the hospital because I accidentally hit him with my car. If you don't believe me, you can visit the hospital and ask for yourself!"

However, Lu Fan wasn't convinced at all, thereupon his smile became even more icy and wicked. "I've changed my mind. Break both his arms and legs, then drag him into the room. I want

Chapter 593 I-I-It's You?

him to watch with his own eyes while I savor Yin Hong's body!"

The hatchet men immediately attacked Lin Wenjing.

Right at that moment, Lin Wenjing sighed and lamented, "Lu Fan, I thought that you had learned your lesson from the previous incident. But it seems like you turned a deaf ear to my words. Not only did you not turn over a new leaf, you even got worse. Do you know that you've utterly disappointed me?"

For some reason, Lu Fan suddenly felt fear creeping down his spine, causing him to shudder all over when he met Lin Wenjing's gaze. In his mind, several memories flashed past.

At the same time, the few hatchet men had approached Lin Wenjing and were about to attack him.

However, they had no idea who they were dealing with. Before they could touch Lin Wenjing, they flew backward without even seeing him coming.

Thump, thump, thump, thump, thump!

The sound of fists hitting flesh rang out five times before the five of them flew backward almost simultaneously.

On the other hand, Lin Wenjing stood in place, while looking impervious as if what he did was extremely insignificant as killing five flies.

Chapter 593 I-I-It's You?

The five hatchet men were sturdy and muscular. Seeing them getting knocked out so easily in such a simple yet rough manner, everyone in the room widened their eyes as they gaped at the scene.

That included Lu Fan. He too was shocked as he had never thought that his hatchet men would be defeated so easily by Lin Wenjing. It was simply impossible!

Meanwhile, Yin Hong was stupefied; she didn't expect that to happen. After all, Lin Wenjing was a patient who had been at the hospital just yesterday. How could he get so strong after just a day?

Zhong Yiran was even more surprised. Initially, she hated and was even repulsed by Lin Wenjing because she thought that he was a useless trash. However, he had shocked her by exhibiting his strong and domineering side.

Witnessing all their reactions, Lin Wenjing broke into a faint smile and said to Yin Hong, "Miss Yin, I was not lying when I said that I could solve your problems."

Yin Hong gulped. Her mind was in a muddle and she did not know how to react. "You..."

Walking toward Yin Hong, Lin Wenjing said with a smile, "Miss Yin, let me take care of everything; I will offer you a satisfying result."

Following that, he turned around to look at Lu Fan icily. "Lu Fan, I'll offer you a chance. Kneel and

Chapter 593 I-I-It's You?

apologize to Yin Hong, and I will spare your life if you show enough remorse.”

After Lu Fan came back to his senses, he looked extremely sullen. “Who do you think you are? How dare you meddle in my business and act pretentious in front of me? Don't you know who I am?”

Lu Fan didn't show any scruple toward Lin Wenjing even after he showed his strong fighting abilities. Instead, he was even more enraged and became more arrogant. In his mind, no matter how strong Lin Wenjing was, he was nothing but a fighter who could never beat him. On the contrary, he was the mayor's nephew so he had power and influence. With just a call, he could summon dozens of men over!

It was only then did Yin Hong regain her senses. Upon noticing Lu Fan's boiling rage, she started to panic and hastily pulled on Lin Wenjing. “Didn't I tell you to stay in the car? Why did you come out? Don't you know who Lu Fan is? He's the mayor's relative. Aren't you just inviting trouble if you offend him?”

However, Lin Wenjing kept his composure. “Don't worry. Even the mayor has to behave in front of me.”

Though he wasn't boasting, his words were taken as the remarks of a crazy person when everyone heard it.

Indeed, Lin Wenjing looked extremely unkept like a

Chapter 593 I-I-It's You?

person from the lower class of society. Therefore, him saying that the mayor had to behave himself in front of him was not him being pretentious at all. He was being an idiot! An absolute psycho!

Yin Hong had the same thought too, and she felt that Lin Wenjing's actions would only worsen the situation.

As expected, Lu Fan burst into laughter out of extreme anger. "Great! You're impressive, aren't you? Even the mayor has to behave himself in front of you! It seems like you're an extremely prominent figure. It has been a long time since I met such a daring soul. I'm looking forward to seeing how mighty you are today!"

With that, he took out his phone and started to call his men.

Everyone could see that he was truly enraged. Therefore, the whole Yin Family quivered as their fear deepened.

However, Lin Wenjing just smiled in disdain. When he saw how afraid and concerned Yin Hong was, he lost his patience with Lu Fan. Walking straight to him, he snatched away his phone. Then, he easily crushed his newest model of the iPhone and turned it into a piece of scrap iron with one hand.

Then, he grasped Lu Fan's neck and lifted him off the ground with only one hand before shoving him against the wall. Glaring coldly at Lu Fan, he said, "It seems like you've forgotten me. If that's the

Chapter 593 I-I-It's You?

case, let me do something to jog your memory.”

Lin Wenjing’s lips then curved into a ruthless sneer.

As a matter of fact, Lu Fan was also trained in martial arts and he had achieved the Professional Realm so most people would not be a match for him. However, he was equivalent to a weak nonentity in front of a ridiculously strong person like Lin Wenjing.

He could feel Lin Wenjing’s murderous aura while he was being choked by him. Starting to feel scared, he hurriedly shouted, “W-Who are you exactly?!”

Lin Wenjing lifted him up and smashed him on the floor, giving him a concussion. “I taught you a lesson last time at the Tao Family’s house because you were bold enough to mess with my woman. Even your uncle—the mayor—personally called me to apologize. Have you forgotten after just a few months?”

Gasp! Upon hearing that, Lu Fan finally figured it out and was completely enlightened. At once, his eyes widened and his face went pale as he recalled Lin Wenjing’s identity. “I-I-I-It’s you? The Chairman of Purple Jade Studios in Hua City? L-L-Lin Wenjing?!”

Chapter 594 I'm Willing to Be Your Slave, Chairman Lin

Memories of what happened at the Tao Family's house resurfaced in Lu Fan's mind. That was the first time in his life he had received such a harsh lesson, and he felt the same helplessness he had felt back then. That person's ability and identity were practically of a different world. Even his uncle, the mayor, whom he thought was invincible, had to be a yes-man in front of him.

After that incident, he had reigned himself in and was depressed for a long time, but he had been feeling better these few days. However, he never expected to bump into his nightmare, the Chairman of Purple Jade Studios—Lin Wenjing!

He would never forget that after that day, the mayor had personally come to his house and gave him a big slap. He was also warned to hide from Lin Wenjing if he ever met him in the future, and he should never ever offend him regardless of anything. He must also give way to Lin Wenjing's underlings because his identity was too prominent, and he wasn't someone he could mess with.

Since then, half a year had passed and he had even fled to the border of Feng City which was more than ten kilometers away from the Tao Family. Unexpectedly, he ran into Lin Wenjing again, and there was no doubt that he had completely offended him again!

At once, he felt like his world had collapsed. Looking at Lin Wenjing's cold eyes, he was overwhelmed with fear. He couldn't help but quiver as if he was trapped in an ice cave, thereupon his

face instantly turned pale.

Seeing his reaction, Lin Wenjing knew that he had recognized him, thus he said in a mocking tone, "It seems like you've finally remembered me."

Feeling weak in the knees, Lu Fan abruptly kneeled in front of Lin Wenjing and implored, "Chairman Lin, I had no idea that Yin Hong is your woman too! This is a misunderstanding, Chairman Lin. Please don't kill me! I beg you!"

Everything had abruptly taken a drastic turn. Lu Fan had been abhorrently arrogant one second ago. Why did he become a coward after hearing Lin Wenjing's words? He even kneeled in front of Lin Wenjing! The change was simply too outrageous to be comprehended, causing everyone in the room to be dumbstruck.

Yin Hong and Zhong Yiran were especially confused. They were completely stunned and their jaws almost hit the floor.

Lin Wenjing snorted. "A misunderstanding? I don't think it's that simple. Weren't you acting all high and mighty just now? Didn't you order your underlings to break my arms and legs? I'd say, you've got quite the guts! It has only been half a year since I last met you, yet you've become so impressive! It seems like your mayor uncle is backing you up!"

Upon hearing that, Lu Fan trembled even more violently. He was so flustered and afraid that he almost burst out crying.

Chapter 594 I'm Willing to Be Your Slave, Chairman Lin

It wasn't because he was timid, but he actually investigated Lin Wenjing after that incident and got to know about his horrifying background. Even a prominent person like Jiang Liqun was Lin Wenjing's underling, and in front of Jiang Liqun, even his uncle had to be reverent.

Therefore, one could imagine how terrifying Lin Wenjing was.

Even so, Lin Wenjing's expert martial art skills, which had already achieved the Heavenly Realm, was still the most terrifying part of him. He had witnessed the great battle between Lin Wenjing and Wu Meizi. Although it was only through a video, the astonishing power Lin Wenjing displayed had engraved itself deeply in his memory.

He knew that people like Lin Wenjing could kill him as easily as squashing an ant if he wanted to.

Therefore, with nothing to lose, he kowtowed before Lin Wenjing with great force while sobbing as he implored, "Chairman Lin, I was wrong! I was wrong! Please be gracious and forgive me! I beg you, Chairman Lin! Please spare me my measly life! I'm even willing to be your slave!"

He kowtowed with all his might and did not dare to slack off. In just a brief moment, blood started flowing out from the wound on his forehead. Even so, he did not dare to stop because this wound was nothing compared to his life.

At that moment, Yin Hong finally came back to her

senses. She stared unflinchingly at Lin Wenjing as if it was the first time she met him while gulping uncontrollably.

She felt as if she had casually picked up a poor little snake from the roadside that was actually a mighty dragon in disguise. When the time had come, he suddenly changed into a dragon again.

It was truly a bizarre yet wonderful feeling!

Recalling everything she went through in the past two days, she still couldn't believe it. It felt like a dream!

That day when she was at Seven Ridge, she crashed into a severely injured Lin Wenjing who was covered in blood. She had thought that he was just a beggar, but unexpectedly, he was an extremely prominent bigshot. Even someone like Lu Fan was terribly afraid of Lin Wenjing.

On the other hand, the look on Zhong Yiran's face was quite an amusing sight. Not only was there disbelief and shock on her face, there was also uncontrollable fear and regret.

For the past two days, she often taunted and jeered at Lin Wenjing, making nasty remarks about him. She had assumed that he was just a commoner from the lowest class of society. Who would've thought that he wasn't some nobody, but a real prominent figure?!

The world was beyond crazy. She even started to wonder if God was playing a joke on her.

Chapter 594 I'm Willing to Be Your Slave, Chairman Lin

After kicking Lu Fan to the ground, Lin Wenjing stepped on his neck and glared down at him. "Lu Fan, I only let you off last time because your uncle is a friend of Jiang Liqun. Otherwise, if it had been completely up to me, I would've tossed you into the ocean to feed the sharks! Besides, it seems like you haven't changed at all and became even worse, even going back to bullying the common folk again. You're basically disrespecting me! It seems like there's no reason for you to live in this world anymore."

Lu Fan could feel the murderous aura radiating from Lin Wenjing's eyes. At that moment, his mind was completely blank as if he had just seen the Grim Reaper. Trembling violently, he was so terrified that he pissed himself.

As a wealthy dandy, he had never felt such a fierce murderous aura, and his heart was overcome with fear. However, he couldn't utter a word, so he could only quiver unceasingly.

Lin Wenjing truly had the intention of killing him. With his current ability and status, there would be no issue even if he killed Lu Fan.

With one hand, Lin Wenjing grasped Lu Fan's neck and lifted him off the ground, ready to choke him to death.

Lu Fan was consumed in fear because he couldn't break free from Lin Wenjing's grip at all. He could only kick his legs in the air and desperately plead for mercy with his terrified eyes.

Chapter 594 I'm Willing to Be Your Slave, Chairman Lin

However, Lin Wenjing disregarded him. After all, he had taken many lives already, so taking Lu Fan's life did not mean much to him at all.

Moreover, he knew that someone like Lu Fan would continue to be a troublemaker if he let him off. He would definitely harm other people in the future, thus he should just finish him off and end things once and for all right then and there.

When Yin Hong witnessed that scene, her expression changed. Looking at Lin Wenjing, she suddenly felt like she was looking at a stranger.

When she realized that Lin Wenjing was truly going to choke Lu Fan to death, she quickly approached him. She then patted his hand and anxiously urged, "Mr. Lin, you mustn't kill him. If you kill him, you'll be executed by the firing squad!"

Chapter 595 Overwhelming Gratitude

For commoners like Yin Hong, her conscience told her that killing was illegal, and the punishment was death by shooting. If Lin Wenjing truly choked Lu Fan to death, he would definitely be punished according to the law.

By then, even the Yin Family would be implicated, and she would not tolerate that!

Looking at her, Lin Wenjing smiled faintly and comforted her, "Don't worry, Miss Yin. Killing Lu Fan is just like killing an ant. Nothing will happen to us."

He wasn't joking. With his power and status, it was true that he could kill Lu Fan as easily as stomping an ant. Moreover, he wasn't slaughtering innocent people because scumbags like Lu Fan had committed abhorrent sins just because he had a strong background, hence he was definitely steeped in iniquity. Therefore, killing Lu Fan would be enforcing justice on behalf of God, so it wouldn't be a big deal.

However, Yin Hong didn't know about that so she was frightened to death. Not only her, the entire Yin Family was terrified as they stared at Lin Wenjing in fear and shock.

For them, killing someone was something horrifying and was something they could never accept.

Even the hatchet men, who were lying on the floor, shuddered in fear when they sensed Lin Wenjing's murderous aura. They were so afraid that they

dared not go against Lin Wenjing.

Needless to say, Lu Fan's soul almost left him. Bawling, he continuously begged for mercy and repented, hoping that Lin Wenjing would spare his miserable life.

"Mr. Lin, please calm down. If you kill him, we will get into trouble too!" one of the members of the Yin Family stepped forward and pleaded.

Looking around, Lin Wenjing noticed that not only Yin Hong, but the whole Yin Family was looking at him with fear and imploration. He couldn't help but sigh inwardly. It seemed like he had overestimated the level of acceptance of commoners.

Therefore, he let go of Lu Fan and said coldly, "I'll spare your lowly life this time for Miss Yin's sake."

Lu Fan burst into tears of joy while panting heavily. After escaping a narrow death, he vigorously kowtowed before Lin Wenjing while thanking him, "Thank you for sparing my life, Chairman Lin! Thank you so much!"

"This is your last chance. If I ever find out that you are bullying the commoners and committing crimes again, I'll cut your head off myself!"

"I won't ever! I promise I won't!" Lu Fan started to kowtow again, and his forehead began to swell.

Lin Wenjing waved his hand impatiently. "Get lost."

Lu Fan felt that he had been granted amnesty, and

he fled with his tail in between his legs. Even his hatchet men were all frightened to death, and they ran away in panic.

Soon, peace was restored, and all that was left was the Yin Family who was looking at Lin Wenjing quietly. However, they acted timidly and didn't dare to look into his eyes as they were terribly afraid of him.

Even Zhong Yiran, who had been extremely hostile toward him, was shivering, afraid to look Lin Wenjing in the eyes.

Upon witnessing this scene, Lin Wenjing felt helpless yet amused. It seemed like he had become a crazy murderer in the eyes of the Yin Family.

"Cough, cough." Lin Wenjing broke the silence and spoke to Yin Hong, "Miss Yin, since everything's fine now, I'll excuse myself."

Lin Wenjing was extremely polite and courteous. In fact, he looked like a scholar who was profoundly intelligent and talented, completely different from what he had looked like just then. The warring difference made everyone in the room confused, and they thought that they might be hallucinating.

Yin Hong was stunned as well because the Lin Wenjing that was right in front of her was poles apart from the one before. As such, she did not know how to react.

When Yin Hong finally came back to her senses and noticed that Lin Wenjing was turning to leave, she suddenly had a strong feeling in her heart that told her that she must make him stay. Otherwise, she would regret it in the future. Therefore, she hastily blurted, "Wait!"

Because her voice was quite loud, it sounded like she had lost her composure. Turning back, Lin Wenjing looked at her curiously. "Miss Yin, is there anything else you need?"

Under his gaze, Yin Hong suddenly felt nervous. Her mind instantly blanked and she was at a loss for words.

Lin Wenjing smiled and reassured her, "Don't worry, Miss Yin. Lu Fan won't dare to return and mess with your family again."

Zhong Yiran interrupted from the side, "How about our properties which were mortgaged by Lu Fan?"

Lin Wenjing replied, "He should return it to you if nothing else happens, so don't worry too much about that."

Upon hearing that, the whole Yin Family let out a sigh of relief. Their emotions had gone on a rollercoaster ride, and their hearts were still racing. At the same time, they were extremely grateful to Lin Wenjing.

Finally, Yin Hong regained her composure. She then bit her lips and said to Lin Wenjing, "Mr. Lin, thank you for everything just now! If it wasn't for

you, I would have ended up in a dire state. Thank you so much!”

Yin Hong was sincere with her words. She was honestly extremely grateful to Lin Wenjing because she knew that Lu Fan definitely wouldn't let her off if he hadn't appeared. If that had been the case, she probably would've already been taken advantage of by Lu Fan.

Therefore, her gratitude toward Lin Wenjing was immensely strong.

Lin Wenjing waved his hands and replied with a smile, “Don't mention it. It's just a small matter. Speaking of which, I'm also grateful to you for meticulously taking care of me for the past two days.”

Yin Hong felt extremely ashamed. To be honest, she didn't really do much for Lin Wenjing for the past two days and was only responsible for bringing him food. Other than that, she couldn't very well take the credit for taking care of him.

At that moment, Yin Fengmao walked over and bowed to Lin Wenjing with his hand over his heart. “Mr. Lin, we are deeply indebted to you. How could we ever repay your gratitude?”

Lin Wenjing replied, “Mr. Yin, you're too kind. It's not a big deal. Besides, Miss Yin and I are friends, so naturally, I won't turn a blind eye when you're in trouble.”

Yin Fengmao noticed that not only was Lin

Wenjing young, there was something extraordinary about him even though he was dressed frugally. Recalling his heroic actions from before, he began to have a good impression of Lin Wenjing. “Mr. Lin, you’ve done us a great favor this time. Why don’t you stay and join us for a meal? We can at least have a chance to thank you. What do you think?”

“Well...” Lin Wenjing was in a dilemma. To be honest, he was penniless at the moment. Initially, he planned to stay at Yin Hong’s house for the next two days while his powers recovered to its peak and only then was he going to consider returning to Hua City. But after that incident with Lu Fan, he felt rather embarrassed to stay.

He wasn’t trying to be difficult, but he understood that the Yin Family was extremely grateful to him after he had saved them, and that kind of warmth and enthusiasm was what he feared the most.

“I don’t think that’s necessary.”

“How is it unnecessary? I think you should stay and have a meal. Otherwise, there will be a prick in our conscience.” Yin Fengmao was burning with enthusiasm. He even pulled Yin Hong over, telling her to persuade Lin Wenjing to stay.

Yin Hong wanted Lin Wenjing to stay and have a meal too, therefore she invited him to stay for a meal while blushing.

Finding it hard to turn down their warm hospitality, Lin Wenjing had no choice but to stay. Anyway, he was hungry and was still recovering, so he needed

food to replenish his energy.

At that, the whole Yin Family was elated. They then pushed aside the fog of despair from before and were overtaken with happiness. Instantly, the atmosphere became cordial and cheerful.

However, halfway through their meal, there were several knocks on the door.
