

## Sir Ares Good Night Chapter 226

“Yeah.” He nodded in satisfaction.

The phone ring suddenly rang, and Grace saw Bai Suyuan displayed on the phone screen, slightly lost.

She suddenly thought of the hacker who invaded Chongzhen’s network. He used Bai’s ip.

Grace picked up the phone and tried to be calm as usual, with a gentle voice flowing out like spring water! “

“Young Master Bai!”

“Grace, we are all so familiar with each other, why are you so called? Just call me Suyuan.” Bai Suyuan’s cynical voice came.

“Yes, Su Yuan.” Grace changed her words.

“I heard that the old lady is here, Haitian Yishi. He didn’t embarrass you?” Bai Suyuan asked anxiously.

Grace said lightly, “It didn’t make me embarrassed. I just said that it’s inappropriate for me to live here.”

Bai Suyuan became excited, “So are you moving out to live? Grace, don’t worry, I have many properties and I can provide you with accommodation for free.”

Bai Suyuan’s voice came out of the microphone, and Jacob was furious.

Grace wondered, wondering if she was close to Bai Suyuan, could she find out Bai's commercial secrets that suppressed Chongzhen?

"Okay." Grace accepted heartily.

Jacob looked at Grace in disbelief, she was proud in front of him and would never accept any alms from him. But she accepted Bai Suyuan's assistance so calmly?

"Then it's settled. I'll come to pick you up right away." Bai Suyuan hung up the phone happily.

Grace hung up the phone, and the smile on her face quickly disappeared.

Looking back, she saw Jacob glaring at her, a dark temperament that ruined the world, which made people shudder.

"Why do you want to accept Bai Suyuan's assistance?" Jacob's whistling voice came, cold to the bone.

Grace didn't know how to explain to him, simply negatively said, "Don't worry about it."

It is already her misfortune to lose love.

Keeping Yan's bread is the last meaning of her survival in this life.

"Couldn't you really like Bai Suyuan, right?" Jacob said gloomily.

Grace's eyes aroused a touch of indignation, how could she like to frame the Yan family.

“He looks good, has good knowledge, has a family education and self-cultivation, and is very popular with women. And I can’t avoid it!” Grace pretended to say casually.

Jacob clenched his fists, staring at Grace with an iron face.

“That kind of dude, who is in the outside, can keep you warm for three minutes.”

When fighting against a rival in love, Jacob felt like he hated less when the book was used.

Grace’s eyes suddenly reddened, and said sorely, “Master Zhan, do you believe that there is long-lasting and dedicated love in this world?”

Jacob looked at her, her suddenly serious eyes and stubborn expression stung him deeply.

He nodded heavily. “I believe.”

Grace was stunned, “Have you ever encountered love like this before? Even at the end of your life, will you give up your persistence in love?”

There was a deep light in Jacob’s pupils.

She is talking about herself, right?

He nodded cautiously.

Grace sighed, “You are lucky.”

But she did not have her luck.

“You will meet it too!” He said surely.

Grace’s eyes filled with sourness, “Not everyone is as lucky as you. People who are let down by love will become extremely distrustful of love.”

Jacob closed his eyes, shutting the panic behind his eyes.

After all, it was all his fault, betraying her affection. Hurt her deeply.
