

The Best Son in Law Chapter 280 - 289

Chapter 280

“I can’t move for two days, let Fiddler take you to the land! She’s my dad’s assistant, so stay around and no one will dare mess with you!” Zyden threw a peach and smiled at Haoden Ye.

“Young Master, there’s still a lot of things to keep me busy over there, if it wasn’t for you being injured this time, I wouldn’t have taken the time to come over,” Liu Fei glanced at Haoden Ye coldly and hurriedly said to Zyden.

“My father’s place is fine without you for a day or two, you went to the Philippines a while ago, isn’t the company running normally? Just do me a favor, if I hadn’t come back in time yesterday, Ye would have been killed!” Zyden skimmed his lips in disbelief.

“But...,” Willow Fiddler’s brow furrowed slightly, her face difficult.

“Sister Willow, I’m your young master in front of outsiders, but in private I can just treat you as my own sister ah, and you can’t even help me with this?” Zyden looked aggrieved.

Willow Fiddler looked tight and nodded helplessly, “Okay!”

“Haha, thank you Willow!” Zyden laughed and turned his head to Zhou Xiaojun, “Officer Zhou, I’m thirsty after talking for half a day, excuse me and pour me a glass of water!”

Zhou Xiaojun’s small mouth deflated, really didn’t want to be wronged by this, but thinking that Zyden was still a patient, she could only helplessly shake her head.

Haoden Ye and Liu Fei Leng came out of the hospital and got into Haoden Ye's car, Liu Fei Leng frowned, "Young Master is making a fool of himself, and you are following the foolishness, how can you help Young Master cheat a small policeman!"

With a bitter smile, Haoden Ye revealed a helpless expression, "Big assistant, you don't know your young master's temper, in this situation, is it useful for me to block it? Instead of letting him keep pestering people about cops getting into trouble, why don't we just let the cops be around him, and in a couple of days when he's fresh, he won't mess with them!"

Shrugging his shoulders, Liu Fei Leng seemed unconcerned with Haoden Ye's words.

"Where are we going?" Seeing that the big beauty didn't say a word, Haoden Ye had to take the initiative to speak.

"Let's go to some of our Hong's land first!" Willow Fiddler thought coldly.

As the Ferrari sped down the road, Haoden Ye watched from the corner of his eye as Liu Fei Leng drove seriously.

The last time we met, she wasn't as polite with herself as she is now.

If it was because of Lin Feng's matter, Zyden wouldn't have asked her to come over to help him.

"Miss Willow, long time no see, did I offend you somewhere?" Haoden Ye wondered.

"Offend me?" Willow Fiddler turned her head and looked him in the eye, her eyes a little fluttering.

The side of the beautiful woman, still beautiful, cold eyes is even more heartwarming, Haoden Ye unintentionally and her eyes, Liu Fei cold pretty face flashed a touch of unnatural.

“Doctor Ye don’t get me wrong, I’ve been in a bit of a bad mood lately!” Willow Fiddler managed to squeeze out a smile.

Seeing that she must say more at that, Haoden Ye naturally didn’t dare to ask any more.

The two of them continuously looked at several pieces of land in the Holander family, and Haoden Ye felt that none of them were good.

“The few vacant lots that are still for sale in Dan City have been walked through today, so why don’t you go home and we’ll come back out tomorrow and take a look!” Liu Fei’s cold eyes saw that it was getting late and said to Haoden Ye.

Looking at the time, it was also five or six o’clock, and although Haoden Ye was disappointed in his heart, he could only nod and say, “Alright, let’s go back!”

Willow Fiddler drove the car and the two of them headed to the pharmacy first.

On the way, Haoden Ye once again remembered the morning’s conversation and turned his head to look at Liu Fei Leng.

She was always in that black professional suit, black suit and white shirt, her proud body sexily bulging with the tight suit.

The white shirt at the neckline opens up to reveal a raised bulge that reveals a foot of black underwear beneath the white shirt.

I’m afraid that no man can resist such an extremely cold temptation.

Haoden Ye mentally thought to himself, "I wonder who is so lucky to marry a workplace elite and cold beauty like her!"

Seemingly uncomfortable by Haoden Ye's gaze, Liu Fei Leng frowned slightly, a pensive look on her face.

She seemed to be hesitating about something, before saying after a moment, "I heard about you and the Lin family!"

Hearing that, Haoden Ye's heart couldn't help but feel a chill.

"Are you indifferent to me because I'm having trouble with the Lin family?" Haoden Ye's heart was not without disappointment.

Slightly stunned, Liu Fei Leng held the corners of his mouth and shook his head, "Although there is a difference between the Lin family and our Holander family, but the Lin family is a side door I don't care about yet!"

Haoden Ye was overjoyed at the news and whirled around, curious, "Then why are you so raw with me again?"

Liu Fei Leng thought about smiling again, and whirled around to gently bite her lips, "You... are no longer the same simple and kind person you used to be! The Haoden Ye I remember wouldn't mess with the Lin family!"

Frowning slightly, a fire surged in Haoden Ye's heart.

Is it possible that in Liu Fei's cold eyes, he's always been an insufferable, cowardly and impotent man?

"Miss Willow, I, Haoden Ye, never stir up trouble, I don't understand what you're saying! Is Lin Feng trying to set me up to go to jail, and I can't resist?" Haoden Ye spoke in an angry tone.

Turning her head to look at Haoden Ye, Liu Fei Leng shook her head and sighed, "I'm not talking about that, the Haoden Ye I know has always been modest and careful, never flaunting his abilities, I've heard that your migraine formula is good, but if you just secretly teach it to Dr. Jiao and let him teach it to others, won't you not have to become a target?"

Upon hearing that, Haoden Ye looked slightly stiff.

Liu Fei Leng was really right, if one day the match wasn't strong enough to come out on top, let Lin Feng win one game and secretly help Jiao Yuchun win the other two.

The result would still be the same, but you wouldn't have to be Lin Feng's target.

Keeping a low profile was always the right path, and it was impossible for an individual to compete with a big family like the Lin family even if their strength was strong and rampant.

"Thank you Miss Willow, I understand!" Haoden Ye sincerely said to Liu Fei Leng.

A slight smile flashed across the corners of his mouth, like a snow lotus blossoming on Kunlun, a different kind of delicate beauty in the midst of the coolness.

"You should smile more often, Miss Willow, you look good with a smile!" Haoden Ye smiled slightly.

Liu Fei Leng was stunned, the light inside his eyes shone, and he snorted, "I didn't grow up to be for others to see, why do I need to look so good!"

“That one otherwise, if I hadn’t gotten married, I would have wanted to marry a beautiful woman like you when I saw you, but if you’re always so cold, let alone marry you, I’m scared to talk to you!”Haoden Ye laughed and joked.

I didn’t want him to say anything, but Willow Fiddler’s driving hand shook slightly.

At this time the speed of the car has been very fast, Liu Fei Leng this hand shakes, the car is slightly shaken.

Haoden Ye was shocked and subconsciously gripped the seat, “Miss Liu you slow down!”

Chapter 281

As if to retaliate against Haoden Ye, Liu Fei Leng stepped on the gas pedal and the car sped up.

The road belonged to a delicate body and the road was empty.

But no matter how empty the road is, it’s quite scary to drive like this, and Haoden Ye subconsciously gripped the seat and smiled awkwardly, “Miss Liu, would you mind driving the car a little slower.”

“If I’m not afraid of a woman, what are you afraid of a man!Didn’t you say you were going to marry me?Not with that kind of nerve!”Willow Fiddler snorted coldly.

“I’m just kidding, don’t mind if I do!”The speed of the car was getting faster and faster, and Haoden Ye’s face was white.

A cold smile flashed across his lips and the car went faster instead.

Whoosh doctor, a car was passed by them, also a Ferrari.

Liu Fei Leng didn't care, seeing Haoden Ye's nervous look, for some reason, she was in a very good mood.

Soon, the car buzzed and the car that had just been overtaken caught up again, and the bed opened to reveal the face of a handsome man, who turned out to be quite handsome.

The man's eyes just lit up when he saw Liu Fei Leng's face, a charming smile on his lips, and he beckoned to Liu Fei Leng.

However, Willow Fiddler ignored her and continued to step on the gas pedal, speeding past the man.

"Miss Willow, you can slow down a bit, they say you can't drive a fighting car!" Haoden Ye's heart is about to jump to his throat, this speed in fast, the car is about to take off.

To no one's surprise, the car behind caught up again, and the man in the car gave a provocative smile to Liu Fei Leng, as if he was saying something else.

From the mouth, it would be something like "Pretty girls are hot".

Liu Fei Leng started out simply wanting to see Haoden Ye embarrassed, ran into this man pestering, a look of disgust on his face, and accelerated again.

The man saw that Willow Fiddler was even speeding up, and with a provocative smile on his lips, he pointed ahead and pawed at his neck again.

Haoden Ye subconsciously looked ahead, but he saw that not far ahead was a sharp turn around the corner.

At such speeds, it's impossible to steer unless the car will space to move.

"Miss Willow, calm down, that's not how you play with your life!" Haoden Ye's feet did not stop making use of, pedaling hard on the car, as if to help Liu Fei Leng step on the brakes.

"A grown man, mother-in-law!" Willow despised him with a cold look, not looking the slightest bit different from the excessive speed of the car.

In the blink of an eye, the curve was just around the corner, and Willow Fiddler didn't even look at the distance between the car and the curve, but turned her head to look at the man driving next to her, her eyes provocative.

The man was obviously already afraid, such a fast speed over such a curve is simply playing with his life, he just provoked, but also just had the courage to pretend in front of Liu Fei Leng.

At this point, seeing Liu Fei Leng's provocative gaze, the man could not retreat, and could only grit his teeth and prepare to cross the bend.

The brakes, the clutch, the steering wheel, and just as we approach the bend, Willow Fiddler reacts with a series of reactions.

The whole move was done in one go and took less than two seconds.

Even with Haoden Ye's skills, it was difficult to react so quickly, but it was unexpected that Liu Fei cooling was very skilled and didn't use his eyes at all.

The Ferrari, with a roar, started to slide sideways against the ground, not even turning sideways, but doing a standard drift and then going straight through the corner.

However, the man was not as skilled as Willow Fiddler, and as he approached the bend he panicked and maneuvered with his hands, resulting in the car starting to shake violently and he had no choice but to apply the brakes hard.

The good news is that the braking system was so good that the car swung into place and hit the guardrail hard.

There was a loud bang, and the whole rear of a good bright Ferrari was embedded inside the guardrail.

With a disdainful sneer, Willow Fiddler took a cold look at the wrecked car and said, "Something that doesn't know whether it's dead or alive!"

Haoden Ye at this time, but some panic, just now if not with Liu Fei Leng open fighting gas car, that person would not crash into the guardrail, really make a life, afraid that it is not easy to clean up.

"Miss Willow, you'd better stop the car, I'll go see if the man is alright!" Haoden Ye hurriedly said.

"What the hell! There was no apparent collision between our two cars, and he was driving in the opposite lane, so he deserved to crash!" Willow Fiddler sneered faintly.

Hearing her say so, Haoden Ye's mind couldn't help but chill, this woman didn't just look cold, but her heart was actually this cold as well.

A human life was not even worth mentioning in her eyes.

"Stop the car, I'm going down there!" Haoden Ye looked serious and cold to Liu Fei.

Haoden Ye had never looked so serious before, but it made Liu Fei Leng slightly dumbfounded.

Hesitantly, Willow Fiddler finally turned the car around and drove back.

It was only a short distance to the Ferrari that the two saw two young men get out of the car.

With the car all pretending to be that way, the people in the car were even able to stand, giving Haoden Ye a few surprises.

Hearing the sound of the car, two men and a woman turned their heads to look over, and the young man who had just driven the car had the untamed air of a few rich people on his face, looking coldly at Haoden Ye and the others.

The car stopped, and Haoden Ye and Liu Fei Leng got out and walked towards the three men.

The two men's eyes flashed with greed when they saw Liu Fei Leng's beautiful face.

Especially the one who was driving just now, when he saw Liu Fei Leng's car driving back, his face was filled with anger, as if he was distressed about his car, but when he saw Liu Fei Leng's face, his eyes immediately became lustrous.

"Pretty girl, did you hit my car like that, are you going to pay something for it!" The young man driving the car smiled heedlessly, as if he had forgotten about the car.

"You're lucky to be alive now because you're not good enough!" A look of disgust flashed across her lips and Willow frowned coldly.

She turned her head and said to Haoden Ye, "Alright, these three losers are fine, can we go now?"

Hearing his words, the two young men both looked humiliated, especially when they saw that Liu Fei Leng was disdainful of them, yet they seemed to be listening to Haoden Ye.

If you look at Haoden Ye's outfit, he's obviously a poor man, and this kind of man deserves to be with a beautiful woman like Liu Fei Leng?

"Don't be so rude, beautiful! My name is Qin Yu, the CEO of the Guangyu Group, Qin Feng, is my father, and this is Chu Lin, the youngest owner of Fengyu Entertainment!" Qin Yu's mouth flashed with a smug smile, revealing his identity.

The Canton Group is an advertising and media company, while Windy Entertainment is just a total gossip site.

But the two companies are still very well known in the South, with numerous paparazzi under their belt.

When Sun Qian was just filming her TV series, these two websites reported information about her.

The content of which is almost childish and pandering to public taste, and I'm told they're ready to push the envelope to heat up the news.

At first, Haoden Ye felt very angry, but then after talking to Sun Qian, he wasn't angry anymore.

Chapter 282

"It's just an entertainment scandal by these companies specially hired by the TV station to promote the TV series, otherwise not many people would watch the movies made by a third-tier actor like me!"

This was Sun Qian's explanation to Haoden Ye!

Haoden Ye also understood at that time that now entertainment news was basically mixed truths and falsehoods, usually advertised for star visibility, and as long as it wasn't written too excessively, many stars were happy to see it.

Carrying out their old man's company, the two people thought that Liu Fei Leng and Haoden Ye must be shocked, but unexpectedly, the two people looked very calm.

"Beautiful girl, Qin Shao is willing to put his foot down and talk to you like that, you should cherish the opportunity oh! A lot of big beauties want to meet Qin Shao haven't had the chance yet, I see you're not bad looking, are you interested in making movies, we Qin Shao know a lot of directors!"

Chu Lin saw Liu Fei Leng's cold and arrogant face and was busy helping Qin Yu brag.

"I'm not interested in you guys, I just came back to see if you were dead!" Liu Fei coldly replied back and turned her head to Haoden Ye, "Enough is enough, I'm annoyed when I see these two!"

Both men were high-minded, and a few grimaces appeared on their handsome faces when they heard this.

"If you dare to talk to Qin Shao like that, do you still want to hang out in Dan City!" Chu Lin snorted coldly, "Believe that Qin Shao's words will make you fall apart!"

"Chu, don't talk like that, people are noble, they just look down on us rich people!" Qin Yu sneered and pointed his spear at Haoden Ye with a slight sneer, "Great beauty, this is your paramour, isn't it, your eyesight is too bad!"

In his eyes, Haoden Ye must not be able to afford to drive a Ferrari, so the car must be Liu Fei Leng's.

The thought of a grown man having to rely on his girlfriend's limousine to back up the scene made him feel infinitely superior.

It would have been an insult to Haoden Ye, but Haoden Ye sounded like it was nothing.

He was so used to being despised that this kind of talk wouldn't hurt him at all.

And when Liu Fei Leng heard him say that, she suddenly had a strange feeling in her psyche and glanced at Haoden Ye, saying in her heart, "They think I'm keeping Dr. Ye..."

Thinking of the scene where Haoden Ye was being kept by himself, Liu Fei Leng's pretty face was a slight blush, and couldn't help but smile derisively at Haoden Ye.

"So what if he's broke, I like to keep him!" Willow puffed coldly, seeming to play out the feeling.

Laughing bitterly in his heart, Haoden Ye helplessly looked at Liu Fei Leng, never would have thought that this woman still had this kind of evil taste!

"Aren't you leaving yet? Make people look bad here?" Liu Fei Leng saw Haoden Ye's look of helplessness, and her mind felt even more amused.

But he also knew that men were good-looking, and Haoden Ye was good-tempered, so it was okay to joke around occasionally, but it wouldn't be a good thing if it really angered him.

"You can't leave yet!" Haoden Ye swept his gaze over the three people and frowned slightly.

Seeing that Liu Fei Leng was in a hurry to leave, the two young men were in a hurry and when they heard Haoden Ye's words, the two young men looked at each other.

Inside their eyes, there was only one meaning: "This kid has his eye on our money and is going to suck up to us with his girlfriend!"

With a sneer in his heart, Qin Yu raised his head slightly and revealed a disdainful look: "Count you still have some eyesight, no need to stammer me much, just let your girlfriend go, I can give you a bright Ferrari!"

Hearing this, a cold light flashed in Willow Fiddler's cold eyes!

Haoden Ye, however, didn't get angry, his eyes fell on Qin Yu and frowned, "If I'm right, I'm afraid the three of you are in big trouble!"

"Huh?" At his words, the three looked at each other.

Qin Yu let out a loud laugh and pointed at Haoden Ye, "So you're a liar, haha, you're too young to fool us with this kind of method!"

Naturally, Chu Lin couldn't stop laughing, and the girl didn't dare to laugh out loud, but her deflated pretty face was red.

Even Liu Fei Leng couldn't help but laugh when she heard Haoden Ye's words.

However, thinking of the way Haoden Ye dealt with Master Da Ji, she put away her smile.

"Mr. Ye, it's none of our business if these few are dead or alive, a bunch of second generation people are just a bunch of second generation people, it's futile to save them!" Willow flicked a cold, dismissive glance.

“Great beauty, you’re too rude to speak, our Qin Shao was one of the ten outstanding young men in Shanghai last year and has two companies of his own under him!” With a sneer, Chu Lin’s eyes were disdainful, “It’s better than you two liars!”

“Liar?” Liu Fei Leng smiled slightly at the tip of her eyebrows and turned her head to Haoden Ye, “I know what Mr. Ye said about them being in great distress!”

Haoden Ye was slightly stunned, and saw Liu Fei Leng’s figure flicker and pounce over to the three men.

Her movements were as sturdy as a tiger’s, and it was hard to imagine that such a supple body could have such explosive power.

The three young men hadn’t even realized that Liu Fei Leng was already at their heels.

“What...what are you doing!” Qin Yu had never dreamed that the cold beauty who was just now a dainty beauty would now turn into a reckless leopard, and his entire body was scared silly.

With a punch to Qin Yu’s abdomen, Liu Fei Leng lands a flicking kick to the underside of Chu Lin!

In an instant, the two grown men were crouching on the floor in pain with their abdomens covered.

“Don’t you dare hit me!! I’m going to have my dad’s website write you off!”

“Stink her up and let the whole world know she’s a liar!”

“I’m going to find a million pushers to retire you to the top of the news list!”

Two young men squatted on the ground and cried and cursed!

“Oh, you’re welcome to do so, I already knew about the Shanghai Guangyu Group coming to our city of Dan for development, if it wasn’t for our Holander’s Group also wanting to enter the acting world, I wouldn’t have known there were two of you companies in this Huaxia!”

Smiling coldly, Willow flicked her hair in a dashing manner.

“Huh?You’re from the Hongs!”The two doppelgangers were stupid.

Their dad’s company is big, but they can’t even compare to the smaller companies under the Holander’s Group, let alone the fact that it’s someone’s Holander’s Group’s chassis in Dan City!

“Little... Miss, it’s all a misunderstanding, we deserve to die!”The two men immediately wince.

Liu Fei glanced at them with cold disdain and sneered, “Behave in a low profile from now on, the road is not your family’s to drive, and don’t drive too fast!”

Both of them laughed bitterly at this, and even Haoden Ye couldn’t help but think to himself, “It seems like you were the one who drove that fast first!”

“Still not leaving?”Liu Fei Leng walked up to Haoden Ye and didn’t have a good attitude, “They just had a big disaster, are you satisfied?”

Shrugging his shoulders, Haoden Ye gave her a glance without good temper, then walked up to Qin Yu and said, “Two of you, I know a bit of Feng Shui, and I can see that you two don’t look very good indeed!”

At the news, both men turned pale.

And Liu Fei cooled was looking unhappy, blaming Haoden Ye for meddling, and didn't have the good sense to say, "You're a grown man, why are you talking so much!"

Chapter 283

Most such things have to do with family members, but if not, look elsewhere.

Unlucky to such an extent adult, it was the first time Haoden Ye saw it.

"Master Ye, don't wait for tomorrow, I'm taking you home!" Qin Yu still pulled Haoden Ye and didn't let go.

"Don't worry, I don't think it's been a day or two since you've had this bad luck haunting you, maybe today's car accident is one of the reasons, and your level of bad luck should have an effect on the people around you as well, go back and ask your family if you've had trouble doing anything lately, all of this takes time, but it's getting late today!"

Haoden Ye consoled Qin Yu and incidentally sent them back to gather information.

Qin Yu and the two of them were still unwilling to let go and were frightened by a look from Liu Fei Leng.

"If you don't let go, I'll make your dad lose his job tomorrow you believe!"

Getting into the car, the two men headed back.

"You really shouldn't be involved in this!" Liu Fei Leng locked his eyebrows, "I've heard of things that help people tide over their misfortunes, and usually such people don't end well!"

Haoden Ye listened to this psychological bitter smile, this may be karmic retribution. It would be strange if Haoden Ye was just an ordinary person who said such things to them, they would believe it.

But it's the Holander family that's with Haoden Ye!

The Holander's Group's properties are spread all over China, and it knows countless talented people, and even more so people like Liu Fei Leng, who is highly skilled in fighting and has professional talent.

Haoden Ye, who could read feng shui, said that he was a member of the Holander family, and they naturally believed it.

"Ye... Mr. Ye, we don't understand what you're saying, we've just arrived in Dan City, and we haven't even started getting into trouble yet!" Qin Yu looked puzzled.

"Haven't you started making trouble yet?" Haoden Ye was dumbfounded, whirling around and laughing bitterly, these two must not have gotten into trouble in Shanghai either.

"Two losers, what are you doing helping them! Have you forgotten what they just said? If I was just a normal girl, I might have been hacked by them on the internet right now, and people's words are especially abhorrent!"

As a girl, Liu Fei Leng valued her reputation very much, and this kind of person liked to ruin people's reputation.

"Miss Willow, that's all nonsense, our father won't let us in the family business at all!" Qin Yu immediately started begging.

"Yeah, if we had the book, we'd have gone to the stars ourselves and still be hitting on girls on the street!" Chu Lin also laughed bitterly.

“Well, you guys are lying when you say you’re holding me up!” At this time, the girl behind them snapped and glared at the two men.

Liu Fei Leng ignored the two men’s explanation and sneered, “Then you’re no good, Mr. Ye, what do you care about them!”

Gently shaking his head, Haoden Ye intoned, “The fate of the two of them is strange, I’m just interested!”

Not bad, Haoden Ye also just saw two people’s strange qi luck and couldn’t help but want to study it.

Otherwise, with two people being the way they were, Haoden Ye wouldn’t have bothered to care if they had bad luck or not!

Just now, Haoden Ye saw clearly two types of qi, red and black, floating on the foreheads of two people, and the two types of qi were entangled with each other.

And both kinds of chi were very condensed, and it was clear that doom had reached its limit.

Haoden Ye had never seen two clusters of doom on someone’s forehead, and they were both so thick.

Usually one gas is enough to kill a man ten times over!

Hearing Haoden Ye’s words, Qin Yu and Chu Lin looked at each other while revealing a look of surprise.

“What does Mr. Ye mean by that, were the two of us born with a vision, different?”

“You mean we have amazing bones and are destined to soar to the top?”

The two rich men looked surprised at the same time and spoke in unison.

“Uh...”

Haoden Ye was dumbfounded, it was not really easy for him to say this, and dryly laughed, “Each of you has two bad luck, an evil demon and a blood light, each of which is enough for you to die ten times!”

“Huh?” Both men blanched and stared at the same time.

The watching Willow Fiddler and the girl both puffed out a laugh.

“Thanks to your family being so rich, you even believe such words!” The girl laughed scornfully.

The two men looked at each other and laughed at the same time, deceiving themselves into thinking that Haoden Ye was lying.

“This Mr. Ye is even a guest of our Chief Holander, is there a need to lie to you?” Willow Fiddler shrugged her shoulders.

Even Hing is the guest of honor, why would he lie to these two people?

You know, even if Haoden Ye is a liar, it’s still about benefits to cheat people, people cheat Simen Holander once, it’s enough to cheat them both a hundred times!

“Master, you must save us!” Both of them were terrified, and Qin Yu pleaded with a wailing face.

“You guys get up first, I still have to investigate this matter!” Haoden Ye thought for a moment.

The two of them got up from the ground, Liu Fei Leng walked behind Haoden Ye and said, “You still have a bunch of things to do, why are you caring about them, I only have one day today, I don’t have time to mess around with you tomorrow!”

“Sister-in-law, let Big Brother save us!” Chu Lin smiled bitterly, holding Haoden Ye’s hand and not letting go, afraid that he would loosen it.

A sister-in-law called Liu Fei Leng’s pretty face slightly red, her eyes Ying Ran glanced at Haoden Ye and hummed, “If you speak nonsense, your tongue will be cut out for you!”

Chu Lin didn’t know that he had said that wrong, so he even shut his mouth.

“Don’t worry, I’ll help you guys, leave a number and I’ll come by your house tomorrow!” Haoden Ye thought for a moment.

By using koi fish to do good deeds, he actually consumes merit and also invites heavenly tribulation.

Those who help others to tide over their misfortunes should also have encountered a heavenly tribulation, except that their own way can be tangible through the number and color of koi fish bubbles, but others are different.

“I’m just simply curious about the situation, don’t worry, I’m not one to give out random kindness!” Haoden Ye smiled at Liu Fei Leng.

“What does it matter who you are to me, I’m just afraid you’ll get us into the Holander family!” Willow Fiddler shrugged her shoulders, looking unconcerned.

When the car arrived at the pharmacy, Haoden Ye and Liu Fei Leng said goodbye.

The pharmacy side looks at the books and tallies the money made today.

Because the aphrodisiac medicine he no longer refines, and this side of the jade dew pills to buy very few people, in addition to Robert Shen refer customers, that is, his own friends.

Customers are still more willing to trust Spiritual Medicine Hall with herbs that can easily cost tens of thousands of dollars, like the Jade Dew Pill.

Who knows if Haoden Ye's store sells real or fake ones, what if there are fake ones?

After doing some calculations, the pharmacy made thirty thousand dollars today, and Haoden Ye went home.

The next morning, Haoden Ye finished his meal and prepared to go to the pharmacy, and as soon as he left the door, he saw many people standing at the entrance.

Chapter 284

In front of the Shen family, Robert Shen and his wife stood in shock.

Maya Shen, who had gone to work early, also stayed at the door, looking at this large group of people in suits.

Several BMWs were parked in a row in a very luxurious formation.

There were neighbors running out to see what was going on.

When Haoden Ye saw Qin Yu and Chu Lin from the crowd, he just laughed bitterly in his heart, how did these two goods know that they lived here.

As soon as he walked out the door, Qin Yu and Chu Lin saw him and hurriedly curtsied and bowed, "Master Ye!"

As the two of them shouted, the dozen or so men in suits behind them bent over and bowed together, shouting, "Master Ye!"

No one would believe that scene if they said it wasn't a mob party.

"Haoden Ye, what's going on!" Robert Shen looked startled and hurriedly asked Haoden Ye.

With a bitter smile, Haoden Ye explained, "This is my patient, who invited me to treat him today!"

When Robert Shen came to a sudden realization, he also laughed bitterly and said, "Hurry up and get rid of them, let the neighbors see what it becomes!"

Haoden Ye hurried to the two men, as the neighbors saw him come out and looked at him with startled eyes.

No one knew what was going on and how such a large group of suits had come to greet Haoden Ye.

"Master Ye, you can see that we're both pretty sincere!" Qin Yu smiled and greeted him with a nod of his head.

Don't look at him as a second son, he's flatteringly sycophantic.

“What are you doing, if the neighbors see you they’ll think I’m a gangster, get these people out of here!” Haoden Ye laughed bitterly and hurriedly told Qin Yu.

The people in their circle loved this kind of row, especially when chasing girls, and it worked every time.

Many girls see this scene and immediately agree to their pursuit.

“Master Ye, I’m sorry, we just wanted to show our appreciation, I’ll have them leave immediately!”

Chu Lin nodded his head and waved his hand at the back repeatedly, “All of you, get lost, Master Ye likes peace and quiet!”

Those bodyguards are also innocent enough, knowing Qin Yu they found them and in the end they were the ones who drove them away.

“Master Ye, you come with me!” Qin Yu smiled and took Haoden Ye to the car.

The caravan left and the neighbors dispersed.

“The more Yeh mixes it up now, the more... unexpected it is!”

At the door, Robert Shen, who was carrying a briefcase, smiled bitterly and sighed as he had a chance to shake his head at Haoden Ye’s distant convoy.

“Alright! Son-in-law this is a way to show your face to our neighbors, you’ve been a professor for so many years, has anyone ever greeted you this way?”

Milda Hao fixed his tie and smiled.

“Hey, the gentleman’s way is gone!” Robert Shen looked regretful: “If we were in the old society, a scholar like us would be a big official in the future!”

“Alright! Son-in-law’s jealousy too!” Maya Shen rolled her eyes and got into her car.

The family left each to their own work.

The BMW parked next to a construction site in the city, and Haoden Ye and the others got out of the car.

The site is in a busy downtown area and is a building renovation project.

Haoden Ye had just gotten off the bus and felt a strange sensation.

Unfortunately, it was clearly felt that a strong oppressive force was coming from inside the building.

Raising his head, Haoden Ye saw that the entire building was covered in a condensed blackness.

This blackness seemed to be alive and was eyeing the crowd below it.

That terrifying feeling made even Haoden Ye couldn’t help but change color.

“Master Ye, you see the problem, don’t you?” Seeing Haoden Ye’s change in appearance, Qin Yu hurried forward.

Nodding lightly, Haoden Ye looked horrified and said, “This place is shrouded by a very thick fury, it’s very dangerous!”

Sweeping his eyes over the workers in the construction site, Haoden Ye added, “The workers on the site are just like you, all shrouded in blackness!”

This was still Haoden Ye's reservation, he found that the black gas seemed to be contagious and was gradually spreading around.

It was very slow, but the foreheads of those who passed here were stained with a slight blackness.

This is the center of the city, and I'm afraid that before long, the entire city of Dan will be infected with this blackness as well.

He was wondering what the blackness was when a voice behind him said, "Haoden, who is this person and why is he setting up a ghost in front of our company!"

Obviously, the visitor heard Haoden Ye's words.

Turning his head, Haoden Ye saw a middle-aged man with a slight build and a rather elegant appearance walk over.

"Dad! This is my new friend, Master Ye, he is very proficient in feng shui, even the Holander's Group's head honcho holds him in high regard!" Qin Yu was quick to sell to his father.

"Master Feng Shui?" The middle-aged man turned ugly as soon as he heard this, glaring at his son and saying angrily, "Bastard, even if you're not doing your job, why do you even believe this kind of thing!"

Qin Yu was clearly afraid of his father and cowardly cringed, quickly saying, "Master Ye is very good, he saw with a glance that there was a problem in the company! Haven't you been having problems with the company lately? Why don't you let Master Ye take a look!"

"Get out of here!" The middle-aged man's eyes looked at Haoden Ye with contempt and rudely roared, "If I see you pestering my son again, I'll break your legs!"

That is, Haoden Ye, if another person met such a rude master, he would probably leave without saying a word.

Even if you want to help people again, if they don't appreciate it, what can you do?

However, Haoden Ye had never been ignored since he was a child, and at this time, although he was unhappy, he still maintained a minimum of politeness.

He saw that the fury here was unusual, and if it wasn't lifted in time, it was likely to endanger people outside of the Guangyu Group.

Thinking that this Boss Qin was from Shanghai, Haoden Ye said, "Boss Qin is from Shanghai, I don't know if he knows Mr. Yang Wenwei Yang from Shanghai!"

As soon as Boss Qin heard his words, the anger that had been on his face immediately withdrew, and he looked a bit confused, "You... know Mr. Yang?"

Yang Wenwei is a celebrity who is highly respected in Shanghai's cultural community.

To be able to become friends with Yang Wenwei, at least in terms of character this person had no problems.

"Oh, old Mr. Yang Wenwei is my friend, if you don't believe me, you can call him and ask him, my name is Haoden Ye, just mention my name to him!" With a slight smile, Haoden Ye said.

Boss Qin's face looked solemn, no longer daring to be rude to Haoden Ye in the slightest.

Even if he didn't believe in feng shui, Yang Wenwei's friend, he didn't dare not give face.

“So it’s Mr. Ye!” Boss Qin even stretched out his hand to shake hands with Haoden Ye, and said politely, “I misunderstood just now, you can become friends with Yang Lao, I naturally trust his character, my name is Qin Feng, I’m the president of Guangyu Group!”

Chapter 285

“Since you’re Yang’s friend, I’ll be honest with you, I don’t believe in feng shui at all!” Qin Feng spoke very directly, with quite a bit of the bluntness of a northern man.

“Dad, don’t believe me, Master Ye said that we have a great deal of bad luck here!” Qin Yu learns that Haoden Ye is a friend of Yang Lao, and feels that he has finally met a very important person to his father, and is secretly proud of himself.

At this point, when he heard his father say that, he was immediately displeased.

“What do you know about grown-up things?” Qin Feng gave his son a fierce stare and whirled around to say politely to Haoden Ye, “Mr. Ye, I’m very busy right now, I don’t have time to entertain you for the time being, if you appreciate your face, we’ll meet again another day!”

Haoden Ye’s eyebrows furrowed slightly at the words, and he could tell that this Qin Feng was a very stubborn person.

With a slight sigh, Haoden Ye smiled, “Mr. Qin also don’t rush to drive me away, I’ll ask you two questions first, if you can answer me, then I can leave without worry!”

“You say!” Qin Feng frowned, clearly not very happy, yet still maintaining a facade of politeness.

“First of all, are there a lot of accidents on your site and at home in the past two days, and your partner, Mr. Chu, has a lot of accidents in their company!” Haoden Ye looked at Qin Feng.

Qin Feng glanced at his own son and snorted softly, “This is what Haoden told you, right, yes, there have indeed been more accidents in my company these past two days!”

“Dad, I didn’t tell Mr. Yeh about our company!” Qin Yu argued in a low voice.

“The second question is whether or not Mr. Qin is feeling inexplicably irritable, and can’t help but want to get angry even when he’s sitting alone when nothing is wrong!” Haoden Ye continued.

This sentence caused Qin Feng to be slightly stunned, and he had indeed been feeling irritable lately.

This was something Haoden Ye could tell by looking at his temperament, no feng shui was needed.

On second thought, Qin Feng also understood, “Mr. Ye also knows medical arts, right? Why doesn’t he become a good doctor and have to become some kind of Feng Shui master?”

“Mr. Qin, don’t be in a hurry to question feng shui yet, have you never wondered why you suddenly feel distracted?” Haoden Ye continued to smile.

“Hmm, it’s not my body yet, it’s probably overworked!” Qin Feng shrugged his shoulders, convincing him that feng shui was impossible.

Smiling slightly, Haoden Ye shook his head, “If it was a physical reason, I believe Mr. Qin would have already checked it out, what did the doctor say?”

Qin Feng was stunned again, he didn't have the time to go to a doctor to look into such a minor problem.

He's usually very serious in the company, and it's not unusual for him to be grumpy once in a while.

"There's no need for me to waste time on this little matter!" Qin Feng grunted, "When you go to the hospital, it's still a small illness that turns into a serious illness, a serious illness that becomes terminal! I'll find out everything for you if nothing happens!"

"I am a guest physician at the Spiritual Medicine Hall, and you can consult with the medical profession, I can tell you right now that there is no medical basis for the abnormality you are experiencing!" Haoden Ye looked serious.

Qin Feng's face changed slightly at the news!

Spiritual Medicine Hall guest doctor, Yang's friend, the young man in front of him is too surprising.

"Master Ye is still a friend of Master Holander!" Qin Yu carefully added a sentence.

With these titles added to his body, Qin Feng would have to weigh them even if he didn't trust Haoden Ye.

"Are you saying that there's nothing medically wrong with my physical abnormalities that I can't find? Could it be because you're not a good enough doctor to see the problem?" Knowing that he was offended, Qin Feng still couldn't help but say.

"If you think I'm not enough of a doctor, I can contact Professor Hua to help you, but the diagnosis is absolutely the same as what I said! And I can also assure you that in your current condition, no matter which hospital or doctor

you go to for treatment, the situation will not get better!”Haoden Ye looked solemn.

Hearing this, even Qin Feng, who was rich in experience, couldn't help but turn pale.

“You... don't scare me, Qin someone has been in the shopping mall for decades, he hasn't seen any storms!”Qin Feng snorted, still unwilling to believe Haoden Ye.

Haoden Ye saw that he was a little shaken and smiled, “Mr. Qin doesn't have to be in a hurry to suspect me, so why don't you let me go to the construction site first!”

Qin Feng had a pensive look on his face, and Qin Yu was saying, “Dad, people Holander is more powerful than you, and they all believe in Master Ye, why don't you!”

The words caused Qin Feng to look slightly shaken, and finally he nodded his head, “Alright!!I can show you in!”

Haoden Ye was delighted at the news and followed Qin Feng into the construction site.

The building was still under renovation, and Haoden Ye swept his gaze over those workers on the construction site, every one of them looked listless and seemed absent-minded in their work.

The whole site had a deadly feel to it and there was a chill in the air.

Haoden Ye looked dignified, privately searching for the place where the black Qi was condensing.

Circling around the construction site, Haoden Ye found that the entire site was shrouded in black and red, and there wasn't a single place of origin.

In an empty place on the third floor of the building, Haoden Ye asked Qin Feng and the others to stop and said to Qin Feng, "Boss Qin, you guys take a break first, I need to do something!"

Qin Feng had an impatient look on his face as he said, "If you can't find the problem, don't look for it, I have things to do!"

Smiling slightly, Haoden Ye said, "Don't worry, it won't take long to delay!"

After saying that, Haoden Ye didn't continue any nonsense, slowly closed his eyes, felt the coldness in the air around him, and made a silent wish.

"How to dissolve the fury here!" Haoden Ye told the koi fish.

"A place where the earth's energy is abundant, but it has been destroyed, causing the earth's energy to leak out and the evil spell to channel into fury, need to find the spell and break the evil spell!" The koi fish sounded in my head.

Haoden Ye was slightly surprised!

Places where the earth is abundant are often good for the people above ground.

He had carefully observed the feng shui pattern of the vicinity, it was just an ordinary business district, how could it have an abundance of geomancy.

He was just having doubts when the koi fish's voice resounded again, "The above ground feng shui pattern is ordinary, and the underground feng shui pattern is superior!"

Haoden Ye suddenly realized that feng shui was also divided into above ground and underground.

In some places, there are more underground cavities, abundant underground water and more gentle rock formations, which makes the feng shui pattern better and easier to accumulate ground energy.

In other words, this is actually a blessed land, but it has been misled by an evil spell.

Understanding this, Haoden Ye opened his eyes and looked at Qin Feng, "Boss Qin, have you offended anyone recently!"

Qin Feng's face flickered with anger at the words and snorted, "I'm a businessman, how dare I offend anyone, don't talk nonsense!" He said he grunted, "Is Mr. Ye not able to find the problem and come to find my problem!"

Smiling slightly, Haoden Ye didn't have any nonsense, his gaze swept around and his heart wished to the koi fish, "Find out the evil spell incantation!"

A white bubble disappeared, and in Haoden Ye's eyes, things around him became transparent and several incantations appeared.

Chapter 286

Without any unnecessary nonsense, Haoden Ye walked directly to a wall and pointed at it, "Can Mr. Qin have someone open this wall!"

"What! Do you have any idea how much workman's time and materials it took to tear this wall down, having just been repaired?" Qin Feng's face darkened as he heard.

Two sentences to have him tear down the wall he just repaired, isn't that asking for trouble?

“When Mr. Qin dismantles this wall, he’ll know I’m telling the truth!” Haoden Ye was busy explaining, “There’s an incantation inside this wall! If it’s opened without, I’ll pay you for the money, and I’ll even let the Hongs do the publicity for you for free!”

“Dad, Master Ye has said so, just say yes, it’s just a wall, it won’t take long to rebuild it!” Qin Yu always hoped that Haoden Ye was right, so that he was still useful in his father’s eyes.

With intense impatience flashing across his face, Qin Feng hesitated for a moment and finally nodded, “Alright, don’t forget what you promised me!”

With a snort, Qin Feng greeted the two workers over and began tearing down the wall.

The two workers looked very ugly as soon as they heard that they were going to tear down the newly repaired wall.

Qin Feng didn’t explain why, and they thought that Qin Feng thought that the wall they had built was bad.

“Bang! Bang!” A worker with a hammer hit the wall hard.

The walls were rapidly cracking, scattering concrete and crumbling bricks.

With one hand covering his nose, Qin Feng began to regret his decision.

“All right!” Haoden Ye was afraid that the worker had destroyed the charm and quickly pulled away the worker who had smashed the wall.

“Boss, you told us to break it open, didn’t you?” Another worker complained unhappily.

“If I tell you to work, you work. What’s all this nonsense?”Qin Feng snorted coldly and looked over at the shattered wall.

As far as the sight could see, where was the talisman that Haoden Ye was talking about?

A touch of anger flashed across Qin Feng’s face as he turned his head to Haoden Ye, “Mr. Ye, where’s the incantation you were talking about before?”

“What?Charm?”At his words, both workers looked surprised.

A worker with an angry face said, “Boss, you believe this kind of talk, I personally supervised the repair of this wall, where is the charm?”

“What age is this, and people still believe this!”Another worker also complained.

Ignoring their words and looking over the wall, Haoden Ye was also very strange.

He had just seen a charm on the wall, but it was gone after the workers removed it.

“Mr. Qin, I may have misjudged it!”Haoden Ye revealed an apologetic look and said, “Why don’t you let the workers try in a different place!”

Qin Feng finally couldn’t help but become furious and pointed at Haoden Ye and said angrily, “Mr. Ye, what do you think I am doing here, you can just smash it if you say so!”

“Dad, don’t be mad, one wall is smashed anyway, so wouldn’t two or three be the same?”Qin Yu quickly persuaded his father.

“Stinker!” I don’t want Qin Yu to open his mouth, Qin Feng instead became even more angry, turning his head and pointing at Qin Yu angrily, “You’re out there every day to do whatever you want, your mother and I have long given up on you, but I can’t imagine that you’re becoming more and more excessive, bringing trouble to the house!”

“Dad...I...” Qin Yu had an aggrieved look on his face, but he couldn’t mention any meaningful resistance to his father and lowered his head, “I also want to help you!”

“Mr. Qin, this is the last time, I’ll personally smash it!” Haoden Ye spoke respectfully to Qin Feng, “You believe me for the last time!”

Although Qin Feng was in full fury, he still had some sense in his heart and knew that it wasn’t good to completely offend Haoden Ye.

After thinking about it, Qin Feng snorted coldly, “Good! Mr. Ye, this is the last time, and you should know that there is a limit to my patience!”

Nodding lightly, Haoden Ye lifted the hammer and walked towards one wall.

“Boss, we worked so hard to build the wall and you let him smash it like that?”

“Mr. Qin, how can you trust such a person, he’s a liar!”

The two workers suddenly complained to Qin Feng.

Ignoring these people, Haoden Ye walked to the wall and raised his hammer, intending to smash it down.

Just as he was about to smash down, Haoden Ye’s heart suddenly moved.

He had just seen that the charm was inside the wall, but after smashing the wall, the charm was gone.

Could it be that you're thinking wrong and the spell isn't inside the wall, but outside of it?

So the workers broke the spell when they smashed it, and they couldn't see it?

Thinking of this, Haoden Ye put down the hammer again.

Seeing his actions, Qin Feng and the others frowned.

Haoden Ye found a shovel from the ground and began to snap it up on the wall.

Soon the white walls were buckled down and a splash of red appeared in plain sight.

The two workers were also very strange as Qin Feng's color changed slightly and he quickly walked to Haoden Ye.

"Weird, why is it red in here, it's supposed to be all concrete!"

"Yeah, I don't remember adding any other materials!"

Both men are professional workers, so they know the construction of the walls very well.

Soon the walls were buckled down in more and more places, and a charm appeared in full view.

"Oh my god, what's going on, why is someone drawing charms in there!"

Both workers were terrified, and the charm gave a weird feeling that sent chills down their spines.

“What...what’s going on here!”When Qin Feng saw these charms, his face changed completely, and he turned his head to question the two workers.

The two workers who knew what this was about shook their heads.

“Don’t worry, Mr. Qin, there are other charms here!”Haoden Ye stopped Qin Feng, walked to the next charm and dug it up with a shovel.

“Mr. Yeh don’t move yet!”Qin Feng frowned and walked up to Haoden Ye, “Is this what you said, the thing that gave me bad luck?”

Haoden Ye nodded lightly, and Qin Feng’s face showed a sullen color.

He had never believed in such things as feng shui, but actually seeing these charms still gave him a chill down his spine.

“Well, there are hundreds of these charms upstairs in this building, with enough power to point bad luck at everyone here!”Haoden Ye nodded with a pale face.

The crowd was chilled at the news!

“So... then I’m not also under a spell?”Qin Yu’s face was pale.

“Well, if you enter here, you’ll get hit, and even if you don’t stay here, you’ll get hit if you pass by, and if you stay here long enough, you’ll bring bad luck to your family when you go back home!”Haoden Ye continued to explain.

At his words, the two workers paled.

“Don’t talk nonsense you man, I’ve seen those ghost drawn talismans on TV, which aren’t that powerful!”

“Yes Mr. Qin, don’t believe him, maybe this person hired someone to do these things, I watched someone else paint this wall, how could someone paint a spell!”

Chapter 287

Haoden Ye didn’t retort, but looked at Qin Feng.

Qin Feng also thought in his heart that it might be Haoden Ye’s handiwork, but on second thought it was unlikely.

First of all, is there a need for a master like Haoden Ye to lie to himself?

The second is that he doesn’t believe that someone could do something so secretly and quietly paint charms on the walls of his construction site.

After some thought, Qin Feng finally decided to trust Haoden Ye, and even spoke politely to Haoden Ye, “Master Ye, what do you think we should do now!”

Haoden Ye took in Qin Feng’s previous appearance, but he didn’t care, instead he smiled slightly and said, “Don’t worry, Mr. Qin, I just need to spend some time to break the evil spell here!”

Qin Feng’s brows furrowed at the sound of this and he said in confusion, “I can just have these things wiped off”

“No!” Haoden Ye gently shook his head.

He'd gotten a lot of information about charms from the koi fish and knew that where a spell had been placed, it wasn't just a matter of erasing it.

Evil qi stays in place for a long time before it dissipates, and some even condense without dissipating.

So in order to completely remove the evil spell here, you also need to remove it with a ceremony.

"The most important thing now is not how to undo the evil spell, but to figure out who actually put the spell on, or he'll write it again even if it's erased!" Haoden Ye looked dignified.

Upon hearing Haoden Ye say this, Qin Feng's face looked heavy.

"So I just asked Qin if he's offended anyone lately or not!" Haoden Ye looked at General Manager Qin in confusion.

A flash of panic flashed in Qin Feng's eyes, and his lips moved as if he wanted to stop speaking.

The two workers looked at each other as if they knew exactly what was going on, but neither dared to speak.

"Mr. Qin, if you don't tell me, this matter won't be resolved!" Haoden Ye's gaze gradually gathered and was very sincere.

"This..." Qin Feng looked embarrassed, looking like he still didn't want to say anything.

The last two workers couldn't stand it any longer, and one of them said, "Mr. Ye you don't know, we've had a fight here recently!"

“Oh?” Haoden Ye looked at the man in surprise.

Another worker couldn't help but speak up, “This place was previously contracted to another engineering team, and because General Manager Qin wasn't satisfied with their work, he terminated their contract and replaced it with one with us, but the gang wasn't happy and came to cause trouble, and General Manager Qin called the police to arrest them all!”

Haoden Ye looked faintly moved when he heard this, a small engineering team, would a senior person cast such a vicious spell?

Based on recent experience, the more powerful the spell, the greater the backlash, especially with this kind of evil spell.

Also, the spell was not something that an ordinary person could cast.

Is that kind of power to be mixed in with a small engineering team?

“Is there no one else but them?” Haoden Ye looked at the two men in confusion.

“We don't know anyone else but them!” Both workers shook their heads and together they turned their attention to Qin Feng.

Qin Feng gave a big, bitter smile and shook his head, “There doesn't seem to be anyone else but them, and although I don't consider myself a great good person, I haven't offended many people!”

At this point, his face gradually became bitter, “By the way, this is not an offense to them, I originally hired them to do this project, but then another one quoted a lower price and the materials were even better than theirs, I am a businessman, so I naturally choose the one with less cost and better quality!”

“I later found out that this current engineering team was actually losing money to do the job, the two had been competing viciously, and then they had a big fight on the site, and even though I called the police, I didn’t want it to get any bigger!”

Haoden Ye’s brows furrowed, he still believed in Qin Feng’s words.

If he wanted to lie, he could have just told the lie just now, so why act like he wanted to stop talking like that.

Yet doesn’t that mean his trail is broken?

“How about this, I’ll help you guys get rid of the evil spell first, the place is temporarily shut down, and the person who cast the spell will definitely cast the spell again if they find that the evil spell has been removed here!” Haoden Ye thought for a moment, but decided to wait for the other party to make the first move.

General Manager Qin’s brows furrowed at the news, and with a slight sigh, he said with a bitter smile, “I’m projecting several hundred thousand here, there’s no delay!”

Seeing that he looked embarrassed, Haoden Ye mentally smiled bitterly.

Suddenly, he thought of something and intoned, “If Mr. Qin is afraid of taking too long, why don’t you sell this land to me, I’ll buy it at a price equal to the surrounding land, and I’ll also count the money you’ve spent on the project these days!”

Qin Feng had long had a headache about this place, and when he heard that Haoden Ye wanted to buy his land, he was overjoyed.

Of course, he also wondered if Haoden Ye had already counted his land and used these charms to make himself paranoid.

But when he heard Haoden Ye say that he wanted to buy his land for an equal price, and even pay for the project, the only remaining doubts in his mind were gone.

Haha laughing, Qin Feng excitedly shook Haoden Ye's hand and said, "Mr. Ye, how can this work, I won't take the project payment, it's just a few million, it's your reward for helping me!"

A few million was really no matter to him, and if he had to keep the land to himself, I wonder how long the delay would be.

Hundreds of thousands a day, millions in ten days, and if it's more than ten days, he's losing more than he is now.

"Of course not!" Haoden Ye shook his head very seriously and said, "I still have to pay you for the project, you stop the workers today, I'll bring them to sign the contract tomorrow!"

Qin Feng still had to make excuses, but when he saw the resolute look on Haoden Ye's face, he finally nodded his head.

"And also, your friend Mr. Chu there, please bring him here as well, and I'll help you lift your bad luck!" Haoden Ye smiled.

After everyone went downstairs, Qin Feng immediately told everyone to stop working and the workers to go back to their respective homes.

Qin Feng was still unsure and had the gate to the construction site locked as well, and the two of them agreed on a time for Qin Feng to leave with his men.

"Mr. Qin, before I leave, I have one more thing to say!" The two of them, Qin Feng and Qin Yu, were just about to take the car Haoden Ye called out to them.

“Mr. Yeh, you’re not going back on your word!”Qin Feng’s face changed slightly and he quickly said.

“Of course not, I just had something I wanted to say!”Haoden Ye thought about it and looked at Qin Yu before saying, “Although Qin Shao is usually a bit more playful, but this time, he spent a lot of effort to invite me here, I hope that Mr. Qin won’t be too harsh on him in the future, otherwise he will be even more difficult to achieve great things if he is afraid of the future!”

Hearing Haoden Ye’s words, Qin Feng subconsciously looked at his son.

At the sight of his father, Qin Yu’s neck cowered, a look of fear on his face.

When Qin Feng saw his son’s fearful appearance, he mentally sighed and nodded, “Thank you Mr. Ye for reminding me, I remember!”

Chapter 288

Everyone left, and Haoden Ye went back inside the building.

The building is some years old, and although it has been partially renovated, the overall look is still dated.

Taking a deep breath, a chill entered my nostrils.

The fact that the air was so chilly on this hot day showed the power of this evil spell.

“Koi fish, how should I undo this evil spell!”Haoden Ye made a silent wish in his heart.

“The Evil Curse is too powerful, it needs the Great Purification Curse!”Haoden Ye’s koi fish voice sounded in his head: “Consume an orange bubble!”

“Good, teach me this spell immediately!” Haoden Ye told the koi fish.

The method of casting the Great Pure Sky Mantra immediately appeared in his mind, however Haoden Ye who had learned the Great Pure Sky Mantra was not in a relaxed mood at all.

The Great Pure Heaven Mantra, as the name implies, is a magic spell that can completely purify evil spirits in a certain area.

The magic spell itself wasn't difficult to learn or perform, but the amount of merit it required to expend was very high.

The amount of merit expended varies depending on the area of influence of the spell and how powerful the evil spirit is.

And with his current state as a koi fish, casting this spell would be an immediate holocaust!

Last time, Figmen Lin also said that his koi fish would transform by accumulating merit, so perhaps he wouldn't immediately encounter a heavenly calamity if he cast the Great Pure Heaven Mantra in the future, but not now.

Silently urging the spell in his heart, Haoden Ye began to purify the evil spirits here.

A golden light gradually enveloped around Haoden Ye's body, and soon the golden light grew larger.

And at the same time, the air around Haoden Ye was agitated, and the wind gradually sounded.

In the sky, a huge dark cloud gradually formed, condensing little by little.

“This day is getting so fast!” Pedestrians passing by the construction site look at the dark clouds in the sky and look surprised.

“It was sunny just now, why is it cloudy all of a sudden!”

The voice kept ringing in his ears, but Haoden Ye didn't dare to pay attention to it.

The clouds in the sky were growing thicker and heavier, faintly thundering.

“Dad! Look in the sky, it's thundering!” Inside the car, Qin Yu looked at the black clouds in the distance and his face changed dramatically.

Did he clearly see that the thunder was not on his own site?

Turning his head, Qin Feng saw the construction site from afar, and his face also changed.

It was sunny just a moment ago, how could it suddenly be cloudy?

Even if it's cloudy, it's still thundering. Is that normal?

Originally, he still had doubts about this matter, but now it seemed that what Haoden Ye said was true.

“Thank goodness I bar out early, now I don't have to worry about it!” Slowly relieved, Qin Feng secretly clenched his fist, “No, some other day I'm going to hire a mage and get some protection, ghosts and gods can't believe in all of this, but they can't be disbelieved either!”

“Break!”

Inside the construction site, Haoden Ye shouted, his body glowing with golden light!

Even outside the site, buds of flesh were visible, a golden light shining.

Golden light condensed around Haoden Ye's body, then spread out like an explosion.

The incantations printed on the walls of the building were illuminated by golden light and instantly dissolved!

Boom!

At the same time, a bolt of lightning descended from the sky and a roaring sound was heard.

The roaring sound bar buzzed the cars around the area, leaving the pedestrians dumbfounded.

"Damn, this family is too unlucky to have been hit directly by lightning!"

Seeing the lightning strike the build, many people began to sob.

And inside the construction site, the moment lightning fell, Haoden Ye was shaken.

Severe pain spread throughout his body, causing his body to nearly fall apart.

And that's when an orange bubble disappeared.

Haoden Ye understood that the lightning bolt just now was enough to kill him.

“Amazing, if I didn’t have some merit, I’d be dead by now!”Mentally sighing, Haoden Ye mentally mused.

And by this time, the spell on the building had been completely removed.

In the sky, the dark clouds gradually dissipated and the sky was clear again in the blink of an eye.

I’m afraid such bizarre weather is rare in a hundred years, and many people were stunned to see it.

Slowly, Haoden Ye opened his eyes and pulled out a few silver needles to stick in his body.

Despite the protection of the koi fish just now, Haoden Ye’s body still suffered some damage.

Taking a deep breath, Haoden Ye sat on the ground, waiting for the Xuanjiu needle to work.

It was at this time, however, that a warm current surged up from the ground.

The warmth flowing through his body seemed to enhance the healing effect of his Xuanjiu needles.

It took less than ten seconds for him to recover.

“What’s going on?”Haoden Ye opened his eyes and looked at his hand in a bit of disbelief.

The warm currents were still surging, and a purple light appeared above the construction site where Haoden Ye was.

This light condensed without dissipating, hovered in the sky, then landed on the ground.

And at the same time, a violet energy surged underground and merged with the violet energy falling from the sky!

“Is this the power of the Blessed One?” Haoden Ye’s heart was pleasantly surprised.

Leaving the construction site, Haoden Ye hurriedly went to Shengwen International Company.

At the entrance of the company, the security guard saw Haoden Ye and rushed out of the security booth.

After the last incident, they already knew that Haoden Ye was the biggest shareholder behind this company.

The boss is here, why don’t they go out and welcome him?

“Don’t bother brothers, I’ll be back in a minute!” With a slight smile, Haoden Ye greeted the security guard back.

Entering the company, all the staff were very fearful of Haoden Ye, making Haoden Ye a little uncomfortable.

“Mr. Shen, your husband is here!” Maya Shen’s assistant saw Haoden Ye coming from afar and quickly knocked on Maya Shen’s office door.

“Huh? Haoden Ye is here!” Maya Shen was somewhat surprised.

Ever since learning that Haoden Ye was the largest shareholder of this company, Maya Shen’s status in the company had risen.

It's just that Li Mingsheng's prestige in the company is not as good as Maya Shen's, who let the company belong to someone's husband?

Li Mingsheng is also very sensible, seeing this, he simply taught all the company's business to Maya Shen, which is like cultivating Maya Shen as the future heir of the company.

Hearing that Haoden Ye was here, Maya Shen was surprised and subconsciously got up to go out.

"Oh, Shen can see her husband every day when she comes home, why is she so anxious now?" When the assistant saw Maya Shen's appearance, she puffed out a smile and poked fun.

"Dead girl, how many times have I told you, in private we are friends, but during working hours, it's a superior and superior relationship, give me some seriousness!" Maya Shen's pretty face reddened slightly and gave the assistant a fierce stare.

Giggling, the assistant gave her a teasing look and hurried away.

"What, you're buying a piece of land, or downtown?" Hearing Haoden Ye's intentions, Maya Shen frowned.

She really didn't believe that Haoden Ye had a talent for investing, even if it was the last time, it was only after Haoden Ye had been instructed by General Manager Wu to handle the situation.

Chapter 289

"Well, I have a very big use for this land, and if I use it well, I might be able to increase my herbal production!" Haoden Ye was busy making explanations.

“Even if you have to change the high traffic, wouldn’t it be good for you to choose a place close to the hospital?” Maya Shen immediately raised an objection: “Besides, I’ve heard about the land you’re talking about, that area is an old business district and is gradually being replaced by a new business district, you can’t buy that land now and the value of the land will decrease in two years!”

Maya Shen was also right, the land that Haoden Ye wanted to buy was in the old business district.

As we all know, the commercial focus has been changing as the city grows.

Even if you want to buy land, you have to buy land that appreciates quickly and the value wants, who wants to buy land in the old business district unless it’s cheap?

Qin Feng bought the land mainly because he was a website and didn’t need to be close to the city.

The land there is cheap and the houses around there are slowly dropping in price, and his own employee, Haoden Ye, is buying a house nearby.

With a bitter smile, Haoden Ye didn’t know how to explain to Maya Shen, and quickly said, “Maya, you’re right if you listen to me, although I don’t know how to do business, but I have my reasons for seeing that land!”

Maya Shen’s pretty face planked up, slightly recovering a few points of the female vice president’s momentum: “You have a reason to tell me, let’s make a decision together, you mention this matter to me like this, but also in the company to withdraw such a large sum of money, is not good for the company!”

Haoden Ye laughed bitterly again and thought for a while before saying, “Then I’ll be honest with you, this land is a feng shui treasure!”

Maya Shen was stunned, her brows furrowed.

At this time, the assistant walked in and poured a cup of tea for Haoden Ye.

“Thank you,” Haoden Ye was politely polite, not having the appearance of a major shareholder in the slightest.

The assistant got embarrassed and hurriedly said, “You’re welcome, Mr. Ye!”

After the female assistant left, Maya Shen also finished pondering.

Eyes falling on Haoden Ye, Maya Shen sighed, “I can agree to you buying this land, but the money has to count towards you borrowing the company!”

Haoden Ye was stunned, and thought to himself, “This is my company, how is taking money from a company still considered borrowing from the company?”

However, seeing the serious look on Maya Shen’s face, Haoden Ye could only smile bitterly and shake his head.

“Well, I’m borrowing this money!” Haoden Ye could only nod his head.

She signed the contract before Maya Shen took out a card and handed it to Haoden Ye, “There’s 200 million in this card, enough money for you to buy the land!”

Haoden Ye heard the surprise in his heart: “You actually have so much liquidity in your hands, is the company very profitable these two days?”

You know, although he has invested a billion dollars in the company, it takes a lot of money to support the operation of such a large company.

Together with the money running in the project, etc., the liquidity of a company of his size is more than 100 million.

Of course, if all the money comes back at the end of the year, it would be easy to recoup a 300-500 million dollars.

“It’s okay, the \$200 million was supposed to be invested in other projects as well, so taking it to you is considered an investment!” Sighing slightly, Maya Shen’s gaze flickered with a touch of loss.

Haoden Ye had a touching look on his face and held Maya Shen’s hand, “Maya, don’t worry, I’ll pay back the money as soon as possible!”

That sounded a bit weird, the company was Haoden Ye’s, and of course the money was Haoden Ye’s, but Haoden Ye even wanted to pay himself back!

Taking the money, Haoden Ye left the company.

“Mr. Shen, your husband is so nice!” As soon as Haoden Ye left, the assistant entered Maya Shen’s office.

“Well?” Maya Shen was distressed over the investment funds that had just been rushed to Haoden Ye for a few projects, and raised her head in confusion at the words.

“This company is already owned by your husband, but he spends money and has to talk to you about it!” The assistant had a sigh on her face.

“The company is his, but he’s taking money from the company, so of course he’s going to talk to me!” Maya Shen took it for granted.

In her understanding, although the company was Haoden Ye’s, the company’s money belonged to the whole company.

“Shen didn’t understand what I meant!”The assistant continued with a slight smile: “Look at the shareholders of our company, which one of them want to spend money to discuss with their wives?Your husband consults with you, it’s respect for your work!”

“All men nowadays think women are subservient, especially rich men. Who takes women seriously?”The assistant looked impressed and said, “You let those shareholders spend their own money and still have to give their wives IOUs, see if they want to?”

Hearing her words, Maya Shen’s mind suddenly moved.

She’s a vice president of the company, so when she thinks about things, she’s always thinking from the vice president’s perspective.

And, in her subconscious, she didn’t even consider Haoden Ye as part of the company, never took Haoden Ye seriously!

It never occurred to her that every order she was giving and every money she was investing now was actually Haoden Ye’s money!

Thinking of this, the unhappiness in Maya Shen’s heart gradually dissipated.

Now that I think about it, what she just did was a little too much.

“Yeah, I get it!”Maya Shen returned to her seat and smiled slightly at her assistant.

“Hehe, Shen is such a smart woman, of course she sees things much more clearly than we do, I hope Shen and Ye can love each other for the rest of their lives!”The assistant laughed hip-hop and left the office.

Time was running out, and Haoden Ye took the money and went to Qin’s place.

He also made a trip to a law firm to have a lawyer draw up a business contract so that things wouldn't fall apart.

The two men quickly signed a contract, and Qin resold the land and building to Haoden Ye.

Along with his cooperation contract with the engineering team was also transferred to Haoden Ye, that is to say, after the engineering team to renovate the building, is to cooperate with Haoden Ye.

Everything was agreed upon, and Haoden Ye transferred the money to Mr. Qin.

"Hehe, we're done talking about business, can Master Ye now help us dispel the evil spell you said!" After discussing the matter, Mr. Qin smiled hehely.

As soon as he got home, he heard that his wife was sick and was now in the hospital.

Things weren't great, but the condition kept recurring.

After what happened before, Mr. Qin was now 100% convinced of Haoden Ye.

It would be good for his family to ward off bad luck early.

"There's no rush on this matter, I've already dispelled the evil sneaks from the construction site, and now you and your family aren't in much danger for the time being, I still need some time to recover, and when my body recovers, I'll dispel the evil sneaks for you again!"

Haoden Ye also wanted to help earlier, but his body wouldn't allow it.

Every time you dispel an evil spirit, you will suffer the wrath of God.

Especially since he was casting the Great Pure Heaven Mantra, the Heavenly Plagues were especially terrifying.
