

The Return of the God of War [The Protector]

Chapter 2401 - 2405

First of all, everyone's various exercises are actually one thing in nature?

This is totally untrue!

A group of strong people at the forefront of the gods' list can't see it, but you can see it with more than 7,000 people on the quasi-shen's list?

Isn't this a bullshit?

A kindergartener came to educate a group of doctors?

What group of doctors can't see, you can see it as a kindergartener?

He also said that a group of doctors were too weak and would not understand it!

Isn't this a joke?

And the end of all exercises is destruction!

Will you encounter backlash after reaching a certain level? ? ?

Isn't this nonsense?

Now more than 90% of the people in the world are practicing the new era exercises.

But I have never heard of someone being backlashed...

you might say that you didn't get home!

But the top 30 powerhouses in the gods' list should all have practiced their respective techniques to the point of perfection, right?

How do you say this?

How come they haven't been beaten back yet?

How come it hasn't perished!

The two points raised by Levi Garrison are without logical basis at all.

It was all his personal imagination and convulsive words.

How does this make everyone believe?

Even if he is Levi Garrison!

Levi Garrison saw what everyone looked like, and knew that it was useless to say that for a long time.

Also understand that it is impossible to prove it now!

Said they would not understand it themselves!

In particular, the end of the major exercises is destruction, which is even more impossible to verify.

At present, Kirin (Qilin) and the others still haven't reached that level.

Levi Garrison also suddenly thought of another question-it seems that the top ten powerhouses in the gods list are not relying on opportunities or exercises in the new era.

For example, the dark gods before, such as the marshal of Tiance, such as Ye Wudao and his ilk.

They are not saying that they rely on the opportunities of the new era to gain improvement.

What they rely on is all their original techniques...

and Levi Garrison has observed that this is the case for the top ten or even the top twenty of the gods list.

It does not rely on these quick methods of the new era...

This actually shows a problem-the quick methods of the new era actually have an upper limit!

At most, it will be in the top 30 of the god list, and it will be difficult to move forward.

Basically, the limit of the quick method is more than twenty on the god list.

As for why Zoey was ranked in the top ten of the gods before, it was because she was honed by the dark god before.

It has little to do with the fast-track method of the new era.

Not right!

Levi Garrison suddenly thought of a serious problem!

Doesn't it mean that Kirin (Qilin) and the others have almost arrived?

They are almost on the edge?

The upper limit of this rapid success method is so high!

Basically it's over.

After going to the primeval forest this time, many people have made great progress, especially Zoey and his ilk.

But Kirin (Qilin) and Azure Dragon (Qinglong) are still hovering in their respective rankings.

They have not improved much.

It is enough to show that the limit of the quick method has been reached.

"Kirin, Tiger (Bai Hu), Xiao Feng, Xiaojian, you people are determined not to continue practicing! If you guys practice again, there will definitely be problems!"

“Others estimate that they are not at the limit, you are indeed fast!”

Levi Garrison turned to look at the God of War and Fan Shengnan. “And you two too! Stop as soon as possible! Otherwise, you will encounter a backlash!”

“This matter is extremely urgent! I can’t explain it to you for a while! But if you want to believe me! Give up immediately! I am saving you! I am not harming you!”

Levi Garrison said solemnly.

Fan Shengnan sighed and said, “Of course we know that you can’t harm us! But now you have no basis at all! Let us give up our respective exercises? Is this a bit unsatisfactory? I want a basis!” Shura God of War sneered “ Are you afraid that you won’t catch up with us, and deliberately said so badly that we give up?”

Chapter 2402

Azure Dragon (Qinglong) immediately said, “Asura God of War, my boss is definitely not such a person! He said that, there must be his reason! I decided to trust the boss once! I will not practice! I give up!”

Azure Dragon (Qinglong) said, everyone was stunned. NS.

Azure Dragon (Qinglong) unexpectedly gave up.

He chose to believe in Levi Garrison at the last moment.

Although this is Levi Garrison, his boss.

But this requires a lot of courage!

It is difficult to give up your own practice!

Seeing Azure Dragon (Qinglong)’s main mindset, Zhuque and Kirin (Qilin) also subconsciously expressed their views, choosing to believe in Levi Garrison and abandoning their own techniques.

Azure Dragon (Qinglong) stopped them at this time.

And secretly winked at them.

“Everyone must follow your inner thoughts! Don’t follow blindly! The boss believes him! But you have to make a decision based on the actual situation...”

Azure Dragon (Qinglong)’s words, everyone understood the meaning.

In fact, Azure Dragon (Qinglong) didn’t believe Levi Garrison’s words very much.

He has the same idea as everyone.

People who believe in Levi Garrison don’t believe in this matter of exercises.

Because there is no basis!

But now the boss begged them to give up.

Azure Dragon (Qinglong)’s IQ was very high, so he naturally didn’t want Levi Garrison to be embarrassed.

So he stood up and took the initiative on Levi Garrison’s side, unconditionally trusting him, and willing to give up the practice.

In fact, he didn’t want to!

But in order to alleviate the situation, not to embarrass Levi Garrison and not to embarrass everyone.

So he chose to sacrifice himself to save everyone!

He can give up the exercises without practicing, or even become an ordinary person.

But other people continue to practice, don’t give up!

I have to say that Azure Dragon (Qinglong)’s trick is very good.

Save everyone!

It won't make Levi Garrison feel embarrassed and lonely, and it won't make everyone feel embarrassed.

A fearless spirit!

Everyone cast their appreciative glances at Azure Dragon (Qinglong) one after another.

Really deserves to be the big brother!

Although Azure Dragon (Qinglong) is not the strongest among everyone, it is the one with the most control and leadership qualities.

He is making decisions on all matters!

"Boss, it's not that we don't believe you, but you have no basis! Azure Dragon (Qinglong) is on your side now! We can see, what problems do we have when we continue to practice?"

Kirin (Qilin) said one by one.

They will continue to practice the exercises.

See if there is a problem like Levi Garrison said, it will encounter backlash and go to extinction.

The Commoner Killing God also stood up, "Mr. Ye, you have pointed me! I can be regarded as an old world! But I really can't find the problem, your statement really has no basis!"

But Zhenger eight classics believe that Levi Garrison also has it. .

Wen Lei and Mia stood up at this time.

"We trust our brother unconditionally! We give up and don't practice!"

The two people didn't have as many ideas as Azure Dragon (Qinglong).

Just simply believe in Levi Garrison.

I believed in Levi Garrison before.

I still believe in Levi Garrison!

Levi Garrison felt more relieved when he saw this.

He also understood Azure Dragon (Qinglong)'s thoughts...

but he didn't want to watch his brothers, his apprentices were going to perish!!!

What if he can't control it and save them?

This is something he doesn't want to see.

No one in the room can die!

But now they don't listen to them, and they can't force them to do it.

"Let's do it! Does Kunlun Industry have a large-scale laboratory? You can convert various exercises into data and analyze them in a unified way! See if it is harmful? Just look at what I said."

Levi Garrison made a suggestion.

Maya Industry can do it.

As long as Kunlun Industry does it, it can be researched out.

"Is this really okay?"

Azure Dragon (Qinglong) asked.

"Yes! Collect everyone's exercises and convert them into data!"

Levi Garrison said. "no!!!"

Chapter 2403

At this time, a different voice came out.

Everyone looked over.

It turned out that Xiao Feng made the noise.

“Huh? No?”

Levi Garrison asked.

“The boss gave you our exercises, we have no complaints! But we can expose our exercises cards to others, no! This is equivalent to giving all our strengths, weaknesses and lives to others! We are not at ease! Even if it is Kunlun Industry!”

Xiao Feng said frankly.

“Yes, we don’t worry about giving everything we have to others! We are insecure! Don’t worry!”

Other people also expressed their opinions.

Kunlun Industry is not owned by Azure Dragon (Qinglong).

They are naturally uneasy.

Upon seeing this, Azure Dragon (Qinglong) immediately said, “Let’s do it! I will collect some more exercises from a few of our brothers and sisters, about one to two hundred. It should be okay if it is transformed into data research?”

Levi Garrison nodded, “It should be okay! The base is small, but the effect is definitely the same!”

“Okay, then we will prepare! Other people don’t have to worry!”

Azure Dragon (Qinglong) took Kirin (Qilin) and the others away.

Come outside.

Several people immediately asked, "Azure Dragon (Qinglong), do you really want to collect our exercises for research?"

"Do you really believe what the boss said?"

...

Azure Dragon (Qinglong) smiled and said, "Of course not! Only temporarily deceived." Boss! If I don't do this, everyone in the room will not agree. Where can I put the face of the boss?"

"So you first sacrificed to stand on the side of the boss, and then you agreed to the data analysis, all in order to stabilize the boss! "

Everyone exclaimed.

Azure Dragon (Qinglong) analyzes for everyone, "This is the case, we can't do data analysis and research! Because it is impossible at all! If there is a problem, with the strength of your god list, it must have been discovered early.

Not the boss. I found it! The boss has limited abilities now, how could he have penetrated to the end of thousands of exercises?

Otherwise, how could the boss only be ranked in the quasi god list more than a few thousand!!!"

Phoenix (Suzaku) asked worriedly, "Then if the boss knew We didn't do it at all. What should he do if he blames it?"

"Now I have given up everything, and I will concentrate on practicing only the basic exercises that the boss gave me! I don't care anymore. Once the boss is blamed, I will take everything. Take all responsibilities!"

Azure Dragon (Qinglong) said helplessly.

"Hey, it's because of you, Azure Dragon (Qinglong)! Sacrificing you alone to save all of us!"

Kirin (Qilin) patted him on the shoulder.

"It's okay! Among us, I have the lowest martial arts talent and the weakest strength. My sacrifice is worth it! You have to practice hard! Without me, you are still under a lot of pressure!"

Azure Dragon (Qinglong) smiled.

"Well, we will work hard! Practice our respective exercises to the limit! Let the boss see if the end of our exercises is perished!"

Everyone was very confident.

To prove it to Levi Garrison!

On the other side, Levi Garrison immediately began to give orders to the Bible organization in the name of the Dark God.

Let the one-third of the forces controlled by the Bible organization give up the exercises step by step.

But there are too many forces and numbers.

It's impossible to achieve it all at once.

You have to take it step by step.

Especially many people will doubt it.

For example, the Shura God of War of the Great Xia League and others would definitely not believe it.

And I have said this, if it is forced to come, it may make them suspicious.

Therefore, Levi Garrison did not give this order vigorously.

It was quietly letting the Underworld Gods implement it little by little.

It is also to prevent the "Laboratory of the Gods" or others from knowing.

Everyone gave up quietly, on the surface or externally, they said they were practicing.

As for the Daxia forces in the Daxia League, Levi Garrison thought for a while, but don't notify him for the time being. "What the hell are you doing?"

Chapter 2404

After everyone left, Zoey began to question Levi Garrison.

"Everyone kindly handed over all the exercises to you, so that you can quickly improve in your practice! But you are good, saying that practicing these exercises will be backlashed and destroyed. You are hurting everyone's hearts!"

"Look ! Watching Azure Dragon (Qinglong), in order to protect you, is willing to give up everything! Everyone is thinking about you. How about you? Do you think about it for everyone?"

Zoey dyed and stared at Levi Garrison.

Levi Garrison argued, "It is because I think for everyone that I let everyone give up! Otherwise, everyone will be backlashed and eventually perished!"

"You are completely nonsense, there is no basis at all! And you It is to persuade everyone from the perspective of the commanding heights..."

"But are you strong enough to stand on the commanding heights? Do you have that ability? Besides, there are problems with the cultivation method, so many powerful people will not find out by themselves? Did you find out? Have you read these exercises? Have you studied them?"

Levi Garrison nodded, "I spent a day and a night deducing all the exercises! I have deduced every one to the extreme, so I Said that all exercises are actually a kind of thing!"

"Just you???"

Zoey expressed deep suspicion.

These exercises, the unicorns ranked in the top dozens of gods, Xiao Feng and other super powers did not say that they have fully understood them and deduced them to the extreme.

You say that you are all six to seven thousand on the quasi god list to the extreme?

Isn't this a joke?

It's ridiculous!

It's absolutely impossible!

"Don't everyone believe me except Mia and Wen Lei? Do you not believe me or what I said?"

Levi Garrison said helplessly.

"I don't believe you, it is based on many factors. You have no evidence to persuade people, your strength is not strong!" "If you say that my master, the Dark God, deduces all the exercises to the extreme and analyzes them thoroughly! She said that all the exercises are actually in fact. They are all of the same kind. She said that the end of this technique is backlash and destruction! Then everyone must believe it! But your

strength and your current status, no one will believe it!"

Zoey said a fact. .

It was because Levi Garrison was not strong enough.

The status is not high.

What you say is not convincing!

"Okay!"

Levi Garrison looked helpless.

If he explained everything as the dark god now, everyone might give up.

But if it is really the ghost of the Gods Lab.

Then it will startle the snake.

It is estimated that it will cause a lot of trouble!

“Do you have any plans? You say this on purpose?”

Zoey asked curiously.

“What plan can I have?”

Levi Garrison was in a bad mood.

“I advise you to practice steadily, there are only eight days before our March period!”

Zoey wanted Levi Garrison to be more steadfast.

Levi Garrison ignored her.

Go straight outside and relax by yourself.

“Boom boom boom...”

Several figures suddenly appeared .

“Who can protect you from Levi Garrison this time? Die!”

It turned out to be Levi Garrison’s enemy.

After the virgin forest failed to kill him.

They have been following Levi Garrison to Daxia.

In fact, Levi Garrison always followed a lot of people.

Levi Garrison knew it a long time ago, but just ignored it.

Where does he have time to deal with some bugs... But

this time a group of people jumped out.

“Go away, I’m annoying! If you bother me again, kill them all!”

Levi Garrison said impatiently.

“We’ll just kill you!”

Everyone immediately rushed forward.

“Plap!”

“Plap!”

...

Levi Garrison was completely irritated, and after slapped him, none of the dozens of strong men remained.

It was all photographed into blood fog.

This small episode did not affect Levi Garrison’s continued walk.

Eight days passed in a blink of an eye.

It’s time for Zoey and Levi Garrison to come to the March period. At this time, everyone went to see Levi Garrison’s ranking and was shocked...

Chapter 2405

Can’t find it!

He is no longer on the list of ten thousand quasi gods!!!

Everyone looked at it dozens of times carefully, and there was no Levi Garrison’s name...

Everyone looked at each other, and at the same time, a thought flashed – Levi Garrison had withdrawn from the quasi god list.

In this day and age, a little slower progress is a step backward!

Because your competitors are too cruel!

They practiced day and night, improving like a rocket!

You practice slowly, even standing still.

Isn't this a step backward?

Sooner or later, I have to be eliminated!

In the new era, everyone can practice, and each one can improve rapidly.

God list and quasi God list may be updated in real time!

Everyone is not surprised that Levi Garrison has fallen out of the quasi god list.

After all, Levi Garrison has been practicing his past exercises most of the time.

As long as you practice past things, you are regressing!

Such as Azure Dragon (Qinglong).

This time he completely gave up his practice and chose to sacrifice himself to protect everyone.

In the past eight days, he started to practice what Levi Garrison taught him.

So Azure Dragon (Qinglong) has made no progress at all.

Strength stays in place.

Look at the top of the gods.

Azure Dragon (Qinglong) stepped back from 564 on the God List to 578!

In just eight days, it regressed so much.

Because the entire list of gods is improving all the time.

Once you stagnate, you must fall out of place.

Azure Dragon (Qinglong) looked at the rankings of the list and couldn't help but sighed:

"Hey! It is estimated that it is only a matter of time before I withdraw from the list

!"

Kirin (Qilin)'s subconscious way.

Seeing Azure Dragon (Qinglong)'s face ugly, Kirin (Qilin) realized that he had said something wrong.

Azure Dragon (Qinglong) shook his head: "It's okay! When I made this decision! This result was already expected!"

"As long as you stay steady or move forward!"

Everyone started to check their rankings, Kirin (Qilin), Xiao Feng and the others There was almost no difference before.

At most, go forward or back one or two.

All fluctuate within the normal range.

In fact, they didn't realize that almost everyone was at the limit.

It will be very difficult to estimate further up.

But they didn't realize this problem, and they thought it was very normal.

"Zoey! The 34th place in the god list!!!"

Seeing Zoey's ranking, everyone took a breath.

Too horrible, too exaggerated!

Three months ago, Zoey was just a man who was abandoned!

Three months later, he directly reached the 34th place on the God List!

And she is still moving forward!

This surprised the Kirin (Qilin) and them all!

Facing Zoey, they felt a deep sense of powerlessness.

It's no better than plum dye.

Too enchanting!

so horrible!

Not surprisingly.

Zoey can get back to the top ten on the god list again!

And the top ten of the current god list is different from the previous god list.

Not a concept!

It's too much.

"I remember the boss said before that our upper limit is just like this! No matter how difficult it is to move forward! No, my sister-in-law is soaring!"

"Yes, sister-in-law is now practicing things from the new era..."

someone said.

But what they didn't know was that Zoey was because the dark god laid the foundation and tempered her enough.

The quick method also had an impact on her, but after all, it did not have such an impact on Kirin (Qilin) and the others.

"Don't listen to his nonsense! His words do not represent authority!"

Zoey said.

"Sister-in-law, you are ranked thirty-fourth this time! The old Dalian quasi god list has all fallen out. This time you can defeat him severely! I feel ashamed for the boss!"

"Yes! This is the deepest for the boss!" Shock! He will hide in shame, right?"

...

everyone laughed.

"Go, let's find him!"

Zoey was about to find him .

"Hold on! Look at it!!!"

someone exclaimed.
