

The Return of the God of War [The Protector]

Chapter 2406 - 2410

Ah? What are you looking at? What's the matter?"

Everyone stopped and turned to look at Phoenix (Suzaku) in a daze.

Phoenix (Suzaku) suddenly pointed to the last name on the god list!

"Everyone, look at the name of the boss!!!"

Everyone looked over.

Sure enough, at the end of the god list, the name of the thousandth place turned out to be Levi Garrison!!!

"Boom!!!" At

this moment, everyone was struck by lightning.

Everyone looked carefully and repeatedly confirmed.

It's Levi Garrison's name!!!

Everyone clicked on the name again, and all the information was presented!

This is the Levi Garrison they are familiar with!

That's the man!

There are also reasons for Levi Garrison to be on the list-a few days ago, that is, eight days ago. Levi Garrison used his own power to kill the six powerhouses in the top 100 and the 14 powerhouses in the top 300.

The key is that of the six top 100 quasi gods, three of them are directly in the top three.

That is, the top three substitutes of the god list!

Levi Garrison killed them all, so he ranked the thousandth on the god list.

Reasonable!

No one knows about it.

I don't even know when it happened.

Even Levi Garrison didn't know it.

At the beginning, when he was forced into anxieties, Levi Garrison had no choice but to take a shot and filmed all of them to death.

Never thought that this scene would be seen.

As a result, a new assessment of his strength was carried out, and the ranking rose.

Come directly to the god list!

Even if Levi Garrison controlled one-third of the power organization, it was useless.

Besides, he himself doesn't know yet...

"This..."

Everyone was stunned.

Is this the boss they know?

How short is it like sitting on a rocket...

"If I'm not wrong, ten days? Ten days ago, the boss was still on the quasi-shenzhen list six thousand and seven, and now he is directly on the gods list? This span is enough. There are six to seven thousand people! How did he do it?"

Tiger (Bai Hu) asked sharply.

This question is also a doubt in everyone's mind.

"Yes, how did you do it?"

Everyone looked at each other.

At this time, Xiao Feng suddenly became happy: "I know where the problem is? Ten days ago, Master suddenly collected the exercises of all of us and studied them for a day and a night! Then he told us that this exercise cannot continue. Practice again..."

Xiao Feng reminded.

Everyone reacted immediately.

"In other words, since then, the boss has actually studied our exercises for one day and one night!"

Azure Dragon (Qinglong) said.

"Yes, we underestimated the boss at the beginning. I think he is a quasi-skilled player who is ranked thousands of people, how could he thoroughly study our advanced techniques in a short time!

Don't forget! The boss is a peerless genius! He was talented before! Above all of us, it is far from what we can compare!"

"He can definitely do it day and night! Absolutely can penetrate the exercises! Now he is on the list of gods is the best example! He has this strength!"

... ..

Everyone said one after another.

"Haha, I said before that once the boss gets serious and practices the exercises of this era, he will reach the peak as quickly as possible! I was right? The pace of progress of the former King Tianjiao, do you feel it? "

Kirin looked excited.

“Hiss!”

Everyone gasped, seeing how terrifying Levi Garrison was.

Said it was ten days.

In fact, it is less than two days!

It took just one day and one night to study the exercises of the new era with all his strength, and he reached such a field.

This is definitely a genius among geniuses!

It can completely crush plum dye!

“The boss finally got the hang of it! He finally made progress! Waiting for this moment, too long, too long!”

Everyone was extremely excited.

Isn't this what everyone wants?

After waiting so long, just waiting for him to take off.

“But I have a question. Why does the old meeting say that the exercises will backfire and perish?”

Chapter 2407

Phoenix (Suzaku) asked a very sharp question.

“Does the boss really understand all of our exercises, and everything he says is true?”

...

Phoenix (Suzaku) said .

Everyone fell silent.

A long silence.

I really don't know how to explain this problem for a while?

Zoey said: "I think he is afraid that we know that his exercises are specially used to cover up, right? He guesses that he also understands in his heart that we will not believe what he said! Let alone believe that the exercises will be reversed. The end is perishing..."

He said so, do it! He wants to let all of us know that he hates our exercises! He doesn't want to practice our exercises! This way all of us will naturally not think that he is practicing our exercises. That's it!"

Zoey explained.

Everyone understands.

This is Levi Garrison deliberately creating an illusion.

In fact, he has been practicing...

"If you don't believe me, let's go to the place where Levi Garrison retreats!"

Zoey led everyone to the basement where Levi Garrison retreats.

I saw that the table in the basement was filled with the analysis of the techniques of all of them... There

were papers everywhere, densely packed...

Everyone was shocked when they saw it.

It turns out that Levi Garrison has been studying.

And this analysis, this insight... terrible!

He is really thorough!

More thorough than each of them understands!

Really deduced every exercise to the extreme...

If it weren't for his own strength, he couldn't hold it!

Otherwise, in the shortest time, I'm afraid that Levi Garrison can rise to the strongest level.

The top three on the list of gods cannot be overstated.

"I see! The boss said that thousands of exercises are actually one kind! I think he meant to integrate thousands of exercises into one's own thing!"

"Look for yourself, the boss does so much. Analyze, every subject is deduced to the extreme, isn't it just to integrate everything?"

Kirin (Qilin) laughed.

They had predicted Levi Garrison's path of cultivation before.

It will merge all their disciplines together and become their own thing.

It was just that the Li and Zhao family divided up the exercises.

"That's it! He quickly integrated all the exercises into his own thing! When we found out that he practiced, there was no evidence! At that time, the things he created by himself had nothing to do with us!"

They analyzed everything clearly.

All in a good mood.

After all, he has created his own exercises and has entered the gods list.

They are more excited than anyone else.

They saw everything they wanted to see.

“Believe it or not, I will pierce him later, and he will definitely say that he is practicing his previous basic exercises?”

Zoey smiled.

“Yes, that’s for sure! Master (the boss) will definitely answer that way!”

Everyone laughed.

“Then Azure Dragon (Qinglong) will continue to sacrifice himself and cooperate with the boss?”

someone asked.

“No need, right? Everyone knows the truth!”

Most people don’t think they need to continue to sacrifice themselves to cooperate with Levi Garrison’s exercise.

Azure Dragon (Qinglong) shook his head: “No, for the sake of the boss’s steady cultivation, don’t expose his lies! I continue to sacrifice myself, it doesn’t matter! Anyway, you can protect me!”

“And sacrifice me, and return the boss for the king! Worth it!”

Everyone was moved by the fearless spirit of Azure Dragon (Qinglong).

But Azure Dragon (Qinglong) is the leader and the brain in the team!

He is not the main combat power.

So it doesn’t matter!

After everyone came out of the basement.

I saw Levi Garrison coming back from outside.

Seeing everyone there, Levi Garrison didn't feel much shock.

After all, today is the three-month period for him and Zoey to bet.

Come compare who has made more progress than these three months...

"The period of March is here...Come on, I lose!"

Levi Garrison said.

Chapter 2408

"No, you actually won!"

Zoey suddenly said, making Levi Garrison stunned.

"I won?"

Levi Garrison looked incredulous.

"Aren't you in the top dozens of the gods list? How can my quasi gods list a few thousand can compare to you?"

Levi Garrison asked in confusion.

"No, Master, you are not on the quasi god list!"

Xiao Feng reminded.

Levi Garrison smiled bitterly, "Look, I even fell out of the quasi god list, how can I compare with you?"

"But master, you are on the god list! Although it is the end, it is also the god list!"

Xiao Feng said. .

Levi Garrison was shocked.

Are you on the gods list?

What happened to those guys?

“Boss, you secretly killed a group of super powers in the quasi god list, and you didn’t tell us! Your strength is okay!”

Kirin (Qilin) and others smiled.

Levi Garrison just remembered the weak chickens who slapped them to death that day.

Actually a little capable?

Push him directly to the position of the gods list?

“Master, have you secretly practiced the exercises we gave you? You have improved so fast because of our exercises, right? Have you finally tasted the sweetness of the new era exercises? Cool! You are directly on the list of gods!”

Xiao Feng asked deliberately.

Levi Garrison shook his head, “No! What I have been practicing is the basic exercises from the past! You all know it!”

“Hahaha...”

Hearing this answer.

Everyone laughed.

Sure enough, it was in plum dye.

Levi Garrison didn’t admit it, and what Zoey said was the answer.

“Huh? Can’t the boss? You practice the basic exercises in the past, you can directly become the strongest of the gods?”

Everyone said that they didn't believe it.

Levi Garrison sneered, "Azure Dragon (Qinglong) keeps practicing, and finally can beat the second punch to death!"

"Haha, isn't it? Come on, Azure Dragon (Qinglong)! Try to kill the second punch!"

Everyone began to laugh. Azure Dragon (Qinglong).

Now Levi Garrison's answer is exactly the same as the previous analysis and prediction.

He refused to admit it.

I will only say that I am practicing the previous exercises!

"As for you, I'd better give up the exercises as soon as possible and practice the basic exercises I gave you like Azure Dragon (Qinglong)!"

Levi Garrison warned seriously.

"Well...we must..."

Everyone agreed.

They felt that they were cooperating with Levi Garrison in acting.

You are practicing yourself, and you told us not to practice...

Everyone laughed hard, afraid that they would laugh out loud.

Everyone looked through Levi Garrison...

Everyone said in their hearts-Boss, just continue to pretend! We all know everything!

When Levi Garrison saw everyone suffocating, he thought that everyone didn't believe it.

He hurriedly performed a few tricks, which shook the ground.

“Let’s take a look, does this have anything to do with your practice?”

Levi Garrison wanted to prove it for himself.

Everyone shook their heads in unison, “No!” But what

everyone thought was – you have integrated thousands of exercises and become your own.

It will definitely leave no traces!

How could we see...

Levi Garrison didn’t know what everyone thought, let alone that they had analyzed it.

So they all think that he is secretly practicing the new era exercises, just hiding it.

“It’s okay, keep going! Come on! You guys too! Don’t want to be overtaken by your old master, so rush to practice!”

Zoey left everyone.

Levi Garrison didn’t care too much.

He is investigating recently unearthed ancient ruins, the land of ancient civilizations.

This is where the Kirin (Qilin) and the others get their adventures and exercises.

These places are the most direct.

Maybe you can find clues in the laboratories of the gods, or even direct evidence.

“The first step seems to be in Daxia!”

Levi Garrison left Jiangbei, wearing the mask of the Dark God, he was going to Daxia League.

Join them to go to the ancient ruins of Zhao...

"I have been waiting for you for a long time!"

Halfway through, one person blocked the way!

Chapter 2409

Strong!

Super strong!

It is even said to be the strongest opponent Levi Garrison has ever encountered!

Levi Garrison has encountered him so far, and he can really be regarded as an opponent.

Actually not at all.

Reluctantly calculated.

Just a few.

The original dark god can barely count.

Levilia's masters are also counted.

This is basically the top combat power in the world at present.

The young commander of Tiance and the great gods of Tiance Mansion are not counted at all.

However, when I went to Tianji Pavilion, it was estimated that the few people in there had to be counted.

Levi Garrison checked, there were only weak energy fluctuations in those few people, just like ordinary people.

But he understands that these people are not simple.

But no threat to him!

It's just this person who appeared in front of me at this moment!

The person who can really do something!

Strong!

More than the dark god, more than the masters of Levilia!

Levi Garrison's mind is truly the number one existence on the gods list!

This person Levi Garrison didn't know him.

An elegant middle-aged man, wearing a blue gown.

It's just a close look at his eyebrows and he feels familiar.

It seems a bit like someone.

correct!

Young Master Tiance!!

Then he should be the handsome man of Tiance Mansion!

The helm of Tiance Mansion!

Finally saw it!

He took the initiative to find himself, and it was him who showed grievances with the Dark God!

He was also the one who prevented the Dark God from stepping into the realm of Daxial!

The dark god is also afraid of him!

It is because of him that he wants to get the fusion of Heavenly Sword and Earth Sword!

The commander of Tiance Mansion is very strong and very strong...

to the point of heinously strong!

With the strength of the God of Darkness, he had to integrate the Heavenly Sword and the Earth Sword to be able to fight him.

This is the ceiling of combat power!

Young Master Tiance, according to your father is much worse!

"You shouldn't have come!"

Tiance Mansion superintendent said.

"Boom!"

Levi Garrison did not speak.

Hit it directly!

He didn't want to know what kind of grievances the dark god had with the god commander of Tiance Mansion, and he had to get through if he blocked his way!

The superintendent of Tiance Mansion was stunned for an instant.

It was estimated that Levi Garrison would suddenly make a move.

His arms crossed in front, and the terrible air current was surging, forming a substantial shield.

Block Levi Garrison's fist.

"Kacha!" But the

shield shattered before it lasted for long.

"Boom!" The

terrifying force bombarded him, and the commander of Tiance Mansion retreated dozens of steps.

Every step you take is deeply imprinted under your feet.

The ground was completely cracked.

There was a deep shock in his eyes.

Is this the dark god he knew?

An unremarkable punch drove him back...

How is this possible?

As before, there was a huge gap between the strength of the two.

This also caused the Dark God to still dare not step into the Great Summer.

Everything she did was to return to Daxia.

Against yourself!

Unless she integrates Heavenly Sword and Earth Sword, there is no chance.

However, the reality is that God of Darkness makes an easy punch, but he can't stop it?

How is this possible?

No wonder there are more and more legends about the Dark God recently.

Her combat power has also been described more and more exaggerated!

At first, the superintendent of Tiance Mansion didn't take it seriously, but now he believes it a bit.

The dark god didn't know what had gone through, which caused his strength to grow to a terrible situation.

“Very well, you have made a lot of progress! Let me try your real hole cards!” The

Tiance Mansion god commander’s entire popularity changed.

He seemed to be shining directly on Levi Garrison under a fierce sunset.

That terrible temperament is like the most terrifying flame, which will burn people.

The energy of a star seemed to be fused into his hands!

Terrible and terrifying!

The sun aura revealed by the god commander of Tiance Mansion at this moment was far more terrifying than the Heavenly Sword.

This man is above the first artifact!

Levi Garrison remained unchanged.

Still blasted out with a punch! ! !

“Boom!” The two powers fought against each other, the sky fell apart and the earth cracked, the sun and the moon reversed...

Chapter 2410

Puff!” A

bloody arrow shot.

“Da da da...” The

handsome man of Tiance Mansion withdrew dozens of steps before he stabilized his figure.

He wiped the blood from the corner of his mouth, and his eyes were filled with inevitable shock.

His internal organs seemed to have been cut through thousands of times, and he was so hot and painful.

Even the whole body will be broken and exploded!

With just one punch, he was seriously injured!

At this moment, he felt death coming.

The superintendent of Tiance Mansion has never been defeated!

Be the helm of Tiance Mansion!

In addition to the leadership ability, it has to be terrifying strength!

Back then, a Heavenly Sword was in hand, and I don't know how many powerful enemies had been killed.

Even Levilia's masters can only bow down to the wind.

Especially after he was in retreat for so many years, the affairs of Tiance Mansion were completely left alone.

His strength has reached an unprecedented realm!

The result was still defeated!

It was also defeated by the defeated generals who had been completely crushed by him in the past, because he warned that he had not dared to step into Daxia for decades.

What has she experienced?

Why is it elevated to this situation?

It seems that she hasn't made all the effort...

If she punches again, she will definitely die.

She was still looking at her former love and spared her life!

But how did he know that the dark God nowadays was no longer the one he knew.

This is Levi Garrison!

“Huh?”

Levi Garrison made a surprised voice.

The superintendent of Tiance Mansion took him with a punch, only to be injured instead of dead.

Despite the punch just now, it was still more casual.

But the god of darkness, the monarch and the master.

It is definitely mortal!

But the superintendent of Tiance Mansion held on... it

shows how strong he is!

The man who can bear Levi Garrison's punch!

Can you hit a second punch?

Excited!

Finally there is an opponent who can resist a bit of beating!

Of course, it was far from Levi Garrison's peak.

If Levi Garrison took a punch to open the dark cage, then others would not be able to play.

Just as Levi Garrison was about to hit the second punch, the god commander of Tiance Mansion suddenly coughed up blood and said, “I lost! I'm not your opponent! Another punch, I will definitely die!”

Give up!

The superintendent of Tiance Mansion has surrendered!

If this were made known to the Tiance Mansion and the Baolong clan, it would be shocked to drop their jaws.

The handsome man would admit defeat?

This is something that everyone thinks is impossible anyway!

People can lose!

It's not a god, how can it be invincible all the time?

But admitting defeat is another matter.

If you let everyone know that Tiance Shenshuai surrendered, it would be crazy.

Tiance Shenshuai lost because he felt a deep sense of powerlessness against Levi Garrison at this moment.

I can't win!

The strength gap is too big!

It's like a moat!

He had to admit defeat!

He didn't want to.

No way!

I really can't beat it!

If you continue to fight, he will undoubtedly die!

The superintendent of Tiance Mansion surrendered, but Levi Garrison didn't say anything.

Passed directly beside him.

"I..." The

superintendent of Tiance Mansion looked complicated.

From then on, Da Xia was free from the God of Darkness.

"She seems to be a little different..." The

commander of Tiance Mansion could not find a familiar breath from the Dark God.

"Could it be that after her strength has grown, the whole person has completely changed?"

The

god commander of Tiance Mansion was full of deep doubts.

More frustration and defeat.

After several decades of retreat, it was the first time to shoot, and it was so disastrous.

Also conceded.

The commander of Tiance Mansion returned to Tiance Mansion...

As for Levi Garrison, he went to the Great Xia League.

Find people like Asura God of War...

Let them inquire about some ancient relics and the like...

Although everyone is very curious about what the Dark God is going to do.

But who dares to disobey the order of the dark god?

It can only be executed obediently!

Everyone found an ancient relic covered by snow-capped mountains in the north.

“The Dark God really has discovered! Come and see!!!” There are really important discoveries.
