

The Return of the God of War [The Protector]

Chapter 2631 - 2640

Chapter 2631

Kunlun College turned upside down just now!

It should be where the movement came from, right?

Oh my God!

how did you do that?

“Could it be that the dean and deputy dean practiced qigong?”

Everyone couldn't help but be surprised when he thought of what Tiance Shenshuai said.

“Gosh! How did this happen? I can't imagine!”

Everyone present was shocked by this powerful force.

I only know that the top three of the gods are super strong.

No one has ever seen how strong it is.

And Chen Kong is also very strong.

Feel his powerful aura.

But I have never seen how strong he really is!

Everyone has never experienced the crash of the real powerhouse.

Seeing this amazing destructive power now, everyone is dumbfounded.

“I guess the dean and the two deputy deans should have such a destructive force with a full blow! It is absolutely impossible for one person!”

Yin Zhengping said.

“Well, for sure! A person can’t have this kind of destructive power!”

It was the Asura God of War who was speaking, and he was now under the sect of Tiance Shenshuai.

“Well, think about it, it’s impossible for one person! Why didn’t you just come out and wipe out Chen Kong?”

Everyone is analyzing.

And very sure!

I feel that a person’s destructive power is impossible to achieve this.

“Definitely not alone!”

Thousands of people agree this way.

“It’s too strong for three people to hit it like this in one blow?”

“Yes, even three people! Super powerful!”

“It would be so cool if I go to be a teacher under them...”

...

Everyone said one after another.

“Ho ho... who said three people?”

Suddenly a voice rang out of time.

Everyone look at it.

It's Jiao Tianyu.

Immediately afterwards, Ning Jinye, Zheng Wenbo, and Chen Qizheng also said: "Yes, who said the three people?"

The rest of the people also said one after another: "Speaking of three people, which one of your eyes sees three people?"

Face the questions of these people.

Everyone is a little confused.

If someone else said it.

They certainly don't believe it.

But what these people said in front of me.

That's different.

They have been here, they probably saw something...

Or witness it with your own eyes!

"boom!"

Chapter 2632

Yin Zhengping and several people suddenly thought that people like Jiao Tianyu might have witnessed it with their own eyes, and their expressions changed drastically.

“So it can be seen here! This angle is completely possible!”

“My God, they can really see it here! So lucky, aren't they?”

At this moment, everyone is a little envious of this group of people.

At least I saw how the Kunlun Mountains were faulted...

Seeing this scene, I have no regrets in my life!

“Jiao Tianyu, say it! Did you see it? You must have seen it...”

Yin Zhengping couldn't help but shouted.

Others also looked over.

Urgently want to know what the result is.

“Of course I saw it! We saw clearly...”

Jiao Tianyu and the others laughed.

And a look of pride.

The demeanor of Levi Garrison's punch was still deeply imprinted in their minds!

They are proud of their mentors!

This look of them fell into everyone's eyes, as if they had really seen them before.

“How many people are they???”

Zhu Shaoyuan asked nervously.

“Are there three people?”

Even Kirin (Qilin) couldn't help asking.

“Of course not! It’s a person!”

Jiao Tianyu said.

“hiss!”

one person?

This sentence completely pierced everyone’s psychology.

Isn’t it shocking?

Can one person make such a big movement?

How strong is he?

unimaginable!

“Who is it? Who is it?”

Yin Zhengping grabbed Jiao Tianyu’s shoulder and shook it vigorously.

“Have you seen the true face of the person who shot it? Which one?”

Everyone is excited.

Hurriedly shouted.

They all wanted to know which of the three of the Dark Gods was.

“I won’t tell you!”

Jiao Tianyu and others refused.

This makes everyone angry.

But I was worried.

I really want to know who it is...

Especially Yin Zhengping seemed extremely anxious.

The task of these spies is to find out the identities of the three dark gods.

They didn't want to let go of any clues.

Very few spies seem to be more anxious than anyone else!

Even they themselves don't even realize...

In addition to Yin Zhengping, there are others...

There is a pair of eyes in the dark to write all this down!

"Please leave, we are going to start training!"

Jiao Tianyu didn't want to cause too many changes to let everyone retreat.

"Okay, let's go! Didn't you just see it? What's the use?"

"Can you still worship someone's door?"

Chapter 2633

"Impossible! You will never have a chance! And we will have a great chance to enter!"

Everyone sneered.

It's just that Jiao Tianyu and the others were unmoved and ignored them at all.

They continue to practice their...

Everyone feels boring.

"A rubbish brought a group of rash men! Nothing saved!"

"Same as your destiny, you can only stay in this corner after all! Forever!"

Everyone left one by one.

When everyone left.

Several people from Yin Zhengping went and returned.

"Jiao Tianyu as long as you tell me what you saw, and you want to go to that tutor, we will make arrangements for you!"

"We know that you guys don't want to stay under Levi Garrison's door for a long time, just tell us what you saw, that's it!"

...

It turned out that Yin Zhengping wanted to show what Jiao Tianyu and the others saw.

He even put forward all the tempting conditions one by one.

Jiao Tianyu and the others have already noticed something unusual. In order to know what they saw, they asked this question?

There is definitely a problem.

Jiao Tianyu and the others are very smart, and a few of them looked at each other and said:
"Okay, I'll tell you!"

"In fact, all of this is done by our teacher Ye!"

"Yes, it was actually Mentor Ye who did it!"

...

A few people told the truth.

“Don’t mess with it! How is Levi Garrison possible?”

Heard this answer.

Yin Zhengping naturally didn’t believe it.

I think Jiao Tianyu is playing with them...

You don’t want to say anything.

Even if you say you did it yourself, it is more reliable than Levi Garrison!

“Okay, are you kidding us? I don’t want to say, are you? You will regret it!”

Yin Zhengping left a few words and left.

Today this clue is too big.

They will run wildly looking for clues in such a hurry.

Actually it’s a bit revealing...

After they left.

Levi Garrison appeared.

Jiao Tianyu immediately told Levi Garrison of their discovery.

“Okay, I get it. You don’t need to bother about it!”

The next day.

Levi Garrison assembled his team.

Everyone stood neatly.

Set off for the door mightily.

Everyone was shocked.

"I heard that Levi Garrison is going to take them to the top of the world to see the inscriptions on the stele!"

"No? No? No? A person who is not even a gods can take someone to see it?"

"I said that Levi Garrison couldn't teach anything, so he did something boring!"

...

Jiao Tianyu and others sneered: "You don't even know what we are going to do?"

"A bunch of fools!"

Looking at everyone, they are still very happy in their hearts.

All of them are like fools.

Just as everyone was about to walk out of the gate of Kunlun Academy, a figure suddenly rushed out.

Stop Levi Garrison and his group at the door.

Don't let them leave!

Chapter 2634

This person is Zoey Lopez!

Everyone didn't understand Levi Garrison's behavior of taking everyone to the top of the world.

Zoey Lopez couldn't understand either.

She couldn't help but ran out to stop people!

"I beg you at King's Landing, don't delay people! Obedient, we are not a mentor! We just do our own thing! Don't mix this!"

Zoey Lopez begged bitterly.

"Yeah, Boss! We don't take that porcelain job with that diamond diamond! Are our strengths as a mentor?"

"Yes, let's quit! I'm not a mentor anymore! Don't delay others!"

"What a good seedling, just wasted like this!"

Kirin (Qilin) and the others couldn't bear it, they couldn't help but say.

"Ha ha ha ha....."

The others laughed.

"Even your own female brother thinks that you are not qualified, do you have the right to be a mentor? Do you have that strength?"

"I don't take a piss to take pictures of myself, is it a mentor?"

"It's so ridiculous! The senior academy also has a problem! Just because he is the king of the word side by side! Just wasting so many seedlings?"

...

Everyone is unfair.

This is the unanimous voice of everyone-the removal of Levi Garrison's position as a mentor.

"Yes, I suggest Kunlun College to remove Levi Garrison from his mentorship!"

Yin Zhengping was the first to stand up.

"I agree!"

Zhu Shaoyuan came out second.

“Me too!”

“Me too!”

...

Next, more and more people agreed to remove Levi Garrison’s mentorship.

Zoey Lopez and the others yelled, but their psychological thoughts were the same.

Levi Garrison must be dismissed as a mentor.

I think he is qualified!

This is misleading people!

Thousands of people shouted.

To remove Levi Garrison’s mentorship!

...

“If Teacher Ye is qualified, do you have the final say?”

“Yes, it’s wrong! Kunlun College’s decision is also your turn to point out?”

“We know whether he is qualified or not! If he is not qualified, then no one at Kunlun College is qualified!”

Levi Garrison did not make a statement.

But Jiao Tianyu and the others stood up one after another.

They had seen Levi Garrison’s ability with their own eyes.

Is he qualified?

It's ridiculous!

"Um?"

This time it was everyone's turn to be surprised.

Why do they maintain Levi Garrison so much?

This is unscientific!

I don't know what kind of drugs Levi Garrison has given them, but they are so obedient!

It's incredible!

What is the reason?

"Jiao Tianyu, do you have a problem with your brain?"

"We did this for your good! You know?"

"Knock Levi Garrison out of Kunlun Academy! So you can go to other tutors! It really doesn't work, I'll arrange a good tutor for you!"

Yin Zhengping hurriedly shouted.

"Yes! We are for your good! We are helping you get rid of the sea of suffering, you know?"

"Are you willing to be students under someone who is inferior to you?"

"Following Levi Garrison, you have done nothing. We are helping you. You have to cooperate with us!"

...

Everyone shouted.

"Ho ho, no need! I think Teacher Ye is the best!"

Jiao Tianyu said.

“Well, we think Teacher Ye is the best!”

Everyone expressed their opinions.

“Even if Teacher Ye is a sea of bitterness, we are willing to jump! What kind of pain we will bear, and Teacher Ye can’t hinder you! Why force him to leave?”

“That’s wrong! Don’t worry about it! To put it bluntly, we would rather be scammed by Teacher Ye! We also have nothing to do with you!”

Eighty people made such a statement.

Aroused public outrage.

“You are just a bunch of brain-dead idiots! Your brain is broken! Follow Levi Garrison well, there will never be a day!”

In everyone’s eyes, people like Jiao Tianyu’s brains are broken.

Levi Garrison said: “Don’t pay attention to them, let’s set off.”

Chapter 2635

In the end, Levi Garrison brought everyone to the top of the world in a mighty manner.

In the ridicule of everyone.

He took everyone on the Conferred God Platform.

Originally, this is disrespectful to some people who are not strong enough.

But Levi Garrison ignored everything.

Facing the stele, everyone was somewhat in awe.

If Levi Garrison is not, then they are disrespectful to the stele.

But when they climbed up the stone tablet and saw the lettering on the back, they were shocked one by one.

“Except for my name, everyone else will be the enemy of the whole world. You remember them all!”

“To be honest, my purpose in nurturing you is for them! Or in other words, to deal with them specifically!”

Levi Garrison said.

Everyone looked solemn and stared at the name behind the stele.

“You must remember that as a student of my Levi Garrison, your enemies can only be these! As for the other people in Kunlun Academy, even other instructors. They are not worthy of being your opponents, don’t shame me in the future!”

Levi Garrison instructed.

The reason why he brought these guys here was to let them see if their names were engraved on it.

On the one hand, it is to broaden their vision, let them understand their mission, and know what kind of enemies they will deal with in the future.

Rather than playing with the gangsters of Kunlun Academy.

Don’t get the direction wrong.

The target is not them.

After knowing his mission, Jiao Tianyu’s temperament changed.

Calm and restrained!

In other words, I am indifferent to worldly things.

After all, one by one knows what his opponents in the future are like, and in this way, many things will be underestimated.

However, the fact that Levi Garrison led the academy to arbitrarily climb the stele caused dissatisfaction among too many people.

They are all accusing Levi Garrison's behavior.

the other side.

The Lab of the Gods began to gather what the various spies found.

To sum up, the Dark God trio are stronger than imagined.

Maybe Chen Kong is really no opponent.

This makes the Lab of the Gods very puzzled.

"The Dark God and the three of them just don't want to show up. The identity of these three people is not suitable for showing up! They would rather kill Chen Kong than come out!"

Mr. X and others began to analyze.

"The more this happens, the greater the threat to us. It's a pity that we don't know anything!"

Lucifer sighed.

"Let's talk about this Kunlun Academy first, they are bound to cultivate a large number of strong people, this is also a threat to us!"

"If you get rid of it all at once..."

A cold light flashed in Lucifer's eyes.

"They want to get rid of, but the meaning of getting rid of it at the moment is of little significance. And it is easy to expose ourselves, we still have to get rid of the three dark gods!"

"I feel that the current investigation is still not strong enough, we have to rely on our old friends!"

Mr. X smiled.

"Aren't you talking about the Sky Shield of the Eagle Nation? Didn't we have long been out of contact? Did you get in touch again?"

Lucifer asked.

"Of course! The New Era War Eagle Nation and Sky Shield are extremely low-key, but its intelligence capabilities are still the world's top..."

"I contacted the Sky Shield a long time ago! Let them find someone for me... Then they can help me find information about the three dark gods... I think there should be some information..."

After listening to what Mr. X said.

Lucifer asked immediately: "Is this..."

At this moment, Mr. X suddenly received an encrypted call.

"It's from the Sky Shield, I'll answer the phone first!"

Lucifer quieted down.

Mr. X began to answer the phone: "Ah? What? The person has been found, right? Well, good! Bring it to Daxia right away, and I will connect with you! Hurry, at the fastest speed!"

Chapter 2636

"Could it be the great disciple of the Dark God?"

Lucifer asked.

“Yes, it’s wrong!”

“In fact, this big apprentice is the son of Tiance Shenshuai and Junior Sister!”

“Everything was found by the Sky Shield! So now the only person who knows the identity of the Dark God is him!”

Mr. X said.

Shortly after.

The agent of the Sky Shield Bureau brought a person who also wears a mask to the secret place.

Great apprentice of the dark god.

“Who is the God of Darkness today?”

Mr. X asked directly.

“I’m checking who he is? Some months ago, someone broke into the headquarters of the Bible Organization! Killed my mother, the former Dark God, and killed thousands of senior leaders! Great cleaning for manipulation!

As far as I know, people like the evil god and the evil god know the identity of the true dark god! Now the Bible organization, except for the Dark God, is controlled by these people! Maya Industry is controlled by Ye Lingtian and Ye Wudao...

I suspect that the Dark God comes from Daxia and is related to the Baolong clan of Tiance Mansion... Now it seems as I expected, they started Kunlun Academy together! “

The great apprentice of the Dark God explained.

“As expected of you, some information may not be found out by hundreds of thousands of people who I sent out! You said that, I have explained many questions in the same way!”

The Black Hawk agent of the Sky Shield exclaimed.

“hiss!”

However, several people in the laboratory of the gods were all sucking in cold air.

The dark god is indeed a fake.

And for them, if this pretending dark god is Daxia, the threat is the greatest.

It is the situation they most want to see!

Just as everyone saw with their own eyes that the person who killed Chen Kong was Levi Garrison.

The Black Hawk agent of the Sky Shield Bureau also nodded: “According to a lot of information, this dark god has a high probability of Daxia!”

“It’s over! This time is over! The three most uncertain are Daxia’s!”

“Hey!”

“In our eyes, the Tiance Mansion and the Baolong clan are not even threats. After all, they all understand! In the past few years, we have been targeting the two existences of Daxia... Now even the three people of Dark God cannot solve it, we What are you talking about to deal with them?”

Mr. X’s complexion is ugly.

“Daxia two kinds of existence? Is there something more powerful than Tiance Mansion and Baolong clan?”

Agent Black Hawk quickly grasped the point.

He was surprised.

After all, he is the boss of the intelligence department of the Warhawk Nation Sky Shield.

Control the world’s best intelligence.

But I don't know that these two types exist.

"Yeah! This is something that you and others don't know about!"

"That's wrong! Daxia still has two types of existence, but it's just not coming out. If you want to come out, it's more terrifying than the Baolong clan of Tiance Mansion..."

Chapter 2637

"It can be said that the disappearance of the laboratory of the gods has a direct relationship with them!"

"They are the enemy in our imagination!"

"For you, they are equivalent to dark Internet cafes, mastering all the information in the world!"

Mr. X explained.

Lord Tiandun's Black Hawk agents heard bursts of breath.

The great apprentice of the Dark God also opened his eyes.

Who would have thought that Daxia still existed like this?

But Daxia has been the most shining existence since ancient times...

Not long ago, the power of absorption and the magical power of King Kong not bad came from Daxia.

"Next, you need to check more! The identities of these three must be found in the shortest time! We need to do it as soon as possible!"

Mr. X, they can't wait any longer.

"Understand! I want to investigate too! I have to know who he is, I can't get revenge. It's up to you!"

The great disciple of the Dark God, pinned all hopes on the laboratory of the gods.

Mr. X smiled: "By the way, wait a minute, I have an idea..."

"What idea?"

"Does Tiance Master know of your existence?"

Mr. X asked.

The dark god disciple nodded: "I should know, but he doesn't know who it is, and he hasn't looked for it!"

"If you can't find any other clues, you can go to him! He is the helm of the God of Heaven, and he probably knows who these people like the Dark God belong to!"

Others may be tight-lipped! But you are his son! If you forcefully avenge your mother, Tiance Superintendent may not tell you all, and may reveal some clues..."

The great apprentice of the Dark God immediately understood what Mr. X meant.

"I see!"

"Waiting for my good news!"

He left immediately.

"As for the current master of the ancient Ye clan, your Sky Shield can start from other people, such as members of the ancient Ye clan, etc.!"

Mr. X asked.

"clear!"

Agent Black Hawk was about to leave.

But was stopped.

"I can't let you do things in vain. I have prepared some equipment for the Gods Lab! The kind that can't be found outside! It's completely above the world!"

When Mr. X said this, Agent Black Hawk's eyes lit up.

All the things in the Lab of the Gods are definitely good!

Especially now that the secretly developing Gods Laboratory has no idea what the situation is.

Finally, Agent Black Hawk took away the equipment with satisfaction and even excitement.

Mr. X made several preparations.

The spies who entered Kunlun College were also ordered to actively search for clues.

And the best way is to get the top spot.

Become an excellent student, so that you can get close to the three dark gods.

Close contact will definitely know a little bit of information.

"Kunlun College made such a big move on the first day it opened! What kind of existence does this have to be?"

"This is obviously a punch! The fist marks are too obvious!"

Lucifer and the others looked at the pictures of the fault in the Kunlun Mountains and were deeply shocked.

Can't accept this scene in front of me!

"Will Mr. X have this possibility..."

Lucifer asked.

Chapter 2638

“what?”

“Could the Dark God be Daxia’s two types of existence?”

Lucifer’s face was serious.

“Do not rule out this possibility! He is too powerful! There is such a possibility!”

the other side.

Levi Garrison returned to Kunlun College with a large team.

Everyone looked at them as if they were looking at a group of fools.

“Obviously it is the best academy in the world, but because of their existence, it is downgraded!”

...

Whenever Levi Garrison and his party passed by, the voices of this kind were endless.

But Jiao Tianyu didn’t care.

When they came to the academy and looked at other people, they had a feeling of looking at little kids.

For their ridicule, I didn’t bother to refute it.

Their vision and future plans have all changed.

In the future, there is no such thing as Kunlun College.

This group of people is even less worthy of being their opponent.

There is no idea to let them take a second look.

This also couldn't ridicule Levi Garrison.

He organized everyone to start practicing.

He also started practicing.

Now the critical moment.

He seemed to be in an arms race with the Lab of the Gods.

Can't let go of a moment.

The next few days.

The entire Kunlun College began to enter the teaching stage.

The tutors began to personally guide, and the academy was full of enthusiasm.

After Levi Garrison finished practicing by himself, he guided his students again.

Next, he began to wander around the academy.

He first observed in Ye Zhantian's team...

On the one hand, it is to select good seedlings, on the other hand, it is to screen out the spies.

Behind Ye Qingtian's team...

Next, Levi Garrison went in and out of the ranks of other mentors.

Observe all students one by one.

Therefore, Levi Garrison's behavior looks a little weird.

"Levi Garrison, what are you doing? Are you stealing a lesson?"

Chapter 2639

Finally someone couldn't help but ask.

This is asked by Yin Zhengping.

In fact, he asked what was in the minds of most people present.

Many people were observing Levi Garrison and thought he was a little sneaky.

Even Zoey Lopez felt that Levi Garrison might have come to learn.

But everyone can't say it directly.

After Yin Zhengping put it forward, everyone responded.

"Yes, I see him standing here for a long time, and has been sneaky!"

"Not only that, he goes back and forth in almost every team..."

"The observation is very careful. Every student has to observe for more than one minute. Isn't this stealing learning?"

...

Everyone surrounded Levi Garrison.

Zoey Lopez looked at each other, and an idea came to mind—could it be that Levi Garrison came in as a mentor, in fact, to learn something.

It is reasonable for him to patrol the audience as a mentor.

Directly learn, he can't pull it off.

But when he learned secretly, no one said anything.

When Yin Zhengping said this, they felt that Levi Garrison was going to learn secretly.

Facing everyone's questions, Levi Garrison sneered, "I need to learn from them? Are they worthy?"

The students are going to be angry.

But the gods and the gods of Tiance made everyone quiet.

No conflict!

The students don't know, how could they not know?

Their bit of breaking power is not worth learning by Levi Garrison at all.

Levi Garrison showed a deep smile, took a deep look at the crowd, and left.

"Let's see! Levi Garrison smiled like that, it shows that he learned it secretly! It's shameless!"

"A dignified instructor, even stealing a lesson! Shameless!"

"This is not fair to us!"

...

The emotions among the trainees are very high.

But Levi Garrison was happy to see such emotions, the more ups and downs, the more he could detect the spies.

Just now Levi Garrison almost observed many people for at least one minute.

Indeed found a few good seedlings!

It is not suitable for practicing his exercises, but other exercises can be practiced. He needs to guide and guide, and future achievements can be higher than those of Tiance Shenshuai.

It can be regarded as reaching the standard of a super strong in his mind.

Of course, Levi Garrison also discovered some spies such as Yin Zhengping.

Although there is no conclusive evidence, it is basically true.

But they progressed too slowly.

Of course, it was also the reason why they couldn't reach the three of Dark Gods.

Levi Garrison decided to add fire to them!

night.

He gathered Tiance Shenshuai and others together.

Simply talked about some of my own plans.

Implemented the next day.

the other side.

The agents of the Sky Shield and the great apprentice of the Dark God have already begun to act.

Chapter 2640

Especially the Black Hawk agent was going to send someone to Daxia and went directly to Ye's family to start inquiring about clues to the new owner of the ancient Garrison Clan.

The great disciple of the Dark God first searched in the Bible organization.

The Kunlun College, which was most hopeful by the Gods Laboratory, has no clues for a long time...

The contest between the two sides is ongoing.

The next day.

In Kunlun College, Tiance Shenshuai summoned all the trainees and mentors to hold a meeting.

“In order to motivate students! Kunlun College decided to launch a reward mechanism!”

“Compare once a month! First, divide the individual ranks of the trainees. Second, divide the ranks of the teams!”

“The students who get the first place will get the supreme artifact! This artifact is forged by the Dark God! The power is terrifying!”

“The top three in the team will get a lot of resources, such as potions, artifacts, etc.! All the resources that can strengthen your strength!”

...

As soon as this message was announced, the whole audience exploded.

Everyone has heard of the artifact forged by the Dark God.

But I have never seen it with my own eyes.

Can only yearn for.

Now there is a chance to get it.

Who is not excited?

Everyone is as if they were beaten up...

“In order to inspire everyone! The dean has sent an artifact for everyone to see!”

The next word from Tiance Superintendent completely made the entire Kunlun College boil.

Can you see the artifact at the scene?

Can still test the power?

soon.

Someone brought a long box of modern technology.

After entering the password.

The long box opened.

A shining blue crossbow popped out of it!

“boom!”

At the same time, a terrible force radiated from it, squeezing the audience.

Even Ye Qingtian's faces changed drastically.

They all felt a coercion.

Ye Zhantian gritted his teeth.

Just this divine tool is more powerful than his sword.

What Levi Garrison took out was indeed a good thing.

Let's put it this way, as long as you can fully control it, your strength can be raised to a higher level!

But this is not so easy to control.

Even Tiance Shenshuai and others can't say 100% control.

Except for Levi Garrison, there should be no one who can exert the greatest power of the artifact in the field.
