

# The Return of the God of War [The Protector]

## Chapter 2336 - 2340

Levi Garrison said this.

Now these brothers and apprentices care about themselves so much and work hard for themselves.

He really couldn't stand it.

I don't want them to worry about themselves so much.

So simply take advantage of the kindness owed by the Kangaroo country to exchange for the new substance.

In this way, the brothers and apprentices know that they are in good health.

I won't continue to worry about it, and revolve around myself

This is what Levi Garrison thought.

"It turns out that it was the boss that you resolved the crisis in Kangaroo Nation! It was said that it was Tiance Mansion. It seems that you did it, and then Tiance Mansion took the credit!"

Everyone was shocked.

"Yes, that's right! I fought off the blood ancestors of Golden Harbor Island and Kangaroo Country! I helped them resolve the crisis, and they owed me a kindness! No matter what the conditions are, they can agree!"

Levi Garrison smiled.

“Okay! That’s great! Kangaroo country owes you a kindness, so they have to get new substances out!”

“Huh!”

Everyone breathed a sigh of relief.

With Levi Garrison’s relationship, they would take it out anyway.

Now everyone’s haze was swept away.

Everyone went to Kangaroo Country with ease.

On the other hand.

Many forces have already arrived in Kangaroo Country.

Negotiate with representatives of Kangaroo Country.

However, the Kangaroo country still refused.

They are unmoved by any conditions.

After all, this new substance is too important and too scarce.

In so many places in the world, only kangaroos are owned.

The value is too precious.

Coupled with the weapons that can restrain the Mayan industry, it solves a problem that has headaches all over the world.

Therefore, the new substance has become a hot commodity.

It’s no less than the divine weapon Heavenly Sword before.

Many people went directly to looting after discussing it incorrectly.

There are also some who use force directly, or sneak in secretly, wanting to steal new substances directly.

But what no one had expected was that in everyone's eyes, the relatively weak Kangaroo country would emerge with dozens of strong men comparable to the forefront of the gods' list.

Kill all of these people who came to steal, leaving no one behind.

For the first time, Kangaroo Nation demonstrated its superior combat power and shocked the world.

So they are so strong?

All the people or forces who had ideas about the Seed Bank of Kangaroo Doomsday were all shocked.

In this way, who would dare to grab it directly!

Ye Wudao was also there at the time, and he was directly suppressed by the mysterious powerhouse of Kangaroo Country.

Everyone then realized that there are still many strong players in this world who have never taken a shot.

Therefore, all of them are dumbfounded.

The kangaroo country is deeply hidden.

Not only does it have this new substance, but it also has such a terrifying guardian of the strong.

It's getting harder and harder to get affirmation.

Unless the kangaroo country can not refuse conditions.

Otherwise, no one can think of this material.

“What about you, are you also here to ask for this material?”

The representative of the Kangaroo Nation looked at Ye Wudao and the others.

Ye Wudao smiled, “You have misunderstood, in fact, we are here to discuss other things with you!”

“Other things?”

Everyone was taken aback.

“We are not interested in this new substance! But we must ask for something-don’t give it to Levi Garrison! Don’t! We agree to any conditions! Don’t give it to Levi Garrison!”

Ye Wudao and the others were excited. The reason they came here was to stop Levi Garrison.

Don’t let him get new substances.

“It turns out that it was for this reason...”

The representatives of Kangaroo Nation smiled and did not speak.

Levi came on the way for a group of people.

Encountered batches of interceptions.

This is Ye Wudao’s arrangement.

But everyone settled it calmly.

Anyway, don’t worry now.

Kangaroo country owes Levi Garrison a kindness.

You can go anytime.

The new substance is in their bag.

Ye Wudao, how quickly they go? ? ? It's not useless!

## Chapter 2337

Azure Dragon (Qinglong) and the others also found out what happened that year.

Levi Garrison, who fought off the blood ancestor, was called a hero by the Kangaroo Kingdom.

There will also be a celebration.

But Levi Garrison refused.

The Kangaroo Kingdom promised Levi a condition-owing him a kindness, as long as Levi Garrison opened his mouth, the whole Kangaroo Kingdom would help him without hesitation.

Compared with all the efforts of a country to complete a kindness, the matter of taking out new substances is too simple.

Although the value is precious.

But it's easy to complete.

And according to Levi Garrison's situation, only less than half of the new substance is needed.

For Kangaroo Nation, it will kill two birds with one stone.

Not only has it returned Levi Garrison's kindness, but also can continue to keep the new substance in the seed doomsday library.

Very simple thing.

Therefore, Azure Dragon (Qinglong) and others looked so relaxed.

Come to Kangaroo Country in no hurry.

Compared to Ye Wudao's speed, Levi came to the Kangaroo Country where a group of people arrived six hours later.

"Unexpectedly, this old kangaroo country has changed so much! Especially in the past, there was no strong man who was bullied by a blood ancestor to almost wiped out. But now you look at this powerful aura!"

"Just got it ." According to the news, the Kangaroo Doomsday Seed Bank guards more than a dozen powerhouses in the forefront of the god list! I am afraid that they are stronger than the strongest unicorn, the evil sword god, and Xiao Feng among us!"

...

Everyone began to discuss the top of the Kangaroo nation. The strong.

Levi Garrison smiled.

When he came out of the dark prison, the first place to set foot in the inhabited place was Kangaroo Country.

At that time, as soon as he felt it, he discovered that there are indeed many strong people in Kangaroo Country.

There are dozens of them with aura stronger than Kirin ( Qilin ).

Levi Garrison guessed that the emergence of these powerhouses should have something to do with the Doomsday Seed Bank.

Because he felt the power of the doomsday seed bank.

There are many unknowns in it.

It is not surprising that there are so many strong people.

"You are finally here!"

At this moment, a joking voice sounded.

Ye Wudao, Ye Lingtian and his party appeared.

“It’s much slower than we thought! You don’t seem to be anxious at all!”

Ye Lingtian smiled.

Ye Wudao even directly said, “How can the wastes I arranged have the strength to stop you for so long? Are you deliberately slowing down?”

Ye Wudao’s eyes fell on Levi Garrison’s body, “Could it be that you want Levi to die? Deliberately delaying time? Don’t want him to get a new substance to save his life? Hahaha...”

“Hahaha...”

Ye Lingtian and the others all smiled.

But everyone glanced at him contemptuously, “What do you know? We are not in a hurry.” Tiger (Bai Hu) smiled, “Ye Wudao is not afraid to tell you! Three years ago, the boss ran away the blood ancestor and solved the danger of Kangaroo country! They owed the boss. A kindness, no matter what the conditions, as long as the boss opens his mouth, Kangaroo Nation will do everything

to fulfill his request!”

“What???”

When Ye Wudao and others heard the news, they were shocked.

This is something they never expected.

Levi Garrison is so kind to Kangaroo!

The Kangaroo country owes Levi a condition!

Now as long as Levi Garrison speaks, isn’t that new substance in his hands?

No wonder just Kangaroo country representatives will reveal strange smile it .....

thousand million count, did not think anything about it.

Seeing Levi Garrison and his party leave.

Ye Wudao ordered, "Go, let's follow. Once they get the new substance, we will grab it or destroy it!"

They have been following in the dark, following Levi Garrison's group.

Levi came to the agreed place with them.

The representatives Bogut and Nelson in front of them were the two who made the promise. Levi Garrison said, "Three years ago, I solved the crisis of the Kangaroo country and smashed the blood ancestors! Your Kangaroo country owes me a kindness, and I have come to honor it!"

## Chapter 2338

Ye Wudao secretly began to get nervous.

I'm afraid no one thought of this scene.

Levi Garrison actually begs the kangaroo.

Then they are about to get the new substance.

Ye Wudao was already arranging how to snatch or destroy the new substance.

It was mainly Levi Garrison's masters like Kirin ( Qilin ) who were all there.

It's also a bit difficult to snatch.

...

Levi Garrison looked at the representatives of Bogut and said, "This kindness can't be owed by you all the time! Now you can divide the new deep-sea substance discovered by you into two hundred grams and give it to me! Don't make it difficult for you, the matter between us is wiped out!"

Kirin ( Qilin ) and they all looked expectantly at Bogut and others.

Ye Wudao also became nervous.

People from other major forces panicked when they heard that the Kangaroo Nation owed Levi Garrison a kindness.

Now it's time for the new substance to return to Levi .

Everyone looked at Bogut and other Kangaroo delegations with breathlessness.

"Grace? What kind of gratitude?" But

Bogut suddenly said something like this.

Confused!

Everyone is dumbfounded!

Especially Levi Garrison, Azure Dragon (Qinglong) and others were completely dumbfounded.

Don't admit it? ? ?

Don't know? ? ?

If others said they didn't know, Levi Garrison would still understand.

But Bogut was the person who witnessed the events back then, and even the party who verbally owed Levi Garrison.

How could he not know?

There is another Nelson, who wanted Levi Garrison to be called the hero of Kangaroo country, and he also threatened to celebrate Levi Garrison with a nationwide celebration.

Should he remember?

Levi Garrison looked at Nelson slowly.

But Nelson also agreed, "Yes! What kind of kindness? Why don't I know, what is this man talking nonsense?"

Nelson and Bogut looked at each other and said in unison, "Yes, I don't even know what he is talking about." What?" The

two looked at the people behind them again, and asked aloud, "By the way, do you know what happened?"

"I don't know!!!"

Everyone shook their heads.

"Boom!!!"

Levi Garrison and Azure Dragon (Qinglong) were going to burst into anger.

Deliberately!

Bogut, Nelson, these people are deliberate! ! !

How could the person not know?

Amnesia?

It's absolutely impossible!

They just pretended not to know on purpose!

"Who are you? We know? We have met?"

Bogut looked at Levi Garrison and asked suspiciously.

“This is the famous Levi Garrison, we know, but we haven’t seen it, we’ve never seen it before, this is the first time I’ve seen you?”

Bogut and Nelson sang together. Levi Garrison was not angry but laughed instead. He looked at the two and smiled, “Listen! I am Levi Garrison! The blood ancestors accidentally landed in Kangaroo country! Massacre in Kangaroo country! When you are driven to a desperate situation, when you have nothing to do, yes I appeared, beat the

blood ancestor, and saved you!”

“In order to repay you, you have to hold a celebration, but I refused. But you said that you owe me a kindness! As long as I speak, no matter what the conditions are, you will come without hesitation. Help me finish!”

“Now I just want you to repay the kindness! Just give me a little new substance! Understand?”

Azure Dragon (Qinglong) and others agreed, “It was the boss who helped you solve the national crisis and beat the blood ancestors! You owe the boss a kindness! Hurry up now!”

Everyone also felt more in the mirror.

After investigating now, this is indeed the case.

Kangaroo country owes Levi Garrison a great kindness.

Also promised by these two representatives.

Now people are coming to honor their kindness.

But no one thought that Bogut and Nelson said, “Fart!!! When did you Levi Garrison help us solve the crisis? You are really shameless! Why are you everywhere? Do you dare to take any credit for it? “

Speaking is not surprising and endless.

The words came out. Exploded...

# Chapter 2339

“That crisis was indeed the arrival of the blood ancestors, killing many people, and the fall of many cities! What kind of shit is the person who can solve the crisis! We solved it by ourselves! It was solved by the guardians of our doomsday seed bank!”

“Everyone has seen the strength of the guardian of the Doomsday Seed Bank! Solving a blood ancestor is not a problem, right?”

Bogut asked.

“Yes...” The

others nodded.

Everyone has seen how strong the guardian of the Doomsday Seed Bank is.

The side shows that the Kangaroo country has the strength to solve the crisis on its own and does not need to rely on others.

“At that time, we also requested the Warhawk Kingdom and the Lab of the Gods! They asked for the Doomsday Seed Bank to be opened! But then the Doomsday Seed Bank was not opened because the crisis was resolved when they came.”

Nelson explained.

“Yes! We can testify to this! The Lab of the Gods did return without success!”

A group of people nodded.

“So, what’s the matter with Levi Garrison in this? You’re a shit!”

“You still want to come and cheat us?”

“I heard that you got a weapon from Maya Industry. Time is running out! Did you hear that? We discovered the substance that dissolves the elements of the Mayan industrial weapons, and we ran around right away?”

Bogut and Nelson did not admit it at all.

Don't admit that there is such a thing.

This was something Levi Garrison had never expected.

I even said that I never thought about it before I came here.

I think Kangaroo Country will definitely repay this kindness.

This thing is too simple.

It's true that you want new substances.

But a little bit...

How do you know that this group of people reversed right and wrong, and didn't admit it at all. They didn't admit that there was such a thing.

The ungrateful dogs!

"One more I don't know, and another one? Did the two of you personally say that you owe me a kindness? Are you going to repay me with a celebration?"

Levi Garrison questioned.

"There is no such thing! We have never met you! This is the first time we have met!"

"There is still a solution to the crisis in my kangaroo country, it is not you at all! Why do you have to lie?"

...

Two People immediately refuted and refused to admit it.

"The eyes of the masses are sharp! Ask the thousands of people in Kangaroo Country, and you will know who the savior is! Who saved the Kangaroo Country in times of crisis! Ask them..."

Levi Garrison said coldly.

“Okay, let me ask them!”

“Who solved the kangaroo country crisis three years ago?”

Bogut asked at the thousands of people who were watching.

“It’s us! It’s the guardian of the Doomsday Seed Bank!”

“It’s ourselves...”

... the

uniform shouts rang out.

The thousands of people in Kangaroo Country are the same as Bogut.

No one admitted that he owed Levi Garrison’s kindness back then.

All the population is wrong, upside down the facts!

Everyone is ungrateful!

The whole kangaroo country is ungrateful!

He didn’t want to admit that Levi came to save the Kangaroo country back then.

This is an ungrateful country...

When Levi Garrison was strong, he regarded him as a benefactor, a hero, and a celebration!

But now Levi Garrison is no longer a top powerhouse, and has been seriously injured, and time is running out.

This country directly abandoned the promise of the year.

He didn’t admit everything and treated Levi Garrison as the same thing.

Because in their opinion, the kindness is now repaid, and there is no benefit.

Levi Garrison was already too weak.

They are so powerful that they don't need Levi Garrison at all.

Why do you still pay for this kindness?

Levi Garrison, who had no value at all, would not pay him back if he didn't pay his kindness.

Moreover, the value of this new material was so high that Levi Garrison had suffered too much.

Therefore, the Kangaroo nation reached an agreement.

Resolutely refuse to admit that Levi Garrison saved the Kangaroo country.

Don't admit it to death. Leave this thing alone...

## Chapter 2340

Now Kangaroo Country does have many super powers.

There is no shortage of gods and others.

The overall strength of Kangaroo Nation has also risen from the middle to the forefront.

But they really couldn't solve the blood ancestors back then.

A country is helpless.

There is no one who can solve it.

Any guardian of the doomsday seed bank is a bullshit!

The powerhouses they have now are the powerhouses bred from the Doomsday Seed Bank in the last three years.

They had a fart for three years!

“Okay! Very good!”

“Ingredient!”

“Words are unbelievable!”

“Smelly shameless!”

“You are ugly and ugly, right? You have to be shameless! You are no different from beasts! Why not!”

Levi Garrison sneered.

He thought of a story about a farmer and a snake.

The farmer rescued the snake, and the snake killed the farmer...

What is the difference with the group of people in Kangaroo Country now?

People like Bogut Nelson are dogs!

“Levi Garrison, do you dare to insult us? Insult us? This is the Kangaroo country! Are you looking to die?”

Bogut and others were angry when they heard the scolding.

To do it.

Levi Garrison smiled, “I will give you one last chance!!!”

“If you admit and apologize, I will assume that what just happened hasn’t happened!”

“Hahahaha...”

Everyone laughed when they heard it.

They all looked at Levi Garrison with idiot eyes.

If it is strong enough, there is no need for him to threaten it. Kangaroo country has long admitted that it owes a kindness and has taken out the new material obediently.

But Levi Garrison's strength stayed three years ago.

More than 8,700 on the quasi god list!

It's no different from a weak chicken!

Not to mention that time is running out.

Who would take his threats seriously?

"Get out! Get out!"

"You came here to rub? Our kangaroo country doesn't have a life-saver like you!"

...

Bogut and the others directly wanted to drive Levi Garrison away.

"Okay, I've given the opportunity! You don't want to give you a chance! You can..."

Levi Garrison sneered.

He naturally did not allow the Kangaroo Country to act like this.

Do this in front of him Levi Garrison.

Just looking for death!!!

"Hahahaha..."

Seeing all this, Ye Wudao and Ye Lingtian walked out of the dark.

Laughing loudly.

“Levi Garrison, didn’t you say that you are the benefactor of the Kangaroo country? Why don’t people recognize it? No one in a country recognizes it!”

“It’s really laughing at me. If there is nothing, don’t tell a lie! Is it all right now? Let’s They pierced it on the spot! They have to be kicked out!”

“It’s really a shame to have a surname with you!”

...

Everyone laughed presumptuously.

“Okay, I’ll come to pick up things in person at night!”

Levi Garrison left after leaving a sentence.

“Wait! There is not much time left for you!”

Azure Dragon (Qinglong) and the others glared at Bogut and the others, and left one after another.

“Hahaha...”

Everyone present laughed.

“Just you want new substances like this? Dream! Anyone can take it, but you Levi Garrison can’t do it!”

“We just don’t admit it, see what you can do?”

Bogut and the others sneered.

“Well, knowing that Levi Garrison will not be able to get the new substance anyway, I’m relieved. Let’s leave!”

Ye Wudao and his party left.

Groups of forces have left.

...

But what everyone didn't expect was that Levilia also came to Kangaroo Country.

She did not show up during this period of time.

But she has been practicing and looking for a solution to Levi Garrison's body.

When she heard that the kangaroo had a solution, she rushed over immediately.

I 'm ready to do it...

"Huh, Levi Garrison is not a good thing at all!"

"Sure! It was not in vain to save us back then, just waiting to get our benefits and let us repay the kindness!"

"Not all savers are. Is it selfless? How come there are people who take the initiative to repay the kindness?"

... Bogut and others are still chattering.
