

The Return of the God of War [The Protector]

Chapter 2346 - 2350

Xuanwu asked tentatively.

Others are also curious.

Levi Garrison briefly described how to crush a country... After talking, everyone basically believed it.

But at this moment, Azure Dragon (Qinglong) suddenly thought of something.

After everyone looked at each other, they all understood each other.

Levilia and his masters!

It was they who saved themselves last night...

Why did Levilia and several ancestors appear?

Isn't it just to help Levi Garrison get the new substance?

They definitely want to shoot!

But after all, they are the ancestors of Tiance Mansion, so it's definitely not appropriate to grab them directly.

After suppressing it by force, let them send it by themselves.

Understood!

Everything is understood!

All this is done by Levilia and several masters!

Levilia has no ability to overwhelm a country!

But several of his masters are fine!

Although these few are not on the god list, who dares to provoke them?

It is absolutely possible to join forces with a few!

After understanding what's going on.

Everyone smiled.

Levi Garrison saw what they looked like and also knew what they were thinking.

But he doesn't care.

As long as they are at ease.

"Now that the new substance is in hand! The boss will take it immediately!"

"Quickly, to prevent nights and dreams!"

Everyone took out the new substance and immediately gave it to Levi Garrison.

In order to make them feel at ease, Levi Garrison took the new substance obediently.

Seeing the new substance being taken, everyone breathed a sigh of relief.

After installing the remaining deep-sea material, he began to celebrate and cheer.

"Our hard work for such a long time was not in vain! The boss's illness was finally cured!"

"This time it's done once and for all! The boss's illness is completely cured!"

"The emperor is worthy of painstaking efforts! I said that the boss will not die! Yes!"

...

Everyone cheered, but Azure Dragon (Qinglong) was still very calm.

“Phoenix (Suzaku), just to be on the safe side, you should check the physical condition of the boss!”

Azure Dragon (Qinglong) said.

Phoenix (Suzaku) immediately began to check.

...

About an hour later.

Phoenix (Suzaku) surprisedly said: “It seems that the new material is working! The boss’s body is in good health, and there is no bad situation! The elements of Mayan industrial weapons have been completely wiped out! The boss has finally returned to normal!”

Phoenix (Suzaku) said.

The field boiled directly.

Everyone cheered and celebrated wantonly.

It’s all

supposed to be new substances that dissolve the special elements of the Maya industry... But how did they know that Levi Garrison was good in the first place.

But at that time, it was a psychological effect for Phoenix (Suzaku), and there was no problem during the inspection, but Phoenix (Suzaku) always thought that there was a problem, but it was a hidden danger, and it didn’t happen.

Now that he took the new substance, Levi Garrison was in the same situation, but in her mind, there was no problem at all.

Levi Garrison smiled helplessly.

I'm fine, it has nothing to do with this deep-sea matter.

But Azure Dragon (Qinglong) and all of them thought it was this substance that healed themselves.

But Levi Garrison didn't care, as long as they were at ease.

"Well, we will return immediately from now on! We must protect the remaining new substances!"

Everyone immediately returned.

"After the boss goes back this time, you will have nothing to do with your practice! You and your sister-in-law are still competing! Two months are left? You must beat her in the rankings!"

"Yes! Once the sister-in-law recovers, That strength will definitely take off! The top of the gods list is scheduled! You must not be left behind by your sister-in-law! Hurry up and integrate our various practices to form your own system! Amazing everyone!"

Azure Dragon (Qinglong) said with a smile.

The others also nodded: "Yes! Boss, we are all optimistic about you! We are full of expectations for you!" They

are all looking forward to the birth of a strong man.

"Okay! Let them rank!"

How could Levi Garrison care about the shit god list.

Chapter 2347

Soon, Stevens of Kangaroo Nation held a press conference to publicly apologize to Levi Garrison and admitted that it was Levi Garrison who rescued Kangaroo Nation from danger three years ago.

And give all the deep-sea matter to Levi Garrison to repay Levi Garrison's kindness that year.

As soon as the news came out, they exploded.

The weird thing is that the attitude of Kangaroo Country the day before is completely different from today.

How tough and arrogant the day before, no one took it seriously.

But today I apologized.

Unbelievable.

What happened last night?

Everyone is sure that something must have happened.

But what exactly is it?

It seems to be blocked.

There is no way to find out!

Everyone puts all hope on the dark web.

However, there is no news on the dark web... The

most terrifying thing is that Levi Garrison has obtained the new deep-sea substance.

Doesn't it mean that he is going to be fine...

Ye Wudao, Ye Lingtian and others are dumbfounded.

I thought that this Kangaroo Nation would never let Levi Garrison have any chance!

He must die!

But who would have thought that the Kangaroo Country apologized and admitted the next day, and also sent a new substance.

Levi Garrison was fine at once.

All the work they have spent all this time was wasted.

“It seems that to let Levi Garrison abolish, it has to rely on other methods...”

Ye Wudao and the others are already thinking of a new way.

How to deal with Levi Garrison next.

The same goes for others.

I thought that Levi Garrison would definitely die.

I didn't expect to survive on the new substance.

Some people heard that Levi Garrison and his party had a new substance in their hands, and they wanted to act.

But Azure Dragon (Qinglong) moved quickly and returned to Daxia long ago.

“What about these new substances?” After

coming back, everyone began to struggle with this question.

“Kangaroo Nation has the full authority to give the new substance to the boss, and the boss will arrange these new substances! We can't take them away!”

Azure Dragon (Qinglong) said.

Levi Garrison smiled and said, “This thing is of no use to me! Take it away! What do you want? Just throw it away!”

“Okay, boss, let's take these substances back and study them! The value of matter in the world today is too high! Especially the value of research!”

“Furthermore, I don’t know how many people want to make this new material idea! Even if you bring the boss with you, it’s probably hard to hold! At that time there will be a bunch of them. strong to grab, calling such life-threatening! ” “

indeed! easy to get hold hard! in the Kunlun industry is the safest! ” “

every man innocent pregnant bi against himself! boss took in danger, I’ll still worry, it’s the safest to take it back!”

...

Everyone was also worried that things might be dangerous to Levi Garrison.

Therefore.

Bringing to Kunlun Industry is the safest way.

When Azure Dragon (Qinglong) and his party brought new deep-sea materials to Kunlun Industry.

Found that the marshal Tiance was waiting.

“Deep-sea matter got back?”

Tiance Marshal asked with a smile.

He was full of excitement when he heard that all the new substances in the deep sea had been brought back.

As for what Levi Garrison’s life and death has to do with him?

Can Levi Garrison’s life be compared with this new deep-sea substance?

Stop kidding!

So he ran to meet him personally!

“Here, I brought it back! This is the boss’s own! But he let it to us!”

Phoenix (Suzaku) took out the new substance.

“What does it have to do with him? This is after the Kangaroo Nation was suppressed by several ancestors, and then apologized and sent new substances! In the final analysis, this is the credit of my Tiance Mansion and Baolong clan! They got it! With Levi Garrison Is there a penny?”

Tiance Marshal asked rhetorically.

At this time, everyone was silent.

One says one.

It is true.

The reason why Kangaroo Nation did this, no one else knows why.

They know it.

It was the ancestors behind Levilia who made the shot.

Directly suppress the new substance from Kangaroo Country.

Chapter 2348

“Speaking of it, Levi Garrison has to thank Xiatian Cefu! Although it is because of his daughter’s face! After all, it was the work of several ancestors!”

Tiance Young Master smiled.

“Well, I really have to thank you! We thank Tiance Mansion for the boss!”

everyone said.

“Since the new substance belongs to Tiance Mansion! Give it to me?”

Tiance Marshal snatched it from Phoenix (Suzaku).

“This...”

Everyone felt something was wrong.

But what’s wrong in detail, but I can’t tell.

Finally, this new substance was taken away by the marshal of Tiance.

He took it for special research.

But all for Daxia.

Everyone also endured it.

But this time when he came back, Azure Dragon (Qinglong) and the others found that everyone in Kunlun Industry seemed to be watching them consciously or unconsciously.

Marginalizing them!

It seems that they are narrowing down their authority step by step, and they are going to be completely emptied.

...

But the rest of the day was calm.

While Levi Garrison was searching for the traces of the Gods’ Laboratory, he was still cultivating.

Fifteen days later, Zoey recovered.

Turned out!

Ranked among the gods with superb fighting power!

Next, because of Zoey, the list of gods is updated from time to time.

Zoey's ranking changes almost every day.

A month later, Zoey has reached the top 100 position on the god list.

But Levi Garrison's location changed at night.

Since the injuries of the special elements of his Mayan industry were healed, Levi Garrison's combat power has also changed.

His ranking has gone from more than 8,700 on the quasi god list to 6,338!

"The boss is good! Progress! Super progress! A full advance of more than two thousand! If this continues,

it is just around the corner to step into the gods list!" Everyone was very pleased.

The improvement of so many names shows that Levi Garrison is really suffering.

Really working hard.

Everyone's hard work was not wasted!

Of course, this progress is worthless compared to Zoey.

It can even be said to be scum.

No comparison at all!

The difference between heaven and earth!

In less than two months, Zoey didn't make it to the quasi god list, and he was directly in the top 100 of the god list.

The span is too big.

This is the most terrible!

Zoey was also very happy to see Levi Garrison's progress.

“Keep on working hard! Take your time! I believe you will enter the god list sooner or later!”

“I will wait for you to challenge me at the top! Remember our agreement, there is still one month left!”

Zoey smiled .

To be honest.

She was very disappointed.

Originally thought that Levi Garrison could make rapid progress and could bring her a little pressure.

The two urged each other to encourage progress.

But not at all!

Too much difference!

Zoey originally thought, Levi Garrison would at least have to be in the top one thousand on the quasi god list, right?

But I can't give myself any pressure...

It's no different from waste.

Now Levi Garrison can't give her any pressure anymore.

The only pressure may come from Levilia.

Zoey fought with Levilia once.

There is still a gap between her and Levilia.

But she wanted to stand fast to the top with Levilia, waiting for Levi Garrison to slowly climb up.

You can even climb halfway up the mountain.

He is no longer needed.

...

Azure Dragon (Qinglong) and the others called Levi Garrison to their side with earnest and earnest words.

“Boss, we boast that you are boasting you! But we must also recognize the fact!”

“We already know that all the skills and skills left to you have been divided up by the Li and Zhao family. You are practicing the basic skills of the past. “Fa!”

“But do you see it now? After practicing the old-fashioned exercises, you only improved two thousand on the quasi god list! And the sister-in-law, who represents everything in the new era, directly reached the top 100 on the god list in the case of disuse. ! Which one is strong and which one is weak, can you tell at a glance?”

“This shows that the old-fashioned things in the past have really been eliminated...it can't be compared with the modern things at all!”

Chapter 2349

“Yes! That's true! You and my sister-in-law, one is a representative of the old era, the other is a representative of the new era! In two months, the competition between you has been set high!”

“It's really one. The sky, the underground!”

“Boss, we want you to be more sober, recognize and respect reality! Abandon what should be abandoned! Give up! Give up!”

“Concentrate on practicing the things of the new era, I believe you will be better than your sister-in-law! After all, where is your talent and experience! This is by no means comparable to others!”

“Boss, listen to our advice! Hurry up and let us reach the peak of strength as soon as possible! Don’t worry us!”

... ..

Everyone is persuading Levi Garrison.

Levi Garrison sneered: “What do you know?” The

so-called quasi-shenzhen rankings were actually released by one hundred institutions all over the world.

But wherever they want it, half of the institutions that make the rankings of the gods are controlled by the Bible organization.

Therefore.

Levi Garrison can control the ranking of the gods.

His own ranking on the quasi god list is simply inaccurate.

He told these institutions, just fill in a ranking.

It won’t affect anything.

But everyone else’s rankings are accurate.

All are supported by accurate data and analysis.

Only Levi Garrison filled it out blindly...

“Boss, we know you are still not convinced! Let’s give another example!”

Kirin (Qilin) pointed at a distance and said: “Partition the Li and Zhao family of all the skills and skills! They! After obtaining these new era cultivation methods! Now it is completely reborn!”

“One of the strong talent Li Songkui Meng Fei Zhao Jun and Zhang Wentao month there! God is already a list of former quasi-hundred! Especially Li Songkui quasi-eighth standings God! God is very close to the list! God at any time to get into the list!”

“Also There are people like Li Wenhai and Li Wenfei, what are they? Now they are ranked in the top 1,000 on the quasi god list! You know, they have not even been in the quasi god list before! Now they are all top powerhouses!”

...

After the Li and Zhao family divided up the top exercises of this era, their strengths have undergone qualitative changes.

All are advancing by leaps and bounds!

“There are two other people, you didn’t expect it! Boss, your father-in-law! My sister-in-law has chosen the most suitable exercises for them! Now two people, one is the 987th in the gods list, and the other is the 996th in the gods list!

” They were all ordinary people before! But because they have practiced everything in the new era! They have grown to this point! You have to obey the modern methods!”

...

Levi Garrison really didn’t know about this.

But after knowing it, he was not very surprised.

It’s normal for this kind of quick system to build a strong one within two months.

It is not unusual.

In short, these are rubbish to Levi Garrison.

He doesn’t like it at all!

“Boss, think about it, you can’t even compare this rubbish! Don’t you make people laugh when you spread it out?”

“In order not to make people laugh, you should hurry up and practice what you are now!”

... the

crowd said.

Levi Garrison smiled and said, “It’s all a bunch of ants! Hey, your vision is a bit narrow after all!”

“We are narrow?”

Hearing this, everyone was taken aback.

Do the top dozens of powerhouses in the gods list have a narrow vision?

Who has a broad vision?

There is no one, right?

“Boss, you are good at everything, but you are too stubborn!”

Everyone said one after another.

“You and your sister-in-law are going to lose completely during the March period!”

Levi Garrison smiled and said, “Isn’t this one month left? Don’t worry!”

“Levi Garrison is ready to lose! You guys! What’s the use of mentioning the period of March?” At

this moment, a voice came.

Chapter 2350

Li Songkui and his party appeared.

Today, they are already strong in the quasi-sacred list, and they are very close to the list of gods.

That is, this group of guys are so talented.

Otherwise, it will definitely be able to rush to the god list.

After all, what they have is a quick method for a group of strong people on the list of gods.

You can rush to this position casually.

But now they are showing off to Levi Garrison.

“Ye have heard these monarchs of the top exercises to you, you do not practice! We are here to thank you!”

“If you let it out, how can we present achievements? I’m about to enter a list of God!”

“Again Look at you, you are still hovering in the quasi god list! You are not our opponent! You want to compete with Zoey? Are you worthy?”

...

Li and Zhao’s family laughed.

Azure Dragon (Qinglong) didn’t say anything.

It is true.

Today’s Zoey is comparable to the strongest of them, let alone Levi Garrison.

Not a person of the world at all!

It can be said now.

The three-month period for two people is a joke.

At this time, Li Wenyuan and his wife had also appeared.

These two people are the biggest surprise.

From the most nonexistent ordinary person, he has become the strongest of the gods!

Li and Zhao are now the two most lofty ones.

After they arrived, Li Songkui and others voluntarily gave way.

The two walked up to Levi Garrison, looked around, and sighed at the same time: "Hey!"

"Levi, it's not that we dislike you! But..."

"You are really a bit weak now! Levilia and Zoey are not compared with us, just compared with us, are you far behind?"

Li Wenyuan said.

"You used to be the king, one of the best in the world! How can you be stagnant now?"

"The point is not that there is no way to improve, but that there are thousands of ways! You don't choose one! I have to practice what you used to do!"

"Isn't it! There are so many ways to cultivate! You see, after we practice, we are all strong in the gods list! With your talent, whatever you want?"

Right? And we also heard from Zoey that you can integrate thousands of exercises together and become your own thing? Why don't you practice?"

Mother-in-law persuaded patiently.

Li Wenyuan even said: "Levi Garrison, are you at all incapable of pulling the bottom? Do you think this is an apprentice, given to you by your former subordinates!"

But I want to tell you that this era is the era of the weak and the strong! Face is the least valuable thing. Strength is the kingly way! Strength is your only confidence to survive!"

“Practice! Give me practice right away! All the exercises will be given to you! The three-month period for you with Zoey is here! It is impossible to exceed her! But! I want the distance between you to be very small!”

...

Li Wenyuan and his wife told Levi Garrison a lot of truth.

They are senior enough.

The strength is also enough!

Levi Garrison smiled: “Parents, don’t worry! I have my own way! And if Zoey, she can only look up to me! As for me to super her, it’s a joke!”

“Stubborn!”

“Play the piano to the cow!”

“It is said that our old people are stubborn and conservative. It turns out that Levi Garrison is more stubborn and conservative than anyone else!”

“Since you want to continue practicing your old methods! Then you practice! Then the gap between you and the son will be getting bigger and bigger, especially when the March period comes, see who is ashamed?”

...

Father-in-law The mother-in-law didn’t care about Levi ‘s arrival.

Zoey didn’t say no to Levi Garrison during the whole process, but instead always encouraged him to inspire him.

Because she knew it was not the time to persuade Levi Garrison.

In any case, he couldn’t listen to it.

The best way is to let him fully recognize the gap when the March period arrives, and then he will catch up.

“Levi , I am waiting for three months!”
