

Chapter 1322

Jennie and Gloria looked back at the same time.

The two of them saw Sabrina standing gracefully at the entrance of the dance club.

Sabrina's expression was incredibly cold, the coldness in her eyes alone threatened to kill Jennie.

Jennie was so scared she trembled unconsciously.

Sabrina was already by her mother's side.

She smiled slightly as she encouraged Gloria, "Good going, Mom!"

Gloria looked at Sabrina in confusion. "Sabbie, why are you here?"

Sabrina looked at her mother with a sorry expression. "I was working and suddenly felt my right eye twitching. I couldn't drop that unsettling feeling in my heart, and kept worrying about you, so I dropped my work and went to your place, but you weren't there when I arrived.

"I called you over a dozen times on your phone, but you weren't answering."

Gloria finally took out her phone for a look, and there were several missed calls.

Gloria finally took out her phone for a look, and there really were over a dozen calls from her daughter.

However, she never answered them.

She had already started quarrelling with Jennie the moment she arrived, and after that, Gloria was beating Jennie, so she did not hear the calls from her daughter at all.

Gloria looked at Sabrina regretfully. "Sabbie, you don't have to worry about me. Let me deal with this, I want to fight it out with her! I can't let her and her daughter continue ruining your happiness."

Sabrina shook her head. She said with a steady tone, "If Sebastian doesn't love me, then I wouldn't be happy with him, even without anyone ruining our relationship. If Sebastian loves me, then even God wouldn't be able to ruin our marriage."

With those words, everyone present suddenly respected Sabrina immensely.

"However, Mother, you went a bit overboard today. How could you beat someone up in broad daylight?" Sabrina was actually looking at her mother with a very indulging look.

With her daughter here, Gloria suddenly felt

With her daughter here, Gloria suddenly felt like she had someone to lean on.

She suddenly voiced her grievances, "Sabbie, when you suddenly came to my place last night to eat, I started to feel like something was wrong. You usually only come to my place during the weekends, so there was definitely something wrong if you just suddenly appeared."

Sabrina said, "Mom, why do you understand me so well?"

"However, you didn't want to tell me what happened to you, so I called Marcus.

"Marcus told me that Jennie came back from overseas with her daughter, and her daughter went to Sebastian's company. I was certain something happened the moment I heard that.

"I can't just look on as Jennie's daughter bullies you!

"Jennie already took away my lifetime's worth of fatherly love. A whole lifetime.

"I went to the Shaw family home bright and early yesterday. I wanted to discuss the matter with Old Master Shaw. I felt that I could give him my life if he wanted it; after

"However, I lost my courage after reaching the Shaw family gates. I was beaten up in that place since I was young, so I'm incredibly afraid of the place. After that, I turned around and ran.

"Aren't I so shameful?" Gloria's eyes were tearful as she smiled at her daughter.

Sabrina started to cry. "Mom, for me, you've already worked incredibly hard. You can't do this anymore in the future. I will be the one to protect you, okay?"

Gloria shook her head and smiled. "Yesterday, your words on the phone gave me the courage I needed. So what if I'm called a shrew? Shrews are very friendly. Some of those elegant noble ladies are just plain animals. Even Aino knows how to use her fists to protect her rights. I'm just a beggar of an old lady, so why can't I use my fists to protect my daughter?!"

"I had wanted to go to the Shaw family again today, but I was called here early in the morning. I never expected that Jennie would find me herself before I could even

"I had wanted to go to the Shaw family again today, but I was called here early in the morning. I never expected that Jennie would find me herself before I could even look for her. Tell me, Sabbie, isn't Jennie just too big of a bully?"

"Even if she is, a woman like that should just be beaten to death!" Gloria said, not waiting for Sabrina's reply.

Some of the dancers started to help Gloria voice out her injustices.

"She said she was here to teach us how to dance, but she actually came to cause a scene. She deserved to be hit!"

"Yeah, she says she returned from overseas, but she was probably a sh*tty lowlife country overseas!"

"After all that, your own daughter is a mistress, and you're actually trying to push the blame away?"

"You even bit someone?"

"Beat her up!"

"Send her to the police!"
