

Chapter 1330

Kingston and Lori looked at Sebastian at the same time.

Sebastian had already turned around and walked toward the company.

He said and he moved, "Get a draft ready immediately, and show me the contract."

Lori was speechless.

After a few seconds, she said incredibly emotionally, "Yes! Young Master! Thank you, thank you, Young Master Ford! Thank you!"

At that moment, Sebastian had already walked far away.

Kingston angrily glared at Lori with Sebastian's suitcase in hand. "Quit thanking him! Get lost!"

Lori was silent.

Before she could react, Kingston had already chased after Sebastian, suitcase in hand.

Lori was left alone, and she slowly composed herself.

What appeared on her face was a ruthless expression and tone. "Kingston! Just you

expression and tone. "Kingston! Just you wait! When I become Mrs. Ford one day, I will kill you myself!"

After that, Lori got into her car and drove off.

She happily blasted music in the car.

When her car went past someone else, they would think that she was having a party as she drove.

After she drove a distance away, Lori took out her phone and gave Jennie a call.

"Mom! Uncle Ford was right. Sebastian really can be coaxed. I was successful today! I was successful!" Lori almost shouted out the car.

She had succeeded.

She could tell from Sebastian's tone that she managed to get into Sebastian's mind.

Ha!

Sebastian Ford!

In the near future, she would be the Mrs. Ford.

And Selene, Emma, and Mindy?

How could they compare to her, who was

How could they compare to her, who was educated in two languages since she was young, and graduated from an incredibly famous international institute of finance?

What a joke!

There was also Sabrina!

An ex-convict!

Even looking at the earlier generation, Sabrina's mother was merely a little sperm cell to her granduncle.

Her granduncle had never acknowledged that woman!

How could a woman from a family like that hope to compare to Lori?

On the other end, Jennie restrained herself, forcing herself to remain calm as she asked, "Lori, are you sure Sebastian has changed his view about you?"

"Not only that, Sebastian even gave me a chance, and is signing a contract with my company," Lori said.

Jennie then pressed on, "Tell me, you don't have to be embarrassed in front of me, did Sebastian... Did he pull you into his arms?"

Lori was speechless.

Lori was speechless.

Her face reddened.

After pausing, she said, "Mom, what are you saying?!"

"I'm speaking the truth!"

"If you really want to hold a man down, you have to forcefully tie him up!

"You have to make sure he will never escape you!"

"Mom!"

"Listen to me, no one else will teach you these things, and I'm doing this for your own good. Today, you had quite a good victory being able to take the first step in, but you have to quickly get him to take you on his bed! Understand?"

"I understand, Mother."

Jennie seemed to be even more anxious than Lori. "Yes, the best thing would be if it can happen tonight."
