The Return of the God of War [The Protector]

Chapter 2881 - 2883

Chapter 2881

After clearing the obstacles, the flying giant ship moved on.

Facing the narrow strait ahead.

Flying giant ships still go hand in hand!

Did not line up one by one.

...

Seeing the giant flying ship press up.

Everyone awoke from the brief excitement.

“What to do? They are here! Although the fake position has consumed a wave! But it is not enough to consume all!”

Everyone is waiting for follow-up. The Titan God of War is calm: “Continue to implement the plan!!!”

“emission!!!”

He gave an order, and suddenly tens of thousands of cannons fired from the endless mountains on both sides of the strait.

The hundreds of thousands of weapons placed here were launched at the same time...

A terrible attack on the mountains on both sides!!!

Fortunately, the coalition forces are strong, with a lot of materials and equipment, so they can arrange everything.

Can rest assured to splurge boldly!

“Boom boom boom...”

The firepower this time is obviously ten times stronger than the offensive of the coalition forces just now!

“哐啷!”

The flying giant ship is not invincible, it can only be said that the firepower can be blocked.

But there are some secret weapons that can be hurt by attacking fortified weapons.

Cause no small damage to the flying giant ship!

Even some are substantial damage!

This annoys the Lab of the Gods!

They are the kingdom of God!

All are gods!

These ordinary humans can actually hurt them!

This is a great shame!

“Mr. X, the group of monkeys relying on the advantage of the terrain to bombard us indiscriminately! Both the Star No. 1 and No. 5 have been damaged!”

“Moreover, the entrance to the strait is limited, so it is impossible for the five Stars to pass through together! What do you think we do now?”

At this time, the five captains of the Stars successively asked what to do.

Mr. X looked at the terrain of the mountains ahead, and he sneered: "Since they have a geographical advantage! Then we will blow them up!"

"Um?"

Everyone was taken aback.

I don't understand what Mr. X means.

"What I mean is very simple! Raze the mountains on both sides of the front directly to the ground! Push all the front flat! The Star does not need to fly over, I want to watch the five Stars go hand in hand and smash them directly!"

After hearing what Mr. X said, everyone gasped.

This posture is to directly flatten the mountains on both sides of the front, to the ground! ! !

Looking at the endless, towering mountains on both sides of the front.

Even the gods in the laboratory of the gods couldn't help but swallow!

This is too shocking!

The mountains on both sides have been razed to the ground. How much effort would it take?

So simple and rude?

Level the mountains on both sides directly?

Everyone can't even think about it!

But this is an order!

Can only be executed!

“Command-level the mountains ahead! Raze to the ground!”

After this order came out.

“Buzzing...”

Five huge flying ships gather energy.

“Boom!”

“Boom!”

“Boom!”

...

One hundred thousand weapon launch ports ejected red light beams, aiming at the mountains on both sides for destruction.

The scene is simply terrible! ! !

“f*cked! They are fooled again!”

Cheers in the coalition command room.

The weapons placed in the mountains on both sides are fully automatic and unmanned, and no one exists.

This is also one of Levi Garrison’s plans.

When encountering such invincible attack weapons, they can only attract firepower to the mountains on both sides.

Enraged them and vented the fire on the mountains on both sides.

Levi Garrison knew very well the arrogance of the Lab of the Gods and knew that they would definitely attack the mountains.

It will flatten the mountains on both sides!

So this plan was also successful...

Chapter 2882

And he knew he would be flattened.

Therefore, they have been avoiding and not fighting.

Everyone looked excited when they saw the gods in the laboratory bombarding the mountains on both sides.

But gradually, the excitement on his face faded.

The expression freezes, and his face is puzzled.

Then it turned into shock and incredible...

It turned out to be under the continuous bombardment of five flying giant ships.

The red beam flooded the mountains on both sides.

To the naked eye, the mountains on both sides are being destroyed little by little.

The height keeps decreasing...

The towering and endless mountains on both sides gradually disappeared, and everyone was shocked.

The eyes are full of disbelief.

this.....I thought the enemy had been fooled!

Attracted the firepower!

Go to hit the mountains on both sides!

But what kind of weapon is this special?

Even the mountains on both sides have been flattened...

this.....

It was shocking!

Unbelievable!

This weapon flattened such a long and high mountain...

powerful!

It's really too strong!

The weapons of the kingdom of God are terrible!

"Rumble..."

In the earth-shaking shock, the mountains on both sides were really flattened.

There was an open space in front of him.

Even the sea water directly hit the past and turned into the sea...

unimaginable!

Simply let the world worship!

They kind of understand why they call themselves gods!

Seeing that the mountains were leveled up and down in the laboratory of the gods, all of them were excited.

“This is the power of God! It can destroy the world! It can create the world!”

This absolute power brings them full confidence.

Let them have the majesty of God again!

“Although the mountains have been flattened, only 10% of the energy of the Star is left! It can only be used as transportation and defense! Cannot attack!”

Several captains of the Star could not help but say.

Although it was shocking to flatten the mountains on both sides, the energy loss was too serious.

Half of the energy was lost this time!

As a result, the flying giant can no longer attack.

“Nothing! The effect of the Star Attack is here! Originally, we didn’t rely on the Star Attack!”

Mr. X has a calm face.

“Next attack! We will break this line of defense!”

The five stars stopped.

Countless powerful and equipped weapons came out from it.

Attack the front position.

...

the other side.

When seeing the five giant flying ships stop and some other flying vehicles move to the front.

Titan War God and the others already understood that Levi Garrison's tactical plan had already achieved miraculous effects.

All the weapons of these five giant spaceships were consumed.

This is success.

On their side, except for some weapons and equipment.

There is no extra loss at all!

In particular, there is no loss in the false position.

One is cut out of cardboard...

If the laboratory of the gods knew it, it would be alive and well.

Dummy fake weapons cut out of cardboard paper shells fooled them so much weapon energy?

"Brothers! We have to go on it personally next! The positive encounter is still coming!"

"But I have arranged it in accordance with the tactical plan ahead of time! I won't start the fight blindly!"

...

The Titan God of War began to mobilize before the war, telling everyone to fight to the death.

The battle before him is extremely fierce.

"Start to meet the enemy!!!"

The Titan War God opened his posture to meet the enemy.

At this moment, the army of the Kingdom of God also came up.

The strong from both sides met in front and began to fight.

All kinds of weapons fired together to start the counterattack.

A war of the century has finally begun...

Chapter 2883

Killed so dimly, the sun and the moon reversed, and the blood flowed into rivers.

powerful!

The Kingdom of God is really strong here!

Whether it is weapons and equipment or the strength of the strong!

Better than the coalition forces here!

However, the coalition depends on the number of people, the number of weapons and equipment, and the use of various tactics.

Hold on tightly!!!

The two sides met head-on for only an hour...

The coalition forces suffered heavy losses to the extreme.

The number of casualties is hundreds of times the opposite.

In other words, hundreds of weapons and people may be lost in exchange for the opposite one!

It's too miserable and miserable.

Fortunately, the coalition forces are united by nearly a hundred forces, and they are extremely sufficient in all aspects.

And aware of the severe situation, all parties continue to provide assistance.

All countries have brought out real combat power and secret weapons.

Take Daxia's side, for example, he took out the Tiance Mansion.

To block the opponent here!

Now it looks like the loss is big.

But someone constantly added...This is the benefit of large numbers!

No matter how strong the kingdom of God is!

It takes a long, long time to kill these people!

Therefore, ignore the heavy damage to the coalition in the first hour.

But on the basis of a large number, it is not worth mentioning.

They can hold it!

Coupled with the use of various tactics by Titan Ares, we strive to reduce casualties and maximize results.

So the longer you hold it!

At least after taking a posture, he can deal with the kingdom of God.
