Especially after knowing how terrifying Doctor Dark is, he became more and more interested in him.

Want to find him.

Having a Doctor of Darkness, it is no exaggeration to say that it can compete with a country.

It can even reach the height of a superpower!

Who doesn't want to own it!

Moreover, the dark world became more and more exaggerated, and Doctor Dark was carrying the ultimate secret of the Gods Laboratory, something that even the Eagle Nation could not control.

So he has a lot of dark doctors.

An abandoned area somewhere in Western Continent.

In the distance, halfway through the dim mountain, there is a gloomy old castle.

The crow kept screaming, which made people annoyed and heralded unknown.

All kinds of skeleton bones scattered around the castle, becoming more and more eerie and terrifying.

There is a round conference table in the castle.

The figure sitting around the table, wearing a black robe, even covered his face.

The atmosphere is serious and strange.

This is an ancient and mysterious organization.

It appeared very early.

But did not participate in any disputes.

Even if the kingdom of God and the world went to war, they did not participate, just quietly watching from the side.

Knowing that the kingdom of God was destroyed, only the Dark Doctor remained.

Just focus on Doctor Dark.

The leaders of this ancient organization are holding round tables.

“Dark Doctor must be brought! This is an order from the president himself!”

“There are already many forces looking for Doctor Darkness, including the Warhawk Nation Sky Shield and Daxia! We must rush to bring Doctor Darkness in front of everyone! Let him join us!”

One of them said somberly.

“clear!!!”

Everyone rushed.

This is an extremely ancient organization that specializes in the study of some ancient monks and ancient species.

Obviously the Dark Doctor interested them.

Especially he is also carrying the secrets of the entire laboratory of the gods!

“Of course there is a second task...”

Another person on the round table said.

“Um?”

A surprised voice sounded.

Everyone looked at him blankly.

Obviously most of the people present did not know.

Unexpectedly, there is a second task.”what?”

Everyone looked over.

“Daxia, the daughter of King Levi Garrison, is in the war with the Kingdom of God! The trick she used seems to be Daxia’s ancient Qi training technique that we are struggling to study!”

This person said this.

“hiss!”

The sound of chills from the audience was endless.

The whole audience is almost like an explosion.

Qi practice? ? ?

Upon hearing this, every member of this ancient organization was filled with light!

Their ancient organization studies ancient monks and ancient species...

Among them, the ancient monk is a general reference!

For example, the wizard priests of the West, the ancient warriors of the East (the ninjas of the East Island, the pre-Qin Qi practitioners of Daxia, the masters of magic spells, and the heavenly masters) and so on.

All this they are pursuing research.

The more ancient and legendary, the more interested they are!

Especially the most difficult pre-Qin Qi training men, they are struggling to pursue them.

After all, it exists in the legend.

In reality, it is difficult to find useful clues and evidence.

No one knew Daxia herself, let alone them.

Therefore, they are quite yearning for the pre-Qin qi training men and the skills of qi training.

They have to study, to prove whether this is true!

So even if there is only a little clue, they will go all out.

Even if they are false clues and messages, they have to personally verify them.
