

# Nothing to Give but My Heart Chapter 1231 – 1249

## Chapter 1231

Sugar cubes hate iron but not steel and said: “Are you a fool? You don’t have a boyfriend. Can’t you make one?”

Make a...

Marry Jiang had a cold smile on her lips: “How to make it? I’m a boyfriend making machine? I still wholesale it?”

“Marry Jiang, because you are still an author, why can’t your mind move at the critical moment? You told your mother that you don’t want to go on a blind date because you have a boyfriend. Then you can find someone to pretend to be your boyfriend. Come on? As for forced marriage or something, that’s the next thing. Falling in love always takes a cycle, right? It takes time to get in and understand, right? Even if the marriage is really forced, there will be no way at that time. You can just say that two people have different personalities. Leave it alone, anyway, the soldiers will come to block, and the water will cover the earth. Avoid it for a while.”

Tangtang enlightened Marry Jiang on the phone like a military officer. Marry Jiang was really afraid of her mother, so she didn’t think of a good way for a while. When Tangtang said this, she suddenly felt this. The solution seems okay???

“The question is, who do I look for to pretend to be my boyfriend? I, you know, don’t know many boys. Most of the guys I’ve known before are married and have families. I can’t let a married man pretend to be me. Boyfriend? How about... I’ll rent one?”

Thinking of this, Marry Jiang nodded: “This will work. Go and rent a boyfriend. Every time you call him out, it’s OK to pay him an appearance fee.”

Tangtang interrupted her.

“Don’t be naive. Many boyfriends who rent will be deceived. What if you are deceived and there is nothing left?”

Marry Jiang: “...so terrible?”

“The world is sinister! The heart is separated by the belly! Who knows?”

Marry Jiang: “Sugar cubes, what you want? You gave me this idea! How about you find one for me?”

“Marry Jiang, don’t you have a ready-made one by your side?”

Off the shelf? Marry Jiang blinked, and a figure gradually appeared in her mind. She bit her lip, “Could it be that you mean I edit? No, no, he is a Mediterranean, old and I can’t accept it.”

Fang Tangtang heard this and almost knelt to her, “I really convinced you, the handsome guy is right in front of you, you don’t want to, you actually think of an old man in the Mediterranean, you have to take it!”

In the end, Tangtang could only say: “I’m talking about the man I met at the bar that night!”

The man she met at the bar?

Marry Jiang recalled, and soon thought of who that person was.

That man named Phillip?

The man who lost his love and went to buy a drunk?

Thinking of this, Marry Jiang instantly laughed twice: “He? I think it’s fine. Although he looks pretty good, but he has his own heart, did you see it that night? It’s just that I lost love and bought drunk there. Yes! I’m looking for a man like this, I’m not a fool!”

“Can you straighten up your position? What if someone is broken in love? You don’t want him to fall in love, you just ask him to pretend to be your boyfriend. Didn’t you help him that night? Asking to come back, I see him brought to your mother, and your mother will believe it.”

Marry Jiang also felt that it made sense when said by sugar cubes.

Phillip is very good in terms of height, appearance, or conversation. He brought him to his mother and said that this was his boyfriend. Does he need to worry about being forced to blind date in the future?

Marry Jiang already has thoughts in her heart, but she is still a little worried: “How do I feel that it is too unkind to find someone who is broken in love to pretend to be my boyfriend?”

“Oh, our Jiang Dazuo has found it in his conscience, and he will feel that he is not kind, then you should be kind and meet the blind date your mother arranged for you~~”

“What is conscience? Can I eat it oh ha ha ha...”

Marry Jiang turned back quickly. After thinking about it, she immediately sent a message to Phillip, saying that she had something to help him, and she also mentioned what helped him last time, which made Phillip unable to refuse.

Phillip was busy when he received Marry Jiang's message. He frowned when he saw Marry Jiang asking him out of the cafe. When he was about to say that he was not available, he saw Marry Jiang sent another message come.

'I helped you last time, you must come! You don't want to owe me favors all the time, do you? '

Seeing these words, Phillip suddenly felt a headache, indeed... he didn't like owing favors to others.

Especially women.

Thinking of this, Phillip could only agree.

After the opponent confirmed, Marry Jiang immediately opened the door and jumped out.

Jiang's mother thought that her daughter had been in it for a long time, and she should have been dressed almost, who knew that when she came out, she was still the same as before, no change at all.

After just one glance, Jiang Mu suddenly became angry and pointed at her: "Marry, you..."

Marry Jiang took a few steps and took a step forward, holding Jiang's mother's finger, and holding her with a smile: "Mom, don't worry about getting angry, I have a particularly important thing to tell you."

"...What? If it's not a blind date, I won't agree to it! You must go to give me a blind date today. I have already known about the other party. The conditions are good in all aspects, and the looks and personality are one of the best!"

"Mom, I'm not talking about this, I just want to tell you, if your daughter has a boyfriend, and would you still press my head to go on a blind date?"

Hearing that, Jiang's mother sneered disdainfully: "Of course not. If you have a boyfriend, I still need to worry about it? But you don't have one. You are a single dog, where did your boyfriend come from?"

Marry Jiang said with a serious face: "No, I have a boyfriend."

Jiang's mother obviously didn't believe it, and didn't take her words to heart.

Marry Jiang patted her chest and promised: "Mom, what I said is true. I really have a boyfriend, but I haven't told you."

"I'm telling you Marry Jiang, don't think I'm your dad. If you are fooled by a few words, if you have a boyfriend, you bring it back to me. You can't even see your personal image, so you dare to say you. Have a boyfriend?"

"Take it, I'll bring it back tonight! But if I bring him back, you won't be able to force me to have a blind date again."

"Tsk tsk, look at your child, don't you have a boyfriend? If you had a boyfriend, you wouldn't say such a thing."

"Anyway, I'll leave it here. I will bring my boyfriend back tonight. You helped me push the blind date."

"Hmph, I have to let me see people first, and I'll say it after confirming."

Marry Jiang took a deep breath: "You wait!"

After speaking, Marry Jiang let go of Jiang's mother and planned to go out. Jiang's mother stared suspiciously at her back: "Aren't you taking the opportunity to escape?"

"Mom, you know where I live, is it useful to escape? Just wait."

## Chapter 1232

When Phillip sat down in the coffee shop, he had not seen Marry Jiang.

If he was alone with a cup of coffee, because out of courtesy, he ordered another cup of milk tea for Marry Jiang, and then sat in the seat and waited.

One minute, two minutes, five minutes...

Ten minutes later, Marry Jiang still did not appear.

Phillip slightly raised his brows and looked down at the time on his watch. Could it be that he was being tricked? Is that girl taking revenge on herself?

But after thinking about it, he felt unlikely. His tone seemed anxious, and there should be something to help her.

While thinking about it, a wind-like figure rolled into the coffee shop, and then looked around.

Phillip recognized Marry Jiang at a glance.

Big white T and big trousers, the hair is tied lazily, looks like a raunchy,

This was the first time Phillip saw such a girl who didn't take her image seriously.

Generally speaking, there are a lot of girls who don't care about their image, but they don't care about the image on any occasion. It is estimated that she is Marry Jiang.

When Phillip was looking at her, Marry Jiang had already found Phillip, she ran towards him quickly, and then took the chair in front of him and sat down.

“Hi, Mr. Xiao, you came so early.”

Phillip pursed his thin lips and said coldly, “You are late for eleven minutes and twenty seconds.”

“Hey?” Marry Jiang tilted her head awkwardly, “There is a traffic jam on the road, I’m sorry.”

She did not excuse her being late, and immediately apologized to Phillip sincerely. After apologizing, she sat down and picked up the milk tea and asked, “Is this something for me?”

Phillip nodded inaudibly.

“If you don’t taste it, you can order another cup.”

“No, no, I like milk tea, thank you.”

It was just right now that the weather was sultry and Marry Jiang was already hot all the way over. She drank several sips of milk tea.

“What can I do?”

“Huh? This...” Marry Jiang found him a little hard to tell.

She used to talk carelessly, but now she is looking for someone else to pretend to be her boyfriend. This kind of thing is to find a man who has only met a few times and is not familiar with it. It is really... hard to tell.

But the arrow is on the line, Marry Jiang has to say that it is not her style to be tactful, and it is straight to the point.

“Well, I hope... you can pretend to be my boyfriend.”

Upon hearing this, Phillip frowned.

Marry Jiang quickly said: "Don't get me wrong, it's just a pretend, not real!"

Phillip frowned deeper, because these words sounded extraordinarily absurd.

What is meant by pretending to be her boyfriend?

Phillip stared at Marry Jiang's white face a little displeased: "Miss ghostwriter, are you kidding me?"

"No, no, no." Marry Jiang waved her hand awkwardly: "I really want to ask you. My mother keeps pushing me on blind dates, but I don't want to go, so I hope you can pretend to be my boyfriend and cheat. After passing her, she won't let me go on a blind date again."

After the explanation, Marry Jiang found that the opponent's brows were furrowed deeper.

"Meaning, let me cheat the elders with you?"

Marry Jiang: "..."

Damn, this man is really... Must be so loyal and straightforward!

"Mr. Xiao, how can this be called deceiving the elders? If everything is prioritized, this is not a deception."

"This is not a deception? What is a deception?" Phillip asked seriously, staring into each other's eyes.

Marry Jiang was asked for a moment. She sat there for a long while, and said helplessly: "Well, even if this is a deception, what about it? I don't want to be

arranged for a blind date, so I can only think I tried this way to resist, pretending to be a boyfriend first, and then breaking up later. I don't think it's a problem at all. I am the male friends around me who are married, so no one can find them. I am afraid of being cheated on strangers, so I found them about you."

It's just that she didn't expect Phillip's reaction to be so big. She expected that Phillip would not agree, because she felt that he was a boyfriend, but she didn't expect that he cared about deceiving the elders.

Sure enough, after Marry Jiang finished these remarks, Phillip said sternly: "I can't deceive the elders with you, I'm sorry, you should find someone else if you are busy."

Marry Jiang bit her lower lip lightly, looking embarrassed.

"But I really have no one to find Mr. Xiao. If you don't help me, I can only find a stranger on the road and ask if they want it."

Phillip frowned, "Although I owe you favors, it doesn't mean that I can do everything. Please be smart."

After speaking, Phillip got up directly, Marry Jiang saw him go to the cashier to pay, and then left.

She was lying on the table like a discouraged ball, but she did not expect to fail.

The other party is unwilling, and she can't force others to show up in front of her mother, the result will be even worse.

Thinking of this, Marry Jiang sighed repeatedly in her heart.

Why don't you just ask? So Marry Jiang looked around and found that there really was a single man sitting there in the cafe, but the other man seemed to be quite old, thin and wearing glasses.

Was it too embarrassing to pass suddenly?

But what can she do? Do you really want to go on a blind date? Marry Jiang knows that if she does go on a blind date, her mother will really force her to marry. Then...

Thinking of this, Marry Jiang had a headache. She put down the milk tea in her hand and slowly moved towards the thin boy.

"That...excuse me..." As soon as Marry Jiang said what he said, a figure stood in front of him. Marry Jiang was taken aback. She raised her head and took a look and found that it was Phillip.

"Didn't you leave? Why..."

Why are you back? Marry Jiang looked at him in a bit of astonishment.

Phillip really didn't expect this girl to actually look for a stranger. He was still saying that he would be deceived if he was looking for a stranger, but now she took the initiative to send it to the door?

Does she have any brains?

The tall and thin boy with glasses heard the sound, but raised his head to see a man and a woman standing in front of him, somewhat puzzled: "May I ask you who are..."

"Acknowledged the wrong person." Phillip quickly answered the other's question, then grabbed Marry Jiang's wrist, who was still standing silly on the spot, and pulled her out of the coffee shop.

Marry Jiang was pulled out of the cafe with a look of astonishment, and it took a long time to react, "Hey, you let me go."

Phillip released her hand and Marry Jiang rubbed her wrist: "Why are you back again? Did you promise me?"

"...No." Phillip was silent for two seconds, then shook his head in denial.

"No?" Marry Jiang stared at him like he was crazy: "Then what are you doing when you come back? Nosy you, I finally found the goal!"

"Target? A stranger?"

"What about strangers, maybe they will agree? I said Mr. Xiao, if you refuse to help, just leave it alone, right?"

## **Chapter 1233**

"I owe you favors, I can't watch you get fooled, right?"

Marry Jiang disagrees: "How can you be sure that I will be deceived before the matter has started? Besides, even if I am deceived, you will not help me, Mr. Xiao, this matter is really important to me. If you don't want to help, then I won't force you."

After speaking, Marry Jiang turned around and left.

Seeing her direction, Phillip couldn't help frowning, because she actually walked back again. Does she still want to find the stranger just now?

Thinking of this, Phillip stepped forward and blocked her way.

"Go in?"

Marry Jiang glanced at him, but did not answer.

“I would rather go find someone who is unreliable, there is a chance of being deceived than going on a blind date?” Phillip narrowed his eyes slightly, really wondering why Marry Jiang would do this, is she really so resistant to blind dates?

“Believe me, the chance of me being deceived must be less than the chance of being forced into marriage!” After she said that, she blinked and looked at Phillip with her arms around her: “Mr. Xiao, you are standing here to prevent me from entering. Did you pretend to be my boyfriend?”

Phillip: “...”

In fact, he didn't want to choose either.

The girl in front of him has only a few ties with him. Even if something happens to her, it will be painless to him, just don't let him know.

But as long as it is human, there will be compassion.

Just like Phillip now, if he doesn't know Marry Jiang will do these things, what happens to her has nothing to do with him.

But now she asks him to ask for mercy, but he can't do it, and then if she is deceived when she knows it, it's really...

Phillip pursed his thin lips, and said slowly: “There may be other ways to solve the matter. Since you can think of a way to call me over, you should also be able to think of other ways.”

Hearing, Marry Jiang was a little funny, and simply stopped and stared at Phillip.

“Okay, it would be better for Mr. Xiao to figure out a way to provoke me? If you can’t figure it out, you have to pretend to be my boyfriend.”

Phillip: “...”

How did it feel as if he had taken him into the pit?

“How is it? Mr. Xiao Da can’t agree?” Marry Jiang saw the tangled color on her face, Marry Jiang leaned forward on tiptoe, watching Phillip up close with his beautiful eyes, and because This action also shortened the distance between the two directly.

Marry Jiang didn’t think this was a problem at all, but Phillip frowned and took a step back, “Wait for me to think about it.”

Then the two spent time in the coffee shop. Phillip was trying to figure out a solution for her. Marry Jiang was waiting by the side. When she was boring in the back, she simply sat down in the chair placed by the coffee shop. Then she ordered a cup of milk tea, so she could sit there and drink it in time.

While thinking hard, Phillip saw that she was drinking milk tea with Erlang’s legs relaxedly, and felt a faint pain in her temple. He had a headache while thinking about it, but she was drinking milk tea there as if she was not a party?

Seeing him looking over, Marry Jiang also stretched out her hand and waved at him, lazily like a cat: “Is there a way, Mr. Xiao.”

Phillip: “...”

He glanced at her helplessly, Marry Jiang shrugged and said to him: “It seems that there is no, then come on!”

Phillip’s eyebrows ached, how could there be such a rogue woman?

Five minutes later, Phillip walked to her. Marry Jiang had finished drinking milk tea. She raised her head: “Mr. Xiao, have you thought of a way?”

Phillip didn't answer, but just said: “Seeing you look so leisurely, you don't seem to be anxious at all, maybe you can solve this matter by yourself.”

Marry Jiang answered with a smile: “I have a way, anyway, I'm a person who is second best. If Mr. Xiao is unwilling to help or can't figure out a way, then I will hire a stranger to help me. .”

“ ...”

Phillip had a headache. This woman was not only a rascal, but also stubborn. She knew that she might be deceived, but she still took risks.

Is she a pig?

“To be honest, you don't have to resist so much, because I just asked you to pretend to be my boyfriend. The fake one can't become real. There is another point you think this is a deception, but I don't think it is because in real life It is very normal for a man and a woman to break up together. If you really feel that you are at a loss, then I can pay you to hire you, and you can treat it as if you are doing your own job. Let him lie or not. “

What this said is like a rascal of the vagrants.

Phillip gave her an angry look, and then sat down in front of her.

“Does your mother know your temperament? Can you be at ease by deceiving your mother?”

“Hehe, why don't you feel at ease? Let her feel relieved temporarily, thinking that my boyfriend, I can also be clean and happy.”

Phillip was silent after listening.

Marry Jiang didn't have much patience anymore, and kept urging him.

"How are you thinking about it? If it doesn't work, then forget it, this time is money, you can't help it if you drag it like this, I still have to go home."

"Don't rush, let me think again."

Marry Jiang blinked, and suddenly got up and walked to Phillip's side, grabbing his arm, "Mr. Xiao, do you remember the last time you pulled my hair off?"

After talking, lest Phillip would forget, he squatted down in front of her and pulled his hair.

She leaned a little closer, so when her hair spread out, she still had a faint fragrance that seemed like nothing. Phillip was unprepared and watched her pull her hair away, revealing a small piece of white flesh.

It has been a while, and new hair has grown on that small piece of white flesh. The hair that grows out is fluffy, very similar to animal hair.

"Look, my hair hasn't grown well yet. I can only tie my hair up when I go out, and I can't dress up beautifully. It's all your fault."

Marry Jiang opened a pair of beautiful eyes and seriously accused him. "So you are responsible."

Phillip twitched his eyes: "Responsible?"

“Yes, you are responsible for pretending to be my boyfriend. Now I forced you, so it doesn’t exist. You promised me to lie. You have no choice but to do it. How about? Is the method I thought of is perfect?”

After finishing speaking, Marry Jiang kept blinking at Phillip, with a white face with contentment, as if she was asking him for credit.

Phillip only felt that the corners of his eyes were twitching harder, even with the corners of his mouth.

“What a powerful reason.”

Hearing that, Marry Jiang couldn’t help but laugh out loud, “Right? I think this reason is quite strong, then...did you agree?”

When she said this, she tilted her head, and the smile on her face and the light in her eyes were very bright and moving. Phillip’s lips moved, but he didn’t say a word.

She obviously didn’t dress up, nor did she deliberately do anything, but at this moment it seemed that all the sunlight was flooding Marry Jiang’s body.

## **Chapter 1234**

In a loss of consciousness, Marry Jiang’s white tender little hand shook in front of him.

Phillip returned to his senses and coughed lightly, “Then I will help you once, but only this time.”

“No problem!” Marry Jiang nodded vigorously: “One time is enough! Let’s go!”

After that, Marry Jiang wanted to grab Phillip's arm when he got up, Phillip frowned slightly: "Miss ghostwriter, although I promised, you..."

He didn't say the following words, but his eyes fell on Marry Jiang's hands. Marry Jiang followed his gaze, and she understood it at a glance.

But she didn't let go of Phillip's arm, instead she took it up, with an innocent expression: "You don't want to tell me that men and women are not married? But Mr. Xiao, when meeting my mother, you pretended to be it's my boyfriend. We must be close, so let's practice it now."

Phillip: "..."

He looked serious and said: "Suddenly regret it, is it too late to regret it now?"

Hearing this, Marry Jiang hugged his arm tightly: "It's too late!"

Seeing her nervous look, Phillip didn't know why, but he wanted to laugh a little, but in the end he held back and sighed: "Even if it's going to practice, wait a while."

"No, there is not much time left for us. You haven't met my mom, so you don't know what kind of personality she is, so... Next we have to get to know each other."

Phillip squinted his eyes, "Understand each other?"

"Correct!"

So next, Marry Jiang cross-examined the old and young in Phillip's family like a household registration. After the questioning, Marry Jiang told Phillip about his family's situation.

Phillip's whole person was in the mist, let Marry Jiang control.

After the two sides understood each other's situation, Marry Jiang said again:  
"By the way, we still lack the nickname between us."

"Pet name?"

Phillip's eyes were about to cramp, the girl's thoughts were really, maybe he really shouldn't agree to her.

"Yep!"

Marry Jiang held her cheeks in her hands, as if thinking hard, Phillip saw her thinking, so he ignored her and took a sip of coffee slowly.

"I thought about it! Or I will call you Phillip!"

"Puff..." The coffee that Phillip hadn't had time to swallow was sprayed out like this.

Marry Jiang avoided ugly expression, tilted her head: "Do you think Phillip can't do it? Then... Xiao Xiaosu???"

"Cough cough..." Phillip coughed heavily, wiped the coffee stains on the corners of his lips with his palm, and then looked up at Marry Jiang angrily. Marry Jiang immediately returned to his innocent expression: "You are neither Like it? Then... Don't call it your name, just call it dear? Hani? Sweetheart? Little cutie?"

As she talked to him, Phillip's face could be described as ash on the bottom of a pot.

“Don’t you think that the more this is the case, the more suspicious it is?” Phillip couldn’t bear the more sticky names, so he could only interrupt her aloud.

Eh?

Is that right? Marry Jiang usually writes a lot of manuscripts, and always feels that there should be some names when falling in love, but she ignores what it should be under normal circumstances.

Being reminded by Phillip, Marry Jiang also felt that there was a problem with his title.

“Then what do you say?”

“Just call the name directly.” Phillip said lightly.

“Just call it by name? Then... I call you Phillip? You call me Marry Jiang?” Marry Jiang curled her lips and muttered, “I always think it’s weird...or else...”

“Just call it the name.” Phillip interrupted her firmly, determined not to let her think about it anymore, and quickly changed the subject: “How long have you been out, pretending to be your boyfriend is this matter today?”

As soon as the voice fell, Marry Jiang’s cell phone rang. She glanced at the caller ID, and the corners of her mouth twitched: “What kind of mouth are you, so clever, my mother called me.”

After speaking, Marry Jiang answered the phone.

“Mother~”

When Jiang's mother heard Marry Jiang talking to her in such a flattering tone, it suddenly became bad, and her tone became serious.

"Don't be cute, didn't you mean to bring your boyfriend back to show me? Now? You have been out for so long and you don't even have a personal picture. Did you run away again?"

"I didn't run, I said that I will go back and I will go back. Don't worry, this has just found someone, is it going to be taken to you?"

"Looking?" Mother Jiang's suspicious voice came from the other side of the phone: "Marry, are you the boyfriend you spent money to find? Or did you find your friend to play? I tell you, you'd better not do this, but otherwise...the old lady has some ways to let you show off."

"..." Marry Jiang shuddered, but she smiled twice: "You are funny to me, how can I find a fake boyfriend to show you? If I fight a fake, it's better to go straight Go for a blind date."

"Hmph, you'd better not play tricks anyway, you are my daughter, I know what you are playing in your heart."

"Okay, okay, I'll go back later, hang up first."

After hanging up the phone, Marry Jiang let out a foul breath, and looked at Phillip: "Tell you that my mother is not going to pass the test, right? She is too smart, so we have to breathe!"

Although Phillip drove the car, he naturally noticed Marry Jiang's conversation with her mother. After hearing her say this, he asked.

"How do you want to ventilate?"

"I will go in front of my mother, we have to be close!" Marry Jiang said,

Hearing, Phillip couldn't help but frowned. Just in front of the red light, Phillip stopped the car. Marry Jiang saw his frowning brows and explained softly: "Oh, it's all fake anyway. No matter how close you are, it's a fake. If you think so, you won't frown."

"Anyway, I'll tell you first, if I hold your hand or something, you can't resist it. If my mother sees it as a fake, the consequences will be serious."

After speaking, Marry Jiang showed a pitiful expression, like a cat begging for food.

"Can you do it?"

Phillip did not answer, but looked at her silently with his thin lips.

"QAQ!" Marry Jiang pulled his sleeves up and shook it gently.

It's hard to imagine that she still has such a cute side? Phillip narrowed his eyes slightly.

In fact, for Marry Jiang, she is usually too lazy to be cute, but how could she not be able to make her be cute? There are countless kinds of characters in her writing, and it all depends on whether she wants to do it or not.

It's just her nature, so she doesn't bother to pretend it.

"Can you say something? When you were drunk in the hotel before, the guy at the bar wanted to throw you on the road, but I didn't hesitate to bring you back. You were in the middle of the night. Hold my hand and let me sleep with you all night, then it was closer than now!"

## **Chapter 1235**

Seeing her mentioning what happened that night, Phillip only felt his eyebrows hurt suddenly. That night, he was indeed holding someone's hand, causing her a little girl to squat on the edge of the sofa to sleep. Later, her legs were still numb. Up.

And when he woke up he blamed her.

Thinking of this, Phillip felt a little guiltier and could only agree t

o it.

“Got it.”

Seeing his promise, Marry Jiang instantly smiled.

Knowing that he would agree, it seemed that he was still very guilty of himself. Originally, she just mentioned it casually, but she didn't expect it to be so easy.

Soon they arrived at Jiang's house.

When Marry Jiang and Phillip got out of the car, Marry Jiang kept all sorts of thoughts in his ears.

“Have you remembered what I told you just now? My birthday, my friends, and some...”

Phillip looked at her like an idiot.

“Do you think I can remember so much in such a short time?”

Marry Jiang was momentarily dumb.

“What did you say? Did you remember none of them?”

Phillip didn't answer. To be honest, he forgot all about it, because he was not interested in the life of a stranger or birthday constellations, so when Marry Jiang was talking, he didn't take it seriously, just watch. As he was chirping, his thoughts went to another little girl.

Jessica...

She heard that she and Victor Han went to travel, she must be very happy now?

Finally the gains and disappointments.

Thinking of this, Phillip felt bitterness after another, which gradually expanded and spread.

Marry Jiang was so keen, she saw something wrong with Phillip at a glance. She squinted her eyes for a moment and suddenly became angry: "I wiped, you are too much! When I was communicating with you, you were actually there. Miss your ex?"

Her voice brought back Phillip's mind for a long time, and then he glanced at her with complicated eyes and replied, "It's not the ex."

"What? Not the predecessor??? Is it the predecessor?"

"..."

Seeing his speechless expression, Marry Jiang suddenly realized something, and the corners of his mouth twitched: "You won't...you haven't even chased people??"

Unfortunately it is.

Phillip refused to talk to her, and said indifferently, "I will behave well in front of your mother and will not show you anything."

"Hey, I said you were too miserable, right? You fell in love without even chasing you. Are you unrequited love, oops... The plot I guessed was really hit last time, and I feel like I can do it. It's a fortune teller." However, Marry Jiang did not intend to let him go, and continued to think about it.

"Do you want me to pretend to be your boyfriend? If you don't need it, then I'll go back first."

After that, Phillip was about to turn around and leave, Marry Jiang quickly grabbed his hand, "Wait, I just made a joke, so angry? I definitely want it, we will go up now."

"Let go." Phillip calmly rebuked.

Marry Jiang was not loose, but instead hugged her arms tightly, with a serious expression on her face: "How is it possible? It's all here, maybe my mother is staring upstairs, what should I do if I leave it alone now? From now on, we are boy and girl friends. If we fail to succeed, we will be benevolent. You must not harm me!!"

After that, Marry Jiang feared that Phillip would not cooperate well, and added: "You have already caused me to lose a piece of hair. Don't cause me to be forced to marry again. If I'm forced to get married, my hair will fall out. Yes, the piece you ripped off will probably not grow out. You will definitely have a conscience in your life, right?"

Phillip: "..."

This woman... is simply a rascal.

However, he still had no choice but to take her.

“Hehe, let’s go.” Marry Jiang intimately held him up.

When she got to the elevator, she happened to bump into the neighbor and aunt who was opposite to come back from shopping, and saw Marry Jiang holding a man, and suddenly looked at her in surprise.

“Marry, is this your boyfriend?”

Hearing this, Marry Jiang hugged Phillip a few minutes and leaned on his shoulders very intimately. He nodded and smiled sweetly, his eyes almost turned into crescent moons: “Yes, talking about men. So my friend brought it back to show my mother, Aunt Xu, you just came back from the supermarket.”

Aunt Xu, the neighbor, stared at Phillip closely, and her gaze was like scrutiny, which made people feel uncomfortable. But Marry Jiang knew that these neighbors were like this, and that other people’s daughters were in a relationship as if they had a relationship with them, so he didn’t say anything for them to look at them.

Anyway, Phillip is a man who is tall and straight, and looks handsome, but he has a scar on his face, which makes him look a little bit fierce.

While thinking about it, Marry Jiang saw that her neighbor Aunt Xu’s gaze was set on the scar on Phillip’s face, and he even asked.

“Hey, what’s the matter on your boyfriend’s face? Has it been hurt?”

Hearing, Marry Jiang couldn’t help but roll her eyes.

In fact, she and Phillip have met so many times, even if he was asked to pretend to be her boyfriend this time, she didn’t plan to ask how the injury on Phillip’s face came from.

After all, it is someone's scar, it is not very kind to take the initiative to uncover it.

What she didn't want to do, she didn't expect this Aunt Xu to do, and she still stood in front of so many people in the elevator.

Thinking of this, Marry Jiang's heart suddenly became unhappy.

There was still a sweet smile on her face, but now she looked a little unhappy. She didn't answer this question, but directly asked: "Aunt Xu, I haven't come back for a long time. I heard about you when I came back. The wife seems to have run away?"

Sure enough, when Aunt Xu heard it, her face changed drastically.

"You, who did you listen to?"

Marry Jiang looked innocent and said: "A lot of people around here are talking about it, isn't it true? I don't think it is. Your daughter-in-law is beautiful and capable, and her literary literacy is good. Someone who will abandon her husband and son."

Aunt Xu's face was difficult to look, "Marry, what do you say, is it because your mother is saying bad things about me behind my back? You mother and son are really annoying, chewing on people's tongues all day long."

Marry Jiang smiled calmly, "How can I, my mother and I are less than one ten thousandth of Aunt Xu's ability to chew the tongue."

Marry Jiang bought the house by herself later, because at that time Jiang's mother had already begun to force her to marry her, and she moved out to be clean. When she lived here before, she did not hear this neighbor chewing his tongue and say something special. Bad words.

“You!” Aunt Xu was so angry that she coldly snorted: “I didn’t expect that after so many years, your girl movie is still so shameless, and your mother is really true. I don’t know how to teach my daughter so well. How can you get married? I said that some people, have you heard the saying that you want to marry a good wife? Don’t be fainted by beauty!”

This sentence meant something. Aunt Xu deliberately looked at Phillip when she said it.

## Chapter 1236

“Beauty is fainted?” Marry Jiang sneered, and said slowly and slowly: “It seems that Aunt Xu’s teaching to her son is really thorough enough, but after marrying a good wife, she didn’t treat others well, nor I know what I think. Some people have neither beauty nor ability, and can’t even pay the down payment for the house, so they can marry such a good woman? Isn’t this the legendary little white face?”

Phillip, who had not spoken all the time, frowned slightly at this moment. At first, when Marry Jiang approached him, he still wanted to resist, but then the two people began to become arrogant and domineering.

It seems... after the aunt looked at the scar on his face and asked, Marry Jiang began to be rude.

Thinking of this, Phillip’s heart moved, and he unconsciously looked down at Marry Jiang.

Is she... protecting herself?

Because of that scar?

Phillip saw Marry Jiang’s eyes become a little complicated. Although the two people are very close now, they are after all pretending to be boy and girl

friends. Even if he is scrutinized by others, even if she ignores him, he I don't think there is anything.

Now, she protects herself like this.

This made Phillip's hard heart slightly moved.

Unexpectedly, she was very kind, except for her mischief.

Thinking of this, Phillip followed his heart, stretched out his hand to embrace Marry Jiang's shoulder, and looked at her fixedly.

"Little white face?" He smiled faintly, "There are still men who depend on women for food these days?"

At first, when Phillip took Marry Jiang's shoulders, she was stunned for a moment. After hearing what Phillip said, she quickly reacted, smiled and nodded: "Of course, you are usually busy with work, and you don't have a good understanding. In this society, a lot of men eat soft rice. And eating soft rice is a matter of course. These men not only eat soft rice, but also chew the old, have a bad temper, and they like to beat their wives if they have no ability."

After that, Marry Jiang could still nestle into Phillip's arms pitifully, and said eagerly: "My dear, you definitely won't be like that kind of man, right?"

The play has already started, and naturally it is about to be finished. Phillip smiled faintly and looked down at Marry Jiang.

"Of course, trust your own vision."

The moment the two stared at each other, Marry Jiang felt that her heart was hit hard by something, like a little deer barking, she was a little flustered, but quickly returned to normal, nodding with a smile: "Of course, my Marry

Jiang's vision is not overshadowed. The kind of man who eats the old man and beats his wife will definitely not want it!"

The two sang together, completely treating Aunt Xu as nothing. Aunt Xu was so angry! Glitting their teeth at the two people, they were so angry that they could hardly speak a word.

When the other people in the elevator saw this scene, they all looked at each other.

In fact, many of the neighbors here know each other, so after seeing Marry Jiang and Phillip so affectionate, they couldn't help but agree.

"Yeah, Marry is right. A soft rice man who beats his wife definitely can't ask for it. He beats his wife without making money. Whoever marries such a man will be a bad luck for eight lifetimes."

"Marry, your boyfriend looks good, tall and thin, and looks good, what kind of work is you doing?"

"Marry Marry, you have made a boyfriend now, when did you talk about it? You girl, you have always been alone before. Everyone thought you could not talk about boyfriends anymore."

Just as everyone was about to ask questions, the floor where Marry Jiang lived arrived. Marry Jiang hurriedly pulled Phillip out of the elevator, and said, "Ahahaha, my house is here. I'll talk to you next time."

Aunt Xu also came out with them, because after the incident happened in the elevator just now, Aunt Xu looked at the two with very bad eyes, and was very angry and opened the door directly into the house.

After she left, Marry Jiang wanted to release Phillip's arm, but then she held it tightly again, "The door is about to open, are you ready?"

This is the first time Phillip has been so close to a girl, and he is a little uncomfortable, but after all, he has agreed to her, so he can only endure it.

“Ok.”

He replied solemnly.

Marry Jiang stared at him carefully and saw the scar on his face. He wanted to say something but finally held back.

Forget it, my mother shouldn't be as annoying as that Aunt Xu, who only picks up other people's wounds to expose, so she shouldn't have to say in advance.

After thinking about it, Marry Jiang went forward to ring the doorbell.

Not long after the doorbell rang, the door opened, and Jiang Mu stood at the entrance and looked at the two men warily.

Marry Jiang smiled sweetly and called out: “Mom!”

Jiang Mu didn't look at her, her gaze swept directly to Phillip, and she kept looking at him.

Phillip's expression remained as usual, and he greeted Jiang's mother in a hurry, “Auntie, hello.”

Mother Jiang still looked at him, narrowing her eyes: “Are you my daughter Marry's boyfriend?”

Phillip nodded, and handed over the gift in his hand without a trace: “The first time you meet, a little gift.”

However, Jiang Mu didn't take what was in her hand because she had been looking at Phillip. When she saw the scar on his face, her lips moved, but she didn't say anything.

Marry Jiang was afraid of what Jiang's mother would say, and hurriedly took the things in Phillip's hand, and said: "Mom, what are you doing like this? Before, you kept calling me to bring my boyfriend back. Now I bring people back, you just be kind, can you not be so serious?"

Hearing, Jiang's mother gave Marry angrily, "How do I know if your boyfriend is temporarily looking for a casual refill? The two have discussed it?"

Marry Jiang: "Mom, if you say that again, your daughter may lose a boyfriend."

Jiang's mother turned her body sideways and said impatiently, "Come in."

"Go." Marry Jiang hurriedly took Phillip's hand and walked inside, looking very nervous.

After entering the living room and sitting down, Jiang's mother didn't ask questions, but looked at Marry and said, "Go to the kitchen and cut some fruit."

Cut fruit?

Marry Jiang blinked: "Now cut the fruit? Okay?"

"If you let you go, just go, what is it."

In fact, the reason Marry Jiang didn't want to go was that she knew it was Jiang's mother who deliberately used her to drive her. Maybe she wanted to test Phillip, or wanted to tell him something. Marry Jiang didn't want to leave. She was afraid that she would reveal herself when she left Phillip. After all, he said with a serious face that he would not cheat the elders with him.

What if Phillip can't stand the pressure after she leaves?

Thinking of this, Marry Jiang shook her head resolutely.

"I don't want to eat fruit."

Jiang Mu was so angry that she patted her on the back of the head and shouted, "I want to eat, and can I go?"

Marry Jiang: "..."

Phillip smiled faintly: "Marry, go."

## **Chapter 1237**

The sound of Marry really calmed her restless heart. Marry Jiang raised her eyes and glanced at Phillip. Seeing that he gave him a relieved look, he nodded.

But immediately, she murmured to Jiang's mother again: "Then I will cut the fruit, you must not bully him!"

After speaking, Marry Jiang looked back at Phillip step by step, and entered the kitchen as if reluctantly.

During the period, Phillip's lips kept carrying a faint smile, and he kept giving Marry Jiang reassuring eyes. The little gestures between the two people and Jiang's mother were all in his eyes, and he gave Marry Jiang an angry look. Marry Jiang then cursed a dead girl in his heart.

After Marry Jiang entered the kitchen, although she was reluctant, she still cut the fruit.

She was very fast. She was afraid that Phillip would not be able to stand it and be exposed, so she went out carrying the plate after cutting the fruit.

It took about five minutes before and after.

Before going out, Marry Jiang deliberately leaned on the door to eavesdrop. As a result, she didn't hear anything. She was a little puzzled. Could it be that the conversation between the two has ended?

When she walked to the living room, the two remained silent, and the atmosphere seemed a little weird.

Marry Jiang put the fruit plate on the coffee table, and then ran to Phillip's side and sat down, her eyes moving back and forth on the faces of her mother and Phillip.

"Okay, don't watch it!" Jiang's mother scolded her angrily: "They all say that girls are extroverted. This is really correct. If you ask you to cut a piece of fruit, you don't have to cut it seriously. You ran out so quickly, If he is really your boyfriend, how can I bully your mother?"

Hearing this, Marry Jiang couldn't help but replied: "Then who knows? Don't you doubt us? Then you scared my boyfriend away. Where can I find such a good boyfriend?"

After finishing speaking, Marry Jiang stretched out her hand and took Phillip's arm tightly, and the whole person was nestled next to him like a bird, "Don't you think?"

Phillip: "..."

He looked down at Marry Jiang, she blinked hard at him, Phillip stretched out his hand to wipe away the broken hair from her cheek, and gave a cowardly grunt.

Obviously it was just a subtle movement, but Marry Jiang felt that her heart seemed to have been slapped, and her heartbeat unexpectedly began to accelerate again.

Today is... what's going on? Obviously the two had been close that night, but at that time she didn't seem to feel like today?

"Okay, you said he is your boyfriend, can you prove it?" Jiang's mother put her hands around her, so she looked at the little couple in front of her with leisure: "If you can't prove it, then you still have to go on a blind date."

Marry Jiang almost exploded when he heard it.

"Mom, why are you talking like that? Ask me to go on a blind date in front of my boyfriend. Do you still want your daughter to be happy?"

Mother Jiang smiled treacherously: "You really thought that you would just find a man in front of me, pull a little hand, and hug, I believe you are real boyfriend and girlfriend."

Marry Jiang: "...otherwise? Why don't you believe it?"

"It's not impossible for me to believe it." Jiang Mu's eyes rolled, as if thinking of something. When Marry Jiang saw her mother like this, he instantly had an unknown premonition.

How does she feel that her mother is going to make a bad idea?

Sure enough, the words Jiang Mu said next almost caused Marry Jiang to lift the table.

"Do you dare to kiss him in front of your mother?"

Marry Jiang's eyes widened: "Mom!"

Jiang Mu looked disapprovingly.

"What's the matter? Are you really boyfriend and girlfriend? What does it matter if you kiss? My dear daughter, don't perform your clumsy acting skills in front of your mother. Let your friend go back early and give me a blind date. , I have arranged a lot of high-quality men to wait in line for you."

Many?

Upon hearing this amount, Marry Jiang felt that her scalp would explode.

She suddenly felt that she didn't want to go on a blind date anyway.

She gritted her teeth and looked at Mother Jiang: "You will believe it once you kiss?"

But Jiang's mother was silent.

Marry Jiang turned her head to look at Phillip, Phillip's eyes flickered to meet her, isn't this girl really planning to kiss him? He frowned and was about to say something, but Marry Jiang grasped his hand, and before he could react, she leaned over and kissed the corner of his lips.

This is a misplaced ki\*s.

From the perspective of Marry Jiang's mother, Marry Jiang kissed Phillip's lips. In fact, Marry Jiang only kissed the corners of his lips, although there was a little bit between the lips. Touch, but this is already the range that Marry Jiang can control.

When Phillip was kissed by her, her whole body was stiff for a moment, and a strange flash of black eyes flashed, but Marry Jiang soon retreated. After she retreated, she shrank directly into Phillip's arms, angrily. Looking at Jiang Mu dumbly.

"Mom, okay? Your request is also horrible. Even if we are boy and girl friends, kissing is a privacy okay?"

Jiang's mother was quite surprised. She didn't expect to see such a scene, so that her daughter would be bold enough.

The mind that was still thinking about it, but at this moment calmed down, she looked at Phillip deeply for a while, and suddenly waved her hand: "Okay, you passed."

Marry Jiang's eyes lit up: "Meaning, I don't have to go on a blind date anymore?"

Jiang's mother crossed her: "What? Have a boyfriend still want to go on a blind date?"

"No, no, no!" Marry Jiang waved her hand with a smile, and then took Phillip's hand: "If that's the case, then we'll go back first."

Originally Jiang's mother wanted to keep her, but she didn't know what she thought at the moment, and she didn't stop her, so she just let them leave.

So Marry Jiang dragged the person away.

After entering the elevator, Marry Jiang immediately let go of Phillip's hand with a guilty conscience, touched his nose awkwardly and looked at Phillip and said, "That... it happened suddenly, so sorry."

Phillip came back to his senses: "..."

Just now he really didn't expect Marry Jiang to come up with such a thing suddenly, and the girl's soft lips suddenly pressed up, and it carried the fragrance of Ruoruuowu, and at that moment she was lost.

He stared at Marry Jiang and frowned fiercely.

Marry Jiang looked at him like this, coughed heavily, and quickly rescued him: "Oh, don't be angry, I didn't mean to kiss you, but you have seen my mom's temper. If I don't kiss you, I'll have to go on a blind date with those boys. You're all here. It's not too much for me to kiss? Anyway, it's just a play!"

Phillip's face was gloomy, like a dark cloud covering the top.

"If you make a play, can you kiss it casually?"

Marry Jiang poked his counterpoint with a grieved expression: "Isn't there no way? I don't want to kiss either, you know this is my first kiss..."

First kiss...

## **Chapter 1238**

Hearing this word, Phillip only felt a sudden pain in his temples.

She obviously kissed him a second ago, but now she is discussing with him that this is her first kiss.

Is this... the question of whether the first kiss is not the first kiss?

Phillip's eyes locked her deeply, and his voice was a little darker.

"It's the same sentence, can you just kiss you casually by acting?"

Marry Jiang: "..."

She bit her lower lip subconsciously. Although this was her first kiss, she started it first by herself, and she forcibly pulled the people, so she was still very wrong.

At the end of the day, Marry Jiang didn't speak hard anymore, and could only speak in a cute tone.

"It's definitely not a casual kiss. I really can't do anything about it. And think about it, you are a boy. We girls are definitely at a disadvantage in this kind of thing? And I just said that I am still kissing for the first time, which is cheaper for you. Okay? Hmm, but you are the one who brought me here, so you should be the one who suffers, so let's... I ask you to have a meal, or if you have anything you need my help in the future, I will definitely go through fire and water. "

Phillip: "..."

Wandering around, she actually only wanted to solve the problem with a meal.

But what can we do if we don't need food to solve the problem?

Phillip's expression became serious.

Seeing that he was still dissatisfied, Marry Jiang didn't know what to do, she could only say with a sad expression: "You sound like you still disagree? So what do you think? Anyway, you kissed, if you feel unfair, The big deal I will let you come back kiss!"

After that, Marry Jiang pressed her red lips nervously.

Phillip was choked by her words, but he glanced at her red lips subconsciously, and then remembered the way she was leaning over, and the soft touch.

By!

Phillip cursed in his heart, and quickly looked away, with a cold face: "You want to be beautiful."

You want to be beautiful...

At the beginning, Marry Jiang didn't think there was anything in this sentence. Careful Yipin couldn't help widening his eyes, and approached Phillip with his arms akimbo.

"What are you talking about? What makes you want to be beautiful, as if I kissed you on purpose?"

Phillip still said with a cold face, "Isn't it?"

Marry Jiang gritted her teeth and stared at him: "Definitely not, I was also forced?"

Hearing, Phillip glanced at her with a sneer.

"Cross the river and demolish the bridge, there is no problem if you want to deny it now."

"..."

Marry Jiang was speechless for a moment. Although the sentence just now made her very unhappy, he also helped her. Marry Jiang won't have to go on a blind date anymore, so she is still very happy.

When he was happy, Marry Jiang didn't plan to care about this straight man. Not only that, but he also made fun of him.

“Hey, did I say if you kissed for the first time? When I kissed you, why did you not react at all? Is it possible that you have never kissed before? And you are a male and I am a female, but your expression looks like you Looks like I'm at a disadvantage, or... You just got away from me? Turn the fake into the real?”

Phillip: “...”

He glanced at the mad woman talking to him, feeling helpless.

What does it mean to follow her and turn the fake into real?

“Impossible.”

Marry Jiang was amused, smiled and moved a step beside him, holding his hand: “Why is it impossible? Are you not in love? If you are with me, I can make up for the emptiness in your heart.”

Make up for the emptiness in his heart?

Phillip glanced at her numbly.

“My heart is not empty at all, thank you.”

“Really?” Marry Jiang didn't believe it: “You are not empty, why are you going to the bar to get drunk? You are still as drunk as mud, didn't I pick you home?”

After a few words, Phillip was speechless. He glanced at Marry Jiang, and he looked like he wanted to talk. Marry Jiang curled up her lips triumphantly, “How about it? Is it speechless? Can I say it? I'm all right?”

The girl's voice was proud and energetic, which made Phillip think of another person. He unconsciously glanced at her more, saw Marry Jiang's delicate and beautiful face, and silently retracted his eyes.

Not her.

Jessica doesn't have such a good-looking face, but... she looks very comfortable.

In front of this, although she has no makeup to dress up, her facial features are so exquisite that she can't suppress it at all. Just like her mother, just a little bit of dressing can make you feel gorgeous.

"Hey, what do you think?"

Marry Jiang bumped his arm, and Phillip realized that his arm was held in her hand by Marry Jiang. He retracted his hand without a trace, and said coldly: "The play is over, no need to rely on it. It's so close."

His twitching movements were so fast that Marry Jiang hadn't had time to react, and she almost fell forward, she said a little bit irritably, "Do you have a pity for Xiangyu, a man? Do you have to be gentle with women? Forget it, people like you probably don't understand. If you do, you don't have to go to the bar and get drunk. It's because you helped me and you don't want me to invite dinner. Why don't you chase people for you?"

Hearing, Phillip frowned slightly and did not answer.

"Really, girls only understand girls. If I help you chase people, I think I have a good hand, do you want?"

"No need." Phillip rejected her proposal. The person he wanted to chase already had her own happiness, and he would not do things like grabbing love with a sword.

For him, Jessica happiness is enough.

“No? You really don’t know what to do. Are you afraid that you won’t find a girlfriend with me? Let me help you? Huh? After all, you just helped me.”

Ding...

At exactly this time the elevator arrived, and Phillip took his long legs and walked out directly.

When Marry Jiang saw it, she chased after him, trotting to keep up with his footsteps, and asked: “Do you really need it? After passing this village, there will be no such shop, you...”

Phillip suddenly stopped, Marry Jiang bumped into his back unexpectedly, she covered her nose with a painful cry and raised her head to look at him.

“Let’s stop here today.” Phillip looked back at her seriously: “Miss Ghostwriter, your behavior today has seriously affected my life. It is because you helped me, so I repay your favor, but There will be no future...”

Marry Jiang was stunned for a moment, and she didn’t know why he felt that his remarks were a little heavy. Although she thought so in her heart, she still felt a little uncomfortable when she was picked up by the other party.

But Marry Jiang still pretended not to care on the surface and laughed.

“Of course, there will definitely not be a future, but I will write down this today, and you can find me if you need it in the future.” After speaking, Marry Jiang smiled at him.

The girl’s smile was very bright in the light, with a sincere breath.

## Chapter 1239

This smile was too bright and too dazzling, and the shattered lights all around seemed to be moving closer to this smile, making Marry Jiang's appearance at the moment look even more eye-catching.

Phillip was absent for a moment.

Soon he controlled his own mind and looked away lightly.

"You don't need to remember the kindness, I just repay the favor, and you just have to remember that there is no next time."

Marry Jiang grinds her posterior molars, still smiling: "Well, since Mr. Xiao said so, then I will treat you as the end of your favor. But because of special circumstances today, so... "

She took a step forward, staring at Phillip earnestly and blinking her eyes: "I owe you a kiss."

Phillip: "..."

The girl said astonishingly, Phillip's pupils shrank, and he took a step back suddenly.

"What nonsense?"

Marry Jiang waved her hand indifferently, "I'm serious, because I kissed you without your consent. I'm sorry for that. So I owe you a kiss. Either you kiss you back now, or Just owe it first."

Phillip was shocked by her words for a long time, and finally spit out a word helplessly.

“Madman.”

Marry Jiang shrugged unconfirmed.

Soon, Phillip took a step and left. When he turned around, he suddenly thought of Marry Jiang’s image of Marry Jiang trying to protect a scar on the computer. His brows were frowned, but he was relieved soon.

She just wanted him to help. Seeing that she was looked at by others with strange eyes, he naturally had to say a few words for him. This is nothing, he shouldn’t remember too clearly.

After thinking about it this way, Phillip left soon.

After people left, Marry Jiang subconsciously touched her lips, and said depressed: “It’s so maddening, I’m obviously at a disadvantage. Sure enough, the man in the novel does not exist in reality at all, and there is no amorous feeling. The puzzled pig’s hoof!”

Marry Jiang snorted, and then left.

Foreign

Two days after coming to the island, Jessica finally got the true meaning of this island. Because it was young people who came out to play, the morning was very quiet, and the night was their carnival.

In addition to framing and taking photos, Jessica is eating food and having fun.

“In addition, I had some communication with other people on the boat when I came by boat, and I occasionally met them during the two-day trip, so everyone has already made friends.”

But what embarrassed Jessica was that most of the couples on this island are couples who come to travel, so they are very close.

For example, when Jessica wanted to play in the water, she found that a couple was hugging each other in the water in front of her.

So her legs in the water were so embarrassed that she took it back for a long time and returned to the shore depressed.

But Victor Han seemed to have found nothing, rubbed his head, put a straw hat on top of her head, and said, "Be good at sunscreen, don't get sunburned, ultraviolet rays on this island still very strong."

Uh...

Jessica cried a little in her heart.

Although she is conservative in her heart, she occasionally wants to...

It's a pity that Victor Han has a restrained personality, like the kiss on the boat that day is the most extraordinary thing he can do. As for the other things, Jessica really can't even think about it.

Suddenly, a couple ran over.

"Sister Jessica, can you help us take pictures?"

A woman put her mobile phone into her hand, embarrassedly said: "We want to take a picture of the distant view over there, but we can't get it, can we trouble you?"

When others ask, Jessica can only nod her head obediently: "Of course there is no problem. Just tell me what you want to shoot, and I will help you shoot."

“Thank you, Sister Jessica is really nice.”

So under their guidance, Jessica took several pictures for the couple, and the last one was a scene of the two hugging and kissing tightly, which seemed extraordinarily loving.

At first, Jessica was a little embarrassed when she was shooting, but then she gradually became envious.

This is really a happy journey for both husband and wife. If you collect these photos and frame them at home, and then take a look at them when you quarrel, it is estimated that the anger will disappear immediately.

If possible, she would like to take photos with Victor Han, but... they are not real couples, I am afraid they are not suitable.

So Jessica did not ask, and she returned her phone after the filming was over.

Unexpectedly, the woman said, “Thank you, you helped us. Let’s take some pictures for you.”

Hearing, Jessica was stunned for a moment, and subconsciously glanced at Victor Han.

When she was taking a picture of the couple just now, Victor Han had been sitting behind and watching, so now Jessica happened to meet his indifferent eyes when she looked over.

Seeing him like this, Jessica thought that he should be unwilling, so when he shook his head and was about to refuse, Victor Han stood up, “take a few pictures.”

He is an old man who has no interest in taking pictures, but who told his little girl to look at him eagerly?

Jessica tilted her head, “Can you?”

Victor Han rubbed her head adoringly, “Of course.”

After the girl of the couple next to me took the phone, she said straightforwardly: “Your young couple have a strange way of getting along, little girl, why do you seem to be afraid of your husband?”

Jessica didn’t know how to answer for a while, but Victor Han held her in his arms and smiled faintly: “My little girl is just more afraid of life. There are so many people outside, she is not very embarrassed.”

After speaking, he lowered his head and stretched out his hand to squeeze Jessica’s white and soft cheeks, his voice getting deeper and deeper: “When at home, she was still very domineering.”

Originally, the women in the couple were still thinking that Jessica’s status might be inferior. Now that she was so show-off, she instantly envied her.

This man is so handsome and so flirtatious, it’s simply!

And Jessica’s heart was thumping and throbbing, unexpectedly Victor Han would say such a flirtatious words, and shyly smiled at the couple in his arms.

“This shot is not bad.”

The woman quickly captured this scene.

Before Jessica and Victor Han had time to react, they were photographed. Soon the woman urged them to change their positions. Because Jessica was nervous, she didn’t know what to do. In the end, it was the woman who guided them. Finished a few photos.

After the filming was over, the woman returned the phone to Jessica and couldn't help making fun of her.

"You are really exactly the same as what your husband said, too shy. I didn't say you. Everyone is the same outside. What's so scary about you?"

Jessica bit her lower lip and shook her head awkwardly: "I'm not afraid, I'm just a little embarrassed."

"Well, depending on your young age, it's normal to be embarrassed."

## **Chapter 1240**

After the two parties talked for a while, the woman took her husband to leave.

Before she left, she suddenly saw a figure in front of her, and she snorted.

"Huh? Isn't that the one who couldn't get on the boat before? Why did she come?"

Hearing, Jessica looked in the direction of her finger, and saw a familiar figure walking towards this side.

Lin Qin'er?

Why is she here?

Seeing Lin Qin'er, Jessica had an inexplicable premonition for an instant. However, before she could turn her face away, Lin Qin'er had already seen her, smiled and waved at her constantly.

When the woman saw Lin Qin'er look like this, she couldn't help showing a contemptuous expression: "She is really lingering, and she has followed. Is it because she wants to continue to hook up your husband?"

Jessica: "..."

Jessica didn't like Lin Qin'er anymore, she just planned to deal with her affairs after playing almost, but she didn't expect her to follow her.

What does she want to do? Does she really want to hook up Victor Han?

But... isn't she married?

Why does a married woman hook up with others? Jessica can't figure it out. Is it because Victor Han is too good, but her husband used violence against her, so she wants to hook up with Victor Han?

Thinking of this, Jessica frowned tightly.

"I said you, you are a little girl, don't be fooled by this kind of woman. I think she is quite old, and it is estimated that a man has a good hand. When she comes, you have to look after your old man."

"Fantastic?" Jessica didn't understand, "Why is my husband optimistic? What does this matter have to do with him?"

"Hey, you stupid girl, don't you understand?" Because Victor Han is not here at the moment, he is going to fetch water for Jessica, so the woman speaks without hesitation, "In this world, there is no don't steal, fishy cat, do you understand what I mean?"

Jessica: "..."

She looks suspicious, stealing, fishy cat?

Does it mean... Lin Qin'er? But what does this have to do with Victor Han?

The woman's husband on the side was obviously unhappy when he heard this, and sneered: "Sister, don't listen to my wife's nonsense. There are really cats that don't steal stars in this world. Like me, I never steal. Love my wife."

The woman glared at him, but her expression still said satisfaction.

"Anyway, you have to adjust yourself. Teach, okay, optimistic, that woman does not seem to be a kind person, I can see her performance on the boat before, don't be polite when you shouldn't be polite, so as not to regret it, you know? "

Jessica finally understands it now. The cat that they said can steal, fishy, actually refers to Victor Han...

She hadn't thought about this before, it was entirely because she trusted Victor Han and felt that he was not that kind of person.

Although she is not sure how much Victor Han likes her, she knows Victor Han too well. People with his personality would not like Lin Qin'er.

But the other party also reminded her that Jessica returned a kind smile.

"Thank you for your concern, I will pay attention."

Is Lin Qin'er? If she is really not obedient to women and wants to hook Victor Han, then her Jessica is not easy to bully.

Jessica would never allow this kind of bite bite for her.

“Your husband is here, that Lin Qin’er is coming soon, please pay attention to yourself, let’s go first.”

After the woman took her husband out for a long time, she couldn’t help but look back at this side and whispered to her husband.

“This little girl looks too innocent, and I don’t know if it’s that woman’s opponent.”

Her husband snorted coldly, “Whether the opponent depends on what the man thinks, if that man has no idea about other women, even if Jessica is a fool, there will be no opponents, but if...”

He didn’t finish the rest of the story, but his wife clearly understood and sighed.

“I think she is very good, that man is too good, I hope he is not a scumbag.”

“I don’t think it is. He doesn’t have the temperament of ordinary people, and he loves Jessica girl. As for the kind of woman...To be honest, even if there are really men who will look at it, it is probably just for fun, and it won’t last long. .”

“Tsk, you men really don’t know good or bad.”

“Wife, that’s someone else, not me.”

The two left as they talked.

And here Lin Qin’er finally ran to Jessica, and sat down beside her, looking very warm.

“Sister Jessica, I finally found you. It’s not easy to find you.” Lin Qin’er rubbed her hands with an awkward expression, trying to hold Jessica’s hand.

However, before she met Jessica, she avoided it.

Lin Qin’er’s hand froze in place, “Sister Jessica, wouldn’t you still blame me for the things the previous two days?”

What happened two days ago? A coldness flashed in Jessica’s eyes, and her voice followed harder.

“You mean, you want to sit next to my husband and be rejected by him, and then become angry and curse me for divorcing my husband?”

Jessica pointed out so directly, making Lin Qin’er speechless for a moment, looking at her awkwardly.

“I haven’t seen it for two days. Why does the aura on her body seem to be stronger than before, and even Sister Lin stopped screaming, and what she said was all kinds of harsh, Lin Qin’er’s eyes suddenly became red.”

“I’m sorry, Sister Jessica, I was so obsessed that day, because my husband brought me out on this trip. He has been using violence against me since I got married. This time he said he was making up for me, so he brought me to play. , But I didn’t expect that he would start to use violence against me again during the trip. If it weren’t for your rescued me the other day, I’m afraid I would be beaten all over now, so the people I saw on the whole ship that day were husband and wife. , I was alone, so I became jealous. Sister Jessica, I am not a saint, I am just a poor woman with misfortune in life, and sometimes have an unbalanced mentality, but it is just a moment of fascination, afterwards I I just figured it out, I formally apologize to you, I will never make such a mistake in the future, okay?”

Lin Qin'er is very sincere, and there is no half hypocrisy in her eyes. Jessica's thoughts move, and she is not a rude and unreasonable person. If Lin Qin'er is a real and temporary obsession, it would be okay, but if she is here now Lie to her or design her?

After thinking about it, Jessica said indifferently: "You don't need to apologize to me, anyway, you won't have a chance to make such a mistake in the future."

Hearing that, Lin Qin'er was slightly stunned: "Sister Jessica, are you still unwilling to forgive me? I really know I was wrong."

"It's not that I don't want to forgive you, it's that there is no need to forgive you. My husband and I will return to China in a short time, and we will separate at that time.

Lin Qin'er was shocked when she heard this: "You are going to return to China? Not long?"

## **Chapter 1241**

"I originally came to travel, how could I stay for a long time?"

Lin Qin'er was stunned. She thought about comforting Jessica first, and then thinking about hooking up with Victor Han, but now they are going back to China, how can this be?

She was a little worried, but she was helpless.

After all, there is not much time left for her, she has to hurry up.

"It's okay. I'll return to China when I return. I'm also Chinese. We can add a WeChat account and contact me when the time comes."

After speaking, Lin Qin'er took out his mobile phone and signaled Jessica to add WeChat.

However, Jessica did not move. Lin Qin'er waited for a long while, feeling that the surrounding atmosphere became awkward, and Victor Han over there saw the scene here and wanted to pass, but he thought about it for a while. Something slowed down.

His little girl was too innocent before, so he had to let her see the evils of this society and identify herself.

So he did not participate in the past.

“Sister Jessica, what’s your WeChat ID, shall I add you?”

“No.” Jessica smiled indifferently, clapped her hands and said: “I can’t connect to WeChat basically, and I can’t contact you if I add it.”

Lin Qin'er didn't react, and asked reflexively: “You don’t need it? But the night I stayed with you, I think you were using WeChat. You don’t want to add me, do you hate me...”

Jessica glanced at her with a serious expression on her face.

“Since you know, what else do you ask?”

Admit it??? ?

The blood on Lin Qin'er’s face instantly disappeared, and she looked at Jessica with an ugly expression, “Sister Jessica, how can you do this? I sincerely want to apologize to you, and you are really not married, too. There is no such thing as a curse.”

Hearing that, Jessica sneered: “You really want to apologize to me, do I have to forgive you? The choice is in my hands, and I am in charge of not forgiving. Also, when will I? I told you that we are not married yet? Do you have any evidence? Did I send you a message or speak?”

Lin Qin'er was speechless by her.

Before, she only thought that this little girl was innocent and it was easy to use her, but now she realized that this girl just didn't show her paws before.

Because she saved her, she treated her as a weak person, so she didn't point her sharp claws at her.

But now? After realizing her true purpose, Jessica revealed the pair of sharp claws, her meaning was obvious.

“As long as you dare to covet my man again, my paws will rush forward without hesitation, scratching your face!”

Lin Qin'er was horrified by this cognition. She shook the hand of her mobile phone slightly, looking at the loyal girl in front of her, she couldn't say anything to respond.

Jessica didn't care about her emotions. Looking at the calm sea, smiled very weakly.

“You were beaten, I saved you out of instinct, but my Jessica is not a bullying temper. You can come to this small island to play the happy days for a few days, but if you dare to be a demon again, I promise that I won't take care of the follow-up things. Maybe you think it's his job to hook up my husband. It doesn't matter if he agrees or not, but you don't know? My husband is cold by nature, let alone you such a woman, even if Fairy Nine Heavens descends to the earth in front of him, he may be without waves.”

It's not that she exaggerated what she said, but she really knew Victor Han too well.

How pure-hearted Victor Han used to be. Facing her a few times, he didn't respond at all when he called him? Jessica chased him for so long before he ignited a flame at her.

She is very confident in him, Victor Han is not the kind of person who likes to mess with men and women.

Thinking of something, Jessica suddenly laughed, and then looked at Lin Qin'er with a pitiful look.

"The most important thing is that you are someone who has a husband, and my husband, who happens to be hateful, if you are a married woman who doesn't obey her in front of him. Believe me, he will only hate you and not like it. You, so~ I kindly advise you not to humiliate yourself."

Lin Qin'er: "..."

Let her finish everything, but she didn't even take advantage of it?

Lin Qin'er was so angry that she clenched her back molars. Although her face was ugly, she still wore an awkward and ugly smile.

After Jessica finished speaking, she looked at Lin Qin'er's ugly face again, and her heart was too good.

She stood up with her hands supported, and then patted the sand on her palm. She didn't know if it was intentional. When she patted the sand, she deliberately patted in the direction of Lin Qin'er. She wore a low-cut, the sand just fell into her collar, Lin Qin'er exclaimed, and subconsciously covered her chest and mouth.

“Sister Jessica, you...”

Jessica sighed, with a surprised expression: “I’m sorry, Miss Lin, I clapped my hands subconsciously. I didn’t expect your collar to be so low that the sand ran in by itself. Could you please tremble if you stay? Do you blame me?”

After that, she simply smiled at Lin Qin’er, showing a row of white teeth, and the whole person looked bright and moving.

Then Jessica searched around and saw Victor Han not far away, and waved to Lin Qin’er: “Bye bye~”

After speaking, Jessica leaped and ran towards Victor Han.

Running on the beach is not fast, because every step of the way will fall into the sofa, so the bounce is a bit slow, when it comes to Victor Han, Jessica’s forehead is already a thin layer of sweat.

She looked at Victor Han with a bit of slander.

“Did you come here long ago? Did you see her? Why didn’t you come? I think she is dressed boldly... Maybe you...”

Jessica was talking casually, but at the end she lost confidence, so her voice also weakened.

“Maybe what?” Victor Han was waiting for her to say something, but the little girl suddenly fell silent, and he answered the question.

Jessica was a little dumb, what did she just say nonsense? She clearly understands what kind of person Victor Han is, but he deliberately said these things to make him angry.

Thinking of this, she shook her head and whispered: “No...”

“No?” Victor Han lowered his head and leaned toward her. The distance between the two suddenly narrowed, and all the heat he exhaled was spit on her face, raising the soft bangs on her forehead.

“Is it not, or are you afraid to say it? Huh?”

Facing Victor Han like this, the little girl blushed and pursed her lips, “Okay, you know what I want to say, so don’t ask me anymore.”

“What are you going to say? How did I know?” Victor Han had made up his mind to tease her, and while talking, he twiddled her long hair, moved her hand to her forehead and wiped her sweat.

“Don’t pretend, I mean that Lin Qin’er has a very good figure and boldly dressed, maybe it suits your appetite!”

## **Chapter 1242**

Finally, he said everything he wanted to say.

When he finished speaking, Jessica let out a sullen breath and looked at Victor Han, with a hint of provocation in her eyes.

Victor Han was slightly startled.

Unexpectedly, she still has such a cunning side.

Since he wanted to play, Victor Han didn’t mind teasing her. Originally, his hand was wiping the sweat for her, then he slid down and landed on her shoulder. After listening to her at this moment, his hands simply opened, pressed against the back of Jessica’s white neck, and lifted it.

“What did I just say, I didn’t hear clearly, say it again?”

Jessica: “...”

His hand is holding the back of his neck, and the temperature in his hand is transmitted to her body without any barriers. Under such circumstances, it seems to be threatening her. How dare Jessica say that, blinking at him , Did not answer.

Victor Han narrowed his eyes slightly, and his breath got closer.

“No sound? Wasn’t the courage very fat just now?”

Jessica: “...”

“Good figure? Boldly dressed? To my appetite?”

Jessica’s aura is weaker. If it weren’t for Victor’s neck, she would probably hang her head to the ground right now.

“What kind of person are you, don’t you know?” Victor Han tapped her head with the other hand, “After chasing me for so long, have you seen other women besides you? I have no conscience. .”

The latter sentence was very intimacy, as if something hit Jessica’s heart hard, she became nervous again, stretched out like a cat, grabbed Victor Han’s collar and pulled it down slightly, whispering: “I , I’m just kidding, and... my figure... and... not worse than her...”

The latter sentence became quieter and quieter. Like a mosquito, Victor Han wouldn’t be able to hear it unless the two were close.

After speaking, the little girl's face was completely red, like a ripe peach in the summer, pink, and very beautiful.

Seeing her like this, Victor Han's throat rolled, and found that he had been slapped by the little girl's blushing behavior, and he secretly rebuked his disappointment. After the restraint and reason that he was proud of before, he finally obeyed his heart and lowered his head to touch her lips.

Just before he touched her lips, Jessica avoided him. Jessica looked at him close at hand and said, "Lin Qin'er came over just now, and I scolded her."

"Ok."

Victor Han replied and continued to look down for her lips. Jessica blushed and hid and said, "Do you just react like this?"

He was still looking for it. When Jessica turned her head, Victor Han's thin lips fell on her cheeks. It seemed that he was a little impatient. He stretched out his hand and pressed the back of her head tightly, saying, "Don't move."

Jessica wanted to turn her head, but she couldn't move at all, she could only watch him leaning towards her.

"Um... I told you that I scolded her, so you wouldn't respond?"

Reaction?

Victor Han squinted his eyes, bowed his head and kissed her lips, then raised his head again with a cold voice: "A person who doesn't matter, how you want me to respond?"

Irrelevant person??? ?

Hearing this answer, all the dissatisfaction in Jessica's heart disappeared, and the eyebrows and eyes rose completely uncontrollably.

She grabbed Victor Han by the collar: "This is what you said. She is just an insignificant person. If she hooks on you someday, you will not let her."

Victor Han laughed helplessly: "So distrustful of me?"

Jessica shook her head: "I'm afraid she is shameless."

After all, she deliberately rubbed him with her chest that night. Jessica thought it was accidental, but after knowing her purpose, Jessica knew it was intentional.

She is using her body and male instinct to hook up with a man.

This makes her uncomfortable until now, Jessica pursed her lips and declared domineeringly: "You are mine, you can't let her touch you."

"You are mine..."

These words flew into Victor Han's body like a light source, warming and enlarging the smile under his eyes.

"Well, I am yours..."

Lower your head and kiss her.

Jessica also closed her eyes and hugged him back firmly.

The two of them were kissing on the beach like this, and the fine sunlight seemed to gather from all directions, surrounding them.

Lin Qin'er, who was not far away, watched this beautiful scene, clenched her fists with anger, her nails sinking deeply into the flesh.

Why, a young girl who doesn't know anything can be favored by such a good man. Her appearance is not good at all. At most, she is a pretty girl with a bad body, but she is actually in her So hard in front of me.

"Isn't it the man who depends on it? I said that the Nine Heavens Fairy is not interested in going down the world, I'm!"

Lin Qin'er took a bitter heart.

It's that your man hasn't tasted the taste of a woman like her yet, and when he knows what lust for life is, he won't want you again.

An extreme sneer flashed in Lin Qin'er's eyes, and an idea was formed in her heart.

There was a seaside party in the evening, and you were free to join. Jessica excitedly took Victor Han and went there. Then she met several couples who were on the boat before. One of them was the one who took pictures of Jessica in the afternoon.

After she saw Jessica, she quietly squinted towards her, and began to gossip: "How is it? That woman didn't pester you anymore, right?"

Jessica remembered that she had stunned Lin Qin'er this afternoon, and tilted her head: "If she knows her, she shouldn't be entangled anymore, right?"

The woman smiled: "Huh? It sounds like you have cleaned up people?"

Hearing, Jessica couldn't help laughing, and softly defended herself: "Where is it? I'm not such a violent person, I just exchanged words."

“Vocabulary communication can clean up people, and it also shows that you are great

I didn't expect you to look weak and weak, like a cat that hasn't grown open. You can also clean up people?

Listening to the other party teasing that she was like a weak kitten, Jessica felt like a weak kitten, and couldn't help but mutter, “Do I really look that weak?”

The woman nodded: “It looks really weak, like a little girl who doesn't understand anything. She is young and young, and her husband is so mature, stable and outstanding. You said she doesn't stare at you?”

Jessica: “... Blame me?”

“Well, have fun at night, let's go first.”

Jessica nodded to the other party, and then took out her mobile phone and took some photos to Stella and shared with her the joy of this night.

Stella sent an ellipsis over there, seemingly unhappy.

Jessica was a little confused, so she asked her what's wrong?

Who knew Stella would not answer questions.

“Your journey will be over in five days, right?”

Will it be over in five days? Jessica blinked, a trace of dismay in her heart.

## **Chapter 1243**

Unexpectedly, time would pass so fast. Before embarking on this journey, she was still very worried.

Now half of the time has passed.

Jessica could only reply with an um.

Then Jessica raised her head and glanced at the sea.

The sea at night is very beautiful, because they have been here, so they have the opportunity to see the moon rising from the sea.

A long distance away, Jessica saw that half of the huge moon rose. It seemed to be hidden in the water in January, but the rising half was reflected in the water again, so a full moon was formed, which was particularly beautiful.

She couldn't help taking this scene again, and continued to send it to Stella, only to find that Stella hadn't responded to her information, and the other party kept showing it in the input.

Ok? Jessica held her chin and sent out the picture of the moon strangely.

As a result, after Stella's opponent was typing several times, there was no sound, Jessica felt very strange.

What's going on here? When Stella sent messages to her before, it seemed like never before.

"What happened to you?"

Stella sent another series of ellipsis, and a moment later she sent a cute expression.

“It’s nothing, it’s just a sudden thought that I want to tell you, but I thought about it just now and thought I should wait for you to come back and tell you, you have fun now.”

“Ah? What do you want to say when I go back? Tell me now.”

It’s okay not to say that she said that Jessica was completely aroused by curiosity, she had to pull Stella to tell her in advance, Stella looked at Jessica and kept asking, Xiu eyebrows couldn’t help but wrinkle. Up.

She bit her lower lip and remembered what happened today.

Because Walter took the small bean sprouts and Victor Han went out again, Stella planned to take the small bean sprouts to his company.

As a result, something happened to this transfer.

There was always a woman at the door of the company, saying she wanted to see Victor Han, saying that she was a friend of his childhood. But her dress was very shabby. If it weren’t for the peaceful era, Stella would really think that she had escaped from the chaos of war.

Of course, the front desk and security guards of the Han Group would not let this woman in. After all, she was all dirty, and there was no appointment, so how could it be possible to let her see.

But she didn’t leave. She kept waiting at the door. As long as the front desk and security guards of the Han Group went to work, she would ask for it.

Stella happened to encounter this scene when he brought Levi over.

“Please, I really know you Mr. Victor. I was a childhood sweetheart with him when I was young, but later lost contact, you help me, as long as I see him, he will recognize me. I will be very grateful to you then.”

This front desk is not someone else, but the one who had been upset to Jessica before, so the look in her eyes at the woman in front of her was extremely disgusting.

“My childhood sweetheart, don’t you still want to tell me that you and our President Han had booked a kiss when you were a child?”

The woman was stunned by her question, and then subconsciously nodded.

The front desk couldn’t help laughing sarcastically, so tears were coming out.

“My fucking... I just asked casually, would you really dare to say? If you booked a kiss with our President Han when I was young, then I had a bath with him in the same basin when I was young.”

Woman: “...What I said is true, you can let him see me if you don’t believe me.”

“Hey, it’s so funny. If you say I believe it? If I don’t believe me, I have to ask Mr. Victor to come and see you? Mr. Victor, who knows everything, how could we have time to see you as a stranger?”

“I, I’m really not a stranger.” The woman’s face was flushed, and she bit her lower lip and looked a little embarrassed: “I really know him, but...”

“Okay, it’s just as good as you know each other, but this lady, there are a lot of women who come to President Han like you every day, and every one of them said that they have a good relationship with our President Han. If everybody comes to President Han Come to see him once, then do he still want to be the president? Just be a receptionist and meet you all day long, who want to fly to the branches and become Phoenix women?”

The woman was speechless, her face flushed, and she couldn’t say a word.

“I see you, you look pretty good. It’s not impossible to fly to a branch and become a phoenix. I’ll point you to a place. You might be able to meet a few old men when you go. It’s not bad for the mistress right now. “

The woman’s face was green by this, her eyes were tearful, as if she had been humiliated: “You don’t need to help me, why do you want to humiliate people by saying these things? I said that I know Victor Han because I know Victor Han, no half a false word!”

“Oh, don’t you just want sugar daddy? If I say a few words about you, you get angry? How can you hook up with men with such a thin skin?”

The front desk said more and more excessively. The woman was really so angry that her tears fell straight down, she looked pitiful.

“I really didn’t hook up with a man, I really came to him.”

Stella witnessed this scene from the side, and it seemed that the woman’s expression seemed to be really affected very quickly, and her dress was indeed a bit...

“Shouldn’t she dress up like this just to find Victor Han?”

While thinking about it, Stella’s collar was pulled, she lowered her head and saw Levi standing next to her.

Seeing millet beans, Stella secretly said badly.

The conversations just now were so awful, I didn’t expect to let Levi listen to them. What should I do if the children did not learn well? So Stella squatted down immediately and said with a smile: “Levi, did you hear the conversation between the two sisters just now?”

Levi nodded.

Sure enough, she understood it all herself, not to mention Levi, and relying on his IQ, she probably understood it.

Thinking of this, Stella explained patiently.

“Mummy can explain to you, but Levi can’t think about it, understand? The front desk has the responsibility of the front desk. Although she speaks a bit awkwardly, this is a matter of her personal quality, understand?”

In fact, Stella knew that even if she didn’t say it, Levi could know it, but it was her own child, so she still planned to explain it patiently.

Finally, Levi reached out and hugged Stella’s neck, and smiled sweetly: “Don’t worry, Mommy, Levi understands.”

“That’s good.” Stella smiled slightly and rubbed Levi’s head gently: “Go, let’s go over and take a look.”

“Hmm.”

Stella took Levi by the hand.

Many people know that Victor Han didn’t have a woman by his side before, but there was a younger sister and the fact that she was a younger sister.

So when she showed up with Levi, everyone came up subconsciously.

## **Chapter 1244**

“What happened?”

“Miss Stella!” As soon as the front desk saw Stella, the expression on her face was still very contemptuous, and she immediately changed to another look.

She trot to Stella's face flatly, "How can Miss Stella be free today? Come to the company? President Han went on a business trip a few days ago, and he is not in the company now."

The woman left in the distance heard that Victor Han was on a business trip, and her eyes flashed with confusion. Did he go on a business trip?

Stella smiled slightly and responded softly.

"I know."

The front desk was stunned for a moment, and then reacted, feeling that he was a little bit talkative. She is Mr. Victor's favorite sister. When her brother is on a business trip, he will definitely report to his sister.

The receptionist touched his head awkwardly, "Miss Stella, would you like to take the young master upstairs first?"

Stella originally planned to go upstairs because she came to have a look and wanted to find Su Jiu by the way.

Now, there are other things to deal with.

"Don't worry, let me talk about what happened here. Who is she?"

The woman heard that Stella was Victor Han's younger sister at the front desk, and looked at Stella with doubts. When her gaze fell on Stella's face, she gradually became clear, and then she stepped forward. Small steps walked to her.

"You, are you Victor Han's younger sister? I, I recognize you..."

“Oh?” Stella raised her eyebrows when she heard the words, “Do you recognize me?”

“Of course I do.”

The woman looked at Stella and her smile became warmer: “When you were just born, I even hugged you, but after you lost it, we had no chance to see you again. I didn’t expect Victor Han to really find you. , You look like your mother.”

Hearing this, the front desk couldn’t help but sneered: “You are really...you can tell any lie in order to fly to the branch. You actually said that you hugged our President Han’s sister. Why don’t you say that you are a daughter? Is it embarrassing to be in such a desperate way? Miss Stella, this woman doesn’t know what’s going on. She has been staying here and said that she knows Mr. Victor and Miss Stella. I will immediately ask the security to take her away.”

After that, the front desk beckons to call the security guard over.

Stella looked at each other thoughtfully, her eyes were sincere, and her smile was warm and pure, not like lying.

Perhaps, does she really know herself?

“You mean, you are my brother’s deceased?”

Stella asked.

The woman nodded, “Well, you believe me?”

The front desk hurriedly said: “Miss Stella, you must not believe her, like this, there are not ten or four or five people who know President Han every day. It must be unbelievable.”

The front desk has the responsibility of the front desk, and Stella can only smile at her slightly, "It's okay, I have my own measures, let me talk to her, you go and do your job first."

What this meant was that you don't need to worry about the next thing. The front desk gave Stella a weird look, and finally agreed, then turned and left.

Stella stepped forward, but the woman subconsciously took a small step back, keeping a distance from Stella.

"Don't get too close to me, I'm...a bit dirty." When the woman said this, she was obviously embarrassed and very embarrassed.

"It's okay." Stella smiled slightly, "Did you just say that you held me when you were young?"

The woman was stunned, and then nodded: "Yes, I happened to have a memory when Auntie gave birth to you. At that time, our two families were very good. I often went to your house, so I even hugged you. Grandpa Han had an extra granddaughter at the time, so it was so special. I'm happy, I can't put it down holding you every day. When you were a child, you looked so cute, white and small, like a steamed bun."

"..."

This description is called Stella ashamed. Seeing that she had nose and eyes when she said this, Stella's heart had probably been determined by five points. This person knew Victor Han, and the two were indeed very likely to be family friends.

It's just that she looks like this, it should be something changed in the middle.

After that, Stella took the people to the hotel for resettlement. The woman took out her ID card to register. After Stella had checked in for her, she bit her

lower lip and said, "When I make money in the future, I will definitely pay back the money. Give you."

After that, the two parties talked a few more words, Stella wentSSIP and asked some questions, and then they realized that she had actually booked a kiss with Victor Han when she was a child. After learning about this, Stella was not very well.

If it was before Victor Han was alone, it might be a good thing for this woman to come to Victor Han, but now Victor Han and Jessica are together.

If it is not handled well...

Thinking back to this, Stella decided to let Jessica have a good time. After all, it was a rare journey. The two sides had no grudges, and the relationship can only heat up when they live in harmony.

This is the most important.

"It's not an important thing. It's the same to tell you when you come back."

However, Jessica was aroused by Stella's curiosity. In any case, she has been pestering her to make it clear. However, Stella said that Walter came back with little bean sprouts. If she really wants to know, she will follow the video she says.

This sentence broke all Jessica's mind.

Walter is at home now, and he opened the video to tell her? Is she going to accept Walter's cold eyes?

She refused!

So Jessica didn't pester her anymore, but instead put her mind to reality.

The moon has risen.

"What are you talking about?" Victor Han suddenly came over and asked her.

Jessica glanced at him sideways, and said softly, "No, I just sent a message with Stella, but when Mr. Walter came back, he stopped chatting with her."

"Ok."

He answered and fell silent again, and both sides sat on the beach together.

Jessica is not the kind of person who loves to be very lively, so she sits far away, and she is rather shy, and doesn't take the initiative to move forward.

As a result, the few who had been on the boat with them ran over.

"Sister Jessica, why are you still sitting here? Get up and join everyone."

They were too enthusiastic, but Jessica couldn't help but turn to Victor Han beside him.

Victor Han reached out and touched her head, and smiled faintly: "Go and play."

"Then, what about you?"

"I will find you later."

Jessica nodded and joined the party with everyone.

Compared with Jessica's shyness, others can be said to be very enthusiastic. After she passed by, she asked questions. There were even several women who were interested in Victor Han. The questions asked were all about Victor Han.

For example, what is her husband's name, what is her job, how did she get together, how long she has been married, etc.

Jessica asked these questions helplessly. She even felt that if Victor Han was not around her at the party today, it is estimated that no one would notice her.

It's a pity that Victor Han is so good, he is a shining spot in the crowd.

Jessica knew this very well before.

## **Chapter 1245**

While thinking about it, a figure squeezed to Jessica's side, and looked at her with a sweet smile.

"Sister Jessica, have you seen it now?"

Lin Qin'er?

Jessica looked at the visitor in surprise, and narrowed her eyes dangerously.

This woman is really shameless, after she said those things in the afternoon, she actually came up? Was it coming over face-to-face to let her spray it again?

Thinking of this, Jessica sneered, but did not answer.

“Your husband’s charm is boundless. It cannot be controlled by a little girl like you.”

Hearing, Jessica glanced at her lazily, with a mocking tone.

“You mean, he can be driven by a married woman like you?”

What this said, grabbing a stick, Lin Qin’er was already mentally prepared, but she didn’t expect to be angry again, but she quickly endured it and looked at Jessica with a smile and said: “I don’t have That said, after all, among the women who asked you so many questions on the scene, there are many married women.”

Is this the target of a shift?

Jessica smiled coldly. Does she think she is a fool?

“They are just asking, curiosity, not the same as your dirty mind.”

Lin Qin’er: “...”

It seems that she underestimated her!

“Didn’t I say that, don’t be a demon anymore, it seems that you haven’t given up on it yet.”

Seeing Jessica’s eyes, Lin Qin’er’s eyes were horrified, and then she explained: “Sister Jessica, I didn’t mean that. I just want to tell you that I am the same as them. I’m just curious. I don’t have that nasty thought. Yes. I came here to apologize to you so sincerely, don’t you still want to believe me?”

Believe?

Jessica looked at the woman in front of her, deliberately pretending to be an unusually sincere expression when she spoke, but the triumph and irony in her eyes couldn't be concealed. She pursed her lips and said, "To be honest, if that day happens again Once, I should choose to save you. However, I should not take you back to the hotel, but directly hand you over to the police."

Lin Qin'er shrank subconsciously when she heard the word police.

"Similarly, I didn't hand you over to the police before, but if you need it now, it's not impossible. You understand what I mean?"

After speaking, Jessica took out the phone and shook it in front of Lin Qin'er who was ugly.

Seeing that the blood on Lin Qin'er's lips had faded away, Jessica lifted her lips and smiled faintly at: "Of course, if you hand you over to the police, I will have to bother to call, and I just want to do it right now. Play hard, but if you let me down and don't make me feel better, then I won't make you feel better in the same way."

"Sister Jessica, I..."

"If you don't believe it, just give it a try." After Jessica finished speaking, she picked up a glass of juice and turned to leave without paying attention to her.

Lin Qin'er stood still, clenching her fists in anger.

In the middle of the party, Jessica felt a little tired, so she planned to go back to rest. She found Victor Han and talked to her about her thoughts.

"Since you are tired, go back."

For Victor Han, if this party is in normal times, he would not attend it. Just like this time, Jessica is attending a party, he watched his little girl playing from a distance, took a few sips of wine, and No past participation.

Soon the little girl got tired from playing and ran back.

Naturally, Victor Han took his little girl back to the hotel.

When approaching the hotel, Victor Han suddenly noticed that there seemed to be something wrong with his body. He frowned slightly and glanced at Jessica beside him.

The little girl took his arm and relied on him, her body was cold, like water.

Did she catch a cold, or was it his problem?

Thinking of this, Victor Han stretched out his hand to cover the little girl's forehead, Jessica was surprised by his sudden movements, and stopped.

“What’s wrong?”

She blinked her eyes lightly, her long eyelashes looked at him purely and innocently like a fan.

The little girl had fair skin and her clean face became more attractive against the light. Victor Han moved her eyes away dryly, “Why are you so cold? Have you been blowing for a long time?”

“Ah? Is it cold?” Jessica reached out and touched her forehead, unconsciously said: “It seems to be about the same as usual, but the wind is quite strong at night, maybe it’s really cold. I will go back later and I will take another wash. A hot bath is just fine, exhausted.”

After speaking, Jessica took Victor Han's arm again and leaned on him.

She actually wants to say, she is so tired, can you carry me on your back?

But facing Victor Han, he didn't dare to act like a baby, so he could only rely on him like this.

After entering the elevator, the space was closed, and Victor Han felt that the air was filled with irritability, as if there was an unknown fire burning him in his heart, and the body of the little girl nestled in his arms became more and more cold.

Now Victor Han is almost certain that it is his own problem.

Since childhood, the heat spreading from the abdomen is higher than once. This situation is more obvious in this closed space with no air circulation. No wonder he feels that the little girl's body is cold. He thought she was blowing by the sea breeze before. Knowing that it was his own problem.

Although Victor Han had never had a similar situation before, he was as smart as him and could faintly guess a bit. He restrained, and his face became cold with thin lips.

Ding...

Soon the elevator arrived. After getting out of the elevator, Victor Han stopped and whispered to Jessica, "You go back first."

"Huh?" Jessica looked at him puzzledly: "Then what about you? Are you okay?"

Seeing the little girl's innocent and innocent appearance, Victor Han sighed in his heart, and stretched out his hand to mess up her green silk reluctantly, "I'll go buy something and be back soon."

“Oh, oh.” Jessica nodded without doubt, and said with an obedient expression: “Then I will go back and take a bath first, and then wait for you to come back. Don’t take too long.”

“Ok.”

Before leaving, the little girl seemed to be reluctant to give up. She turned around and hugged Victor Han. It’s okay if she didn’t. She felt something was wrong with her, and looked up at Victor Han suspiciously.

“Do you feel warm?”

Victor Han: “...”

There was a thin sweat on his forehead, and once the effect of the medicine started, the speed went very fast, and now the irritability has covered his limbs with blood flow.

“Somewhat.”

“What’s the matter? Is it uncomfortable?” Jessica said, poking out her hand, trying to touch Victor Han’s forehead, only when her fingertips touched him, Victor Han’s wrist was completely clasped.

Jessica looked at him puzzled.

“Don’t make trouble,” she muttered, “I will go down and blow the hair, and I will be back.”

Jessica reacted and said dissatisfiedly: “How could you sweat for no reason? Do you have a fever? If you have a fever, the hair dryer will aggravate the illness. Don’t go, go back to the hotel room, and I will call the front desk to ask. There are no anti-fever stickers.”

After speaking, Jessica pulled him to the direction of the room

## Chapter 1246

The little girl's hands were cold in comparison with him, and Jessica was surprised to find that the palms of her hands were actually very hot.

It's not ordinary heat, it's like fire.

Looking at the thin sweat on Victor Han's forehead, Jessica felt even more that she should have a fever. Thinking about how he was downstairs before, Jessica was distressed.

"Why didn't you tell me if you were uncomfortable? You are still holding on there, are you a fool? If you said you were uncomfortable earlier, we would be back early."

Jessica said reproachfully while pulling Victor Han away.

Originally, Victor Han wanted to leave to blow the cold wind, but he was discovered by the little girl halfway through, thinking that he was sick and wanted to take him back to rest.

He was a little helpless, and didn't know how to explain to the little girl, so he could only smile bitterly.

"I'm a man, I can solve it by myself. Are you tired? Go back to the room and take a shower. I will go downstairs to see if there are any anti-fever stickers, eh?"

Hearing, Jessica paused, then looked back at him steadily.

Two seconds later, she shook her head: “No, you go back to the room first, I’ll go downstairs to see for you!”

The hotel room was not far away from them, Jessica dragged him to the door in two or two, and then asked Victor Han for a room card.

“You quickly open the door and go in, you go to rest, I will go downstairs to ask you.”

Victor Han: “...”

This silly girl.

“Hurry up!”

At Jessica’s urging, Victor Han could only swipe his card to enter the door. Jessica pushed him inside, but stood outside the door, “You wait for me in the house. Drink some hot water first. I’ll go downstairs for you. See if there is any medicine, you are not allowed to sneak away, wait for me to come back!”

After that, no matter whether Victor Han said yes or not, he turned around and ran away.

Victor Han stood on the spot, staring at the room card in his hand, then looked at the figure of the little girl running away, sighed or closed the door of the room resignedly and plugged in the room card to get electricity.

In such a situation, how would he tell the little girl clearly? Will she not make her feel like she has a fever? After saying this, will she be afraid of herself and feel that she is terrible now?

In any case, Victor Han felt that he had better take a cold bath first.

Instead of boiling the water, he went directly into the bathroom to take a cold shower.

The cold water washed over the body, washing out a certain degree of heat, but the symptoms did not cure the root cause, and the heat quickly recovered.

If you want to relieve it, you can only shower with cold water all night.

Victor Han doesn't matter. His physique has always been good. He doesn't have any complaints even if he takes a night of cold water, but he and Jessica live in the same room. If he let her know that he takes cold water all night, the little girl probably feels distressed.

Time passed by, and Victor Han only felt that after a long time, the little girl hadn't come back. He turned off the water uneasy and went out of the bathroom.

Sure enough, the outside of the bathroom was quiet, without a single figure.

Ding...

The doorbell rang, and Victor Han's eyes moved, thinking about how to explain the words to him when he saw the little girl in the future, and walked forward calmly.

Brush...

As soon as the door was opened, a graceful figure plunged directly into Victor Han's arms, hugged his thin waist tightly, and the whole figure was attached to him like a water snake.

Victor Han was stunned for a second, and after smelling an unfamiliar scent, he threw the person out abruptly, and then stared coldly at the visitor.

It's Lin Qin'er.

She wore a long black silk suspender dress with a faintly visible gauze, and her long hair was scattered, looking at Victor Han distractedly.

"Mr. Victor, let me help you."

Hearing, the ink color in Victor Han's eyes became a bit rich, and the corners of his lips were straight, staring at each other firmly.

"It's you."

Lin Qin'er smiled softly and whispered: "It's me, I just told the service staff, I want to buy you a glass of wine, he will do it for me obediently, I didn't expect Mr. Victor to be unprepared. , Perhaps, Mr. Victor is not unprepared, but... deliberately? Jessica's girl is too young, surely not as good as me, if you want, I can..."

"Roll!"

Before she finished speaking, Victor Han scolded angrily.

Lin Qin'er's complexion changed slightly, but she still stepped forward and said, "Why do you drive me away, that girl Jessica has already run away, and now you are alone in the house. She doesn't know even if I go in. And I know the nature of the medicine. I put a lot of it, so tonight, no matter how strong your willpower is, you can't escape it."

Victor Han smiled coldly, the expression that was not visible on his face before appeared now, and his eyes were full of gloomy eyes, "Before doing this, have you thought about the end?"

Lin Qin'er was surprised by the horrible aura in him. She shrank subconsciously, but quickly reacted and rushed forward to him desperately.

“Mr. Victor, I don’t ask for anything, I only ask for tonight. After tonight, I will leave, and I will not tell Jessica about this. You and Jessica will still be a couple in the future, but if you need If I am, I will show up, okay?”

Victor Han did not move, still staring at her coldly.

Lin Qin’er wasn’t sure what she thought. She didn’t drive him away, but she didn’t agree. What does this mean?

Or is she shaken?

Just when Lin Qin’er thought she was moved by him, Victor Han’s voice rang without any warmth.

“Do you know what I hate most in my life?”

Lin Qin’er stood in place.

“It’s a woman like you who doesn’t obey the woman’s way.” Victor Han’s lips smiled sarcastically, looking at Lin Qin’er as if looking at a dead person.

The last sentence successfully made Lin Qin’er lose blood on her face.

Unexpectedly, what Jessica said was true. Victor Han really hated people like her, and she actually ran to Victor Han and said that she can come when he needs it. Wouldn’t it be more annoying for him?

Damn, she lowered her posture so much, but the man was still not tempted at all. She gritted her teeth with anger, “Why? You are obviously not a husband and wife with Jessica, she can’t help you, can’t you let me help? You?”

“Only you are worthy?”

Lin Qin'er: "..."

She almost broke her teeth: "What about Jessica? Is she worthy? If she really does, why did you let her go? Why didn't you tell her the truth?"

However, Lin Qin'er was interrupted by Victor Han before she finished speaking.

"Ah..."

"Originally, I didn't bother to explain to someone like you, but since you want to know so, it's okay to tell you. For her, I hold it in my hand, not telling her the truth is not willing to make her feel wronged at all, not you. One of the thoughts, do you understand?"

In the palm of your hand? Don't want her to be aggrieved at all?

Think about Victor Han's gentle and meticulous appearance towards Jessica in normal days, and then look at his restraint and tolerance now, she is afraid that he is really reluctant to make her wronged, rather than not interested in her!

## **Chapter 1247**

"Understand? Get out." Victor Han coldly threw down a banquet order.

What else can Lin Qin'er do? She has done things to this point, and the outstanding cold man in front of her is not half shaken, is she going to lie on the ground?

She is afraid that the man wouldn't even look at her when she crawled to the ground.

Now Lin Qin'er understands that it turns out that a woman does not have to lower her posture in front of a man. As long as the man loves her enough, even if she is hanging up high, he will concentrate on petting.

It's a pity... it's too late.

She probably won't have a chance in her life.

Lin Qin'er left in despair.

Victor Han closed the door and went back inside. After talking about the fire with Lin Qin'er just now, he can be said to be very angry now. He wants to go in and take a cold shower again, but Jessica has never come back since she went out. , He was very worried.

Thinking about it, Victor Han simply changed his clothes and prepared to go out.

As soon as he walked to the entrance, he heard the sound of tapping the door.

Victor Han went forward and opened the door.

Sure enough, the little girl came back. She was holding a bag in her hand and her face looked a bit unsightly.

"I seem to be back late, how are you? Did you drink hot water? Is it still uncomfortable?"

Victor Han looked at her face, then looked at the bag in her hand: "What is this?"

When he mentioned this, Jessica's expression instantly became a little frustrated: "There is no anti-fever sticker at the front desk of the hotel, and there is no doctor on this small island. I asked the staff. Fortunately, he brought some anti-fever tablets by himself, but I was afraid of this. Not enough, so I asked them for a bag of ice cubes, which might be useful to you."

Ice cubes?

After realizing that the little girl was holding a large bag of ice cubes, Victor Han's face changed immediately, and he reached out and took the ice cubes in her hand, put it on the shelf next to him, and then went to hold the little girl's hand.

Unexpectedly, the little girl's hands were icy cold along the way.

The temperature of the human body is quite different from the ice cube itself. She held the ice bag directly in her arms like this, with her arms still around, no wonder her face was a little ugly.

Thinking of this, Victor Han couldn't help but stretched out his hand and nodded the little girl's nose, "Are you a fool? Even if you come back with an ice cube, won't you carry it in your hand? What's the matter if you hold it in your arms? Treat yourself as a refrigerator?"

Speaking of this, Jessica scratched her head in embarrassment, and said dully: "I, I can't lift it, so... I just hold it. Besides, it's just a short distance, am I okay? "

"It's okay now. If you hold it a little longer, your body may not be able to bear to faint. Who will help you then? Fool, don't do this next time."

"Oh." Jessica nodded obediently.

Victor Han sighed softly, holding the little girl's cold hand with his big hand, and passing on the heat from his body to her.

Jessica was horribly cold holding the ice cubes. At this moment, the heat was continuously passed on, and it was really comfortable. She even greedily wanted more temperature.

It's just that she suddenly thought of something and pushed Victor Han's hand away quickly.

"Can't do this, you still have a fever, so don't touch me! This is the anti-fever medicine given to me by the staff. I will help you get ice cubes now!"

After speaking, Jessica wanted to turn around in a hurry.

Victor Han suddenly remembered what Lin Qin'er said just now.

She is an outsider who thinks he doesn't want to tell the little girl because he is not interested in her. If the little girl knows that he is not having a fever but Chinese medicine, but he did not tell her, would she also think so?

Victor Han doesn't care what outsiders think.

But Jessica's opinion...

Thinking of this, Victor planned to confess to the little girl, but when the words came to her lips, Jessica suddenly said, "Damn, this kettle is actually broken, and these staff are too much. I'll find them to change one. You wait for me, I will be back in five minutes!"

After speaking, Jessica rushed out the door anxiously.

Victor Han: "..."

Before and after, there is no part for him to speak.

Jessica was holding the kettle and was going to change one downstairs, but Lin Qin'er blocked her way.

Because she was in a hurry, she didn't plan to tell Lin Qin'er more, but after a cold glance, she walked around her.

Lin Qin'er blocked her way.

Jessica looked at her impatiently.

“Go away, I'm in a hurry, I have no time to talk to you.”

Lin Qin'er lifted her lips: “Don't you want to know what happened to Victor Han?”

Hearing, Jessica was taken aback for a moment, and subconsciously squinted at her: “What do you mean by this?”

“Obviously, I was just strolling around the beach, why did I get a fever when I came back, do you think... he just has a normal fever?”

“ ... ”

Lin Qin'er took a step forward, smiling lightly, “Let my sister tell you, he is Chinese medicine.”

Jessica's heart slammed and looked at her dangerously.

“Isn't it surprising? I didn't expect it? But...Are you not a husband and wife? He has Chinese medicine, which can be solved by you, but he hasn't told you to see if you run up and down, are you tired? “

“ ... ”

Jessica was still a little confused before, but now that Lin Qin'er has said so clearly, she understands everything even if she is a fool. No wonder there was something wrong with him when she was downstairs, the hand holding her was always hot and hot, the kind of unusual heat.

But Jessica didn't think much about it at the time, and there was nothing unusual about her appearance. She thought he was just feverish, but she didn't expect it to be...

For a while, Jessica lost her sense of measure, and she didn't know how to say this.

“Is it very disappointing, you keep calling his husband, but people don't want to touch you at all, Sister Jessica, do you think this counts as affectionate?”

Lin Qin'er was actually deliberate, because she was rejected by Victor Han, so she could only start from Jessica. After all, her own goal had not been achieved, so she would provoke the relationship between the two to make them unhappy.

Thinking of this, Lin Qin'er couldn't help but praise her wit.

Just when she was about to say a few more sarcasm, Jessica suddenly smiled and responded to her words.

“So?”

Lin Qin'er was taken aback.

“Am I being passionate, tired or not, having a fart relationship with you?”

Lin Qin'er: "..."

"It seems that Ms. Lin really didn't take what I said before. Then I will fulfill you. I will call the police later when I go back. I wish Ms. Lin and your husband a smooth meeting."

Lin Qin'er was angry at her words, "You!"

"Also, you don't need to come here to provoke the relationship between us. Seeing that you are dressed up as a trick? It's a pity that you failed?"

Jessica stared at her clothes with a smile.

Lin Qin'er glanced down at her clothes, because she wanted to bet on Jessica, so her clothes were too late to change.

## **Chapter 1248**

"A loser, I am ashamed to run in front of me to show off his power and provoke discord? Ms. Lin, I have to say that you are really thick-skinned."

After speaking, Jessica laughed unceremoniously.

Lin Qin'er was flushed by what she said, and she gritted her teeth, "You are less proud, even if I am a loser, then you are just a self-conscious person. He doesn't even look at you at all, it is obvious to you. No interest, you little girl knows nothing. It's okay if I fail. Anyway, I was the one you met on the road. But you are his girlfriend, and the man is not interested in his girlfriend. This means that I don't need to say anything. Right?"

Jessica could see it completely.

This woman in front of her..

“Lin Qin’er.” This time, Jessica couldn’t even call her a lady, so she called her name directly, and then the scenery laughed infinitely: “You are really jealous, and you are a typical person who can’t see others good. The hookup failed, and I was afraid that I would be nice to him, so I came to tell me these things that he is not interested in me, do you want me to feel that he is really not interested in me, and then I feel sad and sad, and I don’t plan to gone back?”

“It’s a pity~” Jessica smiled sweetly at her again, completely different from Lin Qin’er’s smoky image. The two have a difference in age and appearance. This is even more vividly reflected.

“Before I came, I was still a little unconfident, but now I want to thank you, because your reaction seems to me that you were rejected seriously. I guess Victor Han didn’t even look at you for one more time? Make you so angry?”

“You!”

Jessica took two steps back and said with great ease: “By the way, I also want to thank you for telling me that he is not sick or having a fever. I don’t have to run again. This kettle will be given to you. I think you are angry. It’s so big, you should drink more water.”

After speaking, Jessica threw the kettle directly at Lin Qin’er, not at all polite.

“Ah!” Lin Qin’er screamed and backed away, but the kettle still hit her toe, and her face changed greatly with the pain, “You are crazy!”

“How it can be, I am thinking of you~ I’ll go back first, remember to drink more water, bye.”

After speaking, Jessica said goodbye to Lin Qin’er and returned the same way.

Because Jessica had just finished attacking Lin Qin'er, Jessica was very energetic and in a very good mood, and Victor Han did not have a fever, then she would not worry.

But... when she walked to the door of the room, Jessica's hand that wanted to ring the doorbell was frozen in the air, and she dared not press it for a long time.

She opened her lips silently, not knowing what to do.

She didn't know that Victor Han was Chinese medicine before, but now that she knows he is Chinese medicine, how will she face him after she enters?

And she clearly said that she was going to get someone to repair the kettle. Now that the kettle is gone, how can she lie? Thinking of this, Jessica was a little frustrated again, she had known that she would not give the kettle to the bad woman.

Jessica thought a thousand times in her heart, raising her hand and then lowering it. She was really so embarrassed, wouldn't it be fine to just go in? Victor Han must be uncomfortable now, maybe she can...

Later, she didn't dare to think further. The more she thought about it, she felt that she was simply too much. No one who had Chinese medicine said anything, and she who didn't have Chinese medicine did not think about all these messy things.

Jessica covered her cheek, feeling that she had almost no face to see people.

Click...

At this moment, the door of the room suddenly opened, and a low voice sounded.

“Standing at the door and not coming in, why be in a daze?”

What???

Jessica regained her consciousness quickly, and when she raised her head, she saw Victor Han. Was it exposed that she was covering her face and blushing? She hurriedly put her hand down, and she stood up straight, looking at him seriously.

Victor Han glanced at her with a faint smile, and said in an angry manner: “Come in first.”

He turned sideways, Jessica walked in, and then heard him close the door.

She thought it was nothing before, but after knowing what happened to him, Jessica only felt that after the door was closed by Victor Han, her heart beat heavily, and even the surrounding air became muggy.

Jessica bit her lip nervously, and heard Victor Han’s voice ringing behind her.

“Isn’t it going to call someone to change a pot for boiling water? What about things?”

Victor Han stared at her empty-handed and asked.

Jessica was so nervous that she curled up her toes when asked by him. She looked back at Victor Han and said embarrassingly, “That...the hotel staff said that there is nothing extra, so...”

“So? Why are the old ones missing?”

Jessica looked into Victor Han’s eyes and was silent for a while before saying, “Because it is bad, I didn’t bring it back.”

Victor Han smiled faintly, “Really?”

He looked calm and relaxed. From the look in his eyes and expression, he did not look like he had been treated with medicine. If it weren't for the thin sweat on his forehead, he really couldn't tell.

Thinking of this, Jessica took two steps forward. After feeling the cold air on his body, she asked quickly.

“Did you take a cold shower?”

Victor Han didn't rush to answer her, his thin lips slowly conjured a nice arc, and those black eyes stared at her scorchingly as if sparks were setting off.

“...”

Under such gaze, Jessica's pink lips opened silently, but she couldn't say a word. She's so stupid, she obviously didn't know what she planned to do, but she didn't expect... it was exposed when she opened her mouth.

Thinking of this, Jessica was annoyed by her stupidity in her heart. She wanted to hide it, but for the rest of the time they will all live in the same room. It would be very hypocritical to put it on again, so Jessica could only reorganize. After speaking for a while, he said, “That...do you need to go to the hospital?”

After asking, Jessica thought she was so smart, she just asked him if he needed to go to the hospital without revealing other information. At this time, Victor Han didn't know what she meant.

Just when Jessica was self-righteous, the person in front of her walked a few steps in front of her, and the distance between the two of them instantly shortened, and she felt the clear breath of him who had taken a cold shower.

“What do you mean?”

Victor Han leaned over slightly and breathed the heat into Jessica’s ears.

“...”

Jessica swallowed subconsciously, without any burden at all, looking up at him, and stupidly said, “Or...it’s better to go to the hospital and let the doctor handle it. It might be better.”

As soon as the voice fell, her chin was suddenly pinched, and Victor Han’s big palm forced her to raise her head. The gaze she originally wanted to avoid now meets him inevitably.

Because he is leaning over, the distance between the two is very close.

“What if I don’t want to go to the hospital?”

## **Chapter 1249**

Jessica was completely stunned and stared at him blankly.

No, not to the hospital?

What does he mean? The original white cheeks were instantly red, Jessica pursed her red lips, her eyes widened, like copper bells.

“Ok?”

He leaned down for a few minutes again, his thin lips almost touched her, Jessica felt that her breathing was about to stop.

She was thinking, if he kissed him at this time, she would definitely not refuse.

“Don’t go to the hospital if you don’t go to the hospital!”

Anyway, they were boyfriends and girlfriends. She was suffering from gains and losses before, isn’t it because Victor Han hasn’t shown a need for her?

It would be nice to be really together now by taking this opportunity!

Just when Jessica was about to die bravely, she heard Victor Han ask again, “Afraid?”

Hearing, Jessica shook her head vigorously, denying it.

“If you are not afraid, why not speak?”

“That...” Jessica wanted to explain something, but Victor Han smiled faintly, loosened the grip on her chin, and then clicked on the tip of her nose. “Fool, what are you afraid of? I won’t hurt you, and time. It’s getting late, you go take a bath and go to bed, and we have a schedule tomorrow.”

“??” Jessica looked at him unclearly, at this time he actually let himself go to take a bath and sleep? Isn’t he a fool? She went to take a bath and went to bed, so what would he do?

And he just said that he won’t hurt himself, does that mean he won’t touch her? He didn’t touch her because he thought she was scared???

While thinking about it, Victor Han was about to turn around and leave. Jessica didn’t know what she was thinking, only that her mind hadn’t reacted yet, so she rushed out long ago, and then hugged his waist!

“I, I, I, I, I will not take a bath, I want to be with you!”

After stammering and stumbling to say these words, Jessica's head was directly buried in Victor Han's back, no longer looked up, but the upper hands holding his thin waist became harder.

She didn't know where her courage came from, but relying on Victor Han's ingenuity, she must have guessed everything a long time ago. Since Lin Qin'er came to him, and she came back empty-handed, Victor Han must have known that Lin Qin'er had also gone to find herself, so when he said something wrong just now, he would use that kind of smile and enthusiasm. Look at yourself.

Thinking of this, Jessica's strength in her hands increased a little, and she hugged Victor Han's waist tightly, "I, I'll be with you, not going anywhere."

The little girl hugs her waist with soft boneless hands, although she is very tight, she is not uncomfortable at all.

The sweet scent belonging to the young girl circulated in the air. Originally, Victor Han had taken Chinese medicine. He was not very good. He took a cold shower to dissipate the scorching heat in his heart. After the little girl changed it desperately, the scorching heat became He rushed back regardless.

Victor Han's forehead was only sweaty, but his veins were slightly exposed at this moment, as if he was restraining something. How could the little girl lose something important to her because of someone else's temporary fault?

Thinking of this, Victor Han's voice tolerated and said coldly: "Let go, Jessica, go take a bath first, and then go to bed."

"I don't." Jessica hugged him tighter, biting her lower lip firmly, and almost bleeding from her lower lip. She seemed to have made some important decision, "I, I am Your girlfriend, me, me, me... can help you..."

Victor Han: "..."

Her voice was probably because she was shy and shy, so she became quieter in the later stage, like a cat, and these were just like paws gently scratching on the tip of Victor Han's heart, causing him a little bit of pain.

"Silly girl, I didn't tell you just now, I won't hurt you, obedient."

When the words were over, Victor Han took off his hand that was tightly wrapped around her waist. Jessica took a lot of courage to hold it up just now. After being pushed away by Victor Han, she suddenly lost her dependence. She didn't have the courage to step forward anymore, she could only stand still and stare at Victor Han's back, biting her lower lip and talking.

In her mind, she remembered what Lin Qiner said to her.

A man is not interested in his girlfriend. What does this mean he doesn't know?

No, she can't think about it at this time, she has clearly explained to Lin Qin'er, so she can't be provoked by her at this time!

Thinking of this, Jessica walked slowly towards Victor Han. She didn't start to hug him anymore, but walked behind him and spoke carefully.

"I... don't think this is hurting, I'm your girlfriend, not someone else... and..."

She paused, her hands hanging on both sides were tensely clenched into fists, took a deep breath, and slowly said, "Also, I am...voluntarily..."

Jessica said the last few words very quietly, and she didn't know if Victor Han heard them.

Victor Han's body was shocked.

Of course he knew the little girl's mind, he knew it before.

After Jessica spoke out, Victor Han did not answer for a long time. She mustered up the courage to step forward, once again stretched out her hand to wrap around his waist and pressed her cheek to his back.

"So, you don't need to worry about me at all."

The wrist was suddenly caught, and Jessica was caught by Victor Han, squinting at her dangerously.

"Do you know what you are talking about? In this case, do you tell me that you are willing?"

His eyebrows suddenly became angry, making Jessica a little at a loss, his lips opened, and finally he nodded silently.

After her tease, Jessica already felt that the temperature of Victor Han's palm was much higher than before. When she held her wrist, it was like putting her wrist on a fire.

Jessica's temper came up too, she bit her lower lip and suddenly raised her head.

"I am willing! I am your girlfriend. This kind of thing is normal. I said I do. Why are you unwilling? Is it because you don't like me enough, so you would rather let yourself be in this situation Pain, without touching me!"

Victor Han: "..."

“Is it true that as Lin Qin’er said, you are not interested in me at all, so you don’t want to touch me? If this is the case, then I...”

Before finishing the rest of the words, Victor Han suddenly leaned over and hugged her, strode into the inner room beside the bed.

After a while, Jessica’s back touched the soft mattress, and Victor Han pressed it down.

Her eyes widened and her breathing stopped suddenly.

This, this is...

Victor Han grabbed her thin white wrist and raised it to the bottom of her head. The ink-colored eyes were already full of fire, and her voice was so low and dumb.

“Silly girl, do you know that these words are irritating me?”

Just now Jessica was talking boldly, and now the male power is all over her body, she soon persuaded.

“I... well.”
