Dianchu called and told Yash Nics that there was a guy named Huang San who claimed to be Yu Wenyan's subordinate, and called to see Yash Nics.

Yash Nics's eyes were cold: "Looking for death!"

Yash Nics slightly nodded and looked at the group of people opposite.

This group of people is well-proportioned, has a calm footing, with a restrained breath, and faintly revealing a sharp light in their eyes. They know that they are all masters at first glance.

The leader, with a moustache, looks a little wretched.

Huang San looked at Yash Nics, who was sitting casually, with a breezy face, vaguely felt that something was wrong.

What's wrong without waiting for him to think about it?

Yash Nics has continued to speak: "If I follow Yuwenyan's instructions, what will he do?"

Huang San threatened coldly: "Then Long Family will be your role model tonight, and Mr. Yuwen will kill you all. , I advise you not to play tricks, otherwise you will end up worse than Long Xie!"

Yash Nics did not answer, but raised his hand: "Come here, take them down."

Huang San was taken aback when he heard the words, and sternly shouted, "You dare? "

The group of Yuwen family men behind him started to do it one after another.

However, Dianchu and the Eight Tigers had to move faster, and the shots were harder.

The sound of fighting resounded across the hotel lobby in an instant.

In the blink of an eye, all the men Huang San brought with him fell in a pool of blood, leaving him standing alone.

These elites of the Yuwen family are not a problem to bully ordinary people, but in the face of the nine soldiers of Dianchu and Yahuwei, they seem to be a little insufficient.

Dianchu and Bahuwei are both typical military combat styles.

The action is simple and clear, open and close, move straight to the enemy's vital points, without any fancy tricks, pursue the ultimate strength and speed, and strive to kill an opponent with one move.

I saw Dianchu and the Eight Tigers, like tigers entering the flock, killing the enemy to fly.
