"It's over! It's really over all this time!"

"It fell short!!"

The brain of God cried directly.

After so much effort, I finally failed.

The same goes for everyone else.

Immediately the Golden Eagle fighter will be destroyed.

But there is no one who cares about their own life and death, they just regret that they will not be able to save the world in the final moment!

"Rumble..."

At this time, Agent Black Hawk's fighter plane arrived.

Seeing the flames in the distance, I understood everything.

It's still late.

Can't save!

After all, their speed is slow!

In the next moment, Levi Garrison, who relied on speed, also arrived.

But at this time, no one would be surprised that Levi Garrison's own speed was almost comparable to the fastest fighter.

Rather, he was immersed in the crisis of the super spiritual veins in front of him.

"Dididi..."

The Tianshield fighter group immediately issued the highest-level alert.
