The Return of the God of War [The Protector]

Chapter 2985

Levi Garrison's face was firm, his fists clenched!"coming!"

Along with the movement of the mountain whistling and the tsunami, the super spirit veins completely erupted from the rift.

Gush out directly!!!

That is a kind of energy gas that destroys everything!

What's in front of you can be shredded.

No matter how hard the metal is or how strong the defense is.

After being impacted by these energy gases, it instantly turned into nothingness!

The Lab of the Gods has already suffered.

This is beyond their control!

But looking at the energy gas emitted.

Levi Garrison didn't back down even one step.

"bring it on!!!"

He roared wildly.

Use all your strength to create an invisible barrier!

No one had previously forced Levi Garrison to attack with all his strength.

But now Levi Garrison has truly made an all-out attack!

powerful!

too strong!

If the world sees Levi Garrison's powerful force, I am afraid that it will be exclaimed again and again, and even kneel down to worship, as if seeing a god.

blocked!

No one thought that Levi Garrison would be blocked for the first time!

The energy gas that destroyed everything was abruptly blocked by Levi Garrison in this passage.

"Boom, boom..."

The energy gas exploded more and more fiercely, but it was blocked by Levi Garrison.

But the gap got bigger and bigger, and it started to expand around.

And the Antarctic glaciers are cracking everywhere, it's just a matter of time.

It will break out sooner or later...

now.

The Black Hawk agent's fighter group has fled from the Antarctic glacier.

He was watching from a distance what happened on the Antarctic glacier.

I don't see anything.

No one should have come.

He will understand.
