The Return of the God of War [The Protector]

Chapter 3535 - 3536

Suddenly a voice came.

The top ten Tianjiao and others were shocked.

All eyes are on.

I saw a figure in the small attic, who else could it be if it wasn't Levi Garrison? ? ?

Not running away?

The key is that they didn't even find it at all.

Such a big living person exists.

"Are they all here?"

Levi Garrison raised his eyelids and glanced at them lazily.

This look, in the eyes of the top ten talents, is extremely disdainful, and they don't take them seriously at all.

One by one will explode.

No one has ever dared to ignore them like this!

In the Demon Suppression Division, even those ancestor-level existences, seeing them is a three-point courtesy.

They are not only the answer to the future, but their current strength is also comparable to that of their ancestors.

Therefore, Levi Garrison ignored them like this, but they were not used to it.

Just as they were about to speak, Levi Garrison's voice sounded: "Since you are here, kneel down!"

The words are not astonishing, and the top ten Tianjiao are all stunned as soon as these words come out.

The tens of thousands of experts in the town magic division behind him were also stunned.

Is this the case?

Make them kneel?

"My residence was destroyed like this by you guys, why don't you kneel down and apologize? I won't kill you in a while, but you still have to stay for me and repair it!"

Levi Garrison explained.

Everyone knows why.

But the top ten geniuses were even more angry.

"Presumptuous! How dare a monkey speak madly?"

Shangguan Tianfeng roared.

Xu Zhetian, Han Jiuxiao and other Tianjiao were all angry: "Levi Garrison dares to let us kneel, do you have the qualifications?"

"But you kneel down quickly, maybe I'll leave you a whole body!"

...

"Just a few little brats, I really don't want to kill you!"

Levi Garrison said lightly.

The top ten geniuses are indeed extremely tyrannical, and they have reached the level of the Three Saints of the North Pavilion.

But so what?

Still can't stop him.

But his light-hearted look, his indifferent tone, and the content of his words.

It's like igniting the powder keg of the top ten talents.

fried!

Totally blown up!

No one has ever despised them so much.

Doesn't this mean that the monkey doesn't look down on them at all.

How can this be tolerated?

Zhong Haiqiu said coldly: "Levi Garrison, you are arrogant, but you also have to have arrogant capital!"

Li Zhuyue also smiled: "You, after all, are a frog at the bottom of a well! You only have such a wide horizon, and you are destined to be unable to see the world outside in your lifetime. You will not understand the truth that there are people outside people, and there are heavens outside of heaven!"

The female arrogances all spoke up, and Baili Wan'er also said: "That's right! You have two strikes! You have defeated the thirteen factions of the Wolf Temple, and killed the four masters of the Xuanming alien race! Don't think that you will be lawless. Zhen Mosi stepped on his feet?"

"If you know what you have done, we can do it easily! There are many people who are weaker than you, but there are also many people who are stronger than you!"

“Especially in the Town Demon Division, there are many, many people stronger than you, but everyone is too lazy to take action, and you are not qualified to let them take action!”

“We are here to kill you today. It is the most glorious and glorious moment in your life! Remember this day!”

...

The top ten talents are still very confident in their own strength.

At least I feel that I am in the same league as Levi Garrison.

If they use their trump cards, Levi Garrison will definitely lose.

Not to mention ten people shot together.

“The strongest among the ten of us are Brother Bai and Damei Chu! Maybe you can fight with us, but if you meet these two, you will only be killed in seconds!”

Jiang Tianqiong sneered again and again.

On the other hand, Bai Xinghe carried his hands on his back and was invincible, and he never looked at Levi Garrison.

Chu Qingshuang was as cold as ice, as if ten thousand years of ice, exuding a domineering and cold aura like a queen, Levi Garrison couldn't even get into her eyes.

The two were always silent.

Because in the eyes of these two strongest people, Levi Garrison is not qualified to be an opponent at all.

After all, there are not many people who let them take a high look.

There are not many town magic divisions.

Hearing everyone say this, the two were even more proud.

Levi Garrison looked at the two, and suddenly thought of one thing, he asked with a smile: "Are these two traitors of the North Pavilion? I heard that the three saints of the North Pavilion trained you all, and they were finally recruited by the East Pavilion. Pryed away by someone? Became a traitor?"

Sure enough, Levi Garrison said this.

Bai Xinghe and Chu Qingshuang could no longer be calm, a trace of anger appeared on their faces, and they were so angry that they were going to go wild.

Levi Garrison's simple words directly hit the sore spot of the two.

The two most hated and most afraid of someone calling them traitors.

Their birth was not good, not from the big faction, but from the loose cultivator family.

It was discovered by the Three Saints of the North Pavilion.

If it wasn't for their dedicated protection, these two would not have grown up at all.

They have a root bone that is no less than the root of the five elements.

For others to find out, the root bone would have been transplanted long ago.

Their fate will be miserable, miserable.

It was the Three Saints of the North Pavilion who protected them and brought them up.

They were cultivated in the early stage of the North Pavilion, and the three saints of the North Pavilion spent a lot of time and resources on the two of them.

As a result, several ancestors from the East Pavilion came to dig people, and they ran away immediately.

I think going to the East Pavilion is more promising.

This also caused the North Pavilion to fall directly into the ranks of future competition.

It is at the end of Wufang Pavilion.

This is something that everyone in the town hall knows.

But they are afraid of being told!

However, given the strong strength and background of the two, no one dared to say it.

But Levi Garrison said it.

All of a sudden, it hit the deepest shame in their hearts.

They were angry.

The arrogance on his face is gone, and the cold look is gone.

In its place is anger!

Not only were they embarrassed, but the rest of Tianjiao and all the experts from the Demon Suppression Division were embarrassed.

It's a fact after all.

But no one dared to say it.

There are people who are not afraid of death.

“you wanna die!!!”

“To be able to say these words is enough for you to die a hundred times!”

Bai Xinghe roared, his body lingering with an irreversible killing intent.

Chu Qingshuang also snorted coldly: “Levi Garrison will be punished for talking nonsense! It will be irreversible!”

The two top talents are already on the verge of going wild.

In their eyes, Levi Garrison was already a corpse.

“Oh? Is that so? I stabbed in the sore spot? You admit to being a traitor yourself?”

Levi Garrison smiled.

Bai Xinghe couldn't bear it anymore, he suddenly lowered his voice and said solemnly: “Levi Garrison is mine! The rest of you don't interfere!”

His whole body has risen with transpiring killing intent.

Levi Garrison beckoned: “Come on, let's go together! Let me clear the door for those three old men!”

“Stop talking nonsense, let's get together with ten little brats!”

Levi Garrison's provocation made others unable to sit still.

“No! Didn't we agree? Kill Levi Garrison in the competition and see who kills Levi Garrison first! I won't give you this chance!”

Others also spoke up.

Chu Qingshuang also nodded: "Well, now Levi Garrison is provoking ten of us! Let's compare and see, who can kill Levi Garrison first!"

The top ten arrogances are all excited now.

Staring at Levi Garrison was like looking at his prey.

"kill!!!"

All ten people were angry.

"Boom..."

Amidst the shaking of the ground, Bai Xinghe, like a bolt of lightning, was the first to kill Levi Garrison.

Not to be outdone, the others killed Levi Garrison almost simultaneously.

They are not uniting, but rushing to kill Levi Garrison.
