The Return of the God of War [The Protector]

Chapter 3537 - 3538

There are tens of thousands of masters in the other town magic divisions to kill.

After all, except for Levi Garrison, there is no one else at all.

They can only watch the play.

Where are the fools standing one by one.

Let's see how long Levi Garrison can hold out under the ten arrogant men.

The war has begun.

This will also be the final main battlefield.

The killers invited by Gong Qianqiu were all in place, ambushing in the best position.

The powerhouses of the Eternal Realm and their equipment have also found their best positions.

Others, such as the masters of loose cultivators that Gong Qianqiu found, and the mysterious forces who wanted to kill Levi Garrison (who had manipulated Yan Zangsheng) were all in place.

The top ten masters of the Xuanming alien race also came to the best position.

Everything can be said to be ready.

Once the true combat power of Levi Garrison is tested, they will all start.

As for Gong Qianqiu, the leader of this war, he was observing everything in the dark.

She is mainly looking for the whereabouts of Xiao Feng and Levilia.

As for the outcome of this battle, she will not come forward.

No one would contact her at all.

There will be no trace of her.

The battle on the field has already begun.

These ten geniuses are indeed super powerful.

The strength has reached its peak.

Everyone vaguely has the strength of the North Pavilion Three Saints alone.

For example, the strongest Tianjiao Bai Xinghe and Chu Qingshuang already possessed the strength of the Three Saints of the North Pavilion.

I also have to say that they betrayed the East Pavilion, which is a correct decision.

Their upper limit in the East Pavilion is indeed higher than that in the North Pavilion.

Now they are as strong as the Three Saints of the North Pavilion. What will the Three Saints of the North Pavilion teach them?

Bai Xinghe was the first to rush to Levi Garrison. There was no fancy trick, just a simple punch!

“Boom...”

Bai Xinghe ripped apart the sky and the earth with one punch!

Chu Qingshuang was half a position behind and came to Levi Garrison.

Pushing out a palm, the seemingly pure white and delicate palm, but pushed out the earth-shattering terrifying force, as if the ten directions of the mountain were pressed down.

Terrifying.

Although there is a gap between the other eight arrogances and these two extreme arrogances, the gap is actually not big.

They were half a position behind Chu Qingshuang, and only one position behind Bai Xinghe.

Almost at the same time, all ten people arrived.

They are not fighting together, but fighting each other.

What everyone thought was to kill Levi Garrison by himself, so that no one else would take the lead.

The attacks of the top ten geniuses attacked Levi Garrison at almost the same time.

At this moment, the world paled.

The aura around him was completely drained.

The formation of air currents appeared in mid-air, and the mushroom cloud was also rising.

Terrifying!

This will also be the time that Levi Garrison has faced the most masters.

The surrounding masters of the Demon Suppression Division sighed and said, "Well, it's all over!"

Before I came, I thought it was going to be a battle.

But now it seems that the battle will soon be over.

Levi Garrison was absolutely unable to stop the attack and killing of the top ten talents.

Even if they still don't have all the cards, but with this simple punch and palm, even the top members of the Town Demon Division may not be able to stop it.

Not to mention Levi Garrison!

Miya Chiaki and others outside are looking forward to it.

Let's see if the top ten talents can discover Levi Garrison's true strength?

I hope to be able to kill in one hit and take down Levi Garrison directly.

Levi Garrison looked at the top ten arrogances who were killed, and smiled: "There are still two brushes! There is no white expectation!"

"boom!"

Soon, Levi Garrison met the top ten talents.

Suddenly, there was a cracking sound, and sonic booms came in bursts.

The whole world was shaking.

The earth trembled and the sky hummed.

Everyone felt swayed and shaken.

The air rushing out turned into a shock wave to wreak havoc.

The Return of the God of War [The Protector] Chapter 3538

Not only the base camp, but the entire area was affected and was about to be overturned.

There were even many magicians and secret masters who couldn't bear the shock wave and were injured by the bombardment.

The movement was too loud, too terrifying.

It looks terrifying.

Almost everyone knows the movement of this battle.

Everyone can't imagine how Levi Garrison can win under this kind of attack?

Not to mention that these top ten geniuses took out the four great artifacts of the town pavilion!

That's the real devastating blow.

At this moment, everyone is eager to know, how was the first round against the enemy?

Who has the advantage.

Facing the attack of the top ten talents, Levi Garrison showed a smile on the corner of his mouth, but just waved his right hand.

A shocking force surged out like a tidal wave.

Instantly smashed all the attacks of ten people.

The faces of the ten people changed wildly, and they never thought that Levi Garrison was so strong.

It was too late to escape.

"boom!"

"boom!"

"boom!"

...

I saw ten figures flying out like kites with broken strings.

There were also blood lines along the way.

The body of the top ten Tianjiao flew out hundreds of meters away uncontrollably, and finally hit the ground heavily, making a burst of movement.

It was like ten human-shaped artillery shells smashed to the ground, and there was another wave of shaking.

The whole place was stunned.

Everyone's faces were incredible.

Who else could these ten figures belong to?

The top ten geniuses of Zhenmo Division!

"this....."

The whole place was silent.

Both the Demon Suppression Army and the secret masters were silent.

See you soon!

Everyone understands what kind of strength Levi Garrison is!

Still underestimated!

This is obviously above the top ten geniuses!

This is the top strength in Zhen Mosi!

Everyone was shocked.

Gong Qianqiu was also surprised.

This is also the first time she has seen Levi Garrison make a real move.

Can't see through!

He is so strong!

But the more this is the case, the less able Levi Garrison is to be alive.

His threat is too great.

For anyone present, Levi Garrison is the ultimate threat.

Absolutely cannot live!

If this chance, don't kill him.

There may be no chance in the future.

Gong Qianqiu remembered what Xu Qingya had said.

With Levi Garrison here, he would not be able to get the roots of Levilia anyway.

It now appears that this is the case.

He is too strong.

"That's all ten little brats?"

Levi Garrison sneered.

The eyes of the top ten Tianjiao who fell to the ground were full of incredible.

They raised their heads and looked at Levi Garrison in disbelief.

how come?

How did he do it?

They lost their first fight?

Although Levi Garrison was caught off guard, it was tantamount to an attack.

But they are so embarrassed, after all, Levi Garrison is strong.

They are defeated.

“He is a pure body cultivator!!!”

Bai Xinghe wiped the blood from the corner of his mouth and said coldly.

“What? Pure Body Cultivation?”

The rest of the geniuses were stunned.

Pure body repair is so strong?

Never seen it.

“I don’t understand! He’s too mysterious! But most likely it’s pure body cultivation!”

Bai Xinghe said.

A look of cruelty flashed in Chu Qingshuang’s eyes: “If that’s the case, let’s not let him live! If he wants to live, there will be endless calamities!”

“Yes, we can’t underestimate the enemy! We must come up with our own signature skills!”

“It really doesn’t work! Just take out the artifact of the town pavilion!”

...

The eyes of the top ten Tianjiao have already revealed the will to kill.

The army of the Demon Suppression Division also understands this fact.

Levi Garrison must die.

Or in that case, it should be dead.

“Kill! Never let Levi Garrison survive!”

The top ten geniuses are no longer arrogant.

Don't care about joining forces to kill Levi Garrison.

Just thinking about how to kill Levi Garrison.

This is the number one priority!

“kill!!!”

Under the leadership of the top ten geniuses, the army of the Town Demon Division began to attack.
