

Chapter 366

Not only Smith but many of the people present were also shocked.

At this moment, Tom made people feel differently. He was the same person but still, anyone could tell he was different from himself one second before. The crowd around could get a strong vibe from Tom, affecting everyone invisibly, causing them to look at Tom as if they had met their own leader, instinctively afraid and nervous.

It could not be more natural. This was Tom in the flesh. Once he lost his temper, no one would be able to face his wrath.

However, Tom's aura did not last long. He was always a low-key person and did not want to attract too much attention.

Smith shook his head and felt that he was hallucinating. How could he be frightened by the thin and dry H Country man in front of him? This was literally an insult to him!

So he became even angrier from embarrassment. He snorted and cursed. Then he waved his hand and said to George and Dombey, "You guys go together and teach this yellow monkey a lesson!"

George and Dombey got Smith's order, nodded hard, and then made a boxing gesture. They began to walk towards

Tom with a grim smile, as if Tom had already been beaten down by them.

Everyone around them got nervous and thought that Tom would be doomed this time. The two bodyguards looked too strong and their fists were as big as ordinary people's knees. How could Tom be able to fight them?

Flora and the others were also anxious and worried about Tom. This time, Tom was going to suffer. Then he would definitely blame them!

Clarissa was not worried. She had already seen Tom's strength and had absolute confidence in Tom. She even hoped that Tom would teach these arrogant foreigners a lesson.

Flora was anxious. She quickly grabbed Clarissa's hand and said, "Oh, Clarissa, this is not good. Mr. Howard is going to be beaten up. We will have to take the blame by then!"

She immediately saw that Clarissa was not worried at all. Instead, she was very excited. Her eyes were wide open and there was a smile on her lips. Flora was very puzzled and complained, "Clarissa, it's already this time. How can you still smile? In a short while when Mr. Howard was beaten up, we will also have to suffer. Oh, how could this happen? If I had known that I shouldn't have greeted Mr. Howard just now, as long as they didn't meet, there wouldn't be a conflict. If there wouldn't be a conflict, it wouldn't have implicated us, ah..."

Flora was complaining endlessly, her face full of worry and panic. Clarissa rolled her eyes and comforted her, "Sister, don't worry. Mr. Howard is a martial arts master. He will be fine. You'll see later. The two bodyguards must be the ones to suffer."

When Flora heard this, her eyes widened and she scolded angrily, "Clarissa, you're crazy. Mr. Howard is so thin. How can he..."

However, before she could finish her sentence, she saw an unbelievable scene. The two bodyguards arrived in front of Tom. Just as they were about to punch, they were kicked out by Tom. It happened in an instant and they flew out and fell to the ground, unable to

get up.

Not only her but so many people present were also dumbfounded at the same time. They couldn't believe what was happening in front of them. It was like watching a movie. The two bodyguards were so tall but they were kicked out by Tom?

This...

Smith was also dumbfounded. By the time he realized it, Tom had already walked up to him, stared at him coldly, and said, "Who did you just say was a yellow monkey?"

"I..." Smith looked at the smiling Tom in front of him and suddenly felt his scalp numb. He was also half a combat star.

He had practiced Sanda, jujitsu, wrestling, and other skills. He knew how much strength it took to kick two hundred-kilogram strong men off.

Gulped!

He swallowed heavily and began to fear. How could he not realize that he had kicked the iron plate?

However, he was still very stubborn. At least he was an international movie star and had a huge international influence. Even if the H Country man could fight, he would not dare to do anything to him!

Thinking of this, he regained his composure and complained, "You H Country man, how dare you hurt my

bodyguard! It threatens my safety. Now I suspect you are a terrorist who is about to kidnap me. I will have to call the police!"

As he spoke, his agent took out the phone and threatened Tom by calling the police.

When Tom saw his reaction, he immediately laughed. This guy was too bold to threaten him even when he was doomed.

"Call the police?" Tom smiled meaningfully. The smile fell into Smith's eyes but became a sign of fear to him. He was even more proud and said, "Yes, I'm an international movie star. If I call the police, you'll be in jail for at least three years! Unless you kneel

down and apologize to us now and compensate us for our loss, then I can choose not to call the police."

He was sure that Tom would not dare to do anything to him. At least he was an internationally famous star. Tom must have seen his movie. Once he called the police, Tom would be in trouble.

As for Flora saying that this yellow monkey was the chairman of the ZQ Media? That was obviously bullshit. Only a fool would believe it.

Tom turned to Clarissa and asked, "How much did Nash invest in the movie that you and he have worked on?"

It came out of nowhere that Clarissa and the others were stunned. Clarissa came to her senses and said, "200 million."

Tom nodded and said, "It's only two hundred million. Not much. I'll take it."

He said this in mandarin, and many people around him heard it. It was really absurd hearing such words coming out from his mouth. He was dressed in such plain clothes. He looked no different from many salaried workers. He actually said two hundred million was not much?

Tom didn't care what others thought of him. After he finished speaking, he turned around and grinned at Smith, "Smith, since you want me to

compensate for the loss, I might as well compensate more."

After saying that, Tom made a move and slapped him, and a crisp sound sounded. It could be heard throughout half of the airport. Smith, a tall man, was hit turning 360 degrees by Tom's slap, and fell heavily to the ground. Half of his face was swollen, and blood flowed from the corner of his mouth.

The agent was pissed immediately and was about to punch Tom in the face. However, in Tom's eyes, his movement was as slow as a snail.

Tom didn't even dodge. Another slap sent the agent flying, spinning in the air and landing heavily on the ground.

There were still two white people left standing there. They were all stunned. They didn't expect Tom to really dare to hit them for they had never encountered such a situation before!

To be honest, it was not the first time they had come to H Country. When the last two movies were about to be released in H Country, they had also come to H Country for promotion. All the people with who they came into contact were polite and respectful to them.

They were nothing like this violent young man.

Now that Tom was about to walk towards them, they got scared.

Chapter 367

Tom didn't give them the chance to beg for mercy. He just raised his hand and slapped them across the face. The two fell to the ground, their cheeks swollen.

For a moment, the way everyone looked at Tom changed. He was too damn powerful and violent. These two tall strong foreigners were taught a lesson by him. The scene seemed so unreal!

Smith and the others were so shocked and scared. It was not the first time they had come to H Country, but they had never met such a thing before. None of the people from H Country they had met in the past was disrespectful to them.

"You, you..." Smith covered his face with his hand and felt a burning pain. He stared at Tom in horror and couldn't articulate properly.

Not to mention them, Flora and the others were also shocked. They never expected that the chairman of ZQ Media was so good at fighting and so violent!

Tom looked down at Smith and said, "This is a little punishment for you. The next time I hear you insulting we H Country people, you will get more than a slap!"

Smith was very angry, irritated, and humiliated. He clenched his teeth, but didn't dare to talk back to Tom,

because he was genuinely terrified of him.

Tom quit while he was ahead and didn't create difficulties for them again. Instead, he turned to Clarissa and said, "Miss Brown, I'm sorry. I put you in an awkward position by slapping these foreigners, but I will call Nash and clarify the whole situation to him."

Somehow, Clarissa felt warm inside. Was Tom caring about her feelings?

She shook her head and said, "Mr. Howard, it's so kind of you, and you are not to blame for this. Smith and the others are too overbearing to begin with, and I'm on your side."

After that, she blinked wittily. Tom

gave a faint smile and said nothing else but, "In that case, I won't disturb you. I'm going back now."

Clarissa had intended to ask Tom to stay, but Tom had already turned around and left. Her lips moved and she wanted to say something to make him stay, but she didn't at last. Clarissa was a little disappointed. But immediately, she got excited again. Could it be that her relationship with Tom had become closer?

But to be honest, Mr. Howard was really handsome and mighty just now. Such a man was the perfect being!

When Tom left, Smith breathed a sigh of relief and began to swear angrily, "This damn yellow...man. He's so

outrageous! I must call the police!"

Then, he gave Clarissa and Flora a ferocious stare and said, "I will tell your chairman what happened just now. I am very dissatisfied with your performance just now! This cooperation has been canceled!"

After that, he left no chance for Clarissa and Flora to speak, turned around and strode away, but his back looked very embarrassed.

...

When Tom returned from the airport, he took a taxi and went straight back to Dragon Bay.

Tom didn't put what happened just now in mind at all. To him, it was just a

thing that could not be any smaller.

An hour later, Tom returned to Dragon Bay and happened to see Phoebe watering the flowers there. She was in her casual wear and looked exceptionally virtuous. When Tom saw this scene, his heart softened immediately.

He worked hard outside home to provide Phoebe with a stable environment.

He walked over and gestured to the hidden bodyguards around. They saluted Tom at once to show their respect for him and then disappeared silently.

With Tom around, Phoebe was the

safest. No one could hurt Phoebe.

The bodyguards could just take some days off.

"Hey, pretty girl, could you have dinner with me?" Tom walked behind Phoebe quietly, patted Phoebe gently on the shoulder and said with a smile.

Phoebe refused subconsciously, "No, I'm already..."

Phoebe didn't say the last word, "married". She stiffened suddenly, and the sprinkling can in her hand also fell to the ground with a clang. The next second, she turned around abruptly and saw Tom. She opened her arms and threw herself into Tom's arms, her eyes turning red all of a sudden!

It didn't occur to Tom either that Phoebe would react so violently, while he was stunned instead. With that, he was already tightly held by Phoebe, and could feel her curvy figure, which ignited the desire in his underbelly.

It was said that absence made the heart grow fonder, and it was absolutely true.

In addition, his current physique was dozens of times that of an ordinary man, and he was so vigorous. It had been almost ten days since they had last seen each other, so naturally, Tom got very excited!

"Tom, you're finally back. I've missed you so much!" Phoebe held Tom tight and said affectionately.

Tom's heart was filled up instantly. It felt so good to have a woman waiting at home.

He took Phoebe in his arms and said lovingly, "Phoebe, I've also missed you very much these days, so so much."

Phoebe's eyes turned red and she said, "Where have you been these days? Your phone was off when I called you, and I was so worried about you."

Tom could hear the choking in Phoebe's voice, and he felt ashamed. During the hunting competition, he had left his phone in the hotel, so Phoebe had failed to reach him.

With Phoebe's character, she must have been worried.

Fortunately, he had defeated Peter. If he had lost, the consequences would be too ghastly to imagine.

"Phoebe, I'm sorry. I wasn't being considerate and made you worry. But rest assured, this won't happen again in the future. I'll take my phone with me and report to you wherever I go as soon as possible." Tom said seriously.

However, Phoebe shook her head and said, "Tom, you misunderstood me. I don't want to monitor you. What I want is you being safe. In the future, no matter what you do or where you go, you have to put your own safety first."

Tom could feel Phoebe's affection through her eyes. He nodded solemnly

and said, "Yes! I promise you that I will put my safety first in the future, and that I won't do anything dangerous randomly."

Phoebe nodded, "That's good... Damn it, don't run your hands over me!"

Phoebe could feel that Tom was groping her, and her affectionate face turned red all of a sudden. She got extremely shy. Tom had used to be quite a gentleman, but when had he become so lascivious? It was still daytime.

Tom chuckled and said, "Honey, I didn't sleep well last night, and I'm a little sleepy. Why don't we go back to our room and rest?"

Phoebe blushed violently and her heart beat faster. She was no longer an ignorant girl, so how could she not know what Tom meant? In an instant, she became extremely shy.

She wanted to nod in agreement subconsciously, but suddenly, something popped into her mind. She took Tom's hands away at once and said in a low voice, "Stop that. Megan is here too!"

"What?" Tom was stunned. Then he looked in one direction and did see Megan standing there, staring at them with envy.

Chapter 368

Tom was shocked. Damn it. Why was Megan here? She must see them bill and coo. This was a little awkward.

Fortunately, Tom was thick-skinned enough. He pretended to cough, let go of Phoebe and said, "Megan is here. Why didn't you tell me?"

Phoebe rolled her eyes at Tom, showing speechlessness. She found that Tom not only turned more lecherous, but more thick-skinned than before.

"How can you blame me? You didn't even tell me you were back. How can I find time to inform you?" Phoebe complained slightly, but now she did

feel very embarrassed. Just now, Tom's hands reached into her clothes, and Megan just saw this. It was really awkward.

Speaking of which, she and Megan hadn't seen each other for a long time. Just in the past few days, Megan came to chat with her every day, and several times she mentioned Tom actively. Now Megan saw them doing something intimate. How awkward!

It had to be said that Phoebe was really beautiful, especially after she got married. Her every move and smile looked more feminine, especially attractive.

At this moment, Megan came over, and her eyes landed on Tom's face, flashing

an obvious resentment. She had witnessed all along, and she was so envious and jealous!

She wished she could become Phoebe and Tom came on to her.

"Phoebe, I really envy you. You and Tom are so close." Megan said half-jokingly as she walked over.

Phoebe did not know that her good friend Megan had already been interested in Tom. She blushed and said, "Megan, don't laugh at me, please."

Megan said, "I didn't laugh at you. I really envy you for having such a great husband as Tom!"

As she said this, she deliberately licked

her lips and made a flirtatious gesture to Tom. Tom immediately shivered. He quickly moved his eyes away. Megan was also a seductive woman!

Why were there so many of this kind of women around him now? It was as if he had become hot cake, he would be tricked by those women in an unguarded moment.

Phoebe was a little stupid now. She didn't hear Megan's insinuation, and didn't expect Megan to have designs on Tom. She went over to hold Megan's hand and said with a smile, "Megan, it's easy for you to find a good man. I think that Young Master before was a very good match. He was handsome and owned a company, quite rich."

When Megan heard this, her face immediately flashed with panic, and she quickly explained, "Phoebe, what nonsense are you talking about? I have nothing to do with Young Master. We are not seeing each other at all! Don't slander me. I'm single now. I've always been single. I'm a virgin."

Megan's words were clearly spoken to Tom.

In front of his wife, how dare Tom show any intimacy with Megan? He quickly moved his eyes to the other side and pretended not to hear.

Phoebe found Megan's strange eyes. When she said this, she didn't say it to her, but looked at Tom. She felt very strange and asked, "Megan, why are

you looking at Tom when you speak?"

When Tom heard this, he immediately panicked and glared at Megan.

Megan was also a little flustered and explained, "No, I'm not. I haven't seen your husband for a long time. I heard that he is a big boss now."

Phoebe was innocent enough. She did not doubt that there was any secret between Megan and Tom. She immediately believed Megan's words and said proudly, "Yes, Tom is now the chairman of the ZQ Media. Is he excellent?"

Speaking of this, Phoebe could not hide her pride. Tom used to be a disgrace that she did not want to mention, but

now Tom was her pride.

Tom was a little helpless, thinking that Megan knew this earlier than you did.

Megan was also very unhappy. Speaking of which, she found out Tom's identity first. From that time on, she found a new life goal, which was to do her best to get Tom, this rich man!

Originally, this was a sure thing for her. She thought she could hook up with Tom in minutes. After all, there was no such man who didn't like new girl.

However, Tom was really different. After so long, her seductive means didn't work at all. She had doubts about her charm many times!

Now that Phoebe recalled this, words

couldn't describe how depressed she was.

And what was even more depressing was that she had to make a surprised expression. "Really? ZQ Media, that's a big company. Tom is the chairman. That's amazing."

Phoebe smiled brightly and said, "Well, I don't know how he could turn to be the chairman of the ZQ Media."

Then, Phoebe just bragged, which made Tom a little embarrassed and said, "The sun is setting. Let's go inside to talk."

Phoebe said after a while, "Look at me. I totally forgot about this. Megan, my mother is about to make dinner, so you

can stay to have dinner with us."

Megan had intended to do so, but she didn't know how to ask. Now that Phoebe invited her, it was exactly what she wanted.

But on the surface, she said shyly, "Yes? Will it disturb you?"

When Tom heard that Phoebe was going to invite Megan for dinner, he felt bad. It was not that he was stingy, but that he knew Megan. If Megan was staying for dinner, then she would stay here tonight.

And once Megan stayed over for the night, it would affect his plan to make a baby?

This was not gonna happen.

So he quickly said, "Well, I don't think it's a good idea. There must be numerous handsome men asking Megan to dinner. Let's not disturb her."

Phoebe asked, "Megan, are you going to dinner with some handsome man? If that's the case, then I won't keep you."

Megan said quickly, "No! I told you I'm single now and I don't want to be in a relationship for the time being. It's so late to go back and cook. I don't want to eat takeout either. Phoebe, thank you so much for keeping me for dinner."

As she spoke, Megan hugged Phoebe and deliberately stuck out her tongue at Tom while Phoebe couldn't see,

which made Tom so angry that he
gritted his teeth.

Chapter 369

In the end, Megan stayed for dinner. Since it was Phoebe invited Megan, who was thick-skinned, there was nothing he could do. He couldn't stop Phoebe.

He was really depressed by Megan's stay. A little separation made the heart grow fonder. He hadn't been intimate with Phoebe for a long time. He thought that he could have fun this time, but Megan came out and ruined his plan.

When she came in, Megan saw Phoebe holding Tom's hand intimately. She was a timid and lovable little woman. Megan was especially envious. Ironically, she used to laugh at Phoebe

who married Tom, a useless live-in son-in-law. It turned out that Tom was not a waste, but a real big shot. Phoebe also flew up the branch and became a phoenix.

Instead, she had never been able to find a suitable husband and was still alone.

One thing she didn't lie about was that she was indeed single now, and she had been single for a long time.

It wasn't that she didn't have anyone to chase after her. However, after she met Tom, her taste improved a lot. Now, she looked down on the so-called rich second generation, who could not compare to Tom at all.

That was why she thought that she would be willing to pursue Tom, even if she was just Tom's secret lover.

Originally, she felt guilty for such an idea. After all, Phoebe was so good to her and treated her like a sister, but she wanted to seduce Phoebe's husband. It was immoral.

Later on, she knew that there were several vixens pestering Tom. One was prettier than the other. They were all vixens, who regarded Tom as their target. How could she sit watching? Hurry up. Anyway, Tom would be seduced by the vixens outside sooner or later, which would threaten Phoebe.

It was better for her to be the vixen. First, she found her own happiness.

Second, she and Phoebe were close friends, and she would never threaten Phoebe. And she could also use tricks to make out with Tom, depriving Tom of the energy to find other women. She was killing three birds with one stone.

Sometimes women's mindset was really weird and unbelievable.

Tom chatted with Phoebe in the living room for a while, and then he went to take a bath. He had been on a plane all day. Now he was even dressed in someone else's clothes. He was not very comfortable, so he had to take a bath.

It was quite cold now, but Tom still used cold water. The habit was good to his body.

After a war with Peter, he didn't seem to be hurt on the surface. In fact, he was hurt a little. He just couldn't see it with clothes on.

Now that he took off his clothes and washed them with the sprinkler, he could see many bruises and broken capillaries on his body.

Even if Peter was killed by him, Peter was also a mid-level master of the Innate Realm. His cultivation was shocking, and his every punch and kick brought unlimited power. Otherwise, the fight between the two of them would not have brought so much damage to the forest.

Even if Tom was a master of Innate

Realm, every fight with Peter would bring harm and burden to his body.

But those were minor injuries. He just needed to adjust to get back to normal.

To him, what was really more serious was Peter's last shot, even if he took a deep breath and shrank his chest an inch, just in time to avoid Peter's explosive punch. Peter still hit him in the chest, but the power was reduced by 90%.

But the remaining ten percent was destructive enough. After all, it was his chest.

Now that he had taken off his clothes, he could see that there was a clear fist print on his chest. Moreover, there was

tiny blood oozing from all around him, which looked particularly frightening.

Tom had been standing under the sprinkler. The cold water kept washing his body and he was about to fall asleep.

In fact, he used his own consciousness to enter his body, control his Qi, and slowly recover from these injuries.

That was a skill that he had mastered after he had reached the Innate Realm. In a sense, it was a little like what the Taoists called "Internal Vision."

The human body was the most sophisticated machine. Any movement of the human body would bring more or less damage to the human body.

When they were young, the cells were very healthy and active, and they could be actively repaired.

But as soon as they get older, the cells become old and lose their activity, and it was hard to repair them. Over time, people became older and older, their bodies became weaker and weaker, their immune systems became weaker, and they were prone to illness and even death.

After breaking through to the Innate Realm, the cell viability was greatly increased, which could quickly repair the damage and enable people not to grow old easily. After learning Internal vision, this ability would improve even more.

It was no exaggeration to say that now Tom could at least maintain his peak to 60 years old, or even longer! And his life expectancy would also increase significantly, which was the true charm of Innate Realm.

After all, no matter how rich and capable a person was, he could not stop the passing of time. When he was old, he would still turn into a cup of dust.

Now, through cultivation, Tom was not only improving his strength and intelligence but was fighting with heaven.

He believed that in the legendary realm of immortality, life expectancy would increase even more. Perhaps he

could live up to 200 years old!

Two hundred years old. What a long time it was!

Tom felt that after he reached this stage, he was not only a very good martial arts master but a scientist and biologist. He was exploring the limits of the human body through his own experiments.

This bath took Tom an hour to finish. By the time he finished, his injuries had healed a lot and he had recovered 80% of his strength.

After a good night's rest tonight, he would be able to recover to 90% tomorrow, and 100% the day after tomorrow.

Moreover, after this battle with Peter, it was of great help to his cultivation. Although his realm had not improved, his fighting ability had improved by at least one level. He had a deeper understanding of combat. He was confident that if there was another master like Peter, he could easily defeat the guy and without being hurt.

When he came out, his mother-in-law Elizabeth had just finished cooking dinner. He came out at the right time.

Ever since his father-in-law and mother-in-law knew his identity, he had become the head of the family. Even James had to act on his behalf.

However, Tom didn't care about that at all.

After dinner, what Tom was most worried about happened. Phoebe and Megan had a good chat. Phoebe really asked Megan to spend the night...

Chapter 370

"This is not good, is it?"

Tom immediately said and kept winking at Phoebe, telling Phoebe not to keep Megan over for the night. It was not a joke. He hadn't had sex for a long time. If Megan stayed over for the night, he would lose control in minutes.

However, Phoebe couldn't help but blush and glare shyly at Tom, pretending not to see it.

Megan's eyes had been fixed on Tom, and she naturally saw Tom's expression. She was even more determined to stay here tonight.

She retreated in order to advance. She

sighed deeply and looked very disappointed. She said to Phoebe, "Phoebe, since Tom said so, I'd better go back. I'll play with you next time."

At this point, she sighed again and said, "But we really haven't had a long talk for a long time. I remember the last time we had a long talk was when we were in college, right? Alas..."

Phoebe was a very soft-hearted person. She couldn't bear to see Megan's resentful look now. Besides, Megan was right. They had not had a long talk for a long time.

So she took Megan's hand and said, "Ignore him. You can stay and sleep here tonight. We haven't slept together for a long time."

"What? You still want to sleep with her? Then what should I do?" Tom was shocked.

Tom immediately widened his eyes and said in a hurry as he was dumbfounded, "Hey, have you forgotten me? You two can sleep together. What about me?"

Phoebe rolled her eyes at him and said, "Sleep by yourself. What's wrong? Do you still want to sleep with us?"

"I would like to..." Tom said in his heart.

Of course, Tom would never say it out.

"That's not what I meant, but you two have plenty of opportunities to talk in the future. Why do you have to talk

with each other tonight?" Tom felt that his thoughts were obvious enough that Phoebe could understand it no matter what.

Of course, Phoebe understood. Her face flushed a little. In fact, she really wanted to sleep with Tom, but Megan was already here, and she was such a good friend to her. She couldn't chase Megan away, so she could only temporarily wronged Tom for tonight.

"That's settled. I'll sleep in the guest room with Megan tonight. You can sleep in the master bedroom yourself." Phoebe said firmly.

Megan's eyes flashed with cunning. She held Phoebe's hand and said happily, "That's great. We can finally

have a good chat. Haha."

At the angle that Phoebe couldn't see, Megan blinked at Tom again, showing a smug expression. This made Tom extremely angry. He gritted his teeth. When he got back, he had to deduct Megan's salary!

Tom knew that this matter had been settled, and he had no choice but to sigh in his heart. He had better sleep by himself tonight. When Megan, the third wheel, left tomorrow, he would teach Phoebe a good lesson.

Phoebe and Megan slept in the guest room tonight, while Tom slept in the master bedroom alone.

He was indeed a little tired. After

entering the room, he simply meditated for a while and then went to bed to rest.

Sleep was a necessity for everyone. Even if Tom had reached the Innate Realm, he was no exception. It was just that the time he needed now was not as long as that of an ordinary person.

Soon, he fell asleep. In his sleep, his injuries were gradually recovering. When he woke up tomorrow, he would be much better.

He was in his sleep. While all of a sudden, he vaguely heard the sound of someone opening the door and coming in!

The other party's movements were

very gentle and careful. While although Tom was already asleep, he still heard it. But he was too sleepy, so he still slept soundly.

It was already three o'clock in the night. After waiting for a long time, Megan finally found that Phoebe fell asleep and she created this opportunity to "attack" Tom at night.

Fortunately, the door of Tom's room was not locked. It was great that she had such a good opportunity!

She had been thinking about Tom for so long, and now it was the first time she had the chance to get so close to Tom, which made her extremely excited.

Tonight, she could tell that Tom was holding back his desire all the time. This was a good opportunity for her.

If she could take Tom down, she wouldn't have to worry about anything for the rest of her life.

After locking the door, Megan walked towards Tom step by step with the help of the light from the screen of her phone. The feeling of being a thief was too exciting.

Finally, Megan quietly walked to Tom's bed and saw Tom sleeping soundly. He was especially quiet and handsome.

It was strange. At first glance, Tom's appearance was not a handsome type. It could only be considered as being

mediocre. But after looking at it carefully, one would find that he was much more charming and would make people fall in love with him.

In the past, Megan would never have liked Tom. He was just an ordinary man. But now, Megan felt that Tom was handsome from the bottom of her heart. She also thought that Tom was especially masculine and charming. It was the first time she had ever seen such a man ever since she had grown up, so she envied Phoebe so much as Phoebe could marry Tom.

The point was that Tom was also a great man. He didn't cheat on his wife. This was more precious than a panda, okay? For those men outside now, once they had money, they would look for

affairs.

Megan looked at Tom now. Her heart was beating fast. She reached out her hand and she waved it in front of Tom's eyes. Tom didn't wake up. He should have fallen asleep.

This was even better. It was convenient for her to "attack" Tom.

She secretly kissed Tom on the face gently, then quickly squatted down and hid by the bed, afraid that Tom would wake up.

In the end, Tom just wiped his face and continued to sleep without waking up.

In this way, she was more relaxed. According to the situation, Tom was really asleep.

Then she began to try to get up. Her movements were especially gentle, afraid that she would make a sound and wake Tom up.

Fortunately, Tom still didn't wake up and slept soundly.

In fact, if Tom was in his normal condition, he could wake up once he noticed something. He would notice what was happening immediately once Megan entered the room.

However, because of his life-and-death struggle with Peter yesterday, his body had suffered a lot of injuries. Now he was in a state of dormancy and recuperation. In addition, he felt very safe in his own home. He was in a

relaxed mood and went into a deep sleep, so he did not find Megan's existence.

Finally, Megan got into the quilt. She was only ten centimeters away from Tom. Her heart was beating fast. She hadn't been so nervous for a long time.

In fact, she made a lot of effort to make up her mind to run into Tom's room in the middle of the night. It was because once Phoebe found out, she would be finished. Their friendship would come to an end in minutes.

But she still did it because she liked Tom more and more. In the past, she made up her mind to take Tom down mainly because Tom was the Chairman of ZQ Inc and had a lot of money.

However, after her contact with Tom and as she knew more about Tom, she had a deeper understanding of Tom. Knowing that Tom was a very attractive man, she slowly fell in love with him and couldn't get away with her love to Tom.

In other words, even if Tom was not the Chairman now, she would still like Tom.

Chapter 371

Megan lay beside Tom, feeling rather excited and nervous, as if she had returned to her young age when she fell in love with a boy for the first time.

After two minutes, she mustered up her courage and slowly leaned towards Tom...

Bit by bit, Megan moved very slowly and carefully. Finally, she touched Tom's hand and she breathed faster.

As soon as she touched Tom, Tom felt her. In a daze, he subconsciously turned around, grabbed Megan's body, and said vaguely, "Phoebe, it's you."

After being hugged by Tom, Megan felt

all her muscles tense up, and her heart beat fast!

God, Tom took the initiative to hug her!

She held her breath.

Tom really thought of her as Phoebe. After hugging Megan, his hand reflexively touched her body.

Megan's face turned red all of a sudden. Was this how Tom usually treats Phoebe? It was so... Envious!

At this moment, Tom woke up, but he hadn't realized that the person in his arms was not Phoebe, but someone else. He said with a wicked smile, "Phoebe, you really can't bear to let me sleep alone. Did you come here to accompany me?"

Megan shut her mouth tightly, not daring to make a sound, for fear that Tom would find out.

Tom continued, "How's it going? Is Megan asleep? She didn't tell you anything about me just now, did she? No matter what she said, don't believe it. I have no feelings for her. In my life... Phoebe, why are you..."

Suddenly, Tom realized something was wrong and stopped speaking.

As the husband who had sex with Phoebe, Tom was very familiar with his wife's body. Now he felt that the person in his arms didn't seem to be Phoebe!

Even the smell on her body was

different.

It was quiet.

The room suddenly quieted down. Tom thought of something and his brain went numb.

Megan also knew that she must have been discovered by Tom.

Was the woman in his arms not Phoebe, but... Megan?!

Tom's blood froze. What did he do just now?

Tom quickly turned on the bedside lamp and saw a beautiful face. It was Megan instead of Phoebe.

Megan's face was extremely red now,

but there was a strange excitement in her eyes. While Tom was in a daze, she quickly hugged Tom and said, "Tom, you took advantage of me just now. You have to be responsible for me."

Tom's face darkened. He never expected Megan to be so bold and come to his room. If he hadn't found out something was wrong in time, he would have made a big mistake!

But Megan really had a good figure...
Eh, what was he thinking about?

"Megan, how dare you come to my room in the middle of the night? You, you..."

Megan blinked and was not afraid of Tom at all. He asked, "What do you

want to say? I have the habit of sleepwalking, so I unconsciously ran into your room. But you bullied me just now. I'll tell Phoebe."

With that, Megan was about to leave.

Tom was frightened by her words. He hurriedly grabbed her and said, "Are you crazy? Stop!"

Megan shouted, "Let go of me. I want to tell Phoebe that you took advantage of me while I was sleepwalking."

In the middle of the night, Megan screamed so loudly. Phoebe was sleeping in the guest room next to him. Tom was really afraid that Phoebe would hear her. Then things would be bad. He couldn't clean up even if he

jumped into the Yellow River!

Megan was so bold. She even dared to come into his room under cover of darkness. She was bolder than Amelia.

Why was she so dissolute?

Tom quickly covered Megan's mouth and said in a low voice, "Don't shout, or I'll be rude to you!"

But how could Megan be afraid of him? She looked at Tom with blinking eyes, as if saying, "Tom, you scumbag, how dare you to flirt with Phoebe's good friend? Such a bastard!"

Tom was really angry with Megan. How could there be such a shameless woman? Megan had come to his room by herself, and now she was the first to

complain.

However, Tom had no choice, because he knew that once Phoebe found out, with Phoebe's character, she would definitely choose to trust Megan, not him.

If he had known, he should have locked the door in his sleep instead of giving Megan a chance to come!

Megan was not afraid of being covered mouth. Now she began to struggle and hugged Tom. If Phoebe saw this scene, Tom would be really unable to explain it even if he jumped into the Yellow River.

The worst thing was that Tom was a man of great vigor. In this case, it was a

great test for him.

If Megan continued to do that, he suspected that he was really going to lose control.

He took a deep breath, turned the genuine qi in his body, and quickly calmed himself down. "Enough, Megan, stop now. Let me go and go back to Phoebe's room. I can take it as if it never happened"

Megan's heart skipped a beat when she heard the seriousness and anger in his tone. She was a little scared and her movements stiffened.

"Tom, I like you. I really like you. Give me a chance." Megan said affectionately. Under the bedside

lamp, she looked so charming and gentle that the man's heart would soften when he saw her.

Megan was a beautiful woman. There were many pursuers outside. Any normal man could not resist her beauty, so all these years, she was happy to just rely on the pursuers to invite her to eat, drink, and have fun.

Tom was a man, a normal man, and a man full of vigor. It was difficult for him to remain calm.

If he was an ordinary man, he would definitely have sex with Megan now, but he was not. His will was strong, and his principles were firm, so he gritted his teeth, pushed Megan away, and said seriously, "Megan, please pay

attention to your identity! You're a good friend of Phoebe, and I'm Phoebe's husband. Do you deserve Phoebe's concern?"

Megan's eyes flashed with guilt. Yes, Phoebe was her BFF, and she was very good to her, and she believed in her... However, she did this to help Phoebe.

"Why should I be sorry for Phoebe? Don't think I don't know your things. You have a lot of troubles outside. There are a lot of vixens pestering you. Sooner or later, these vixens will get you. Since that's the case, why don't I take the initiative and make you exhausted? You won't have the energy to get involved with the other women, and Phoebe's position as your wife would not be threatened." Megan said

naturally.

When Tom heard this, he was stunned.
What kind of strange theory was this?

Tom was about to refute when he suddenly heard footsteps in the corridor outside. Someone reached the door and slowly opened the door. In an instant, his nerves tightened!

At this time, it could only be one person, Phoebe!!!

Chapter 372

Seeing that Tom was motionless, Megan, who thought that he had been convinced by her, was especially excited and she began to hug Tom and prepare to have sex with him.

At this moment, however, Tom looked extremely flustered. He lowered his voice and said nervously, "Oh no, it's Phoebe! Hurry up and find a place to hide!"

"What?!" When Megan heard this, she was immediately frightened and cried out, "Phoebe is here..."

Tom really wanted to kick her under the bed as she screamed so loudly. 'Megan, what's wrong with you? We'll

be screwed if Phoebe heard us! He thought as he quickly gestured her not to make a sound, and said in a low voice, "Why were you shouting so loudly? Do you want to die! Hurry up and hide..."

However, as soon as he finished speaking, the door was already open and Phoebe came in!

Tom, who got a fright, had no choice but to hold Megan's head and tuck her into the quilt at the critical moment. Then he hugged her tightly and tried to act as if he was sleeping alone.

But as soon as he did this, he began to regret it. It was even worse if Phoebe saw them, and he would be screwed.

Now that Phoebe ran over in the middle of the night, she must have found out that Megan was not around and suspected that she had come to him...

Thinking of this, Tom was in despair.

Megan, however, was stunned for a moment being held in Tom's arms. Then she was overjoyed that she had such a perfect chance to be with Tom, thinking that her relationship with him could go further.

She also took the opportunity to hug Tom and take advantage of him. She didn't expect that Tom was in such great shape. He was perfect.

Tom, on the other hand, was suffering.

He was really on the edge of crying.

Speaking of Phoebe, she came in very carefully. When she walked to the bed, she breathed a sigh of relief after finding that Tom was sleeping soundly and there was no sign of Megan in the room.

Then, she lifted the quilt to sleep in.

Sensing her movements, Tom was scared out of his mind. He didn't dare to pretend to be asleep anymore. He quickly 'woke up', opened his eyes, and said to Phoebe in surprise, "Hey, Phoebe, aren't you sleeping with Megan? Why are you here?"

Tom, who looked calm and doubtful, was already in a panic. Besides, Megan

was still taking liberties with him secretly. There was a risk of exposure at any time. He was really going to break down!

Seeing that Tom woke up, Phoebe didn't go to bed and asked, "Did I wake you up?"

Tom said, "It's okay. I've got enough sleep. By the way, aren't you sleeping with Megan?"

Phoebe said gloomily, "I just woke up, only to find Megan was not there. I'd like to see if she came to you."

Hearing her words, Tom felt his heartbeat quicken and was extremely nervous. Megan, who was in bed, was not much better. Her heart was

thumping, and she stopped what she was doing in fear.

Although she had just said to Tom with righteousness, she didn't dare to face Phoebe. She had to chicken out. If Phoebe found out, she would be so embarrassed even though she was thick-skinned.

Tom gave a hollow laugh and said, "How is that possible? Why would she come to me?"

Phoebe said meaningfully, "I don't know. Megan has been talking about you a lot lately, and she seems to have a thing for you."

Gulp!

Tom swallowed hard, wondering

Phoebe's meaning and if she found it out.

Not only him, but Megan, who was in the quilt, also broke out in cold sweat and panicked. Did she really act so obvious that Phoebe found out about it?

What should they do?

Fortunately, Tom, who was quick to react, rolled his eyes and said, "What nonsense are you talking about? Megan is your best friend. How could she have a thing for me? I think you're too sensitive and overthinking."

However, Phoebe squinted her eyes and said, "Tom, I'm just saying that casually. Why are you explaining so

much? Are you feeling guilty?"

Hiss...

Tom gasped. He was in despair. Did Phoebe find anything?

It would be over...

Seeing that Tom was silent, Phoebe burst out laughing and said, "I'm just kidding. You're so scared."

Tom was dumbfounded. What was going on? Did Phoebe tease him? Damn, how could she make such a joke? He was almost scared to death!

Phoebe continued, "You don't know how demanding Megan is in choosing a boyfriend. You're not even in the same league with her. Besides, Megan and I

are good friends. How could she have a crush on you? I'm the only one who is blind and like you. Alright, never mind. It's a little cold. Hurry over. I'll go to bed and warm up."

As she spoke, Phoebe lifted the quilt and was about to go to bed.

It was too late for Tom to stop her.

Phoebe was already here.

In an instant, Tom's heart was beating to the extreme. If Phoebe found Megan, he would have been killed.

At the same time, Megan was also very nervous. She quickly let go of Tom, lest Phoebe touched her hand.

"Why is your body so hot? Do you have

a fever?" Phoebe said curiously after going to bed.

Fortunately, this bed was big enough, or else they would have been exposed. In order to make themselves safer, Tom quickly turned off the bedside lamp and said, "I'm just so excited to see you here."

Tom hugged Phoebe first, lest she found Megan.

"You're naughty," Phoebe said angrily.

After a while, Phoebe said softly, "Tom, do you blame me for not listening to you?"

Tom was a little confused by her words and asked, "What do you mean? Did you hide something from me?"

Phoebe said, "Idiot, it's just about tonight. You obviously want me to sleep with you, but I didn't listen to you and insisted on letting Megan stay."

Tom said with a smile, "You mean that. It's okay. Do you think I'm so petty? You and Megan are good friends. It's good to talk to her."

"Okay..." Phoebe nodded gently, then held Tom's big hand, pressed it against her face, and said, "Tom, you're so good to me."

Tom smiled, and then Phoebe added, "Tom, I'm here now. Why don't we do it now?"

"Ah?" Tom was frightened and said quickly, "Well, forget it, okay?"

Phoebe asked doubtfully, "Didn't you want to do it so badly? Now that I'm here, we can do it."

"Idiot, in your eyes, is your husband such a lecherous person? Well, I think Megan should go to the bathroom. You should go back as soon as possible, or it will be bad if she finds out that you are not there later."

Tom couldn't help feeling how quick-witted he was.

Sure enough, Phoebe was even more moved after hearing this. She said, "Tom, you're so good to me!"

"Of course, I'm supposed to be good to you. Well, hurry back. It won't be good if Megan finds out later," Tom said

seriously.

Phoebe nodded, kissed Tom on his lips,
said good night, and then tiptoed back.

Chapter 373

After Phoebe left and closed the door, Tom and Megan finally breathed a sigh of relief.

It was really too dangerous just now. If Tom hadn't reacted fast enough, they would have been exposed!

Once Phoebe found out the truth, Tom would be dead.

Megan quickly got out of the quilt and gasped. She had been under the quilt for a while and was almost out of oxygen.

"I almost suffocated to death." Megan finally breathed smoothly and said, "It was really close just now. Phoebe

almost found out."

Tom gave her stink-eye. "If you hadn't come to my room, would there have been such a risk? Well, now that Phoebe is back, you should leave as soon as possible!"

After some intimate contact with Phoebe just now, Tom's desire was aroused again. He felt terrible. He didn't dare to keep Megan here, or else he would suffer.

Megan said proudly, "No, it's still early."

Tom's face immediately turned to be serious and he said, "Megan, that's enough."

"Don't be so fierce to me. I just like you and want to be with you. Is that

wrong?" Megan pretended to sob and looked at Tom pitifully. It had to say that Megan was really good at acting coquettishly. Even people like Tom couldn't be angry anymore.

"Megan, don't challenge me. I've already given you enough face." Tom said with a cold expression.

However, Megan saw through him and was not afraid of him at all. Instead, she came over and hugged him and said in a plaintive and pitiful tone, "Tom, don't do this to me. Please. I like you very much. I just want to stay by your side. I don't want to be your wife. I don't want your money. I just need you to come over to see me from time to time when you think of me and give me some of your love. Is that impossible?"

"You..." Tom was speechless.

Megan immediately added, "Believe me, I promise I won't let Phoebe know, and I won't be a threat to her! I swear!"

As she spoke, she really raised her finger and swore to god, "Dear Lord, I, Megan, only like Tom for the rest of my life. I don't ask for marriage, nor do I threaten Phoebe's legal status. I just hope that when Tom thinks of me, he will come to see me and give me a little love. If there is a lie, I am willing to die..."

"Enough!" Tom couldn't bear to listen any longer and quickly interrupted her.

Megan was really going too far.

However, Tom couldn't hate it

anymore, because he could feel that Megan wasn't lying. She was sincere.

So Tom was upset and didn't know what to do.

After thinking for a while, he said seriously, "Megan, you'd better give up. I'm not the man you think I am. Phoebe didn't give up on me when I was the most depressed and incompetent. I won't betray her. You are good. You deserve a better man. Don't miss the forest because of a tree."

When Megan heard what he said, her face turned a little pale. She wanted to say something, but Tom stopped, "Well, you can go back now. I'll pretend that nothing happened tonight. I'll keep your job at the ZQ Media. Next, if

you do a good job, I'll promote you. Come on. For Phoebe's sake, I'll never fire you."

Tom had done his best to say that.

After Megan heard this, she bit her lips tightly and lowered her head. Her eyes turned red and she was silent for a long time.

Tom did not say anything. He had already said what he needed to say. The rest was up to Megan to decide.

After a while, Megan looked up and said, "I know you had a bad impression of me before, but I will work hard to impress you. I want to be with you. It's not just a word."

After that, she got out of bed and

walked to the door. She turned around and said good night to Tom with a smile, then disappeared and returned to the guest room next door.

Tom looked at her like this and felt helpless.

A sin to be a ladies man.

"Am I destined to be a stud?" He thought.

In fact, Tom knew very well that with his current condition, Phoebe really couldn't satisfy him.

Especially when he reached a higher level, three more Phoebe could be enough to satisfy him.

However, in his bones, he was a very

traditional man. He couldn't accept to keep one or more mistresses at all.

"Oh, forget it. Play it by ear." He thought.

Now that Megan and Phoebe took turns to seduce him, Tom felt there was fire in him so that he couldn't fall asleep. He had to take another cold shower. After a one-hour cold bath, he finally calmed down.

The next day, Tom got up early and vigorously. He had a good sleep quality now. For him, three hours of sleep was equal to an ordinary person to sleep for ten hours. Moreover, these minor injuries on his body had almost recovered, and he had recovered 90 % of his strength.

Not long after, Phoebe and Megan also got up. There were two dark circles under Megan's eyes, It was obvious that she didn't sleep well last night.

After breakfast, Megan didn't stay any longer and went back to work.

Tom sent Phoebe to SK Company first. After the bodyguard team was in place, he began to return to ZQ Media and hold a short high-level meeting. Then, he went to TY Advertising and Shield Security Company respectively to frame the company's development plan. A day passed.

At the same time, Wade already knew about Peter being killed by Tom. On the spot, he was already pale with fear,

and felt his whole world collapsed!

Peter was his father and his god. Without Peter, he would have been killed long ago. In his mind, Peter was absolutely invincible. He was a mid-level master of the Innate Realm, and as the vice president of the North Sky Association, he was the might one in the south area.

And now, he was beaten to death by Tom?

He couldn't believe it!

Staring blankly at Peter's body in the crystal coffin, he was more afraid than sad. Now that Peter was dead, how could he live in the future?

For a moment, his tears were

streaming out.

If he had known this, he wouldn't have fought against Tom!

Well, now his father died because of him.

Not only him, but also the entire the Halls was now filled with sadness and grieved cries.

At this moment, a slender figure came in from outside the door. Everyone who saw it showed awe and fear.
