Chapter 26 Honey, Thank You for

"Who?" Jessica asked.

"Wait a minute, and you'll know later, Timothy said mysteriously. Although Jessica didn't say anything, she speeded up eating her steak.

After they finished their meals, Timothy left the western restaurant with Jessica.

He drove Jessica directly to the underground parking lot of TY Group. Because it had already been late, there

was no one here.

The lights were dim, and the cold air trembled Jessica

"Why did you bring me here so late?"

Jessica looked around at the empty parking lot and felt suffocated.

Suddenly, Ray's voice came from behind.

"Mr. Landy." Ray ran up to them, rubbing his hands together to keep warm, but his face was full of excitement.

"Have you brought everything?" Timothy asked.

"Everything is ready." Ray took something out of his arms as he spoke.

There were an electric shock stick and

a voice changer.

11:51 AM

Because of what happened last night, there were barriers between Louise and Simon.

"Simon, are you going to give Jessica 25% of the shares?" Louise looked haggard.

"What else can you do to save everything?" There were too many things that had happened recently. Simon became very impatient, so he was disinclined to disguise a modest

gentleman

Louise bit her lips, looking extremely aggrieved.

"Hurry up and get in the car." Simon glanced at Louise's pitiful face, and his expression softened a little. REDMI NOTE 9S CO AI QUAD CAMERA

Then they quickly walked to the car. Simon had just touched the door when he felt a sharp pain coming from behind his neck.

"Simon, what's wrong?"

However, Louise also fell in a faint in pain.

Jessica, who was hiding in the dark, was shocked by the scene in front of her. How dare did Timothy and Ray do this?

How dare did they knock out Simon and Louise in TYGroup!

"Jessica, please give me a hand!" Ray

Jessica's eyes widened. Although she knew that it wasn't right, she couldn't help walk to Ray, lift Louise's legs, and put him into a van with Ray.

Then, the three of them quickly got into the car and drove straight out.

Timothy drove in a relaxed look while Ray was excited. Only Jessica was trembling.

"Are you crazy? How dare you knock Simon and Louise out? Do you know that there are surveillance cameras in the parking lot? If the cameras catch us, we will get caught."

"Jessica, calm down. Before you came, I had already covered the monitors in

the parking lot"

Glancing at Ray's pride face, Jessica smacked her lips and didn't know what to say.

Timothy drove the car to a sparsely populated place. He and Ray tied Louise and Simon's hands and feet together and put cloth bags on their heads.

"Wake them up," Timothy ordered.

Ray nodded, opened two bottles of mineral water, and poured them on Louise and Simon's heads.

"You."

"Hush."

Jessica wanted to say something more, but Timothy prevented her.

Jessica had to stand aside as an

audience.

Stimulated by the cold water, Simon and Louise soon woke up.

"Ouch!" A painful whimper came from Simon. He immediately became very vigilant after finding that his hands and feet were tied up. "Where am I?"

Simon struggled crazily, and Louise began to cry.

"Simon, what happened? Did we get kidnapped? My hands and feet are tied up. What about you?"

"Simon, I'm scared."

"Ouch! It hurts. Help me, Simon."

Louise's voice sounded terrifying on a quiet night. Although she was the child of a servant, as an illegitimate daughter of Brant, she lived an extravagant life these years.

Louise was always under the protection of Simon and asked Jessica to take the blame for her. Now that she was stunned on the ground and someone splashed her face with cold water, Louise huddled herself up.

Her usual pitiful appearance disappeared, and now she was only screaming and trembling.

"It's okay. We'll be fine. Don't be afraid. I'm here" Even though Simon couldn't hug Louise, he still said it in a protector's tone.

Simon's comfort didn't have any substantial effect on Louise. Louise cried, "Did Jessica ask you to kidnap Simon and me? I have nothing to do with Simon. Why is she so cruel? Someone trapped us that night."

Louise's words made Simon Capen, who was still wondering why they were kidnapped, furious to the extreme. He was burning with anger that he wanted to tear Jessica into

pieces.

"That woman is so vicious. How much does she give you? I will give you

double today!"

Jessica, who originally watched them quietly, walked to Simon and kicked him in the chest after hearing their words.

She was worried that they would be found out at first. Now that she was irritated for their effrontery.

They acted in collusion to betray *Jessica*.

Seeing that *Jessica* still wanted to kick *Simon*, *Ray* immediately pulled *Jessica* aside and whispered in her ear, "Jessica, calm down. Mr. Landy will take revenge for you later."

*Jessica* took a deep breath, and she

didn't hit *Simon* again.

Initially, she thought that *Simon* had betrayed her because it was true love between him and *Louise*.

Now that she thought about it was ridiculous. If *Simon* loved *Louise* from the bottom of his heart, he would never let her be an underground lover for so many years, nor would he deliberately say that someone trapped them.

This man was selfish and cowardly.

*Jessica* was grateful that she had seen the man's true face in time and she felt inexplicably disgusted for his past promises.

Although *Simon* was very scared, he pretended to be calm, "What do you want?"

However, his voice was trembling with

fear.

"I intend to let one of you leave safely. Give you three minutes to say your last goodbye. Then tell me who lives and who dies."

As long as you let me and Louise go, this money is yours. I promise I won't call the police to pursue your legal responsibility."

Simon recoiled with trembled voice.

Louise felt uneasy and nervous either. How much money did these gangsters need to let them go?

"Jessica, if I escape this time, I will get it back double." Louise thought to herself.

"Ah! Please don't kill me! Please!" Louise screamed in fear. "Simon, help me. They want to kill me. I don't want to die. I have your child in my belly. I can't die."

"Stop, you bastards!" Hearing Louise's screams, Simon wanted to stand up, but his hands and feet were tied up, so he finally fell to the ground awkwardly.

Timothy let go of Louise and stepped on Simon's chest. "I don't have much

Louise shivered. "Don't kill us, please. It's a society ruled by law now. If you kill us, you can't get any money, and the police will put you in prison."

Slap!

Ray, standing at the side, couldn't stand Louise any longer and slapped her on the face.

"Shut up, or else I'll rape and kill you."

Ray's slap worked, and Louise no longer dared to reason with them.

Chapter 27 Serve Us Well or Die

Simon was already flustered and scared. Now after hearing Louise's words, he became more and more nervous.

"Jessica Sandgren, I will never let you go!" Simon roared and cursed at Jessica. Jessica, who could not keep calm, kicked his chest.

"There are ten seconds left. Ten, nine,

eight, ..."

"Brother, I don't think they can choose.

Why don't we make a quick decision?" Ray grabbed Simon's hair with astonishing force.

"Stop, stop fight anymore."

Although Louise could not see the way *these* gangsters beat up Simon, she *could* tell from the muffled hum that they were very violent.

After hearing Louise's words, Ray let go of Simon and walked to her side to hold her chin tightly, "From your tone, it seems that you want to die for him?"

Even through the sack, her chin hurt so much that she felt like it had dislocated.

"Simon, you have a good girl. Even if she is pregnant, she is willing to die for you. You'll lose your wife and baby at the same time."

After hearing his words, Simon's heart, which was nervous deeply, instantly relaxed.

He really thought that Louise would *die for* him. He said with a guilty tone, "Louise, it's my fault. I can't protect you and the child..."

Jessica, who stood by and looked upon *coldly*, could not mock him at his hypocritical words.

"Is that true love?"

Haha, isn't it too cheap?"

Just as she was sympathetic to Louise, she did not expect Louise to retort, "Simon, are you going to watch me die? I have your child in my belly. I am willing to die for you, but the child is innocent. Are you willing to let our child die before he is born?"

After hearing what she said, Simon immediately replied.

"Louise, I really want to protect you and our child, but if I die, what about your parents? The Tianyu Group will break down. I'm sorry, Louise. I must live."

When

Jessica heard their conversation, she can't be shocked more.

Having been lived for more than 20 years, she had seen all kinds of wretched and disgusting people. But it was the first time she had seen a scum

like Simon.

Obviously, he didn't want to die, but he used a dignified reason to hide his cowardice and fear of death.

He kept saying that he loved Louise and made her pregnant. In the end, not only did he not save her, but he abandoned his unborn child.

Jessica really thanked Louise. If she hadn't seduced this scumbag, it was her, Jessica, who fell on evil days.

"Simon Capen, how can you do that? I'll take care of my parents myself. But our child is innocent. Even if you don't want me to live, you have to think about

your child. I'm pregnant with your child."

She was falling apart. What he said made her feel like she had never met this man

"Louise... I know I'm sorry... But..." They

argued like that. In the end, Timothy, who couldn't continue listening, *slapped* Simon on the head.

"It seems that you two are very 'in love! In that case, I won't kill you."

Timothy looked at Simon disdainfully. His eyes were full of ridicule. Was such a scumbag a man?

It was an insult to the word 'man'!

"Really?" There was a surprise in Simon Capen's tone. Were these gangsters

interested in money?

"If you want to live, this woman should serve us well." Almost as soon as Timothy finished speaking, Jessica showed a contemptuous look.

Then Timothy looked at her helplessly. They glared at each other. His aura immediately weakened.

Perhaps because her murderous look was so strong that Ray could only explain in a low voice, "Mrs. Landy, Mr. Landy must have his own reasons for doing that. Calm down."

Even if he didn't say it, she knew that.

A woman's sixth sense told her that Timothy would never take a fancy to a woman like Louise.

But when he said that, she still felt sad.

Did... Did she fall in love with him?

"No way, Simon, you must not agree to him. Since I was 18 years old, the only person I have ever been with is you. Besides, I have your child in my belly now. You must not let these beasts touch me."

Although she could not see their *appearance*, several ugly and lewd images had already appeared in her mind.

The thought of having sex with such *lowly* people made her extremely *reluctant*.

After hearing Timothy's words, Simon became mentally confused. Obviously, he would be cuckolded!

If he could choose, he would prefer these gangsters to kill her directly.

At least in this way, he could feel guilty

about her.

"That's what Jessica gave you, isn't it? Let this bitch see me. I have something to tell her."

Simon's voice was full of roars and he was struggling all the time.

Timothy put the knife in his hand to Simon's cheek, letting him feel the shape of the knife.

Simon shut his mouth in an instant, not

daring to say a word.

"I've shown you a way to live. If you don't want to, you can only die." After Timothy finished speaking, he increased the strength of his hand.

"Mr. Landy, I saw on the Internet a few

days ago that there was a way of death that tearing someone to pieces. The person, who was cut off the flesh piece by piece, would die after suffering the last cut. Why don't we try it out? I think it's very interesting."

Ray gave Timothy some advice by the *side*. Timothy chuckled, "Good idea. Shall we cut the man or the woman

*first?"*

They discussed the method of killing with ease as if they asked someone whether he had eaten or not. But Simon and Louise shuddered with fear.

"I beg you, don't kill me. I can't die. I really can't die."

Simon, who was a 1.8-meter man, was crying.

Her words were full of sobs. Hearing that, Jessica felt that he was really a good-for-nothing.

"Lou... Louise, even if you are having sex with these gangsters, I will never change my love for you. We will live a happy life when we go back."

Hearing his words, Louise suffered a head-on blow, "Simon Capen... You can't even protect your woman. Are you still a man? I'm pregnant!"

The man she had given everything to

was now worse than an animal.

When Timothy heard Simon's words, he burst into laughter, "That's the way to be a man. As long as the green hills last, there'll always be wood to burn.

Anyway, there are plenty of women like there are plenty of clothes." |

After saying that, he changed the topic and said to Ray, "Take her to the car. We could have a good time."

Simon, who knew that he was guilty, did not dare to say anything after hearing Timothy's words.

He could only comfort himself over and over again. Over the years, he had helped Louise so much. Now it was normal for her to repay him.

Louise, who was carried to the car by Ray, completely broke down. "Simon Capen, you're not a man. Are you worthy of me and the child in my belly? I, Louise Sandgren, am really blind. You actually agreed to let another man

rape me."

In the solitary and unmanned place, her voice sounded particularly miserable.

Throwing her in the car, Ray slapped Louise who had been twisting her body uncooperatively.

"Behave yourself, or you will suffer

later.”

“I beg you, don’t touch me, okay? Don’t touch me.”

She knew that it was useless for her to ask Simon for help now, so she could only place her last hope on the

gangsters.

She longed for them to let her go!

Timothy walked slowly to her side and said, “It’s okay not to let us touch you. If you want to defend your chastity, we can help you. You have two choices now: one is to serve us well; the other is to commit suicide.”

He had made it clear that being a chaste martyr was a dead end. If she choose to be a bitch, she could live.

It suddenly quieted down. Louise, who had been crying and screaming, seemed to have been held in place.

Simon had been praying in his heart that she would choose the second method because his self-respect didn’t want to see her choose the first one.

“Five, four, three, two, one, zero.”

Timothy grabbed her neck and his voice became colder and colder, “Time’s up. Tell me your choice.”

She kept her mouth shut and the hand that was holding her neck tightened.

“Brother, I think we’d better not play with her. People in the entertainment industry were promiscuous. God knows if she has any sexually transmitted diseases. We’d better kill them and get the money.”

Standing aside, Ray couldn’t help but add the scene.

Seeing this scene, Jessica now understood Timothy’s intention to let her watch the play.

He had once told her that the best way

to deal with the enemy was not to kill one thousand enemies and lose eight hundred people of us but to let them fight with themselves.

Tonight, his actions seemed random. But in fact, he destroyed the last line of defense between Louise and Simon step by step, revealing the ugliest side of human nature.

After what happened tonight, Simon and Louise couldn't live like before.

"Don't... Don't kill me... I don't want to die... Don't kill me." Louise struggled to speak, and her voice became lower and

lower.

Chapter 28 Help You Take a Bath

In the end, she said as if she had finally made up her mind, "I choose the first one. Don't kill me. I don't have any sexual disease."

Since Simon could give up on her and her baby in order to survive, why would she keep her chastity for this scumbag?

It was not worth it!

The expression on Jessica, Timothy and Ray's faces were full of ridicule and contempt. It was just like the saying went, "husband and wife are like birds in the woods; when trouble comes, they flee separately."

Ray laughed, "Things would be easier if

you had said earlier. Don't worry, my brother and I are highly skilled, and you will be gratified."

After saying that, he began to tear Louise's clothes.

Louise didn't wear much, when Ray tore her clothes, her underwear was revealed immediately.

"You look pure, but actually are so coquettish. Just see your sexy underwear." When Ray saw the clothes Louise was wearing, he felt more disgusted.

Although she was good-looking, she had no sexual attraction for him at all.

Louise's cheeks were burning in the cloth bag. She dressed so sexily

because she wanted to seduce Simon!

Men like women who looked pure but were actually dissolute didn't they?

But who knew what would happen *today*? If Louise had known, she would never have dressed like this!

"Let's start. As long as we don't kill her." Timothy urged.

Ray nodded and began to pinch Louise.

"Ah... It hurts..."

"Stop... What are you doing? It hurts!"

Louise screamed, and her voice made Simon's mind go blank.

This bitch was unfaithful to him!

Simon felt being bullied but he could do nothing, only bear it!

It was such an aggrieved feeling.

Although Simon could not see anything, he had already imagined several men having sex with Louise together.

Of course, he didn't know that Louise, who had been dragged into the car, was fainted after receiving electric shocks.

The sound coming out of the car was not Louise's screams, but a woman's enjoyable voice, which made people become shy.

Actually, the sound came from Ray's phone.

He and Timothy had been preparing for tonight's plan for a long time.

But even though Jessica knew it was not real sex, she still blushed.

Because the woman's voice from the phone really made people excited.

"I'll take Jessica back first and leave the rest to you." Timothy got out of the car and told Ray in a low voice.

Ray nodded and patted his chest confidently, "Timothy, don't worry. The experience I learned from you for the past three years would be in vain if I can't deal with such a trivial matter.

You just take Jessica away and leave this couple to me."

Timothy nodded, walked to Jessica, then took her away.

Ray continued to turn up the volume of his phone and called out to Simon, "Simon Capen, your woman is really too flirtatious. We were even unable to satisfy her. I think there are many men who have taught her these sex skills. As we both have slept with this woman, I kindly remind you that you can't control her."

The despair in Simon's heart gradually expanded, mixed with disappointment toward Louise.

A few men who were close to Louise appeared in his mind, and his cheeks

hurt as if he had been slapped by many *people*.

Did this bitch really cuckold him?

When a man was so cowardly that *couldn't* protect his woman, he would find an excuse to comfort himself and

*reduce* the guilt in his heart.

Simon was that man. He became angrier, especially when he heard Louise's very enjoyable voice.

Bitch! What a bitch!

Jessica, who left with Timothy, could not see this scene.

She walked with Timothy for a short distance, then saw two or three men *appear*.

These men looked at Timothy with *admiration*. After throwing a car key to Timothy, they headed to the place where Timothy came from.

Timothy took the keys, got into a car with Jessica, and left in the dust.

Jessica sat in the passenger seat, looked into the rearview mirror, and asked, "Who are the men that just *passed* by?"

"They're my friends. Don't worry. They're just teaching Simon and Louise a lesson. They won't go to extremes."

Timothy's words have a kind of power that always makes people trust him.

Jessica nodded. She felt that those

men wouldn't do anything to Louise, because Louise ..... was not worthy!

"Timothy, you and Ray must have had prepared for a long time for what happened today, right?" This plan was *all for* her.

*In* order to help her vent her anger, this *man* kidnapped Louise and Simon and *did* so many things.

Jessica felt that her heart, which was deeply wounded by her lover and relatives, was healing bit by bit.

A man's promise is the most unbelievable thing in the world.

But Timothy, this man, fulfilled his promise to her step by step.

"More than a week." Timothy was *focused* on driving, showing Jessica his *side face*.

*Under* the dim light, his face looked mysterious and attractive.

"Why are you so nice to me? We haven't known each other for long..."

Jessica was touched and said sullenly.

Timothy stopped the car at the side of the road after driving for a while.

He was a little angry and amused, "Mrs. Landy, you are my wife. What's wrong if the husband helps his own wife to vent her anger? Besides, if you look at me like this again, I will have sex with you."

Timothy finished speaking, then leaned close to Jessica

*It* was so narrow inside the car, and Timothy approached suddenly without warning, forcing Jessica directly to the

*door*.

Jessica knew she had no way out when she *felt* cold on her back.

She looked at Timothy blankly, with *nervousness* in her eyes.

It was like a young girl who had met a man she liked and became shy.

"Actually, it's ok to do it now."

Timothy grabbed the back of Jessica's head and pressed her into his arms.

"You... Ah..."

*Jessica* couldn't finish a sentence as her mouth was covered by *Timothy*.

*Timothy's* every kiss was so charming and attractive as if he wanted her to respond.

When *Timothy's* cold finger touched *Jessica's* waist, she trembled slightly.

*Her* mind was cleared up from dizzy caused by the kiss, then she pushed *Timothy* away.

"It's outside. We can continue when we get home."

*Jessica* was already over twenty, but still an idiot for this kind of thing.

She was very thin-skinned. She had heard of such things and read the *report* about some people having sex in the car.

But when it happened to her, it was still too exciting!

She didn't want to be on social media tomorrow morning.

"Okay, go home."

*Timothy* chuckled and took a deep look at *Jessica's* chest. Then he tidied up her clothes.

*Timothy* started the car again and drove to his apartment.

At the same time, there were two "flowers" swaying without wind in a flower bed near *Ray's* car.

The darkness covered their bodies, but it could not cover their surprised eyes.

Seeing several men carry *Simon* into the van and drive away, the two "flowers" fell to the ground.

*Jacob* and *Jesse* stood up from the *flowers*.

"I didn't expect *Timothy* to be so abnormal. It's really surprising."

*Jesse* said. They had followed *Timothy* all the way from the parking lot to here, didn't expect to see a free show.

It was definitely more shocking than a blockbuster.

"I didn't know that woman is so attractive to my brother. It's totally unexpected." Jacob said. He took out his phone and called, "Mom, I've found a way to get my brother back...!"

Jacob's eyes were shining when he spoke. Jesse stood aside and muttered, "Jacob, aren't you afraid that what happened tonight will happen to you if you scheme against your brother?"

When Jessica and Timothy returned home, Timothy did what he said again.

As soon as the door closed, Timothy locked Jessica in his arms behind the door and kissed her eagerly.

"L... I'm ... going to take a shower."

Jessica's breathing was disordered. She found that every night was enriched ever since she was with Timothy

"It's okay. I don't mind." Timothy didn't want to let her go and pressed himself closer to the woman.

Jessica's felt difficult to breathe, "But I've been busy all day and my cheeks hurt. I want to take a good shower."

Jessica's tone softened, with affection *in it*.

Timothy saw Jessica's swollen cheek, and a hint of coldness flashed through his eyes.

"Well, okay, go take a shower first."

He let go of Jessica and opened the door for her.

"Thank you." Jessica walked into the bathroom, Timothy followed.

"No need to thank me." Timothy didn't want his wife to be so polite with him.

"Thank you..." Jessica repeated the words on purpose. After seeing Timothy's face slowly darken, she said again, "Thank you, my husband."

Timothy smiled as he could accept the word "Husband"

"Okay, you can go out now. I'm going to take a shower." Jessica turned on the shower rose and spread her hair.

Unexpectedly, Timothy hugged her from behind, "Your husband wants to help his wife take a shower." Billionaires Daring Wife by Sweet Lady Chapter 2

Chapter 29 I'll Tell You When You

Jessica flushed because of the man's words.

"... I can do it myself."

Although she and Timothy were already married, she couldn't get used to him helping her take a bath.

Thinking about the blushing scene, she was worried that she would not be able to get up tomorrow.

"You have to get used to it, don't you think?"

As Timothy spoke, he began to unbutton Jessica

Jessica had intended to stop him, but

her hand was tightly held as soon as she touched him.

Jessica had no choice but to see Timothy undress her.

With Timothy's help, it was Jessica's first time to take a bath for more than an hour in her life.

He was like a big bad wolf and even wanted her when he helped her take a bath.

And he kept telling Jessica the story of Little Red Riding Hood and the Wolf. Jessica had never been so shy.

She could not remember how many times Timothy had released. She only vaguely remembered Timothy carrying her into the bathroom again

and taking another shower.

Finally, the room calmed down.

When Jessica got up the next day, she felt that her legs were so weak.

She looked at the man who had already got up with resentment.

Timothy, who was preparing breakfast for Jessica, smiled at her when he saw her pouting and glaring at him with dissatisfaction, "Mrs. Landy, why do you get angry with me? Did I not serve you well last night?"

As Timothy spoke, he walked towards her and directly circled her into the wall and his arms.

He was tall and a shadow appeared in front of Jessica

"How dare you say that? You can only do it once in the future!"

Jessica pushed Timothy away and really wanted to beat him up when she saw him smile all the time.

After saying that, she felt as if she had forgotten to say something, so she continued, "You can't do it more than half an hour at a time!"

After saying that, she walked into the bathroom.

What happened this morning was just an episode for Jessica and Timothy.

After breakfast, Jessica went to the set again

Her cheeks were much less swollen than yesterday, so there should be no problem filming.

As soon as Jessica arrived at the set, she saw Mrs. Kimi standing in the most conspicuous place calling her with excitement. Jessica guessed that Mrs. Kimi had got a new work for her.

Otherwise, she wouldn't be so happy.

"Jessica, have you seen the news this morning? It's definitely explosive news!"

Mrs. Kimi was holding a tablet, looking mysterious.

"No, what happened?"

Ever since she married Timothy, Jessica had no time to pay attention to the media reports.

Every night, Timothy made her so tired that she couldn't have enough sleep. But she had to go to the set the next

day.

"Let me tell you, something big happened this morning."

"What's the matter?" Jessica asked.

"It's about Simon and Louise!" After Mrs. Kimi finished speaking, she showed Jessica the photos on the tablet, "Someone saw Louise and Simon coming out of the police station in a mess. Although Simon had deleted these reports after the incident, I had saved them."

Jessica took over the tablet. When she saw Simon and Louise looking haggard on the screen, the corners of her

mouth rose slightly.

"There's another more explosive news. I heard that Simon and Louise were kidnapped last night. They were found in the market this morning. Neither of them was wearing clothes, but the informants were shut up by Simon, so they were not reported."

Mrs. Kimi laughed as she spoke, but she found that Jessica did not react at

all.

The smile on her face disappeared and she looked confused, "Jessica, are you not happy about what happened to these two scumbags?"

Mrs. Kimi felt that Jessica, who had been harmed by the scumbags, should applaud.

"I'm happy, but this is not the happiest

time because Simon and Louise are not

in the worst of times yet."

Jessica's beautiful foxy eyes were full of schemes, which let Mrs. Kimi can't help but shiver.

"Jessica, has

“What are you talking about?”

“You look like an innocent little rabbit, but in fact... It’s hard to tell what you are thinking and you exude an imposing aura sometime.” Mrs. Kimi

was very pertinent.

Jessica smiled, “I’m going to work. I’ll look the script first.”

Jessica found it wasn’t worth to waste time on Simon and Louise.

However, before she could take a few steps, Mrs. Kimi grabbed her arm again.

“Wait, I have another thing to tell you.”

After Mrs. Kimi finished speaking, she continued to swipe the tablet. Soon, a photo of the man’s profile appeared in front of them.

Because of the angle, the man’s profile was clear, but his facial features could not be seen clearly, giving people a

very cold and handsome feeling.

“He is...” Jessica frowned slightly. Mrs. Kimi thought that Jessica had thought of something and she looked expectant. However, Jessica paused for a few seconds and then said what made Mrs. Kimi speechless, “Your new artist?”

“What new artist! He is the founder of King Group!” Mrs. Kimi looked at Jessica with disdain.

“Well, why did you show me this photo?” Although Jessica had never seen the man before, she was no stranger to the King Group

King Group was a mysterious company what only heard in the rumours. It was founded ten years ago and the founder

was very mysterious and extremely richKing Group operated in a wide range of fields. Perhaps at least seven of the ten products you bought were from King Group.

Many media wanted to interview the founder of the King Group, and countless businessmen wanted to fawn on him. However, there were very few reports about the founder of the King Group, besides a few blurry photos on the Internet.

Jessica knew that she would never be able to get in touch with such a successful person in her life, so she didn’t know much about King Group.

“Jessica, do you think your husband is very similar to this man?”

Mrs. Kimi felt that Timothy seemed familiar since she saw him last time. It took her a few days to figure out why she felt familiar.

Because Timothy was too similar to the founder of the King Group.

“Similar? Are you kidding me? This photo is so blurry that I can’t even see his facial features clearly. Mrs. Kimi, I think you might have automatically brought Timothy’s facial features into

this man’s face.”

“But.”

“Well, Mrs. Kimi, I’m going to work.”

Jessica then stopped talking to Mrs. Kimi.

However, she began to doubt because of that photo.

In fact... She also felt that Timothy was very similar to the man in the photo.

Was they... Really the same person?

“What are you thinking? Why did you ignore me after calling you so many times?”

Just as Jessica was deep in thought, someone suddenly patted her on the shoulder

Jessica quickly came back to her

senses and saw Justin’s sunny face.

“Nothing.”

“Here, this is for you.”

Justin threw a bag of things to Jessica.

“I don’t want it.” Jessica refused directly.

“You refused without even looking at it. Do you know that you will make me very sad?” It was the first time Justin had met a woman as hard to get along with as Jessica

Was he not charming anymore, or was this woman a lesbian?

"I don't want to be hated by your fans." Jessica looked at Justin coldly, "I'm not interested in the young boy. If you want to pursue me, I advise you to think twice."

After that, she picked up the script and

continued to memorize the lines.

Justin stared at Jessica. There was no woman that Justin could not get in the entire entertainment industry.

He was confident to pursue Jessica. It was just a matter of time!

Because there was no cooperation with Doris today, Jessica did not fail countless times like yesterday.

However, she kept remembering the

photo she saw this morning.

Timothy had told her that his identity

was not as mediocre as it seemed.

Jessica also asked Timothy what his

previous identity was.

But the man kept hiding it from her and didn't tell her.

Since they were already married, why did he not tell her?

Could it be that Timothy didn't trust her?

At the thought of this possibility, Jessica was naturally in a bad mood.

After the filming in the afternoon, Jessica called Timothy on her way home.

The call was quickly answered. Before Timothy could speak, Jessica said, "Timothy, I want to know everything about you. We are married. Don't we at least trust each other?"

After saying that in one breath, Jessica's heart beat faster. She was afraid that Timothy would refuse.

Timothy was indeed silent for a long time so Jessica asked, "Timothy, can you hear me?"

Jessica suddenly felt very aggrieved when Timothy kept silent, "If you really don't want to answer, then forget it. From now on, I won't ask you again."

He said that she was Mrs. Landy. He said that he would naturally vent the anger for her when she had been wronged...

In fact, it was just his sweet lies!

Just as Jessica was about to hang up, Timothy said, "When you come back, I'll tell you."

All the unhappiness disappeared instantly because of his words.

Jessica felt relieved and quickened her pace to leave the set.

She couldn't wait to get home and know Timothy's true identity.

However, before Jessica could walk out of the filming place, a strong force came from behind and her nose and mouth were covered. She smelled an unpleasant smell, then became unconscious, and finally slowly closed her eyes.

Timothy did not know what had happened to Jessica.

He was still waiting for Jessica to come back, organizing his thoughts.

What exactly did he have to say to minimize this woman's anger?

However, after waiting for more than an hour, Jessica still did not come back.

In the end, Timothy called Jessica.

The call was quickly answered. Timothy asked, "Haven't you come back yet?"

There was a pause on the other end of the phone for three seconds and then a

very annoying voice came out. "Oh, my good brother. I've lived for so many years but it's the first time I've heard such a gentle tone from you. I'm deeply touched"

Jacob's tone was so annoying that Timothy wanted to beat him up.

Jessica's phone was actually in Jacob's hand. A trace of unease flashed through Timothy's heart..

His handsome face darkened in an instant. Timothy's tone was so cold. "Why do you have Jessica's phone? Where is she?"

"Of course she's in our house, my dear brother. It's too unkind of you not to tell your family even after you get married. I'm so considerate that ..

Beep beep...

Before Jacob could finish speaking, Timothy hung up the phone mercilessly

"Damn! How dare you hang up on me! Timothy, how dare you!"

Jacob was so depressed that he began to doubt whether he was Timothy's biological brother or not!

[Half an hour later in a villa.]

Jessica, who was asleep, was awakened by a loud knock. She slowly opened her eyes and became excited when she saw the unfamiliar scenery around her

She remembered that she was in a

hurry to get home but her nose and mouth were then covered by someone. She lost consciousness after that.

Was she... Kidnapped?

This idea was immediately given up by Jessica just a second after it appeared.

It couldn't be a kidnapping. After all, the decoration of this room was too classy.

Which gangster would let her stay in such a good room when kidnapping her.

Just as Jessica was about to get out of bed, the door of the room was opened.

She saw Timothy who was being so

anxious and a man and a woman she

11:47 AM

had never seen before behind him.

Timothy rushed straight to Jessica. "Are you okay?"

Jessica shook her head. However, Jacob was unpleasant before she could say something

“What do you mean by asking her if she is okay? You seemed to mean that mom and I tortured your woman. Let me tell you, Timothy, if I wanted to torture her, you probably wouldn’t be able to find your woman by now.”

Jacob looked as if he was humiliated but Jessica found the keyword in what he said.

The man and woman in front of her couldn’t be Timothy’s mother and brother, could they?

Timothy’s face was still frighteningly dark but Jacob ignored his brother’s murderous gaze and smiled at Jessica “Sister-in-law, I’m your husband’s younger brother, Jacob Landy.”

Maybe Jessica rarely heard of Timothy but Jacob was different.

Since Jessica entered the entertainment industry three years ago, the name “Jacob Landy” would have been on the trend every other week.

Why?

Because he was the most fickle of the rich second generation, he changed his date every now and then.

“Playboy Jacob Landy?” Jessica couldn’t believe it. She hoped that the man in front of her just had the same name as the young master of the Landy

Group.

Otherwise, if he was Timothy’s younger brother, wouldn’t Timothy be the young master of the Landy Group too?

“Jessica... I think you might have some prejudice against me. I’m not a playboy at all!” Jacob wanted to establish a good image in front of Jessica but he felt so depressed after hearing her description of him.

“Let’s go back.” Timothy glanced at Jacob and said to Jessica

Jessica nodded. However, after she got out of bed, the woman who had always been silent said.

“Timothy, as you didn’t come back often, why not eat at home tonight.” The woman’s face was full of expectation. After saying that she looked at Jessica. “After all, this is the first time my daughter-in-law has come. I’m afraid it’s not good for her to leave now, right?”

Jessica gently tugged at Timothy's arm and the man's look finally softened.

Although Timothy didn't say anything, the three people present knew that this man acquiesced.

"Then I'll ask the servant to prepare dinner and call you when it's prepared."

Timothy's mother Pamela seemed to be afraid that her son would go back on his word and quickly dragged Jacob out of the room.

In the huge room, only Jessica and Timothy were left.

Timothy didn't look well. Jessica poked the man on the cheek and asked tentatively, "Are you angry with me? If you don't want to stay, we'll leave now."

Jessica had now confirmed Timothy's identity.

He was the eldest young master of the Landy Group. The true favored son of heaven and the dragon among the ordinary people.

However, since he didn't want to come

back and even hide everything. Jessica knew that something he couldn't let go of must have happened.

"I'm not angry. I just came back to this place after three years and felt very strange."

If he could choose, Timothy would never step into this place again. It would only remind him of those painful things.

"If you have any questions, just go ahead."

Timothy lay on the bed that Jessica had been lying on not long ago with his hands behind his head. Then his look fell on the ceiling.

"Before I came here, there were a lot of

questions. I wanted to ask you. However, I suddenly didn't want to ask anything after I came here."

Jessica lay next to Timothy. Although she did not know what had happened to Timothy, she knew that it was definitely not a good thing.

She couldn't tear the man's wound open again just to satisfy her curiosity.

Timothy rolled over and pressed against Jessica

He held the woman's cheek in his big palm and said, "No matter what happened to me, it's over. Jessica, what I want is your present and future. What about you?"

Jessica wanted to take the big palm off

her face but her hand was held by him.

The man put her hand on his lips and kissed it. Jessica's body trembled slightly.

She didn't answer him. She was slowly falling in love with Timothy.

"L. I... Uh..."

Before Jessica could finish her sentence, she didn't expect Timothy would kiss her on her lips directly.

The man imprisoned her hands on both sides of her head and then kissed her without stopping.

Jessica's head went blank from the kiss and even her breathing became disordered.

"Promise me that no matter what happens in the future, you are my wife and I am your husband. We will live our whole lives together."

Timothy seemed to be afraid of something and spoke in a hurry.

Jessica could only calm the man down. "Well, we're husband and wife."

After she finished speaking, her lips were kissed by him again.

This time, Timothy vaguely wanted to have sex with Jessica in this room.

However, he was stopped by Jessica

finally

"Not here... We'll continue when we

get back tonight"

Jessica didn't want to be eaten up by him in such a new environment.

She couldn't put her heart and soul into it here. Moreover, she remembered that the door of this room was not locked and someone might come in at any time.

"Okay."

Even when he was about to go crazy at this moment, Timothy stopped in time.

He reluctantly let go of Jessica and turned to take a shower in the bathroom to calm himself down.

Jessica was a little happy when she saw the bathroom door closed.

A man who could stop at such an important moment must like her very much, right?

While Timothy was taking a shower in the bathroom, Jessica began to take a careful look at the decoration in this

room.

Judging from the decoration style and furnishings, Jessica guessed that it should be Timothy's bedroom.

This man had always liked the simple style and the style of this room was exactly simple and imposing.

There was a photo on the bedside

table.

The photo was facing down. Jessica

put it in the right manner.

This was a photo of the whole family, including five people in it.

They were Timothy's mother, Jacob, Timothy, a strange girl, and Timothy's father from left to right.

Who was this girl?

Jessica's look fell on the girl in the

photo who was smiling sweetly at the camera. She might only be in her teens when she took this photo but she was

really good-looking.

Of course, Jessica had no idea how much damage this good-looking girl would bring to her life with Timothy in the future.

Jessica put away the photos and stayed in the room waiting for Timothy to come out.

About ten minutes later, Timothy, who had finally extinguished the fire in his body, opened the door.

The man's look fell first on the photo on the bedside table, which was set in the right way, and then his look instantly became sharp.

"Are you done?" Jessica did not notice the strange look in the man's eyes and she couldn't feel his emotion in his tone.

"Well, I'm done. Let's go down and have the meal."

Jessica nodded and followed Timothy downstairs.

When the couple came downstairs, the servants had already put the bowls and chopsticks on the table.

"Come on, Jessica, sit on mom's side," Pamela called her enthusiastically when she saw Jessica

Jessica took a look at Timothy and sat next to Pamela as she found that the man did not object.

"Auntie.." Jessica called politely.

"Auntie? You've already registered with Timothy. Call me mom in the future."

Pamela personally scooped a bowl of soup for Jessica. Jessica looked a little embarrassed but still said awkwardly. "Mom."

As soon as Jessica called her, Pamela took out a red envelope from her pocket and handed it to her. Her look was full of relief. "It sounds so nice."

"Tsk, tsk tsk, tsk tsk, my dear mommy, you're really discriminating. Didn't you chase my brother's woman away last time..." Jacob wanted to say something more but Pamela's look was like a knife flying to him. He immediately lowered his head and had the soup.

confused.

Jessica was

"Discriminating?"
