Chapter 21 Don't Be Nervous

The place that Timothy took Jessica to was a furniture store.

As soon as the car stopped, Jessica asked, "Why did you bring me here?"

"To decorate our home." After Timothy finished, he led her inside.

Jessica dwelled on Timothy's words.

Our home...

He said our home...

Her previous home was destroyed, so God sent this man to give her another home?

Jessica could only see half of Timothy's

face. Unlike Simon's gentleness and modesty, Timothy exuded firmness and reliability.

His features were more delicate than Simon's, but his temperament was distant and indifferent.

It was a kind of calm beauty precipitated by time. Simon was no match for him at all.

Jessica's heart beat faster. She doubted her own judgment now. Three years ago, why did she fall in love with Simon?

"How about buying a quilt package? Which one would you like?" Timothy did not notice Jessica's heart fluttering. He only turned back after he received

no reply.

Seeing the woman behind her in a daze, he was angry and amused. He couldn't help but pinch her nose. "Stop being absent-minded."

Jessica recovered from her thoughts, seeing Timothy and the store owner looking at her with a half-smile. Instantly, she felt embarrassed.

She hid behind Timothy, avoiding the boss's gaze.

“What are you doing?” Timothy said with a warm smile. “You haven’t picked your favorite one yet.” He was in a good mood.

Seeing this, the boss also teased, “You will need to keep an eye on your cute wife while walking. If she bumps into

someone else’s arms and gets hurt, he won’t give her back to you.”

Jessica really wanted to find a crack to hide. She glanced at those quilts, picked one hastily, and then dragged Timothy away.

She was no longer a young girl who had just experienced her first love. But damn it, because of Timothy, she got this feeling again.

Timothy led Jessica walking around, and they bought some other stuff. They spent the whole morning shopping and the entire afternoon decorating their home. After that, Jessica was so exhausted that she collapsed on Timothy’s soft big bed.

Timothy’s apartment was in a modern

TIL

style and looked a little plain.

Blue was Jessica’s favorite color. In today’s purchase, most of the things they bought were blue.

After some modifications, it looked warm and cozy now.

Timothy also fell beside Jessica. They looked at the ceiling at the same time. Jessica asked, “Timothy, regarding the video thing yesterday and the affair of

YH Entertainment, you are involved in both of them aren’t you?”

Timothy neither denied nor admitted it. Jessica continued, “I’m so curious about your true identity. Can you tell

me?”

Debt collectors would never be able to

do such a thing. Jessica guessed that Timothy was far more influential than

the CEO of YH Entertainment.

And according to this man’s temperament, although he lived like an average person, he didn’t have that kind of disposition.

He looked ordinary but not mediocre. He always exuded a sense of nobility and pride, and such a temperament would never be fostered by an average family.

Timothy turned over and pressed against Jessica

Their foreheads were against each other, and they could only see each other's eyes.

Jessica wanted to avoid such intimate behavior, but her legs were fixed and her hands were restrained.

"Do you want to know?" Timothy gently rubbed the tip of his nose against Jessica's nose, moving left and right.

Jessica immediately had goosebumps all over her body.

She nodded obediently. "Yes, I want to know."

Timothy kissed Jessica's lips and replied, "Jessica, I'll tell you at the right time. I can't tell you now, but trust me, I

will never hurt you."

After Timothy finished, he gently kissed Jessica's lips again.

Jessica's eyes widened. She looked at the man who was kissing her, and her eyes turned blurred as if she had been captivated by Timothy.

She didn't know how to respond and could only stare blankly at Timothy.

While Jessica was in a daze, Timothy opened his mouth with an evil look and bit Jessica's lips gently. His strength

was well controlled. Although Jessica's lips were not broken, she felt hurt very much.

"Timothy Landy... Why did you bite me?"

Jessica reached out and wanted to

push Timothy away. She was really not used to such intimacy.

“When you kiss me, you are not allowed to think about other things.”

Timothy’s voice was hoarse and soft. “Jessica, close your eyes. Don’t be nervous. I’m your husband.”

“But... But...” Jessica wanted to say something more. As soon as she opened her mouth, Timothy’s tongue came in and made her thrilled.

Kissing was very strange to Jessica. Although she had been dating Simon for three years, the most intimate thing between them was Simon kissing her

forehead.

Jessica could not tell whether Timothy’s kissing skills were good or not. She only knew that once this man touched her, her body would become

as soft as water.

The man’s big palm slowly moved down along Jessica’s back.

After meeting Jessica, all his reason fell

apart.

Although he knew that Jessica was not ready yet, he did not want to let her go.

In this world, there was a kind of love called “You had me at hello”.

He had the urge to live with Jessica forever at his first glance at her.

Jessica felt a chill coming over her, and then she realized that her clothes had been unbuttoned.

“Timothy... I’m scared...”

Jessica grabbed the bedsheet with both hands. Although they had already had sex before, it was the first time

they were turned on while they were

utterly sober.

It was even more dangerous than last

night.

Timothy smiled. "We'll have to face it sooner or later, Jessica. *We're* already married."

After that, he didn't want to care about Jessica's thoughts anymore but lowered his head and kissed her firmly.

This time, he kissed her even more fiercely, and his breathing was in disorder.

Jessica could feel the heaving of his chest, and not only that, the strength of his hands on her waist increased.

Jessica vacillated and didn't feel uncomfortable like last night.

It seemed normal for couples to do

this.

In the end, Jessica said in a mosquito like low voice, "You must do it gently. Don't make me hurt like that night. I can't stand the pain."

Jessica's face was so red that it was about to bleed, while Timothy's eyes lit up because of her words.

"No problems at all." His tone was like aged wine, intoxicating.

After Timothy finished speaking, Jessica closed her eyes and handed herself to the man

But at this moment, a sound of knocking arose over the door.

Jessica, who had just made up her mind, was startled. She quivered and

somehow pushed Timothy directly off

the bed.

"Someone...someone knocked on the door." Jessica tidied up her clothes in a panic, feeling embarrassed as if she was caught in bed with a man.

Timothy's vision gradually became clear, and he turned sullen immediately.

He suppressed his killing intent and

walked towards the door.

“Mr. Landy, we just had another business deal. It’s rather good. The client gave us...” Ray reached out four fingers while speaking. But when he felt the strong killing intent, his excited tone immediately disappeared, “I didn’t do anything wrong, did I?”

As Ray spoke, he looked around and smelt a faint fragrance in the air.

As soon as Ray saw Jessica’s legs, his expression changed drastically.

“Mr. Landy, I’m sorry. I didn’t mean to disturb you doing this.. I came here because I was too excited. I’ll get out of here now. I am really sorry.”

Ray turned around and wanted to

leave, but Timothy stopped him.

“What are you thinking? She is my

wife.”

“Your wife?” Ray was surprised, but

Timothy walked back into the room.

Ray looked over and suddenly realized

who Timothy’s “wife” was.

Instantly, he was shocked, as if lightning had struck him.

“Damn, Mr. Landy, am I blind?”

“Do you want to come in and talk to her?” Timothy looked indifferent, and Ray hastily shook his head.

“No, no, no. I am so sorry for what I have done. I’ll leave now.”

The flirtatious atmosphere in the room was messed up by Ray, leaving only

embarrassment.

Jessica, who sat by the bed, could not

help but shrink back while seeing

Timothy walking towards her.

"... I'm a little hungry. I'm going to cook some noodles." When Timothy walked up to Jessica, she ran to the kitchen as

if she was a cat that had encountered a

mouse.

Seeing her fleeing. Timothy was angry but amused. Sure enough, he had scared her.

Jessica made two bowls of noodles, and they sat at the table to eat.

She hadn't cooked for a long time. While she was enjoying the dinner, Simon called her.

"Jessica, are you really going to compete with Louise for company resources? Regarding the thing that happened yesterday, I know it's our fault. But you can't be so willful. Louise has already paid the price. I heard from her that you signed the contract with YH Entertainment. You're not suitable for working in the entertainment industry at all. Why do you have to be so impulsive? Just terminate your contract. I'll pay the termination fee. Listen to me, and we'll all be better off."

On the phone, Simon's tone was

gloomy.

"It's not up to you. If you call me

because of this, I'll hang up."

Jessica hung up on Simon mercilessly. She found him too annoying

Simon called a few more times, and, in the end, Jessica blocked his number.

Timothy saw everything but didn't utter a word.

Simon said that his woman was not suitable for working in the entertainment industry, but he wanted to see who would dare to say the woman that he wanted to make a star was not capable.

After dinner, Jessica leaned on the sofa

and played on her phone.

She didn't answer Simon's call, but it

didn't stop Simon from making her take the blame for Louise.

Louise's operating team stated that

yesterday's video was post-synthesis. Everything was set up by Jessica as she wanted to drag Louise down. The reason why Jessica wanted to do that was very simple. Jessica signed a contract with YH Entertainment and stole the female lead of big-budget production.

As soon as this statement was

released, Jessica was scolded severely by Louise's crazy fans on Twitter.

Just then, Mrs. Kimi sent a message to

Jessica saying that the paparazzi who

followed Simon and Louise had caught

them entering a hotel.

Chapter 22 One Problem After

After Jessica replied, "Follow the plan,"

a meaningful smile appeared on her

face.

Simon Capen, I was looking forward to seeing how long you could protect

Louise.

Now, Simon and Louise were in a hotel

room.

Louise was wearing a sexy nightgown. She had not been pregnant for long, and her curvy body type was so attractive.

She sat on Simon's lap and said with affectionate eyes, "Simon, you will help me, won't you?"

“Your father will convince Jessica himself tomorrow. Behave yourself these days and don’t provoke her.”

Too many things had happened in the past two days, and Simon felt very tired. He was even bored when he looked at Louis who was in front of

him.

If she hadn’t been pregnant with his child and the money-spinner of TY Group, Simon would have kicked her

away. She was so annoying.

“I know. I won’t make such a mistake again. I’m sorry, Simon. I’ll make it up to you tonight. You can play whatever you

want.”

After Louise finished speaking, she put Simon’s hand on her chest and lightly

pressed his hand.

Simon’s agitated expression disappeared and a trace of evilness glinted in his eyes. He reached out his

hand towards her body without

showing any pity.

If it weren’t for the sound insulation of the hotel room, Louise’s voice would have been heard by the people on several streets away.

When they were indulging themselves in that unreserved fire, the door was suddenly kicked open.

A large group of people rushed in, and “Click” sounded everywhere in the

room.

“Ah.” The sudden change made Louise,

who was immersed in joy, immediately push Simon away and wrap herself in a

sheet.

After rolling around on the bed, Simon saw that the room was full of reporters.

The two persons, who enjoyed themselves in making sex just now, were now completely in a daze and saw the reporters shooting them without struggling

That night, the photos of the CEO of

TY Group and the contract actor of TY, Louise gained much attention on the Internet

At the same time, the fact that Simon was Jessica's boyfriend and Louise was Jessica's best friend was also revealed.

Overnight, Louise became the green tea bitch that everyone was denouncing, Simon was called a scumbag.

Usually, there were a lot of curses in the posts about scumbags and bitches.

The calmest one was Jessica. After browsing through a comment that insulted Simon and Louis, she put down her phone and went to sleep.

This was just the beginning!

Louise, who had not slept all night, sat in the living room of the Sandgren family's house. Priscilla had been trying to pull some strings to deal with Louise's accident

But it still couldn't save Louise.

Several of the brands that Louise endorsed had announced to end the cooperations with her, and some directors of the films which she hadn't filmed yet didn't want her.

Eudora and Brant sat on the sofa, both looking unhappy.

"How do you and Simon think? Why are you still making such big trouble when you're pregnant? There are so many rooms in our house. Why are you

going to the hotel?" Eudora was angry. She had planned everything well for her life, but now, everything was ruined.

"Mom, I know I am wrong. I didn't expect things to be so serious. What

should I do?" Louise's head was in a mess and she couldn't think of anything. The room was fully heated, but she was still trembling.

"Even you know you are wrong and make an apology. It is useless!"

Eudora's face was filled with hatred.

"Since this thing has taken place, no matter how much you scold her, it

won't change the truth. Besides, Louise is pregnant" Brant felt sorry for her daughter.

"Brant, Louise is still young. She can't be destroyed like this. You have to find a way to save her." Eudora cried. She could only put all her hopes on Brant

now.

Brant frowned deeply, thinking about

what to do to minimize the loss.

"I have a way." Just as everyone was at a loss, Louise's agent Priscilla spoke.

"What way?" Louise asked first.

"If Jessica carries the can, the loss will be less." Priscilla began to tell everyone about her plan with evilness glinting in

her eyes.

Now Jessica was in the filming location.

As a newcomer, Jessica just followed Mrs. Kimi in. Because of her coming, many people turned their eyes to

them.

"Look, that's Jessica Sandgren, framing her best friend to get the role."

"No, I remember that her best friend

had an affair with her boyfriend!"

"Anyway, she can get the director to replace Louise directly, proving that she has a privileged background. Look at her coquettish appearance. I don't know how many men she has slept

with."

A few actresses were whispering, and their eyes on Jessica were filled with jealousy.

In the past, Mrs. Kimi would have a fight with them, but now she was standing next to Jessica and asked in a low voice, "Jessica, tell me the truth. What have you been hiding from me recently?"

Jessica, who was eating breakfast, seemingly didn't care about that. "I just got married recently. I didn't do anything else."

"Haven't you slept with the C-levels of the YH Group?"

"No."

"Haven't you provoked the C-levels of the YH Group?"

"No."

"You didn't do anything. Then why did you become the leading actress in this series?"

"Probably because my husband has big power." Jessica was absolutely telling the truth.

Mrs. Kimi felt Timothy was not an ordinary person when she saw him yesterday, so she gossiped, "Then who is he?"

Jessica: "I don't know either."

1 ITE

Mrs. Kimi was speechless.

After Jessica stayed on the set for a while, the director personally walked up to her and gave her the script for the play.

"Jessica, work hard. I'm very optimistic about you. You just need to familiarize yourself with the environment in the morning and speculate more about the character. You don't have to do anything else for the time being."

The director patted Jessica on the

shoulder and looked at the beautiful woman in front of him. She had delicate features and pride emanated

from her. This was the perfect chief actress in his mind.

But Louise was just outwardly attractive but worthless.

"I see. Thank you, Mr. Dartt."

Jessica took the script, and the others were filming. She sat aside and read the script.

Mrs. Kimi couldn't stay by Jessica's side all the time because she was also in charge of other actors.

Jessica found a suitable place, lay down, and started reading.

This drama was called The Story in Concubine. It was about the love and hatred between the killer who was in the 21st century but traveled to the Qing Dynasty and the princes.

The hostess was gorgeous but arrogant and stubborn.

As Jessica read the story, she tried to bring herself into the role.

But when she hadn't read for half an hour, she heard some sound in the corner.

"Be careful... Someone may find us."

"How can they find us? The rest of the crew are filming. Don't you like excitement? It's better to be found out and let others see you, you bitch."

Jessica between

heard them

the

and

conversation immediately

understood.

She just wanted to find a quiet place to read the script, but she didn't expect to bump into such a thing,

Jessica coughed awkwardly and said towards the direction of the open door, "Can you keep your voice down?"

Almost as soon as Jessica finished speaking, there was no sound in the

room.

After a few seconds, a blushing woman ran out and tidied up her clothes as she ran.

Perhaps because she was too shy, this woman didn't even look at Jessica.

Jessica glanced at the woman's back and continued to read the script.

However, before she could finish a page, the script in her hand was taken away. A large shadow fell on the chair where she was sitting

Jessica quickly looked up and saw a handsome man putting his hands on both sides of the chair and looking at her with a half-smile. "You ruined a good thing for me."

The man had affectionate eyes and a pleasant voice.

"If it weren't for your loud voices, I wouldn't have done that."

Jessica shrugged with an indifferent expression. "Give me back the script. I want to continue reading."

"It's so boring to read the script. Shall we do something happy?" The man reached out and pinched Jessica's chin. He deliberately approached Jessica when he spoke. The distance between the two of them was very close, as if they were going to kiss each other.

"I don't like second-hand goods." Just as Jessica was about to push the man away, a scream came from afar.

"Justin Capen, you're flirting with other women behind my back again!"

Jessica pushed the man away in disgust and Justin's face was filled with irritation.

"Flirting with others is my freedom. It's none of your business. Doris, why are you so annoying?"

Justin's face was filled with madness as if he was about to go crazy.

"You are such a vixen and are seducing

Justin, aren't you? I have to deal with you today, vixen. Let's see if you dare seduce him again."

The woman named Doris grabbed one

of Jessica's hands and raised the other to slap Jessica's face.

Jessica reacted quickly and stopped her. "Miss Wellons, you seem to have misunderstood something. I'm not the

one who has an affair with your man."

After Jessica finished speaking, she pushed Doris away.

Although she had not been in the entertainment circle for a long time, Doris and Justin were not unfamiliar

names.

One was the unruly and willful daughter of the Wellons family, and the other was a teen idol.

Doris had always liked Justin since his debut, while Justin changed girlfriends like clothes.

The second lead actress was Doris, and the first lead actor was Justin.

Doris, who was pushed away by Jessica, was furious. "Only when you take off your clothes can be called as

having an affair? If I don't come, you'll kiss him, you bitch!"

Doris didn't believe Jessica's words. She only believed her eyes.

"Don't embarrass yourself here." Justin pulled Doris away and Jessica rubbed his temples. Only on the first day of filming, she came across such a thing, feeling that life would not be peaceful in the future.

"It seems that Mrs. Landy is very charming." Just as Jessica was about to pick up the script and continue reading, she heard Timothy's voice.

She quickly turned around and saw him holding a lunchbox in his hand.

"Why are you here?"

"Just as I finished my work, I thought that Mrs. Landy hadn't eaten yet, so I came over." After Timothy finished speaking, he put the lunchbox on the table. Jessica was shocked to see the words "Y Restaurant" written on the bag of the lunchbox

Y Restaurant's lunchboxes were well known hard to buy. She had only eaten them once, five or six years ago.

"Eat quickly. It won't taste good if it's cold." Timothy urged.

Jessica nodded. Just then, she heard Simon's voice. "Jessica--"

Chapter 23 Was He The Right

Jessica was startled, while Timothy raised his eyebrows and looked sharply at Simon.

Simon directly regarded Timothy as a member of the crew and did not even look at him.

Instead, he looked anxiously at Jessica and held her hand tightly, his eyes full of self-accusation. "Louise and I are definitely not like what the media reported. We were drugged, so we did such a bastard thing last night. Someone must have deliberately set us up. After drugging us, they bribed the reporters to kill TY Group."

"Simon, do you think I'm a three-year REDMI NOTE 9S AI QUAD CAMERA

old kid?" Jessica was so disgusted with Simon.

Drugged?

Did he think he was qualified?

"It's true, Jessica. Have I ever lied to you? Last night."

Snap

Before Simon could finish his sentence, a loud slap fell on his face.

It was Jessica who slapped Simon hard on the cheek. Just listening to the sound was enough to make one feel that it must hurt.

“Simon Capen, this slap is for Louise taking the blame for you all these

years.”

Jessica shook her aching hand and gave him another loud slap.

“This slap is for my worthless genuineness all these years. From now on, I, Jessica Sandgren, will break up with you.”

If one was shameless, he would be invincible. Jessica looked at Simon’s face and felt disgusted.

Timothy’s gloomy eyes fell on Simon. It seemed that the pressure on TY was still too small, so Simon had the time to come to Jessica

“If beating me makes you feel better, then beat me to death. I’m just begging you to save TY, Jessica. As long as you

11:39 AM

help me through this, I can marry you!”

Simon hugged Jessica around her waist directly, showing a tendency to not let her go if Jessica did not agree to help him.

“Simon, let me go!” Jessica was not as strong as Simon, and no matter how hard she struggled, it was useless.

Just as Jessica didn’t know what to do, she didn’t expect her tightly held waist to be loosened and Simon’s body flew out.

It was Timothy who beat Simon up.

He picked up Simon’s collar, punched him in the face, and kicked him in the belly.

The gentle and weak Simon was no match for Timothy. He was beaten black and blue and had no strength to fight back.

"Who... Who are you?" Simon covered his bleeding nose and looked frightened, "Jessica, call the security."

"You are not qualified to know." After Timothy finished speaking, he punched Simon again. Simon's eyes dulled and he lost consciousness.

"It's too noisy here. Let's go to a quiet place to eat." Timothy glanced at Simon coldly, then took Jessica somewhere else.

Jessica looked at Simon, who was lying motionless on the ground, and said, "You shouldn't have beaten him."

Timothy chuckled and continued walking

At the same time, in a tall building of

the crew.

Jesse was holding binoculars in his hands and his face was full of excitement.

"Second Young Master, I think I saw First Young Master:" Jacob, who was sitting on the sofa watching the live streaming of beautiful girls, heard what Jesse said and immediately

threw his phone aside.

"Where?" Jacob took the binoculars away and looked around.

"He's in the pavilion downstairs."

"Damn, it is him." Jacob was so excited that he ran downstairs with the binoculars in his hand. He had been looking for his big brother for three years. This time, he must not let him run away again.

"Timothy, how did you get the lunchbox of the Young? I heard that even money can't buy this."

Jessica, who had only eaten a little bread, was very hungry at the moment. She chewed on the food in her mouth with a pleasant look on her face.

"Maybe I'm lucky." Timothy watched Jessica gobble it up, and his cold features softened. "Did you do that last night?" Timothy asked.

Jessica nodded, "Why ask? Did I do something wrong?"

"Judging from Simon's performance today, your method of killing the enemy by one thousand and self destructing by eight hundred needs to be improved." Timothy pinched Jessica's nose and made a pertinent comment

"Anyway, I won't help them take the blame."

"The best way to defeat the enemy is to let them fight against each other,

and you reap the benefits from it." Timothy taught Jessica step by step to use means.

"You have a better plan?" Jessica asked.

Timothy smiled cunningly and said to Jessica, "Whether you can know depends on your performance tonight."

Jessica almost choked on the food she was eating because of the man's sudden change of topic, "Hoo-li-gan!"

After that, she lowered her head and ate violently. Timothy smiled coolly, but two figures appeared in his sight.

The smile on his face froze. After saying "I'm going to the bathroom" to

Jessica didn't feel anything. She told Timothy vaguely that the bathroom was on the left and continued to eat

A minute later in a secluded corner.

Timothy leaned against the corner, and a meter away from him there was Jacob, who wanted to give him a hug.

"Timothy, I finally found you." Jacob's eyes were filled with tears. Three years ago, his eldest brother ran away from home, and all the work under the Landy Group was left to him. Jacob lived in extreme misery every day,

Now that he had found his big brother, he must persuade him to go back.

"It seems that the dates they arranged for you are not many enough. There is still time to look for me." Timothy was holding a cigarette in his hand, and his tone was emotionless.

"You haven't been home for three years. Can you come back?" Jacob was shouting in his heart, "The company needs you!"

"Oh, is it fun to go back there?" After Timothy finished speaking, he left without looking back.

Of course, Jacob would not let Timothy go so easily and wanted to follow him, but before his legs could move, Timothy's threatening voice

came.

"If you want to be beaten up, just

Jacob and Jesse stopped at the same time and did not dare to follow him. They could only watch Timothy leave.

Jesse, you hurry up and think of a way to get my monster big brother back!"

Jacob pinched Jesse's arm like an ant on a hot pan.

Jesse's expression changed in pain, "Second... Second Young Master, can we calm down? First Young Master didn't let us follow him, but he didn't say that we could not follow that woman! We can start with the woman he just accompanied."

Jesse did not forget that in the binoculars, First Young Master pinched

Jacob perked up when he heard this. He looked at Timothy's back and felt happy in his heart, "My big brother, even brothers should keep careful accounts. Since you are unkind, don't blame me for using means."

After Jessica waited for Timothy for a while, Timothy called her and told her that he had something to deal with, so he left first.

After dinner, Jessica continued to read the script

She was not worried about Simon, who had been knocked unconscious by Timothy. After all, there was staff, and Simon would never have been lying

there all the time.

After familiarizing herself with the script all morning, Jessica basically grasped the heroine's character.

In the afternoon, they began filming.

Because of Louise, all the parts of the heroine have to be repeated.

When Jessica and Justin Capen were playing opposite, Doris was sitting next, and because of the farce this morning, her gaze that fell on Jessica seemed that she wanted to eat Jessica alive.

Justin, on the other hand, was not under any pressure at all. He was even happy when he was playing opposite with Jessica

"I didn't expect you to be Jessica Sandgren." Justin looked straight at Jessica, his eyes showing interest in her.

"What? Are you curious about me?" Jessica was not very interested in a playboy like him.

"Not before, but now I am." Justin said bluntly, "Jessica, do you have time after the filming?"

Hearing the director calling out "cut," Jessica pushed Justin away and gave him a disdainful look.

She felt that Timothy was more than a little better than these men.

Throughout the afternoon, Jessica was

not only playing opposite with Justin but also being harassed by Doris from time to time. She really had a full afternoon.

After the work was done, Jessica stopped a taxi and went home.

What she didn't know was that as soon as she got into the taxi, a luxury car followed closely behind her.

As soon as Jessica opened the door, she found there was a faint smell of alcohol in the air.

Timothy sat alone at the mini bar in the apartment and drank. He was watching the red liquid in the glass. Maybe he was lost in thought, he didn't even notice that Jessica was back.

"What are you thinking?" Jessica walked to Timothy and sat down. Her voice was gentle and comfortable.

Timothy, who came back to his senses, put down the glass in his hand, took the woman beside him into his arms, and kissed her.

Jessica was already used to Timothy's kiss without any warning.

She leaned against Timothy, allowing this man to take whatever he wanted from her

After spending so much time together, she felt at ease with Timothy.

It was a sense of security that Simon could not give her, as if a ship that had been drifting for many years had finally

seen a lighthouse.

"I wonder when you can really become

my wife."

Hearing this, Jessica's heart skipped a beat, "Do you really... fall in love with me at first sight?"

She thought that she had already fallen into his hands, or else she wouldn't have asked again and again.

The answer to Jessica's question was another kiss from Timothy.

Being afraid that she would fall, Jessica held the man's shoulder with both hands and responded to his kiss seriously.

During the time when their lips and

him.

All of this happened in just a few dozen seconds.

A big palm had already reached under Jessica's clothes from the lower hem, and the thin calluses on his hands gently scratched the flesh on Jessica's waist, which made her itching.

Chapter 24 Wrong Guess

"Timothy, how much wine did you drink?" Jessica flushed while she looked at Timothy's honey-colored pectoral muscles. Then she shyly looked to the other side.

"Guess how much I drank."

"Half a bottle?"

Timothy kissed her. "Guess again."

"A bottle?"

Timothy kissed her again. "Continue."

Jessica was furious. If she couldn't guess out, would he keep kissing her?

Seeing the woman puff up her cheeks

and look tsundere, Timothy got up from Jessica and held her steady.

"Jessica, if my family would bring you unhappiness or even danger, would you divorce me?"

Timothy hugged Jessica. He had been away from the family for three years. However, he knew that he would go back in the end.

However, Jessica was an accident in his life. He didn't want this woman to face everything he despised with him.

Jessica did not expect him to suddenly say this and looked a little nervous. "Timothy, it is you who married me, not your family. You beat up Simon for me and helped me a lot. If it weren't for you, it wouldn't be so easy for me to

retaliate against Simon and the others. You don't even despise me. Why would I divorce you because of your family?"

Jessica held Timothy's hand. She didn't know why he said this but she was willing to go through all the difficulties with him.

"I really want to press you on the bed right now."

Timothy leaned closer to Jessica's ear. His sexy voice made her ears almost numb.

Jessica seemed to have made a big decision and her look fell on Timothy's body. "If you want, you can..."

Even Jessica could hardly hear her last words.

11:40 AM

CO AI QUAD CAMERA

REDMI NOTE 9S

It was so embarrassing. She had lived for more than 20 years and it was the first time she had said such explicit words to a man.

Timothy looked at Jessica while she was about to poke her chin into her chest.

"In that case, how are you going to film tomorrow?"

"You said as if you have the energy to insist a whole night."

"Try it, huh?" The dignity of a man was not to be trampled on, especially in that respect. Before Jessica could realize what happened, her body was instantly held up. Timothy carried her directly to the bed and then covered

her with his strong body.

The man's movements were unusually fierce this time, making Jessica so dizzy from the kiss.

She didn't even know when her clothes were taken off.

The temperature in the room soared and it seemed like their late wedding night.

Outside the apartment, two sneaky figures kept swaying at the door.

Jacob took off the mask on his face and sighed while looking at the apartment in front of him, "Tsk, tsk, tsk, the eldest young master of the Landy Group actually lives in such a place. It's so embarrassing for us to mention."

11:41 AM

Jesse, who was standing next to Jacob. said enviously. "The First Young Master is really capable. He came out of the family penniless and bought a house in only three years. He is my idol."

Jacob gave Jesse a kick. "Bullshit. Call Mrs. Landy and tell her everything about my brother."

Jesse showed an embarrassing expression and shook his head like a rattle drum. "Second Young Master, call yourself if you want to. If I call rs. Landy, First Young Master will kill me."

Jacob said with a fake smile, "If you don't, I'll kill you right now."

In the end, Jesse could only take out his REDMI NOTE 9S AI QUAD CAMERA

phone as if it was doomed.

The next day, Jessica got up from the bed, rubbing her sore waist. Although Timothy, this timber wolf, did not torture her all night, he did it half a night!

Jessica was so angry that she kicked the one who was sleeping on the bed when she thought of how she begged for mercy and cried under Timothy last night.

He really didn't know how to control himself at all!

Timothy looked at Jessica, who was walking awkwardly with a half-smile, and said seemingly kindly, "Mrs. Landy, do you need me to serve you?"

11:41 AM

Hearing the word "serve." Jessica felt dizzy and her legs became even softer.

"No need!" Jessica felt so ill-affected. Maybe it would become another kind of service if he served her himself.

Jessica went to the washroom and began to wash up. Timothy also got up. He had no idea of sleeping if his wife was not on the bed.

Just as Timothy was about to walk into the washroom, his phone rang.

His face darkened in an instant when he looked at the caller's name.

Timothy glanced in the direction of the washroom and walked out of the

balcony.

"Mom, what's the matter?" The man's voice was low, revealing coldness and alienation.

"Do you still know that exist? Timothy, you've been away for three years. If Jesse hadn't called me last night, I wouldn't have known you were so close to us. It's been three years. Why not come back now? Mom really knew I was wrong about what happened back then. Besides, if you don't come back, the entire Landy Group may be taken away. It belongs to you and Jacob. I will never allow anyone else to take a share."

On the other end of the phone, the woman pleaded bitterly and there was even a vague sobbing tone.

The knuckles of Timothy's hand, which

"I'm not interested in the inheritance of the Landy Group at all"

"I know but are you willing to hand over the inheritance to someone else? If you inherit the Landy Group and donate the whole thing to charity someday, I won't say anything but the situation is different now. If the Landy Group is given to someone else, we are all losers. I have been trampled on by that person for so many years. Timothy, come back, please! I'm begging you now."

"I have something else to do. I'm hanging up." Timothy hung up the phone and turned it off. He took out a cigarette and bit it in his mouth. The

11:42 AM

blue light of the fire seemed to be extinguishing at any time in the morning fog. The smoke blurred the man's expression.

After Jessica washed up, she saw him leaning against the balcony and smoking.

His tall body bowed slightly and his long legs crossed which made him look unusually sinister.

"If you have something on your mind, you can tell me." Jessica walked to the back of Timothy and hugged him. Since last night, she had felt that something was wrong with this man.

Timothy put out the cigarette in his hand and turned around to hug Jessica.

Jessica put aside the unhappiness in the morning She didn't like to be emotional at work

However, to Jessica's surprise, Brant, Louise, and Simon appeared on the set early in the morning.

Simon was beaten badly yesterday. Although his good-looking face was not bruised and swollen, there were obvious traces of being beaten.

"Dad, why are you here?"

Jessica felt very strange while looking at the man she had called "dad" for more than 20 years.

"Jessica, it's okay if you don't answer Simon's phone but why don't you answer my phone?" Brant was finally

appear.

"Why should I answer the call from a cheating scumbag?" Jessica glanced at Simon coldly. Simon instantly lowered his head perhaps because he felt guilty.

"Simon told dad about this. He really did something wrong. Therefore, I brought these two bastards to apologize to you today."

"Do you think it's not embarrassing

enough?"

Jessica looked at the slowly gathering crowd and her tone became a little cold.

Brant coughed softly. "Shall we talk in the car?"

Jessica really wanted to leave without saying so much but she finally nodded stiffly when she thought of her current situation.

If she let go of such scumbags and bitches and those who killed her mother so easily, the punishment for them would be too lenient.

Therefore, Jessica got into the car with Brant

As soon as she got into the car, Louise grabbed Jessica's hand and tears fell down her face. "Jessica, I'm sorry. I'm really sorry. I really don't know what happened that night. Someone set me up with Simon. We went to the hospital for a checkup and there was a drastic remedy in our bodies. If you

don't believe me, I can show you the report. I really didn't expect this to happen.

"Dad, what do you want to say?" Jessica didn't even give Louise a look and looked straight at Brant.

"I know that you are very aggrieved as a victim and I'm also very angry after knowing this. No matter whether it was designed or not, Simon and Louise really did something wrong to you." Brant seemed to be really heartache for her but his words suddenly changed in the next second, "The two of them are hateful but there are other employees in the company who are innocent. We can't let the whole company pay for their mistakes. Our Sandgren family has also invested a lot of money in the TY Group. From

"So, dad, what exactly are you trying to say?" Jessica frowned slightly. It seemed that these people were trying to plot against her again.

Chapter 25 Take the Blame

"Jessica... Well, can you do it just one time for the Sandgren family and TY Company. Tell the media that you and Simon broke up a long time ago. Louise is

Simon's girlfriend now. And Simon didn't cheat on you. This is the only way to cut our losses."

When Brant had finished speaking, he looked at his daughter expectantly.

Jessica sneered, and her chest was heaving heavily. She said in a mocking tone, "How much blame have I taken for Louise and TY Company in the past three years? Are you used to letting me take the blame whenever bad things happen?"

11:42 AM

REDMI NOTE 9S AL QUAD CAMERA

How could they? Their shamelessness really crushed Jessica's brain.

"I'm sorry. I know I've made things difficult for you, but Jessica, the Sandgren family required the combined efforts of me and your mother. We can't be dragged down by TY Company." When saying these, Brant's expression was full of pain. "It's me, your father, who's useless. I didn't protect you well and made you suffer so much. I'm useless."

"I can clarify the relationship between me and Simon," Jessica said.

This made the three pairs of eyes in the car kindle.

"Jessica, if you help TY go through this REDMI crisis. we will get married." Simon said

in an excited tone. If it weren't for him sitting in the back of the car, he might have hugged Jessica directly.

"I'm not done yet." Jessica glanced at Simon coldly. "I can take the blame, but you have to give me 25% of TY'S shares."

"What?" Simon froze, and his dark eyes looked especially funny for the astonishment. "Jessica, did I just hear you right? 25% of TY?"

Is this some kind of joke? He only had 60% of the shares in his hands. If he gave it to Jessica, he would only have 35%. Although he still had the most shares, if someone wanted to buy his shares, his position as the CEO of TY Group might be shaken.

"Well, if you don't agree, forget it. I'm going to film now."

After Jessica finished speaking, she got out of the car.

In the past few years, she had done a lot for TY and even had more than half of the credit for Simon's position today. So it's not too much for her to ask for 25% of the shares.

If they wanted to plot against her and let her take the blame, they had to pay for it.

As soon as Jessica got out of the car and returned to her original seat, she found Justin sitting in her chair playing with his cell phone.

"Your boyfriend cheated on you and

Justin said in a playful tone, and he looked Jessica several times up and down.

Louise couldn't be compared with Jessica no matter in face or figure. Any man would choose Jessica at first glance.

Simon really had a unique taste.

"I told you, I don't play with second hand," Jessica said.

"I've been a movie star since I was young. Even if it's just a rumor, being with me is better than getting some

news with TY company, right? Jessica, are you blind? What's wrong with second-hand?" Justin was annoyed by Jessica's indifferent and arrogant attitude. His possessiveness raised suddenly.

He was curious about the day this woman was conquered and what would she look like.

"No, I preserve my moral integrity." Justin was totally despised by Jessica's words.

Was it so embarrassing to be with him?

In the morning, Jessica was palying with Doris.

Jessica did not think too much. On the contrary, Doris gazed at her jealously,

11:43 AM

just like her image in the script.

"Jessica, you vixen you seduced Justin again this morning, didn't you?"

Doris was so aggressive that every time she looked at Jessica, it was as if she was going to eat her alive.

"Spend more time with your man. If it were me, I wouldn't like women who are always suspicious." Jessica was holding the script and reciting the lines.

"Your... Your good time will come to an end soon." Doris hated the arrogance on Jessica the most, especially when she spoke gently and arrogantly. Because this would make her feel despised.

REDMI NOTE 9S AI QUAD CAMERA

Jessica ignored Doris's words directly.

11:43 AM

After a while, the shooting began.

Slap

A loud sound of slap surprised Jessica and the other people.

In this scene, the lead Actress, Jessica was going to be slapped by the second actress, Doris. Originally, the director planned to use misplaced photography, that is Doris could touch Jessica's face gently. And adopted post-processing to achieve the wanted effect.

Who knew that Doris would actually give Jessica a slap? "Bitch, who told you to seduce our elder brother!"

After Doris finished speaking, her eyes were filled with the joy of revenge.

"Stop, stop." the director called for a stop hurriedly. "Doris, what's wrong with you? Didn't I tell you to give a fake slap?"

Doris withdrew her hand which felt a little numb for the slap, "Director, how can a fake slap reach a realistic effect? As a qualified actress, I think it's better not to treat the audience as fools."

The other cast members began to whisper after her words.

"That's right. We don't even complain of the wind and rain. What's wrong with a slap?"

"Shush, keep your voice down. I heard she has a strong background"

"Money can do everything. Our entire

crew is here to play with her."

"Miss Wellons, please have a self reflection before criticizing other's acting skills." Kimi rushed to Jessica's side and examined her flushed face, feeling distressed and angry.

She just left for a while yesterday? Why did Jessica come cross Doris, such an unruly and willful young lady?

The Wellons family is a famous family with a long history, and the Sandgren family can't compare with it.

"Kimi, I'm fine." Jessica knew that if it weren't for her, Kimi wouldn't have talked to Doris like this.

11:43 AM

It didn't matter if she had a conflict with Doris. But if Kimi was hated by Doris, it's not good for all of her actresses.

"I also think that as a qualified actor, you can't treat the audience as fools." Jessica smiled.

So, in this scene, Jessica was slapped more than ten times by Doris. This scene could have been finished very quickly, but Doris caused all kinds of problems deliberately.

In the end, it was Justin, who was sitting by the side, couldn't stand it anymore. He rushed directly to Jessica and blocked Doris's falling hand.

"Enough, don't you think it's embarrassing enough? I have nothing

to do with Jessica, but you, Doris, acting like a jealous shrew. 1. Justin will never like you."

When saying these Justin's eyes were full of indifference, and he looked at Doris as if he had never known her before.

Doris watched in a daze as Justin took Jessica away.

She had punished no less than a dozen women who had been a little close to Justin.

But no matter how she punished those people, Justin would not say anything.

However, because of Jessica, Justin not only took a good poke at her on the spot but also insulted her with the

most vicious words.

Doris looked grimly in the direction where Jessica and Justin left and bit her lips tightly.

In the lounge.

Justin threw a box of medicine into Jessica's arms. When he saw her red and swollen cheeks, his tone turned angrily obviously. "Jessica, are you fucking stupid? Why did you let Doris tease you when you knew that she was on purpose."

Jessica was the most beautiful actress Justin had ever seen and was also the most stupid actress he had ever seen.

Jessica took the medicine and rubbed it on her face carefully. "I have suffered

11:43 AM

all this today because of you."

Jessica had explained her relationship with Justin for many times.

But Doris didn't believe it, so there was nothing she could do.

The anger on Justin's face subsided instantly. He glared at Jessica and left the lounge finally.

Kimi hurried in, grabbed the medicine from Jessica's hand, and helped her wipe it.

"Oh, my little girl, how did you get into trouble with Doris and Justin? I don't think you're taking the revenge route, but self-destruction route."

In the end, she could only say, "Jessica, you really good at getting into this kind of trouble."

"Why are you angry?"

"In order to make up for my mistake, I wonder if Mrs. Landy can give me a chance to atone tonight?"

"You... You want me to be unable to get out of bed again?" Hearing the word "Tonight," Jessica's legs went limp.

After leaving the set, Jessica went straight to the place that Timothy said on the phone.

It was a western restaurant with a good reputation. When Jessica arrived, Timothy was already sitting there waiting for her.
