

Chapter 4493

Claire seems to understand Charlie's feng shui theory.

Always feel as if there is a little bit of truth, but also feels it as if with a little bit of mystery.

However, she does not understand the things she does not know,

Most of the time it is with a little reverence, so did not raise any questions.

And on her side, Charlie, at this time, deep inside his heart he is a bit nervous and apprehensive.

He was not worried that he would be exposed in front of Grandpa's family at night,

But it was difficult to hold himself, with a feeling of being near them.

In his heart, although he had some complaints about what his grandfather's family had done back then,

But subconsciously, he still has blood feelings for his mother's side of the family.

Tonight, for the first time in more than 20 years, he will be so close to them,

And it is inevitable that he will be nervous.

Meanwhile, Charlie's grandparents, with several of their children,

Had arrived at the Anbang Building in Manhattan.

Taking the elevator all the way to the top floor of the Anbang Building,

Nicolas sighed and lamented to his wife and children around him,

“It would be nice if Margaret was still around

“She put so much effort into this building,”

“But after this building was really put into use, she hasn’t come once

The old lady hurriedly said, “You are recovering from a serious illness,”

“So don’t think about those sentimental things, and don’t forget what we came to New York for today.”

Nicolas asked with a bewildered face, “For what?”

The old lady said helplessly, “I just told you again in the car!”

“We came to New York today to see Charlie’s fiancée’s concert!”

“Oh

Nicolas nodded and said, “I remember to see the concert of Charlie’s fiancée!

After saying that, he looked at the old lady and asked,

“What about Charlie? Is he coming too?”

The old lady gave him a blank look and said, “Charlie hasn’t been found yet!”

Nicolas said resentfully, “I thought maybe my brain was not remembering well,”

“Charlie has come back, but I gave it a miss

The old lady sighed and said sadly, “It would be great if that were true.”

While talking, the elevator arrived at the top floor.

A group of children and grandchildren, surrounded by the two got out of the elevator.

As soon as the elevator came out of the top floor of the Anbang Building,

There was a lobby with floor-to-ceiling windows and at that moment,

One could even see large clouds floating by, not far from the windows.

This skyscraper, which was invested by Charlie’s mother back then,

Has a total height of 370 meters, surpassing the Chrysler Building and the Bank of America Building in New York,

The An family’s largest, best, and most expensive property in Manhattan.

Back then, Margaret insisted on investing heavily in the construction of the Anbang Building,

Mainly because she wanted to use such a landmark building to endorse her...

Insurance and financial business to which she attached great importance.

Therefore, at that time, she was only in her twenties and took the lead in establishing the Anbang Group,

Under which, in addition to this building, there is an insurance company, a financial company, and a commercial bank.

Insurance and finance are undoubtedly industries that require great trust,

And the fact that the An family built the multi-billion dollar,

Anbang Building in Manhattan is the best guarantee of credibility.

In this world, there are many insurance and financial companies,

But there are only a few insurance and financial companies that can build a skyscraper in Manhattan,

Where every inch of land is gold. And Anbang Group is one of them.

Although the An family started in Los Angeles but came out really big and strong,

From two other places, one of them is Silicon Valley, the other is New York.
