The Return of the God of War [The Protector]

Chapter 3614 - 3615

If you don't practice, how can you know that this practice method will go crazy?

If this continues, don't you have to expose Gong Qianqiu?

With Master's sense of smell, he would immediately doubt it.

So in order to protect Gong Qianqiu, Xiao Feng still didn't say anything.

Even if someone practiced this kung fu to the point of becoming insane and injured.

After all, in his mind, Gong Qianqiu is the most important.

Everyone else can only lean back.

However, Xiao Feng was still a little worried.

He didn't leave immediately, but hid and watched from a distance.

If anything happens, he can help.

Not completely ignored either.

Seeing this, he was a little stunned.

It seems that Levilia has taught Zoey Lopez their exercises for more than a day or two.

Zoey Lopez and others have been able to use this technique proficiently.

At least it has reached the proficiency used by Gong Qianqiu at that time.

Doesn't this mean that they are going to go crazy?

After Gong Qianqiu has practiced to this step, he has gone crazy.

They are in danger...

Xiao Feng immediately became nervous and stared at the field.

Zoey Lopez and the others started to practice using the exercises.

Time passed by minute by minute.

five minutes.

ten minutes.

half an hour...

No one had an accident, let alone go crazy!

Ok?

Not right!

When Qianqiu used this practice method, he had already gone crazy.

wrong!

Where is the problem?

Qianqiu himself said that this practice was too overbearing.

Only the physique of Levilia can cultivate.

Whoever cultivates will go into the devil's way.

Why are there not the slightest problems with the cultivation of Shi Niang and these people?

In terms of strength, they are not as good as Qianqiu.

Even compared with Qianqiu's spirit root spirit bone, it is far worse.

But why do they have nothing at all when they practice Levilia's exercises?

Are the exercises taught by Levilia different?

But he looked closely, and it was exactly the same in terms of operation and otherwise.

What part went wrong?

Is it just that Qianqiu has become obsessed with practice?

No one else will!

It shouldn't be.

Xiao Feng observed for a while.

Even some beginners practice Levilia's exercise method, and it is unimpeded, and there is no problem at all.

This is so wrong.

Shall I try it myself?

Since Gong Qianqiu went into flames and vomited blood that day, Xiao Feng left Levilia's practice behind and never practiced it again.

Now he couldn't help but have the idea of giving it a try.

Soon, he came to the place where he cultivated by himself.

Start running Levilia's exercises.

"Buzzing..."

For a time, the surrounding spiritual energy and the elements of heaven and earth were swallowed by him continuously.

Xiao Feng was very nervous and careful.

For fear of going crazy.

Soon he came to the link where Gong Qianqiu's practice had an accident.

He became more and more careful, for fear of an accident.

But what he didn't expect was that this link actually passed smoothly.

Go in a deeper direction.

Soon, Xiao Feng felt that everything in the world was gathering towards him.

He is the center of this world.

Absorbing the endless spiritual energy between heaven and earth.

Gradually discovered the mystery of Levilia Gongfa.

The techniques of qi refining he practiced were all aided.

And the law of the monarch is to own it.

In fact, Gong Qianqiu saw it thoroughly, that is, swallowing everything.

This method is not to absorb, but to swallow.

Just practicing the Levilia Gongfa for a while, Xiao Feng is improving wildly.

Xiao Feng is the most savvy and most talented among Levi Garrison's apprentices.

After running Levilia's exercises, it is even more powerful.

In just half an hour, Xiao Feng's strength has risen to a higher level.

Xiao Feng's face was full of disbelief.

I never thought that Levilia's practice was so mysterious, and it would not be as domineering as Gong Qianqiu said to make people go crazy.

"God! This..."

In order to make sure not to go crazy, Xiao Feng practiced several times in a row.

There are none.

"Could it be that Qianqiu lied to me in the first place?"

The Return of the God of War [The Protector] Chapter 3615

A terrible idea popped up involuntarily!

Xiao Feng himself was startled.

"Xiao Feng, what are you doing? You suspect Qianqiu?"

Xiao Feng blamed himself.

I can't help but think.

So many people have practiced without going crazy.

It's just that Gong Qianqiu can't do it after practicing?

You must know that Gong Qianqiu is stronger than them.

How can it go crazy?

And her way of exercise is not extreme, it is exactly what he is practicing now.

Exactly the same.

He didn't get carried away.

How could Gong Qianqiu?

Gong Qianqiu also said that this practice is extremely domineering, and whoever practices it goes crazy.

But he just practiced meditation.

Where is the domineering?

Not at all.

Of course, the speed of absorbing spiritual energy is indeed domineering!

Is it Gong Qianqiu's own problem or is she lying to herself at all?

Xiao Feng tried hard not to doubt Gong Qianqiu, but the idea came out involuntarily.

He couldn't control it at all.

Could it be that Gong Qianqiu wanted to practice this practice secretly, but was afraid that he would doubt it.

Therefore, he created a drama of going crazy and let himself know that only Levilia can practice this domineering technique.

I will never doubt that she will practice this technique again!

It is even possible that at the beginning, I suspected that the master was hiding secrets, and Levilia's practice was the technique of refining Qi, and all of this was guided by Gong Qianqiu.

The purpose is to obtain the exercises created by Levilia himself.

If this is the case, her purpose has been achieved.

From beginning to end, Gong Qianqiu just wanted to get Levilia's exercises.

These are all fake.

I was also intimidated.

I thought only Levilia could practice.

...

The more Xiao Feng wanted to put these thoughts behind him, the more he thought about it.

Like going crazy.

Can't doubt Qianqiu!

She is your woman!

How can you doubt her?

Xiao Feng, you are not human!

Xiao Feng blamed himself.

But these thoughts lingered in my mind.

He was going to despair.

The more he thought about it, the more he felt that Gong Qianqiu had deceived him.

right!

He set out to find evidence against this idea.

correct!

If Qianqiu really practiced Levilia's technique, then after so long, her strength should be at its peak.

But he almost met Qian Qiutian.

Although she has been getting stronger, she is still at a normal level.

It is far from the strength of a martial art like Levilia.

And Gong Qianqiu went crazy that day and it was true.

She doesn't lie.

Could it be so?

Can't the people from Zhen Mosi practice?

After all, what they have cultivated from the beginning is different.

The physique is not even the same.

They can't practice.

On the contrary, he and Zoey Lopez can do it!

Absolutely!

Another point, according to Gong Qianqiu he knew.

This is a very straightforward person.

If she really wanted to practice Levilia's exercises, she would tell herself bluntly.

Don't beat around the bush to do this kind of thing.

...

After some psychological struggle.

Xiao Feng finally convinced himself.

"Xiao Feng's family treats you like that, you are the most qualified to doubt them!"

"You should be the one who stood up to defend her when others doubted Qianqiu!"

Xiao Feng blamed himself fiercely.

Putting these thoughts aside, Xiao Feng began to practice.

Because of the re-running of Levilia's practice, he discovered a new continent.

He can get stronger.

Can catch up with Gong Qianqiu.

It can also contribute to the master, and even avenge the five Azure Dragon (Qinglong) people.

Too bad I didn't know.

Otherwise, if he had cultivated earlier, his current strength would have reached a very high level.

As a result, Xiao Feng was going to practice Levilia's exercises like a madman.

Just as he was cultivating vigorously, a voice came: "When did you learn Levilia's practice?"

This sound almost scared Xiao Feng to death.
