# The Return of the God of War [The Protector]

## Chapter 3621 - 3622

Throw it aside so openly?

Not quite logical.

Unless there is only one possibility – that the Tianshifu is overconfident and never thought that someone would find them.

But the chances are still small.

Judging from the behavior of this force during this period.

They are careful and control every detail.

Definitely not just throwing the corpses of the Three Saints of the North Pavilion outside.

This is most likely a problem.

Maybe it's a calamity!

And it's very likely.

He was still staring at the West Pavilion.

Look at it like this, throwing smoke bombs is to attract the attention of himself and Shen Tianjian.

Then this force must have taken action, and something must be brewing.

Absolutely!

Levi Garrison felt as if he had caught something.

But at the same time uncertain.

Just keep an eye on the West Pavilion.

Unlike Levi Garrison, Shentianjian discovered all clues by himself.

So they are unlikely to be suspicious.

Especially when the evidence is in front of you.

In addition, the inner should also be found.

Are they unbelieving?

“Next, everyone will focus on finding the whereabouts of the top ten talents and the four artifacts of the town hall! If it is them, I believe there will be an answer soon.”

“Remember, be stealthy. Don’t let them know we’re looking for them!”

“Before, we were all secretly searching outside, but this time we’re going to infiltrate the Tianshi Mansion!”

...

In order to be safe, Dugu Tuo personally selected personnel to search.

“If it is really the Tianshi Mansion, then we can unite with Levi Garrison and destroy the Tianshi Mansion first!”

Dugu Tuo has already begun to think about the follow-up.

“Ah? Joining with Levi Garrison? Will he agree?”

Everyone was shocked.

Dugu Tuo smiled: "You might as well know Levi Garrison better than me, although I have never had direct contact with him!"

"Levi Garrison is a person who can't tolerate sand in his eyes! If Tianshifu really calculated him like this, he would never agree!"

Others immediately said: "Yes, and Levi Garrison's sword was also stolen. If he finds it, he will never let it go."

"If we want to unite, it's still very easy! Even when Levi Garrison and Tianshifu will both suffer, we will take advantage of the fisherman!"

"That's true..."

Everyone reacted.

Gong Qianqiu's move is still brilliant.

It really diverted the attention of both parties.

Now she is quietly transplanting the root bone.

Everything is going well so far.

Gong Qianqiu's root bone has just been removed, and the new swallowing spirit root spirit bone is about to be transplanted to her body.

Xu Qingya and the others witnessed all this process.

Now has come to a critical stage.

The three of Xu Qingya only thought that at this time, Levi Garrison came to find it, or Gong Qianqiu failed to transplant the root bone!

Just as Gong Qianqiu said, God has always been on her side.

All luck is on her.

Levi Garrison didn't find it.

No accident happened.

Everything is going in a good direction.

Although the bone master is not involved in the root bone transplantation, you can visit the whole process.

It's like looking at art.

"Suppressing Demons! The Great Demon King is about to be born, and your catastrophe is coming! Hahaha..."

The Bone Master began to burst out laughing wildly.

Although Gong Qianqiu said hello in advance.

But Xiao Feng still wants to meet and talk with Gong Qianqiu all the time.

After all, his dependence on Gong Qianqiu is getting deeper and deeper.

He still couldn't hold back and contacted Gong Qianqiu directly.

But can't get in touch.

Gong Qianqiu never replied to him...

This is not right.

Could it be that something happened to Qianqiu?

Xiao Feng's first thought was this...

After all, the last time Gong Qianqiu contacted him, it looked very wrong.

As if something was going to happen.

Xiao Feng didn't care at that time.

Now that I'm thinking about it wrong, this may be an accident.

no!

I have to check it out!

Xiao Feng was worried, but when he was about to leave.

Gong Qianqiu came here to move, and used a special method to ask Xiao Feng what happened.

Xiao Feng immediately expressed all his worries and thoughts.

"Ho ho..."

Xiao Feng never thought that the person who contacted him on the opposite side was not Gong Qianqiu.

But a man!

It is also Chu Wu, Gong Qianqiu's most effective assistant.

He is now temporarily in charge of all other affairs of Gong Qianqiu.

He is absolutely loyal to Gong Qianqiu.

Hearing Xiao Feng express his thoughts of these, Chu Wu immediately laughed.

"Look at this licking dog! Tsk tsk..."

"I really thought Qianqiu could be with you? Stop dreaming!"

"I don't even dare to think about her, she will be a top powerhouse in the future!"

...

However, Chu Wu still imitated Gong Qianqiu's tone to communicate with Xiao Feng.

This was arranged in advance by Gong Qianqiu.

Let Chu Wu replace herself and communicate with the men she controls to prevent accidents.

And Xiao Feng is not the only one.

In the past half a day, Chu Wu has communicated with more than a hundred people.

One by one, they were all fascinated by Gong Qianqiu.

Therefore, Chu Wu's task is also very heavy.

However, Xiao Feng is the key target, so he naturally wants to communicate more and contact more.

He even had to go round and round to know some information about Levi Garrison.

Taking comfort from "Gong Qianqiu", Xiao Feng felt full of strength and continued to practice.

And Chu Wu came to comfort others...

Chu Wu was also a member of the West Pavilion.

He is also the son of Chu Changkong, the lord of the West Pavilion.

At his residence, no one else dared to approach.

Although the major factions have been secretly investigating recently.

But no one will find him here.

Finally, why Chu Wu willingly followed Gong Qianqiu, that is Gong Qianqiu's method.

At this moment, Levi Garrison is in the West Pavilion.

Conduct a secret search.

It came to Chu Wu's residence.

He found that this person was using a secret communication method of Zhen Mosi to communicate with outsiders.

In a short period of time, he was actually contacting dozens of people?

"Ok?"

This had to make Levi Garrison suspect.

Obviously, this is sending information to the outside world.

There's definitely something wrong with that.

Now Levi Garrison has a general understanding of the people in the West Pavilion.

"This is Chu Wu, the son of the Lord of the West Pavilion!"

"This identity is better hidden!"

"He is not a senior member of the West Pavilion, but he can always get in touch with the senior management of the West Pavilion, and he knows some big secrets!"

...

Levi Garrison began to analyze.

But he felt that this man was not the mastermind.

It was too careless.

It's easy to expose yourself.

There should be someone behind him...

Someone is controlling everything.

But there are people behind him, and it should be said that his identity must be one level higher than him.

But this is not in line with what Levi Garrison guessed at the beginning.

If the status is too high, it will not work.

An identity like the Lord of the West Pavilion should be the limit.

"However, I'm eyeing you... I'll find out what you're doing..."

Levi Garrison sneered.

Next, he will interrogate Chu Wu and the people who contact him.

No one thought of this.

Especially Gong Qianqiu.

His right-hand man is exposed.

Time passed little by little.

There are more and more clues searched by Shentianjian.

Everything points to Tianshifu.

Levi Garrison also conducted a comprehensive investigation of Chu Wu.

However, Chu Wu was still careful and left no evidence.

It is still difficult for Levi Garrison to inquire.

A long search is also required.

And here is the corpse pit.

After the efforts of the five major bone masters, the devouring spirit bone was finally transplanted into Gong Qianqiu's body.

For the time being everything is normal.

"Only the last step, as long as the spiritual roots and bones start to run in your body, it will be a success!"
