

Chapter 581

Tom watched Chou driving away and soon disappearing from his sight. Chou was safe, and he felt completely relaxed, with a smile on his face.

In the end, his efforts were not in vain. He succeeded in saving Phoebe. All his efforts were worth it.

Finally, he looked back. Tom's aura changed. He was no longer affectionate and gentle. Instead, he became a chivalrous man who could face death bravely and go forward without hesitation.

All men must die. Tom knew that he could not escape this time. Maybe his death couldn't make any difference,

but he felt satisfied that he would die without regret.

Fausto was very fast, and it was obvious that he was furious. As the most powerful master in Major Perfection Realm, he was invincible only inferior to the master of the Immortal Realm. However, he felt he was humiliated that a person in the fourth stage of Innate Realm snatched the Heaven and Earth's Spiritual Fruit from him. How could he bear it?

Soon, Tom saw Fausto, who had rushed down from Seven Mountains angrily. About a kilometer away from each other, their eyes met.

Tom could feel Fausto's anger and murderous intent coming like a raging

river.

If someone else was targeted by such an expert of Major Perfection Realm, they would have to be scared to death. Even if they were not scared to death, they would have to be extremely frightened and regretful.

But to Tom, there was no fear or regret at all. Instead, he smiled, sincerely.

Fausto was even angrier when he saw Tom's smile. Tom clearly didn't take him seriously!

However, Fausto had to admire Tom who was so bold. He dared to snatch Heaven and Earth's Spiritual Fruit under his nose. Now that he had caught up with Tom, Tom could still

smile. His courage was much better than ordinary people's.

"Tom! How dare you!"

Tom could hear Fausto's angry shout clearly from so far away. It was conceivable how superior Fausto's cultivation was.

Tom stopped lingering, turned around and ran away.

Through the halt just now, Tom had recovered a lot of strength. Although he was injured, it did not affect his speed.

Running, running with all his strength!

Tom's desire for survival reached a very strong level at the moment. Even

if he had prepared to die before he did this, he certainly did not want to die when this moment came. It wasn't that he was afraid of death, but that after he died, he couldn't see Phoebe anymore. Phoebe would feel guilty and sad because of his death, which was not what he wanted to see. Besides, after he died, he couldn't save his mother from LT Organization... So he couldn't die. Even if he was chased by a peerless powerful master like Fausto, he had to unleash his potential to survive!

"Wanna run? Hmph, wishful thinking!" Fausto saw his move and gave a sneer of disdain. He thought that Tom was fantastical and dreamy. If Tom could escape from him today, it was better for him to kill himself!

All of a sudden, Fausto's speed increased a lot, as fast as a ghost, moving tens of meters away in a second.

It was too scary.

Tom could sense Fausto was approaching, getting closer and closer, and he was shocked. He thought he was a fast man, but compared with Fausto, there was still a huge gap.

The master of Major Perfection Realm was indeed powerful. He knew he was no match for Fausto!

The distance was getting closer bit by bit, from one kilometer to nine hundred meters, to eight hundred meters, and then to the last five

hundred meters!

Five hundred meters for a peerless master like Fausto was like five meters for an ordinary man, and it would be easy for him to catch up with him soon.

And once Fausto caught up with Tom, Tom must die!

Tom himself knew this very well, so he didn't run aimlessly. His mind was working frantically, trying to figure out how to get him out of Fausto's hands!

At this time, the others behind also rushed to Seven Mountains.

Sunny, Redford, Pence, Shaw, Will, etc...

Their speed was quite fast, but

compared with a strong master like Fausto, they were much worse.

They were extremely shocked about the speed and strength of Fausto. With Fausto here, it was not their turn to get Colorful Fruit of Essence.

Shaw immediately cursed, "Fuck! The Colorful Fruit of Essence should be mine. This bastard Tom ruined it!"

Will added, "Pence! Look at who you're hiring. This mission is ruined by the Military Intelligence 3! Your man has taken over the Colorful Fruit of Essence and now it's snatched away by Fausto from the LT Organization. You can wait for the punishment from on high!"

Redford also scolded angrily, "You can achieve nothing! Your Military Intelligence 3 people are trash. This time, we will be implicated by you guys. The mission has failed. The Military Intelligence 3 is about to die!"

Pence, Marlin, and the others listened to their scolding and did not say a word. In fact, they felt bad. They did not expect that Tom had actually stolen the Colorful Fruit of Essence, which was betraying them.

Thorn said at this time, "Tom is not such a selfish person. He should have his reason?"

He said this in a low voice, without much confidence, and immediately encountered other people's anger.

"What the hell! He is a thief! It's all your fault. Why did you hire this troublemaker in the beginning?"

"Tom is a traitor. I could tell at a glance that there is something wrong with him. As expected, it happened now!"

"You will be doomed this time!"

Pence couldn't stand it any longer and shouted, "Enough! That's right. Tom is from our Military Intelligence 3. He really didn't do a good job this time. The mission failed. It is my responsibility. I'm willing to shoulder it all!"

Redford sneered and said, "Pence, can you afford to take it?"

Pence snorted coldly. "How can't I afford it? At worst, it's death punishment. Tom is the one I hired. He made a mistake now. I won't shirk my responsibility, and I will take the punishment. There's no need for you to mock us!"

Hearing his words, Thorn also stood up and said loudly, "Director Pence is right. Tom is one of us. I am willing to take responsibility!"

Marlin, Silas, and a lot of Military Intelligence 3 people stepped forward.

Their firmness and their unity made Redford and Will look gloomy. They didn't know what to say for a moment.

Pence looked in the direction of Tom's

disappearance, his eyes deep, and
muttered, "Tom, I hope you do this for
a reason, not to betray your country..."

Chapter 582

Tom was under a lot of pressure, unprecedentedly!

Fausto had been chasing after him, like maggots clinging to the bones, and he couldn't get rid of him.

But he also knew that Fausto was too powerful. He was the most powerful person he had ever met.

He knew that he was unlikely to escape. What he had to do now was to try his best to stall for time and see if he could escape to the place he had designed and survive!

As getting closer, Tom became more and more stressed. He could almost

feel Fausto's breath.

"Tom, you can't run away."

Tom heard Fausto's sarcastic voice. He chased after Tom quickly. He looked very relaxed and confident. There was even a smile on his face. It was obvious that he did not use all his strength.

Tom, on the other hand, seemed to have more difficulties. His cultivation was lower than that of Fausto. In addition, he had just spent too much of his energy in Lion Mountain, and he was also injured. With one getting stronger and the other weaker, it was sooner or later that Fausto caught up with him.

"Tom, given your identity as the son of

the last Saintess, as long as you hand over the Heaven and Earth's Spiritual Fruit, I can spare you from death." Fausto spoke again, like a god in heaven to judge the life and death of mortals.

Tom didn't say a word and went on his way.

Fausto seemed to have run out of patience. He frowned and said in a much colder tone, "Tom, I don't have much patience. Don't overuse it! The Heaven and Earth's Spiritual Fruit is not something you can get. An ordinary immortal should not possess such a treasure. This belongs to the King of RT Organization. I'll count to three. If you don't hand it over, don't blame me for being rude to you!"

It could be seen that Fausto was really angry. His words were no longer as polite as before, but full of anger and fierce.

It was impossible to say that he was not nervous at all in the face of hunting of a Major Perfection Realm expert in the Innate Realm. If he was not careful, then what awaited him was eternal doom.

He was never afraid of death, but he was afraid that after he died, too many people were sad for him, so he must not die!

Under such stimulation, his speed suddenly became much faster, and he shot out in one jump. His speed was

actually faster than before!

Fausto's eyes became colder, and he was completely angry. He snorted heavily, "Since you chose to die, I don't mind helping you!"

As he said, Fausto's speed suddenly increased. It was only ten seconds before he caught up with Tom and slapped Tom.

In an instant, Tom's blood froze, and all the goosebumps on his body stood up. The slap of Fausto was very strong. He would definitely fall down if he was hit!

Fortunately, his fighting instinct was very strong. He noticed it almost in the instant of Fausto's slap. Without any hesitation, he quickly turned sideways

and dodged Fausto's slap.

Fausto was surprised. It seemed that he did not expect Tom to have the ability to dodge his slap.

"You've quite good. No wonder you're so bold. Unfortunately, you don't know how far the fourth stage of the Innate Realm is from the Major Perfection Realm." Fausto sneered. He was completely crushing Tom.

Tom did not run away anymore, because he knew that running away was useless. In front of a strong master like Fausto, once he was caught up, there was no possibility of running away.

So the only thing he could do now was

to do his best to resist Fausto. Anyway, it was not far from the place he designed!

He believed that he could do it!

However, it had to be said that Fausto's cultivation was too high. The Major Perfection Realm of the Innate Realm was the strongest realm under Immortal Realm. Even if Tom had reached the peak of the fourth stage of the Innate Realm, there was still a huge gap between him and Fausto.

It was also because he had been practicing for too short a time. If he was given three more years, he was confident that he could break through to the Major Perfection Realm of the Innate Realm, and Fausto might not be

his opponent at that time. But now, he really couldn't defeat Fausto.

"I don't have the Heaven and Earth's Spiritual Fruit on me. I have already handed it to Redford of the Military Intelligence 2." Tom said loudly. Under Fausto's attack, he was under great pressure and can defense only.

Fausto snorted and said, "You still want to lie to me? You obviously stole the Heaven and Earth's Spiritual Fruit! Tom, for the sake of your talent, I will ask you one last time whether you hand in the Heaven and Earth's Spiritual Fruit or not!"

Fausto said the last sentence very loudly. Tom could even see a sound wave coming out of his mouth. It was

as if the thunder lord had landed. Tom's eardrums were buzzing, and the pressure was extremely great. In an instant, Tom even had the idea of surrendering to Fausto.

Fortunately, his was strong enough that a normal person could not compare. Otherwise, he would have been subdued by Fausto by now.

In such a critical time like this, Tom should be calmer. Although he was not as advanced as Fausto, his power was not necessarily worse than him. His moves were all extremely exquisite, which could be called a master of martial arts in the world. Even Fausto could not take him in a short time.

This made Fausto frown even more.

Originally, he thought he could easily deal with such a nobody as Tom easily, but the fact proved that Tom's strength was far beyond his expectations.

He was really a little angry now and cursed Tom. He sped up and began to attack Tom like a storm. No matter how exquisite Tom Wu Yi was, he was not strong enough in front of absolute power.

"Since you won't hand it over, then I'll kill you!" Fausto shouted and his speed increased by a few points. The air around him was stirred up, which created countless whirlpools that actually pulled Tom, as if many black holes had been created, making Tom's movements much slower.

Tom was shocked. "What kind of move is this?!"

Fausto didn't answer him. Instead, he punched Tom on the shoulder. With a crack, Tom's shoulder was dislocated and he flew out.

Tom was defeated.

Just then, Sunny, who was catching up from behind with all her might, saw this scene, and her face turned pale. She felt like her heart was suddenly pricked.

Fausto hit him with one punch and did not stop. He continued to chase after Tom.

His fists were like the wind, enveloping Tom.

Tom's left shoulder was seriously injured, and he couldn't even lift his hand, so he was no match for Fausto. In less than a few seconds, he had been subdued by Fausto. He picked him up with one hand and said coldly, "I'll give you one last chance to hand over the Fruit."

It hurt so much. Now that Tom was covered in bruises and he had many broken bones, the Major Perfection Realm was still too frightening. This was the first time he had lost so miserably since he stepped into the Innate Realm.

However, he did not have the slightest fear or panic. Instead, he even smiled and said, "You will never get the

Heaven and Earth's Spiritual Fruit,
because I have already eaten it."

"What?!" Fausto was furious and
grabbed Tom's neck hard to strangle
Tom to death on the spot!

Facing Fausto's anger, Tom felt the
breath of death, but he did not scream
or beg for mercy. He closed his eyes
and seemed to have given up, waiting
for the end of his life.

At this moment, Sunny caught up with
the fastest speed as possible. It was
urgent and she said hurriedly, "Sir
Fausto, please wait!"

Fausto looked at Sunny coldly. "What,
are you going against me?"

Sunny clenched her lips and shook her

head, "I didn't mean that. But from what I know about Tom, he definitely couldn't eat the Heaven and Earth's Spiritual Fruit. If he had eaten the Heaven and Earth's Spiritual Fruit, he couldn't be in this state. So, he still hid the Heaven and Earth's Spiritual Fruit! So sir Fausto, if you want to get the Heaven and Earth's Spiritual Fruit and give it to the Saint King, you can't kill Tom yet."

When Fausto heard this, his eyes flashed. It was true, so he let loose his hands on Tom and said coldly, "Tell me. Where is the Heaven and Earth's Spiritual Fruit? If you say it, I'll spare you!"

Tom opened his eyes again and did not answer Fausto. Instead, he looked at

Sunny and saw Sunny's worried, angry, confused, and distressed expression. Tom said softly, "It's too late. Run."

Sunny's heart thumped. She had a bad feeling and said quickly, "What's too late?!"

At this moment, a shocking explosion came from all around.

"Boom!!!"

The explosion was so powerful that it produced a huge sound wave and was so destructive. Fausto was shocked and his face turned pale.

Moreover, the explosion did not disappear, but there was a second and third explosion immediately.

"Bang!"

"Bang!!"

And it was getting closer and closer, and the smile on Tom's face became more and more intense. He said to Fausto, "I buried several tons of high explosives here. You are an expert of the Major Perfection Realm in the Innate Realm, but you have to die, too."

Fausto's face finally changed, showing fear and panic. He opened his eyes wide and scolded Tom, "Crazy! You crazy man!!!"

After saying this, he did not dare to stay any longer. He pushed Tom away with one palm and turned to run away. He did not want to die here.

Sunny also came to her senses. She took a deep look at Tom, full of sadness and sorrow, and turned to leave.

Tom was left there, drowned in the earth-shattering explosion.

Chapter 583

This time, Tom did bury a few hundred kilograms of explosives here.

He had prepared a lot for this plan, and these explosives were his last trump card.

Fortunately, he carried all these explosives here.

It was 20 kilometers away from Lion Mountain. If others knew about his plan and that he could calculate it so accurately, they would be surprised and even felt scared.

To calculate so accurately required a great computing ability. There were dozens of masters at the level of Innate

Realm who were targeting Heaven and Earth's Spiritual Fruit, too. Strong masters like Fausto were among them. Besides, it was so far away from Lion Mountain. Many accidents could happen in every step and destroyed all his previous efforts.

But Tom still carried his plan out perfectly. It was incredible that how he could snatch Heaven and Earth's Spiritual Fruit and give it to Phoebe under the watchful eyes of dozens of Masters in Innate Realm, and finally escaped from Fausto!

Fausto and Sunny ran away in a hurry in the explosion. They did not see that Tom was not blown apart in the end. Instead, at the last moment, he used all his strength to pounce himself into a

hole ten meters away and dodged the direct attack of the explosion!

But even so, he was hurt and fainted from the shock.

The explosion lasted half a minute before it stopped. By the time it calmed down, everything was already in ruins.

The sound of the explosion spread very far, making countless people scared.

Fausto was also frightened. He could clearly feel the power of this explosion, which could almost destroy everything. Even with his cultivation of Major Perfection Realm in Innate Realm, he could not survive this explosion!

Fortunately, he reacted quickly enough to leave Tom there in time and escaped.

But he was still injured. He was shocked by the blast wave. His face was pale and blood was pouring out from the corner of his mouth. He believed that if he had walked slowly for even three seconds, he would be seriously injured and even lose his life!

Sunny, who was by his side, was no better. She looked a little messy now. Blood flowed from the corner of her mouth, and she looked very pale. Her body began to tremble.

She was staring straight in the direction of the explosion, and her eyes did not move at all. She looked as if she

had lost her mind!

She had never felt this feeling before. At this moment, it seemed that she had lost all her senses, and her whole body was numb. She could not even feel she was alive.

She didn't know how long it had been. It seemed to be in a century, or only in the blink of an eye that her thoughts began to work again. When she realized what had happened, she choked up and even wanted to cry!

At this moment, she felt she lost something important, forever.

Tom was dead...

He was dead in the explosion.

She could not breathe and covered her chest with her hands, shedding tears silently.

She didn't understand why she was crying. Only when she saw her tears fall on her clothes did she come back to her senses.

"Am I crying?" She muttered to herself, smiling and seemingly crying. This expression had never appeared on her face before.

She stared blankly at the ruins in front of her and thought about the power of the explosion just now. She knew very well that Tom could not survive under such an explosion because Tom did not even reach the Major Perfection Realm of Innate Realm.

She could not tell how she felt, and it was difficult to describe it with words. She only knew she had mixed feelings.

She closed her eyes, and in her mind appeared Tom's face that was confident and elegant, and all the scenes she had experienced with Tom. The most unforgettable scene was that she was in the secret room cultivating with Tom.

It was her first and the only experience in her life. She used to think that she would hate it and feel disgusted. But later on, she realized that she did not feel sick of it, and even often thought about it...

And now all these had become a smoke

because Tom was gone. He had been burnt to ashes.

Fausto was also frightened. He looked deeply at the ruins in front of him. Tom really impressed him. He had lived so many years but had never seen such a bold and fearless person like Tom!

"This son of the previous Saintess is really extraordinary." Fausto exclaimed sincerely.

Sunny bit her lips tightly and said with great disappointment, "No matter how extraordinary he was, he's dead..."

Regret appeared in Fausto's eyes quickly. It was a pity for a talent like Tom to die like this.

But immediately, he held back the

regret. No matter how talented Tom was, the enemy of the LT Organization was doomed to death and not worthy of sympathy!

Three days passed in a flash.

The news that Heaven and Earth's Spiritual Fruit was snatched away by a man named Tom who escaped from dozens of masters of Innate Realm and killed many masters was spread rapidly all of a sudden, and many people knew the name Tom.

His name was well known not only in H City and G State but also by many foreign powers.

But soon, another news came out, shocking countless people.

The news said Tom, in the end, was still dead. He was chased by Fausto of Major Perfection Realm of Innate Realm, and finally died in a huge explosion, and that the Heaven and Earth's Spiritual Fruit was nowhere to be found.

Some said that Fausto had taken Heaven and Earth's Spiritual Fruit, others said that it was melted with Tom in the huge explosion, and more people said that it was kept somewhere by Tom.

As for Phoebe, ever since she had taken Heaven and Earth's Spiritual Fruit, she recovered her health overnight and became full of energy. She felt a great amount of Essence of Life. When the doctor came to

examine her, the doctor was greatly surprised. It was completely unbelievable that a person who was clearly terminally ill and was about to die could suddenly recover her health. It was really a miracle.

Even Elizabeth and James were surprised and could not figure out why.

But for them, the process was not important. As long as Phoebe had recovered, they felt happy.

The next day, Phoebe was discharged from the hospital. Now she had fully recovered and she became beautiful again, and she even became more beautiful than before. But she was not happy at all. She stood at the door every day, looking into the distance,

expecting to see the man who she
wanted to see...

Chapter 584

It began to drizzle. About seven young people came for an adventure somewhere in Seven Mountains.

A man who was walking in the front said in a mysterious tone, "Hey, do you know why Seven Mountains had a legend a long time ago?"

His expression and tone were so mysterious that they whetted the interests of the others. A girl immediately asked, "What's the legend?"

The others also stopped and looked at the man curiously. The man cleared his throat and continued to say, "It's said that on Seven Mountains, there used

to be a fight with weapons, and a lot of people died. Every time when it was twelve o'clock at night, a lot of wronged souls would come out. This never stopped in the past decades!"

"Nonsense." Someone immediately raised a middle finger at the man disdainfully and said, "You're saying nonsense. What era is it now? You're still using superstition to frighten people."

The others looked at the man with mockery and disdain.

The man was not angry at all. He said, "Hmph, I knew you wouldn't believe me, but it doesn't matter. It's almost twelve o'clock anyway. It's too late for us to go down the mountain now. By

then, you'll know if what I said is true! Don't blame me for not reminding you. When those things come out, don't be frightened!"

The man looked very confident, which made the girls in the team start to get afraid. Besides, it was late at night. It was especially gloomy and scary on Seven Mountains.

Suddenly, a girl said, "Dirk, stop joking. There's no such thing as a wronged soul in this world."

"Judy, he is trying to frighten us. He suggested to have the adventure tonight, so he deliberately made up a story to make us scared."

Dirk snorted heavily, and he said

angrily, "Hmph, it's fine if you don't believe me! Did you know that there was a huge explosion on the Seven Mountains three days ago? Even people in a few kilometers away heard the sound. It was done by the authorities to kill these wronged souls!"

"Really?" Two girls immediately began to tremble with fear.

"Of course it's true. When did I lie to you?" Dirk deliberately used the flashlight to shine the light on his face. This made him look very scary. He deliberately said in a ghastly tone, "But we are here for an adventure. This makes our adventure interesting. Ha ha ha."

After hearing what he said, all the girls in the team were scared and their hearts beat faster. They couldn't help but get closer to the boys beside them, which made the boys feel happy.

However, at this moment, suddenly, a sound came from the place on their right. It seemed that something had crawled out of the ground. At this time, all of them became highly concentrated, and they immediately held their breath!

A girl screamed and threw herself into the arms of the boy next to her, shivering.

Dirk was also stunned. He was just making up a story. He wanted to scare these girls, so those girls would want

boys to protect them. He didn't expect anything to happen.

"God, did you hear that? There's a sound!"

"What should we do? Is there really something dirty?"

These voices still did not disappear. And even faintly, they heard the sound of panting.

Dirk swallowed his saliva, took the opportunity to hug the girl next to him and said, "Don't be afraid. I'm here."

Then he immediately used the flashlight to shine the light over, only to see a scene that made his scalp numb!

In the pit, a hand reached out. It was as

if something was crawling out.

When everyone saw this, they were so scared that they screamed in panic and fear. Especially those girls, they were so scared that their whole bodies went limp and they couldn't stand still.

Dirk was also stunned. He had never expected that there would really be dirty things on Seven Mountains. It was too scary.

Originally, there were two boys who were very bold and swore that if there was really something dirty, they would destroy it. Now, the two boys were so scared that their faces turned pale. They turned around and ran, screaming.

"There's really something dirty. What, what should we do? Dirk... I'm so scared..." One of the girls was so scared that her feet went limp and she fell to the ground.

Dirk was also panicking now. His lips were trembling. He pushed the girl away and began to rush down the mountain.

The two girls were left there, feeling helpless. Soon, they saw that arm come out, and then a head came out. It was a man with blood all over his face. They were so scared that they fainted on spot.

Seven Mountains regained its tranquility. The faint moonlight shone down. It was as if only the moon in the

sky could see this scene.

Not long after, the man in the pit with blood all over his face crawled out of the pit with difficulty. He coughed in pain and laid weakly on the ground. Looking at the full moon in the sky, he began to laugh.

"Ha ha ha, I'm not dead. I survived. Ha ha ha... Ahem..." He laughed until he choked and tears fell.

He was Tom. It was Tom, who had a narrow escape.

He had been in a coma for three days and three nights. And he was buried in the soil. Fortunately, he made preparations in advance to ensure that even if the pit was buried, there would

be enough oxygen in the pit! This made him survive.

In the past three days, there were several waves of people who had come to search for him. Besides Fausto and Sunny, Military Intelligence 3, Military Intelligence 2, Military Intelligence 1 and other forces all came. But they all did not find Tom.

Because this explosion directly buried him alive. It had to be said that this was a miracle that he could survive. It was an absolute miracle! If Fausto found out about this, Jian would definitely admire Tom more and even be afraid of Tom!

However, even if Tom survived, the injuries on his body were really too

serious. Not to mention the impact of the last big explosion, even the injuries that Fausto had left on Tom were extremely serious. If it were people like Pence or Redford, they would have already died. It was indeed a miracle that Tom could still stay alive.

Tom gasped and checked the injuries on his body. He couldn't help but smile bitterly. The injuries were still too serious. He didn't know how many bones of him were broken. It was almost impossible to fully recover.

This was the price he had to pay for snatching Heaven and Earth's Spiritual Fruit in front of Fausto.

After resting for half an hour, Tom staggered as he stood up. He prepared

to go down the mountain. He had to find a place to hide and recuperate.

He staggered. He took every step with difficulty. It was not because he was weak, but because he was seriously injured. At least half of the bones all over his body were broken. He felt extremely painful as he walked.

It was only about a kilometer away from the mountain to the mountainside. But Tom walked for three hours. Several times, he almost lost his balance and rolled down the mountain!

Besides, he had already exhausted all his strength and had to stop. He panted, but he did not dare to breathe hard because his internal organs were

too seriously injured. Breathing hard would aggravate his internal injuries.

After resting for a long time, he regained some strength and stood up with difficulty again, ready to go down the mountain.

However, at this moment, a Jeep came from the bottom of the mountain. The light shone over. Someone was driving up the mountain. Just at that time, the light was shone five meters away from Tom's left. This made Tom widen his eyes and feel incredible!

"How is that possible?!" When Tom saw what was in front of him, he was dumbfounded.

Chapter 585

Wasn't that right? Lying quietly in front of him, there was another Heaven and Earth's Spiritual Fruit, namely the Colorful Fruit of Essence!!!

When he saw it, he was confused and suspected that he was hallucinating.

How could this be? Didn't the Heaven and Earth's Spiritual Fruit only bear one fruit every 112 years? And it could only bear fruits in Lion Mountain. Why did it bear the fruit in Seven Mountains? The most incredible thing was that such a precious treasure as the Heaven and Earth's Spiritual Fruit would attract countless people to covet and fight for it. But now, this fruit just hung on the roadside, and no one

paid attention to it.

This contrast was so great that Tom was stunned for a long time before he came back to his senses.

He quickly walked over, squatted down, and looked carefully at the Heaven and Earth's Spiritual Fruit!

His heart beat faster all of a sudden. His eyes widened, and he was even afraid that he was hallucinating. He pinched himself hard and felt pain. Then he realized that this was not an illusion, but the reality. In front of him, it was really another Heaven and Earth's Spiritual Fruit!

He really wanted to laugh out loud as he was thrilled to get it after so many

efforts.

With this Heaven and Earth's Spiritual Fruit, he could heal the wounds on his body. And this was a rich origin of life that could even make him break through to the Major Perfection Realm of the Innate Realm, and try to break through the Immortal Realm!

He took a deep breath and immediately calmed himself down. He quickly swallowed the Heaven and Earth's Spiritual Fruit.

Since there was a jeep going up the mountain now, it would be bad if they found him and took the fruit away.

So he quickly picked this fruit. Then he immediately realized that something

was wrong.

"What's going on? How could this Heaven and Earth's Spiritual Fruit have eight colors?" Tom was stunned. He counted it carefully again and made sure that it was correct. The fruit in his hand really had eight colors, not the seven of the first one!

This stunned him. Was this another kind of Heaven and Earth's Spiritual Fruit, the Eight-colored Original Fruit?

Now that the jeep was getting closer, he couldn't care more. He tried his best to peel off the skin of the fruit and swallow it in one gulp!

At first, he didn't feel anything, as if he had just swallowed an ordinary fruit.

Tom immediately felt upset, "Is it just an ordinary fruit?"

However, immediately, an unprecedented strong force melted in his stomach. With a loud bang, it was too overbearing and made him dizzy.

And this strong force of medicine directly hit his mind...

"Not good!" Tom realized that he was not good, and the expression on his face suddenly changed. He quickly stood up and rushed down the mountain. Just then, the jeep that was driving up from the mountain had already driven in front of him. With a bang, it knocked him out.

And he fainted after the crash.

"Oh my god! Sandra, you seemed to have crashed into someone just now!"
In the passenger seat, a girl exclaimed.

In the driver's seat, there was a beautiful, panic-stricken woman. She had just seen a person in front of her car and slammed on the brakes. Her face turned pale.

She gasped and her mind turned blank. She had bumped into someone just now, and she was driving so fast that he was flung out.

"What should we do, Sandra? That man doesn't seem to be moving. Is he dead?" The girl next to her said worriedly. She was so scared that she even wanted to cry.

Sandra bit her lips tightly. She came out this time because she had a conflict with her family. In a fit of anger, she drove out in a car, driving aimlessly all the way, unknowingly driving to the Seven Mountains. Originally, she only planned to go to the Seven Mountains to relax herself, but she never thought that she would bump into someone. And it seemed that the man was already dying...

She knew very well how fast she was driving just now. It was very likely that she would kill him.

The girl next to him said, "Sandra, it's okay. Anyway, there are no cameras here. We can escape, and we won't be found! Let's go!"

The temptation of this sentence was so great that Sandra suddenly felt persuaded.

But the next moment, she shook her head and said firmly, "No! I can't just leave like this. If the he is still alive and can be saved, then I indeed kill a person when I leave!"

The girl next to her said, "Oh, Sandra, what are you talking about? Even if he died, it would be his bad luck. What does it have to do with you? Besides, this man came to the wilderness in the middle of the night. Maybe he was the bad guy who intended to rob someone and deserved to die! So let's hurry up and leave. No one knows anyway!"

The temptation of these words was

great, but Sister Hong wasn't persuaded. Instead, she became firmer. She took a deep breath, opened the door, and walked out of the car.

And her behavior made the girl in the passenger seat look even worried.

Sandra's heart was beating fast now, and she was very nervous and panicked. Under the light of the car, she walked over slowly and finally saw Tom lying on the ground.

When she saw Tom's face clearly, she immediately covered her mouth because of Tom's current appearance. He looked too embarrassed. He was dressed in rags, not to mention bruises and blood all over his body. He looked especially frightening.

She was trembling with fear, but she still endured it. She squatted down and reached out her trembling hand to test Tom's breath under his nose. She found that Tom was still breathing and had a heartbeat. She breathed a sigh of relief and said to herself, "It's good that he didn't die. It's good that he didn't die."

Then, she waved to the girl in the passenger seat and asked her to come over and carry Tom back.

At first, the girl was unwilling, but then Sandra was angry and the girl was forced to get off.

However, none of them noticed that the wound on Tom's body was slowly healing, and the blood from the wound

was clotting.

...

Another day passed.

Tom had a long dream in this day. In the dream, he dreamed of many things, good and bad.

Suddenly, his eyes widened and he shouted, "I can't die, I can't die!"

His exclamation startled the two people in the room.

"Hey, are you crazy? Why are you shouting so loudly?!"

A sharp voice sounded and said in disgust.

Tom heard the voice and looked over. He saw a beautiful face. It was a woman in her early twenties. She was very strange. He had never seen her before.

Moreover, the layout of the room was very strange, and he was stunned for a moment.

Chapter 586

"Who are you?"

Tom asked. His voice was hoarse, and he was both thirsty and hungry.

The beautiful woman rolled her eyes and said angrily, "How do you have the nerve to ask me? If Sandra and I hadn't saved you, you would have been already dead! You heartless guy, we've been serving you all day and night. Now that you wake up, you actually scare us."

At this moment, on the other side, a much gentler voice came, "Hello, sir. Do you feel better now?"

Tom looked over immediately and saw

an exquisite and beautiful face. It was a woman with long hair and very intelligent and elegant temperament. She was looking at him with a smile.

It had to be said that even though Tom had seen a lot of beautiful women, the woman in front of him could be counted as one of the best. She had the feeling of a big sister next door.

Tom asked, "Was it you who had saved me?"

Now Tom slowly regained consciousness. Seeing this situation in front of him, he probably guessed something and couldn't help but sigh. He didn't expect that he would survive the disaster and be saved by two women.

Before the intelligent and elegant woman could speak, the beautiful woman immediately said, "Of course! You ran to Seven Mountains in the middle of the night, and your whole body was dirty and bruised. A lot of your bones were broken. If we hadn't been kind to save you, you would have died by now! We are your saviors, and you should repay us in the future!"

When Tom heard this, he was stunned immediately. He sat up from the bed and quickly apologized to the two women. He said seriously, "Thank you for saving my life. I will repay you in the future!"

He was so serious that it stunned the beautiful woman, and Sandra

immediately said, "Mr. Howard, you must not listen to her nonsense! In fact, I should also say sorry to you. If I hadn't driven too fast, I wouldn't have hit you, and your injury wouldn't have been so serious! In fact, I should be the one apologizing to you!"

As Sandra spoke, she stood up and bowed to Tom.

The beautiful woman stomped her feet aside and rolled her eyes wildly. She really felt speechless about Sandra telling him the truth. Didn't she make him hate her? All the credit had turned into mistakes. Stupid, how stupid!

Only then did Tom recall that night when he woke up from Seven Mountains, he walked to the

mountainside, and under the light of the car, he found the second Heaven and Earth's Spiritual Fruit. He quickly swallowed it, but the surging force of the medicine broke his whole body and even rushed into his brain. He lost control on the spot and ran out. Consequently, he was hit.

Thinking of this, he suddenly realized something and quickly checked himself!

Soon, he felt that these injuries on his body had actually almost recovered. Even many of the broken bones had been set.

And most importantly, his origin of life was much stronger!

He felt that he was full of strength now. Although his body was still weak, his origin of life was too strong, several times as strong as before! He had a strong feeling that when these injuries on his body completely recovered, then he would soon reach the Major Perfection Realm of the Innate Realm!

Moreover, it was not impossible for him to reach Immortal Realm.

From this point of view, he completely escaped from death in a great catastrophe and got good out of misfortune. Hahaha...

He was so excited that he couldn't control his emotions for a moment and burst out laughing, "Hahahahahaha..."

His action shocked both the women in the ward and they looked at him in astonishment.

The beautiful woman looked at him completely like looking at a lunatic. From the beginning, she did not stand for saving Tom. He was so miserable and hurt so badly. She could tell at a glance that it was not some good person. To save such a person was to cause trouble for herself.

Sandra, on the other hand, was a little more worried. She was afraid that Tom would be fooled by her hit and that something was wrong with his brain.

"What a lunatic!" The beautiful woman rolled her eyes wildly.

Sandra asked worriedly, "Mr. Howard, are you okay? Do you remember your name and the contact information of your family?"

Tom stopped laughing. He was especially excited now!

It was not his fault. Anyone else would not be able to control their emotions and would be overjoyed if they experienced such big ups and downs but got a blessing from misfortune!

Now that Tom was able to stop so quickly and control himself, he was already very restrained.

He clenched his fists, and an unprecedented light erupted in his eyes. It was as dazzling and terrifying

as the sun. Sandra did not dare to look at him.

"Fausto, wait for me! When I reach the Major Perfection Realm of the Innate Realm, I will definitely revenge on you!" Tom gritted his teeth and said, this was his declaration, "Mom, when I successfully reach the Major Perfection Realm of the Innate Realm, I will definitely go to the LT Organization to get you back!"

Now Tom's mind was spinning fast. In just a few seconds, he thought of a lot of things, not only the LT Organization, but also Phoebe, Chou, Elliot and Malcolm, and Military Intelligence 3...

The current situation, his return, and what to do began to rehearse in his

mind.

Now, although his injuries were still very serious, he was also recovering quickly. The origin of life of this Heaven and Earth's Spiritual Fruit was too strong. In Tom's perception, it even surpassed the one Phoebe swallowed!

Because this Heaven and Earth's Spiritual Fruit had eight colors, and the shape of the fruit was even bigger.

As for why there was a second Heaven and Earth's Spiritual Fruit and why it was more precious than the first, this was not something he could figure out for the time being.

Seeing him like this, Sandra thought he was mentally ill. She quickly went out

and asked the doctor to examine him.

After a checkup, the doctor opened his eyes wide and said in astonishment, "This... The injuries on his body recovered by more than half overnight. How is this possible?"

He held the results of Tom's report in disbelief, especially the fact that some of the broken bones had been repaired by himself, which completely overturned science!

The other doctors were all shocked. Later on, this thing was so strange that they didn't believe it was true at all. They all agreed that the machine must have malfunctioned during the first examination.

Chapter 587

Sandra and the beautiful woman were also surprised. When they carried Tom over that night, they knew very well how badly Tom was injured. But after only a day and a night, the doctor told them that he could be discharged in two days. It was incredible!

It was said that if one's bones or sinews were hurt, he wouldn't recover until one hundred days later. Tom wasn't just injured, he was dying. But he could recover in such a short time, which shocked them.

But since the doctor had already said so, Sandra couldn't say anything more.

Only Tom knew that he recovered so

quickly because of the second Heaven and Earth's Spiritual Fruit. In a day, he would be able to recover completely and be lively again.

Sandra said, "Mr. Howard, since you can be discharged tomorrow, why don't you contact your family members first?"

Tom was stunned by her question. If he informed his family members rashly now, it might be risky for them.

He was sure that the Scotts must be under surveillance now. If they were just supervised by Military Intelligence 3, he was not worried. What he was most worried about was LT Organization. So he sighed and was silent.

The beautiful woman was discontented immediately and said, "Hey, what do you mean? Are you going to pester us? Although Sandra accidentally bumped into you, you're fine. You'd better contact your family quickly and pay the medical expenses. We won't pay it for you!"

Tom frowned slightly. He was embarrassed to hear it. He had enough money, but he lost his phone and bank card. Besides, he couldn't contact Elliot, so he had no money with him now.

"You misunderstood. I don't intend to ask you to pay for my medical expenses, but I don't have money with me now. When I am recovered, I'll pay

you back as soon as possible." Tom was also awkward. He was the boss of ZQ Media and had hundreds of billions of dollars. But he couldn't afford to pay the medical expenses now.

Sandra glared at the beautiful woman, "Shut up!"

Then she said apologetically to Tom, "Mr. Howard, I'm sorry. My cousin was just joking. Don't mind it. I've called the insurance company and your medical expenses will be paid by them."

Tom saw that Sandra was so easygoing, he had a better impression of her. He said, "Thank you."

Sandra smiled and said, "You're welcome. It is what I should do. I

haven't apologized to you yet. I hit you so hard. Fortunately, you won't die, or I will be guilty."

Tom waved his hand to ask Sandra not to take it seriously. In fact, Tom was quite grateful to Sandra. If she hadn't sent him to the hospital, he would have been lying on Seven Mountains. He was likely to be discovered by bad people when he was unconscious for a day and night.

Sandra visited Tom every day for the next two days. She bought food for him and took good care of him. In the two days, he knew that Sandra's name was Sandra, and the beautiful woman was her cousin, Robin.

Tom was discerning and immediately

found that Sandra was worried from her brows. It seemed that she was bothered by something.

When they were chatting congenially, Robin's phone suddenly rang. She took it out and saw the caller. Her expression changed slightly. She said to Sandra, "Sandra, it's your father."

Sandra also looked a little unnatural. She said, "Just tell him that I have left Phoenix and can't go back for a while."

Robin nodded. She ran to the balcony and answered the phone.

When Tom saw it, he immediately realized that Sandra was having a conflict with her family. Sandra was 27 or 28 years old, and she was likely to be

urged to get married by her family. After all, it was a very common social phenomenon.

Although Robin ran to the balcony, Tom heard her clearly.

After a while, Robin came back. She looked serious and awkward. She indicated Sandra to go over.

Sandra smiled politely at Tom And then she walked over and asked, "What's wrong?"

Robin said worriedly, "Sandra, your father said that Lu has been at your home. If you don't get back in half an hour, he will do something bad to them..."

"What?" Sandra was surprised. She

clenched her teeth and said angrily, "How can he do it? Does he think that he can do whatever he wants with his wealth and power? I've told him many times that I don't like him and don't want to marry him!"

"Alas, we have no ways. His relative is Lord, but we are just ordinary people. We can't win." Robin sighed and said, "Cousin, you'd better go back. In fact, it's not bad to marry him."

When Sandra heard it, her face turned pale and she shook. She gritted her teeth and was sad. Then she made a tough decision to go back...

Tom clearly heard what they said. The man seemed to be a little familiar. His surname was Lu and his relative was

the Lord. Considering his identity, Tom seemed to have heard of him. He might see him somewhere.

However, Sandra and Robin were in a panic. Obviously, they couldn't offend him. Tom naturally would not stand by and said, "Miss Wards, can I help you?"

Robin was in a bad mood. When she saw Tom, she was more impatient. She scolded him directly, "You cannot even pay the medical expenses. It's none of your business. You'd better think about how to live in society. We're so unlucky to meet you."

Sandra was a little angry and scolded Robin, "Robin! You're mean to Mr. Howard again. I've told you so many times to be polite!"

Then she immediately apologized to Tom for Robin.

Tom waved his hand, indicating that he didn't mind it. He said seriously, "Miss Wards, excuse me. If you get into trouble, I can go back with you and help you solve it."

Chapter 589

"That's enough! Will you die if you stop posturing?" Pointing at his nose, Robin cursed, "Do you know who he is? He's a relative of our Lord of Phoenix . He's rich and powerful. And he can strangle you trash with one finger. How dare you posture here? Do you really think you're a big shot?"

Her words were very unpleasant to hear. And he shouted Tom's name right in front of him, showing no trace of respect. If someone else did this, Tom would have slapped him in the face.

But he couldn't lose his temper. So, he endured it with a bitter smile and said, "Miss Spencer, you don't have to be so angry. I'm just telling the truth. In fact, I

taught the nephew of the Lord of Phoenix a lesson a half year ago. I'm not bragging."

Tom was trying to tell her seriously as possible, avoid looking like he was bragging. In fact, he did this to comfort the two women so that they did not have to be so afraid. Especially, Sandra, who drove absent-mindedly, almost hit someone several times.

If it had been before, Sandra would have scolded Robin. But now, she was speechless to Tom. At the same time, she began to doubt her own vision. She was too useless. Two days ago, she thought that Tom was a cultured man. Unexpectedly, he was no different from other men. He was even worse in character, not only boastful but also

thick-skinned.

She sighed. With her personality, she could not say anything unpleasant to mock Tom. She said, "Mr. Howard, I appreciate your kindness. But Wyatt is not a kind person. He is powerful. We ordinary people can't provoke him. So, when we get to my house later, please stay in the car for a while. After I settle the family matter, you can come out, okay? Please."

Sandra said it seriously. She bit her lips tightly. It was obvious that she was really sad and felt embarrassed now.

Looking at her, Tom opened his mouth and wanted to say something. But he withheld his words.

Because he knew that even if he made it clear, Sandra and Robin would not believe him. What was worse, they would dislike him worse, thinking that he was thick-skinned and boastful.

So, he chose to keep silent. Anyway, when he arrived at Sandra's house and personally solved Wyatt. Everything was fine then.

When Sandra saw that he had stopped talking, she thought that he was ashamed and couldn't brag anymore. Her feeling for him was gone.

Fortunately, the road was not congested long and it reopened in a few minutes.

But even so, it took more than 30

minutes to get home.

She quickly parked the car. Sandra saw a few luxury cars park opposite. One of them was a black Maybach, which belonged to Wyatt. She couldn't help but chew on her lips, with anxiety and sadness on her face.

"Sandra, that's Wyatt's Maybach. It seems that he's waiting at home..." Robin also saw the car and said in a low voice. Her face was kind of pale as if she was afraid of Wyatt.

Sandra nodded and took a deep breath, "Well, let's take appropriate measures as the situation calls for. I don't believe he dares to kill me."

After that, she mustered up the

courage to cheer herself up and want to leave.

Tom wanted to get out of the car as well. Robin immediately said, "Hey, hey! what are you doing? Didn't I tell you to wait in the car? When we ask you to go over there, you go over. Are you deaf? Or is there anything wrong with your IQ?"

Tom said seriously, "Miss Wards, please believe me. I can help you. Wyatt saw me and he..."

"Enough!" Sandra burst out and interrupted Tom. There was rare anger on her face. Because she couldn't help it. This man in front of her was so annoying.

Tom was stunned by her shouting. He had been with Sandra for two days and had never seen Sandra lose her temper. She was a woman with a good personality. But now she was mad with him, which embarrassed him.

Sandra soon realized that she had lost her composure. She immediately seemed guilty and apologized to Tom, "Mr. Howard, I'm sorry I freaked out just now."

"It's fine." Tom said quickly.

Sandra continued, "Mr. Howard, I'm serious. Please stay in the car and wait for me to solve the problem. Then I will pick you up in person. As we're friends, please don't embarrass me, okay?"

Her eyes were fixed on Tom. She was more serious than ever. Tom could tell that she was serious. If he insisted, she would get angry.

Tom sighed heavily and said helplessly, "Okay, fine."

Sandra smiled again and said, "Mr. Howard, thank you for your understanding. I won't keep you waiting for long... I shouldn't."

Now, Tom had no choice but to nod. He added, "Miss Wards, I respect your decision, but if you are really bullied by Wyatt and you can't handle it, you must tell me. I can really help you solve the problem."

Sandra smiled and said, "Okay."

After that, she and Robin left the parking lot.

Tom knew that Sandra didn't take his words seriously.

To be honest, he felt helpless now. Thinking that as the chairman of ZQ Media, a billionaire with more than 100 billion, in the fourth stage of the Innate Realm, he was about to reach the stage of Major Perfection Realm. But he was so despised by two women and was locked in the car. He shook his head helplessly.

If this got out, he would be laughed at by many people.

But since Sandra had said so, it was not good for him to go against her will. He

knew the character of a woman like Sandra. If he went out, Sandra would be angry.

So, he began to sit and meditate in the car, trying to spread his thoughts.

With his current realm, his mental strength was stronger than ever. Even if he didn't go out, he could sense things within a few kilometers through his consciousness.

Soon, he sensed that after Sandra and Robin left the parking lot, they walked towards a single villa building, which should be Sandra's home.

It was a wonderful feeling. Although he was in the parking lot, his mind could spread out and sense everything

around him.

After they walked out of the parking lot, Robin couldn't wait to say, "Sandra. I think you're nice. Why did you treat Tom, a shameless man, well? And you even take him home. It's enough."

Sandra sighed and said, "I think Tom has a good heart. But he isn't self-aware."

Robin sneered and said, "That's right. Don't he know Wyatt's background? He even said that he would help us solve the problems." She was dismissive.

Chapter 590

They walked home while chatting. As soon as they reached the door, they heard an angry voice coming from inside. "Hey, forty minutes have passed. I haven't seen Sandra yet. Eugene, I'm warning you. You owe Lu more than eight million dollars! If Sandra doesn't show up today, we'll sell your houses and factories. Then you don't even have a place to stay in!"

It was a man's voice, and he cursed very rudely. Sandra saw a ferocious bald man pointing at his father and cursing. In the room, there were several other people, who all looked furious and ferocious. And the one on the sofa was a young man with branded clothes and a wicked smile.

He was Wyatt, one of the richest and most powerful men in Phoenix . And his uncle was the mayor of Phoenix .

He crossed his legs and said to Eugene with a cigar in his mouth, "Mr. Yin, you've told me that Sandra will be back in half an hour. It's been 40 minutes, and I still haven't seen her. I'm very unhappy now."

He exhaled a long puff of smoke on Eugene's face, and said with a half-smile, "I hate being stood up. Anyone who dares to stand me up ends up in a terrible way. Mr. Yin, you've known me well. You know my character, right?"

Eugene was scared by Eugene. He nodded quickly, then shook his head

and said anxiously, "Lu, I didn't mean to stand you up. I did tell Sandra to rush back. She should have definitely been back in half an hour. I don't know why she hasn't come back yet... Lu, let me call Sandra again."

Lu's face suddenly darkened. He snorted and said, "No need! Eugene, you have the guts to ignore my words! Since that's the case, your houses and factories are gone! You can live in the street from now on!"

He then stood up and gave Eugene a cold look. He was serious.

When the Wards heard this, they panicked and wailed! If Wyatt did sell the houses and factories, they would be homeless and would really have to

live on the street. They could not accept that.

Eugene begged for mercy, "Lu! Lu! Please wait for a little more time. Sandra is on her way back and will be here soon! Lu, please don't sell our houses and factories. We've been working hard for our properties!"

Eugene was in his fifties. Wyatt was a generation younger than him. But when facing Lu, he was so humble that he felt very uncomfortable. However, he did not dare to show any dissatisfaction because he couldn't afford to offend Wyatt! Wyatt had not only hustled him but also made him owed him a lot of debts!

Now that he had no choice but to

marry his daughter to Wyatt for the future of the Wards. He was actually selling his daughter.

Wyatt snorted, "Eugene, I've given you many chances. You know, my time is precious!"

"I see, I see..." Eugene nodded hurriedly. He looked like a 100percent middle-aged loser.

Sandra saw this scene outside the door, biting her lips. She had been very resentful of her father and thought that Eugene ignored her happiness and forced her to marry Wyatt.

But what happened just now made her see her father's sadness and helplessness, and the seriousness of

the matter.

She took a deep breath and strode in.
"Wyatt, you don't have to make things difficult for my father. I came back late because I was stuck in a traffic jam."

Everyone in the room look over at her.

Wyatt's eyes lit up when he saw her. His eyes were full of surprise and covet.

Eugene was relieved to see Sandra come back, but there was guilt in his eyes. He had no choice but to marry his daughter to Wyatt.

"Sandra, you're back. I've been waiting for you for a long time." Wyatt smiled and walked towards Sandra. He was about to put his arm around Sandra's

waist.

When Sandra saw his action, his expression changed slightly. She quickly twisted his body to avoid his arm. "Lu, please behave yourself. You shouldn't get too close to me!"

Sandra's dodge didn't make him angry. Instead, his smile became even more sinister. He stood in the position where Sandra had just stood, took a deep breath, showed an intoxicated expression, and said, "It smells so good, Sandra, I can't wait to get you."

His expression was so obscene that Sandra's expression changed. She was unable to suppress her disgust and rejection.

Sandra could only pretend not to see that and walk towards the Wards.

"Dad, mom, are you okay?"

Her mother took Sandra's hand, and said with red eyes, "Daughter, we're sorry."

Eugene gritted his teeth, his eyes full of guilt, and said to Sandra, "Sandra, I'm really sorry."

Sandra took a deep breath and said to Eugene, "Dad, tell me honestly, how much do you owe Wyatt? Why did you mortgage our houses and factories to him?"

Eugene was embarrassed and ashamed. He sighed, "I owed Wyatt a total of 3.56 million dollars at the

beginning, but plus interest, I owe him more than 8 million dollars now."

"What? Eight million!" After hearing this, Sandra was shocked. Her eyes widened and she said, "Dad, you're silly. Why do you borrow money from him? In just one year, the interest has almost doubled. This kind of loan is illegal. We should call the police!"

However, when Eugene heard this, he showed a scared expression as if he seemed to have experienced something terrible and quickly said, "Daughter! Don't say any nonsense. You can't call the police! If you call the police, our family will be doomed!"

Wyatt's half-smiling voice came from behind. "Call the police? Okay! Have a

try. My uncle is the mayor of the city. You will see what's the consequence of calling the police!"

This was an undisguised threat, which made the Wards more afraid and panicked. They quickly apologized to him and begged for his forgiveness.

Sandra also realized that Wyatt was powerful and it was not a good choice to call the police. She bit her lips and said, "Wyatt, we are just ordinary people. We have never offended you. Why have you to make things difficult for us?"

Chapter 591

Sandra felt both angry and aggrieved. She and her family were just ordinary people, abiding by the law, they and had never done anything illegal, nor did they harm anyone. Now, they really couldn't accept the reality!

However, not only did Wyatt feel sorry, but he laughed. "Hahaha, Sandra, I warn you. You can't insult me. When did I make things difficult for you deliberately? Your father agreed to do the business, and he borrowed the money from me. He even wrote the IOU voluntarily. Now, his business had failed, and he suffered a cash flow dilemma, so he mortgaged his house and factory to me. From the beginning to the end, it was all his idea. Now you

say I made things difficult for you?!"

Wyatt stared at Sandra closely and walked aggressively towards Sandra step by step.

Faced with his aggressive movement, Sandra began to panic and retreat. Finally, she hit the wall and had no way to retreat. She clenched her fists and glared at Wyatt with unyielding eyes. "Wyatt, don't do anything stupid. There's a camera in my house!"

Wyatt lifted Sandra's chin and teased her. "Sandra, the Phoenix is my place. Even if I want to do something, what can you do to me? Let me tell you. This time, I set up a trap for your father, but I didn't expect him to be so stupid and step into my trap. Now I have

controlled your the Wards. If you don't obey me, I will make all of you homeless!"

Sandra gritted her teeth and trembled with anger. She stared at Wyatt and couldn't help but curse, "Wyatt, you shameless bastard!"

Wyatt seemed to have heard a big joke and burst out laughing. "That's right. I'm shameless. What can you do about it? Sandra, let me tell you this. This is what happened to you when you refused to be with me! Now, the life and death of your entire the Wards are in my hands. I can do whatever I want! Sandra, if you want to save your family, fine, sleep with me for a month. If you can serve me well, I can..."

There was a loud slap!

Sandra couldn't help it. Wyatt was so disgusting that a soft woman like her couldn't stand it. She slapped Wyatt in the face and pushed Wyatt back two steps. His mouth was bleeding.

"Wyatt, you despicable man! I won't let you succeed!" Sandra cursed angrily.

This slap made her feel better, but the situation was even worse.

At that moment, Wyatt's face darkened and looked very gloomy. A few strong men behind him suddenly surrounded her, looking fierce.

"I think you're looking for death!" Wyatt gritted his teeth and grabbed

Sandra, trying to teach Sandra a lesson.

At this moment, a teenage boy rushed over and pushed Wyatt away, shouting, "Bastard, don't you dare to hurt my sister!"

He was Sandra's younger brother, Dave.

"Damn it, you want to die!" Wyatt was completely angry. He was pushed by Dave and almost fell down. To him, this was a very humiliating thing. He rushed over and slapped Dave on the face with a slap and kicked him hard!

Dave was just a junior high school student, and his body was not fully developed yet. He couldn't bear Wyatt's kick and flew out of the floor

and slammed into the wall behind him.
Wyatt cried in pain.

The whole the Wards was in a mess.
They rushed over to protect Dave.

"Oh My God, are you a monster? You
even beat such a small child."

"My poor Dave..."

When Sandra saw this scene, her eyes
were fierce and she was trembling
with anger. Wyatt was really too
hateful. She had never met such a
hateful person!

Wyatt, on the other hand, did not feel
guilty at all. He even felt an inexplicable
pleasure. Hitting a child gave him a
perverted pleasure, and his smile
became even weirder.

"This is what happens when you go against me!" Wyatt said loudly. He stood there and felt as if he was the king of the world, the only king. The entire Ward family's life and death were in his hands, being played by him!

As for Sandra, she was his prey.

A while ago, he was in a particularly bad mood. Ever since he had suffered a setback at the Castillos, he had been unlucky for a long time. It was during this period of time that he gradually turned happy.

He still remembered being taught a lesson by that man named Tom in the Castillos. This was the first time he had been humiliated like this. He watched

Amelia, the woman he liked, be with another man. It was an absolute disgrace to him!

He had thought about revenge countless times, but he did not dare to think about it at all now, because he learned from his uncle, the Lord, that Tom was a super big shot, and even Rufus, who was famous and powerful in Phoenix , worked for Tom. He was just a nobody, so he didn't dare to provoke him.

However, he could not afford to offend Tom, but in Phoenix , he was still very powerful. Especially in front of these ordinary people, he was the king. They would be scared to death by his slight movement!

He especially enjoyed the feeling of manipulating the life and death of ordinary people, which made him feel satisfied.

"Shut up!"

Wyatt now saw that the Wards people were crying and howling, which seriously affected his mood. He shouted out in a loud voice with great momentum.

All of a sudden, the Wards did not dare to make any more noise. They all closed their mouths in fear.

Wyatt nodded with satisfaction at the Wards's obedience.

Sandra was also afraid of Wyatt. She gritted her teeth and asked, "Wyatt,

what do you want?!"

"I just told you. Serve me for a month and if you do a good job, I will return your the Wards property to you." Wyatt said proudly, as if he was the winner, the absolute king who was in charge of the Wards.

Sandra began to hesitate. She turned around and looked at her family. Every face was filled with sadness and fear. A few young children cried out in fear and shivered.

Looking at this scene, she felt especially terrible. The helplessness and desperation that she had never had before now attacked her. She knew very well what would happen if she agreed!

Once she fell into Wyatt's hands, she would be very miserable. Her life could even be destroyed from that on..

But did she have a choice? No.

Behind her was the entire the Wards. If she didn't sacrifice herself, then the Wards would be doomed. She couldn't be so selfish.

After hesitating for a few seconds, she looked up at Wyatt and said with great difficulty, "Okay, I promise you!"

Wyatt was overjoyed. The look in his eyes at Sandra became even more passionate and aggressive. He couldn't wait to get close to hug her waist.

Sandra dodged him again, and said

quickly, "But on one condition, I want you to return the property certificate to us first. Then I will serve you!"

Wyatt frowned. "Are you bargaining with me?"

Sandra did not give in. "This is non-negotiable!"

Wyatt stared at her for a long time, then he suddenly smiled and said, "Okay, that's fine with me. For your sake, I agree. However, I also have a request. I want to fuck you in your room now. Ho ho."

This request was too much. After hearing it, Sandra's expression changed drastically. "No!"

Wyatt said with a fake smile, "I'm

afraid it's not your turn to refuse."

As he spoke, he grabbed Sandra's hand and pulled Sandra straight into the room. He wanted to have sex with Sandra in front of the Wards. What a pervert.

Robin was furious. She wanted to rush out to save Sandra, but Wyatt stopped her at a glance.

Wyatt laughed heartily. "Sandra, you are mine today. Nobody can't save you today!"

However, as soon as he finished speaking, a voice came from the door, "Really? I want to see if you can be rude to Miss Wards in front of me."

The voice appeared so suddenly that

everyone in the room was attracted to it.

Immediately, a man appeared at the door, dressed plainly and looking relaxed, and stared at Wyatt.

Chapter 592

It was Tom.

Tom was in the parking lot, and his consciousness continued to extend. Although he was not there, he could clearly feel what was happening there and their emotions, so he could rush over immediately.

All of a sudden, everyone in the room looked at Tom with different expressions.

Sandra was surprised to see him, and then she became anxious and angry. She had ordered Tom to stay in the car and not come out without her order. But he disobeyed her. She was really angry!

Her situation was already bad, and if Tom angered Wyatt, then her situation would be even worse!

Robin gritted her teeth, more annoyed by Tom. If Wyatt weren't here, she wouldn't have kicked Tom out!

And every member of the Wards looked at Tom with astonishment and confusion. They didn't know who was Tom.

As for Wyatt, he looked at Tom and frowned slightly. He felt that Tom looked a little familiar as if he had seen him somewhere, but he could not recognize Tom.

He saw Tom dressed in rags and his clothes were even covered with blood.

His face was dark. He looked like a migrant worker with a tall figure. So he thought Tom was a nobody, who didn't need to be paid attention to at all.

However, Tom recognized Wyatt immediately. Wyatt was the one Amelia and he met when they went back to Phoenix a while ago. He had taught Wyatt a good lesson. He didn't expect to meet him again. It was really a reunion of enemies.

Tom thought 'what a coincidence', and the corner of his mouth curled up, showing a meaningful smile.

Soon, a bulky man over 1.9 meters tall came out, pointed at Tom and scolded him, "Who the hell are you? How dare you pretend to be capable? Do you

know who Mr. Lu is, damn it!"

This man was stronger and half a head taller than Tom. He stared straight at Tom, his eyes full of threats. Others could tell he was ruffian at a glance. Ordinary people would be afraid of him and would not dare to provoke him.

Wyatt waved his hand indifferently, as if he was just chasing away a fly. "Throw this guy out."

The bulky man immediately nodded respectfully to Wyatt, then turned around and gave Tom a ferocious and cruel smile. He rubbed his hands and said, "Boy, you're in trouble."

Then, he grabbed Tom's left hand and

wanted to throw him out.

He had a confident smile on his face. It was easy for him to kick Tom out because he was much stronger. But soon, his smile disappeared because he found that no matter how hard he tried, Tom did not move at all. Instead, Tom looked at him with a mocking expression as if he was just looking at an ant.

"It's weird." The bulky man muttered in puzzlement. He tried again, but he still couldn't do anything to Tom.

A few strong men next to him said sarcastically, "Hey, Iron Bull, are you fucking okay?"

"Iron Bull, did you get squeezed dry by

a woman last night? You can't even do anything to an ordinary person. You're a piece of trash."

"Haha, Iron Bull, you said you're good at fighting, don't you feel ashamed."

Their taunts made him even angrier. He shouted, "Fuck! What are you talking about? Now I'm serious! Boy, you've completely irritated me. Don't blame me for being rude to you!"

He used both hands to grab Tom's left hand and but Tom did not move at all. He even yawned and said lazily, "You're too weak."

Iron Bull's face was flushed and he still couldn't move Tom at all. This scene was so weird that everyone in the

room thought Iron Bull was acting. Otherwise, how could he not be able to deal with Tom? Wasn't that a joke?

Tom seemed to be impatient. He just pushed Iron Bull indifferently but Iron Bull screamed and staggered back. If Wyatt hadn't dodge in time, he would have bumped into him. Wyatt dodged in a panic and seemed to have lost his composure. He was irritated and scolded Iron Bull loudly, "Iron Bull, how dare you act in front of me?!"

Iron Bull explained in a panic, "Lu, it's not like that! I don't dare to do that! This guy is a little weird. He's like a piece of iron. He must have been a builder. He's too strong."

Wyatt felt very embarrassed. He had

asked Iron Bull to throw Tom out in a careless tone, but he couldn't do that.

When Sandra and Robin saw that, they were also stunned and felt very incredible. Tom had just been discharged from the hospital. He was still a patient. How could he have such strength?

Wyatt glared at Iron Bull and said impatiently to the rest of his men, "You guys go together, throw this builder out. I don't want to see him again."

"Yes, Lu!"

The other thugs rubbed their hands and stared at Tom with ferocious expressions. Then they surrounded Tom and smiled grimly. They wanted to

throw Tom out violently!

When Sandra saw this, her pupils constricted and she clenched her teeth. Just as the thugs were about to start, she yelled loudly, "Wait a minute!"

The thugs subconsciously stopped and looked at Wyatt.

And Wyatt looked at Sandra with a half-smile. "What, you have something to say?"

Sandra clenched her fists and said with the gritted teeth, "He's innocent. Let him go. I'll agree to your conditions!"

After saying this, Sandra closed her eyes and felt an unprecedented sense of humiliation and despair. Now she

felt that her future was dark. Dignity and happiness were all away from her!

Wyatt burst out laughing, "Hahaha, Sandra, Sandra, everyone said that you are pure and clean, but I never expect that you will sacrifice yourself for this builder. How did you fall in love with such a lowly migrant worker? Your taste is really bad."

Sandra opened her eyes and said, "He's not my lover. He's just a stranger I had helped. The business between us has nothing to do with him. I will take all the responsibilities. You've been making efforts to get my body and humiliate me at will, right? You win!"

Then tears of humiliation fell from the corner of Sandra's eyes.

Chapter 593

She didn't have a crush on Tom. She didn't even have a good impression of Tom yet, but she didn't want to implicate Tom.

This was her character, her rule of life, even if many people would say that she was stupid.

Tom looked at her intently. To be honest, Tom admired Sandra's character very much. He found that her character was somewhat similar to Phoebe's.

Wyatt walked over, lifted Sandra's chin, and said with a playful and teasing tone, "Sandra, do you think I'm a fool? Do you think I'll believe your lie? A

stranger? Hehe."

Immediately, he looked scary and he said to the thugs, "I've changed my mind. Since this bumpkin is Sandra's lover, I have to take good care of him! Press him to the ground and break his legs!"

Sandra panicked and scolded angrily, "Wyatt! What's wrong with you? I've told you. He's not my lover, but a stranger I saved from Seven Mountains two days ago. My car hit him and I took him to the hospital. If you don't believe me, you can go to the hospital to investigate it!"

However, Wyatt did not believe her at all. Instead, his smile was even colder. "I changed my mind again. Break his two

hands and two feet and drag him into the room. I want him to see with his own eyes how I will enjoy Sandra!"

The thugs immediately started to attack Tom.

At this moment, Tom sighed and said with some emotion, "Wyatt, I thought you could learn a lesson from what happened last time. I didn't expect you to ignore my words. Not only did you not turn over a new leaf, but got worse. You disappointed me, you know?"

For some reason, when Wyatt met Tom's eyes, he suddenly felt afraid. He shuddered and some memories flashed through his mind.

At the same time, the thugs had

already pounced on Tom and started to attack Tom.

However, they did not know who they were fighting with. Before they could touch Tom, they were punched back, not even being able to see his movements clearly.

Bang bang.

Tom beat up the five thugs with five punches and they all fell on the ground at the same time.

While Tom still stood there, looking expressionless. It seemed that he had just done a trivial thing, just like patting five flies casually.

In fact, the five thugs were all very strong. Still, they were beaten up so

hard, so everyone in the room gaped at the scene with widened eyes.

Including Wyatt, he was also stunned. He did not expect that his fighters would be defeated by Tom so easily. It was impossible!

And Sandra was completely dumbfounded. She had never expected this. Just yesterday, Tom was still a patient lying in the hospital. How did he become so powerful within only a day?

As for Robin, she was dumbfounded all the more. She hated Tom before and thought Tom was just useless trash. But now, she could not believe that Tom was actually so strong and powerful.

Tom saw all their reactions and smiled faintly. He said to Sandra, "Miss Wards, I've told you that I can help you solve your problems. It is not a lie."

Sandra swallowed hard. Her mind was in a mess now and she couldn't respond to him for a moment. "You..."

Tom walked up to Sandra and said with a smile, "Miss Wards, leave the rest to me. I'll give you a satisfactory result."

Then, when he turned around and faced Wyatt, his face already turned cold. "Wyatt, I'll give you a chance. Kneel down, apologize to Sandra, and I'll spare you."

Wyatt came to his senses and looked pretty pale. "Who are you? You dare to

meddle in my business, and you dare to act strong in front of me? Do you know who I am?"

Wyatt did not fear the strong ability Tom showed just now. On the contrary, he was more angry and arrogant now. In his opinion, Tom was just a martial guy, no matter how powerful he was. And he was the nephew of the Lord of the city. With power at hand, he could easily gather dozens of people with one phone call!

Sandra came back to her senses. When she saw Wyatt's angry look, she began to panic and quickly grabbed Tom. "I told you to stay in the car! How did you get out? Do you know who Wyatt is? He's a relative of the Lord of the city. Aren't you looking for trouble to

offend him?"

While Tom was very calm. "Don't worry, even if the Lord is in front of me, he has to respect me and behave well."

He did not brag about his ability, but when people here heard these words, they thought Tom was mad.

That made some sense. Tom looked so down and out now, looking like an underprivileged man from the bottom of society. It was not bragging but stupid for him to say that the Lord would behave well in front of him. He must be an absolute lunatic!

This was what Sandra felt now. Tom was just adding fuel to the fire.

Sure enough, Wyatt laughed back in

anger. "Okay, okay, okay! You're so awesome! Even the Lord of the city will respect you! Okay, it seems that you're a super big shot! I haven't seen such a boaster in a long time. Let me see how capable you are today!"

After that, he took out his cell phone and was going to call someone.

Everyone could tell that he was really angry now. Everyone in the Wards was trembling and felt even more scared.

Tom smiled disdainfully. Seeing Sandra so worried and scared, he didn't want to waste any more words with Wyatt. He went straight over, grabbed his phone, and then crushed it. Then the latest Apple phone became a pile of scrap metal in his hand.

Then, Tom grabbed Wyatt's neck, lifted him up with one hand, pressed him against the wall, stared at him coldly, and said, "It seems that you have forgotten me. In that case, I need to use some means to remind you of who I am."

Tom's lips curled into a cruel sneer.

Wyatt had also learned martial arts. After he reached the Master Realm, ordinary people could not fight against him, but in front of a super master like Tom, he was as weak as an ant.

With his neck on Tom's hand, Wyatt felt Tom's intent on killing him. He was a little scared and hurriedly shouted, "Who the hell are you?"

Tom picked him up and dropped him to the ground, beating him into a mess. "Last time in the Castillos, you dared to touch my woman. I've already taught you a lesson. Even your so-called uncle, the Lord of the city, personally called to apologize to me for you. It's only been a few months. Have you forgotten it?"

Boom!

When Wyatt heard this, he suddenly figured it out. With his eyes widened, he remembered who Tom was and his face turned pale...

"It's...It...It's you? The President of ZQ Media in H City, Tom...Tom... Tom?!"

Chapter 594

Wyatt now recalled the scenes in the Castillos that day. It was the first time he had been so powerless and scolded so terribly. Wyatt's strength and status couldn't even compare to him. Even the Lord, his uncle, who was omnipotent in Wyatt's eyes, was submissive in front of him.

He restrained himself a lot after that incident. He was depressed for a long time and he finally recovered recently. But now, he met his nightmare again-- Tom, the chairman of ZQ Media!

He would never forget that after that day, the Lord came to his house in person and slapped him hard on the face, telling him to stay away from Tom

in the future, and never irritate him no matter what. Moreover, he was even told to avoid Tom's subordinates, as he was too noble for Wyatt to assault!

Now, half a year had passed, and he had fled to the edge of Phoenix , a place tens of kilometers away from the Castillos. Why did he meet Tom again? What's worse, he had offended him so badly this time!

In an instant, his world just collapsed. Seeing Tom's cold expression, he was extremely scared, chilled to the bone as if he had fallen into an ice cave. His whole body was trembling, and his face went pale in a second.

Seeing his reaction, Tom knew that Wyatt had recognized him. Tom said

jokingly, "It seems that you finally remembered me."

Wyatt's legs were trembling, and he suddenly knelt down in front of Tom and pleaded, "Mr. Howard, Mr. Howard! I didn't know Sandra is also your woman, Mr. Howard! This is a misunderstanding, please do not kill me, I am begging you!"

Everything changed too fast. How could Wyatt, who was so arrogant just now, turned to be so scared by Tom's words? He even knelt in front of Tom. The change was so subversive that everyone in the room was completely stunned. It was just unbelievable.

Sandra and Robin, in particular, were completely in a daze. Their mouths

were opened wide enough to put a fist in there, and they were totally stunned.

Tom snorted. "Misunderstanding? I don't think it's that simple. You were so very powerful just now. Didn't you ask your men to cripple my hands and feet? You are bold indeed. Just six months after our last meeting, you have grown to be so powerful, it seems that your uncle Lord has supported you!"

Hearing this, Wyatt trembled even more and was about to cry. He was really scared now.

It wasn't that he was timid, it was because that he had investigated Tom and found out how terrifying his background was. Even a tough guy like Rufus took orders from Tom, and his

uncle, the Lord, had to be respectful to Rufus.

You can just imagine how terrifying Tom was.

The scariest thing was Tom's fighting skills. He was a master of the Innate Realm. Wyatt had seen a battle between Tom and May before. Although it was just a video, the kind of strength that Tom showed in it still impressed him deeply!

He knew that if someone like Tom wanted to strangle him, it would be as simple as killing an ant.

So he couldn't care about anything else. He kowtowed to Tom ceaselessly and said with tears, "Mr. Howard, I was

wrong. Mr. Howard, I was wrong. Please, Mr. Howard, someone noble as you should be kind, please let me go. Please, Mr. Howard, spare my worthless life. I'm laying my life at your feet, Mr. Howard. I'm laying my life at your feet..."

He kowtowed as hard as he could. At this moment, his forehead was already broken and he was bleeding a lot, but he did not dare to stop at all, as it was nothing compared to his life.

This time, Sandra finally came back to her senses. She looked straight at Tom, as if it was the first time she had met him, and couldn't help swallowing heavily!

She had the feeling that a small snake

that she picked up casually on the roadside was actually a dragon in disguise, who showed its true form in incidents.

This feeling was really amazing!

Thinking of the past two days, she still felt that it was incredible, just like a dream!

That day, on Seven Mountains, she found Tom, who was covered in blood and seriously injured. She thought he was just a beggar, now he turned out to be such a big shot. Even someone like Wyatt was so scared in front of Tom.

As for Robin, her expression was even more interesting. It was not only a mixture of subversion and shock, but

also uncontrollable fear and regret!

Over the past two days, she had been mocking Tom and making things difficult for him, and she said a lot of nasty things. She thought that Tom was just an ordinary person at the bottom of society, who had no power at all. Who would have thought that he was a real big shot!

The world was so crazy that she began to wonder if it was a joke!

Tom kicked Wyatt over, stepped on his neck, and stared at him condescendingly. "Wyatt, last time, I let you off as your uncle, the Lord, knew Rufus. Otherwise, I would have thrown you into the sea to feed the sharks! Until now, you still haven't

changed, and you have even become worse and been bullying normal people again! You were being disrespectful to me! It seems that I don't have a reason to keep you alive."

Wyatt felt the intention of killing in Tom's eyes. At this moment, his mind went totally blank, as if he had seen the death. He was so scared that he peed his pants, and he trembled violently all over.

As an arrogant child from a powerful family, he had never seen such a fierce person with the intention of killing. Now he was extremely scared, but he could not say a single word, so the only thing he could do was shivering.

Yes, Tom really wanted to kill Wyatt.

With his current ability and status, it would be easy for him to kill Wyatt!

He lifted Wyatt up with one hand on the neck and held him in the air, trying to strangle him to death.

Wyatt was so scared, but he could not struggle at all because Tom was holding him like this. He could only kick his legs wildly in the air, and his eyes were filled with pleading and fear.

But Tom didn't loosen his hand at all. He had killed a lot of people by now, it didn't matter to add Wyatt to the pile.

He knew that people like Wyatt would be a disaster if they were out. After all, they would harm others in the future, so he might as well kill them and solve

the problem once and for all.

Sandra saw this scene, and her expression changed. She looked at Tom and felt that the man was extremely remote.

She realized that Tom was really going to strangle Wyatt. She quickly walked over, patted Tom's arm, and said anxiously, "Mr. Howard, you can't kill him. If you do, you will be shot!"

Chapter 595

For an ordinary person like Sandra, in her opinion, murder was illegal and would be shot. If Tom really strangled Wyatt, then Tom himself would be punished by the law.

And even the Wards would be implicated, which was not something she could accept!

When Tom saw her like this, he smiled faintly and said, "Miss Wards, you don't have to worry. Strangling Wyatt is almost the same as strangling an ant. Nothing will happen."

He was not joking. For his ability and status, strangling Wyatt was really no different from crushing an ant.

Because he didn't kill innocent people. Trash like Wyatt must have done a lot of outrageous things with his background. His crimes were so great that he strangling Wyatt was for the public good. It was no big deal.

But Sandra didn't know this at all. She was scared. Not only was she, but the Wards were also scared and looked at Tom in fear.

To them, killing people was too terrifying. It was not something they could accept at all.

Not to mention them, even the thugs lying on the ground were trembling with fear when they felt Tom's murderous aura. How could they dare to oppose Tom?

As for Wyatt himself, he was already scared to death. He pleaded with tears and snot, repented, and hoped that Tom would spare his life.

"Mr. Howard, please calm down. If you kill him, we will be implicated!" A member of the Wards ran up and pleaded.

Tom looked around. Not only Sandra, but also the Wards were full of fear and pleading. He sighed slightly in his heart. It seemed that he had underestimated the endurance of ordinary people.

So he let go of Wyatt and said coldly, "For Miss Wards's sake, I'll let you go this time."

Wyatt cried with joy and gasped for breath. After escaping from the disaster, he kowtowed to Tom crazily and thanked him, "Thanks for your mercy, Mr. Howard. Thank you!"

"This is the last chance I'll give you. Next time, if I see you bully ordinary people and do evil, I'll twist your head off with my own hands!"

"No, no, I promise I won't!" Wyatt began to kowtow again, which made his forehead swell up.

Tom waved impatiently and said, "Get lost."

Wyatt, like being pardoned, quickly rolled away, followed by his thugs, who were scared out of their wits and

scrambled out.

After a while, silence returned to the room, leaving the Wards looking at Tom with stunned expressions. They didn't dare to look straight at him and were afraid of Tom very much.

Even Robin, who had been very fierce to him before, was now trembling slightly, not daring to look straight at Tom.

When Tom saw this, he felt helpless and funny. In the eyes of the Wards, he became a perverted killer.

"Ahem." Tom broke the silence and said to Sandra, "Miss Wards, since there's nothing else, I won't disturb you."

Tom was now a gentle and polite young

man in a good mood again, like a scholar full of knowledge, completely different from his image just now. This strong difference made everyone present feel very uncomfortable. They thought that they were having an illusion.

Sandra was also stunned. Tom changed so drastically that it was hard for her to consume at once.

When Sandra came to her senses and saw Tom turn around, she suddenly felt a strong emotion in her heart. She felt that she must keep Tom, or she would regret it in the future, so she spat out, "Wait a minute!"

She was a little too loud, and Tom turned around and looked at her

curiously, "Miss Wards, what else do you want?"

Sandra felt inexplicably nervous when he looked at her like this. Her mind went blank and she didn't know what to say.

Tom smiled and said, "Miss Wards, don't worry. Wyatt probably won't dare to come back and trouble you."

Robin said beside her, "What about the property that Wyatt mortgaged?"

Tom said, " As expected, he should return it to you soon, so you don't need to worry about it."

The Wards heaved a sigh of relief when they heard this. They went through ups and downs in such a short time.

Their hearts were still beating fast and they were grateful to Tom.

Sandra finally calmed down. She bit her lip and said to Tom, "Mr. Howard, thank you for what happened just now! If it weren't for you, I would have ended up in a terrible situation. I really appreciate it."

Sandra was telling the truth. She was really grateful to Tom now. It was conceivable that if Tom hadn't appeared, then Wyatt would never have let her go. Perhaps by now, she would have been insulted by Wyatt!

So her gratitude to Tom was stronger than ever.

Tom waved his hand and said with a

smile, "You're welcome. It's just a small favor. It's not worth mentioning. Speaking of which, I'm also very grateful to Miss Wards for taking care of me these two days."

Sandra was ashamed. In fact, she hadn't taken much care of Tom in the past two days. She was just in charge of cooking for Tom. Other than that, she didn't do anything.

At this moment, Eugene came over and greeted Tom with his fist crossed, "Mr. Howard, our the Wards really thank you this time. We don't know how to repay you."

Tom said, "Uncle Yin, you don't need to say this. I just gave a helping hand. Besides, Miss Wards and I are friends,

so I won't stand by."

Eugene saw that Tom was so young. Although he was dressed plainly, he had an extraordinary demeanor. Combined with Tom's heroic behavior just now, he was now more and more satisfied with Tom. "Mr. Howard, you've helped us a lot this time. Why don't you stay for dinner? Can you give us a chance to repay your kindness?"

"This..." Tom was a little embarrassed. Speaking of which, he was penniless and originally intended to stay with Sandra for two days until his strength returned to its peak before thinking about going back to H City. But after what happened just now, he felt it was inappropriate to stay.

It wasn't that he was pretentious, but he knew very well that if he saved the Wards now, then the Wards must be grateful to him, and what he was most afraid of was this kind of enthusiasm.

"You don't need to do this."

Yes, we insist. In my opinion, you must stay for dinner, or we will be sad." Eugene was very enthusiastic. He even pulled Sandra over and asked Sandra to persuade Tom to stay.

Sandra also wanted to make Tom stay for dinner. She blushed and invited Tom to stay for dinner.

Tom had no choice but to stay. At the same time, he was hungry. Now he was still recovering and needed food to get

nutrition.

This time, the Wards was very happy. It swept away the previous gloom and the atmosphere was especially pleasant.

However, halfway through the meal, there was a knock on the door.

Chapter 596

The knock on the door was urgent and abrupt, interrupting the lively atmosphere in the room.

"Who is it? You knocked so hard that the door was about to be torn down. What's wrong with you?" Robin scolded unhappily.

The other members of the Wards were also a little unhappy. The person outside had been slamming the door hard, banging, as if he was going to tear down the door. Anyone would be angry about this.

At this moment, another person said nervously, "Well, could it be that Wyatt who came back to retaliate?"

When he said this, the room immediately quieted down. Everyone's faces changed, revealing some fear.

Yes, if Wyatt didn't give up and found dozens of people to come back for revenge, then they would be doomed.

For a moment, all of them looked at Tom.

Tom smiled faintly and said, "Don't worry, it's not Wyatt, but someone else. A man with two bodyguards. Maybe he's your relative."

When everyone heard Tom's words, they immediately relaxed a lot.

But they immediately felt wired. It was strange that Tom was sitting in front of

them. How did he know that there was a man with two bodyguards outside?

Eugene asked a younger member to go out and open the door. As expected, there were three men standing outside. There were two tall bodyguards and a man in his early thirties.

"Yin Jun, are you deaf? I knocked on the door for so long before you knew to open it." When the man saw Yin Jun, he immediately said with a sullen face.

This man was wearing clothes of famous brands and a Rolex gold watch on his hand. His leather shoes were also famous brands and he had a gold chain around his neck. He looked as if he was a rich man, full of nobility.

Most importantly, his expression could be described as arrogant and domineering. He walked swaggering with his eyes full of arrogance, as if he looked down at everything.

At the Wards on the table, everyone changed their expressions immediately as they saw him, without concealing their awes for this man.

Eugene quickly put down his chopsticks and walked over quickly, saying, "Oh, it's Chi. Please sit down."

When Sandra saw this man, she frowned slightly. It seemed that she didn't like him very much. She sighed slightly and felt a little helpless.

She also had to put down her

chopsticks and go to welcome this man.

In fact, when the Wards saw this man coming over, they didn't dare to eat anymore. They put down their bowls and chopsticks and came to greet him. This showed that this man's identity was quite noble.

"Yes." Julian nodded faintly, sat casually on the sofa, crossed his legs, and made himself at home. He took the clothes next to him to wipe his shoes. He didn't ask who the clothes belonged to, which made him especially arrogant and excessive.

But the Wards didn't dare to say no when they saw his behavior. They even thought it was normal because Julian

was so overbearing and rude every time he came to their house. They were used to it.

After Julian finished wiping his shoes, he began to say, "Why are you still standing there? Pour tea for me."

The corner of Eugene's mouth twitched twice, and he felt very uncomfortable, but he still didn't dare to lose his temper, so he put on an obedient expression and said, "Yes, yes, yes, I'll make you tea right away."

Sandra couldn't stand it any longer. She stood up and said, "Hey, Julian, can you nicer? Didn't your parents teach you manners?"

When Julian heard this, his face

immediately changed. He looked down at Sandra and said, "Sandra, what did you say? Try again?!"

He was clearly angry and put on a furious expression. Sandra was also a little afraid when she saw him like this.

But Sandra really didn't like Julian. He didn't know what courtesy was!

Seeing that things were not going well, Eugene immediately came out to ease the atmosphere and said, "Chi, don't be angry. Sandra is just joking with you. Don't take it seriously. Hah hah."

Julian snorted, then he lay comfortably on the sofa, put his feet on the coffee table, and said to Eugene lazily, "Uncle, I heard you offended Wyatt. You

mortgaged the house and factory to Wyatt, and you still owe him more than eight million dollars?"

His look was very annoying to others, but no one in the Wards dared to scold him. Instead, they looked very inferior in front of him, their momentum weaker, as if they were civilians and Julian were noble.

Even Robin, who was very grumpy, did not dare to say a word in front of Julian.

Tom, who was still at the dinner table, saw this scene. He looked at Julian and could tell at a glance that Julian obviously knew some big shot and then he had his own career. His wealth and status came too fast, so he

suddenly swelled up and ignored everyone. He had seen too many people like him before.

However, it was obvious that this person was a relative of the Wards. According to the address, he was Eugene's nephew. Tom, an outsider, didn't want to interfere with their family affairs.

Eugene said, "Yes, Chi, you know about this too. Alas, I was tricked by this little bastard Wyatt this time!"

Julian said with a fake smile, "How could I not know? This news has been spread all over the circle. Uncle, your reputation has widely spread. Now many people know that you are a stupid pig, being played around by that

guy Wyatt,

and even Sandra will be ruined by Wyatt."

He said this very loudly, and his expression was particularly disdainful. He did not give Eugene any face at all. It could be said that he went too far.

Eugene was very angry when he heard this. As an elder, Julian, who was a junior, was more than rude and tutored by ridiculing him like this!

He wanted to get angry, but he knew that this nephew in front of him was no longer the same little brat he used to be. He could not offend him at all, so he could only grit his teeth and endure it. Fortunately, this matter had been

solved by Tom. Even if he was laughed at, there was nothing.

Sandra couldn't listen anymore. "Hey, Julian! Watch your attitude. You came here specially to laugh at us!"

Julian stared at Sandra with a sneer and said, "Sandra, you really misunderstood me. I came here to save you. You didn't appreciate my good gesture and talk to me like this?"

Sandra gritted her teeth and said, "Hmph, you don't have to help. Someone has already solved this for us! Just now, Wyatt left in a mess. Julian, don't think that in this world, only you are capable. There are many more capable people than you!"

Chapter 597

Sandra was enraged. Ever since she was a child, she had hated Julian!

It wasn't because she was jealous of Julian, but because Julian had bullied her a lot since she was a child and didn't treat her like a cousin at all.

Especially when she was in junior high school, because she was studying in provincial city and lived in Julian's house temporarily, Julian bullied her a lot. He often played tricks on her, and even ganged up with other boys to bully her. If she hadn't been smart enough to react quickly, she would have been raped by those boys!

Julian had no concept of family at all,

and his personality was especially crooked.

Especially in the past two years, Julian had been so lucky that he rode on someone's coattails and became rich. He made a fortune. Now he was very arrogant. It seemed that he was the best in the world, and the others were all rubbish!

During the family gatherings of the past two years, he had always boasted himself and purposely made difficulties for the Wards.

Now that the Wards was in trouble, he was the first to come over and mock them. She would rather not have such a relative!

Julian's originally smiling face immediately darkened when he heard Sandra's words. He slammed the table and pointed at Sandra, shouting, "Sandra, what's your attitude? How dare you talk to me like this?! Do you know who I am now?! I'm working for Mr. Lewis. I earn hundreds of thousands a month, which is your annual income! How dare you talk to me like this?!"

Tom frowned at his superior and aggressive look.

He had seen too many pretentious people, but it was the first time he had seen someone like Julian who was so pretentious and had a bad attitude in front of his own relatives.

When Sandra heard the words "Mr. Lewis", she was also a little afraid. Rufus Lewis, was a big shot in W City. Such a small potato like her did not even have the right to meet him. The difference between the two was as big as the difference between an ant and a tiger!

In the past two years, Julian had been lucky enough to be recognized by Rufus, so he achieved success in an instant.

Other the Wards people were also shocked by his current momentum. Sandra's mother immediately came over, gently tugged at her clothes, shook her head, and motioned her not to offend Julian. She could not afford to offend him.

Sandra also knew this truth. In fact, Julian was so powerful that even Wyatt might not be able to deal with him.

Julian's face softened a little when he heard the apology of the other the Wards. He glared at Sandra, snorted, and said, "For uncle and aunt's sake, Sandra, I won't deal with you this time. But next time, if you dare to contradict me, don't blame me for teaching you a lesson as a brother, okay?"

Sandra bit her lips. She clenched her fists and was very dissatisfied with Julian, but she had no choice. Indeed, Julian was not the person she could offend.

It was reasonable if someone else bullied the Wards like this, but Julian was her relative, and her parents used to take care of Julian a lot. Now that Julian had grown up and was rich and powerful, not only did he not repay their kindness, but he bullied them instead. He was really brutal and cold-blooded!

Julian nodded with satisfaction. He especially enjoyed the feeling of control others. At this time, he felt like a god, and no one else dared to disobey him.

After putting on air, Julian began to say, "Uncle, you really lost our family's reputation by doing this..."

Julian scolded Eugene for a long time,

and then said, "However, since you are my senior, I won't deal with you. This time, I'm here to help you. How dare Wyatt to bully my relatives like this? He clearly doesn't take me seriously, humph!"

As he said this, he was domineering and his eyes were sharp. In his imagination, he must be very cool.

However, he did not know that he looked much worse than Tom just now. Julian was not on the same level with him at all. So no one in the Wards responded. Instead, they felt that he was weak and was just putting on air.

Julian was waiting for the praise and admiration of the Wards for him. After waiting for a long time, he found that

the Wards were looking at him calmly with no reaction. He felt very unhappy and scolded them in a low voice, "Bumpkin, green and inexperienced."

Then, he immediately said, "Uncle, I'll solve this matter for you. I haven't taken Wyatt seriously yet. But when I solve this problem, I'll take your factory. I'll pay for a million dollars. How about that? It's awesome, right?"

It sounded like a good deal that he was willing to help solve the problem and buy the factory for a million dollars, but in fact, he was darkminded. Eugene's factory was worth more than five million dollars!

Julian was obviously going on the scamp.

When Eugene heard this, his face darkened. It was reasonable if someone else did this to him, but Julian was his nephew.

However, he endured it and said with a smile, "Chi, thanks for your kindness this time. However, this matter has been solved by Sandra's friend, so I won't bother you. Ha ha."

"What?!" Julian immediately stood up straight and stared at Eugene, "Uncle, don't you think I'm taking advantage of you for paying only a million dollars? Humph! Uncle, if you really think so, then you are heartless and your conscience is eaten by a dog! You know who Wyatt is, the nephew of Kieran, the lord of W City. He is rich and

powerful. If he wants to ruin your the Wards, it's as easy as killing an ant! Only I, Julian, as Mr. Lewis's confidant, can deal with Wyatt, you know!"

Seeing that Eugene was silent, he snorted again and said, "Okay, once and for all, 1.5 million. I help you solve the problem and you transfer the factory to me!"

Everyone in the Wards looked at him coldly, including Sandra's mother. They were also disappointed and disgusted with him.

Sandra said with a half-smile, "Julian, thank you for your kindness! However, we don't need to bother you anymore. Wyatt was just trampled under my friend's feet and begged to let him go.

So, you'd better go somewhere else!"

Julian's face immediately darkened. He wanted to get angry, but immediately, he saw the expressions of the Wards. It seemed that she was not lying. The big problem was really solved. He could not help but frown.

"Uncle, are you sure you're not joking? You know, I don't like to joke." Julian stared at Eugene and said grimly.

Eugene looked back at Tom and recalled Tom's domineering performance just now. Tom was a super big shot. So Eugene suddenly became bold and nodded, "Do you think I'm joking?"

Chapter 598

Eugene hadn't been arrogant in front of Julian for a long time. When he saw that Julian was embarrassed, he felt comfortable and confident, as if he was as vigorous as in his youth.

Julian was so unhappy and couldn't help twitching his mouth!

He hadn't been offended by Eugene for a long time. He thought the Wards, including Sandra, were all nobody. They were inferior to him. He represented the rules. The Wards were just his commoners! It was not friction. They offended him. If they lived in ancient, they would be beheaded.

He firmly believed that no one was equal. It was a class society. He was superior, and the members of the Wards were inferior.

However, he also knew Eugene very well. He was a coward and didn't dare to talk with him like it if he couldn't depend on somebody. Eugene was so arrogant. He must be supported by somebody. Except for Eugene, the other members of the Wards also looked fearless...

Eugene thought of it and rolled his eyes. He suppressed his anger and said with a smile, "Haha, uncle, don't be excited. I was just joking with you. How could you take it seriously? By the way, where is the big shot? Please introduce him to me as well."

He was not as arrogant as before but was wearing a flattering smile.

It was his merit. He was especially cheeky. He could flatter anyone who was more powerful than him regardless of his dignity. Actually, he got the wealth and power through flattering others.

On the contrary, he would mercilessly ridicule and humiliate anyone who was inferior to him. He humiliated the Wards a lot.

If the Wards was supported by somebody, he would hold a different attitude towards them.

When Eugene saw that Julian changed his attitude, he was more confident

and spoke louder. He pointed to Tom at the table and said proudly, "This is Sandra's friend, Mr. Howard. He taught Wyatt a lesson and made him beg on the ground! Julian, I know you've made some achievements in the past two years, and you're proud of it. But you can always find someone better than you. You can't match Mr. Howard at all!"

He recalled how imposing Tom was. Even Wyatt was nobody in front of him and could only kneel down to beg for mercy. It was shocking. He was sure that the one Julian flattered would not be comparable to Tom definitely!

Tom was also a friend of his daughter, and his daughter was also very beautiful. He believed that Tom helped

hem because he took a fancy to his daughter. So his family could depend on him. Why should they be afraid of Julian?

Julian was nervous. He must be a really big shot so that he could make Wyatt kneel down and beg for mercy. At least, he was as powerful as Rufus. After all, Wyatt wasn't a nobody. He was the nephew of Kieran, Lord of W City, and he had wealth and power.

So he immediately looked at where Eugene pointed at. He instantly saw a young man, who was sitting at the table and having dinner leisurely.

Of course it was Tom.

Julian was obviously stunned for a

moment. He never thought that the big shot Eugene referred to was like it. His first reaction was that Eugene was playing with him. He couldn't be the man, who looked like a migrant worker!

And then he thought that he mistook. The big shot must be another one.

So he looked over at Tom and into the kitchen, but he still didn't see anyone. He asked doubtfully, "Where's Mr. Howard?"

Robin took the opportunity and rolled her eyes, "Are you blind? Mr. Howard was just in front of you. Can't you see him?"

Sandra also sneered. She was in a

particularly good mood now and finally could be proud in front of Julian.

However, when Julian confirmed that the big shot Eugene was talking about was the man in front of him, he changed his expression.

He was angry at first. He thought that the Wards was tricking him by asking an ordinary person to impersonate a big shot. They were against him! But soon he thought that the Wards didn't have the guts to do so. Besides, it was true that Eugene offended Wyatt.

So he immediately thought of another possible situation. Eugene didn't dare to fool him, but the Wards might be fooled.

"Haha haha..." Thinking of this, he burst out laughing. He saw Tom's clothes, which were bought in the stalls. He was even more depressed. It was clear that he was at the bottom of society. He was even inferior to nobody.

And it was a joke that he made Wyatt kneel down and beg for mercy.

In an instant, Julian laughed and almost couldn't breathe. He pointed at Tom and said, "Eugene, Sandra, is he the big shot you're talking about? How could he be somebody? Haha haha..."

He laughed rampantly. He directly ridiculed them and gloated.

Sandra immediately frowned and scolded unhappily, "Hey, Julian, what

are you laughing at? You're crazy!"

Julian said, "I'm laughing that you are stupid. You didn't even know that you were deceived. He couldn't even dress decently. He's just a migrant worker. How could you say that he was superior to Wyatt and made Wyatt kneel down and beg for mercy? You're so funny."

The Wards, especially Eugene changed their expression when they saw the sarcasm on Julian's face. Eugene was afraid that Tom would be angry and the Wards would be implicated.

So he hurriedly explained to Tom that Julian wasn't a close relative. What Julian did had nothing to do with them.

Tom waved his hand. He saw it from beginning to end. Even if Eugene didn't explain, he wouldn't be angry with the Wards.

He was almost full. So he stood up and walked over to Julian, "You were talking about Mr. Lewis. Is he Rufus?"

When Julian saw Tom dared to speak to him like this, he immediately frowned. He was unhappy. Tom was half a head taller than him, giving him a sense of pressure.

He was unwilling to be suppressed. He snorted heavily and stared at Tom unkindly, trying to suppress Tom.

"Yes! My boss is Rufus, Mr. Lewis. He is the richest man in W City. He has more

than one hundred billion dollars in assets. He can easily kill you!" Julian said loudly. He was proud and arrogant as if he was Rufus.

Tom smiled and said with an odd expression, "Rufus has more than one hundred billion dollars in assets. It seems that he was good these days."

Tom had not seen Rufus for a long time. After he helped him to go through the Innate Realm, Rufus went back to W City to revenge on his old enemy. Tom was busy, so he did not ask Rufus much. He didn't expect Rufus to have over a hundred billion dollars in assets. It seemed that he had revenged on his old enemy.

When Julian heard Tom's words, he

immediately became angry. He thought Tom wanted to die so that he dared to disrespect Rufus. He was ready to die!

"Well, you stinky slut. How dare you disrespect Mr. Lewis and speak ill of him. If he knew it, you would definitely die!" Julian said grimly.

The Wards was also a little worried. Rufus was the richest man in W City, and he was very powerful. Even Wyatt wasn't a match for him.

However, Tom sneered, "I disrespected Rufus? Even if he is in front of me, I will still say it to him."

Julian was furious. He thought that Tom was addicted to being pretentious

and didn't want to live. He pointed at Tom and said angrily with a smile, "Good. It's Mr. Lewis's fiftieth birthday tomorrow and he will invite many people. If you have the ability, be pretentious in his parity. Fuck!"

Chapter 599

When Tom heard this, he was stunned. Was Rufus going to celebrate his fiftieth birthday tomorrow night? That was interesting.

Tom had stopped talking, so Julian thought that Tom was afraid. He immediately sneered, "Are you scared? Weren't you arrogant just now? If you have guts, come to Mr. Lewis's fiftieth birthday party with me tomorrow night!"

In Tom's eyes, Julian was just a clown that he looked down upon. Tom was still recovering. He did not intend to go back to H City before he reached the Major Perfection Realm of the Innate Realm, otherwise, he would bring

danger to the people around him.

If he was in W City, then he would have no such concerns. He was penniless and lacked the basic necessities of life. It would not be appropriate for him to stay with Sandra all the time.

The best way was to find Rufus, so that Tom would not have to trouble Sandra anymore. He could also let Rufus provide enough resources to help him reach the Major Perfection Realm as soon as possible.

After thinking about it, Tom asked directly, "When and where?"

"What?" Julian was stunned.

Tom looked at Julian in a dismissive way. "Tell me when and where Rufus's

fiftieth birthday party will be held. I'll be there."

This time Julian heard it clearly, then he shook his head and said, "I've seen a lot of people who pretended to be big shots. However, it's the first time I've seen someone who would do that to such an extent. I'll come to you tomorrow and take you with me to Mr. Lewis's fiftieth birthday party. Don't run away!"

It would be even better if someone could pick him up. Tom naturally wouldn't refuse. He nodded and said, "Of course I won't run away. I haven't seen that guy Rufus for a while."

Julian couldn't stand this anymore. He gritted his teeth. Rufus was his idol.

Julian wanted to curry favor with a big shot like Rufus so badly. However, Tom actually addressed Rufus so disrespectfully. Then what did Julian mean to Tom? Nothing?

All of a sudden, Julian rolled his eyes and he thought of something. Then he smiled treacherously.

Why hadn't he thought of this earlier? Tom was always disrespectful to Mr. Lewis. When the time came, he would send Tom to Mr. Lewis and teach him a lesson. This would be how he fawned on Rufus.

He boasted that he was Rufus's right-hand man. In fact, Rufus didn't know him at all. He was only fawning on Rufus's men.

If he could get to know Rufus through Tom this time, he would be so lucky!

He would definitely make it big.

Afraid that Tom would go back on his word, Julian deliberately said a few more provocative words. He even goaded Tom into action. After that, he left without giving Tom a chance to go back on his word.

After Julian left, all members of the Wards were worried, thinking that Tom was indeed pretentious this time. They knew that Rufus was not like Wyatt. The former was a real big shot, while Wyatt was only an ignorant man born with a silver spoon in his mouth!

To put it bluntly, even the Lord had to

give Rufus face.

As for Tom, no matter how powerful he was, he was only a young man. In short, they didn't think Tom could be as powerful as Rufus. It was even impossible for Tom to disrespect Rufus at his fiftieth birthday party!

Sandra bit her lips and walked over. "Mr. Howard, how can you be tricked by that guy Julian? Rufus is the richest man in W City. He's powerful. If you offend him, you can't bear the consequences!"

Eugene also said quickly, "That's right, Mr. Howard. This is not a joke! Rufus's power is unfathomable, even the Lord is afraid of him! I don't think you should go with Julian tomorrow. He's very

petty and he always holds grudges. If you really go with him, you'll end up in a terrible situation!"

Several other members of the Wards also joined in to dissuade Tom. They were all kind-hearted people. Tom saved them once today. They couldn't bear to see him seek his doom.

That was right. In their opinion, if Tom really went with Julian, he would be doomed.

Tom knew that they cared about him, and he was touched. He then solemnly promised them that nothing bad would happen.

Seeing Tom's resolute attitude, they could not say anything more, but they

were still worried about Tom.

Tom had planned to borrow some money from Sandra and stay in W City for a while. After he successfully reached the Major Perfection Realm, he would go back to H City and give Sandra a generous reward. Now it seemed that he didn't need to do that. He had to stay at Sandra's house for a night.

To be honest, Tom had a good impression of Sandra. These days, there were very few women like Sandra.

But what made him a little embarrassed was that because he had no clothes, Sandra actually went to buy clothes for him. She even bought him

underwear, which made him feel very embarrassed.

After taking a shower and changing into a new set of clothes, Tom felt much more comfortable and refreshed.

Tonight, he was staying in the guest room next to Sandra's room. Because the wall in the middle was very thin and Tom's hearing was very sharp, he could clearly hear almost every sound in Sandra's room, including the sound of her bathing, which made him very embarrassed.

The worst part was that his mental strength was very strong now, and his consciousness could spread far away. As long as he thought about it hard, he

could see what was going on in her room and this wall was completely useless...

His eyes were almost like an x-ray. Tom had been careless. He followed his subconscious wholeheartedly and released his consciousness. Immediately, his heart beat faster.

Fortunately, he reacted quickly enough to pull back his consciousness.

It would be terrible if he couldn't get rid of his obscenity and desecrate a kind and polite woman like Sandra.

However, he hadn't been with a woman for so long, and after swallowing the second Heaven and Earth's Spiritual Fruit, the origin of his

life madly increased, so did his male hormones, which was not a good thing for him.

Sensing the changes in his body, Tom felt helpless. He could not help but smile bitterly, forcing himself to calm down and enter a state of meditation.

Under the nourishment of the second Heaven and Earth's Spiritual Fruit, he recovered very quickly. By tomorrow, he would be able to restore his optimal state before his injuries.

Soon, he would reach the Major Perfection Realm!

The night passed quietly. The next day, Julian came early to pick up Tom for Rufus's fiftieth birthday party. He

would taunt Tom, and he wanted to get to know Rufus through Tom. From then on, he would taste success big time!

Julian was dressed in a very pretentious way today. He wore brand clothes and looked smart. When he saw that Tom was only wearing a set of casual clothes from Nike, he couldn't help but laugh.

Chapter 600

"Well, aren't you very powerful? You don't take Mr. Lewis seriously. Why are you wearing Nike? You can't even afford a famous suit?" Julian said sarcastically, "You're not going to attend Mr. Lewis's fiftieth birthday in the suit, are you?"

At first, he was a little worried that Tom would play a trick. But now, he was relieved and believed that this guy was a liar.

"Why do you think that a big shot has to wear a designer suit?" Tom asked.

Julian laughed, "Not necessarily, but a big shot can never be as sloppy as you. You can't even afford a decent suit."

Sandra immediately retorted, "He can. He just didn't buy it. I bought him this suit."

"You bought it?"

"Not bad."

Julian burst out laughing. In his opinion, Tom was not only a liar, but also a weakling who was supported by Sandra.

Sandra also realized that it was really inappropriate for Tom to wear a suit to attend Rufus's fiftieth birthday. She asked Tom in a low voice, "Mr. Howard, why don't you change into a suit?"

Julian immediately said, "Is there any need? He was very arrogant yesterday.

He said that he was Mr. Lewis's boss. Since that's the case, he didn't need to wear a suit at all. He can just wear Nike and I'm sure he will be the center of attention!"

Tom knew that Julian was mocking him. He said calmly, "No, I'll just wear this."

Sandra was a little anxious and wanted to say something. Tom said to her, "Don't worry, I know what I am doing."

Tom's tone was gentle, which made Sandra blush and her heart beat faster. She said in a low voice, "Be careful."

"Okay." Tom nodded, then got into the car with Julian. Speaking of which, he was looking forward to seeing Rufus,

wondering how his cultivation was now.

After Tom left, Sandra suddenly realized that he hadn't stopped Tom just now!

Gritting her teeth, she was still worried about him and decided to follow him.

Julian was excited, as if he had seen Rufus's furious and his appreciation to him.

Rufus was the richest man in W City. His fiftieth birthday was very grand. Many people were invited to the banquet.

The banquet was held in Rufus's luxurious manor. By the time Tom and Julian arrived, there were already

many guests. The place was filled with all kinds of luxury cars, like a car exhibition, which was dazzling.

The location of Rufus's manor was very good. It was obvious that the master had specially designed it. From afar, it looked like a dragon head lying on the mountainside, and the tree behind it was a dragon's body.

It occupied the dragon veins of the entire mountain. People who lived in the manor maintained their mental state very well with a clear mind, and often be able to make judgments in their clearest state. Over time, they were blessed and rose step by step.

Feng Shui, in Tom's opinion, was the celestial and magnetic field. Different

places had different magnetic fields, and good magnetic fields had a positive impact on the human body and vice versa.

Often, one could make better judgments in a healthy, clear-headed, and happy state, and tended to leave a better impression on others. People were more willing to cooperate with someone with a higher degree of trust. In this way, naturally, everything would go smoothly.

However, Tom found something wrong. Beside Rufus's manor, there were two small trees, which were particularly difficult to find. If the manor was regarded as a dragon head, then these two small trees were two nails nailed to the head!

Although compared to the size of the entire manor, the two nails were very small, but over time, they would grow bigger and bigger, and they were constantly absorbing the dragon's head's spirit. When the dragon's vein was absorbed, it was time for bad luck to come!

Moreover, Tom found that several ornamental trees in the manor had withered leaves, and some of the surrounding vegetation was not as vigorous as it should be this season, but rather looked a little listless.

In an instant, Tom realized that Rufus's bad luck had come. It was very likely that his fiftieth birthday wouldn't go well!

Feng Shui was a metaphysical and illusory thing to most people, but to Tom, it was completely a science and it made sense.

That was interesting.

Tom gave a thought-provoking smile. With Rufus's current strength and status, there weren't many people who dared to fight him and was able to hurt him... Tom was a little interested.

"Get out of the car. It's already at Mr. Lewis's manor. I hope you won't be scared out of your wits later," Julian said with a half-smile.

Tom looked at him and said disdainfully, "Retarded."

"You!" Julian was furious. He was a man with a high position. But Tom dared to belittle him. He was trying to get himself killed!

In an instant, Julian had a strong idea of teaching Tom a good lesson, but he held back. A little impatience spoiled great plans. He believed that Tom would be in trouble later on!

"You have guts. I'll see if you can still be arrogant later. Hmph!" said Julian, glaring at Tom.

Because Tom was dressed in casual clothes, he looked like an ordinary office worker. So when he appeared in the manor, he attracted a lot of attention, and even security guards came to let him out with the reason

that this was not a place for idle people.

Julian was overjoyed to see that. He came out and said hypocritically, "Hey, what are you doing? Can you have some insight? This is Mr. Lewis's good friend. Even Mr. Lewis shows respect to him. How dare you guys chase him out? Do you want to die?"

The security guards were startled. However, they immediately saw the teasing smile on Julian's face and realized that he was being ironic.

They immediately understood and were about to throw Tom out again. At this moment, a man came over and said with a frown, "What happened?"

Julian's eyes lit up when he saw this man. Bowing, he walked up to the man and said flatteringly, "Boss Lee, it's been a while. I miss you very much. I haven't heard your instructions these days. I have no appetite for food and drinks! Boss Lee, you are the lighthouse of my life, illuminating my life and guiding me forward!"

His flattery disgusted Tom. It was the first time he had seen someone like Julian who could flatter someone without limits.

Julian was arrogant and overbearing in front of his relatives, and he even hurt them. In front of his boss, he had no dignity and turned into a flatterer.

Boss Lee didn't feel disgusted. He

nodded with satisfaction and encouraged Julian with his eyes. Julian understood and continued his flattery.

Finally, Boss Lee was satisfied and waved his hand casually. "All right, all right. I'm lucky to have you as my boss. Thanks to you, I got today's results."

Tom looked at the two of them and was convinced that they were a perfect couple.

Only then did Boss Lee look at Tom and see that he was dressed in cheap casual clothes that did not fit in with the atmosphere tonight. He frowned and asked, "What's wrong with this person? Who let him in? Don't you know it's Mr. Lewis's fiftieth birthday! Kick this guy out!"
