

## Chapter 725

It was already night when she saw Phoebe.

It was drizzling. Phoebe, gracefully standing under the eaves of the building, wore a business suit. She was like a lonely wintersweet on a snow mountain, cold and elegant.

Everyone was attracted by the scene.

Phoebe had always been a very attractive woman. It was not unreasonable for her to be called the most beautiful woman in H City.

This time Tom saw her as if he went back to a few years ago when he first met her. At that time, he was an

outcast, homeless, and desperate. He once thought of suicide. It was Phoebe who saved him and gave him a reason to live.

He still remembered how stunned he was when he first saw Phoebe.

Time flew, he was no longer that ignorant.

Soon, Phoebe saw him. With a happy smile on her face, she came close to Tom.

Tom quickened for her too.

"You're here." She took Tom's hand voluntarily and smiled sweetly and happily. The surroundings were overshadowed by her smile.

Tom greedily smelled Phoebe. Even though he had smelled it countless times, he still felt good and was not tired of it.

"Have you been waiting for a long time?" Tom smiled gently. They looked at each other and saw the deep love in each other's eyes. After all these years since their marriage, as a tacit couple, they shared many common grounds, both inward and outward.

Those people around who were amazed by Phoebe's beauty were very jealous to see this scene.

Any man hated to see a beautiful woman being held by another man. It was an instinct.

"No, I just got off work." Phoebe said with a smile. The timid and lovable little woman walked towards the parking lot with Tom in the drizzle.

Afterwards, Tom and Phoebe went to dinner first, then went to the movies.

Speaking of which, they hadn't seen a movie together for a long time.

In these times, Phoebe wore a constant smile . She felt that she was the happiest woman in the world. As long as Tom was accompanying her, she would feel especially safe, relaxed, and happy.

However, she did not catch the flickering guilt in Tom's eyes.

What they saw was a quality comedy

full of jokes and free of cliché. Phoebe giggled at it.

After the ending, she wished more of the movie.

Then, they went to the night market and had some snacks. When Phoebe was satisfied, they went back.

They took a shower and had sex, then Phoebe said softly, "Tom, is there something going on here?"

In fact, Phoebe was not stupid. She felt that Tom had been thinking about something, but she didn't say it.

Tom silenced himself for a moment and then said, "Tomorrow, I'm going to the headquarters of LT Organization to find my mother."

Tom once told Phoebe some information about Raoul, so Phoebe knew something. When she heard this, her breath quickened and suddenly she became worried.

"Have you decided?" She asked softly.

"Yes." Tom nodded.

"Okay, be careful." Phoebe paused and said. She knew Tom well. There must be some danger approaching her mother-in-law so that Tom would take such a risk. As his wife, no matter how unwilling she was, she would not stop Tom in such a situation, in case of troubling Tom.

Tom's lips moved slightly. How couldn't he understand what Phoebe meant? It

was all for his sake.

Holding Phoebe in his arms, he said deeply, "I will come back safe and sound."

"Okay, I believe you." Phoebe nodded hard with a sweet smile.

Tom also smiled and they hugged each other to sleep.

The next day, when Phoebe woke up, she found that Tom was no longer around. She stretched lazily. Then, she saw a note on Tom's pillow, saying, "Phoebe, this time my trip to the headquarters of LT Organization was one with extreme dangers. If I couldn't come back in a week, it means that I would never come back. At that time,

you need to take the Scotts to leave H City, find somewhere far away, and live well. Sorry to make you worry again."

From Tom.

Seeing this note, Phoebe was stunned and then two lines of tears dripped down her cheek.

Tom got up early and set off.

He had long wanted to go to the headquarters of the LT Organization. It was an obsession to save his mother out.

It was also a huge motivation to drive him forward.

Once, he thought that as long as he reached the Innate Realm, with that

strength, he would be qualified to save his mother.

But later, he found that even if he reached the Innate Realm, it was not enough, because as his strength improved, he found that the LT Organization was even more powerful than what he had estimated before.

In the end, he thought that as long as he reached the fourth stage of the Innate Realm, he could go.

However, reality gave him a hard slap in the face. Even he reached the fourth stage of the Innate Realm. His trip to the like LT Organization was like throwing eggs against a rock.

Just a few months ago, he thought that

with the Major Perfection Realm of Innate Realm, he could at least have a try for the LT Organization. However, Fausto's appearance dispelled his idea.

Especially on the King's Landing Mountain, the appearance of King of LT Organization shattered all his hopes. At that moment, he could not become happy even he defeated Reid. Because it meant that even if he reached the Immortal Realm, he might not be able to fight against the LT Organization.

Day after day, year after year, when was it going to end?

As far as he knew, his mother had been imprisoned at the headquarter of the LT Organization for six years.

He thought that he had time, with his talent and diligence, he would reach the Major Perfection Realm of Immortal Realm after two years. Even if he was not a match for King of LT Organization, he still had a chance to defeat him with the help of Albert, God of War.

But now, he was running out of time. A text message from Sunny dispelled his idea and he had to go.

He had doubted the authenticity of Sunny's text message, thinking that it might be a trap.

But he had no choice. His mother was too important to him. He had no other choice.

He didn't have much time to prepare. After arranging the affairs, he left at dawn.

He got the location of the headquarter of the LT Organization from the Chou. It was located in a remote mountain forest. By noon, Tom got there.

He could sense that there was a mountain city, which was the headquarter of the LT Organization, deeply hidden in the mountains.

## Chapter 726

Tom took a deep breath and strode over.

The deeper he went, the more he could see that this forest was unusual. From the moment he came in, someone had been staring at him.

The man was also a master of the Innate Realm.

Tom pretended not to know and continued walking.

Now that he was hiding his breath and wearing plain clothes, he looked like a tourist.

When he was on his way here, he was excited, and he thought about a lot of

things, but when he stepped on this land, he calmed down and his mood was also back to normal.

Because he had nothing to worry about anymore. At this point, there was only one way for him to go, so he just had to continue.

Even if he failed on this path, he would not regret it. At least he could see his mother.

The mountain forest was dense, and the trees inside were tall. It looked like they had a hundred years of history, and there were many fierce beasts and poisonous insects inside. Walking inside, Tom had a feeling that he had traveled to ancient times.

Because apart from here, he had never seen such a natural place. There were no traces of human beings at all.

And the mountain forest was huge, which was equivalent to a vast jungle. If Chou hadn't told him, he wouldn't have found the place at all. Even with GPS, it would have been difficult to locate it.

With LT Organization's methods, they must have used high-tech means to block GPS signals. Ordinary people could not find it here. It was also difficult for the hostile forces to find out the exact location.

The master of the Innate Realm did not seem to know him, nor did he see his true strength. His eyes lingered on him

for a while, then he looked away.

Obviously, he regarded Tom as an ordinary person.

Because there were occasionally people who came here to explore. Tom felt that there were several groups of ordinary people here in the mountains and forests. They were all equipped, and obviously, they were fellow travelers who came here to explore.

As he walked, Tom met some of them.

"Hey, friend, are you also a tourist who came to explore the Green Wild Forest?"

Tom was walking leisurely. At this time, seven or eight people came from the side. They were all dressed in

professional clothes and hung with a lot of tools. It was obvious that they were here to explore. Their clothes were made of special materials and were very firm. Ordinary people used knives and could not cut them easily.

They seemed to be quite rich from how they looked like, not from an ordinary family.

Tom nodded, acquiesced, and continued walking.

He didn't want to get too involved with these people. He came here to do something big.

However, just because he didn't want to talk to him doesn't mean that they didn't want to talk to him either.

Soon after they came over, they were surprised to see that Tom was wearing simple, plain clothes.

"Friend, why are you wearing this? Don't you know that there are many wild animals, snakes, insects, rats and ants here?"

A young man in the team opened his eyes wide and said in surprise. The others also thought Tom was too young and naive. Wearing that outfit amounted to killing himself!

Tom didn't want to waste time. He nodded and said, "I'm different from you."

He didn't lie. He was indeed different, but when his words reached the ears

of these tourists, they became arrogant and ignorant. A man among them immediately said disdainfully: "You don't think you're a master, do you? This is Green Wild Forest famous for its ferocity. Even local hunters have to be careful when they come here to hunt."

One of the women, who seemed to be kind-hearted, said, "Friend, it may be your first time to come to the Green Wild Forest and you don't know the dangers here. The conditions here are very bad. We just met a mountain pig and a cheetah on the road, which were especially fierce. If we hadn't been well equipped, something would have happened now... By the way, where are your teammates? We haven't seen them?"

This woman was rather beautiful, and her eyes were clear. He could tell that she was more warm-hearted. Looking at the performance of the other men: their eyes were fixed on her casually, It was obvious that they was interested in her.

Tom would never be unkind to a smiling person. This woman really cared about him, so he wouldn't treat her coldly. He said, "I'm here alone. Don't worry about me. I'm fine."

Hearing that he came alone and was dressed in this suit, all seven or eight of them felt unbelievable. They even thought that Tom was mentally ill. Otherwise, how could he come for death like this?

This was Green Wild Forest. There were many wild animals, snakes, insects, rats and ants inside. The deeper they went, the more dangerous they were. Many tourists who would like to explore would not come here easily.

Moreover, now that they had entered the inner circle, there were already many fierce beasts. Even if there were eight of them, they did not dare to take it lightly. But this guy in front of them was so arrogant... No, it was not arrogance. It was looking for death!

"Are you bragging? Do you know what kind of place Green Wild Forest is? How dare you come here alone? Besides, you don't have any equipment

with you, and you're wearing ordinary clothes. If you meet a fierce beast, you'll be dead!" The same guy said, his tone full of disdain.

He thought that Tom must be trying to make a fuss, or else he was trying to get in the limelight.

However, in the Green Wild Forest, the one who tried to gain the limelight would probably soon be dead.

The others didn't speak, but judging from their expressions, it could be told that they thought the same thing. They thought that Tom was either bragging or crazy.

They were all more experienced explorers, but none of them was so

arrogant. He came alone to the Green Wild Forest, not to mention, completely without equipment.

Tom didn't bother to talk to them. He cupped his fists and said, "I have something else to do. I'll go first."

After that, he turned to leave.

The pretty woman just now bit her lip and said, "Wait a minute!"

Then, she took a step forward and said seriously to Tom, "Green Wild Forest is really dangerous. You are alone and unarmed. You can't live here for two days. Why don't you come with us?"

There was kindness and intolerance in her eyes, as if she couldn't bear to see Tom die like this. At least it was a life.

Tom shook his head. Just as he was about to refuse, he suddenly felt something and frowned.

Looking in one direction, he only saw a dozen tall wolves, their eyes shining with green light, coming over step by step.

"No, there are wolves!"

The group of explorers immediately screamed and panicked.

## Chapter 727

There were more than ten wolves slowly closing in. They were huge. The mountains were dark even under the bright daylight. However, the coldness and the eagerness for blood could still be seen from their eyes.

The faces of the eight explorers turned pale instantly. They felt panicked and frightened when facing their enemies ahead.

Even though they were fully equipped and held crossbows and other weapons in their hands, they were still just people. Not to mention there were three women among them. They could barely win if there were two wolves. However, they were facing a whole

pack of wolves, which were even larger than any of the wolves they've seen before!

Their scalp tingled at once, and they held their breath. They were trembling violently, and their feet were swinging because of fear.

"What... what should we do? Didn't you say this is not the most dangerous part? How come there's a wolf pack already?" The young man who laughed at Tom earlier was now pale, and his tongue felt knotted while speaking. Large drops of sweat fell from his forehead.

"I don't know... We are so in danger now. Why did we run into a wolf pack? This doesn't make sense! We are not in

the furthest area... " The person who was speaking now seemed to be the captain of this team. His face was full of disbelief.

"What should we do now? I'm still young! I don't want to die!" One of the women began to cry, her body trembling violently and her face full of despair.

The captain gulped, trying to calm himself, and said, "We can't fight these animals. We have to go back."

However, his expression froze and he was in despair as soon as he turned around. There were also almost a dozen wolves staring at them, bloodthirsty and drooling all over from their back! The scene took away their

last hope.

Others all turned desperate. They were so scared that their whole bodies were soft, and they had no strength at all, not to mention run away.

"It's over. We'll die here..." The captain gave them a sad smile. "It was all my fault. I'm so sorry..."

Others couldn't blame the captain when they heard his apology. They all consented to this explore. It all started because they loved exploring and were wealthy enough to do it. Their biggest fun was finding the excitement, which was also why they came to the Green Wild Forest. But they had never thought that they would run into a pack of wolves.

Their trembling hands were still holding the crossbows and they were trying to aim at these wolves. However, how could they aim at the target with their hands trembling so badly?

Tom sighed. He had to do something now. However, he would be targeted by the hidden expert of Innate Realm as soon as he helped them out of the situation. It seemed like he had to blow his cover now.

"You'd better not come here again. It's very dangerous." Tom said.

Hearing his words, everyone turned toward him mechanically and looked at him in astonishment. They didn't see

any fear or panic on his face. The pretty woman asked before she could stop herself, "You are not afraid of them?"

Tom said, "There's nothing to be afraid of. They are just a bunch of animals."

Others didn't know what to say when they heard his words. The wolves were indeed a group of animals, but they could tear them apart and eat them alive.

Now, they were even more convinced that Tom was totally crazy. Only lunatics were not afraid of death.

They didn't even bother to talk to Tom anymore. They had to help themselves now.

At this moment, Tom did something

that made everyone extremely nervous. He strode out and shouted at the wolves, "Get lost."

His voice was like thunder, causing the wolves to pause for a moment and then roar.

They were obviously angered by Tom's behavior and started to close in faster.

"What are you doing!"

"Do you want to die?"

"What's your problem? You had to provoke them?"

The whole group thought that Tom was accelerating their death.

Tom frowned slightly. He did not

release much of his aura, only enough for the Extrinsic Peak. He thought that he could scare these animals away, but instead, he angered them.

They were now located at the outskirts of the Raoul's headquarters. If he released enough aura for the Innate Realm, he would definitely be found by the high-level experts of the Innate Realm in the LT Organization. The math didn't match this way.

If that was the case, he could only use his force to drive these animals away.

He turned to the explorers and said, "Stay where you are. Don't move."

Then he strode forward. It seemed that he was going to fight the wolves to

the death.

His action stunned his group members. The pretty woman couldn't help but say, "Hey, what are you doing?"

Others were also puzzled by his action.

Tom turned around and smiled faintly. "They will run away after I kill a few of them."

Lunatic.

This guy must be crazy!

He must be a fool if not a lunatic.

Tom still had things to do. He didn't want to waste time here. He rushed straight at the wolves and began to take the initiative.

With the strength of his Major Perfection Realm of Inborn Realm, dealing with these animals was no different from killing a few ants.

However, he still couldn't bring out the strength of the Major Perfection Realm in the inborn realm. First, there was no need. Second, he hadn't entered Raoul's headquarters yet, so he couldn't reveal his real strength.

He controlled his power at the Extrinsic Peak. It would be more than enough to deal with these animals.

His initiative immediately stroke the wolves. They went crazy and rushed towards Tom. The scene

was terrifying.

The explorers felt deeply frightened, seeing what Tom had done. The pretty woman could not bear to see him being torn apart and covered her eyes.

Everyone thought that Tom would surely die. The wolves would tear him apart.

However, what happened next completely blown up their mind.

Tom snorted with disdain on his face. There was no fear or nervousness at all. Facing the pouncing wolves, he walked confidently and punched continuously. His punch was full of strength, and the angle was accurate. Any wolf which had not touched him was hit by his fist and flew out

instantly. They would then fell to the ground and died on the spot.

Tom had already killed five wolves in less than half a minute, and the rest of them stopped their attacks. Especially at the last moment, Tom grabbed the king of the pack, which was also the biggest one, with one hand, and threw it down to the ground heavily. Other wolves were frightened when he punched the wolf king's head deep into the ground. With a whimper, the rest of them turned around and ran away.

Tom cleaned his hands as if he had just done something insignificant. But all the explorers were stunned.

## Chapter 728

Tom was not surprised by their reaction at all. He had expected that.

After all, most people in this world did not know about the existence of the martial artists.

He walked over and waved his hand, "Okay, you're out of trouble. Don't be afraid. But there are a lot of beasts here. It's dangerous for you to stay here. You'd better leave early. The exploration should be based on reality."

After that, Tom turned around and left, walking deep into the forest.

He already felt that Raoul headquarters was not far from here.

It was not until Tom left and disappeared from the sight of the group of explorers that they came back to their senses and gulped hard, their heads buzzing.

"Did you all see it just now?"

"Yes..."

"This man is too powerful. He forced the wolves back with his bare hands and killed a few of them. Who is he?"

"I don't know either. Maybe he's a master of martial arts..."

The scene just now completely challenged their perceptions. They had never known before that there was such a powerful man in this world.

The three beautiful women's hearts beat uncontrollably when they thought of Tom's heroic look just now. Every woman had a hero in her heart. Tom had just acted like a hero...

The young men who had mocked Tom were now especially ashamed. It turned out that Tom was not a lunatic or a fool, but a real master.

Because of what happened just now, they didn't dare to stay any longer and left the Green Wild Forest.

As Tom walked towards the headquarters of Raoul, he could clearly feel the gaze from the master of the Innate Realm for a long time. In the headquarters of Raoul not far away, there was a luxurious and imposing

hall.

The building with this hall was so huge. It was hard to imagine that there should be such a hall in such a faraway place as Green Wild Forest.

Now the hall was full of people, giving a solemn and chilling air.

In the center of the hall, there was a statue up to 30 meters high, which was made of pure gold and shiny. Ordinary people could not imagine how much such a huge statue would cost!

The statue was shaped as a middle-aged man, who was extremely dignified and unaffected. The bright and sharp eyes made the statue look like a real living person with

consciousness, and people were even afraid of looking at it.

And this statue was made after the King of LT Organization, and the entire LT Organization was named after him.

All the people of the LT Organization worshiped the Saint King Raoul. They did not believe in religions including buddhism, but only in the Saint King. In their hearts, the Saint King was the most powerful god in the world.

Under the statue of the holy king, a woman was crawling, dressed in coarse linen. She was very thin, and her face was unusually pale. She was trembling violently, as if she was in great pain.

In front of her stood a young man who was very handsome. He looked down at her, his eyes indifferent and devoid of any emotion as if the person kneeling in front of him were not a person, but a beast.

"Anna, do you plead guilty?" Fausto spoke faintly, in a god-like tone, judging the thin woman in front of him.

She was Tom's biological mother, Anna.

"Why am I guilty?" Anna raised her head with difficulty and looked straight at Fausto. He did not flinch just because Fausto was the top master beneath the Immortal Realm.

Fausto snorted coldly, "Unrepentant!"

After he finished speaking, he did not

directly hit Anna. He had a small patterned drum in his hand. He began to beat it. Every time he beat it, Anna's body trembled violently. Her expression was extremely fierce, as if she was suffering a great pain.

Bom, bom, bom.

Time and time again, Fausto was beating it faster and faster, and Anna's body became worse and worse. She seemed to be unable to hold on, but she did not shout out. She was extremely tough.

At least a thousand people were present. When they saw this scene, no one dared to speak. Only a few of them could not bear it and showed sympathy in their eyes.

Anna was the Saintess of the previous generation. She was perfect in terms of talent, character and the way she dealt with people and things. Plus her special identity, she once surpassed the four Kings of Heaven of the LT Organization.

Almost everyone respected her and thought that the Saintess would be able to successfully cultivate with the Saint King, become the Saint Queen and even step into the Immortal Realm as the second person to reach the God Becoming Level in the LT Organization!

God Becoming Level was the real pinnacle in the world today.

Thousands of years of human civilization had produced very few God Becoming Level masters.

In today's world, there were no more than five God Becoming Level masters.

What a transcendent existence.

If the Saintess could become the second God Becoming Level master, then the LT Organization could definitely become the world's largest force. It was even possible for it to rule the world in another way!

However, thirty years ago, Anna did something to embarrass the Raoul organization. She left the LT Organization without permission, eloped with a lowly mortal, got

married, and gave birth to a bastard!

This was an unforgivable thing for the LT Organization!

If the Saint King hadn't saved the Saintess at the last moment, she would have turned into dust by now.

With the Saint King being in seclusion for many years, the LT Organization had been seriously undermined, mainly because what Anna had done! Therefore, most people didn't like Anna.

They had tolerated Anna and allowed her to die alone here, but some days ago, that bastard actually provoked the LT Organization and killed Reid, King of Southern State, which was

unforgivable!

By now, Anna was on the verge of death. It seemed that if he beat the drum again, she would die.

Fausto stopped beating and said again, "Anna, I will ask you one last time. Do you plead guilty?"

Fausto's words were deafening. He used his inner power, which was a huge blow to Anna's spirit. She was originally weak and had begun to hallucinate.

She subconsciously wanted to admit that she was guilty, but just as she was about to say it, she woke up and finally said, "I'm not guilty."

The crowd suddenly quieted down,

and Fausto's face darkened even  
more...

## Chapter 729

The Saint King was in retreat. Fausto was the most powerful person in the LT Organization. Even the other three Kings of Heaven had to listen to his orders. They were half a level lower than him.

The Saint King had been in retreat for a long time, and Fausto was used to getting his way in the LT Organization.

But now, he was personally bringing to trial Anna, and Anna dared to disobey him, which was really disrespectful!

Anna was a sinner. If it weren't for the Saint King sparing Anna's life, Fausto would have executed her long ago. He wouldn't keep a traitor's life.

He didn't bother to deal with Anna, but the bastard son of Anna became stronger in the secular world and even went against the LT Organization. That bastard killed Reid. This was unforgivable!

When the Saint King agreed to put Anna on trial, Fausto immediately took action.

"Unrepentant! Go to hell!"

Fausto was furious. He glared and was about to execute Anna.

Anna felt death coming, and her heart almost stopped beating. But there was no fear or regret on her face. She just felt pity that she would never see Tom again.

Just then, a girl in red rushed out of the crowd and shouted, "Master Fausto, please be merciful!"

It was Sunny. Anna was her aunt and brought her back from the secular world. If it weren't for Anna, she would have died long ago. In her heart, Anna was not only her savior but also her mother!

She could not accept watching her aunt die in front of her.

She reached Anna almost in the blink of an eye, she stopped Fausto's attack on Anna.

"Sunny, how dare you!" Fausto was enraged. He slapped Sunny on the shoulder and knocked her out hard.

She hit the post behind her and fell weakly.

Sunny's face was as pale as a ghost. Blood gushed out, and her breath weakened a lot.

Fausto was the Major Perfection Realm of Innate Realm, known as the top master among those who didn't reach God Becoming Level. Even Tom was no match for him. He didn't use all his strength with that slap, but it was still terrifying, and Sunny could not bear it at all.

Anna was shocked, then she yelled, "Sunny!!"

She gritted her teeth, squeezed out her strength, and staggered towards

Sunny. She hugged Sunny and burst into tears. "Sunny, my silly girl. Why are you so silly? I'm a sinner. I didn't deserve this..."

Sunny's mouth was still bleeding, but she didn't cry. Instead, she smiled happily. "Auntie, I said I would protect you... Unfortunately, I'm useless. I can't protect you. Auntie, I failed you..."

Anna was trembling uncontrollably. She hugged Sunny in great pain.

"Fausto! Vent your anger at me! Why did you hurt Sunny? She's innocent! Don't you remember how much Sunny contributed to the organization?" Anna cried out hysterically.

But Fausto was not touched. He was

still stern and stony. He did not care about Sunny's life at all.

To him, Sunny was just a nobody. She was only at the fourth stage of Innate Realm.

He would be willing to teach Sunny if she was obedient. However, Sunny went against him, which was getting herself killed!

He said coldly, "Who else wants to plead for Anna? Stand up."

His eyes swept across the crowd in the main hall, and no one dared to look at him. Even the other three Kings of Heaven remained silent.

Some people who Anna had helped felt that Fausto shouldn't kill Anna, but

they did not dare to say it out. Offending Fausto at this time was no different from asking for death.

Fausto snorted and said sarcastically, "Anna, you are a loser. After all these years in Raoul, no one is willing to plead for you."

Anna was indifferent, and no one could tell what she was thinking.

Only Sunny could feel that Anna's body was cold, her eyes were cold, and her heart was cold.

"Fausto, you want to kill me, then do it. What are you waiting for?" Anna said expressionlessly.

Fausto took a few steps forward to Anna, looked down at her, and said,

"For the last time, do you admit your guilt?"

Anna remained silent.

"Anna, I'm going to count to three. If you don't confess, I'll throw you and Sunny into the Ugly Hall." Fausto said with a fake smile.

Anna's look suddenly changed. "Fausto, how dare you?! I am the former Saintess. How can you put me in the Ugly Hall?"

The others were startled to hear this, and they looked at Fausto with more repulsion.

The Ugly Hall was a special department of the LT Organization. There were a group of inhuman ugly

men. It was the worse hell for the women.

In any case, Anna was the former Saintess and had done a lot for the organization. Moreover, Anna was the Saint King's woman nominally. It was outrageous for Fausto to put Anna into the Ugly Hall.

Besides, Sunny didn't commit any crime. She just stood up for Anna and begged for mercy. It was ruthless for Fausto to put Sunny in the Ugly Hall for that.

Fausto sneered and began to count, "One, two..."

Anna was trembling violently. She was driven crazy. Fausto was a monster to

threaten her with this.

Sunny was also frightened and flustered. She could accept death, but it would be worse than death for her in the Ugly Hall.

Just then, another person stood up and said with a frown, "Fausto, you go too far. Anna is the former Saintess. She doesn't deserve this."

It was an old man with a square face. He was the King of Northern Territory, and he had a good relationship with Anna.

Fausto just looked at him icily. "Are you telling me what to do?"

The King of Northern Territory became timid under Fausto's angry

gaze. He shook his head and said, "I didn't mean that. I want to be fair."

"It's my decision. You have no right to tell me what to do!" Fausto was tough.

The King of Northern Territory was sullen, but he did not dare to talk back anymore. After all, his strength didn't allow him to compete with Fausto.

## Chapter 730

He sighed in his heart. Although he was very unhappy with Fausto, he did not dare to disobey him and could only retreat. He glanced at Anna and couldn't help but feel sorry.

Anna, as the Saintess of the previous generation, was also a martial arts prodigy. At a young age, she was at the level of Innate Realm. With her talents and the resources of the LT Organization, she was able to break through the God Becoming Level and become a worthy Saint Queen.

Unfortunately, Anna finally went astray and fell into mortal world. She married a mortal and gave birth to a child.

Fausto snorted and began to count three.

Just then, Anna said, "I, plead guilty."

It seemed that she said that with all her strength. Her eyes went dull and tears ended, as if she had become a soulless body.

Sunny immediately shouted, "Auntie! You can't confess. You're not guilty at all!"

Anna did not answer her. Instead, she looked up and said to Fausto, "I should bear the consequences of my own acts. Now that I have pleaded guilty, you can execute me. It has nothing to do with Sunny."

When she said this, her face was expressionless and cold.

Fausto said, "She's doom to be punished. Sunny is bold. These days, she has been to H City several times to mingle with Tom, to guide his martial arts, and to cultivate with him. She taught Tom the most sinister power, which made his cultivation soar in a short period of time, resulting in the death of Reid, King of Southern State. It's a great sin."

After a pause, he stared at Sunny with vicious eyes. "Her cultivation shall be abolished and she should be sent to the cold valley!"

"You!!" When Anna heard this, her eyes widened and she went into

furious. Fausto was indeed shameless.

Sunny was not guilty at all. Over the years, she had contributed so much to the LT Organization, and now she got this result!

Many people present frowned, but with what happened just now, no one dared to stand up for Sunny.

They thought that Fausto was going too far, but they could do nothing.

Fausto sneered, as if enjoying Anna's exasperation and helplessness.

Anna took a deep breath and she said through gritted teeth, "Fausto, as the king of Eastern Territory, you are the first person who reached the God Becoming Level, do you want to go

down to a junior's level?"

"Nothing can be accomplished without norms or standards. If Sunny commits a crime, she should be punished." Fausto stood with his hands behind his back, imposing and domineering.

He looked like a young man, but he was incomparably majestic.

Anna could tell that Fausto was forcing her to submit to him in order to retaliate against her earlier rebuttal.

She clenched her fists and finally said, "You just want me to give in. As long as you're willing to let Sunny go, I'll do whatever you want me to."

Fausto said, "Kowtow to me and apologize to me."

Anna was not surprised. Fausto was going to humiliate her in different ways.

If it was just about her, she would rather die than give in, but now, she couldn't let Sunny get involved.

So she let go of Sunny and began to kneel.

Sunny cried out, "Auntie, no!"

Anna did not stop. She was about to kneel.

Just then, from the huge statue in the main hall, a magnificent voice suddenly came, rumbling.

"That's enough. Anna is guilty. Have

her beheaded in the afternoon."

Everyone present heard it clearly.

Everyone trembled, and their faces showed enthusiasm and worship. They knelt down without hesitation and shouted, "Greetings, the Saint King!"

Their voices echoed around the hall.

Fausto's expression changed. He quickly knelt down with reverence and awe.

It was King of LT Organization.

But he did not show up.

But even so, everyone present felt the terror of the Saint King.

He was inviolable.

If Fausto was an emperor, then King of LT Organization was an immortal.

But one of them, hearing the voice of the Saint King, did not kneel down or show worship and reverence. Instead, hatred and anger were filled with her eyes. It was Anna.

It seemed that she had a profound hatred of the Saint King.

But she didn't say anything. She just stood there, motionless.

After a full minute, everyone in the hall ventured to stand up.

Fausto looked at Anna coldly, his eyes flashing with some unwillingness, but

he did not say anything more. Just now, the Saint King gave the order.

He did not dare to disobey the Saint King's will.

He could only announce loudly that drag Anna down, imprison her, and wait for her to be beheaded in the afternoon.

It was not long before afternoon.

In the end, the people in the hall dispersed one after another. Apparitors came to pull Anna and Sunny away.

"Sunny, why are you so silly, alas!"

In the cold, damp, dark dungeon, Anna gave a deep sigh and said.

"I'm about to die. It's not worth your sacrifice for me!"

Sunny's vitality had weakened a lot. Although Fausto's slap did not kill her, she was seriously injured. Fortunately, her life force was strong enough, or she would not have lasted that long.

But even so, she was dying.

She forced a smile and said, "Auntie, you saved me. Over the years, you raised me, educated me, taught me to cultivate, and brought me up. In my heart, you are my mother."

"Unfortunately, I'm sorry I won't be able to save you," Sunny cried as she spoke.

Anna was filled with mixed feelings. She held Sunny in her arms in a trance. A young face appeared before her. She said regretfully and guiltily, "I'm not afraid of death. I had long expected to die. Unfortunately, I won't be able to see Tom before I die. This is my fate. This is God's punishment for me."

After saying this, Anna was extremely sad. She was not afraid of death, but it was a pity that she could not even see her son before she died.

Her words seemed to remind Sunny. "Auntie, don't cry. I've already told Tom. He will come to save us!"

## Chapter 731

"What?!"

When Anna heard that, she was stunned with a strong reaction.

"Did you tell Tom?"

Sunny nodded and said, "Yes auntie, in this situation, only Tom can save us."

However, Anna was so angry with Sunny that she pointed at Sunny and trembled, "Sunny, you're being stupid! You're actually asking Tom to seek death!"

Sunny bit her lip and said, "But auntie, this is the only chance to save you. I can't give up easily."

"You, you..." Anna was very angry. She glared at Sunny for a long time and wanted to scold her, but when the words came to her mouth, she held back and sighed instead, saying, "But have you ever thought that when Tom came, he couldn't save us and could only come to die with us?"

Sunny lowered her head with shame and regret on her face. In fact, before she sent the message, she had thought a lot about it. If Tom came to save them, it would really be a close call. But there was nothing she could do. She could not watch her aunt being executed.

Anna sat down dejectedly.

On Tom's side, he had already reached

the depths of the forest. When he got here, he could clearly feel that he was very close to the LT Organization. Here, suddenly there were no fierce beasts, snakes, insects, rats, and ants, and it seemed so quiet.

He didn't know what technology the LT Organization used. When he looked far away, he couldn't see the appearance of the LT Organization, but he could clearly feel that Raoul's headquarters was right in front of him.

He stood still, his eyes fixed on the front like electricity, and then his lips slightly rose. He had already noticed some clues and found that the LT Organization was right in front of him.

Just as he continued walking forward,

two people came out from behind the big trees on both sides.

They had a strong aura, and figures, wearing the kind of clothes in ancient style, which looked weird in this era.

They stared at Tom and scolded him in a deep voice, "Mortals, stop here. This is not a place you can reach. Leave now."

They were two top men of the Extrinsic Peak, and their strength was not bad.

However, what attracted Tom's attention was not the two of Extrinsic Peak, but the top man of Innate Realm hidden in the shadows, whose cultivation had actually reached the

third stage.

"Mortals?" Tom smiled and said, "You don't have much strength and ability, but your tone is very haughty."

"How dare you?" One of the big men immediately raised his eyebrows and glared at him. His voice was loud and had the power of a lion's roar. Unfortunately, he was just a nonentity of the Extrinsic Peak. Compared with a top master like Tom, he was too weak.

He took a step forward with a straight face and said in an absolutely domineering tone, "Mortal, I don't know how you found this place. Just left quickly! Otherwise, watch our swords!"

He was exceptionally big, 1.9 meters tall, and was especially muscular, looking like an iron tower.

The other big man beside him was equally scary. Visually, Tom was just like a child in front of them.

Of course, Tom would not have any mood swings. He said faintly, "I'm here to visit the LT Organization."

Hearing this, the two men's pupils shrank even more, and a terrifying ferocity erupted in their eyes. They were obviously shocked and realized that Tom was not a mortal, because mortals would not know the name of the LT Organization!

"Who the hell are you! Why do you

come to LT Organization?" The big man looked at him and asked in an inquisitorial tone as if he was going to attack Tom with a Thunder as long as he didn't answer properly.

Naturally, Tom would not be threatened by this situation. He came to Raoul's headquarters today and had never thought of going back.

"I'm here to find Sunny," Tom said.

Another man frowned and asked in a deep voice, "What's your relationship with Sunny?!"

"Friends." Tom said, "What? Do you LT Organization even shut friends out?"

The two men looked at each other and hesitated. Their ranks were very low.

They had no right to make decisions on such matters. They had to ask their superiors and their eyes fell on a place...

Soon, in that place, an old man appeared out of thin air. It was a master of Innate Realm who had been monitoring Tom for a long time, and his cultivation had reached the third stage.

When the two men saw the old man's arrival, their faces showed reverence and they bowed respectfully, "Your excellency!"

The old man nodded slightly and said to Tom, "What's your name and how do you know that our LT Organization is headquartered here?"

His tone was pure questioning, and his posture was dominating, full of superiority and arrogance. As long as Tom didn't answer properly, he would immediately take Tom.

Tom smiled and said, "I believe you've heard of my name."

"Oh? Who are you?" The old man raised his eyebrows as if he was interested. There was also some disdain on his face for he thought that Tom was putting on airs.

But soon, Tom's words stuned him, "I'm Tom."

Sure enough, when the old man heard the words "Tom," his eyes widened and his reaction was strong. A look of

shock appeared on his face and he blurted out, "what?! You are Tom?!"

The two big men were all stunned when they saw the old man's strong reaction. In their impression, The Venerable was a sapiential big man who would not change his expression even the Mountain Tai collapsed in front of him. He had always been in a high position. How could he be so abnormal now?

They were not stupid and immediately realized that the young man in front of them was somebody.

Tom smiled and said, "It seems that you know me, which saves me a lot of time."

The old man's face was now in shock.

Of course, he knew Tom. It could be said that Tom was known by all the seniors in the LT Organization.

Not only was Tom the illegitimate child of the previous generation of Saintess, Anna, but more importantly, it was Tom, who, not long ago, fought to the death with King of Southern State Reid on King's Landing Mountain and killed Reid!

It could be said that Tom was the enemy of the entire LT Organization.

Now, how dare Tom throw himself at Raoul's headquarters? He was too rampant!

The old man's reaction was not slow. When he heard Tom's name, he

immediately realized that Tom's visit to Raoul's headquarters was definitely not as simple as visiting Sunny!

So when he thought about this, he immediately reacted...

## Chapter 732

Without any hesitation, he turned around and ran!

He wanted to return to headquarters of the LT Organization as soon as possible and send back the news that Tom had come.

His speed was very fast. In the blink of an eye, he was tens of metres away.

But Tom was faster than him.

Almost as soon as he moved, Tom moved with him.

Tom was so fast that he seemed to have never moved and remained absolutely still with the old man. So in the eyes of the two men, Tom just took

a casual step and was already behind the old man. Tom grabbed the old man's neck and said with a smile, "Why are you running so fast? Do you want to go back and send a secret message?"

When the old man heard Tom's words, he was frightened. The distance between them was less than half a meter. He only felt his blood froze and there was a bone-chilling coldness, as if for a moment, it was not Tom who followed him, but King of Hell.

"Tom, don't..."

Before he could finish his words, Tom had already grabbed the back of his neck. With a pinch and a crack, the old man's words suddenly stopped. The old man, who was running so fast,

suddenly stopped and lost its support.

An ordinary person who had his neck broken must have died on the spot, but as a master of the third stage of the Innate Realm, he had strong vitality. Although his neck was broken, he was not completely dead.

His eyes were wide open, filled with fear and despair.

The two big men were dumbstruck when they saw this!

Their blood also froze. In their minds, the old man was absolutely powerful and could torture them with one finger. But now, he was subdued by Tom in an instant. How terrifying was Tom?

They were stunned for a second, then came to their senses and immediately began to react. At this time, they knew that they could not escape. What they had to do was to send the signal to remind the people inside!

Their reaction was already fast, but for Tom, their reactions were as slow as a snail.

Tom raised his finger and two silver needles flew out of his fingertips. At a speed faster than the speed of sound, the needles were stabbed into their temples and they both died on the spot.

Tom was never a cold and heartless person. He would not kill anyone if he didn't have to.

But these two big men had an extremely strong smell of blood on their bodies. Tom knew that these two big men had killed a lot of people, so they deserved to die.

Besides, he didn't like the whole LT Organization.

He wasn't cruel, but it didn't mean he was kind.

He just killed people who deserved to die.

The old man was even more frightened when he saw that Tom had killed two big men so easily. He gathered all her courage and trembled, "Don't kill me, please..."

Tom did not kill him immediately. Instead, Tom put him down so that he could breathe smoothly and asked, "What are you going to do with my mother?"

When the old man heard this, his eyes flickered and he did not answer immediately. Tom snorted coldly, and the old man felt the smell of death again. Cold sweat streamed down his face, and he did not dare not disobey. "Fausto, King of Eastern Territory, intends to execute Anna..."

Tom's heart skipped a beat and his eyes became colder. "When?!"

"Just today..."

When he said this, the old man clearly

felt that Tom's eyes were even colder and full of murderous intent!

The old man was afraid again. Tom's strength was too strong. He thought that Tom was almost equal to Fausto in strength...

"Don't kill me, please..." The old man begged.

Tom took a deep breath and relaxed his grip.

Tom did not do anything to this old man because Tom knew that even if he did not kill him, the old man would not live long.

He strode straight in.

He didn't know what kind of high-tech

technology LT Organization used. The door of the LT Organization was right in front of him, but with his naked eyes, he couldn't see it. He had to rely on his own Spiritual Sense to find the direction of the door.

As soon as he came in, Tom immediately felt a subtle resistance, repelling him. It was a wonderful feeling.

But the strength was not great.

Tom stepped in.

When he came in, he saw something else.

Inside, it was like spring all year round and the climate was pleasant. There were retro buildings everywhere, as

well as the fragrant air.

And the people inside also wore ancient clothes. Even those who had the lowest cultivation had reached the Master Realm. Most of the people were at the Extrinsic Peak. There were also a number of top masters of the Innate Realm.

When Tom walked in, he couldn't help but think of a word "paradise."

It was like a retreat away from the world.

It turned out that headquarters of the LT Organization was like this. Tom took a deep breath and had mixed feelings.

His entrance had caused no surprise, and even the passers-by did not pay

much attention to him.

Because in their impression, the headquarters of the LT Organization was an absolute secret. Even the executives of the H Country could not find their headquarters with high-tech technology. They had been living like this for decades.

Even if Tom looked strange, they just thought of him as a new member.

So when Tom came in, he was more relaxed.

He couldn't be nervous when he found out about this. But he wasn't completely relaxed, because he still had important things to do.

He walked all the way in, intending to

find Anna, his mother, and Sunny. The best and safest way was to secretly take his mother and Sunny away without alerting the LT Organization.

It had to be said that the headquarters of the LT Organization was really big. He had been here for more than an hour, but he had only seen part of it. The more he wandered, the more surprised he became. Before he came here, he would never have thought that the headquarters of the LT Organization was so huge that it could be called a small city!

There were not only powerful martial artists, but also various high-level scientific research experts in biology, communication, machinery, medicine, military and so on.

No wonder even H Country was so afraid of the LT Organization. The strength of LT Organization was too horrible!

The more he wandered, the deeper Tom's heart sank. If he couldn't find Anna, his mother, and Sunny, it would be really difficult for him to take them out!

Just then, he heard someone discussing behind him, "Have you heard that Fausto, King of Heaven, is about to execute the previous Saintess and Master Sunny..."

## Chapter 733

When Tom heard this, his heart skipped a beat and he stopped.

"What were you talking about? The former Saintess and Master Sunny are going to be executed? What crimes have they committed?" Tom immediately turned around and asked in a deep voice.

When the two of them saw him, they were slightly stunned. Obviously, they had not seen him or recognized him.

"Haven't you heard of such big news? You are so uninformed. Did you just come back from outside?"

"Well. Isn't this news already spread

throughout the organization? Why don't you know? Not long ago, Master Fausto brought the former Saintess to the hall to denounce her publicly for her crimes."

The two of them did not suspect Tom. They both thought that Tom had just returned from a mission outside and it was reasonable that he did not know about this matter.

They were obviously small fries in the LT Organization. Their positions were not high and they had never seen a photo of Tom, or they would not be so calm.

Tom's eyes flashed with coldness, but he did not show it. Instead, he said calmly, "Yes, I just came back from

outside. I don't know about this yet. Seniors, please tell me about it."

He called them seniors, which pleased them. They looked more friendly and they straightened their backs unconsciously. They, practitioners in the Master Realm, were at the lowest level in the LT Organization and always called others seniors. It was the first time they were called seniors and they felt very satisfied.

"Ha ha, junior, then you are so lucky to meet us. We know this very well."

Then, from the two of them, Tom knew what had happened in the hall of the LT Organization.

In the middle, he held back his fury

several times!

When he heard they said that Fausto was going to throw his mother and Sunny into the Ugly Hall to be bullied. He was in a towering rage and almost burst out roaring!

He clenched his fists secretly, and his anger and hatred for Fausto extremely intensified.

"In the end, what happened in the end?" Tom asked, trying to control his emotions.

"In the end, the Saint King appeared and announced that he would behead the former Saintess and Master Sunny in the afternoon, and Fausto detained them in the prison."

"Anything more?" Tom's eyes flashed with wit and he pretended to ask casually, "Where are they locked up?"

One of them shrugged and said, "Then I don't know. By the way, why do you have to know it so clearly? Do you know the former Saintess?"

The other person squinted at Tom.

If it was someone else, they might have panicked at this situation, but for Tom, how could he expose himself? He acted as usual, thinking of a reason and paltered with them. These two people were not suspicious.

"This King Fausto is too dictatorial. Since the former Saintess did not make any big mistakes, it is not appropriate

to suddenly execute her." Tom said deliberately with displeasure.

Immediately, they glared at him. "Hey, you're courting death. You dare to criticize the King of Heaven in the headquarter. If King Fausto knows it, you are doomed!"

"That's right. You, a nobody, dare to speak ill of the King of Heaven behind his back. You are courting death!"

Tom pretended to be frightened and lowered his voice. He still said in a somewhat unconvinced tone, "I'm telling the truth. The former Saintess did not betray the organization, so she could not be punished to death. As for Master Sunny's result, it's even more unreasonable. She just stood up for the

Saintess of the previous generation...  
So I thought that Fausto was too dictatorial. It was purely public revenge!"

When they heard that Tom still dared to say that, they were even more afraid and regarded him as a fool. However, they were not determined. Hearing Tom's words, they also felt that Fausto indeed went too far. They indeed didn't hear anything bad the former Saintess had done to disgrace the organization over the years, and only knew that she had been under house arrest.

"There's something you don't know about this. It wasn't her fault, but her son's. A while ago, he had a life-and-death battle with the King of Southern State. Her son killed him. This is a great

sin. The former Saintess must be blamed."

"As for Master Sunny, I heard that she's been very close to the son of the former Saintess these days. She even had sex with him. That's why her son has progressed so rapidly..."

This man wanted to continue but was stopped by his companion. So he stopped.

He immediately pulled a long face and said to Tom in a commanding tone, "You're just a nobody. Why are you gossiping so much? You'd better care about yourself!"

Tom did not say anything but nodded, indicating that he had agreed.

He had already known the key information. Now he was worried, angry, and had a strong impulse to kill Fausto and make a big fuss here, but he held back!

The severer the situation was, the calmer he must become. His priority now was to quietly take his mother and Sunny out.

As long as he left, there would be plenty of opportunities for revenge in the future!

Thinking of this, he took a deep breath, calmed himself down quickly, and began to look for the dungeon where his mother and Sunny were imprisoned.

Unfortunately, he was really not familiar with this place. Moreover, he didn't want to attract others' attention nor appear in front of masters in the Innate Realm. So he searched on his own for half an hour and failed.

At this moment, he suddenly heard some noise and immediately looked in the direction of it. His pupils constricted.

He saw her mother, who was shackled, and Sunny, walking forward with difficulty, surrounded by a group of people!

Her mother had blood all over her body, her face was sallow, her body was very weak, and her spirit was very low. He could tell at a glance that she

had suffered a great deal.

Sunny, on the other hand, was even more flustered. Her breath became weaker and she was dying. Even walking became a difficult thing for her. She was obviously seriously injured on her left shoulder, which made her whole body hard to move.

Seeing this, Tom clenched his fists. He was really furious and sad!

He wanted to rush over and save his mother and Sunny by force!

But he held back because he knew that if he did, he would be doomed.

There were too many masters here. Even if he was a master in the Major Perfection Realm of the Innate Realm,

in this case, with two injured people, it was impossible for them to escape.

He had to think of a safer way!

## Chapter 734

Taking another deep breath, Tom forced himself to calm down and his mind was racing.

He must keep his cool in such a critical situation.

First of all, he was sure that there was no way he could have taken his mother and Sunny away from the powerful LT Organization full of masters by forceful attack alone.

Besides, there was also the Saint King. He was extremely powerful and his strength was beyond the realm of mortals.

So Tom thought that he had to try a

more subtle approach.

But he hadn't figured it out yet.

In this short time, Anna and Sunny were led by many people to a majestic place.

There were almost three thousand people here, all of whom were members of the LT Organization. A large part of them were masters at the Extrinsic Peak, and there were also many top experts of the Innate Realm.

Their power was terrifying.

When Tom saw this, his heart sank.

He was no match for so many masters here.

It seemed that the possibility of him taking his mother and Sunny out this time was extremely slim.

At this moment, Tom thought of many things. He was never afraid of death, but he was afraid that his death would make many people sad.

He sighed in his heart. Now, he had no choice but to grit his teeth and carry on.

If he was destined to die young, he would accept it.

Soon, Anna and Sunny were brought to the center. There was a huge stage and a huge cauldron, which looked like a place of worship.

Anna and Sunny knelt down. Tom was in the crowd. Looking at this scene, he

clenched his fists.

"Hey, it's you? Where did you go just now? We've been looking for you."

It was the two nobodies who had just talked to him. When they saw Tom, they immediately came over to greet him and patted Tom's hand affectionately.

But Tom was not in the mood to talk to them.

"What, are you still thinking about our conversation just now? Listen, you are just a nobody. Watch what you say and do, okay? Look, Fausto, the King of RL Organization, will be here soon."

"Bro, you are a good person. When Fausto executes these two, let's go for

a drink together!"

The people around all thought Tom was strange to them. They had never seen him before. They all looked over and asked which department Tom was from, but Tom did not answer them. They thought that Tom was shy and were more convinced that Tom should be a newcomer.

After a while, Fausto appeared. He seemed to have come from the heaven and suddenly appeared on the altar. His clothes were fluttering in the breeze, and he looked like an immortal.

He came with two other Kings of Heaven.

"Anna, as a Saintess, you didn't

maintain your moral integrity. Instead, you had sex with an ordinary person and gave birth to an illegitimate child. You are shameless and humiliated the organization..."

There was an old man, who was holding a scroll in his hand, began to recite Anna's sins. He read for ten minutes, enumerating her crimes. In his mouth, Anna became a fickle and shameless woman.

Tom, who was in the crowd, clenched his fists tightly as he listened to these crimes. His anger erupted like a volcano!

Finally, the old man looked down at Anna and said in a judgmental tone, "Anna, do you acknowledge your

guilt?"

Anna bit her lips tightly. After hearing these false accusations, she lowered her head and trembled uncontrollably. She knew Fausto's vicious intentions. Fausto just wanted to frame her to be an unpardonable sinner, so as to show his justice!

However, she really had no choice now.

Everyone present fell silent, held their breath and stared at Anna to see if she would plead guilty.

The old man frowned and scolded, "Anna, I'll ask you one last time. Do you acknowledge your guilt?"

Anna looked up. Her lips were pale and there was not a trace of blood. She

pleaded, "Yes, but can you let Sunny go? She's innocent."

She said this to Fausto. She was begging him.

Fausto kept a straight face and was unmoved. "Anna, this is not the time for you to bargain."

Anna bit her lips tightly. She knew what Fausto meant. If she didn't plead guilty, he would throw her and Sunny into the Ugly Hall...

It had to be said that Fausto was despicable and did not have the demeanor of the King of Eastern Territory, but she had no choice but to obey him.

"I plead guilty..." She said this as if all

her strength had been drained and she knelt there like a statue, lifeless.

The corner of Fausto's mouth rose and a satisfied smile appeared on his face.

Then, the old man continued to read. He went on and on about Sunny's crimes for five minutes.

The main point was that Sunny had secret communication with Tom and betrayed the LT Organization, so she would also be sentenced to death!

"Sunny, do you plead guilty?!"

Sunny was on the verge of death. She was so weak that if she didn't have a strong will, she'd be dead already.

"Can you let Saintess go? She has never

betrayed the organization and never left the organization again. Why do you do this to her?" Sunny asked.

"How dare you!" The old man shouted angrily. "Sunny, you show no respect for the Saint King or the organization. It's a capital crime. Come on, excuse her immediately!"

As soon as he finished speaking, two large, shirtless men strode over, holding two 1.5-meter-long machetes in their hands. They stood in front of Anna and Sunny, one left and one right, raised the machetes, and prepared to cut off Anna and Sunny's heads at Fausto's command!

On the altar, there was a sundial. When the time was up, the execution would

take place immediately.

Seeing that it was almost time, everyone focused and watched closely.

"Time is up. Do it!"

Fausto opened his mouth and spoke in an absolutely commanding tone. With a wave of his hand, he threw out two tokens with Anna and Sunny's names on them.

When the executioners received the order, a murderous intent appeared in their eyes. They slashed at Anna and Sunny, aiming carefully.

Anna closed her eyes and sighed. She was extremely regretful and unwilling. Tears welled up in the corner of her eyes and she whispered, "Tom, I'm

sorry. Goodbye, my son..."

## Chapter 735

Just when the executioners were about to chop off, two coins flew out of the crowd. The coins were faster than the speed of sound in the air and they seemed to have torn the air part.

In the blink of an eye, the choppers were hit by the coins in the air. There were two loud clangs. It was so loud and sparks could be seen on the choppers. The executioners screamed and threw their choppers. The part of the hand between the thumb and the index finger bled. It could be seen that the coins were more powerful than ordinary bullets!

The sudden change attracted the attention of everyone present. They

were all stunned and unable to react for a moment. They did not expect that someone dared to stop them at this time. He was asking for his death!

Fausto was quick to react. His sharp eyes looked at the crowd like arrows!

Soon, others slowly came to their senses. They looked around and didn't know what happened.

Although Tom made a move, he hid all his breath and his intention of murder. Everyone present, including Fausto didn't find Tom for a moment.

"What's going on?"

"Why were the choppers of the executioners' blown away? What happened? Did anyone do anything?"

"It's impossible. We are at the headquarter of LT Organization. Who dares to oppose Master Fausto?"

"Wait and see. I have a prediction that something strange will happen..."

Many people began to discuss.

Anna and Sunny thought they were done. They were desperate and waited for death. But after a long time, they realized something wrong.

But the sound was especially strange. They were stunned and opened their eyes.

Fausto narrowed his eyes. He was very angry that someone caused trouble. He didn't respect him at all. It was

unforgivable!

He narrowed his eyes and looked at the crowd carefully. He said coldly, "Who did that? Come out!"

He was especially angry that someone challenged his authority in the LT Organization! If he found him, he must torture him to death.

However, he didn't find him, which made him even angrier.

He was furious. He was in a daze and focused on Anna, so he didn't find him in the first place.

Everyone present felt Fausto's anger. They shuddered and lowered their heads. They did not dare to look at Fausto for fear that Fausto would

misunderstand them.

But they were also very curious. Who had the guts to go against Master Fausto at this time?

Fausto said for a long time, but no one came out. He looked angrier and cold. It sounded that he would kill him. He said, "Don't you dare to admit it? I've already known who you are. You have three seconds. If you don't come out, I won't be kind to you!"

Three seconds later, no one came out. Fausto was furious. He gritted his teeth. He had no choice but to ask the executioners to continue.

Sunny changed her expression. Suddenly, she thought of something.

She was not desperate. She suddenly became excited and hopeful.

Anna also realized that Tom came!

She was not surprised. Instead, she was worried and biting her lips tightly.

At this moment, Tom said in the crowd, "Fausto, you are not so strong. You claimed yourself the top master of God Becoming Level, but you can't even find me."

When Fausto heard the familiar voice, he looked colder. He suddenly looked in the direction of Tom and found him...

He was shocked. It was not his first time to see Tom, but he didn't expect him to have the courage to appear here.

The people next to Tom, who had been very confused, were stunned to see him too. And the two ordinary people next to him were dumbfounded.

"You, you, you..."

They stared at Tom and were unable to even speak clearly. They breathed fast and felt their scalp tingled.

Tom turned around and smiled at them. They said, "I forgot to tell you that I am the man who has killed Reid."

Hearing it, they couldn't move. They had never been so shocked or subverted and couldn't think.

Besides them, other people around him and those who had spoken to Tom

were stunned. They had never met other big shots before.

Tom walked out of the crowd. Everyone in front of him quickly dispersed, not daring to be in his way.

"Tom!"

Fausto gritted his teeth and called him. He exuded his aura without reservation. A strong wind rose from his side, making more than two thousand people present shudder.

Anyone could tell that Fausto was really furious.

But Tom didn't care about him. He stared at his mother, Anna. In an instant, he had complicated feelings.

He missed her and he was guilty, regretful, angry, happy and joyful...

He had many feelings in his mind.

"Mom, I'm sorry. I'm late." Tom walked up to Anna slowly and said guiltily.

When Anna saw him, she couldn't stop crying. Tom was her only concern in the world. She even wanted to see him in her dream! But she never expected to meet him now.

Tom, you've grown up..." Anna had a lot to say but couldn't say. She kept crying.

The people present were extremely moved.

Most of them knew Anna. She was the previous Saintess and she was also the

most outstanding Saintess. But they had never seen her so soft.

The mother-son relationship was the purest and most intense emotion in human nature and no one could give up the relationship.

Tom knelt down in front of Anna and felt her deep love when she caressed his face. He felt that the trip was worth it, and he finally got back what he lost in his life.

## Chapter 736

Sunny witnessed this with tears streaming down her face. She felt that it was a wise choice to call Tom over.

Everyone present quieted down. They just looked at Tom and his mother in front of the altar who had finally met after a long time.

Fausto did not make a move immediately but looked down at Tom coldly with a cruel sneer.

He was surprised to see Tom here. Since that was the case, he could kill Tom directly without making efforts to find him.

Fausto had never thought that Tom

could escape since he was here.

He was pleased and no longer in a hurry.

"Tom, you're here. Good, great!" Fausto burst into laughter. "You're risking your neck! Ha ha ha!"

He arrogantly thought Tom was meat on his chopping block.

When Anna heard Fausto's words, she immediately realized what he meant and said anxiously, "Tom! Fausto is vengeful. He will not let you go... Alas! Tom, you shouldn't have come here."

Tom did not panic at all, but gently wiped the tears off his mother's face and said, "Mom, don't worry. I'm here to take you away."

Fausto seemed to have heard a joke and laughed again, "What a joke! You want to take Anna out? You're daydreaming! Tom, you will die today! No one can save you!"

Tom ignored Fausto. He looked at Sunny, held Sunny's hand and Sunny trembled, and her pale face gradually blushed. Tom said, "Thank you, Sunny. I'll take you and my mother out together."

Sunny was convinced by his serious look and subconsciously nodded. "Okay..."

"Is his the bastard that the previous Saintess gave birth to? Isn't his father a mortal? How dare he break into the

headquarters?"

"He may be eager to save his mother! I admire his courage!"

"In my opinion, he's stupid. He's doomed since he's here!"

"Not necessarily. He has defeated King of Southern State Reid. Maybe he can succeed."

"But he's young and has an extraordinary demeanor. It seems that he is not even thirty years old yet. How could he have such cultivation? Even Reid, King of Southern State, was defeated by him! But he's reckless. If he cultivates more and reaches God Becoming Level, he will be invincible. Unfortunately, he's doomed..."

The crowd was whispering, and most of them thought that Tom would definitely be killed due to his recklessness.

But they admired Tom's courage. Even though death was waiting for him, he still came here to save his mother.

Fausto came down from the altar with an overwhelming aura. Anna could not bear it and her face turned pale. But she protected Tom behind her. As a mother, she must protect her son. "Fausto! My son is innocent! Don't involve him!"

"You all have to die." Fausto sneered.

Anna knew that Fausto wouldn't let Tom go. She immediately turned

around to say to Tom, "Tom, run. Don't worry about me. Run now!"

Tom held her hand and said seriously, "Mom, don't worry. I won't run. I will save you and Sunny out. I won't break my word."

Anna was stunned, then she said anxiously, "You don't know where this is. You can't save me! Listen to me, run!"

Tom stood up and said to Fausto, "Fausto, it's said that you're the greatest master among those who haven't reach God Becoming Level. I'll challenge you today. I wonder if you dare to fight with me."

He said that with overwhelming

momentum and it seemed that even heaven was shaken. A rumbling sound echoed.

Every member of the LT Organization present felt Tom's momentum and was shocked!

They looked at Tom with surprised eyes. Those at the bottom of the LT Organization felt it was incredible that a nobody, who had just joked with them, was actually a great master of Major Perfection Realm of Innate Realm. And Tom even wanted to challenge Fausto. It was beyond their imagination!

Then they looked at Fausto to see how he would respond.

The sword snorted, "You brat, how dare you challenge me?"

"Why, are you afraid? It's said that you're the greatest master among those who haven't reach God Becoming Level, but I think you're just a coward!" Tom tried to provoke him.

"Shut up!" Fausto shouted, and a ferocious momentum emanating from him. Everyone who didn't reach the Innate Realm could not bear his anger and they knelt down in fear, trembling.

Tom took a step forward to blocked Fausto's momentum, so Anna, his mother, and Sunny were not affected by Fausto's momentum. Otherwise, they would have been scared.

Fausto was malicious.

"Take him down!" With Fausto's order, many experts of Innate Realm rushed out of the crowd. Their cultivation was great, and if they attacked him together, Tom was indeed unable to escape.

Anna became anxious, grabbing Tom's hand nervously. She was not afraid of death, but she was afraid to see her son being killed in front of her.

Tom was not worried at all. He squinted at Fausto and said, "Fausto, you know my strength well. If I decide to kill them, I wonder how many members of LT Organization will die."

Fausto's face darkened when he heard

this.

Tom was right. Although Tom was unable to leave the LT Organization alive, it was also impossible for him to capture Tom without his men being hurt.

They were at the headquarters of the LT Organization, and they should have gained the upper hand, but now Tom was taking the advantage.

## Chapter 737

Fausto's expression was extremely gloomy.

"Tom, think carefully about it. If you dare to do this, you won't be able to protect your mother and Sunny!" Fausto's words were like thunder crashing in the sky, which were unusually frightening and nerve-provoking.

Tom was not afraid at all. He seemed to have predicted everything and said calmly, "Anyway, I have prepared to die along with you before I came here. Let's see who's losing more."

Hearing this, the people around them suddenly looked frightened and took a

few steps back.

Fausto's face darkened even more!

He was dripping with sweat. Even if he could surely win Tom with his cultivation, it was impossible to stop Tom in a short time if Tom really wanted to kill someone here.

With Tom's level of cultivation, it was very easy to kill someone. It would take only one minute for Tom to kill hundreds of people. He could not afford this kind of loss.

"Tom, you're getting yourself into trouble!" Fausto stared at Tom and racked his brains, trying to figure out if he could make a sudden move to subdue Tom.

With such a short distance between them, he could reach Tom in a blink of an eye. And if he attempted to kill Anna and Sunny, Tom wouldn't be able to stop him.

But he was sure that once he did that, Tom would definitely go crazy, and he would be unable to bear the consequences then.

The only way to stop Tom was to ask Saint King for help. As the most powerful cultivator at God Becoming Level, he could easily seize someone of the Major Perfection Realm of the Innate Realm.

However, Fausto was not sure about what Saint King was thinking now. Tom had been around for a while, and it was

impossible for Saint King to know nothing about him.

Saint King should have noticed something since the moment Tom stepped into the headquarters. But Saint King never made a move, which made Fausto confused.

Was it because Saint King admired Tom's talent or there was anything in Tom that could be made use of?

In an instant, a lot of things crossed Fausto's mind. He wanted to make a move several times, but he stopped.

He stared at Tom and snorted heavily, "Tom! You are so daredevil. You dare to act presumptuously in Raoul's headquarters. Do you think you can do

anything you want because you are now in the Major Perfection Realm in the Innate Realm? This is the territory of the Saint King. As long as his highness gives an order, you will be torn apart!"

Fausto deliberately said this out loud to see how the Saint King would react.

After hearing that, Tom didn't react much, but Anna and Sunny both frowned and felt upset, because Fausto was right. If Saint King took action, then Tom really had no chance!

The people present looked calmer. Yes, they had the Saint King at the God Becoming Level, so they didn't have to be afraid of Tom at all.

However, just then, a voice sounded from the sky, "Tom, are you willing to trade your life for your mother Anna's life?"

The voice clearly reached everyone's ears. It was not too loud, but it was full of authority, which made people's hearts tremble with a strong desire to submit. Even Tom, hearing this in an instant, subconsciously wanted to kneel down and shout "Long live the King".

Fortunately, he was strong-willed, and he was able to control his impulse immediately.

Tom's eyes flickered slightly. He was a little surprised, but he also had expected this. There was a trace of

relief in his smile.

"I do." He said this calmly, but his words showed unprecedented determination. He would not regret it at all.

As soon as he finished speaking, Anna immediately shouted, "I don't want to! Raoul, if you want to kill or hurt me, just come at me! Don't touch my son!"

The King of LT Organization's voice sounded again, "Only one of you can live. Either you die or your son dies."

The way of heaven was merciless. Now Raoul's voice was the way of heaven. And he wouldn't show mercy to ordinary people.

"I am willing to die, and my son should

live on!" Anna shouted as if she had used all her strength.

She wanted to say something else, but Tom knock her on the back of her neck to make her pass out. Her voice stopped abruptly. Tom gently laid her on the ground, then stood up straight and said to the sky, "Saint King, I am willing to die for my mother. If you want to kill me, then do it."

Sunny bit her lips tightly, and she also stood up and said, "Saint King, Anna and Tom shouldn't die for this. I am the one who should die. You can kill me! I am willing to die for them!"

After saying that, Sunny knelt down. Weak as she was, she also began to kowtow.

Everyone stopped talking and looked up at the sky, as if the King of LT Organization were in the clouds.

Tom said, "Saint King, I know I killed the King of Southern State Reid and made a big mistake. But I am willing to make amends."

"Are you trying to replace King of Southern State?" The Saint King said immediately, without any hesitation. It seemed that he was the smartest person in the world, and no one could hide his thoughts from him.

"Exactly." Tom nodded vigorously, which was also why he was so brave to enter the Raoul's headquarters alone. He knew that since the King of LT

Organization had told him so in King's Landing Mountain, it meant that he still appreciated him. In other words, for the Saint King, it didn't matter who was King of Southern State, as long as there was one. And since he, Tom, had killed Reid, it meant that he was stronger than Reid.

The Saint King was silent, as if he was pondering.

The people present, after seeing this situation, were also shocked. If Tom's wish came true, it meant that he was not only spared from punishment but actually got promoted!

Fausto's face suddenly changed. He hadn't expected Tom to do this!

Before, Reid was not a big threat to him. He had absolute confidence that he could suppress Reid with absolute power, but Tom was different. He made progress as fast as a rocket soaring into the space. He had never seen anyone with such speed of cultivation.

Once Tom became King of Southern State, Tom would be a great threat to him. In another two years, it was likely that he wouldn't be the best in the LT Organization!

Anyway, he had to stop this from happening.

## Chapter 738

"Your highness, this is not the right time!" Fausto couldn't wait but stood up immediately and said loudly, "Tom is an alien in our organization. He is the huge taint of the organization and will bring you into discredit! Besides, he had killed Reid, the King of Southern State. What an unforgivable crime! If your highness doesn't execute him, I'm afraid it would be difficult to satisfy the public."

He said this in a hurry.

Suddenly, all the people turned their eyes on him with different facial expressions.

Many people frowned, thinking that

Fausto was out of his mind. How dare he say such harsh words?

After Fausto finished, he realized that he had said something wrong, his face getting much paler. As a subordinate of the Saint king for many years, he knew him better than anyone else. The Saint King was an absolute dictatorial leader who particularly cared about the rules and never allowed his subordinates to question him, especially to teach him how to judge!

Sure enough, the wind and clouds immediately surged in the sky, even accompanied by a rumbling voice as if heaven was angry. The Saint King questioned him in anger, "Fausto, are you teaching me how to be a leader?"

"I dare not!" Fausto's face turned pale at once and he quickly fell down, begging for the King's forgiveness.

"Hmph!" The Saint king snorted impatiently. The sound was as terrifying as a shell exploding around him. Fausto was even more frightened.

Tom felt the power of the Saint king just now and was enormously shocked. He had already seen the power of King of Luo Tian before on Mount Junlin, but at that time, he was far away from him and didn't feel the strong power like today. Now, the feeling was completely different. In just a moment, he almost lost his breath and went blank.

After all, he was already at the highest

level of the Major Perfection Realm of Innate Realm, only a half-step from the God Becoming Level. However, facing the person on the God Becoming Level, he knew that there was still a large gap between them.

For him, it was a horrible power, let alone for others. They knelt... no, they just crawled on the ground, not daring to move.

Then, the Saint King seemed to cool down and said casually, "Tom, tell me a reason why I shouldn't kill you."

Tom took a step forward, bowed to him, and said respectfully, "Your highness, I have never had the intention to oppose you. I had no choice but to kill Reid. But I know I had

made a big mistake and didn't expect to escape the punishment. Today, I came to headquarters of RT Organization to atone for my sins. I was the one who caused Luo Tian organization to lose a valiant helper. I pleaded guilty. It was a pity that a dead man cannot be restored to life. The only thing I could do was to make amends for my fault by replacing the King of RT Organization."

After a while, the Saint King began to speak, "Tom, you should clearly know that being the King of Southern State of Luo Tian is not an easy task."

Tom was delighted to hear this, saying, "I'm willing to try!"

If he could really become the King of

Southern State, then not only could he save himself from danger, but also strengthen his capabilities. He could kill two birds with one stone!

Fausto gritted his teeth with anger. He extremely wanted to kill Tom, but he didn't dare to and couldn't do it now.

The Saint King then said, "I can give you a chance. As long as you can defeat Fausto, you are qualified to be the King of Southern State. But if you lose, not only will you die, your mother Anna and Sunny also have to die."

Tom's heart pounded. At this point, he had no choice but to have a go.

When Fausto, who was kneeling on the ground, heard this, he felt joyful at

once and showed his cruel smile, assuming that the Saint King still wanted to kill Tom.

Ni Chang immediately became anxious. She didn't think Tom could defeat Fausto.

Tom thought for a while, looked up, and said, "Your highness, it's my honor to accept it."

"Okay." The Saint King said, "Tom, you and your mother's lives are in your hand now."

It seemed that he had another meaning.

Tom nodded hard, and his sight became sharpened.

He and Fausto looked at each other. He could clearly see the murderous intent in Fausto's eyes, which could almost engulf him. Tom could not help but feel the coldness in an instant even he had achieved such a high level of cultivation.

However, he was not afraid at all, because he was well prepared before he came. This was the best condition he could think of. Next, it all depended on his ability.

Ni Chang's lips moved slightly, then she dearly looked at Tom, "Come on."

Tom smiled brightly and said, "Don't worry, I'll win."

After that, he strode out and

disappeared in two or three steps.

Fausto snorted unpleasantly, not paying any attention to Tom at all. After a few times, he disappeared and suddenly appeared on another mountain.

This mountain was not very big, and a piece of it was cut in the middle, showing a field of tens of thousands of square meters with many potholes on it. Obviously, this place was especially used for people to duel.

Fausto appeared here first. He was still dressed in a white robe, floating in the wind. After cultivation, he looked no different from a young man even though he was obviously an old man who was almost 60 years old.

Tom followed him and stood at the opposite, less than 50 meters apart. This distance, for their realm, was just a distance that could be reached in an instant.

Not long after, the people on the altar chased after them one another, but they did not dare to follow them up to the mountain and only watched from afar. They knew that at the level of Tom and Fausto, their power was extremely terrifying. If they got too close, they would definitely be hurt accidentally!

But even so, they were excited.

You know, this was a battle between the people in Major Perfection Realm of the Innate Realm. This was too rare

to be seen. Those masters of the Innate Realm were even more excited because they knew if they could watch it from the beginning, it would be extremely helpful to them!

Fausto stood with his hands behind his back and looked at Tom calmly. He was still a little emotional and admirable about him. Just three months ago, Tom was just a little ant in the fourth stage of the Innate Realm and couldn't even catch his slap. At that time, he just chased after Tom for fun and did not take him to heart.

But he didn't expect that not long after that, Tom, an ant, had grown to be so strong that he could have a fight with him.

For an arrogant man like him, it was a very unpleasant thing.

However, it would end here.

Today, he would kill Tom with his own hands to complete what he had not done three months ago.

Tom was a genius rare to be seen for a thousand years. If given him a few more years, he might really become a strong master at God Becoming Level.

However, a dead genius was not a genius.

## Chapter 739

"Tom, I have to admit that I underestimated you. You have made great progress."

Fausto spoke and looked down at Tom arrogantly. He was not in a hurry to make a move. In his opinion, although Tom was qualified to fight with him, Tom was still not his match.

As the most powerful person under the God Becoming Level, he had this confidence.

If it had been three months ago, Fausto would never expect Tom to become so powerful. Otherwise, he would never have underestimated Tom and would have killed Tom at that time.

Tom looked at Fausto and sighed. When he stood in front of Fausto back then, he was indeed a nobody. Even he himself did not expect that he would progress so fast.

"But you're done today." Fausto sighed, shook his head as if he felt pity for Tom's fall. In Tom's eyes, he was just putting on airs.

Tom sneered. "Indeed, but it's you who will be done."

After saying that, he revealed his real power, causing people to feel great pressure.

They knew that Tom was very strong. As the person who had killed Reid and challenged Fausto, his cultivation

could not be underestimated. But they had never seen Tom's real strength after all. But now, Tom showed all his strength. His unprecedented aura made them so uncomfortable that their hearts beat faster.

In their mind, Tom's image was constantly rising. In an instant, he became an invincible giant.

"This Tom is really terrifying. No wonder he dared to challenge Master Fausto!"

"The son of the previous Saintess is fairly remarkable."

"Can he really defeat Master Fausto?"

"Maybe..."

The people who sensed Tom's power wavered in their opinion.

Of course, there were also quite a number of people who did not believe in Tom. They had absolute confidence in Fausto because Fausto had been invincible. Fausto's reputation of being called the strongest person under the God Becoming Level was earned by his own efforts.

Sunny, who was in the crowd, looked up at Tom. She was unusually excited. She could not help but recall the scene when she first met Tom. At that time, Tom only had the cultivation of the second stage of the Innate Realm. To her, he was just a child and needed her protection. But now, in less than a year, Tom left her far behind and became a

person who could protect her.

Fausto did not respond. He just narrowed his eyes and looked at Tom coldly as if watching an unbridled child.

Finally, Tom's momentum reached a peak, making Fausto feel the pressure.

"Not bad." Fausto said indifferently. Then, he made a bold move and rushed towards Tom.

His speed had reached an extreme state. Ordinary people had to see clearly his move.

If Tom was compared to a balloon, then Fausto was a needle, fast, sharp, and could pierce the balloon at once.

But how could Tom let him win so

easily? In fact, at their level, they didn't rely on physical attacks, but more on Spiritual Sense.

Tom was only half Fausto's age, and he was less experienced. But it didn't mean that his Spiritual Sense was weaker than Fausto's. On the contrary, because of his age, at the same level, his brain worked faster than Fausto's.

So less than a one-tenth second before Fausto made his move, he caught Fausto's thoughts, and he reacted.

In just a second, they had fought more than a hundred times, not only fast but also powerful. A single punch or kick was not something that could be endured by those who didn't reach the Major Perfection Innate Realm.

And their speed was extremely fast, exceeding the speed of sound. The crowd could only hear the sound after they saw Tom and Fausto's movements.

The sound was extremely loud.

It was as if countless booms had exploded between them, extremely terrifying.

But they didn't stop, chasing after each other as they fought.

In an instant, everyone could not help but hold their breath and became anxious. It was only because the fight between Tom and Fausto was too terrifying.

Even though they were a few hundred meters away, they could still feel the horrible power.

Even the King of Northern Territory and the King of Western Territory, who were masters of the Major Innate Perfection Realm, were also shocked to see this scene.

Although they were also the Major Innate Perfection Realm, there was still a big gap between their strength and that of Tom and Fausto.

Sunny bit her lips tightly the whole time, feeling extremely nervous and uneasy. She placed all her hopes on Tom. If Tom was defeated, then she and her aunt would be doomed too.

The last loud bang was the clash of Tom's and Fausto's fists. This punch contained almost 90% of their strengths, and the power it brought was extremely terrifying. They could not bear the double impact and retreated backward.

In the middle of them, a large hole of more than ten meters in diameter was exploded, and a huge airwave was spreading around.

Tom laughed, and he seemed to be crazy. "It's fucking good. Fausto, is that all you get?"

He stopped and immediately attacked Fausto again.

His mood was indeed very high now. At

this moment, he forgot everything, his situation, his mission, and even his life. The only thing he thought was Fausto, and to defeat Fausto. He turned into a machine that only existed for fighting.

In contrast to Tom, Fausto's face turned ashen. Originally, he did not take Tom seriously, and he had absolute faith in this battle. But the fight just now made him realize that he had underestimated Tom.

After that punch, he was seriously injured internally, but Tom didn't seem to be injured at all!

## Chapter 740

That was not something Fausto could accept.

"Idiot, you've annoyed me!" Fausto snorted heavily. At that moment, his pupils turned black, as if they had been embellished with ink, and his temperament had improved greatly.

At the same time, both his body and appearance also changed. His appearance changed quickly from a young man to a middle-aged man. He was extremely powerful and domineering, and his body rapidly expanded, becoming 20 centimeters taller than before.

Tom immediately felt a strong sense of

crisis because of his change. Now Fausto made him feel dangerous!

Fausto was serious. This was Fausto's ultimate mode.

Three thuds.

At this moment, everyone in the room heard three clear heartbeats, which were full of vitality and explosive force.

That was incredible. The heartbeat was usually very weak, and ordinary people could not hear it even if they were face to face.

But now, Fausto's heartbeat was clearly heard by everyone.

"No, Master Fausto is serious!"

"Master Fausto has released his seal. Tom is going to be killed. Master Fausto with his seal released is an invincible existence. Beneath the God Becoming Level, who can beat Master Fausto?"

"But Tom is worth it. He can actually force Master Fausto to break his seal and enter the ultimate mode."

"Tom is still too young and too arrogant. No matter how talented he is, he will die in Master Fausto's hands."

Everyone present shook their heads and gloated at Tom with pity and ridicule.

Sunny's face turned pale and she felt hopeless.

She had also heard before that the reason why Fausto was able to maintain his youthful appearance was because Fausto had special skills and sealed a large part of himself, so the youthful Fausto was not his real strength. But even so, it could crush most of the Major Perfection Realm's strong masters of the Innate Realm.

And once Fausto removed his seal, it was the ultimate mode, which could display 120% of his strength!

Under such circumstances, Tom had no chance of winning.

She bit her lips tightly and her heart was already extremely cold.

Tom was also serious at this time. He

did not continue to attack Fausto, but stopped and stared at him. His eyes were like radar, sweeping Fausto, quickly finding Fausto's weakness.

It was only three seconds before the seal was lifted and Fausto's pupils turned black.

Three seconds later, Fausto had changed from a young man to a middle-aged man in his early forties. He was tall, burly, dignified, and powerful. This was what Fausto really looked like.

"Tom, that's it." Fausto spoke in a much more rough voice. When he looked at Tom again, he was even more arrogant. Even if Tom was the master in the Major Perfection Realm of the Innate

Realm, in Fausto's eyes, he was still an ant.

Tom suddenly smiled. "Fausto, you're finally willing to show your true strength."

"Kneel down to me. I can keep you whole as a corpse." After Fausto finished speaking, he did not say a word, which would cause a shock, as if the whole world was responding to him.

This was already half the strength of the God Becoming Level.

In contrast, Tom's momentum was much weaker. If Tom was the god of war, then Fausto was the emperor. With an order of his, Tom's head would

fall to the ground.

Tom smiled. "Fausto, you're too arrogant. You never know me. You never take me seriously. You think I'm still an idiot. That's your limit."

When Fausto, who was expressionless, heard Tom's words, his face finally changed a little, but he quickly returned to his natural state and stood with his hands behind his back. He didn't move at all. That expression seemed to say, if you brag again, I'll see what you are really capable of.

There were more than two thousand audiences, and now they all held their breath. No one dared to make a sound.

Tom said again, "Why do you think I

dare to come to Raoul headquarter alone? My confidence comes from my strength, my value. If the Saint King attacks me, I really have no chance of winning, but you Fausto cannot do that. Fausto, your time has passed. It's time for you to give me the name of the number one master beneath the God Becoming Level."

As Tom said this, everyone could not help but wonder. Could Tom really have a trump card to defeat Fausto?

However, Tom was very young. He was not even thirty years old this year, and Fausto had been invincible for decades. Could Tom really overturn Fausto's position?

Fausto shook his head and said, "You

don't want to live. In that case, you can just die."

As soon as he finished speaking, Fausto had already moved to the front of Tom. His speed was actually somewhat faster than before as if it was teleportation, which was terrifying!

And his momentum was several times stronger than before!

Some people who were in a realm not high enough could not even look at him with their eyes, as if his body was a black hole, which could attract all their sight, and even their minds would be shocked.

That was the horror of the Major Perfection Realm in the Innate Realm.

If it was a battle between people of the God Becoming Level, then even the Innate Realm masters could not look directly at it, because it was already a battle beyond their capability.

Tom did not panic at all when faced with Fausto's attack. On the contrary, he was excited and his heart beat faster.

But then, the excitement was suppressed by him, and his pupils changed in an instant. On the contrary to Fausto, his pupils was not black, but white, as if his entire pupils were frozen.

Fausto had previously sealed a part of his strength, but didn't he do so too?

You know, he had swallowed Heaven and Earth's Spiritual Fruit! Moreover, it was the top quality fruit with eight colors. It could bring more effects, not only Essence of Life.

With a bang, Tom went forward to fight Fausto.

This time, the power of their fight was even more terrifying and the damage was even more serious.

The mountain was razed to the ground by them in just a few minutes.

## Chapter 741

"This is too scary....."

"Is this the strength of a man at the Major Perfection Realm of Innate Realm? This is incredible!"

"Indeed. We are so far away, but we can still clearly feel the aftermath. If we get closer, we will definitely be injured!"

They were all extremely shocked and frightened. Even if they were a few hundred meters away, they would still be harmed. Even some people who didn't react fast were directly injured by the flying stones. This was so scary.

Even the King of Northern Territory

and the King of Southern State, who were the top masters at the Major Perfection Realm of Innate Realm, could not help but be shocked and awed. Tom's strength completely went beyond their expectations! Before this moment, they had never thought that Tom would really have the strength to stand up to Fausto as an equal. Even if Tom had defeated Reid, they still thought that Tom was far inferior to Fausto in strength because they knew very well how powerful Fausto was.

After all, Fausto was the most powerful person among those who hadn't achieved that the God Becoming Level.

Now that Fausto had removed his seal and unleashed his full strength, he shall

defeat Tom without question. But in the end, Tom was able to stand up to Fausto as an equal. It could be seen that Tom really had the ability and strength to challenge Fausto!

Tom was calm, and he had entered a mysterious state. Vaguely, he sensed something.

Fausto was indeed very strong, and he was much stronger than Reid. and Reid were both at the Major Perfection Realm of Innate Realm, but Fausto was at least three times more powerful than Reid! No wonder Jain was the most powerful person among those who hadn't achieved that the God Becoming Level.

If it had been in the past, Tom would

definitely not be a match for Fausto. But now, Tom's strength had improved a lot. Even in the face of Fausto who released all his strength, he did not at a disadvantage.

As long as the Saint King did not interfere, Tom had the confidence to defeat Fausto!

They kept fighting.

Fausto attacked at an increasingly faster speed and he exerted more and more strength. Fausto's strength was like the strength of dinosaurs. Any masters at the Major Perfection Realm of the Innate Realm would not be able to withstand Fausto's punch. However, Tom took all the attacks from Fausto. Tom's pupils were now icy white which

was in stark contrast to Fausto's black.

Their battle was so fierce. Everywhere was left with their footprints. Bumps and hollows were left on the ground.

They kept fighting for almost half an hour. The mountain was now five meters lower than what it used to be. Rocks and mud flew around as they fought.

And the noise they made was very loud. Not only did the noise spread throughout the headquarters of LT Organization, it also spread to the mountains and forests. Some travellers who went into mountains and forests to explore heard the loud noise.

They looked around and did not know

what was going on and why there was such a loud noise.

Fausto frowned. He now released all his strength, but half an hour had passed, he still didn't defeat Tom. This was a great shame to him!

No matter how powerful Fausto was, he was in his sixties. In terms of physical strength, he was still a little worse than a young man like Tom, who was in his prime. Sure enough, Fausto felt weak now.

Tom immediately sensed it. A faint smile appeared on Tom's face, "Fausto, you are physically tired."

Fausto looked sullen. He snorted heavily and said, "Be eaten up with

pride! Go to hell!"

After that, Fausto used his trump card,  
"Heaven Seal!"

Fausto's eyes widened. At this moment, his momentum changed again. People felt much pressure from Fausto. At the same time, Fausto hit Tom hard at a tricky angle with his right hand.

This was his trump card, Heaven Seal. He struck Tom directly on top of Tom's skull. It seemed that heaven would be hit down by Fausto's attack.

In an instant, Tom felt an unprecedented sense of crisis!

Fausto's attack was too powerful. If Tom hadn't dodged it, he would have

been seriously injured, and he would have died then!

In the eyes of masters like Fausto, every mistake was fatal.

Tom's heart skipped a beat and he tensed up.

At the same time, the blood in Tom's whole body was running much faster. Tom's skin turned red. He roared loudly. In an instant, his mouth opened and he roared at Fausto. A huge sound wave spread from Tom's mouth.

If an ordinary person suffered Tom's Lion Roar, he would fly out and his eardrums would be broken directly, and his skin would be cracked. Besides, his ears, eyes, nostrils, and mouth

would bleed and his internal organs would be seriously injured.

Even the masters at Innate Realm would not be able to stay safe and sound when encountering Tom's Lion Roar. Masters who were not at the third stage of Innate Realm would feel giddy when encountering Tom's Lion Roar. And the result of feeling giddy in the fight was death.

Even masters at the fourth stage of the Innate Realm would be scared and defeated by Tom.

But for Fausto, Tom's Lion Roar didn't affect him much. He just felt a strong sound wave coming in an instant. At the same time, he was deaf for two seconds, and his thoughts were

affected. And these had a slight impact on his movements.

But, this was enough for Tom.

It was enough for Tom to react and concentrate all his strength on his arms. Tom raised his arms high and withstood Fausto's Heaven Seal.

This really happened in a blink of an eye.

There was a loud bang. It was like the bombing of an atomic bomb. A huge sound wave was emitted around.

Tom felt pain in his both hands in an instant. Fausto's Heaven Seal was indeed powerful.

It could be said that this was the most

powerful attack that Fausto could launch. If Tom hadn't stopped Fausto with the Lion Roar just now, he would have been killed by Fausto now.

Fausto found that Tom actually withstood the Heaven Seal. Fausto was shocked and his face was much paler.

He was very surprised. Heaven Seal was his trump card and was always invincible. But now, Tom withstood his Heaven Seal?

What was more, Fausto used 70% of his strength to use the Heaven Seal. He thought that he could kill Tom.

"How is this possible?!" At this moment, even Fausto, who always

remained calm and cool, could not help but exclaim in disbelief.

After using the Heaven Seal, Fausto became much weaker in his momentum.

At this moment, a meaningful smile appeared on Tom's face. "Fausto, now that you have used your trump card, you have no chance."

At this moment, Fausto felt a deadly danger from Tom. His brows twitched fiercely, and he retreated as fast as he could without hesitation!

However, no matter how fast he retreated, Tom was faster than him.

Tom did nothing but just took a step forward and he was right in front of

Fausto. Then, he made a move that made Fausto feel frightened and incredible.
