

Chapter 901

Facing Tom's attack, Rommel also stimulated all his potential and shouted, "Then go to hell!"

He was ready for a desperate fight because Tom insulted him beyond the limit and didn't let him go in any case.

He admitted that he was no match for Tom, but it was impossible for Tom to kill him without getting hurt! Even if he was going to die, he still had to die with Tom. So, neither side gained. Even if he was severely injured by Tom, he would still hurt Tom.

How could Tom not know what Rommel was thinking? He just sneered at Rommel's overconfidence.

It had to be said that Rommel was excellent, much more powerful than the other six masters of Major Perfection Realm in the realm of Innate Realm.

If Tom hadn't gathered the Great Momentum and nearly reached the level of God Becoming Level, then he really couldn't have won Rommel without any wound.

But now, Rommel was just the weak.

Therefore, Tom didn't hide his power anymore. He struck Rommel like a bulldozer in the most violent and cruel way!

"You trash. How dare you try to hurt me? Ridiculous." Tom snorted coldly.

Instead of dodging Rommel's fist, he chose to confront him!

With a bang, their fists collided in an instant, making a loud sound, which spread throughout the arena and made everyone excited.

Then, with a muffled snort, Rommel retreated violently. At the same time, his right hand was also red and swollen. There was a strong wind, tearing apart his sleeve and finally his upper body's clothes.

It was Tom's fist that was so strong and overbearing that it tore his clothes.

However, compared to his meridians, his clothes were no big deal because his meridians were all broken by Tom's

punch.

However, he was tough-minded. Even with such intense pain, he only looked in pain and made a muffled sound, not screamed out miserably.

But everyone knew how much pain he was suffering.

At the same time, he had a clearer understanding of Tom's power!

Rommel was pushed back by Tom's punch. Rommel's shoes could no longer bear the strong aftereffect and were broken. As a result, he became barefoot in an instant. What's more, because of the strong aftereffect, there were obvious footprints on the ground of the arena made of fine steel

when he retreated.

It showed how powerful and terrifying Tom's punch was!

When everyone saw it, they all screamed in astonishment, especially Pence and the others, who were all stunned.

"Hiss! Tom's power is too terrifying!"

"Is this the strength of master of the Half-step God Becoming Level?"

"Half a year ago, Tom was just a Major Perfection Realm expert of Innate Realm!"

"Last year, Tom had not reached this level of Major Perfection Realm of Innate Realm. The speed of progress

was unheard of!"

"Unbelievable, it's really scary!"

Many people were dumbfounded, especially those who knew Tom. Last year, Tom was just an ordinary genius of Innate Realm, but now that he had reached such a terrifying level. How could they not be shocked?

The effect of force was mutual. Tom punched so hard, and he must have suffered the same, but he was fine. He stood there calmly. His clothes on his right hand were blown apart by Rommel's punch, but only the sleeve was broken. Besides, his upper body was unhurt.

Moreover, there was no sign of injury

on his body. He seemed to be relaxed as if he had just done something easy.

Then, Tom shook his hand as if he had just swatted a fly, and continued to walk towards Rommel.

Rommel looked up and saw Tom. With a shocked expression on his face, Rommel incredibly screamed out, "Impossible! This is impossible! How are you not hurt at all? You are not a human at all!!"

Rommel became nervous and pale and looked extremely shocked and ferocious. He looked as if he had seen the most terrible thing in the world and then became a little mad.

Tom did not respond to him but

solemnly continued to attack him.

Tom thought of Silas's face and the pre-mortal expression.

Originally, Silas had a promising future and could continue to devote himself to his country. But Rommel, a bastard, ruined Xiao's life.

He walked up to Rommel and said faintly, "Silas, I'm here to avenge you."

As soon as he finished speaking, he made a bold move and slapped Rommel's skull.

Rommel felt the power of Tom's attack. In an instant, Rommel felt despairing, as if seeing the end of the world.

"No!!!"

He shouted for the last time and put his hands on his head to block Tom's palm. He used all his strength to stimulate his full potential at this moment.

Even if a tank fell, he could hold on.

However, he could not hold Tom's punch. He only heard a few clicks, and his arms were broken under such an unbearable force. He did not stop Tom from slapping him directly on his skull.

There was another crack, and his skull was broken. The powerful force made Rommel's legs unable to support him. He fell to his knees with a plop. And then even his knees could not bear and were broken.

This scene was like the end of a movie, which was witnessed by everyone and deeply carved in the depths of their minds.

Rommel knelt down in front of Tom, but he didn't stop breathing immediately. With his last breath left, he struggled to look up and wanted to take a look at Tom, but he couldn't see it anymore.

In a moment, he completely stopped his breath and lowered his head. He died.

Tom withdrew his right hand and stood with his hands behind his back. He looked up at the sky and closed his eyes. As tears came down from the corner of his eyes, he muttered,

"Fellow citizens, I avenge you today.
May you rest in peace. From today on, I
will lead H Country to the peak of the
world!"

Chapter 902

Everyone became quiet.

There was no sound. Everyone straightened their necks and stared blankly at the man on the stage with tears streaming down his face.

This scene seemed to be frozen in their minds forever.

Especially for H Country's martial artists, they would never forget this scene. Even if they were old, they would still pass this story onto the next generations, so that their descendants would remember that such a man once existed in H Country.

Like a ray of light in the darkness, Tom

led the H Country to a brighter future!

Many audiences were also stunned and stared blankly at Tom on the stage.

Although they did not hear what Tom said because they were too far away, they understood what Tom meant by watching the way his lips moved and his expression.

They knew that Tom was reminiscing of his lost countrymen and making a promise for them.

To be honest, this was an unforgettable scene for all people of the H Country.

In particular, many high-ups of the H Country had been serving the country all their lives. They had the deepest affection for the H Country!

It was them who had dedicated their lives to carry H Country forward.

Therefore, they could clearly feel what Tom felt. Also, they could empathize with him and be moved the most!

In an instant, Joseph couldn't help but cry.

"We are content to have such a man in our country!"

His words were quickly heard and agreed with by others.

With Tom in the H Country, they felt very lucky.

Tom was the pride and the hope of H Country!

"Yes, Tom is the pride of our H Country!"

"Good job, Tom!"

"Ha ha ha ha. Our people from H Country can finally hold our heads high. We should drink to celebrate!"

"Our H Country is finally going to be prosperous!"

They were all very happy.

The people of the Military Intelligence 3 were even more ecstatic, proud, and inspired because Tom was the instructor and pride of the Military Intelligence 3!

From now on, no one dared to look

down on the Military Intelligence 3!

Finally, ten seconds later, many people of the H Country caught on and gave the loudest roar of cheers!!

"Wow!"

"Tom won! Tom won!!!"

"Ha ha ha."

"Awesome!"

"Come and pinch me. Tell me this isn't a hallucination. We, H Country, are finally going to have another top master of the God Becoming Level!! Ha ha ha."

"Tom is good! Tom is the hero and pride of our H Country! From now on, I

am Tom's loyal fan. Whoever dares to disrespect Tom is my enemy!"

"I seconded that!"

"I agree!"

"Let's go up and celebrate for Tom!"

They were all overjoyed. It was the joy from the bottom of their hearts. Countless H Country's martial artists rushed towards Tom on the stage.

They were going to surround Tom, throw him up, and celebrate for him.

When Tom saw their actions, he was also shocked, but immediately he relaxed and smiled sincerely.

His compatriots were really lovely.

"Hey, hey, hey, take it easy."

"Hey, who's pulling my clothes!"

"Enough, enough."

Tom was soon surrounded by them and was thrown high into the sky. Laughter and cheers resounded throughout the audience, and everyone felt the joy of the H Country's martial artists.

Those who watched the live broadcast were now regretting not being there!

Otherwise, they could celebrate with Tom and enjoy the joyous atmosphere!

Phoebe, who was in the audience, looked at this scene and smiled

heartily. The love in her eyes could not be concealed.

Tom was her pride, her everything and her husband.

Amelia was also in tears. She looked attentively at Tom, who was surrounded by thousands of people, proud and happy.

Who wouldn't love Tom?

Moreover, she was genuinely glad that she could be with Tom. This was the most correct and courageous thing she had ever done in her life!

She could not imagine how boring and dull her life would be without Tom. It might be meaningless.

Even if Tom was married, so what?

An outstanding man like Tom would never belong to anyone, and she did not dare to dream of occupying Tom. In fact, she was very glad to have a tiny space in Tom's heart.

Just then, she heard a gentle and pleasant voice coming from behind her.

"Amelia, hello."

Hearing this voice, Amelia was stunned for a moment, and then her blood froze!

Because she could tell that it was Phoebe who spoke just now!

Tom's legal wife!

It was not the first time she had met Phoebe. A long time ago, when she just knew Tom, she had met Phoebe in the mall.

Moreover, at that time, she had not completely fallen in love with Tom, and she had never thought of being with him.

At that time, she was only flirting with Tom.

Thus, when she saw Phoebe at that time, she would not feel nervous or guilty.

But now, all the muscles in her body tensed up. The extreme tension, guilt, and panic surged into her heart at this moment, leaving her standing there in

a daze.

She was in a daze, and for a moment, she seemed to be frozen, not knowing what to do.

She had never been so nervous and panicked in her life. Now she really didn't know what to do.

"Y-You You mistook me for someone else." She stammered and wanted to leave.

But at this time, she found that her hand was caught gently by a warm and soft hand. It was Phoebe who held her hand!

"Miss Scott, you..."

She looked up and saw Phoebe

standing in front of her with a gentle and kind expression in her eyes.

"Amelia, you don't have to be afraid of me. Just treat me like your sister."
Phoebe said gently, "Thank you for taking care of Tom recently."

Chapter 903

When Amelia heard this, her face immediately turned pale and she bit her lips.

She lowered her head, then smiled bitterly and said, "I'm sorry, Miss Scott. I'm too shameless. It's me who seduced Tom. It has nothing to do with Tom. Tom still loves you very much."

At this point, she began to sob and continued, "So, don't blame him. It's all my fault..."

As a woman, Amelia knew that Phoebe definitely didn't want her husband to be shared by other women. No matter how magnanimous Phoebe was, she couldn't be so calm!

In fact, she had always thought that one day she would meet Phoebe and be despised and insulted by Phoebe angrily.

She thought she was ready, but when the day really came, she was still in a hurry and in great pain.

Yeah, so what if she loved Tom?

Her love with Tom had always been a secret. Phoebe was his wife, while she was just his lover. Whether legally or morally, Amelia would not be supported!

However, when she thought that she couldn't be with Tom, her heart was in so much pain that she couldn't breathe, as if it was torn apart.

Amelia was a very strong woman. Even in the face of death, she was brave, but now, what Phoebe said broke her heart.

Phoebe's eyes widened when she saw Amelia's reaction. Immediately, Phoebe began to panic and said quickly, "Alas! Amelia, why are you crying all of a sudden?"

Amelia looked up, cried, and took a step back. She looked at Phoebe guiltily and nervously and said, "Miss Scott, I know you despise me and hate me. I'm a shameless woman... But I really love Tom. I..."

At this point, she was almost speechless, crying.

Phoebe finally understood that Amelia thought Phoebe was blaming her and warning her!

She sighed helplessly and said with a bitter smile, "Hey, Amelia, you misunderstood me. I really thank you for taking care of Tom during that time."

However, Amelia still shook her head because she was too guilty. She thought her relationship with Tom was stealthy. Now that his wife Phoebe came to her, Amelia thought she must have come to condemn her.

If she was a shameless woman, she would have complained first, but she wasn't. She only felt sorry for Phoebe now...

Seeing Amelia like this, Phoebe held her hand and said seriously, "Amelia, listen to me. I was serious just now. I really appreciate you! Tom told me everything about you, and Tom's feelings for you are also true."

When Amelia heard Phoebe's words, she stood there in a daze. All of a sudden, she couldn't understand what Phoebe meant.

Phoebe gently wiped away her tears and continued, "Amelia, do you think I'm an unreasonable shrew?"

Amelia quickly shook her head and said, "No, no, no, I definitely didn't mean that, Miss Scott..."

Phoebe interrupted her and said, "Call

me Phoebe."

When Amelia looked at Phoebe, she saw the sincerity and gentleness in Phoebe's eyes, which calmed her down.

"Phoebe, you mean..."

Phoebe smiled brightly, blinked and said, "I came here this time to make friends with you. Shall we serve Tom together in the future? Okay?"

Amelia was stunned and completely disbelieving when she heard this. "Phoebe, what did you say? I didn't hear you clearly."

She couldn't believe what Phoebe said at all, because it was too shocking, completely beyond her expectation.

Phoebe, as Tom's wife, actually took the initiative to let her become his mistress. What did she mean?

Amelia knew something about Phoebe. She knew that Phoebe was not a mean and unruly woman. For a moment, her heart was beating fast, thumping...

Phoebe continued with a smile, "I mean, you don't have to hide anymore. Just be with Tom. The three of us will be together forever."

What Phoebe said was so shocking that Amelia still felt very incredible after hearing it for the second time. How could anyone in this world be like Phoebe?

"Phoebe, are you sure you're not joking?" Amelia swallowed and said.

Phoebe smiled and said, "Of course not. Do I look like I'm joking?"

This time, Amelia finally realized that Phoebe was not joking, but was serious. Amelia could not help but bite her lips tightly. Her whole face turned red, and her expression was extremely complicated.

Tears welled up in her eyes again.

She suddenly hugged Phoebe, moved and excited, "Thank you, thank you!"

Phoebe hugged Amelia, smiling happily, her eyes a little red. She made a joke, "We are both beautiful women. The pervert Tom is so lucky. If he dares

to bully us in the future, let's teach him a lesson together!"

Amelia felt Phoebe's kindness, and she was deeply moved. Amelia nodded hard and said with a smile, "Yes, let's teach him a lesson together."

The two of them looked at each other with a smile, then held hands and looked at Tom, who was still being thrown up by the crowd. They did not hide their happiness and pride in Tom.

Only a good man like Tom could be worthy of them.

The two of them were both peerless beauties. Now that they stood together, it looked like a beautiful scenery.

Just then, Tom looked over and saw them standing together. He was stunned and nervous at first. Then, he and Phoebe looked at each other and he finally relaxed.

Next, Tom was put down and faced with the admiration and eagerness of countless people. He clenched his fists, waved them up and said loudly, "I did it! I didn't disappoint you."

"Tom!"

"Tom!!"

"Hooray! Hooray!!!"

With the cheering crowds around, Tom walked out of the arena. Then, the host announced that he won the Kungfu Cup championship this year. He got the

trophy and also got the qualification to the Secret Realm.

He did not relax because he knew that the journey to the Secret Realm would be a greater test!

Chapter 904

The fierce competition in this Kungfu Cup was unprecedented.

Especially in the final championship, Tom beat his seven opponents to death and won the championship overwhelmingly. This kind of thing had never happened before.

In the past, even if someone won the championship of the Kungfu Cup, he or she would somewhat be scarred after several serious fights. His or her conditions would not be better than their opponents.

But Tom won the championship unharmed and crushed his opponents with great strength, greatly impressing

all the martial artists in the world.

Moreover, the several previous Kungfu Cup were more or less controversial over the owner of the championship, but today there was no dispute at all that Tom was the winner.

Because he was the last person to stand on the stage, he was also known as the most powerful champion in the history of Kungfu Cup, without any controversy!

When he changed into a new suit, a military uniform from H Country, and reappeared at the Kungfu Cup, there were more cheers from the audience.

It was true that Tom was so handsome that he was a model of the protagonist.

Although many foreign martial artists hated Tom the most, they had to admit that Tom was really strong and admired him from the bottom of their hearts.

Tom walked up to the awards stage step by step, under everyone's gaze.

Albert, the God of War of the H Country, personally presented the award to him.

Albert appeared from nowhere. He had never appeared through the whole Kungfu Cup, but now he suddenly appeared.

He looked at Tom with encouragement, pride, and kindness. He patted Tom on the shoulder and

said admiringly, "Tom, you did it. Very well. I know you can do it!"

Tom stopped, saluted Albert immediately, and said seriously, "All my honor is attributed to the country!"

"Good, good." Albert was very happy and said with a smile, "In the future, it will be the world of you young people. Come on, the future of H Country will be in your hands."

This was a significant responsibility. If it had been in the past, Tom would have refused, because he was born with a natural and unrestrained personality.

But now, after this Kungfu Cup, his sense of the country and responsibility were different.

The greater his ability was, the greater his responsibility would be. He could very well understand this, so now that he was faced with Albert's hope for him, he did not refuse it, but nodded hard, accepted it, and said very seriously and solemnly, "Please rest assured, God of War, I will not disappoint you!"

"Good! Very good!" Albert laughed. "Your consciousness is very good! Come on, next, I'll give you the award personally."

Tom nodded.

In Albert's hand, there was a trophy. The flying dragon twined with the phoenix. It looked extraordinary.

And there was an unspeakable charm with this trophy, anyone could tell that it was made by a master, and it is worth a large amount of money.

Albert gave Tom a look and indicated that he would throw it up hard.

Those who had not participated in the Kungfu Cup or seen the awards ceremony all exclaimed and wondered. Wasn't this supposed to be given to Tom? Why did God of War throw away the trophy so fast? What did he mean?

Tom was not surprised. He knew it was this kind of procedure.

In an instant, he darted out like an arrow and shot up into the sky. In a blink of an eye, he caught the Kungfu

Cup trophy. Then, his body stopped on a long pole at the arena of the Kungfu Cup and stood there on one foot. Just then, a ray of sunlight from the east shone on him.

His image was infinitely magnified, and to everyone present, he was now like an invincible fighter...

Therefore, many H Country martial artists could not help but shout out, "Invincible fighter!"

Moreover, this emotion seemed to be contagious, gradually making more and more people start to shout.

At this moment, Tom was the invincible fighter of the H Country.

Albert, as God of War of H Country,

just now personally gave Tom an award. In fact, that was what he meant.

Tom, standing on the pole a hundred meters tall, heard the waves of calling him the invincible fighter, and he was also overwhelmed.

It was a feeling he had never had before. He was standing on top of the human race!

Some people were happy and some were sad.

For those foreign martial artists, their hearts were filled with mixed feelings. They also looked at Tom on the pole, feeling extremely desperate and powerless.

Tom was so strong that they were

almost desperate. Even if they fought for a lifetime, they couldn't catch up with Tom.

Moreover, after Tom had the opportunity to enter the Secret Realm, his strength would continue to improve.

Once Tom successfully broke through to the God Becoming Level, it would be impossible to beat him.

In their minds, it was as if they had seen a new era coming.

This year's Kungfu Cup, with Tom's victory, was a complete end.

Tom, the champion, naturally became a superstar in the limelight.

That night, H Country held a grand prehistoric celebration party for Tom.

There were countless people who came to toast Tom. Fortunately, Tom was good at drinking. Otherwise, he would have got drunk too.

However, even so, he still felt bad after drinking more than ten kilograms of spirits.

Taking advantage of the break in the middle, he quickly found a chance to escape from the crowd.

This kind of celebration was really torturous for him.

When he came out and stood on the balcony, he relaxed a lot with a cool breeze.

After resting for several minutes, he suddenly heard footsteps coming from behind.

It was the sound of high heels.

Which woman should it be?

Soon, the voice came to his back and stopped.

Just as he was about to turn around, he heard a beautiful voice.

"Tom, so you're here. Congratulations."

Tom turned around and saw a beautiful face with a small mole at the corner of her eye. She was wearing a sexy evening dress. She looked extremely charming and sexy!

Maybe Tom had drunk too much. When he saw this woman at first glance, his belly actually produced a flame, burning his body and rushing straight to his head.

In an instant, he felt that he desperately wanted this woman!

Chapter 905

It was such a strong impulse that a tough-minded man like Tom couldn't resist it. He took a step forward to get closer to the woman in front of him!

At that moment, he really had a strong feeling that he wanted this woman right now and right here.

Just as he was about to touch her, he suddenly came to his senses.

He withdrew his hand quickly and took steps back, sweating all over.

What was wrong with him?

How could he have feelings for a strange woman?

This was incredible.

He wasn't one of those lecherous men. Besides, he had reached a half-step God Becoming Level now, and his willpower should be far superior to those who merely reached the Major Perfection Realm of the Innare Realm.

Logically speaking, he wouldn't be aroused even if the most beautiful woman in the world was naked in front of him.

But what he felt just now really shocked him.

If he hadn't stopped in time, he would have already done something to her. His reputation would be definitely influenced if other people knew about

it.

The next moment he started to suspect that this was a trap the woman made for him!

He frowned. Just as he was about to question her, the woman seemed to be frightened by something. Pale, she took two steps back quickly.

As she staggered back, some red wine spilled out of the glass she was holding. The wine fell on her chest, making her evening dress all wet. The delicate curve of her body under the dress was tempting.

Tom was also stunned for a moment. He took a short glance at it, feeling the heat rising again in his body. So he

looked away quickly.

"Wow, Tom, what are you doing?" The woman exclaimed, shocked.

She looked panicky, but her beautiful face, sexy body, and especially her wet chest just made her more seductive and charming!

Her sexy feminine temperament was made Tom's heart beat faster and faster.

But he came to his senses soon. Taking a deep breath, he calmed down and staring at this woman, "Sorry if I scared you."

Biting her lips nervously, she stared back at him with her watery eyes. She looked frightened and vulnerable at

this moment. She spoke gently, "Tom, actually, I admire you very much. You don't have to do this in such a rush..."

Hearing this, Tom's heart beat faster again.

But he could tell that something was wrong!

He knew himself very well. However beautiful the woman was, he wouldn't be tempted by her this easily.

Moreover, he was picky about a woman's appearance. Phoebe, Amelia, or Lexie, those who had a relationship with him were no less beautiful than this woman.

The only difference was the temperament. This woman was so

charming and sexy. He had a feeling that she was just luring him to taste her.

"Who are you?" Tom regained his composure at once. He stared at her at the same time as if he could see through all her secrets.

His eyes were sharp like a knife. It seemed that no secrets could escape from him.

The woman was flustered for a second and subconsciously tried to avoid his gaze.

She regained her composure soon, however. Her eyes turned red and watery as if she would start to cry at any time. She looked aggrieved. "Tom,

why are you being so fierce to me? I'm so frightened..."

To be honest, the woman was an excellent actress who did such a great job in seducing a man. Tom had never seen a woman so scheming.

If he hadn't been determined enough, he would have fallen into her trap.

But now that he had seen it through, her plot would be frustrated.

"Answer my question!" Tom looked at her angrily. He had an aura of authority, which was like a mountain that pressed on her. She was unable to handle it. Her whole body was shaking desperately.

No longer pretending to be vulnerable,

she looked up, eyes filled with surprise and panic.

Tom took another step forward. She couldn't bear it anymore. Her body shook harder.

"I'm not a patient man." Tom threatened.

His gaze was like a knife scratching at her body, which finally made her surrender.

She gave up, burst out laughing, and applauded, "Awesome, indeed Tom! Your willpower is really the best among men."

Tom stared at her and took another step forward. He still couldn't let her go. His aura pressed on her like surging

waves, which finally made the woman surrender. She gave up and collapsed.

Awkwardly, an accidental exposure happened when she sat down since she was in a dress. The accident made Tom relax his concentration for a second, leaving the woman to breathe a sigh of relief.

Tom looked away with a murderous look on his face.

He was no longer a man of indecision after all the adventures he'd gone through. This woman had been seducing him ever since they met and almost succeeded in luring him to make a big mistake. He would definitely not let her go easily.

The woman finally realized that Tom was actually thinking about killing her. She stopped joking anymore, shaking her head, and said, "Tom, please calm down! That was just a joke! I didn't mean it!"

Tom stared at her condescendingly with no trace of joking in his eyes. He spoke in a cold and dignified tone, "I'll give you one last chance to tell me who you are."

The woman noticed that the air turned cold around her as Tom finished this sentence. Even her mind turned stiff!

She knew that Tom was powerful, but his strength was still far beyond her expectations. She did not dare to take any more chances and said, "My name

is Whitney, a disciple of the Nüwa Sect!
I have no hostility to you!"

Tom was immediately stunned. The
Nüwa Sect?

What was this? Why had he never
heard of it?

Chapter 906

"Nüwa Sect?"

Tom expressed his doubts.

The woman named Whitney said, "Tom, haven't you heard of Nüwa Sect?"

She was also a little suspicious of Tom's doubtful tone. In her opinion, people at Tom's level should have heard of the Nüwa Sect.

Tom was suspicious of seeing her reaction too, so he asked, "Is Nüwa Sect famous?"

Whitney was surprised by Tom's words. For a moment, she didn't know what to say. In her opinion, as long as

she said that she was from Nüwa Sect, Tom would definitely be kind to her.

But Tom didn't react as she expected. Instead, he treated her more ruthlessly. She was doubt if Tom was teasing her.

As Tom had already questioned her, so she had no choice but to explain, "The Nüwa Sect is a sect established two hundred years ago. It ranked first batch among the many sects in the world."

After a pause, she couldn't help but ask, "Tom, have you really never heard of Nüwa Sect? Although Nüwa Sect is not comparable to the four major sects, it is still well-known."

Whitney felt humble that she should ask Tom this. Nüwa Sect was quite famous compared to many sects. However, Tom had never heard of it at all. If the other sisters in the sect heard it, they would feel offended.

However, Tom shook his head, which indicated that he had never heard of it.

Not only had he never heard of the Nüwa Sect, he had never heard of the four major sects. What was wrong with you?

Today is a modern society, and the world is divided by countries but not sects.

Four sects? Tom thought that was nonsense. It was possible that she was

a foreign spy.

And it's very likely.

After all, he had just won the Kungfu Cup championship and was about to get a chance to enter the Secret Realm. And part of H Country's national fortune was on his body. He was popular now. It's sure that every Country in this world would be interested in him.

Thinking of this, his gaze became much icier. In an instant, many thoughts flashed in his mind. He thought he should capture Whitney now and hand her over to the organization he belonged to.

In this way, it was a credit.

As he came up with this idea, he could no longer constrain himself.

Whitney sensed Tom's change, and her face immediately turned pale. She hurriedly said, "Tom, please calm down! I really have no hostility to you!"

Tom ignored her and continued walking towards her. "You'd better talk this to the organization."

As he was talking, he was about to make a move and arrest Whitney.

Facing Tom's move, Whitney became panicked and anxious. Her body twisted in a strange movement, and she actually dodged. This surprised Tom.

He was near-to-God Becoming Level

now. He was only inferior to God Becoming Level overmatch. Even if he just used 20 % of his strength, not everyone can dodge his attack. Only one reach Major Perfection Realm in Innate Realm could he dodge his attack.

This made Tom more determined. This Whitney looked no more than 35 years old and reached the Major Perfection Realm in Innate Realm. Her talent was astonishing! She was not ordinary.

And Tom had never seen and heard of this woman before. That is to say, it was very likely that she was not H Country's people despite her H Country's people appearance and fluent official language of H Country.

She was likely a spy of a hostile country.

"You're an expert. I won't let you go."
Tom sneered and made a move again.

This time, he gave Whitney no chance to dodge. He used 30 % of his strength to catch Whitney.

Although Whitney tried her best to dodge, she could not escape from Tom's grasp at all. At that moment, she thought she could never escape from Tom if he intended to catch her.

This time, Tom easily caught Whitney. And he hit several vital points of her body to make her body limp so that she would no more struggle. She fell into Tom's arms and said: "Tom, I..."

It was nothing wrong that Tom hugged Whitney liked this. He was about to hand her over the organization. But at this moment, a beauty came out of the room and saw the scene.

In her vision, Tom and Whitney were very close and intimate.

"Tom! What are you doing?!"

An angry voice sounded.

When Tom heard this voice, he was stunned for a moment. Then he looked over immediately and saw Lexie's frowning face. She was looking at him angrily. It seemed she found his affairs.

This made Tom perplexed. He wondered why he met Lexie here again.

Fortunately, it wasn't Phoebe or Amelia who came up here, or else it would be a big misunderstanding.

Tom held Whitney and said to Lexie, "You came just in time. Call Director Pence and General Watson over. I have something to talk to them."

However, Lexie did not listen to him at all. Instead, she gritted her teeth and walked over with anger. She stared at Tom and scolded, "You lecherous guy! In just a blink of an eye, you were hanging out with another woman!"

Tom smiled bitterly and said, "What are you talking about? This is a spy."

Spy?

Lexie was stunned and then looked at Whitney, who was held by Tom. Whitney's cheek was pink. Her eyes were watery. Her dress was sexy. She was really hot!

Could such a sexy woman be a spy?

"Is she really a spy?" Lexie asked doubtfully.

Tom rolled his eyes and said, "What do you think?"

Lexie was relieved, but at this moment, Whitney's eyes rolled. She had a quick response and realized that this was an opportunity. She pretended to be very panicked. "Yes, yes, I'm a spy. I and Tom...I and Tom have not any intimate relationship."

After saying this, Whitney intentionally gave Tom a meaningful look, which was caught by Lexie.

Lexie became angry and scolded, "You jerk!"

Chapter 907

Tom was confused by her word "scumbag." How could he be a scumbag? Besides, even if he was a scumbag, it wasn't her turn to talk, was it?

"I don't want to talk to you." He waved his hand and was about to hand Whitney over to the Military Intelligence 3.

Lexie stomped her feet and scolded, "Damn you, Tom, do you not let your wife down? Do you not let me down?!"

"What the hell?" He was made speechless by her.

When Whitney saw them quarreling,

surprise flashed across her eyes. But she still kept a straight face and scolded Lexie, "I forbid you to scold Tom!"

She was so good at acting that she deceived Lexie. Lexie became even angrier. So she pinched Tom's arm hard.

"Hey, hey, what are you doing? Let go of me!" Tom scolded with a straight face, but Lexie didn't listen to him. She snorted and said, "I won't let you go. You are a scumbag! You deserve it!"

He really had no way to deal with her. Just at this time, the sound attracted the attention of some people in the distance, which made it difficult for Tom to hold Whitney anymore, and

Whitney also held this opportunity to break free from Tom.

Whitney breathed a sigh of relief, took out a business card from her chest, stuffed it into Tom's hand, blinked, and said provocatively, "Darling, remember to contact me. I'll wait for you."

She even threw a kiss at him, which made Lexie even angrier.

He grabbed the business card, which still had Whitney's temperature on it. Thinking that she took it out of her chest, Tom felt thorny.

He threw his eyes on it and memorized the number.

Lexie also saw this action and stomped her feet angrily, "How dare you say

you're not a scumbag!"

Lexie was about to lose her temper.

Her loud voice attracted more people.

Tom's expression became even more unpleasant. Lexie, this guy, was simply unreasonable!

And she let Whitney go. If Whitney was really a spy, then it would be troublesome!

Seeing that Lexie was still making trouble out of nothing, Tom had a worse impression of her. He shouted directly, "Stop!"

She was stunned by his roar. Looking at Tom in disbelief, she said, "Are you roaring at me?"

His patience was running out and said with a grim face, "She was a spy, and you let her go! What's wrong with yelling at you? If it weren't for your grandfather's sake, I wouldn't have spared you!"

She had never been scolded like this, especially it was Tom. His harsh words made her feel extremely aggrieved. So she bit her lips tightly with red eyes.

"You must apologize to me!" She said angrily.

"You are not right in the head!" He cursed. He didn't want to talk to her anymore. So he turned around and left.

She stared at Tom with red eyes. And her tears were about to fall out. She

looked at his back and shouted, "Tom, you bastard!!!"

He paused for a moment, but still did not turn around. He pretended not to hear and strode away.

After he left, Lexie couldn't help it anymore. The tears in her eyes finally fell.

At the same time, she was extremely aggrieved. It was clearly Tom's fault. He hooked up everywhere but scolded her!

Originally, she was looking forward to today's banquet. She even said a lot of good things in front of her grandfather and father. And she waited for Tom to invite her to dance. At that time, she

could take the opportunity to speak her mind.

However, he hurt her hard.

She had never been bullied like this. For a moment, her tears could not stop.

Tom did not know that she was crying so hard. When he returned to the banquet hall, he looked around and could not find Whitney. Obviously, she had left.

He found Pence, greeted him, and said directly, "Director Pence, have you heard of the Nüwa Sect?"

Pence was originally smiling, full of happiness. After hearing Tom's words, the smile on his face suddenly stiffened and became serious. He put down his

glass and said in a deep voice, "Tom, how did you know about the Nüwa Sect?"

Tom was surprised to see Pence's reaction. Was there really a Nüwa Sect? Moreover, it seemed that it was not ordinary. Even Pence was so serious.

"Yes." Tom briefly explained what happened just now, and then asked, "Is the Nüwa Sect very powerful?"

Hearing this, Pence's expression became even more solemn and he said, "On the one hand, the Nüwa Sect is special. The sect is made up of beauty, and the overlord of the Nüwa Sect is like goddess! The most important thing is that all the Nüwa Sect members are

practicing the art of seduction. It is very terrifying to demonize all living beings. It was said that the overlord of the Nüwa Sect can charm the Strong in the God Becoming Level!"

When Tom heard this, he was indeed surprised. How tough was the Strong in the God Becoming Level! And how powerful was the overlord of the Nüwa Sect that she could charm the Strong in the God Becoming Level!

He recalled Whitney's seduction just now. Even he almost fell for her.

"In that case, the Nüwa Sect is an evil sect?" he said thoughtfully.

Pence shook his head, "It's not really a cult. The Nüwa Sect is just acting

strangely. But the Nüwa Sect has never had any contact with us. How could it find you, Tom?"

After listening to Pence's explanation, Tom had a clearer understanding of the Nüwa Sect. He shook his head and said, "I don't know about this either."

After a pause, he asked again, "Whitney mentioned the four sects just now. What's going on?"

Looking at Pence, Tom observed his expressions carefully.

Since there was really a Nüwa Sect, the four sects mentioned by Whitney must also exist, and they were not ordinary.

However, it was abnormal that he or any other sects did not know the

existence of the four major sects. He was not an ordinary person and he had never heard of similar news in the Military Intelligence 3, which meant that there was only one possibility that the news was blocked.

But why blocked the news? This was a question worth pondering.

Chapter 908

When he heard the four sects, Pence's face became even more solemn.

Obviously, the four sects were more powerful.

After a moment of silence, Pence seemed to be thinking about something. He looked up at Tom for a few times before he continued, "Well, in fact, this matter of the four sects is not a secret to the higher-ups. It's just that over the past few years, the four sects have been very low-key and have not caused any trouble in H Country, so I haven't told you."

Tom was silent and did not speak. He waited for Pence to tell him.

He had a premonition that these four sects must also be a thorny problem.

After a pause, Pence walked to a private corner, and then began to say, "Actually, our H Country is not as peaceful as it seems. Not only H Country, but also every country in the world is not as peaceful as it seems. There is another way to exist in this world besides in the form of a country, and that is sect!"

After hearing Pence's words, to be honest, Tom was quite shocked, because he never thought that there would be a sect in this world. This was not ancient, but modern, 21st century!

All kinds of technology were

developed at a very high level. How could there be such an ancient form?

Logically speaking, sects should have been eliminated long ago.

Tom said in a low voice, "What kind of specific form does the sect exist? Is there no conflict between them and countries?"

Pence seemed to have expected that Tom would ask such a question. He smiled bitterly and said, "Of course there are conflicts. After all, countries and sects both exist in the world. How can there be no conflict? However, countries and sects' strength is equal, so it gradually developed into a balanced relationship. None may encroach upon the precincts of

another!"

Hearing this, Tom became even more confused. He couldn't figure out how sects and countries got along peacefully.

This was completely against the knowledge he had learnt for so many years!

But soon, he asked a key question, "Director Pence, do you mean that in the real world, there're also sects? Were the disciples of sects wandering in the ordinary society?"

Pence said, "Yes, sects and countries share a world."

Tom asked again, "Is there someone from the sects in our Military

Intelligence 3?"

It was a very sharp question. The Military Intelligence 3 was an important agency in H Country. If there was someone from the sects in the Military Intelligence 3, then this was a very serious problem!

However, Pence's answer shocked Tom completely. Pence nodded and said with a bitter smile, "Yes."

Tom raised his eyebrows and said, "Who is it?!"

His tone turned high unconsciously.

Pence looked in another direction, as if he had some difficulties and didn't want to answer. After a while, he turned around again, sighed, and said,

"Far away near!"

Tom was even more shocked when he heard this. Pence's meaning was clear, so Tom blurted out, "Director Pence, it's you?!"

"Yes!" Pence nodded, smiled bitterly, and said, "Surprised? I'm indeed from the sect, and I'm from the west sect of the four sects, also known as the Sky Reaching Sect."

To be honest, when Tom heard this, he was still shocked. It wasn't that he didn't react quickly enough, nor was he not calm enough, but what happened today was too unexpected for him.

With his logical thinking, he could not understand why he had never seen the

traces of sects all these years.

Especially after he became famous...

Suddenly, he thought of something, which made his mind explode.

Grandpa!

He remembered that a few years ago, his grandfather suddenly became a vegetable and brain dead. But a while ago, he saw his grandfather again. Moreover, his grandfather was not the ordinary image in his mind, but changed and became the top strong master of the God Becoming Level!

What was God Becoming Level? It was the top existence in the world.

Tom was such a genius and got such a

good opportunity, but he only half reached the God Becoming Level now.

In the whole H Country, how many people could actually reach the God Becoming Level? There were only two. Besides God of War Albert, it was the Saint King of the LT Organization.

When he thought of the Saint King and the LT Organization, he suddenly thought, would the LT Organization be one of the four sects?

However, since the LT Organization was one of the four sects, why didn't his mother tell him the concept of the four sects?

Not only his mother, but also Chou, Sunny, had never mentioned this to

him.

Only after he saw Whitney tonight did he know the concept of sects.

As a rational adult, Tom didn't really believe this, as ridiculous as someone told him that there were ghosts in this world.

Pence seemed to see his doubts and smiled. "Tom, I know it's a little hard to accept for a moment. But you are now a hero of H Country and a senior in H Country. The sects are still far away from you."

Tom was silent for a while. He stared at Pence, trying to tell whether Pence's words were true or not. He did not find any trace that Pence was lying and

said, "How strong are the four sects?"

Pence said seriously, "Very strong!"

"Stronger than countries?"

Pence smiled bitterly and said, "It depends on which country it is compared with. If it is compared with a great country like Country M, it is still a little worse."

Hearing this, Tom also knew an important message. That was, the four sects were very strong. Except for a superpower like Country M, other countries with lower power could not compete with the four sects.

This was really shocking news.

But soon, Tom found another loophole

in the logic. He said, "Since the four sects are so strong, why don't they establish their own country?"

Yes, the four sects were powerful, so it would be good to establish a country directly.

Pence chuckled and said, "Tom, you're still stuck in a fixed mindset. For sects, they're not interested in the form of countries, or else there wouldn't be a sect."

Chapter 909

Tom was such a smart person that the instant he heard Pence's words, he had an insight.

Indeed, he used to be trapped by mental inertia. Why did he consider the form of a state to be superior to that of a sect?

Besides, there were various kinds of people in this world. There was no reason for him to believe that all people preferred a state to a sect.

Or, people of the sects simply neglected the form of states.

Anyway, after he came to know the form of sects, his understanding of the

world was even clearer.

From this point of view, the world he was living in was not as boring as it seemed. It was still very fantastic.

Moreover, he had a strong feeling that the world was in an era full of changes, and it was hard to predict what would happen in the future.

In the end, Tom talked a lot with Pence who told him everything he knew, which made Tom's understanding of sects much clearer.

"Director Pence, do you mean that in H Country, there are other God Becoming Level figures other than God of War?" Tom asked this crucial question.

Not surprised at the question, Pence nodded and said, "That's right. There are more God Becoming Level figures than what most people have perceived. Overlords of the four major sects are all God Becoming Level fighters. In fact, LT Organization belongs to one of the four major sects, the South Sect, which is also known as the LT Sect."

Tom was not surprised to hear that, because he had just realized it. After all, the LT Organization was very powerful, and the King of LT Organization was extremely powerful. If the LT Organization was not one of the four major sects, then how strong were the four major sects?

Soon, Tom asked a question out of curiosity, "What does the LT Sect rank

among the four major sects?"

Tom had been to the LT Sect. In fact, he had already been a member of it, as he was the King of Southern State who had replaced Thunder.

However, he was quite free these days, so he didn't care about LT Organization that much.

Pence said, "It's on the bottom of the list. In fact, the LT Sect is about to fall out of the list of four major sects. Otherwise, the LT Sect wouldn't have been contacting with the whole nation so frequently over the years."

Tom was surprised this time. Even the LT Sect was the weakest of the four sects? This was so crazy!

He had been to the LT Sect himself and knew about their power. They were all very strong except that the Saint King's power was unknown as he was rarely seen. For instance, Fausto was very strong. Even in H Country, only several people had the power to beat him.

Other than Tom, perhaps only Little Martial God could be a worthy opponent for Fausto.

But what was incredible now was that Pence told him that even the LT Sect was the weakest of the four sects and that they were going to fall out of the ranks of the four sects.

Judging from the received knowledge, the other three sects were extremely powerful!

Previously, Tom thought that he was successful enough to reach such a high level at his age. Although he did not show off his achievements, he was still very proud of himself.

But now, it seemed that he had just been short-visioned. As the saying goes: there was always someone better than you. There were indeed many geniuses in this world!

Pence soon realized what Tom was thinking and said with a smile, "Tom, are you frustrated?"

Tom smiled and said, "Not really. I just think I have been so arrogant. Mountains beyond mountains."

Pence laughed and said, "Tom, you are

not arrogant as you are gifted. Even in the four major sects, there are very few people stronger than you."

Few people... Tom immediately understood the true meaning of this sentence, which indicated that someone was stronger than him!

This really surprised Tom a bit. Was there really someone in this world who improved faster than him?

He had a good relationship with Pence, so he didn't hide his thought and asked directly, "Oh? It seems that there are more gifted people than me. How many such talents are there?"

Pence stopped smiling and looked out through the door. His pupils

constricted and his expression became even more solemn. Seemed to have thought of something terrifying, he took a deep breath and said, "As far as I know, there are no less than three talents of this kind!"

Three...

When Tom heard this number, his eyebrows could not help but twitched twice. At first, he thought that there was at most one or two, but he did not expect that there were actually three. He was not that great by comparison.

After a pause, Pence added, "These three people are King of Carefree of the East Sect, Emmett of the West Sect, and Alistair of the North Sect. Before they reached thirty, they had

stepped into the God Becoming Level. They are amazing talents! They are the rarest talents in a thousand years!! King of Carefree, the leader of the East Sect, entered the God Becoming Level only at the age of 27. He was known as the strongest genius in the world. He have had more than a thousand battles in his life and never lost."

When Tom heard this, he was stunned. The King of Carefree entered the God Becoming Level at the age of 27. What did it mean?

He initially thought that he was talented enough to reach Half-step God Becoming Level at the age of 29. But now, compared with the King of Carefree, he was left far behind.

Although he was at Half-step God Becoming Level now, it would take a period of time for him to reach the God Becoming Level.

For a moment, Tom could not help feeling disappointed.

He was really frustrated now.

Pence patted him on the shoulder and said, "Tom, you don't have to belittle yourself. You're still young and have bright prospects and infinite possibilities. Besides, those three guys are geniuses of geniuses. They were specially trained by their sects since their births. They have been enjoying countless resources from the very start."

Tom remained silent. After a while, he asked, "Does the LT Sect have such a genius?"

Pence said, "No, they doesn't. This is the reason for the fall of the LT Sect. Now there is a situation where the young of the LT Sect could not take over the old. Thunder, King of Southern State, was used to be a great genius. He had a good chance to step into the God Becoming Level, but he was killed by you."

When Tom heard this, he was a little embarrassed. Indeed, he killed Thunder and now took his position.

All of a sudden, Tom began to understand why he was promoted by King of LT Organization to be King of

Southern State instead of being sentenced and killed. It was all because the LT Sect had no more talent.

No matter which area or era it was, talent was the most important.

After that, he chatted with Pence for a while. Tom got to know everything he needed to know. He had a strong premonition that he would definitely meet someone from the four major sects in the near future.

Chapter 910

He knew that this was not just a hunch, but a must-happen.

Because the world was just small, and he was also an amazing genius. It was only a matter of time before he reached God Becoming Level.

And he was representing his country, so he would definitely meet the other three geniuses.

In fact, this was more interesting.

Originally, he thought that he was almost at the peak of the world and lost interest for a moment. Now, it seemed that there was always someone bigger than you, which

motivated his desire to challenge!

He was not a person who naturally accepted his fate, he liked to challenge and take risks to his nature, and now three more powerful geniuses came out, which was good news for him!

Therefore, his short period of time disappointment immediately turned to excitement and passion. His change was caught by Pence very quickly.

Pence was also slightly surprised. Originally, he thought that Tom would be shaken up being upset for a while.

After all, Tom had just won the Kungfu Cup championship and was thought to be the best in this world. In the end, three people who were more powerful

than him came out immediately. Anyone would find it a real blow.

But Tom soon recovered. Tom's psychological endurance had to be admired by Pence. At the same time, he understood why Tom could achieve what he did today.

This was a man born to fight.

Because the theme of tonight's banquet was still celebrating for Tom who was the main character, and he could not disappear for long. He would soon reappear and receive everyone's admiration and congratulations.

After the banquet, Tom, Phoebe, and Amelia went home together. Tom really appreciate their tolerance, so

that he thought he was the happiest person in the world.

Therefore, when he was excited, he also made the suggestion that they could go three, but it was quickly rejected by the two of them and got pinched hard, being scolded as a pervert. Although they accepted each other and make this the least problem for Tom. However, they still felt too ashamed to accept the idea of sleeping together.

Tom was pinched so hard by them that he quickly begged for mercy. He also knew that this was unlikely to happen. Amelia was relatively open-minded or could be persuaded, but for Phoebe, it would be too shameful!

However, this was also rooted in Tom's heart. After all, both Phoebe and Amelia were top beauties. If they could really sleep together, that would be...

He was already bubbling over with excitement even at the thought of it.

When they got home, Tom took a shower and washed off the smell on his body.

He planned to sleep with Phoebe, but Phoebe decisively chased him away. The reason was that she was going to sleep with Amelia tonight. They were so intimate, like sisters. People who didn't know would think the two beauties were a couple.

Tom had no choice but to go back to his

room to sleep in a depressed mood.

After returning to his room, Tom couldn't fall asleep for a while.

Too many things had happened these days.

He had been on the road before which left him no time to see it through. Now that he finally calmed down, he still had to give himself some time to make it.

Taking a deep breath, he did not go to bed but meditated sitting on the floor.

He was now a only half-step to God Becoming Level, both physically and mentally was he much stronger than before. He could be said to usher in the transformation.

Now that he was only the last step away from the God Becoming Level. It was as if there was a layer of curtain blocking him. With a slight lift, he could successfully break through to the God Becoming Level.

However, lifting this layer of curtain over was the most difficult.

Because he couldn't find out where this layer of the curtain was. Since he couldn't find it, how could he lift it over?

However, Tom believed that he would definitely find the position, and then lift it in one fell swoop!

Although he was now a half-step away from God Becoming Level, and in the

championship, he also crushed Rommel and others to death, but he still suffered a lot of injuries.

It was just that these injuries weren't serious enough to affect him at the moment, but if they had not been dressed, over time, these injuries would grow to be bad as he got older.

In fact, not only martial artists, everyone would suffer all kinds of injuries during their growth. Even if they fall and got normal bumps, there would be minor injuries. When they were young, they had strong recovery ability and didn't take it seriously.

But in fact, they were not completely dealt with, and there were still some sequelae, just like a worn machine.

Although it looked like it was repaired, the mechanism was still damaged, not as complete as the original.

The same went for people.

As Tom's strength improved, Tom had a stronger feeling that a person's body was also like a machine, and in the process of growing up, it would be constantly injured.

For most people, they would not be recovered, even with the help of the most advanced medical science, they still couldn't be.

It was only when people reached his realm and reached God Becoming Level that his wounds could be treated precisely.

The so-called "God Becoming Level" did not really mean the martial artist became a real god.

The 'God' here was not the deity in the mythical concept, but a person himself.

God Becoming meant to be able to see and recognize oneself more accurately!

Just as Tom was now in a state of meditation, he could see himself through, and see every organ and part of his body, a feeling that could not be described in traditional language.

This kind of seeing was not the 'seeing' through the eyes in the traditional sense, but a kind of perception, a kind of mastery.

Tom now saw the whole outline of his body, as well as all kinds of injuries from his daily life and combat.

These injuries were nothing to his current physique.

However, if he did not dress them all completely, over time, these injuries would unknowingly deepen and get more serious!

Just like many incurable diseases, in fact, it was a small problem at the beginning. Without treatment, it gradually developed into a serious illness or even fatal disease.

When Tom saw his wounds, he could see that if he did not treat them, they would slowly deepen. In another 30 to

40 years, they would become huge obstacles to his progress!

In another fifty to sixty years, they would even be the culprit that took his life.

In fact, this was also one of the main reasons why people got sick or even died.

The reason why people grew old was not only simply for the decrease in cell activity, but also for the various injuries in their youth.

So Tom had to start fixing himself now, and at the same time, he had a deeper understanding of the God Becoming Level.
