

# The Return of the God of War [The Protector]

## Chapter 3718 – 3719 – 3720

Recovering the killer organization is actually more difficult.

After all, it's not what you said can be done by force.

You may not even be able to find them where, or how many members there are.

Kong has a powerful force that is useless at all.

But this is not difficult for Gong Qianqiu.

She holds all the information of the major killer organizations in her hands.

specific to each individual.

So it is not difficult for her to control the killer organization!

Rather easy!

"Next, we'll think about how to destroy the Town Demon Division..."

Gong Qianqiu smiled.

The bone master was immediately interested.

This is what he always wanted to do.

Joining Gong Qianqiu and helping her create a spirit-devouring spirit bone is to destroy Zhen Mosi.

"It will be the same at that time. Those who obey me will prosper, and those who go against me will perish. I want the Demon Suppression Division to disappear!"

“Of course everyone in the West Pavilion of my division will die!!!”

Gong Qianqiu went mad.

The bone master applauded again and again.

What he wants is that the Zhen Mosi just disappear.

“When the magician disappears, I will have my own power!”

Gong Qianqiu’s strength has now reached its peak.

It doesn’t seem so longing.

She yearns for power now...

The battle between Zhen Mosi and Xuanming Alien just now inspired her a bit.

She kind of wants to be in control.

It’s like she is standing on a high place, hundreds of thousands of people, even millions of people, tens of millions of people kneeling on the ground to worship her!

How wonderful that would be!

What’s the point if no one worships himself and shares his happiness?

She must not only be the strongest, but also the most powerful, making everyone crawl under her feet.

If you think a little more boldly, then let Ye Junlin’s level also kneel on the ground and bow her head to her!

This is so much better than just killing it!

Just killing it, it can be said that the food is tasteless.

But such power can be felt!

This was something Gong Qianqiu would never have thought of before.

After all, this was not her pursuit at all before.

In the past, what she pursued at most was to use her beauty, means, and charm to control more men and increase her strength!

But now it's different.

After her strength reached a certain level, her mood changed completely.

The pursuit of things is different.

Next, her plan is very simple, her strength has reached the peak!

The strongest row!

Step on Ye Junlin.

In addition, she has created one of the most powerful forces in the world.

This is the long-term goal.

This force will become stronger and stronger, and there will be more and more people.

It's best to finally include everyone in the world.

Let the whole world really crawl under her feet.

At that time, there will be no country or region.

It's all her Gong Qianqiu's.

People or places, both!!!

crazy!

The ultimate crazy ambition!

As soon as this idea came out, Gong Qianqiu himself was frightened.

This is too exaggerated, isn't it?

But now that she has this power, she is even more worthy of this idea!

Next, she will form this faction.

"You will all be the first generation elders of my forces!"

"Don't worry, it won't take long, we will be the largest force in the world!"

Gong Qianqiu described his grand blueprint to Master Bone and Duguxiao.

This made both of them extremely excited.

Master Bone never thought of getting a new life!

Not only can it destroy previous opponents, but it can also reach unprecedented heights.

Duguxiao is a blessing in disguise.

For him, being alive is a great gift.

Didn't think of this beauty?

Gong Qianqiu smiled: "Well, our forces have been formed from this moment..."

"How about the name Qianqiu Sect?"

Gong Qianqiu is already beginning to yearn for it.

"Okay! Thousands of generations! Dominate the world! Qianqiu teaches this name well!"

The bone master started to flatter him again and again.

"Okay, that's great! Then I'm not the young master of Qianqiu Cult! Haha, I'm even crazier than I was in the Town Demon Division!"

Duguxiao laughed out loud.

Next, Master Bone began to treat Duguxiao's knee.

Although broken.

But it is not difficult for the bone master.

Gong Qianqiu also decided to cultivate Duguxiao.

Teach him your own way of devouring!

Of course, Gong Qianqiu has actually transformed Junjun's practice during the recent period.

More suitable for devouring, but also for her!

But what was taught to Duguxiao, she kept it.

It can make Duguxiao increase to a very high level in a short time, but the upper limit is always lower than his own.

In order to avoid Duguxiao's rebellion!

It seems that Dugu Xiao has been completely grasped, but as the only bloodline of the two alien races, coupled with the efforts of Dugu Tuo and others to cultivate.

Whether it is strength or mind, Duguxiao is not bad.

It is even said that Duguxiao is terrible.

She didn't want to have an anti-bone boy by her side.

Hold him firmly!

"Hurry up and practice, I'll give you a month! After a month, you must walk around in front of Ye Junlin and them!"

This is the goal that Gong Qianqiu set for Duguxiao.

Next, Gong Qianqiu will subordinate the scattered repairs and the major killer organizations, or all the unsightly income of the Zhenmo Division.

Join her Qianqiu teaching.

At the same time, she is also planning to target the Supremacy and the Eternal Realm.

Next, she will continue to be strong.

These two forces must be won.

What Gong Qianqiu values more is the super spiritual veins that the two major forces rely on!

If she can devour these two super spiritual veins.

Then she can definitely kill Ye Junlin into scum.

“Wait, Ye Junlin! Everything will be interesting!”

Gong Qianqiu smiled.

And the other side.

God of Heaven.

Ye Junlin looked calm and looked into the distance.

But everyone else was dumbfounded.

This is obviously going to be a successful revenge.

As a result, there were no people.

Ducks have already entered the mouth and flew away.

depressed!

anger!

But helpless!

This is what Li Ziran didn't want to see!

Abruptly got pissed off.

This is what happened!

I wanted to take revenge in a hearty way, but what happened?

No success.

"If I had known, I would have just killed it...instead of trying to vent my emotions as much as possible! There would be no such thing!"

"I'm really mad at me, it's all about to succeed, but it falls short?"

"Ahhh! How can this happen? I'm going crazy!"

Everyone is about to explode.

This tone really rushed to them again.

It is a thousand times more depressing than before!

I couldn't find anyone before, so I held my breath, but it was okay.

Now someone has been found, but has been taken away again.

This breath is directly stuck in the chest, which can make people angry to death.

Xiao Feng should have been very angry.

But the sword almost killed him just now.

He was still in fear.

I don't have time to think about anything else right now.

As for the five Qinglong people, they were the most miserable.

This thing hit them too hard.

The five were still standing there.

Not a single move.

The blow was too big!

At the moment when the demon was removed, he was stuck in one breath.

Tons of psychological damage to them!

Inner demons have not been eliminated.

On the contrary, the demons in the heart were even bigger, and they hooked out the most angry and helpless side of several people.

Even said that another demon appeared.

It affects their mood too much...

The venting of emotions is incomplete, and the result is even more damage.

The eyes of the five were blank and their consciousness was blank.

The mentality that had just been adjusted during this period of time collapsed at this moment, like a dyke burst.

It's possible to almost die.

Don't talk about them, everyone who is watching the Demon Suppression Division is going crazy.

Because the Xuanming alien race was wiped out, but a seed was left behind.

How annoying is this?

Who doesn't break down when this happens?

It is equal to Gong Qianqiu, which broke everyone's mentality.
