## The Return of the God of War [The Protector] Chapter 3761 - 3762

His confidence began to shake.

An unprecedented sense of crisis is rising exponentially.

After Miya Chiaki occupied the Eternal Realm, he began a slaughter trip.

As the only remaining “fruitful” of the two alien races, Duguxiao has a brutal and ferocious nature.

In this slaughter process, it played out vividly.

The Eternal Kingdom base camp has a large number of people, and most of them have been slaughtered by the end.

As for the rest, they simply gave up resistance.

Only dozens of high-level officials were arrested, and they were kneeling and begging for mercy at this moment.

I hope Gong Qianqiu can spare their lives.

In exchange, they were willing to exchange the core secrets of the Eternal Realm.

That is, the specific location of the super spiritual veins on which the eternal kingdom lives.

“Just this message is not enough to exchange your life for all of you.”

Gong Qianqiu was excited in his heart, but on the surface he seemed indifferent.

In order to save their lives, the high-level officials of the Eternal Kingdom also provided their own treasures.

Looking at the mountains of heaven and earth treasures in front of him, Gong Qianqiu smiled even more.

“For the sake of you being so aware of current affairs, this sect master will leave you a whole body.”

“Duguxiao, except the king, kill all the others!”

“Of course, before killing them, don’t waste their power.”

Gong Qianqiu said jokingly.

Duguxiao licked his lips, and said respectfully, “The disciple obeys the teacher’s orders.”

After disposing of the others, Gong Qianqiu took the Lord of the Eternal Kingdom to Lingmai alone.

The lord of the Eternal Kingdom has long been frightened by Gong Qianqiu’s terrifying strength and ruthlessness.

I didn’t dare to play tricks at all, and took Gong Qianqiu directly to the destination.

Looking at the super spiritual veins in front of him, Gong Qianqiu was completely shocked.

Because the scale of this spiritual vein is much larger than that of the two major alien races.

Even more terrifying than the spiritual veins that Zhen Mosi relies on to survive.

Generally, the vigilance condensed by super spiritual veins is transparent, similar to crystal.

However, the spiritual vein of the eternal kingdom turned out to be slightly golden yellow.

Even the surrounding aura was a little golden.

“The quality of this spiritual qi is even purer than the spiritual qi purified by the exercise method.”

Gong Qianqiu shone brightly, and she couldn't wait to absorb the energy of this spiritual vein.

“By the way, it seems that the spiritual veins are also graded.”

Gong Qianqiu suddenly remembered the records in the ancient books about the spirit veins by Zhen Mosi.

The spiritual veins are also graded, but the level of the Zhenmo Division has not yet reached the level of refining the level of the spiritual veins.

So it's just a passing.

But what is certain is that the spiritual meridian that breeds colored aura must be much higher than the colorless spiritual meridian.

It seems that Tiansi discovered a spiritual meridian above the super spiritual meridian, and went to look for it.

“The spiritual vein of the Eternal Kingdom is one level higher than that of the Demon Suppression Division.”

“Maybe it has reached the level of spiritual veins that Tiansi is looking for.”

“Maybe it's the legendary dragon vein or even the earth vein?”

Thinking of this possibility, Gong Qianqiu became even more excited.

“Honorable sect master, I have brought you to the spiritual vein, can you let me go?”

the king of the eternal kingdom asked timidly.

He just wants to leave this place of right and wrong now.

Save this life.

“I did promise to let you go, but I suddenly regretted it.”

“If you are alive, how could the captured members of the eternal kingdom be willing to surrender to this leader?”

“So for the Qianqiu Sect to grow stronger, you should give your life! I will be grateful to you, giggle!”

Gong Qianqiu smiled and leaned back and forth, raised his hand gently, and a terrifying black silk energy swept out.

The leader of the Eternal Kingdom couldn't dodge in time, and his body was hit hard, and the whole person instantly disappeared.

Gong Qianqiu seemed to have done a trivial thing, and then walked towards the depths of the spiritual veins.

She wants to devour this super spiritual vein.

## The Return of the God of War [The Protector] Chapter 3762

Gong Qianqiu quickly came to the depths of the super spiritual vein.

She couldn't wait to absorb the energy in it.

“After absorbing this spiritual vein, what state will this sect master reach?”

Gong Qianqiu quickly ran the swallowing technique.

However, there was a scene that shocked her.

I just swallowed a trace of spiritual energy, but I couldn't continue to swallow it anymore.

Has your body reached its limit?

Can't improve anymore?

Gong Qianqiu was inevitably a little disappointed.

Although she felt that even if she no longer improved, she was still invincible.

But human \*\* is endless.

Even if it reaches the point where Ling Jueding can see the mountains and mountains, he still wants to take it to the next level.

"There is such a huge spiritual meridian in front of me and it is really a waste of time!"

Gong Qianqiu was extremely regretful.

So she started frantically looking for a way to continue devouring.

He even studied the Devouring Cultivation Technique five or six times to see if he could find a way to raise the upper limit.

For three full days of sleepless and forgetful research, Gong Qianqiu still ended in failure.

"Damn! There must be a way!"

Gong Qianqiu suddenly thought of Levilia.

Since this method was created by Levilia, she will most likely have a method to increase the upper limit of swallowing energy.

"It seems that the attack on Levi Garrison's underground base will be put on the agenda as soon as possible!"

Gong Qianqiu secretly made up his mind.

the other side.

Duguxiao was not idle during this time.

Devouring the energy of dozens of high-level eternal kingdoms.

It devoured the energy contained in many heavenly materials and earthly treasures.

Duguxiao's strength is even higher.

"If I meet that hateful little girl again, I will surely kill her in an instant."

Duguxiao's confidence greatly increased.

In the next few days, Master Bone and Duguxiao cleaned up the mess under Gong Qianqiu's instruction.

The captured elites of the Eternal Kingdom all chose to join the Qianqiu Cult.

Qianqiu's church members have grown again.

And with the Eternal Kingdom taking the lead, some other small forces in the War Eagle Kingdom also resigned.

In just five or six days, the Qianqiu Religion attracted more than 100,000 followers.

Qianqiu taught the scenery for a while.

Not only that, Gong Qianqiu also selected 300 dead soldiers who were absolutely loyal in the teaching.

She personally taught these dead men the devouring technique.

Of course, this devouring technique is a simplified version of Duguxiao's cultivation technique.

In a short period of time, the cultivation base of this group of dead men can be advanced by leaps and bounds.

But there is a limit to swallowing.

Gong Qianqiu doesn't want to have a backlash!

"You guys keep this spiritual vein for this sect master!"

"As for the power contained in the spiritual veins, you can devour it at will!"

Gong Qianqiu ordered.

"Abide by the Master's decree."

The dead men said in unison.

in the underground base.

Levi Garrison sat cross-legged and practiced Gong Gong.

In recent days, all kinds of information have fallen like snowflakes.

What Levi Garrison currently chooses is static braking.

Since the mysterious woman has become a peerless powerhouse is an indisputable fact.

Then just wait for her to attack and compete.

However, Levi Garrison is more concerned about whether the mysterious woman has the spiritual veins that devour the eternal kingdom.

After all, the Eternal Kingdom has now been destroyed by the mysterious woman, and all the key figures are under her control.

"If the super spiritual vein of the eternal kingdom is swallowed by her, how powerful will she be?"

At this point, Levi Garrison's sense of crisis became stronger.

After waiting for another two days, the mysterious woman still has no tendency to attack the base camp.

Levi Garrison couldn't wait any longer, and immediately decided to go to the Eternal Kingdom to find out in person.

However, just as he was about to leave, a reliable message came from the Black Hawk agent.

Although the exact identity of the mysterious woman is not known for the time being.

But through multiple confirmations, the mysterious force is extremely powerful, and the boss is a young woman.

After capturing the Eternal Realm, this woman went to the depths of the spiritual veins, but was unable to swallow and absorb the power of the spiritual veins.
