## The Return of the God of War [The Protector] Chapter 3781 - 3784

I saw a few words displayed on the communication tool: Xiao Feng, come and save me!

Gong Qianqiu's distress signal.

Xiao Feng was instantly refreshed.

Qianqiu is still alive.

But at the same time, he is also being chased and killed, and his life may be at risk at any time.

Xiao Feng did not dare to stop, and quickly followed the coordinates on the communication device.

Vaguely, Xiao Feng felt that someone was following behind him, and then he involuntarily increased his speed.

It wasn't until more than half an hour later that the feeling of being tracked disappeared completely.

After driving non-stop for more than two hours, there was a dense jungle in front of me.

"Where is Qianqiu?"

Xiao Feng quickly searched for Gong Qianqiu's breath, and soon had a feeling.

Going straight into the jungle, it didn't take long before I saw Gong Qianqiu in a relatively open area.

Qianqiu is still alive and safe!

Xiao Feng's thoughts suddenly moved, and doubts flashed in his heart.

But he soon saw that there were many people around Gong Qianqiu.

A few are familiar, and they seem to be Gong Qianqiu's West Pavilion fellow.

The doubts in my heart dissipated in an instant, otherwise how could so many people survive at the same time?

After all, if Gong Qianqiu is really the initiator, it would be logical to kill people as much as possible!

However, Xiao Feng did not know that these people were once friends with Gong Qianqiu, and then chose to submit to her.

"Qianqiu, what's going on?"

Xiao Feng quickly stepped forward to ask.

Gong Qianqiu's tongue is like a reed, indicating that they all escaped into the secret road of the West Pavilion.

But they are still being hunted down to this point. Fortunately, they took advantage of the number of people to kill the masters of the mysterious forces.

This was a lucky escape.

I felt that the breath of these people was unstable, and some were even sluggish, as if they had just experienced a fierce battle.

Xiao Feng instantly dispelled his doubts.

The fact is really different from what Phoenix and the others said, this matter has nothing to do with Qianqiu from beginning to end.

"Xiao Feng, these Xige disciples have just died in battle, so they can be used for your devouring technique."

Gong Qianqiu said suddenly.

Xiao Feng was taken aback, he never thought that Gong Qianqiu would make such a request.

How dare she devour other people's skills?

Seeing Xiao Feng hesitating, Gong Qianqiu scolded the waste in his heart.

There is no such ruthless means, how can it be possible to achieve great things?

But it is precisely because of this that Gong Qianqiu has the pleasure of completely introducing it into the "magic way".

"Xiao Feng, do you know how these people bullied me in life?"

"If I hadn't thought of my classmates, I would have done them a long time ago."

"Now that they are killed by mysterious forces, I'm just borrowing their skills, isn't it too much?"

Seeing that Xiao Feng was a little moved, Gong Qianqiu hit the railway while it was hot: "Didn't you say you want to keep getting stronger and protect me?"

"Now that the opportunity is in front of you, you don't know how to cherish it?"

"Xiao Feng, you have disappointed me too much."

Gong Qianqiu said with a heartbroken look.

"Qianqiu, don't be sad, I'll just do as you say."

Xiao Feng finally chose to compromise.

He really couldn't bear to see Gong Qianqiu sad and sad.

Then Xiao Feng thought that those elite disciples of the West Pavilion once talked about Gong Qianqiu in every possible way.

A lot of hard-to-earth words were spoken out.

This undoubtedly gave Xiao Feng a bit of hatred.

After some intense ideological struggle, Xiao Feng finally ran the exercises to devour the power of these people.

Although there was some resistance at first, but after devouring the skills of several people in a row, Xiao Feng became familiar with it.

Even a little obsessed with the thrill of swallowing the ascension.

The news that the West Pavilion was completely destroyed quickly spread to everyone.

For a while, the Demon Squad and the Heavenly God Supervisor were panicked.

Everyone is worried that this kind of doom of being destroyed will come to them tomorrow.

The strength of the mysterious force is too terrifying.

Everyone is eagerly looking forward to Tiansi's return.

The news that the West Pavilion was bloodbathed quickly reached Levi Garrison's ears.

It can basically be concluded that this is what the mysterious forces did.

Even after an in-depth investigation, the shadows of Duguxiao and the dead man killer were even discovered.

However, the whereabouts and behavior of the mysterious woman are very strange, and she can't guess what she will do next.

"Maybe the next step is to deal with the base camp."

Thinking of this, Levi Garrison was even more eager to find a place where his relatives and friends could hide.

He is now eager to use three super spiritual veins to temper his body.

Therefore, we must first find a way to ensure the safety of everyone.

That way, there will be no worries.

the other side.

Phoenix and others are still continuing to investigate the bloodbath of the West Pavilion.

Soon they got an important piece of information.

Almost all of the people who died in the West Pavilion were Gong Qianqiu's former mortal enemies.

There are also those who have bullied and satirized Gong Qianqiu.

As for the disciples of the West Pavilion who were friends with Gong Qianqiu, they either survived the disaster or disappeared without a trace.

This situation is somewhat intriguing.

"One or two may be a coincidence, but if many people are like this, there is basically a problem."

Phoenix took the lead.

Several others also agreed.

If it is really what Gong Qianqiu did, then this situation is very easy to explain.

In other words, only if the murderer behind the scenes is Gong Qianqiu, this situation is in line with normal logic.

“This matter must be told to the boss so that he can know what to do.”

Azure Dragon proposed.

Phoenix said with some embarrassment: “The boss is very busy now, let’s wait until we find more conclusive evidence before telling him!”

At this moment, Xiao Feng also returned to the base camp.

Since it was confirmed that Gong Qianqiu was safe and sound, Xiao Feng was in a particularly happy mood.

After seeing Azure Dragon and a few people, he didn’t even have the same anger as before.

“You don’t need to continue to investigate, Qianqiu is still alive, and the matter of Xige’s bloodbath must have nothing to do with her.”

Xiao Feng directly chose to be open and honest.

Azure Dragon and others were stunned at first, they didn’t think that Xiao Feng had found Gong Qianqiu’s whereabouts.

Could it be that, as they guessed, Xiao Feng and Gong Qianqiu have always been in contact?

“Xiao Feng, how can you be so sure that Gong Qianqiu is innocent?”

Phoenix couldn’t help but ask after being stunned for a while.

Xiao Feng said solemnly: “Because I saw a lot of people in the West Pavilion with Qianqiu, they survived after fighting hard.”

"I wonder if Qianqiu did it, shouldn't he choose to kill people?"

Xiao Feng thought that Phoenix and others would be speechless.

After all, his inference logic is meticulous and flawless.

"Xiao Feng, this is the power of Gong Qianqiu." Phoenix said with a sneer.

Seeing that Xiao Feng was about to get angry again, Azure Dragon hurriedly explained:

"Xiao Feng, don't get excited."

"After our investigation, those West Pavilion members who are alive and have no information are basically friends with Gong Qianqiu."

"And those who have bullied and ridiculed Gong Qianqiu have basically died miserably."

Xiao Feng's angry face froze instantly.

He suddenly recalled those Xige disciples who had devoured their skills before.

Gong Qianqiu seems to have really said that those people have bullied her.

It is precisely because of this reason that Xiao Feng feels less guilty.

"impossible!"

Xiao Feng's thoughts were a little messy, but from the bottom of his heart he still didn't want to believe that Gong Qianqiu was the real murderer behind the scenes.

"Qianqiu was injured by me not long ago."

"If he was really a mysterious woman, would she be so weak?"

"Why do you guys keep staring at Qianqiu, where did she offend you?"

"If you have any dissatisfaction, you can come to me."

The more Xiao Feng said, the more excited he became.

Even in the end, they were ready to start.

Xuanwu said angrily, "Xiao Feng, are you going to turn against us because of a woman?"

## The Return of the God of War [The Protector] Chapter 3783

"A woman? You put it lightly!"

Xiao Feng sneered twice and asked back, "If your loved one is accused and suspected by others for no reason."

"Will you still be so calm and reasonable?"

"Don't persuade others to be kind without suffering others. Don't you understand such a simple truth?"

Xiao Feng was indeed very upset.

The good mood that had determined Gong Qianqiu to be safe and sound today was destroyed.

And there are various signs that Gong Qianqiu is indeed innocent.

Now, he is still being suspected by all the evil but others, and there is even a feeling of increasing suspicion.

Simply too much.

"Xiao Feng, you are the boss's most effective stopper and our brother-in-law, so we will persuade us with good words."

“Why do you always take our good intentions for malice?”

“In the end, have you thought about it carefully, how much do you know about Gong Qianqiu?”

Azure Dragon was also a little angry, and even felt that Xiao Feng was becoming more and more unreasonable.

The original smart and witty, how did he become stupid when he encountered Gong Qianqiu’s problem?

“Azure Dragon, you finally got to the point.”

“That’s right, if it wasn’t for your relationship, I would have taught you a lesson long ago.”

“Forget it, the Tao is different, and one day, you will find out how wrong your suspicions are.”

Xiao Feng turned around and left.

Seeing Xiao Feng’s resolute back, Phoenix and the others were stunned on the spot.

Following the complete destruction of the West Pavilion, the East Pavilion also suffered a sneak attack.

But the casualties were not particularly serious.

Of course, this is also related to the fact that other factions of Zhenmo Division began to join forces for defense after the West Pavilion incident.

The mysterious forces cannot cut off the connection between the East Pavilion and the outside world.

Reinforcements from other areas arrived at the scene in a timely manner, and only then did they successfully disperse the foreign enemy.

For a time, everyone in the town hall was panicked, and there was chaos.

Gong Qianqiu saw that the river was successfully muddied by her, and immediately started her next plan.

Ming Xiu plank road, dark Chencang.

Gong Qianqiu's original goal was Tianshifu.

Of course, in order to ensure that nothing goes wrong, the threat of Levi Garrison's side inserting a foot in the middle is eliminated.

Gong Qianqiu called Xi Duguxiao over again.

"Master, what are your orders?" Dugu Xiao asked in common.

Gong Qianqiu said solemnly: "Now Zhenmo Division is too busy to take care of himself, and basically he will not pay attention to Tianshifu, but Levi Garrison is not sure."

"So recently, you have to take people around Levi Garrison's base camp from time to time, so that he won't dare to leave easily."

"Understood!" Duguxiao said with a smile.

Gong Qianqiu pondered for a moment and continued: "Then there is to increase the strength of training the dead. They will be the sharpest butcher knife of Qianqiu Sect, the butcher knife that makes everyone fear."

"As ordered!"

Duguxiao is also very keen on cultivating dead men.

Because all the dead are currently assigned to him directly.

This will also be the sharp blade of Duguxiao's Revenge Town Demon Division and Shentianjian.

After arranging everything, Gong Qianqiu directly killed the Tianshifu.

Outside the Tianshi Mansion.

Many celestial masters are facing great enemies.

Gong Qianqiu was wrapped in black energy all over his body.

The powerful aura pressure made everyone present unable to help tremble.

"I have long heard that your Tianshi Mansion can attract Tianlei to kill the enemy, let this sect master also appreciate it!"

Gong Qianqiu's voice was like a thunderbolt from the blue sky, shocking the celestial masters to their ears.

"You are the leader of the Qianqiu Sect who destroyed the eternal kingdom?"

The old master asked in a deep voice.

Gong Qianqiu said with a smile: "It's just a small force outside the territory. Are you making such a fuss?"

sizzle!

There was a rumbling sound of cold air at the scene.

Even if he is as strong as Levi Garrison, he will not use small power to describe the eternal kingdom, right?

"Column Induction Lightning Array!"

The Master of Heaven immediately gave an order.

He instinctively thought that Gong Qianqiu was here to destroy the Tianshi Mansion, and he directly chose to use the strongest Tianlei formation to deal with it.

So as not to repeat the mistakes of the eternal kingdom.

# The Return of the God of War [The Protector]

## Chapter 3784

The celestial masters were like a formidable enemy, and they directly resorted to the thunder formation technique.

For a time, the clouds were overcast, and lightning flashed and thundered.

The celestial masters recited words in their mouths, and the exercises worked.

Clap!

Along with the deafening thunder, a flash of lightning pierced the sky.

Immediately afterwards, countless thunderbolts with the thickness of the arms were continuously gathering.

Even in the clouds of Jiuxiao, people on the ground can still hear the surging sound of electric current.

“My Tianshi Mansion has no intention of being your enemy. If you leave here, I will spare your life.”

“Otherwise, wherever the thunder goes, the flesh and blood will become ashes.”

The old master said in a serious tone.

Gong Qianqiu sneered and said: “I’m still stubborn when death is imminent. Is the highest skill of your Tianshifu a stubborn magic?”

Anger rose in the old master’s heart.

Inciting thunder to attack opponents can achieve significant results.

However, the activation of the celestial masters will also consume a lot of energy. If it is not a last resort, the Tianshifu will not easily activate the lightning formation.

“Since you are obsessed, don’t blame this Celestial Master for being rude.”

“Induce thunder, attack!”

With the order of the old Tianshi, those small thunder lights suddenly converged and merged.

The bright electric light is extremely dazzling.

It seems to carry the power of destroying the world.

However, Gong Qianqiu was not afraid at all, and even a greedy light flashed in his eyes.

I still remember that when it devoured the spiritual veins of the Xuanming alien race, it also attracted Tianlei.

But compared to the thunder that Tianshifu attracted in front of him, the energy pressure was much worse.

“I hope to successfully temper the body, so that I can devour the spiritual veins of the eternal kingdom.”

The more Gong Qianqiu thought about it, the more excited he became, and he jumped away directly to face Tianlei.

“What is she doing?”

The celestial masters were a little stunned for a moment.

According to normal logic, shouldn’t people locked by Tianlei try their best to avoid its edge and dodge out?

This female sect leader actually went directly to fight Tianlei?

Tired of living?

While thinking about it, the first dazzling thunder had already bombarded Gong Qianqiu.

Clap clap!

Electric light surged, making people feel a burst of despair when watching from a distance.

If it were replaced by an ordinary master, I am afraid that this blow would be wiped out!

But Gong Qianqiu resisted the first thunderbolt, but his body was only shaken back a few steps.

The black energy surging on his body seems to be fighting against Tianlei.

“No wonder the Eternal Realm can be destroyed in a blitzkrieg manner.”

“She can resist the thunder to such an extent.”

“It’s incredible!”

The celestial masters were shocked.

Even the strongest headmaster can’t do this.

“Increase the power of Tianlei, and kill this person regardless of the cost!”

The headmaster, the Celestial Master, gave the order again.

Seeing that Gong Qianqiu’s strength is so terrifying, he never wants Tianshifu to follow in the footsteps of the eternal kingdom.

It is necessary to use the power of the thunder to kill this person as much as possible.

Otherwise there will be endless troubles.

“Yes!”

The celestial masters performed the exercises again, and the syllables in their mouths moved faster.

The thunder in the void is also more active.

The coercion of Tianlei's energy became more and more violent.

Even the surrounding space seemed to be seriously distorted.

It seems that it is almost impossible to bear such a powerful thunder.

"Tianlei, fall!"

As the headmaster Lao Tianshi waved his arm, a thunderbolt that was even more terrifying than before slashed at Gong Qianqiu.

Boom!

When Gong Qianqiu hit one place, there was a deafening sound.

Gong Qianqiu's figure fell rapidly, but in the end he was still supported by the violent energy.

Still struggling with the power of Tianlei.

"This person is too crazy."

Such thoughts rose in the minds of the celestial masters.

Even the hard and tough Tianlei repeated again and again is simply asking for a dead end.

However, after several consecutive thunders, the celestial masters gradually discovered that something was not right.

Gong Qianqiu had no intention of fighting back during the whole process.

It seems to have been waiting for a new round of thunder to appear.
