

Chapter 1061

As Clarissa gazed at the man nervously, the man turned around and showed his sallow face.

When Clarissa saw this face, her original expectation turned into disappointment.

She was mistaken. Even though the back of this man was Tom-like, the man in front of her was not Tom but a stranger.

"Miss, are you looking for me?" Tom said. Not only did he change his look, but he also changed his voice. Now he was another guy in many aspects except that his body was still the original shape.

Appearance and voice change for ordinary people was not easy. Even with the help of current high-tech, it was difficult to change the appearance and voice in such a complete way.

But for someone like Tom, it was a piece of cake.

Now, his appearance had completely changed. Even if Phoebe stood in front of him, she might not be able to recognize that he was Tom.

Not to mention Clarissa.

Clarissa's original expectation and happiness rapidly vanished and turned into disappointment and loss. She then squeezed a smile and apologized, "I'm sorry. I got the wrong person."

Seeing Clarissa this look, Tom felt pitiful for her. Clarissa didn't let go of him.

But he had been involved in many relationships. He really didn't want to mess with another woman, especially Clarissa. She was a good woman. But he had no feelings for her. Besides, he was a martial artist but Clarissa was an ordinary person. Plus her celebrity identity, her life would change a lot if being with him.

That was no the way to go.

He nodded and then turned around to leave.

Clarissa was disappointed. But that was the reality and she frustratedly

returned to her seat.

"Clarissa, what did you do just now? You scared us! You're a big star. You can't talk to people casually, especially a man. If any media caught that scene, that would damage your reputation."

When Clarissa was back in her seat, the female assistant beside her frowned and constantly complained.

Clarissa was still a little frustrated. She but nodded without saying anything.

Seeing her like this, the female assistant's tone became soft. "You've mistaken someone again. You're no longer as famous as before. Were it not that Mr. Leo is willing to spend a lot of money for you, you would have

probably faded out of the entertainment industry! So you'd better not do this kind of thing anymore. Just forget about that man, or Mr. Leo will be very unhappy if he finds out, okay?!"

Clarissa's expression was full of bitterness. She said, "Hua, it's not that I don't want to forget him, but that it's really hard for me to do that. Also, I don't want to have anything to do with that Mr. Leo."

Hua immediately frowned and said, "Nonsense! You're no longer as famous as before. The competition in the entertainment industry is so fierce now. In the past two years, there have been so many outstanding new stars. If you still can't get any resources, the

public will forget you! It's a rare opportunity that Mr. Leo likes you and is willing to spend a lot of money for you. You must seize it and be successful! You hear me?"

"But..." Clarissa wanted to speak again, but Hua interrupted her. "There's no but. Mr. Leo is about to arrive. He is the young master of a large group and is extremely noble. If you can make friends with him, your star path will be bright!"

Clarissa moved her lips and wanted to say something, but she didn't say it in the end.

On the other side, Tom did not leave. Instead, he heard the conversation between Clarissa and her assistant and

saw Clarissa's expression. It was obvious that Clarissa's star path was not smooth and even there were troubles on it.

Tom shouldn't mess with this. But Clarissa was kind of his friend. Now that he knew his friends were in trouble, he couldn't just leave.

So he stayed and planned to follow Clarissa for some time to see if Clarissa would really be in trouble.

After a while, Hua received a phone call, and soon she exuded surprise. She petted Clarissa and said, "Cheer up, Mr. Leo has arrived. Show your most beautiful side to impress Mr. Leo, okay?"

showing up for a long time, clumsiness on variety shows, unpleasant new songs, and being not serious in filming, etc.

Although none of those was a big scandal, when they came together, it made Clarissa's image not so good. The numbers of her fans dropped down. In just two years, She went from a first-list star to a third-list star.

Gradually, she would probably fade out of the entertainment industry and disappear from the public eyes.

No fame and huge fans for a star was the most miserable thing for him, the end of his star career.

And all this was likely because Clarissa

Clarissa was still a little frustrated. But it seemed that she had been crushed by life, and now she had learned to cater and obey the superior. Even if she was very unhappy, she actually squeezed out a smile.

Except that this smile looked a little stiff and painful.

Tom felt pitiful again when he saw her like this. He understood that during the time Clarissa lost contact with him, her life was not happy, and her career was heading down.

Soon, he turned on his phone and did a simple search. Sure enough, he saw a lot of negative news about Clarissa on the Internet, such as absent-mindedness at the concert, not

lost contact with him.

To be honest, although Tom was not that ashamed, he felt a little pitiful.

Since he knew Clarissa's problems, he might as well help her.

Now that his level rose fast and he almost reached the God Becoming Level. Keep cultivating, he would soon be a God Becoming Level master. The day he becomes a God Becoming Level master, he would be one of the most powerful humans in the world. As he became stronger, his horizon expanded too.

In the face of emotional disputes between Clarissa and him, he was not as extreme as before.

Clarissa didn't forget him after a year or more and they happened to meet again. This must be fate. Tom wouldn't fall in love with Clarissa, but be a friend with Clarissa is okay for him.

Thinking of this, Tom planned to save Clarissa.

Actually, he noticed that the space between Clarissa's eyebrows appeared black, which meant that she would suffer a disaster.

But Tom could save her from the disaster.

Not long after, Tom saw a group of people coming over. The leading man who has a dignified appearance should be Mr. Leo.

Chapter 1062

It should be said that Mr. Leo was a young handsome man. He looked very imposing and dashing.

Most importantly, he was lusty, not as feminine and weak as those young men.

Many young people nowadays mingled in bars and nightclubs all year round. At a young age, they looked especially weak because of the bad daily schedule. But Mr. Leo didn't act like that, which was rare.

When Tom saw him, he raised his eyebrows and let out a sound that attracted Mr. Leo's attention!

Originally, he did not take this so-called Mr. Leo seriously. After all, to him, no matter how rich the boss was, in his eyes, he was a nonentity.

He was the most powerful man who had been beaten the strongest man of Country M to death. He really didn't care about the young master of a group.

But what really caught his attention was Mr. Leo's core.

The Mr. Leo was not simply lusty. He was actually a great master himself who at least achieved the Major Perfection Realm.

Maybe his level was not far from Half-step God Becoming Level.

That was interesting.

Although Tom himself now achieved Half-step God Becoming Level, and he had seen many masters of Half-step God Becoming Level and even some masters of God Becoming Level, it didn't mean that the masters of Half-step God Becoming Level were everywhere.

In fact, not to mention a master of Half-step God Becoming Level, there were very few masters of Innate Realm.

Someone had counted that the proportion of masters of Innate Realm in society had reached one in a million points, which meant that only one in one million humans could become a

master of Innate Realm.

There were seven billion people in the world, and there were only seven thousand masters of Innate Realm.

The master of Major Perfection Realm was even rarer.

Now that Tom transferred and met a master of Major Perfection Realm, it was quite interesting.

Moreover, this guy was young and looked only in his thirties, which was already considered a genius.

It was a rare thing that a master of Major Perfection Realm was actually the young master of a big group.

Tom also clearly found that when Mr.

Leo saw Clarissa, his eyes clearly flashed with covetousness and greed, which meant that he considered Clarissa as his prey.

No wonder her ophryon was so dark. It turned out that she was really in big trouble.

It was conceivable that if he didn't happen to return home today, and he happened to take this flight, he wouldn't have met Clarissa, and she would definitely fell into the living hell.

This was the fate.

It seemed that his fate with Clarissa was not over yet.

Tom smiled bitterly but did not act rashly immediately. He planned to

observe for a while more to see how Mr. Leo would make things difficult for her.

When she saw Mr. Leo, nervousness and fear flashed across in her eyes. But there was no way out for her in this situation.

This was a task assigned to her by the company. If she didn't please Mr. Leo and broke the deal, then according to the contract, she would have to pay a lot of money!

And now she didn't have much money at all. If she compensated, then she would be over.

So no matter how unhappy she was, she could only grit her teeth and get on

with it. She hoped that Mr. Leo was not a barbarian who would not forcefully own her!

Sometimes when a woman was helpless, she was really helpless. Once again, she remembered the great figure. If Tom was here, he would definitely be able to protect her, right?

Unfortunately, this was just her imagination and her wishful thinking. In the past year, she had thought of this countless times, but Tom never appeared.

Now in a foreign country, it was even more impossible for Tom to appear.

"Why are you still standing there? Hurry up and welcome Mr. Leo." Hua

saw that she was still in a daze. She pushed her with tough love and strode up to him.

Clarissa could only continue to squeeze out a smile and follow Hua towards Mr. Leo.

"Oh, Mr. Leo, you're finally here! I've heard a lot about you. You are indeed a magnificent man. We've admired you for a long time. Clarissa just told me that she wanted to see you, but she was very nervous. She was afraid that she was dumb and offended you."

Hua's eloquence was very good. When she met Mr. Leo, she was flattered, which made him pleased. "Haha, you are joking. I really admire Miss Clarissa. To be honest, I've always been

a fan of her. I have dreamed to see Miss Clarissa for a long time. Hahaha."

Hearing his words, Hua's nervous mood immediately relaxed a lot.

Then, Mr. Leo looked at Clarissa's face and saw that she was still wearing a mask and sunglasses. He frowned slightly and said with a smile, "I heard that Miss Clarissa is more beautiful than on TV. I wonder if that's the case."

The meaning was obvious, and Hua immediately understood it. She quickly gave Clarissa a wink and her to take off her sunglasses and mask.

Clarissa felt sorrow when she saw Mr. Leo's feverish eyes. She thought she had become a prostitute, trying to

please the customers.

However, in this situation, she had no choice but to obediently take off her sunglasses and mask.

Sure enough, when he saw her real appearance, his pupils immediately constricted, showing an expression of appreciation and covetousness. He stared straight at her which showed that he was about to swallow her!

Tom who was not far from also saw Clarissa's appearance. He had to admit that she was still very beautiful, especially with a unique temperament. She looked very feminine and was full of temptation.

Clarissa felt uncomfortable that she

was being stared at like this, but she had to squeeze out a smile.

But her smile looked forced. After Mr. Leo saw it, he was unhappy and said in a low voice, "Does Miss Clarissa not want to see me? Why is your smile so stiff?"

Hua immediately explained, "No, no! Mr. Leo, you misunderstood. Clarissa, she had been running around for activities all this time, so she didn't rest well. She was very happy to see you! In order to cooperate with you this time, she did a lot of preparation and was especially grateful!"

Hua deliberately emphasized the word "grateful," which made the meaning self-evident.

Hearing this, he immediately smiled evilly and began to look up and down at Clarissa's figure without concealing it.

Chapter 1063

"Really? I'm looking forward to it."

He said it with an obscene expression, fixing his eyes on Clarissa.

Any adult knew what he meant by saying that.

It was obvious what his intention was.

It happened a lot around her. But Clarissa had worked in the entertainment industry for so long, relying on her talent and hard work. Such things had never happened to her since she made the first public appearance.

Now that her career was going downhill, she had to accept the hidden

rules, which frustrated her.

However, at this time, she couldn't say no to it.

The way Mr. Leo looked at her made her feel very uncomfortable as if he was going to see through her.

At this time, Tom, a homely man who was full of charm crossed her mind. He never looked at her like that.

Unfortunately, such an outstanding man did not belong to her...

There were so many men she had met, most of whom came for her looks and fame, and very few like Tom.

Now, faced with Mr. Leo's coercion, she had no choice but to squeeze out a

smile.

Next, Clarissa's team followed Mr. Leo's group and left the airport. They were going to eat at a nearby restaurant.

Tom followed them after a moment of thought.

By this time, he had confirmed that Clarissa was definitely in trouble, and she would be in trouble if he turned a deaf ear to her.

If this really happened, Clarissa might do anything silly.

In any case, Tom couldn't let that happen.

He followed them all the way and

found that they had indeed gone to eat.

They went to a big hotel nearby and booked a private room.

Tom watched them enter the room. Instead of going in immediately, he booked a room next to theirs after thinking for a while.

"Come on, Miss Clarissa, let me make a toast!"

Mr. Leo made a toast to Clarissa. There was a wicked smile lingering on his face, which was scary.

Clarissa looked a little embarrassed and said apologetically, "Mr. Leo, I'm sorry. I'm allergic to alcohol. Why don't I substitute wine with tea?"

Mr. Leo's face darkened and he said sullenly, "Allergic to alcohol? Clarissa, aren't you rejecting me? I heard that you have a lot of social contact with big bosses!"

Moody as he was, he grew sullen in an instant. Moreover, he was Innate Realm Major Perfection Realm, and his aura was overwhelming. How could a weak woman like Clarissa be able to resist?

Suddenly, Clarissa trembled violently and she was in awe.

Hua and the others were frightened. She said quickly, "Hey, Mr. Leo, don't be angry. Clarissa is just joking with you. She's not allergic to alcohol. She can

drink a little."

Then Hua winked at Clarissa and said, "Clarissa, Mr. Leo is a big shot. You're lucky that he offered to toast. Hurry up!"

Clarissa felt very aggrieved. She was indeed a little allergic to alcohol, and she didn't have much tolerance for it.

She was clear that Hua was in a hurry to making money by sending her to Mr. Leo's bed!

If it had been in the past, she would have left long ago.

Now that her career was on the wane and she was bound by contract, she would have to pay a huge sum of money if she failed to please Mr. Leo

this time.

However, because of her parents' illness, a lot of savings have been spent on treating her parents over the past few days. If she breached the contract to compensate, then her family would be ruined!

In other words, she had no way back now.

She could only grit her teeth and held back the grievances. She forced out a smile again, raised her glass, and clinked it with Mr. Leo. "Mr. Leo, thank you for your hospitality."

Only then did Mr. Leo smile and say, "That's right. I'm looking forward to your performance in bed."

What he said was barefaced, and Clarissa trembled again after hearing his words. Fear and fluster grew and overtook her. Her eyes were a little red. When she thought that she was going to have sex with Mr. Leo like a prostitute, she felt that she was too filthy!

Clarissa had no choice but to pretend not to hear. After finishing the wine in one gulp, she ate the dishes with her head hanging.

However, Mr. Leo did not intend to let her go. He kept filling her glass with wines, told blue jokes, and took liberties with her. Clarissa's face turned red with embarrassment.

His eyes were fixed on Clarissa and he

couldn't help swallowing hard.

He didn't lie before. As a big fan of Clarissa, he listened to her songs and watched her movies. The idea of sleeping with her had been haunting him!

For a man, what else could be more fulfilling than being able to sleep with his idol?

When he found out that Clarissa's career was on its wane and investment was needed, he immediately had an idea and contacted Clarissa's company, which was why the dinner was arranged today.

Looking at Clarissa, he couldn't help but sit down beside her and reach out

to grab her hand. "Superstar, I admire you very much. If I'm having a good time today, I promise I will make you a big star and you'll gain much more popularity."

Clarissa was frightened and quickly stepped back, trying to avoid his hand. She shook her head and said, "Mr. Leo, please show respect! I'm not that kind of person!"

Hearing this, Mr. Leo put on a long face as the corner of his mouth twitched. "You bitch, you're here. Knock it off!"

Seeing that Mr. Leo was angry, Hua immediately panicked and scolded, "Clarissa! What are you doing? Mr. Leo is willing to spend a lot of money on you. Don't be ungrateful!"

Chapter 1064

Clarissa felt wronged, with tears rolling in her eyes.

But she had no choice but to compromise.

Hua whispered to her, "You should think twice about your current situation! You're no longer the superstar you used to be. You're a has-been, okay? Your arrogance and your bad temper have offended too many big shots of domestic entertainment industry. They're all ganging up to shut you out! Mr. Leo is the only chance for you to stage a comeback. As long as you please him, he may come back to the country and help you!"

Seeing that Clarissa still looked very aggrieved with her eyes red from crying, Hua said in a tender tone, "Even if you don't think for yourself, what about your family! It'll be a breach of contract if you say no. By then, how will you afford such a high compensation? Are you going to ruin your family?!"

Clarissa clenched her teeth. Every word of Hua was like a bomb, exploding her heart again and again. She collapsed again.

She was coming to terms with it. She was no longer the big star. Without the protection of Tom, the president of ZQ Media, she could not make her way in the entertainment industry at all. Mr. Leo was her only chance to come back!

Looking up at Mr. Leo's sneer, she chose to give in...

However, the man's figure was so clear in her mind, and she was deeply painful at the thought of him.

She closed her eyes, took a deep breath, and made a decision.

This was her fate. She had no right to resist or disobey.

At the same time, she also made up her mind to work hard for money and to cure her parents. She would end her life after saving enough money for her family.

However, she felt much better after making this decision. And finally, a smile appeared on her face, though she

looked so pale as if it was her last moment.

Her soul would have been died after tonight, and nothing would be left but her body.

"Okay, I got it."

Clarissa nodded dully, forced a smile at Mr. Leo and said, "Mr. Leo, it was my fault. Please don't take offense."

Seeing her change, Mr. Leo smiled and nodded. "There you are! Miss Brown, I'm really your big fan. We will find a room and have a good talk after dinner. I'm desperate to talk with you," said Mr. Leo with a meaningful smile.

He was staring Clarissa up and down. When he fixed her eyes on Clarissa's

Realm, he got his way in everything. At his age, he had never met anyone who could match him.

He clearly had no qualms about taking liberties with a celebrity. He had no idea about the man behind Clarissa, whom he could not offend at all.

He couldn't wait to sleep with Clarissa after this meal. He said, "Miss Brown, since we're full, let's go to the room and have a good talk. I have much to say!"

"Okay..."

Clarissa nodded again in a daze. Now she seemed to be a walking dead.

The others also looked at them with meaningful eyes, knowing that Mr. Leo would definitely have a good time after

breast and graceful figure, his eyes lit up with scaring desire.

Clarissa nodded with no strength of resisting.

Then Mr. Leo was not in a hurry to take liberties with Clarissa as he was about to achieve his goal.

Looking at Clarissa like this, he couldn't help being amazed by everything about her, her figure,

temperament and appearance.

To be honest, he had played around with many celebrities, but none of them could rival Clarissa.

As a martial artist, the Major Perfection Realm realm of the Innate

a while.

Hua also smiled with relief. As long as Clarissa compromised, she would have completed her task and got a bunch of money!

As for Clarissa, she was just a puppy for her to make money. She didn't care about her at all.

What she need to do now was to leave the only luxurious room to Mr. Leo and Clarissa, so that they could have a good time.

"Mr. Leo, then we'll leave. I hope you and Clarissa would have a good time!"

Hua said with a smile.

Mr. Leo laughed and said, "Well go

ahead."

Then they opened the door of the box, only to see a man standing at the door.

He looked a little sallow, but he was very slender and average-looking.

"Who are you? Why are you blocking our door? Get out of here!"

A big man immediately snapped.

The man was, undoubtedly, Tom.

Tom, as usual, remained expressionless. He said directly, "You want to leave? I'm afraid it's not that easy."

"You are dead!"

The big guy aimed a punch at Tom's face, without a word.

As a martial artist at the Master Realm, he could punch very quickly.

However, he was no different from a humble ant in front of Tom.

Tom didn't dodge at all. He raised his hand, grabbed his fist, and squeezed it a little harder.

Then there was the sound of a broken bone!

This man's fist was crushed by Tom!

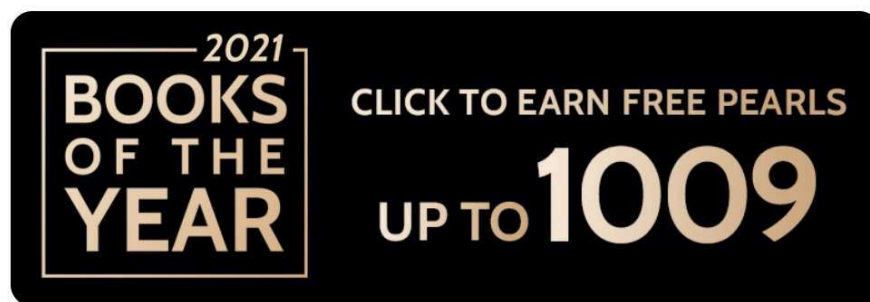

The fist was turned into a strange shape.

It was a real crush, not just broken.

The intense hurt made the big man utter a heartrending cry, "Ah!!!"

His cry immediately scared everyone in the room, including the customers outside.

Mr. Leo frowned. He looked over only to see a stranger, so he had no idea about Tom's real strength. He was irritated at Tom's popping out as he spoiled his whim!

Chapter 1065

Originally, Mr. Leo didn't pay much attention to such a small disturbance, because he was the top expert of the Major Perfection Realm. Just now, he had observed Tom and found that he was just an ordinary martial artist, not on the same level as him at all.

He wouldn't put his attention on such an ordinary person.

At first, he just wanted to beat Tom up and break his hands and feet. But now, he wanted to kill him and ordered directly, "All of you, beat him to death and throw him to feed the shark."

"Yes! Mr. Leo!"

When the men heard his order, they all raised ferocious smiles. They looked at Tom as if they were looking at a dead man.

They all worked for Mr. Leo, not his bodyguards. Because Mr. Leo didn't need them to protect him at all. On the contrary, their Kungfu was all instructed by Mr. Leo. Even a Innate Realm master wasn't their match if they struck the attack together!

They did not believe that the man in front of them would be a master of Innate Realm.

Since Mr. Leo had ordered, they had nothing to worry about. They just killed him directly. They had done this kind of thing a lot. If they weren't

happy to see someone, they would just kill him directly. With Mr. Leo's background, they could easily escape punishment.

As for Hua and the others, when they saw this scene, they were both frightened and a little excited.

They knew that Mr. Leo was very powerful and had a strong background, but it was still a big impact for them to see someone get killing in public!

Clarissa was also shocked by the sudden rescue of this strange man in front of her. She quickly recognized him. "Wasn't he the man she had just mistaken for someone else?"

"Why could he be here?"

"Was it a coincidence, or did he come to save me specifically?"

However, Clarissa clearly did not know him, which made her very confused. At the same time, she opened his eyes wide and stared at him. However, no matter how long she looked at him, she still could not see any similarity between this man and Tom!

Apart from his body shape, the man in front of her and Tom were completely two people.

These men immediately surrounded Tom with a grim smile. "Boy, do you know who Mr. Leo is in the area? How dare you offend him? You're dead!"

After saying this, they immediately started to attack.

It had to be said that they had some capabilities. Although they were not in the Innate Realm, their foundation of martial arts was relatively solid. With so many people teaming together, even the people in the second stage of the Innate Realm might not be their match.

Unfortunately, their opponent was Tom, a powerful man who even Adam was no match for. Their behavior was completely like an egg hitting a stone, vulnerable to his one single blow.

Mr. Leo thought that Tom would die, and was very confident in the strength of his men. Together, they could crush Tom.

So instead of looking at Tom, he turned around and squeezed out a lewd smile again. He said to Clarissa, "Miss Brown, let's go back to the room and have a good conversation. I have a 'big treasure'. I can't wait to show you. Hehe."

Listening to these obscene words, Clarissa felt very disgusted, but she had no choice but to obey helplessly.

But before they walked far, they heard a banging collision, followed by screams and frightened cries from Hua and the others. Clarissa immediately turned around subconsciously and saw that these men, who had just been invincible, were all lying on the ground and unable to move.

There were even two hanging on the ceiling fans. The scene looked very shocking.

"Boy, aren't you ashamed that you? A master of Major Perfection Realm, actually bullied a woman?"

After dealing with these men, the strange man patted his sleeves and walked in slowly with a lazy smile on his face, as if he had just done something insignificant.

When Mr. Leo heard this, his face darkened and his gaze became sharp. He stopped and stared at Tom. A huge momentum emanated from him!

He actually misjudged Tom. He knew that he was an expert at the Major

Perfection Realm. To be honest, when Tom said this, he was really shocked!

Because he had a unique skill, he could cover his breath very well. Even if he met the masters of the same level, they couldn't tell his real strength!

This was also the reason why he dared to be so unscrupulous. With the strength of Major Perfection Realm, he could do anything in this world. Only the strong of the God Becoming Level could defeat him! However, God Becoming Level experts were all legends of monsters, immortals! In the whole world, there were not many of them, how could they target him?

But now, confronting this man who came from nowhere, not only did his

strength was clear to this man, but the most terrifying thing was that he could not see the strength of this man!

"Could it be that this man was a God Becoming Level expert?!"

As soon as this idea came out, he immediately perished it, because it was impossible!

God Becoming Level experts were all immortals. How could they be so bored to meddle with these things? And Tom looked too young to be a God Becoming Level expert.

Tom walked in with a smile on his face and looked at Mr. Leo with a playful look.

At the same time, he looked at Clarissa

a little and found that Clarissa was safe and did not suffer any harm. He was relieved.

In fact, he could have shown up earlier, but Amelia called him and asked him where he was. They chatted for a while and delayed for a while. When he hung up the phone, he rushed over immediately.

Clarissa looked at Tom as well. She noticed that her gaze was not as disgusted as the other men. Instead, the eyes of this strange man gave her a very familiar feeling!

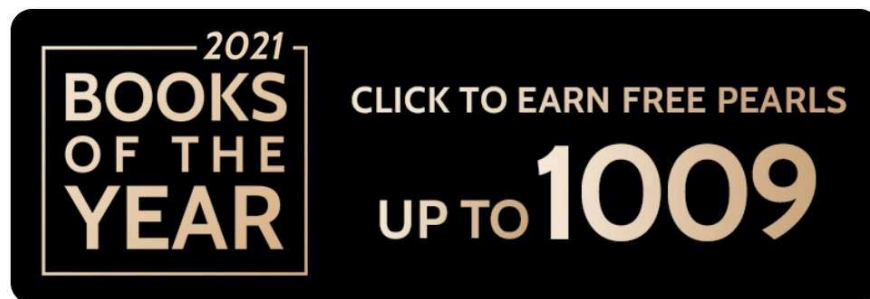

It seemed like she had met him somewhere!

However, she racked her brain and did

not remember when she had met him.

Mr. Leo said in a deep voice, "Who are you and why do you provoke me?"

When he said this, his tone was interrogative and full of authority. It reverberated in the private room, which was especially shocking. To Hua and the others, their hearts were pounding with fear, and they could barely stand firm. They breathed heavily due to the dread.

Chapter 1066

Of course, it was useless to Tom.

He was someone who could even kill even a Great Satan like Adam, let alone an expert at the Major Perfection Realm of the Innate Realm.

Moreover, he also found something interesting through the aura of the other party.

This man named Mr. Leo, who had the aura of the Clan World, did not seem to be a person in the secular world!

That was interesting!

Tom did not answer his question, but said with interest, "Which Clan are you from?"

When Mr. Leo heard this, his pupils suddenly constricted!

This was his biggest secret because he really came from the Clan World. Over the years, he had been hiding in the secular world and there were very few people who knew his real identity.

But now, a nobody laid bare the secret of his identity, so he was very shocked and even flustered.

However, he was mentally strong. It was only in one breath that he calmed himself. Even if the other party knew that he was from the Clan, he could not admit it.

However, his murderous intent on Tom became even more intense. Just now,

Tom had only ruined his things and cast a chill over him. But now, since Tom had discovered his real identity, he must not let Tom leave this place!

"I don't know what you're talking about." He shook his head and denied it. At the same time, he let go of Clarissa and stared at Tom, saying, "It doesn't interest me who you are, but you are doomed since you dared to ruin my things!"

Then he looked up and said to Tom in an extremely arrogant manner, "Kneel down to me, and I'll leave your whole body!"

Seeing this, Clarissa immediately became anxious. She bit her lip and said to Mr. Leo, "Mr. Leo, I don't know

him. He's innocent. Let him go. I'm willing to agree to all your demands!"

Hearing Clarissa's words, Tom was stunned for a moment. He couldn't help but touch his face. Did Clarissa recognize him?

It was impossible. His features had changed a lot and even his outline had completely changed. How could Clarissa recognize him?

Mr. Leo's face darkened even more. He snorted and said, "It turns out that he's here to save you. I was wondering who had the guts to do that. Very well, no woman I like has ever escaped!!"

Then he yelled at Tom, "Kneel down!"

Tom ignored Mr. Leo and said to

Clarissa, "Miss Brown, I'm also a fan of you. Let me ask you now, do you really want to ruin yourself for your career?"

Facing Tom's question, Clarissa bit her lips in pain and said with a bitter smile, "It's not up to me."

Tom said, "With me here, as long as you don't want to, no one can force you."

When Clarissa heard Tom's words, she was stunned again. She looked into Tom's deep eyes. Then she shook her head and followed her heart. "No, I don't want to..."

She was going to say that she had a crush on someone, but she bit her words back since it was obviously unnecessary to say it under such

circumstances.

Tom smiled and said, "As you wish, with me here, no one can force you, including this man."

When Mr. Leo heard this, he was already furious. As a master at the Major Perfection Realm of the Innate Realm, he was only in his early thirties this year. He was extremely talented and had never be bullied like this.

Of course he couldn't stand it.

He snorted coldly and did not endure any longer. He immediately gave Tom a fatal blow. "You are risking your neck! How dare you, a nobody, be presumptuous in front of me?!"

His speed was extremely fast and he

had a terrifying aura. When he attacked, it was like the end of the world for everyone in the box, and they all had a blackout.

They felt that they had seen the end of the world, which made them stunned and not dare to move at all.

Almost in an instant, Mr. Leo's fist reached Tom's face.

It had to be said that Mr. Leo was quite powerful. He was above average in Major Perfection Realm of the Innate Realm.

If it was someone else, they wouldn't have been able to withstand Mr. Leo's move and would have been seriously injured.

The consequence of serious injury was death.

However, for Tom, Mr. Leo was no match for him at all. The strength gap between them was too wide.

Facing Mr. Leo's attack, Tom remained calm. He always wore a faint smile. When Mr. Leo was about to punch him, he stretched out his right hand with five fingers spread out, as he had done to the first man, to catch Mr. Leo's fist.

When Mr. Leo saw his action, he grew more complacent, thinking that Tom was risking his neck. No one had ever dared to hold his fist with a bare hand.

He had come up with a series of movements that would definitely beat

Tom to death!

However, what happened next was far beyond his expectation.

When his fist landed on Tom's palm, his force, which was so tremendous that it could blow up a truck, was completely dissolved.

In an instant, Mr. Leo's eyes widened and he showed an incredulous expression. He blurted out, "That's impossible!"

Tom smiled and said, "You are talented. At a young age, you have reached the Major Perfection Realm of the Innate Realm. It seems that people of Clan World are generally stronger than those of the Country World."

Mr. Leo only felt his comment was a great humiliation!

It would be better if Tom was older than him, but the problem was that Tom was obviously younger than him. What Tom said was a great shame for him!

When he saw that Tom did not fight back and didn't take him seriously, he was even angrier. He withdrew his fists and continued his fierce attack on Tom.

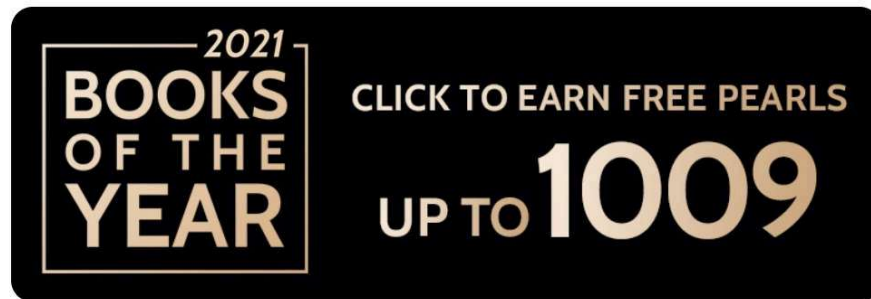

Tom never fought back and was just playing cat and mouse.

The more Mr. Leo fought, the more frightened he became. Tom was far more powerful than he had ever imagined. He was a master at the

Major Perfection Realm of the Innate Realm, but he was actually played by the other party like this!

He immediately wanted to run away.

"Want to run? Impossible."

Chapter 1067

Mr. Leo's speed was already very fast. Almost in an instant, he had already reached the window and was about to jump out of it.

Although it was more than a dozen floors high, it wasn't dangerous to a Major Perfection Realm expert in Innate Realm like Mr. Leo.

Now that he was certain that he was no match for Tom at all. His strength was shabby in front of Tom, and he could only be teased by him.

He had never seen such a thing before. He was already beginning to fear in his heart. He had completely given up resistance, and only had one thought

that was to run, to use all his abilities to escape.

However, no matter how fast he was, he couldn't escape in front of Tom.

What kind of strength did Tom have now? If he let a guy in the level of Major Perfection Realm in the Innate Realm run away, he might as well kill himself with a piece of tofu.

So Tom just smiled calmly and then started to move. One couldn't see exactly how he ran. It was only a moment before he reached behind Mr. Leo. Then he reached out his right hand and grabbed Mr. Leo's neck directly. With a twist and a crack, Mr. Leo's neck was dislocated by him.

At the same time, Mr. Leo's body, which was originally running at high speed, also stopped. Then Tom grabbed him back like a chicken and threw him behind.

This made Mr. Leo even more shocked.

He had been so fast just now that he still could not escape Tom. Moreover, his neck was dislocated now. Although the injury was not serious and he could recover soon, he did not dare to resist, because he had realized that he had really run into a tough nut this time!

Tom came back, looked down at him and said, "I don't have much patience. If you dare to do this to me again, I will really break your neck."

Gulp!

When Mr. Leo heard this, he swallowed heavily, because he also felt that Tom was not joking!

If he still dared to act rashly, Tom would definitely kill him.

For a moment, he did not dare to act rashly. He nodded quickly and said, "Sir, I no longer dare to resist. Please forgive me and let me go!"

Now the private room was silent, and everyone widened their eyes and looked at the scene in disbelief.

Mr. Leo's men, in particular, couldn't believe it when they saw Mr. Leo being defeated so easily!

Because they knew very well how terrifying their boss was. He was in the level of Major Perfection Realm of the Innate Realm. There were barely no masters in the world who could be a match for their boss.

But now he was so easily defeated and couldn't fight back at all, this scene was too shocking for them.

Hua and others were also shocked.

They also saw the fight between Mr. Leo and Tom just now. The power that erupted had almost shaken the entire hotel as if it was about to collapse at any time. This was completely beyond their understanding. They even thought that they were immortals. They were all scared. How dare they

talk too much?!

Waves of shock were also stirred up in Clarissa's heart!

Seeing what happened just now, she felt even more that the man in front of her looked very familiar, especially his posture, his aptitude, and his tone of speech, were all so similar to the man she had been thinking about day and night!

So she looked straight at the man in front of her, as if she had ignored everything in the world. Now, she only had the man in front of her in her eyes.

Tom felt Clarissa's eyes and he was speechless. How could he not realize that he was recognized by Clarissa? It

seemed that Clarissa really missed him in a maddening way.

Tom said directly to Mr. Leo, "I'm her back from now on. You can't harm her in the future."

Of course Mr. Leo didn't dare to disobey him. He quickly nodded like a chicken pecking at rice. "Yes, yes, yes, from now on, I will definitely not attack her again! This time it's my fault. Please forgive me, sir. Please let me go!"

Tom nodded. In fact, he didn't want to kill people like Mr. Leo. After all, he appeared in time, and Clarissa was not defiled by Mr. Leo.

However, Tom now found out that Mr.

Leo was most likely from the Clan World, and his martial skills were so strong, so there must be some shameful secrets of him.

"Tell me, which sect are you from and why are you hiding in the secular world?" Tom said directly without circumbendibus.

When Mr. Leo heard this, he fell silent and did not answer immediately. There was also some struggle in his eyes.

However, his struggling look quickly disappeared. He looked up again, puzzled, and said, "Sir, I don't know what you're talking about. I'm just myself. What sect and secular world are you talking about?"

Tom narrowed his eyes slightly and said with a smile, "Humph, you don't have to lie to me. I've run into a lot of people from your sect. Now that you're hiding in the secular world and pretending to be a playboy, do you think I'll believe you that you're innocent?"

When Tom said this, his tone was very calm at first, and even a little joking. But when Mr. Leo thought about it, he knew it was full of threats and murderous intent. If he didn't tell the truth, then Tom would really punish him!

He looked up and looked at Tom in horror.

He was convinced that the young man

in front of him was definitely a God Becoming Level expert!

However, he had been hiding in the secular world for a while and had never heard of such a young God Becoming Level expert in the secular world!

As for others in the room, after hearing Tom's words, they all felt puzzled. They didn't know what was going on. What were the sect and secular world that Tom talked about? Was this filming?

"Humph, you still won't say it? Do you have to force me to do something to you?"

Tom sat in front of Mr. Leo wildly, playing with a wine glass. His eyes were full of playfulness and teasing.

This made Mr. Leo in a dilemma.

However, at this moment, Clarissa, who had been silent, suddenly said, "Tom, is that you? It must be you!"

Chapter 1068

Hearing this, Tom was stunned.

Then, Clarissa walked quickly to Tom, standing face to face with him. Her misty eyes showed great concern. At the same time, she looked very determined. She was sure that the man in front of her was Tom.

Hearing this, Mr. Leo, who was kneeling on the ground, suddenly widened his eyes with constricted pupils.

He blurted out, "Tom? You're Tom, the superhero who killed Adam a few days ago!"

Mr. Leo said this excitedly in shock!

Yes, he was sure that the man in front of him must be Tom. Only the superhero was able to make a fool of him so that he could not resist.

After all, he was the superhero in the world. Even Adam, the First Rank Summit Great Satan of God Becoming Level, had been defeated by him.

Besides, Tom was about the same age as the person in front of him, so he must be Tom.

Other people also widened their eyes when they heard this.

Especially for Hua and others, Tom's name was not strange. They were in the entertainment industry. Of course they knew about Tom.

He was a legend in the business circle of H Country. As the chairman of the ZQ Media, he had developed it to the industry leader in H Country.

Needless to say, Tom was also the chairman of the Howard Group, a giant company.

At this moment, they were all excited. If Clarissa could take advantage of Tom, it would be much better than be with Mr. Leo.

After watching Tom and Mr. Leo fight against each other, it was obvious that Tom had surpassed Mr. Leo in all aspects.

Clarissa's eyes turned redder. She stared at Tom as if she wanted to see

through Tom.

To be honest, Tom felt a little nervous when he was stared at by her. It was weird that her gaze actually gave him more pressure than Adam's.

He touched his nose and said, "Hi, Miss Brown, long time no see."

However, he couldn't continue his words after saying "hello", because Clarissa had completely lost control of herself and jumped on him and hugged him tightly.

Moreover, she buried her head deeply in his chest and started to cry. She was sobbing, "It's you, it's you! You heartless guy, you finally came to see me after such a long time."

Seeing this scene, everyone in the box was even more surprised and shocked.

They obviously hadn't expected that Clarissa would have an affair with Tom. Mr. Leo became especially nervous. He thought he was screwed up because he almost slept with Tom's woman.

At this moment, he regretted it. If he had known that Clarissa was Tom's woman, he wouldn't have dared to do anything to her.

Now he was really panicked and even scared. He was calm to lose to Tom just now, but now he couldn't calm down.

Seeing Tom holding Clarissa, his brain was spinning in high gear, "Should I take this opportunity to escape?"

Perhaps, Tom, who was hugged by Clarissa, could not chase after him immediately. He had a chance of survival.

However, just as he came up with this idea, he looked up and met Tom's eyes. Immediately, he saw the playfulness in Tom's eyes. It was obvious that Tom had seen him through, and there was also a hint of mockery in his eyes. As long as he dared to escape, Tom would definitely kill him.

His body trembled violently, and he quickly lowered his head, not daring to look at Tom's eyes.

It was not a joke. If he dared to run away, Tom would definitely catch up with him again.

Clarissa's team knew his identity. He couldn't escape unless he intended to give up his identity in the secular world.

After some consideration, he gave up on this idea and knelt honestly, waiting for Tom to deal with him.

Seeing that, Tom nodded with satisfaction. It seemed that Mr. Leo was rational so that he did not run away.

Otherwise, when he caught Mr. Leo, he would not be nice to him. He would abolish his martial arts at least.

Although he was hugged by Clarissa and had difficulty moving, Mr. Leo could not run away because he

surpassed Mr. Leo both physically and mentally.

Now, he was not distracted any more and immediately felt that he was held very tightly by Clarissa, which made him embarrassed.

And there were so many people in the box now, so he felt awkward.

He cleared his throat and said, "Miss Brown, it's me. Can you let me go first?"

However, Clarissa shook her head and said excitedly, "No! I won't! I'll let you go, or you're leaving soon! Why did you disappear? Do you know how much I miss you? I miss you so much."

Tom was even more embarrassed.

What was the hell? He and Clarissa were just friends. What she did made him look like an asshole who had dumped her.

However, for Hua and the others, this result was not worth it.

This was Tom, a legendary figure of H Country. With Tom's protection, Clarissa would definitely rise.

As Clarissa's team, they could definitely benefit from this.

However, they did not expect that they did not treat Clarissa well and joined forces with the company to trick Clarissa, forcing her to sign the contract of sale, and personally pushed Clarissa to Mr. Leo. They should thank

god if Clarissa didn't settle the score with them.

Clarissa was excited and full of resentment this time. She hugged Tom tightly as if she had exerted all her strength, afraid that once she let go, Tom would leave her like before, and she would live a life of endless yearning again.

Before, she maintained her reserved attitude towards Tom. After all, she knew that Tom was married, but now, she would no longer be reserved. Even if she became Tom's secret lover, as long as she could see Tom, kept in touch with Tom, and heard Tom's voice from time to time, she would be satisfied.

Chapter 1069

Tom sighed. He felt even more helpless now.

"Why would so many women have a crush on me?!"

"It bothered me very much."

The number of women that had fallen for him almost reached ten.

But he was not going to love them all. They had become a problem for him.

Fortunately, no one knew what he was thinking. Otherwise, they would definitely hate him. Many men couldn't be able to get a wife in their lifetime, but he was surrounded by all kinds of beautiful women, and many men

envied him.

But to him, it became a worry.

Now this situation was a little awkward. Fortunately, Mr. Leo broke the awkward atmosphere. "Senior! So you are senior Tom! I am your fan! I watched the whole battle between you and Adam. I'm sorry I just recognized you! Please forgive my rudeness. I swear, I never touched Clarissa, or I would die a horrible way..."

Mr. Leo was now pleading for mercy. Ever since he knew Tom's identity, he had completely given up resisting. Because Tom was the super pride in the secular world. Even Adam was no match for him. These days, he had been very popular.

He, as a spy in the secular world, naturally knew Tom.

But what he didn't expect was that Tom could even do a facelift. He didn't even know it before!

When others saw him being so respectful and even fearful, they became more aware that Tom was not someone they could offend, but an absolute big shot.

Tom nodded. He didn't have much intention of killing Mr. Leo. "Let me ask you one last question. What clan are you from?"

This time, Mr. Leo knew that if he was still keeping it secret, then Tom would definitely not be easy on him.

Originally, he wanted to lie, but soon, he saw the danger in Tom's eyes, and he dismissed the idea.

In front of Tom, he didn't seem to have any secrets. As long as he really dared to lie, then he was sure that Tom would teach him a lesson. For his own safety, he chose to confess.

"Senior, to be honest, I'm from the West Sect, Sky Reaching Sect." Mr. Leo said honestly.

When Tom heard this, he was a little surprised. The Sky Reaching Sect was one of the Four Major Sects.

"What are you doing here?" He continued to ask.

Mr. Leo smiled bitterly and said, "Senior, I just want to live a secular life and come over to experience it. Isn't that illegal?"

When the crowd heard his words, they were all very confused. They had never heard of Sky Reaching Sect or secular words before.

Why did they feel like it was from a movie?

Tom stared at him and said, "I'll give you one last chance to think it through before answering."

When Mr. Leo heard this, his expression changed!

He was seen through by Tom and hesitated a little. He smiled bitterly

again and said, "It looks like I can't hide it from you. Actually, I came to the secular world to collect information."

"I knew it!"

Tom's heart skipped a beat. He gleaned that he was up to something.

He remained calm and continued to ask, "What information are you collecting?"

Mr. Leo said, "About learning the concept of the secular world. I don't know what the specific intention is when they assigned this mission to me."

Tom said with a fake smile, "I guess, you collect information and feed it back to your sect to prepare for the invasion of

the secular world in the future, right?"

His words were very flat, but it was a groundbreaking shock when Mr. Leo heard it. He blurted out, "How did you know?!"

As soon as he finished saying this, he realized that he had spilled the beans. His expression changed and he quickly explained, "No, it's not like that. Senior, you have been worrying too much. For so many years, our sect and the secular world have been getting along very well. How can we invade here when we never offend each other?"

His reaction was quick, and soon his expression changed, and he covered his emotion up well. But how could he fool Tom?

Immediately, Tom narrowed his eyes. "Sure enough, my hunch is right. Your Clan World is indeed coveting the secular world. You have already begun to hide your splendor and prepare to invade the secular world!"

Mr. Leo was so flurried that he could no longer be natural. He still said, "Senior, you worry too much. There is no such thing!"

When the others heard this, although they could not understand it, there was an unspeakable panic coating them, because people were always very sensitive to words like 'invasion'.

Mr. Leo was doing little trick which he put his hand in his trouser pocket. He

obviously wanted to call for help, or to inform his accomplices.

But this little action of his was immediately discovered by Tom.

"It seems that you still want to inform someone. I didn't intend to kill you, but now it seems that you must die." Tom said faintly.

Mr. Leo's expression immediately changed and he ran without any hesitation. This time, he no longer rushed towards the window, but the door!

As long as he rushed into the crowd, he didn't think that Tom could catch him!

Unfortunately, his idea was very good, but in front of Tom, he looked so

vulnerable.

Tom held Clarissa with one hand and picked her up. At the same time, he chased after Mr. Leo. When Mr. Leo had just reached the door, he was caught by Tom again.

At this moment, Mr. Leo felt the smell of death. "Senior, don't kill..."

He shouted out, but unfortunately, before he could finish, Tom killed him.

With a crack, his neck was completely broken, and the body lost its support and collapsed on the ground, but he did not die immediately, because his life force was very strong.

He stared fixedly at Tom, his eyes full of unwillingness and regret. If he had

vulnerable.

Tom held Clarissa with one hand and picked her up. At the same time, he chased after Mr. Leo. When Mr. Leo had just reached the door, he was caught by Tom again.

At this moment, Mr. Leo felt the smell of death. "Senior, don't kill..."

He shouted out, but unfortunately, before he could finish, Tom killed him.

With a crack, his neck was completely broken, and the body lost its support and collapsed on the ground, but he did not die immediately, because his life force was very strong.

He stared fixedly at Tom, his eyes full of unwillingness and regret. If he had

known, he would never ever have coveted Clarissa, which cost his life now!

There was a sudden silence in the private room. They all saw it with their own eyes. After struggling for a while, Mr. Leo was completely out of breath and his eyes began to lose focus.

Mr. Leo is dead!

For everyone, it was a terrible thing, especially for Hua and others, it was even more terrifying.

They looked at Tom, full of fear, as if they were looking at a devil.

Only Clarissa seemed calm, and her whole mind was on Tom, as if Tom was the only one left in the world.

Chapter 1070

Killing Mr. Leo was so easy for Tom. He patted Clarissa on the shoulder and said, "Okay. You're safe. Let me go."

Clarissa nodded and finally let Tom go. However, she still held Tom's arm and acted coquettishly.

Tom had no choice but to smile bitterly at Clarissa's action, and then said directly to the others, "If you don't want to die, get out."

The rest of Mr. Leo's subordinates felt relieved and ran away as fast as they could.

They ran away so quickly as if they were pardoned by the king of the

death.

Hua came to her senses at this moment. She forced a smile on her face and walked over, and then she said flatteringly to Tom. "So you are the famous chairman of the Howard Group. I've heard a lot about you. It's a blessing for Clarissa to be favored by you."

Facing with Hua's flattery, Tom did not give her a smile. He said directly to Clarissa, "Was she the one who put you in danger?"

When Hua heard this, the smile on her face immediately froze.

Clarissa's first reaction was disgusted and angry. She opened her mouth and

wanted to admit it, but when she was about to say that, she stopped. She knew that Tom was to help her solve Hua!

Seeing her like this, Tom shook his head and said, "You're too weak. You don't even know how to resist when being bullied. Others would only bully those who are with a personality like yours!"

This sentence provoked Clarissa. Indeed, she was too weak. She clearly had helped Hua before, but Hua didn't pay back her. When she was in trouble, Hua even hit her more. If Tom hadn't appeared in time today, she would have lost her virginity!

Looking at Tom's eyes, Clarissa made up her mind and nodded, "Yes! She hit

me when I'm down!"

Hua was even more flustered. She explained in a hurry and was scolded by Tom. Then her face was pale.

Tom continued, "What do you think? Do you want to revenge?"

Facing Tom's encouraging eyes, Clarissa nodded. "Well, I think she deserves the punishment."

"Okay!" Tom nodded. He took out the phone, and called Elliot directly, asking him to ban Hua immediately.

Suddenly, Hua was scared to collapse. She cried badly, pulling Clarissa's thigh to beg for mercy.

After dealing with this matter, Tom

didn't linger there. He called the Military Intelligence 3 directly, simply told them what happened, and asked them to come over to deal with the ending.

It had to be said that H Country was still very strong. Even in other countries, it still had its own power. Soon, someone came over and saluted Tom, and the man quickly dragged Mr. Leo's body away.

They finished it very quickly and smoothly.

After everything was settled, Tom said, "Miss Brown, I have to go back to H Country. I can't stay with you anymore."

Clarissa grabbed Tom in a panic and said, "I want to go back with you too!"

Seeing her like this, Tom sighed and said, "Miss Brown, you know I have a family. Why are you doing this?"

Clarissa shook her head and said, "I don't mind. As long as I can be with you, hear your voice from time to time, and see your trace, that's enough. I'm easy to be satisfied."

Hearing Clarissa's words, Tom suddenly thought of a sentence on the Internet, "If a woman said that she asked very little and didn't want much, the truth would usually be just the opposite."

Tom continued, "As you saw just now, I

am not an ordinary person. I am in danger all year round. Something bad may happen to me one day. If you get too close to me, you will come into the picture."

Clarissa shook her head and said firmly, "I'm not afraid!"

Tom was speechless.

Tom was speechless. It seemed that no matter what he said, Clarissa would not listen to him at this time. So he had better go back first.

This time, Clarissa returned home with Tom. After five hours, the plane finally landed at the airport in H Country.

Although Tom had just left H Country for about three months,

too many things had happened during this period of time. It made him feel as if he had left for a long time. Now that he returned to H Country, there was a feeling of reunion.

Even the air in H Country seemed to be sweeter.

When he came out of the airport, Tom found two familiar figures and they shouted at him. He immediately froze.

These two women were Phoebe and Amelia. They actually came to pick him up!

These two women were so beautiful that even they wore sunglasses, they still attracted countless people's attention. They could compare with

the goddess.

Tom felt happy when he saw the two of them.

No matter how long a man had been wandering outside, there were women waiting at home. This feeling was really good.

But soon, he felt a little awkward because Clarissa came out with him and held his hand intimately!

And Phoebe and Amelia had already seen it. It was really embarrassing.

However, Clarissa had just ignored Phoebe and Amelia, showing a very happy and sweet expression.

Tom coughed twice and whispered to

Clarissa, "Let me go."

Clarissa said reluctantly, "Why?"

Tom said awkwardly, "Because my wife comes to pick me up."

"Ah?!"

Hearing this, Clarissa was shocked and immediately released Tom as if she had been electrocuted. Panic and blush appeared on her face, as if she had done something guilty.

Tom touched his nose. It was awkward. He had the feeling that he and his mistress were caught on the spot when cheating outside.

Especially when he saw the playful expression hidden behind Phoebe's

sunglasses. It made him even more flustered.

Amelia, on the other hand, was looking at him banteringly with a little anger, as if she was jealous, which made Tom even more embarrassed.

He quickened his pace and walked to the two women. He smiled and said, "Hey, Phoebe, Amelia, why are you here? I don't need you to pick me up!"

Amelia said, "Yes, you want us not to pick you up so that we can't see your secret affairs happened in other places."

They said this as if he was an unforgivable scumbag.

However, this kind of thing was really

hard to explain because they really saw the scene just now.

At this moment, Clarissa quickly stood up and said, "Hey, it's nothing about Tom. I'm the one who was shameless and pestering him. If you want to vent your anger, just to me..."
